The Government may provide a sinking fund for the payment of these loans and may grant terminable annuities on terms in accordance with the most approved English tables and based on a rate not exceeding four per cent.; may issue exchequer bills or bonds or treasury bills. The Government may direct that the whole or any portion of the stock of the Province issued or inscribed and forming the whole or part of the public debt of Ontario be inscribed and transferred in a register kept in the United Kingdom, and may take steps to record such inscribed stock or any portion in accordance with the provisions of the Imperial Acts, known as the Colonial Stock Acts of 1877 to 1900. The Government may at any time change the form of debt. The intention was to issue 40-year debentures or inscribed stock at 3 1-2 per cent., although the bill permits the payment of a rate not exceeding four per cent. He thought the credit of the Province was sufficiently good to secure the more favorable rate.

Col. Matheson said the Government intended pressing its claims for a subsidy from the Dominion Government for the Temiskaming Railway, and if successful the cost of the road to the people would be reduced. As he stated the other day the total cost of the road would be about nine million dollars. Figures were given showing the earnings and expenses of the first section of the Temiskaming Railway. In January from the 14th to 31st the earnings were $5,219.17, expenses $4,566.12; February earnings $7,542.65, expenses $6,453.59; March earnings $10,539.15, expenses $6,453.35, making a total earnings of $23,300.97, and expenses $17,473.06, leaving a balance of $5,829.91. The earnings for April were $13,333.78, but he was unable to give a statement of expenditures.

Mr. Harcourt's View.

Mr. Harcourt believed every member of the House would perceive the desirability of preparing for direct securities. He thought, however, the Provincial Treasurer was under a misapprehension on the point of trustee securities. No legislation of that House would of itself make a security a trustee security. It would be necessary for the home Government to amend the Colonial Stocks Act to give Ontario bonds such standing. To obtain this an application would have to be made through the Dominion Government. The language of the resolution Mr. Harcourt considered unnecessarily vague. The Premier assured the House that every step in connection with the loan was carefully considered and correctly taken. Other Provinces were taking similar steps. The difference with Australia was that the Imperial Government had direct control over legislation there through the Lieutenant-Governor.

Hon. Mr. Ross' View.

Hon. Mr. Ross said it would be gratifying if the Imperial Parliament should be moved to place the Ontario securities on the trustee list, but the approval of the Imperial Parliament was necessary. Ontario was happily situated for such an application, as the Province had no debt. He thought, however, that the comprehensive purpose for which the loan was asked would weaken the position of the Government.

Hon. Mr. Matheson—Our advices are directly the other way.

Mr. Ross, continuing, said that the reference to public works being carried on would lead to questions about the finances. What open accounts had they? would be asked. What floating indebtedness was there?

Hon. Mr. Matheson—We have $6,000,000 of it just now.

Mr. Ross replied that those bills were no longer a floating debt, but crystallized. He was speaking in the interest of the Treasury Department. He would not say he had unbounded confidence, but he had a limited, a reasonable, even a generous confidence in the present Government, but what guarantee was there for the future? If he wished to be captious he would make it his strongest point that they were laying the foundation for a great Provincial debt. He wished to know if some revenue could not be obtained from the Railway land grant towards meeting the liability.

Hon. Mr. Matheson said that town lots were being sold.

Mr. Ross hoped that some steps under the old act would be taken to meet a certain portion of the interest or to create a sinking fund. He would like to know if it was proposed to run the road as a Government undertaking. The whole matter was a very large question. He repeated that the clause should be limited in form to show that the money was to be applied to a specific purpose, and that anything the Legislature did would not make the listing of the bonds as trustee securities conclusive.

The resolution was referred to the whole House, along with the bill for the raising of loans.

To Widen Sleigh Runners.

Mr. Tucker's bill to widen sleigh runners was strongly supported by Col. Munro, Mr. Hoyle, C. W. Torrance, Dr. Lewis, Mr. Kidd, Mr. Graham and Major Craig, while Mr. McCoig expressed the opinion that it was promoted by the manufacturers. The Premier observed that there seemed to be a strong feeling throughout the country, and he suggested it be sent to the Municipal Committee.

Mr. Lackner's bill to provide for the repayment of municipal debentures in equal annual instalments was read a second time.

In reply to Mr. Craig, the Minister of Education gave three as the number of Latin text books authorised for use in the high school and collegiate institutes of the Province. The Government was not yet able to state what its policy will be in regard to the multiplication of text books.

A number of private bills were read a first time.

The House got through the order paper at 5.30, and there was no night session.

During the discussion of the estimates relating to the Educational Department, Preston (Brant) asked what steps were being taken for the protection of the adult blind in the Province. He suggested a census be taken of them and that proper trades be taught them at the Brantford institution. At the present time only piano tuning and basket weaving, two trades not much in demand, were being taught.

Hon. Dr. Pyne said the question had already engaged their attention, and the Government would take it up.

In the Railway Committee.

Dr. Smellie (Fort William) vigorously opposed a bill to incorporate the Loch Lomond, and Mount McKay Incline Railway Co., which wants the right to build an incline railway to Loch Lomond, which Fort William depends upon for its future water supply. The bill was finally withdrawn. A bill to provide a steam railway between Penetang and Orillia was passed, and the bills of application from the Bruce Mines and Algoma Railway for an extension and of the Hormina Railway Co. for privileges were reported.

Brakeman Killed.

Owen Sound, May 4.—Wm. McDonald of Palmerston, a brakeman on the Grand Trunk Railway, was fatally injured yesterday morning at Chesley while switching. His foot caught between the rails, and before he could extricate himself a car passed over him.

Wheat Shipments Heavy.

Montreal, May 4.—The season of inland navigation has opened with a very fair amount of Canadian grain on its way to tide-water. The first cargo, consisting of 61,000 bushels of wheat from Fort William, arrived in port yesterday. This will go out on the first steamships leaving for British ports. Grain men estimate that there is now afloat some three-quarters of a million bushels of wheat between Fort William and Montreal.

Escorting Spirits of the Dead.

Tokio, May 4.—A solemn procession, escorting the spirits of the dead soldiers and sailors, opened the enshrining ceremonial at the Shokonsha Temple yesterday.

High officers of the army and navy, a large force of troops, and 1,400 sailors from Yokohama, were present at the ceremonies, which will be practically continuous until next Friday night.

A rich man died the other day. He died in the very midsummer of life, and he left his family $1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. It could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, snatched in intervals of business and by neglect of symptoms which have been warning him a year past, that his stomach was failing in its duties."

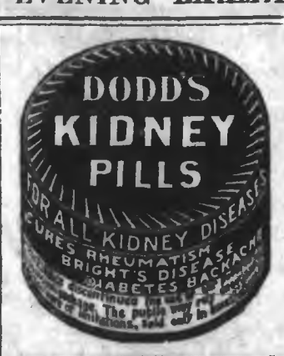
The symptoms of a disordered stomach are, among others, variable appetite, sour risings, heartburn, undue fullness after eating, dull headache, dingy complexion, discolored eye, fluctuations in physical strength, nervousness, sleeplessness dependency. No person will have all these symptoms at once.

The restoration of the stomach to sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite healthful, the sleep restful, the eye bright, the complexion clear.

"Please accept my thanks for the benefit which my child received from your medicine," writes Mrs. W. A. Morgan, of Milton, Ont. "He had been troubled for nearly a year with liver complaint, indigestion and worms. I gave him your 'Golden Medical Discovery' and 'Pleasant Pellets,' and they did him great good. I gave him the 'Discovery' about eight months and several vials of the 'Pellets.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equalled. They're made of purely vegetable extracts, accurately and scientifically combined by a process known to Dr. Pierce alone. They operate on the liver, stomach and bowels in a manner perfectly natural. They're the smallest, easiest to take and most effective. One or two a laxative, three or four a cathartic.



SUFFOCATED TO DEATH.

Coroner's Jury Renders Verdict in Case of James Kirvan.

Brantford, May 5.—The coroner's inquest, held yesterday afternoon, on the death of James Kirvan, who early Tuesday morning was found dead in his burning house, returned a verdict of death by suffocation, the origin of the fire unknown, and attaching blame to no one.

Lizzie Smith, the Collingwood girl who has been living with Kirvan, confessed that she was never married to the deceased. She said she had led her parents to believe that she had been, and claimed that Kirvan had promised to make her his wife later on.

The father of the unfortunate young woman took her home to Collingwood yesterday. She is 19 years of age. Kirvan was 32.

LEAVES PARIS BEHIND.

His Majesty Returning to London—Loubet and Delcasse Saw Him Off.

Paris, May 5.—King Edward left Paris at noon yesterday for London. He was accompanied to the depot by representatives of President Loubet and Foreign Minister Delcasse and many officials. His Majesty bestowed a number of decorations of the Order of Victoria and expressed the great satisfaction which he had experienced from his sojourn in France.

Dr. F. W. Campbell Dead.

Montreal, May 5.—Dr. Francis Wayland Campbell, dean of the medical faculty of Bishops College, and one of the best known medical practitioners in Montreal, died at noon yesterday after an illness extending over several months. Within a year he had been bereaved by the death of two sons, Dr. Rollo Campbell and F. W. Campbell, Jr. The deceased was in his 67th year, and leaves a wife and daughter.

Fatal Hotel Fire.

Duluth, Minn., May 5.—The Fifth Avenue Hotel, in the wholesale district of Duluth, was destroyed by fire early yesterday. Three lives were lost and two men are missing. The hotel was a wooden structure.

Test the Kidneys

Allow the urine to stand in a glass vessel for twenty-four hours, and if at the end of that time it is clouded or has left a sediment in the bottom of the vessel, you may be sure that your kidneys are diseased. As a means of invigorating the action of the kidneys and making them strong and healthy there is no preparation so prompt and none so thorough as Dr. Chase's Kidney-Liver Pills.

Shot While Climbing Fence.

Tara, May 5.—John Currie of the Township of Elderslie, while out hunting, was accidentally shot yesterday morning. When climbing over a fence the gun was discharged, the contents lodging in his breast. He died within a few minutes. He leaves a wife and 10 children.

Family Nearly Suffocated.

Toronto Junction, May 5.—Harry Gibson and wife of Western avenue, and Arthur Gibson, who lives with them, had a narrow escape from being suffocated on Tuesday night owing to gas escaping from the stove. Although unable to be around Wednesday, they were out of danger yesterday.

When the Ships Come Home.

Montreal, May 5.—There are now a full dozen or more steamships in the river between Quebec and Martin River, 258 miles below. This will mean that by Saturday or Sunday every available bit of harbor frontage will be utilized.

Mother Sees Son Electrocuted.

Quebec, May 5.—Emile Rioux, fifteen years of age, was electrocuted before his mother's eyes at Roberval, having climbed one of the poles of the electric company to amuse a young sister.

SIGN OF A GOOD SHOE STORE.

THE SLATER SHOE

THE "Sign of the Slate," hung in front of any Shoe Store is sure testimony to four significant facts.

1st—that store is the most reliable in that town or it couldn't get the agency for "The Slater Shoe."

2nd—that it pays its bills promptly, in cash every thirty days, or it couldn't hold "The Slater Shoe" Agency.

3d—that it is satisfied with a reasonable profit on goods or it wouldn't be selling "The Slater Shoe," which is price-controlled by the Makers.

4th—that it sincerely intends to give the best value possible, and to deal "squarely" with its customers every time, or it wouldn't have signed such a contract as must be signed to control "The Slater Shoe."

Whether you buy Slater Shoes or not, a safe place to trade is at the store where swings "The Sign of the Slate"—for the four reasons given. The genuine Stater Shoe has the slate frame brand stamped, with the Makers' price ($3.50 or $5.00) on the lining.

—Mr. and Mrs. Mark Wilson have been spending a few days in Hamilton. Mr. Wilson, when in the Ambitious City had the pleasure of attending Rev. H. B. A. Ketchen's introductory service in the McNab street Presbyterian church, and stated that Mr. Ketchen created a most favourable impression.

—Dr. W. J. Patterson, late of Norwood, has joined the ranks of Barrie's medical men, having taken the office of the late Dr. Vivian, whose work in homoeopathy he purposes continuing. Dr. Patterson comes highly recommended, and no doubt will be well received by our citizens.—Barrie Examiner.

—Every club, team, athletic organization, etc., is requested to have present a representative of their organization at the Y. M. C. A. rooms Wednesday evening, May 10th, at 8 p. m. for the arranging of a town schedule for the use of Nicholls oval. —P. K. Holmes, Y. M. C. A. Physical Director.

—Mr. R. Copeland, travelling organizer for the Canadian Order of Foresters, is in town, and will be present at the meeting of Court Peterborough No. 29, in the hall on Simcoe street tonight. He would like to have as many members of the sister courts present as possible in order to perfect arrangements for a thorough canvass of the town.

—The Lindsay Watchman-Warder says of the new accountant in the local branch of the Ontario Bank: "Mr. J. F. Johnston, who for two years has been accountant at the Ontario Bank here, has been promoted to the Peterborough branch, and left for that town on Monday. Mr. Johnston, besides being an expert banker, is a gentleman whose personal qualities made him many warm friends in Lindsay. They regret very much the removal of himself and his amiable wife from the town and wish them prosperity."

—Mr. Walter Maguire, physical director, last year, was in town on Friday, visiting at the Association buildings and with the members of the board. He is at present considering returning to Port Hope as physical director for the fall and winter. It is hoped that he will again see fit to do so, for with Mac. again in the gymnasium the association would be assured of large classes. The association's educational work is over for the season. The book-keeping class had a membership of sixteen students, and the arithmetic class of five. The work of both classes has proved very satisfactory. —Port Hope Times.

—From time immemorial it has been the custom of the gentler sex, before retiring, to take a precautionary look under the bed, to see that a member of the genus, man, is not in hiding. Centuries have rolled by without the search being rewarded. It remained, however, for a Woodstock, Ontario, domestic, in the employ of a pastor of a church in that city to make the discovery, which she did to her great alarm, and to the dismay of the man in hiding. The latter was apparently as badly frightened as the young woman, as he jumped out of a second story window and made his escape. It is believed that he was on burglary intent.

Boy Wanted !—Apply at the Examiner Office.

LECTURES IN DANTE COURSE

Summary Sketch of Rev. Prof. Clarke's Third and Fourth Lectures.

Origin of "Divina Comedia" Dealt With —An Introduction to the "Inferno."

Below will be found summaries of the third and fourth lectures by Rev. Prof. Clarke on the general subject of Dante. The manner in which the subject is treated and the illuminating and instructive character of the lectures tend to maintain the attendance and continue and deepen the interest. At the lecture on Wednesday evening the chair was occupied by Mr. C. Fessenden, Principal of the Collegiate Institute.

Professor Clark quoted Dean Church's remark that the Divine Commedia was the first Christian poem, and that it opened European literature, as the Iliad did that of Greece and Rome, and, like the Iliad, it had never become out of date, but accompanied in undiminished freshness the literature which it began. It had been remarked, said the lecturer, that the man who wrote the Divine Commedia was a sad, not an unhappy man. He had been called "one of the loneliest men that ever lived." Yet the man who wrote this great poem could not be altogether an unhappy man. No poet ever felt so proudly, and at the same time so modestly, the surprising magnitude off his work.

The title of Commedia was given by Dante himself, the epithet of Divine being subsequently added; and he told Can Grande, in his dedication of the Paradiso to him, because its matter differed from tragedy in beginning with adversity and ending prosperously. Tragedy, he said, was also in style, lofty and sublime, while comedy was unstudied and ordinary—a specimen of the great poet's proud humility.

The original conception of the Divine Commedia was of a poem that should do honour to Beatrice, as we learn from the closing words of the Vita Nuova. But we soon learn that there is here much more than a memorial of the angelic child, and fearless woman of Florence — a poem which celebrates the glory of divine mercy and grace.

Boccaccio states that it was originally intended that the poem should be written in Latin — a plan happily abandoned. There was no translation that the lecturer knew which reproduced the exact metre of the original. Perhaps Cayley's did, but he had not seen it recently. Plumptree's and Wright's came nearest to it. The idea of the poem was conceived not later than 1300, when Dante was 35, as we learn from the first lines of the Inferno. This first part was probably completed in the second period of his life (1302-1313), the Purgatorio and the Paradiso between 1313 and the time of his death in 1321.

The Divine Commedia, the lecturer said, was a Theology, based principally upon the Summa of St. Thomas Aquinas. All was of God. All evil consisted in separation from Him, all good in union with Him. The creature can find satisfaction only in the Creator, who is the source of life and bliss; and there is no true knowledge, but that which comes from Him. So also peace and blessedness are found in God alone. The spirit in which Dante undertook his work reminded us of the first lines of "Paradise Lost." Perhaps Milton got the idea from Dante. With regard to some of the symbols of the poem, the lecturer remarked that Beatrice represented Divine Revelation and Co-operating Grace; Vergil human reason and wisdom in its legitimate exercise; Lucia illuminating grace; Cato the highest form of merely human righteousness; the Centaur the union of the spiritual and bestial; the Four Stars the four moral virtues of Plato (Prudence, Courage, Temperance and Justice); the three Stars, the three Theological Virtues, or Christian graces (Faith, Hope and Love)—both together comprehending the seven cardinal virtues of the Middle Ages.

Dante gives an account of the events recorded in the poem. He was lost in a dense wood and tried to reach the height of a mountain bathed in sunshine, but was hindered by three beasts, a panther, a leopard, a lion, and a she wolf. The word represented the confusion of the poet's life and character, and also of the church and the world. The beasts represented the vices of lust, pride and avarice, and also certain political powers, the leopard, Florence; the lion, France, the wolf, probably the Papal Court. While Dante was lost in doubt, Vergil appeared before him, and told him he had been sent by Beatrice, to conduct him for his instruction through hell and purgatory, promising that she herself would guide him through Paradise. At first Dante hesitated, but at last consented, and so they went on to the gates of hell. The lecturer concluded by quoting some fine lines of Michael Angelo, ending as follows:—

"Yet would that I were he, mine too his fate,
For his hard exile, with his excellence,
I would exchange all this world's happiness."

At last night's Dante's lecture the attendance was the largest yet, an indication that the interest is increasing. The chair was taken by Mr. Sheriff Hall.

The fourth of the series of lectures on Dante was devoted to the Inferno, beginning with a description of the gate of hell, representing divine condemnation of sinning. The lecturer dwelt on the phrases employed relating to the "lost voice" and the "endless misery" in the woful city." Here was seen the working of justice, whose constituents were love and wisdom, enforced by power. Dante's representation of the lower world differed from that of the schoolmen in some particulars. According to the poet hell was a conical gulf made by Lucifer when he was thrown down from heaven, by which means the hill of Purgatory was raised on the other side. Hell consisted of a vestibule and beyond this a series of circles, nine in number. The treatment of sin was very different in the Inferno and the Purgatorio. In the Inferno actual forms of evil are presented; in the Purgatorio the principles of sin. In the Inferno the sins represented and punished are: 1, Incontinence; 2, Gluttony (including drunkenness); 3, Avarice; 4, Anger; 5, Heresy; 6, Violence; 7, Fraud. The sins increased in heinousness, and diminish in extent, as we descend through the circles.

There are two great divisions of sin—sins of weakness and sins of malice. If the former are often bestial, the latter are diabolic. To the first class belong the first five circles. The second class is intermediate—heresy in the sixth circle. The third class consists of the malicious in two divisions, the violent and the fraudulent. The violent have three classes—1, Against neighbors; (1) their persons (murderers and tyrants) (2(their property (robbers) 2, against self (1) persons (suicides) (2) property (gamblers), 3 Against God (1) Blasphemy (2) Usurers, and guilty of unnatural sins. The second division of the malicious are the fraudulent. Fraud is exercised in two ways. 1, by destroying the natural bond of love, as by panderers and seducers; 2, by opposition to the bond of love and faith, as by traitors, etc. Of these two classes there are many sub-divisions—of the former class ten are enumerated.

In the vestibule the two poets meet a loathsome crowd of wretches equally abhorred and rejected by heaven and hell. Vergil declares: "Their fame the world above leaves all unknown; mercy and justice look on them with scorn. Talk not of them. One glance and then pass on." Crossing over in Charon's boat they come to the first circle in which they meet (in limbus) the blameless heathen, not greatly suffering, but longing with unsatisfied desire. Prominent among them was Aristotle, "the master of those who knew."

Passing on they come to the second circle, where the incontinent are tossed about incessantly in the dark, and swept along by hurricanes. Conspicuous among them was a pair—Francesca da Rimini with her lover and brother-in-law Paolo. It is one of the most touching episodes in the poem, the story of their love and fall and death being told by Francesca, the only woman who appears in the Inferno. Among other passages attention was directed to one which has been reproduced by several poets, and so splendidly by Tennyson in "Locksley Hall":

"'This is truth the poet sings
That a sorrow's crown of sorrow is remembering happier things."

The fourth circle contains the avaricious and the prodigals, two forms of evil growing from the same root. In the fifth circle are the wrathful in two forms—that of violent anger and that of sullenness. In the sixth circle is that Sin which Dante places midway between sins of weakness and sins of malice — Heresy which partakes of both characters. The seventh contains the three clauses of the violent already mentioned and the eighth and ninth the fraudulent. This afternoon the subject was the Purgatorio: and on Saturday evening the concluding lecture will be on the Paradiso.

Recital by pupils of Prof. Davies, assisted by Miss Helen Davies, A. T. C. M., in the Y. M. C. A. Hall, Tuesday evening next at 8.15. Proceeds in aid of the Young Men's Christian Association Dormitory Fund. Admission 25 cents. 4eod

MISS LOWRY'S MURDER.

Mrs. Covell and Alexander Willis Up For Preliminary Hearing.

St. Thomas, May 5.—Mrs. Benjamin Covell and Alexander Willis, charged with the murder of Miss Eliza Lowry on April 18, were taken from the County jail here yesterday morning to stand preliminary trial before County Magistrate Hunt yesterday.

A report from Rodney at noon disclosed nothing new. Dr. Patterson of Rodney gave his evidence, which was the same as that before the coroner. He maintained that the dead woman had been criminally assaulted by unnatural means.

Rodney, May 5.—At the trial yesterday afternoon, Mrs. Bellwoods, a trained nurse, made this statement: "I came to attend to Mrs. Covell only when Mrs. Lowry told me that Mrs. Covell was badly hurt, and that the case was urgent."

When Mrs. Lowry, who will probably be the first witness to-day, is confronted with this declaration, in the face of her statement that Mrs. Covell's injuries were trifling, it may make some important amendments in her testimony.

Torpid Liver Indigestion

THE MOST COMMON ILLS OF LIFE AND HOW THEY ARE CURED BY

DR. CHASE'S KIDNEY-LIVER PILLS

Slow passage of the food through the intestines where the most difficult part of digestion takes place, is the usual cause of indigestion.

As a result of this delay, the food ferments and the digestive organs are filled with gas, giving rise to such symptoms as belching of wind, rising of sour taste in the mouth, smothering sensations in the chest, pains about the heart, heart palpitation, headache and dizziness.

To overcome these distressing symptoms the liver must be awakened to action by the use of such a medicine as Dr. Chase's Kidney-Liver Pills.

Once the liver is active there is a good flow of bile, which, as nature's own cathartic, quickens the pace of the food through the intestines, removes the foul impurities, and restores good digestion and the regular action of the bowels.

Stomach remedies are of no avail in this, the most serious form of indigestion. Dr. Chase's Kidney-Liver Pills bring prompt relief and cure thoroughly because of their direct and specific action on the liver.

Because they positively cure the most common and frequent ills of life Dr. Chase's Kidney-Liver Pills are invaluable as a family medicine. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. Portrait and signature of Dr. A. W. Chase, the famous receipt book author, on every box. 11

D. BELLEGHEM,

Issuer of Marriage Licenses

No. 160 Hunter Street, Peterborough

PROVISIONS OF PLUMBING BYLAW

Committee of Whole Passed Law Regulating Town's Plumbing.

A Stringent Measure to Which Plumbers and Property Owners Must Conform.

After long waiting, the bylaw regulating plumbing, was passed by the Committee of the Whole Council last night, and will be recommended to the council at its next meeting. A summary of the bylaw, giving its most important provisions, follows:

The bylaw, which is entitled, "A bylaw to license plumbers and to regulate plumbing, and to provide rules and regulations respecting plumbing and drainage in the town of Peterborough," provides that after the passing of the bylaw each firm, desiring to carry on the business of plumbing in the town, shall pay an annual license fee of ten dollars, and that this sum shall be paid each year. The person or firm taking out this license must first furnish satisfactory proof of their responsibility, and that they are, or shall employ, practical plumbers, and that no work shall be undertaken by them except by a practical plumber.

Applications for Licenses.

All applicants for licenses must file with the town clerk a written application for the same, and must be accompanied by the license fee. It shall also contain an undertaking to conform to and observe the conditions of the bylaw, or any other bylaw adopted by the council respecting plumbing, drainage and sanitary matters. These licenses, when obtained, must be kept in a conspicuous place in the business place of the holder. Licenses will be granted for one year only, and shall not be transferable.

The bylaw provides that any licensee who shall be guilty of a violation of any of the provisions shall forfeit his license, as well as being subject to the penalty provided for in the bylaw, and when the license is declared forfeited by the plumbing inspector, who shall have power to do so, no such licensee shall again be entitled to a license until it is authorized by the council. All licensees shall be liable and responsible for the acts of their agents and employees in respect to all plumbing, drainage and sanitary matters.

Inspector's Duties.

Speaking of the duties of the plumbing inspector, the bylaw says that he shall inspect all plumbing, drainage, and sanitary work done in the town, and see that the same conforms with the terms of the bylaw.

It shall not be lawful after this bylaw has passed, except in or to stables not used for dwellings, to construct or extend any drain for the reception of sewage or waste water, under or into any building, or to connect it with any public or other sewer, unless the drain shall in its plan and construction conform to the following requirements.

10(a)—1. Between the house and the public sewer or drain there shall be placed a ventilation hand hole cleaning trap, of approved description and make.

2. Between the said trap and the foot of the soil pipe there shall be connected with main house drain an inlet pipe for the admission of fresh air, four inches in diameter, to be situated as remote as possible from any opening into the house, and not less than eighteen inches above finished grade, the mouth of which shall be left open and have a cap, giving an area of one-fourth more than the diameter of the inlet pipe.

Repairs and Alterations.

(b) When repairs or alterations become necessary or are made to any house drain they shall be made to conform with the terms of the bylaw.

(c) All soil pipes within the walls of any building shall be of cast iron, except as hereafter mentioned, and shall be continued at least three feet above any opening in the roof, which may be within fifteen feet of the same, and three feet above any opening in any adjoining building or extension, when such building or extension is within fifteen feet of such pipe, and be left open so that the whole of the inside drainage may be thoroughly and constantly ventilated. All soil or vent pipes when they pass through the roof must be properly flashed with sheet lead and made water tight.

(d) Approved iron pipe may be used under ground outside of the wall of the building, or inside when these pipes exceed six inches in diameter, and laid at least four feet under the level of the cellar floor.

Underground Drainage.

The pipe in underground drainage shall be of the best material and workmanship, and free from all defects. All junctions must be curved; no right angle junctions being allowed; all joints must be put together with the best Portland cement or other of equal quality. The joints on the inside of the drain must in all cases be properly cleaned and finished so as to be perfectly free from all burrs; drains shall have a fall of not less than one quarter of an inch to the foot. The pipes are to have two cleaning out screws, one to be twelve inches above and in front of the bend at the basement floor, and the other between the bend and the outer wall of the house. In case of a continuous iron drain cleaning out screws or air tight hand hole fittings must be attached, whether main trap is used or not.

(f) All drains must be provided with sufficient traps and vents to prevent sewer gas escaping into any apartment.

Size of Fixtures.

(g) No fixture shall drain through more than one trap, the vent to be not less than one size smaller than the trap, and no vent is to be less than one and a quarter inches in diameter.

(h) No trap vent shall be less than three inches in diameter where it passes through the roof, and all vent pipes must continue to rise after leaving the trap, and pass out through the roof or connect with the soil pipe above the highest fixture.

(i) Vents from water closet traps shall be two inches for length of 20 feet, and for a greater length three inches in diameter.

(k) Closet vents into which other vents are connected, must be three inches in diameter, and must be increased in size when combined.

(l) Approved automatic vents may be substituted when necessary or advisable on special permit from the inspector.

No Cistern Overflow.

(m) No safe-waste, range-boiler, or cistern overflow shall be allowed to connect with any drain.

(n) All rain water leaders shall be trapped when connected with the outside drain.

(o) Refrigerator wastes must be supplied with properly ventilated traps.

(p) Waste from bath and basin will not be allowed to connect to water closet bend and must have separate falling to receive it.

Wiped Connections.

The bylaw provides that connections between iron and lead pipes shall be made with brass nipples or ferrules with wiped joints. The different sizes for the ferrules are also mentioned.

Each house or building must have its own separate soil pipe and drain which must be placed in such a way that they may be easily inspected at time of construction, and the plumber shall be responsible for the proper connection of his work with the system of drainage, the connection to be made by a cast iron bend and five feet of pipe, and not two or more houses shall have any drain in common, until such separate drain shall have passed outside the walls of the house which it serves. Where buildings are constructed flush with the line of the street, two may be connected with one six inch pipe with a Y junction, provided an arch way is thrown over it to protect both drains and walls of building. All drains must be properly connected with the private sewer connection, and not covered until inspected.

All Iron Pipes.

From a point three feet outside the foundation walls of a building no materials shall be used and connected with the sewer for soil except wrought iron pipes with securely leaded joints, or lead pipes with wiped joints, except as provided in Class "a" of section 10 of the bylaw.

Vitrified salt glazed earthenware drain pipes must be of good quality and must be laid and jointed with Portland cement, or otherwise, as shall be specified by the inspector. All earthenware drains laid on newly made ground are to be laid on a prepared foundation of plank or concrete.

Weight of Pipes.

A clause in the bylaw provides for the weight of cast iron pipes, which must be of good quality and free from all flaws and defects, and of uniform thickness.

Any one wishing to construct, or re-construct, or alter any drain, must file with the inspector an application for a permit, and a specification of the proposed work must also be filed. No plumber is allowed to proceed with any work until the person for whom the work is to be done has made such application, and has obtained his permit.

A permit shall be granted or refused within two days after the filing of the application, and, if granted shall be valid for six months.

The inspector is not to issue a permit if he finds that the specifications do not conform with the rules and requirements.

Details of Inspection.

The inspector shall be notified when any work is ready for inspection, and work must be left uncovered and convenient for inspection, which shall be made within two days after receipt of notice. Either a water or smoke test may be required and the test shall be made by the party by whom the work was done, except in the case of a smoke test, when the inspector shall supply the machine to make the test, the results of the tests to be recorded in the office of the inspector. If the work is not found satisfactory after being tested, two days' notice shall be given to complete it, and if the work is not made satisfactory within that time, the penalty prescribed by the bylaw may be entered. The smoke test shall in all cases be applied to finished work and after seven days, and if it is found satisfactory the plumber may take out the certificate.

No Specification Altered.

After a plan or specification has once been approved no alteration shall be allowed, except on a written application from the owner and with the approval of the inspector. Pan closets are forbidden. A schedule of the weights of lead pipes is given in the bylaw.

All work contemplated in the bylaw shall be done in a workmanlike manner, and shall be subject to inspection, supervision and approval by the inspector. The work must be done either by a licensed plumber or an educated experienced plumber in his employ.

A provision of the bylaw is that no one shall injure break or remove any part of the sewer system, or throw or cause to be thrown into the sewer or any sewer opening, any garbage, dead animals, vegetables, vegetable parings, ashes, cinders, rags, or any other matter calculated to cause an obstruction to the drain, and the inspector shall have the power to prevent anyone from throwing any such material into the sewer or drain.

The Penalty.

Any person who desires to have a smoke test made of plumbing at other times than when it is being inspected may have it done by the inspector on payment of $5.00 to the town clerk.

Upon anyone guilty of a breach of the bylaw and convicted, a fine of not less than ten dollars or more than fifty dollars shall be imposed, in addition to costs, which shall be collected in the usual way by distress and sale of the goods and chattels of the offenders if not paid.

Church's

ALABASTINE

the PERFECT, SANITARY and PERMANENT WALL-COATING, ready for use by mixing in COLD WATER, is EASY TO GET, because it is for sale by nearly all the leading hardware and paint stores in Canada. That fact alone is evidence of superiority.

Look for the little church on the label of every package. Alabastine is never sold in bulk.

Everybody should be interested. Anybody writing us can have free our booklet on Alabastine. Address

The Alabastine Co. Limited, Paris, Ont.

INSTANTLY KILLED.

Blacksmith Struck by Michigan Express Train at Essex—Aurora Boy Drowns in a Tub.

Essex, May 6.—John Maloney, aged about 45 years, and unmarried, was struck and instantly killed here by the eastbound Michigan Central express Thursday night. He was walking towards Windsor alongside a long freight train at the curve here. The noise of the freight evidently prevented him from hearing the approaching express. Maloney was a blacksmith, and was formerly employed on a drill at Amherstburg.

Boy Drowns in a Tub.

Aurora, May 6.—A little boy, the son of A. Turner, Gurnett street, was accidentally drowned by falling headfirst into a tub of water last evening. The little fellow got out of the yard, and, it is supposed, while playing around the tub, fell headfirst into it.

A barn in the Henry Case farm, south of Aurora, was destroyed by fire Thursday forenoon, along with much of the contents. The loss will be in the neighborhood of $1,000; it was insured for $300. It is supposed to have been set on fire by tramps.

Death in Tight Boots.

Brantford, May 6.—Death came to Walter Murray in a most peculiar manner. Over a week ago Murray purchased a pair of new shoes, which were somewhat tight-fitting. His foot became inflamed, but he paid little attention to it till Wednesday of this week, when a doctor was called in. It was too late to save the man's life, as blood poisoning had set in. Murray lived near this city and was 32 years of age.

Gasoline Stove Explodes.

Montreal, May 6.—An explosion of gasoline, by which a teacher and pupil were painfully injured, occurred at the Lachine academy. During the noon hour several teachers and pupils have been accustomed to use a little gasoline stove for the purpose of making coffee. Yesterday when one of the teachers was lighting the stove the gasoline exploded. The teacher, Miss Winnifred Davies of Montreal West, was badly burned, and a little boy named Lancaster of Montreal West, a pupil at the institute, had his hands scorched.

Man Burns With Barn.

Duntroon, Ont., May 6.—During a severe thunderstorm yesterday morning the stable of James Carlisle was struck by lightning and completely destroyed, with all contents. Chas. McKay perished in the building, having gone in to try and save his brother's cow, which was in the stable.

Dies From Burns.

Montreal, May 6.—Miss Katherine Dunn, 23 years of age, who set fire to her clothes three months ago with a pair of hot curling tongs, died from the result of her injuries at the Royal Victoria Hospital Thursday night.

Lightning Strikes Trolley Car.

Ottawa, May 6.—During a thunderstorm yesterday, lightning struck a Chaudiere street car. The lightning struck the front of the car and cracked the glass. The motorman had a marvelous escape. He turned the power off, but got considerable of a shock. Though partially shocked, he stuck by his post. The passengers had a bad fright.

"Imperva" is a stylish handsome cloth that rain can't get through.

"Imperva" is not a waterproof cloth, it is a cloth waterproofed.

That is considerable of a difference.

"Imperva" is the most stylish light overcoat cloth, in handsome patterns and colorings, made waterproof by our special process.

"Imperva" Rain Coats look and feel like ordinary good quality cloth—our rain-proofing process neither dims the color nor changes the fibre—but they are perfectly proof against rain.

We make "Imperva" into stylish rain coats, with or without belts at the back. We would like to show them to you.

Prices, $18 to $25.

Semi-ready Tailoring

Cressman's PETERBORO.

BERTIE GREGORY MUCH WANTED

Horse Dealer Who Has Visited Peterborough Makes Rich Haul.

Methods by Which He Made Over $2,000—A Criminal of Standing.

There is a warrant out in Toronto for the arrest of Bertie F. Gregory a horse buyer on a small scale who has occasionally visited Peterborough in late years.

Gregory is a good looking dark complexioned man who dressed in "horsey" fashion and had the air of an East Indian nabob. He has for some time been hanging on the fringe of the fast society set of Toronto.

The special charge which places Gregory within the limits of the criminal code is the defrauding of George D. Swan of Stockbridge, Mass., of $2000. Swan had been living in Costa Rica and saw an advertisement in The Field which attracted his attention. A man wanted a partner to join him in raising polo ponies, splendid opportunities, etc. H. F. Gregory was the man who was looking for partners. Swan went up against the advertisement and Gregory landed him for $2 000 on the strength of the letters he wrote.

Swan came to Toronto on Thursday of last week and was met at the depot by Gregory. Swan says that when he was met by Gregory his heart sank, and he realized he had been done. He thought the matter over and concluded the easiest way out of his "ruralship" was the best way. He chummed around with Gregory and finally got a bill of sale out of him on some horses and other things. Unfortunately for Swan there was a chattel mortgage on this stuff, held by Mrs. Harper, of 33 Major street, who, it is claimed has advanced Gregory money on various occasions.

The World tells the following story of Gregory's career:—

B. F. Gregory has a record both under the name he was known by in Toronto and others. This record is in the possession of the detective department. In St. Louis, Mo., five years ago he turned a trick and was given a few hours to leave the town. There he was known as Baron de Something. He turned up shortly afterwards in Sedalia, Mo., where he managed to get hold of a few horses and dogs which he kept on a small farm outside of the town. He eloped from there with a Mrs. Taylor and went to Kansas where he had lived once before. After shaking Mrs. Taylor down for all the money she had, he deserted her and she was finally taken back by her husband. It was after this that the dark skinned fellow turned up in Toronto. In St. Louis his story was that he was a baron and had a sister lady-in-waiting on Queen Alexandra."

When he came to Toronto he was not overburdened with money. He stayed at a well-known hotel and gave a worthless cheque in payment for his bill. This led to his arrest. He was ill or pretended to be and certain people came to the front for him and did a lot of "squaring" and he was allowed to go on suspended sentence. Then he broke in with the swell set, and for a time became a lion in certain circles, supposed to be the best. One lady one of the "leading" ladies, presented him with a diamond pin. He pawned the pin bought an overcoat and presented her with a bunch of roses with the remaining change, and then tried to arrange a banquet for her at a leading hotel. The hotel people looked him over and couldn't see it that way. Gregory seems to have a happy faculty of becoming popular with women, and there are several in Toronto and suburbs who wish they had never seen him.

A year ago he was taken out of the Horse Show and told not to return. He was only allowed to enter certain portions of the Woodbine.

An effort was made yesterday to have the warrant withdrawn. Whoever Gregory may be he seems to have some powerful influence behind. Mr. Curry, the Crown Attorney, could not be seen last night, but it is understood that he refused to withdraw the warrant."

CURE THE MOST EXTREME CASES

Stone in the Kidneys Cannot Stand Before Dodd's Kidney Pills

Mr. S. A. Cassidy, of Ottawa, Permanently Cured After Years of Suffering by the Great Canadian Kidney Remedy.

Ottawa, Ont., May 5th. — (Special.) —While all Canada knows that Dodd's Kidney Pills are the standard remedy for all kidney complaints, it may surprise some people to know they cure such extreme cases cases as Stone in the Kidneys. Yet that is what they have done right here in Ottawa.

Mr. S. A. Cassidy, the man cured, is the well known proprietor of the Bijou Hotel on Metcalfe street, and in an interview he said, "My friends all know that I have been a martyr to Stone in the Kidneys for years. They knew that besides consulting the best doctors in the city and trying every medicine I could think of, I was unable to get better.

"Some time ago a friend told me Dodd's Kidney Pills would cure me. As a last resort I tried them, and they cured me.

"I could not imagine more severe suffering than any one endures who has Stone in the Kidneys, and I feel the greatest gratitude to Dodd's Kidney Pills."

If the disease is of the Kidneys or from the Kidneys, Dodd's Kidney Pills will cure it.

UNOFFICIAL INFLUENCE.

Officers of Permanent Force Are Given an Intimation.

Ottawa, May 6.—Militia orders promulgated yesterday convey a plainly worded warning to officers of the permanent force who have been employing political influence to secure their own advancement in the service. The notice reads.

"The honorable the Minister in Militia Council regrets that he is obliged to call the attention of officers of the permanent force to the unsoldierlike practice that prevails in several quarters of making, or permitting to be made, applications to him for changes of station or special privileges through unofficial channels. The Minister desires it to be distinctly understood that he will only consider communications from officers of the permanent force that reach him through the proper official channels, and he further desires it to be understood that if officers of the permanent force are dissatisfied with their stations or positions, they are at liberty at any time to forward their resignations, which will be promptly accepted."

Britt Declared the Winner.

San Francisco, May 6.—In the international lightweight pugilistic championship battle, fought here last night, between James Britt of California, and Jabez White of England, Britt was declared the winner in the 20th round.

Kidney Pain—Backache—is strongly recommended by the medical profession as a safeguard against infectious diseases.

The Children's Evening Meal

must be light, easily digested food, or 'twill bring broken sleep and bad dreams.

It should be nourishing food, to build up and strengthen the active little bodies.

It ought to be a delicacy, and taste so good that the wee folk won't tire of it.

Of course, you've guessed now what food we mean--

Mooney's Perfection Cream Sodas

These dainty squares of cracker-goodness are "bread and meat" to growing children. Made of Canada's pure cream, fresh butter and famous flour—they are a nourishing food as well as a toothsome delicacy.

Your grocer has them, fresh and crisp from the bakery, in 1 and 3 lb. boxes.

Removed by the New Principle,

De Miracle

It is better than electricity, because it does not scar or produce a new growth. Better than X-ray, because it does not burn, scar or paralyze the tissues under the skin. Better than depilatories, because it is not poisonous; therefore it will not cause blood poisoning, or produce eczema, which is so common with depilatories, nor does it break off the hair, thereby increasing its growth.

Electrolysis, X-ray or depilatories are offered you on the bare word of the operators and manufacturers. De MIRACLE is not. It is the only method which is indorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines.

De MIRACLE mailed sealed in plain wrapper on receipt of $1.00. Your money back without question (no red tape) if it fails to do all that is claimed for it. Booklet sent free in plain, sealed envelope, upon request. Write for it to-day to De MIRACLE CHEMICAL CO., 23 Queen St. West, Toronto. For sale by

A LAND OF PROMISE.

"Ralph Connor" Speaks on the Future of Canada.

"Some aspects of the Future of Canada" was the subject with which Ralph Connor, otherwise Rev. C. W. Gordon, regaled the Toronto Canadian Club at luncheon the other day.

The speaker drew a comparison between Canadian and United States development, and showed that Canadian trade amounted to $63 per capita, while in the United States it was only $32 per head.

In the matter of transportation Canada too had reason for encouragement. Canada 50 years ago was 100 years behind the United States in population but only 50 years behind in trade. Fifty years ago the United States only had 9,714 miles of railroad, but Canada to-day had over 20,000 miles. Canada to-day stood third among the nations in the point of shipping.

In mining, though Canada had but scratched the fringe of our mountains, she stood third. Canada had the largest forests in the world. Between the Red River and the Rockies a coal bed existed that, if stretched out, would make a ribbon of coal 17 miles wide from Halifax to Vancouver.

"The foundation of national development and national prosperity is the soil," said the speaker. "The soil that grows wheat also grows men. Our wheat fields are alone not enough to form the foundation for the Canadian nation."

"In the Territories alone, to say nothing of the vast areas north of the Saskatchewan and Assiniboia Rivers, we have ready for the plow 135,000,000 acres of the best wheat land the sun looks upon," said Rev. Mr. Gordon. "I believe that the day will come when these vast wheat areas of Canada will produce a thousand million bushels of wheat, and have a population of 100,000,000 to 150,000,000 people."

HE'S BEEN WELL EVER SINCE

A. D. Miller Has An Experience With Dodd's Dyspepsia Tablets That's Worth Remembering.

"I wish to state that Dodd's Dyspepsia Tablets are the best medicine anyone can take for Dyspepsia." The speaker was A. D. Miller, of Tomatown, Ont., and when he was asked for his reason he continued, "I had been troubled with indigestion and Dyspepsia and during the summer of 1900 my doctor treated me for liver complaint, but I kept growing worse.

"My appetite was very irregular, and I would bloat after eating and I also had palpitation of the heart. Sometimes I would not sleep at night on account of my heart beating so hard.

"I was hardly able to get around when I started using Dodd's Dyspepsia Tablets. After using half a box I felt better; by the time I had used two boxes I was well and I have been well ever since."

You can't have Dyspepsia if you use Dodd's Dyspepsia Tablets.

A Steady Eye Upon Ireland.

The official eye which is now being kept on Ireland is rather unsteady, which recalls a good story, says The Westminster Gazette. When Lord Cornwallis was Viceroy, an address from Kilkenny was presented to him at Dublin Castle. One of his eyes, owing to some natural defect, was always oscillating in its socket. On this occasion the organ was more than usually restless, and when the Bishop of Kilkenny read the opening words of the address, "Your Excellency has always kept a steady eye upon Ireland," the incongruity of the sentiment sent the assembly into an uncontrollable fit of laughter. "Never," said Curran, who used to tell the tale, "did I hear of its match, except in the Mayor Coventry's compliment to Queen Elizabeth: "When the Spanish Armada attacked your Majesty, good, they caught the wrong sow by the ear."

Beauties of Tasmania.

Tasmania, which is now being visited for the first time by Lord Northcote, Governor-General of the commonwealth, is known as the "Circassia of the colonies," by reason of the surpassing beauty of its daughters. A few of them have found their way into the select pages of Dod and Debrett, but many more have gravitated to Melbourne and Sydney hotels, where they are said to command twice the salary of the average barmaid, on account of their superior attractiveness. Tasmania also rejoices in the finest climate and the loveliest scenery of the commonwealth. It grows large quantities of fruit, and has during recent years become a considerable exporter of apples to Covent Garden.

THE "WOODEN WALLS"

KING ALFRED FIRST FOUNDER OF THE BRITISH NAVY.

Won First Sea Fight Recorded in English Annals—Naval Supremacy of England Grew From This Period—Early Received Acknowledgment, and Later, in Reign of Edward I., Received European Recognition of Prowess.

"England," said the great Walter Raleigh, "is a land which can never be conquered whilst the Kings thereof keep the dominion of the sea." Succeeding ages have shown the wisdom of his assertion, and the history of England's glory is a record chiefly of her great and glorious naval battles.

The first founder of her navy was, undoubtedly, her greatest King—Alfred. The sea-kings or Norsemen, were in his days the rulers of the ocean, carrying pillage, death and horror to the sea coasts of the greatest countries in Europe. So terrible were the ravages and cruelties they committed, even on the English coasts, that a supplication was added to the Litany for aid from Heaven against them, and from every minister, cathedral and church in England went up the cry, "From the fury of the Danes, Good Lord, deliver us."

Alfred Drove Out Invaders.

The valor of Alfred drove out (or conquered and subdued in England itself) these savage invaders; but he perceived there could be no lasting security from their inroads unless England possessed a defence in "wooden walls." He had constituted, after a plan of his own, "long ships, lighter in their draught, higher in their sides, and swifter in their course than any others." The ships he manned with his own brave Saxons, but as the Frieslanders had the more experience and were good seamen, he selected the officers from that nation.

And it was these ships of Alfred that won the first sea fight recorded in English annals.

It was fought off the coast of Devonshire—the after birthplace of so many naval heroes—and terrible must have been the conflict between the Danes, enraged by the loss of all their gains and plunder, and the sailors of the land to which they had done such cruel wrong. After the battle two ships were cast upon the shore; their crews were brought before Alfred at Winchester, and were hung as pirates, an act of vengeance not justified by the laws of the period, and which some have considered a stain on the memory of the great King. But Alfred knew that it was necessary to strike terror into the breasts of these savage sea-rovers, if possible; and he acted as he was compelled by his regard for the safety of his people. The Danes certainly merited no mercy. They had never shown it to man, woman or child.

Naval Supremacy Acknowledged.

The naval supremacy of England grew from this period, and was very early acknowledged.

Edgar asserted the sovereignty of the British seas, visiting all ships, and making them pay homage to his flag." A maxim recorded as his was, that "no King could be truly monarch of England who was not lord of the narrow seas."

Canute, the Dane, possessed a very large fleet; and it is supposed to have been in flattering allusion to his naval power that his courtiers styled him "King and ruler of the ocean," and received in reply that famous rebuke on the beach at Southampton which is so well known to every schoolboy.

Slowly but surely grew the naval power of England. Even in the reign of the feeble John, we find it recorded in the "Ordinances of Hastings," that foreign vessels were required to vail their colors to the English flag, under pain of being "attacked, taken, or forfeited as the goods of enemies, even though the masters should declare that the ships belonged to friends of the King of England.

In the reign of Edward I. the sea Empire received a European acknowledgment.

Mistress of the Seas.

A war broke out between Philip the Fair of France and Guy, Earl of Flanders; and Grimbold, admiral of France, encountering some of the Earl's merchant ships in the narrow seas, attacked and captured them. As this act appears to have been an infringement of the maritime law of the period, the nations of Europe complained of it; and Philip and Edward, in compliance with their remonstrances, convened a meeting at Westminster of judges chosen by the nobles of France and England, to whom were joined representatives from Genoa, Zealand, Holland, Friesland, Denmark, Norway and Spain, to settle the question. After a long and solemn consultation, the assembly unanimously declared that, without dispute, "the Kings of England and their predecessors, beyond the memory of man, have had the sovereignty (government or empire) of the narrow seas; and that Grimbold had usurped the King of England's dominion." It was further decreed that the French Admiral and his Sovereign should make satisfaction for his deeds."

The extent of this right to Naval Empire was from "Cape Finisterre to the middle point of Van Staten, Norway."

Up to this period, sea fights, of which only a brief record remains for us, had occurred frequently.

At the siege of Acre the brave Coeur de Lion, who had a fleet of 150 sail and 53 galleys, defeated the fleet of Saladin, although the Saracens were provided with fire-ships containing the famous Greek fire—a composition of sulphur, pitch, etc., which is inextinguishable by water.

Took 300 French Ships.

In the reign of John, the Earls of Salisbury and Boulogne defeated the French fleet off the coast of Flanders, taking 300 ships and destroying 100.

Again, there was a victory won from the French in the Straits of Dover, A. D. 1217.

The Dauphin of France, having landed at Sandwich, the captains of the Cinque Ports—loyal seamen as they were—determined to intercept the supplies which were to be sent to the French Prince from Calais. Chief of these bold commanders was the celebrated Hubert de Burgh, well known to all who have read Shakespeare's "King John."

On the 24th of August the French and English fleets met in the Straits of Dover. The enemy's fleet consisted of 80 large ships; the English had a smaller number, though better armed. It was therefore necessary for them to manoeuvre so as to counteract the preponderance of force against them."

They succeeded in getting to windward of the enemy, and then bore down on them with terrible impetus. The iron beaks of their vessels—an old-fashioned mode of armament, which has been recently revived—made hideous havoc in the French fleet, while fast and thick fell on their decks the hailstorm of arrows from the bows of England's famous archers.

The victory, warmly contested, was at length won by the English by means of an extraordinary expedient. They had on board a quantity of quicklime in powder, which they cast into the enemy's eyes, blinding many, confusing and terrifying all.

Nearly the whole of the French ships were taken or destroyed.

When You Buy, Buy Right.

When you buy Ozone, buy "Solution of Ozone" (the coupon kind.) It is the strongest and purest Ozone on the market. It is sold as a commercial product at reasonable rates so that you get about twice as much as other brands, Also each bottle contains a coupon which entitles you to a package of "Celery King," the well known remedy which must always be taken with Ozone.

No other brand of Ozone gives you an opportunity to get the "Celery King" free. We own "Celery King" and that is why we can give it with our Ozone.

"Solution of Ozone" (the coupon kind) contains about twice as much for your money as any other kind. It also furnishes you with "Celery King" for nothing. Insist on getting it from your druggist or write the Public Drug Co., Bridgeburg, Ont., who will see that you are supplied. Sold by W. B. Warne, druggist.

HOME OF THE CAMPBELLS.

Famous Castle Has Been Rented to an American Millionaire.

Inveraray Castle, the Argyllshire seat of the Duke of Argyll, has been sublet to an American, says The London Daily Mail.

"I would not for a hundred thousand crowns any mortal should know the passes by which an armed force could penetrate into my country," said a warrior of the Argyll Clan, centuries ago. American dollars have been successful where more than one armed force met with failure, and Mr. A. F. B. Cresswell, the present tenant, has, with the consent of the ducal owner, sub-let the castle, its magnificent grounds, and its extensive shootings to Mr. E.D. Jordan, a Boston millionaire, who will enter into occupation this summer.

Inveraray Castle is one of the most celebrated fortresses in Scotland. Its natural beauties and its wonderful trees are no less remarkable than its romantic and historical associations. The forces of Montrose and the great Argyll fought there, and it was there where Rob Roy waged his predatory war.

Queen Victoria planted a cedar in the grounds in 1875, and trees planted by the late German Emperor, Tennyson, Gladstone, Bright and Livingstone are among many others pointed out to visitors.

The home of the Campbells has been at Inveraray since early in the fourteenth century, and the old castle was the scene of the exciting incidents of the "Legend of Montrose." The encumbered state in which the present Duke's property descended to him made it a necessity that the castle should be let. Besides, as he himself confessed, he was greatly impoverished by Sir William Harcourt's death duties.

The St. Maurice Forges.

The St. Maurice forges are the oldest in North America. It may be of interest to state that a full historical account of these forges is contained in a paper contributed by F. C. Wurtele, librarian of the Quebec Literary and Historical Society, to the Royal Society of Canada, and published in their transactions of 1896. A copy of this paper is to be found in one of the bound volumes of Canadian pamphlets in the Ontario Parliamentary Library.

Mr. Wurtele's paper contains extracts from two descriptions of the forges, one by Prof. Peter Kalm, who, in traveling through New France, stopped at Three Rivers in August, 1749, and described the forges in his travels in North America, published in London, in 1771; the other in the Haldimand collection, being replies by Col. R. Burton, to questions transmitted to Gen. Murray by the Lords of the Board of Trade and Plantation, in London, when they required information on the resources of Canada. These replies were published in 1762, and were in answer to enquiries as to the number of forges in the province, what iron was made, and in what form and quality.

At the time of the conquest the forges fell into the hands of King George III, and were worked under the direction of the military authorities for five years, at a profit, but were then transferred to the civil government of Three Rivers. They were afterwards leased to a company for 16 years, at the rate of £25 a year. When Montgomery made his ill-fated expedition against Quebec, he passed through Three Rivers, and Pellissier, the manager, who was not very loyal, ordered a quantity of shot and shell to be cast for Montgomery in his attack on Quebec. The works thereafter passed through various vicissitudes till 1883, when they were finally closed, the ore and wood in the neighborhood having become exhausted.

The Audience Tittered.

This story is told of a nice old resident of Toronto who last week addressed a class of young women at an educational institution, and who advised them to go in for the active life. "Go out and do something, be something," he exclaimed; "become fishers of men," and he wondered why the audience titters.

If a man's wife is a good baker, nothing

but the best flour is good enough for her. There can be no greater extravagance than the use of inferior flour.

Winchester Springs, Feb. 27th, 05.

"I read about Royal Household Flour which is purified by electricity. I also read about the woman paying freight 25 miles before she would be without it. Royal Household was not sold in our town, I was asking about it and my grocer told me to wait a day or two and he would get some, and I am glad I did so. My wife is a good baker and made good bread out of other flours, but what she has now made out of Royal Household is so far ahead that I would be willing to pay freight fifty miles instead of twenty-five, rather than go without it. There is no flour 'just as good' as Royal Household."

(Signed) JOHN HENDERSON.

Now, is there a single woman in the whole country who, after reading what Mr. Henderson says, will not at once send for the Royal Household recipes and give Royal Household Flour a trial. Mention this paper and address

THE OGILVIE FLOUR MILLS CO., LIMITED, MONTREAL.

MR. SUTHERLAND'S FUNERAL.

Ottawa Party of Fifty Will Include Sir Wilfrid Laurier.

Ottawa, May 5.—For the Ministers and members who wish to attend the funeral of Hon. James Sutherland, two private cars and two Pullmans will be attached to a regular train leaving here at 11 o'clock to-night for Toronto. From Smith's Falls the train will run in two sections.

Among those who go from here to the funeral at Woodstock will be Sir Wilfrid Laurier, Hon. William Paterson, Hon. Charles Hyman, Hon. Clifford Sifton, W. Calvert, chief Liberal whip, and a large number of Liberal members.

The party will return by regular trains, and is expected to number in the neighborhood of 50.

Bleeding, Protruding Piles

Mrs. Jas. Brown, Hintonburgh, Carleton Co., Ont., writes: "I suffered from nearly every form of piles for nearly twenty years, both here and in the old country, and have tried nearly every remedy. I am only doing justice to Dr. Chase's Ointment when I say that I believe it to be the best remedy obtainable for bleeding and protruding piles, of which it has cured me."

Big Auto Overturns.

Buffalo, May 4.—Charles W. Roe, proprietor of the Roe Automobile Co., was seriously and perhaps fatally injured by the overturning of a big touring car on Main street early yesterday, and C. D. Raitoe of Rochester and two women, whose names could not be learned, had narrow escapes.

One Year Apiece.

London, May 5.—William Boyd and Hugh Stevenson, found guilty of conspiracy to defraud Hugh M. Douglas in a fake foot race, were sentenced yesterday morning to the Central Prison at Toronto for one year.

MUNYON'S PAW-PAW PILLS

A positive cure for Constipation, Indigestion, Jaundice, Biliousness, Sour Stomach, Headache, and all ailments arising from a disordered stomach or sluggish liver. When Indigestion Grips You

It is not merely "something you ate" at the last meal—it is weakness in the stomach. A pain is Nature's danger signal that something is wrong. Indigestion is the stomach's way of telling you that it can't or won't work.

NOW is the time to take FRUIT-A-TIVES.

These fruit tablets rest the stomach—bring out a copious flow of gastric juice at meal time—and make the stomach and intestines digest everything you eat.

You know that Fruit-a-tives are doing you good—because there is no more pain—no more sour stomach—no belching gas. Fruit-a-tives keep the stomach clean and healthy—and ready to digest any sensible meal you eat while the constipation is entirely cured by their use.

"Fruit-a-tives are most valuable in the home. We have used two boxes and are to-day getting a third, which tells our opinion of their merits. I find them especially good for the children, pleasant to take and very cleansing in their action."

Mrs. F. M. MORRISH, Calgary, Alberta.

Fruit-a-tives are pure fruit juices in tablet form. They act gently on all the organs of digestion—strengthen, invigorate, and cure. If there is anything wrong with stomach or bowels, cure yourself with

Fruit-a-tives

or Fruit Liver Tablets.

At all druggists, 50c. a box. Manufactured by Fruit-a-tives Limited, Ottawa

CECIL RHODES' DREAM

SIR GILBERT PARKER'S IMPRESSIONS OF GROOT SCHUUR.

Mind of Rhodes Worked Through Dominant Tone to Dominant Fact—One Who Overcame All Opposition—Man Whose Memory, Through His Imagination and Personality, Will Make Him Hero of South Africans.

Sir Gilbert Parker writes thus of his recent visit to South Africa: My first stopping place in South Africa was at Groot Schuur, the house which Cecil Rhodes left to that confederation for which he dreamed and worked and lived. Straight from the steamer I went to the old Dutch home among the oaks, through which you look and see Table Mountain behind, ever-changing—moving, as it were, through soft veils of many-colored air, or hung as with white samite by drifting mist and clouds. The noble white mansion was flanked by a little valley of blue hyrangeas, a vast plaque of color—one of Rhose fine fancies of the dead chieftain which remains a tribute to that bold imagination unwilling to do with little things, which yet gave little things a deep significance. There was something in the exquisite, monotonous hollowed pales of blue which suggested the character of the mind that called it into being. The mind thought in one color, its pictures had the glow and grave beauty of an English sunset, or one of those sunsets in Bechuanaland which tint the scrub country—the slim, thin pepper tree, the mimosa and the karee—with the glory of the heavens, till all that the eyes can see is toned to one note of color.

The Mind of Rhodes.

The mind that brooded at Groot Schuur saw a sub-continent "all red." It worked through the dominant tone to the dominant fact, a South Africa all British. All red—and so when he would give it glory to the trees and the mountains rising up beyond the wide stoep, where three hundred people can sit, he splashed the land with a coverlet of blue. Simplicity, largeness was in his thought, suggestion so primitive yet so beautiful, that the captured mind, as it looked, fell back on the far-off first impressions of life again before one understood.

Time and again when I was in South Africa I recalled a talk I once had with the present chief secretary for Ireland just before I left on this journey, which represented 22,000 miles of travel. He said:

"Cecil Rhodes had a few large thoughts as a child, as a boy, and these were the dominating influences of his life. A man only does those big things which he thought as a child. The thoughts have wide ramifications, complex workings, diversified developments, but the core of them all was born with the intelligence. They were bone of his bones, flesh of his flesh; and that was Cecil Rhodes!"

In South Africa I felt this. I understood at Groot Schuur; I understood it as I stood beside the tree where Lobengula used to dispense justice, the beautiful tree like a green gourd, under which the tyrant sat and gave slaves, prisoners, and misdemeanants to the sword or to the budgeon, to be entombed alive, or buried with their heads out of the ground, to be eaten by flies and rodents. At the foot of that tree now, once dedicated to indaba and execution, there is a wide circle of English violets, a splash of purple that calls the mind like a bell to see the wonder that is here—civilisation smiling where barbarism held sway a dozen years ago. The axe was, indeed, laid at the root of the tree.

English Violets.

Standing there, one thought of the dream that overcame all — English apathy, political opposition in Downing-street and Cape Town, Government timidity and obliquity of vision—that builded cities in the waste, that made the trail for English feet all red from Table Bay through districts where Mosselekatse ravaged and Livingstone labored to that island in the Zambesi overlooking the depths of the Victoria Falls, where Livingstone carved his name upon a tree, near the "smoking thunder." From Lobengula's tree one looked back over the three miles of avenue from the gracious gardens of Government House to the City of Bulawayo, where English life flowers, from which the influence of English character widens, and where the native has not yet learned, as he leadied in Cape Colony and elsewhere, that though he is no longer master of wide dominions of untilled waste, he is the master of domestic life and agricultural and industrial development—where a native still treats a white man with respect. The English violets at the foot of Lobengula's tree haunted me throughout South Africa; they color the mind still, ten thousand miles away. Where savage blood was spilled by a savage ruler our English violets spring.

And in such things as these do we find the key to the mind of Cecil Rhodes, poet and dreamer, as great men of action, great makers of empire always are. Groot Schuur itself he would build down in the valley on its old foundations, though a splendid situation lay above, healthier, no doubt, and finer for the house's sake. But he "wanted to see the mountain through the old oaks," and so the house was less than the thoughts that came to him through the trees and the mountain towering yonder.

As I sat on that stoep where he sat so many times and looked at the mysterious heights beyond, I could not help but think of that day when he came to know that Jameson had crossed the border, and he saw that he was politically ruined. He left the oaks behind, and climbed the hillside, where fed the elands and kroodoes and lions, springbuck and gemsbok and sable antelope, which he brought from Mashonaland and Matabeleland, to the mountain which was so much his own; and there he had his dark hours alone. There can be no doubt that Cecil Rhodes is the only Englishman who, by virtue of his temperament, ever caught the imagination of the Dutch, probably the only Englishman of place and power for whom they ever cared. Politically, they think hardly of him now, but as time goes on it will be Rhodes more than Kruger who will be the hero of South Africa. Political mistakes in time are forgotten, but personal power and character remain, and personality has no existence without the gift of imagination.

One of the Sights of Africa.

It was this gift of the imagination which made Cecil Rhodes say, "Build the bridge across the Victoria Falls, where the trains as they pass will catch the spray from the falling Zambesi." It was always so with him. He visualised and spiritualised his work, strange as this suggestion may seem to those who looked upon him as a materialist and as a great adventurer. He was master the soul of things than the world knew, felt the forces that are the elemental impulses of the First Life stirring round him. It was not given to him to travel up the wide, wild tropical valley from Bulawayo to Victoria Falls and see the greatest water wonder of the world; he died before he could accomplish the journey, or fit it in with a too strenuous life. But a railway takes you to the banks of the deep, tortuous stream, and, looking out from the hotel verandah, you can see the rolling curtain of vapor rising, spreading, thickening, fleeing away. You can see the great supports of the bridge jutting out from their bases hewn from the solid rock, and the cage which carries tons of iron and steel for the railway riding along the Blondin wire from side to side, a journey sufficiently exciting for the eager traveler who trusts himself to this aerial carriage.

But not to take this flight across the chasm is to miss one of the sights of South Africa. Below you speeds with terrible swiftness the Zambesi—480 feet below; on one side the wide tropical land, and the stream apparently closing in a cul-de-sac; on the other, the northern end of the falls over which the water plunges, breaks, spreads itself in spray, and is lost in a mist over the cauldron below. Here hang long clusters of flowers on the brown and green ledged of the sides of the gorge, bright-hued birds sing in the leafy coverts on the lofty banks, the dull roar is a music which stirs the senses, and even as you hang over the vast abyss, you feel the vibration which shakes the earth and adds mystery to majesty.

My first glimpse of the falls was by moonlight, and the lovely white reeking splendor of the thing—the rolling clouds of spray, the sombre rain-forest on the bank opposite the falls, the stream of the Zambesi shimmering far above, the trembling earth, the smell of the tropic wood, a lunar rainbow stealing over the clouds of spray, all made a picture for a lifetime of memory; the mind took on a feeling for "the glory of the Lord."

LITTLE LIVES LOST

The annual report of the Registrar General for Ontario shows that in that province alone out of every one thousand children born one hundred and eleven die before they reach the age of one year, and in every province of the Dominion there is the same appalling loss of precious little lives annually. Most of these deaths are due to disorders of the stomach or bowels, and most of these little lives could be saved if mothers kept always at hand a simple remedy to give the little one at the first sign of trouble. Such a medicine is Baby's Own Tablets, which cure constipation, diarrhoea, indigestion, simple fevers, teething troubles, worms and other minor ailments, which, if not treated promptly become most serious. And the mother has a positive guarantee that these tablets contain no poisonous opiate or harmful drug. They are equally good for the new born baby or the full grown child. Thousands of mothers say Baby's Own Tablets have saved the lives of their little ones. You can get the Tablets from any druggist or by mail at 25 cents a box by writing the Dr. Williams' Medicine Company, Brockville, Ont.

Train Hits Bread Wagon.

Preston, May 5.—A special train bearing "The Babes of Toyland" Show Co. crashed into a bakery rig at a street crossing here yesterday morning. The wagon was wrecked, and the horse killed, while the driver, Ralph Clemens, aged 14 years, was thrown from his seat and sustained but slight injuries.

The Jury Disagreed.

New York, May 4.—The jury in the case of Nan Patterson retired at 1 o'clock yesterday afternoon. The first poll taken result 9 to 3 for acquittal. At 1.30, this morning a disagreement was announced, and the jury was formally discharged at 2.30 o'clock this morning.

COALING WAR SHIPS.

Modern Methods Do Not Require Reduction of Speed.

In the old days, said a retired naval captain recently, the coaling process adopted by warships was not only hazardous both to the collier and the man-of-war, but a sad waste of time besides. For instance, a cruiser on her way to join the main fleet would perhaps run out of coal and the captain would anchor, hail the collier, who would come alongside, and also anchor, heavy tenders would be placed between the two vessels and the coaling would begin. If there was a smooth sea then the operation might terminate without any serious damage to either vessel, but with a heavy swell and a strong tide running the ships would grind and pound each other until it was a wonder sometimes the side of the weaker vessel wasn't stove in.

The process was a slow one, too, for with the best intentions the men seldom succeeded in stowing away more than 15 tons an hour, and in this way 30 hours would be spent in putting on board a matter of 450 tons. And this, mind you, could only be accomplished when Father Neptune was in his kindliest mood.

I have known occasions when a man-of-war and her collier have been together for the best part of a day, and at the end of that time the exchange of coal has been less than 50 tons. In times of war, of course, the question of coaling was a very serious one, and was often the greatest hindrance to the mobility of a fleet, but things have changed since then, and a warship may now coal without even having to reduce her speed.

How is it managed? Well, as you probably know, every man-of-war has its own collier, which accompanies her in all her trips, ever ready to supply the bituminous mineral as soon as she shall run short. Each warship is now fitted with a cable which enables her to tow, or be towed, by her collier, the general rule being that the bigger vessel supplies the motive power. As soon as the battleship expresses her desire for more coal, a cableway is run from the mast of the collier to a jury mast rigger on the battleship. When the connection is made, a small engine on the collier is constantly at work keeping the cable from sagging, for, as you can understand, the distance between the vessels (usually about 400 feet) is constantly varying. When the cable has been fixed, the man-of-war continues her journey at a speed of about 10 knots an hour, towing the collier, and thus assists the small engine in keeping the cable taut.

At a given signal a coal bag containing about 2,000 pounds weight is hauled up to the "traveler" or cradle, and then drawn from the collier to the battleship by means of a wire hawser wound on a steam capstan. In order to assist the traveler on her way the cable is raised at the starting point so that the bags slip along with the maximum amount of ease.

Of course, only one traveler is used, but this runs backward and forward at express speed, the bags being emptied and returned with marvelous celerity. To give you some idea of the rapidity with which the work is accomplished, I may say that by this method 50 tons an hour may be put on board, so that in 40 hours the biggest battleship afloat may have coaled and at the same time proceeded on her way a distance of some 500 miles.

Recently a clever invention has been patented by a stevedore named Louis A. de Mayo, whereby Atlantic liners are enabled to coal in an incredibly short space of time. The ordinary rate of coaling with these vessels is about 15 tons an hour, seven men being employed. By de Mayo's system, however, five men are able to handle 150 tons an hour. The frame and the machinery employed are made of malleable iron and steel, and a continuous belt runs over a wheel at the top. Specially shaped buckets, triangular in appearance, form the belt or chute. The pins on the belt travel in channel irons so as to keep rigid on one point. In the wheel at the top are notches which catch these pins and throw over the buckets.

If the slanting side of the bucket were long enough to project over the open chute that runs into the coal port of the ship it would catch and tear the machine to pieces. But the inventor utilises gravity and the force of the coal itself. Thus, the contents of bucket No. 2 assist in conveying the coal in No. 1 bucket into the open chute, while No. 3 assists No. 2, and so on.

The invention is a most ingenious one, and should minimize considerably the present difficulty in coaling liners. I believe, however, the time will soon come when nothing but liquid fuel will be employed, and then we shall be able to say good-bye to bunkers and stokers and solve forever the perplexing questions regarding the speediest methods of "coaling" our fleet.

Marie Met Her Match.

There was recently a passage-at-arms between Miss Marie Corelli, the novelist, and a certain Miss Coals, a schoolmistress, who has a class immediately across the street from the writer's home. Part of the school exercises, it seems, consist in the study of music, and this proved particularly disagreeable to Miss Corelli. So the following note was sent across to the music teacher:

"Miss Corelli presents her compliments to Miss Coals, and begs that she will be good enough to arrange so that there may be no singing class between the hours of 10 and 1, these being Miss Corelli's working hours, when distractions are peculiarly distasteful."

The bare-armed maid who bore this rather unusual missive was detained long enough to bring back the answer. It ran:

"Miss Coals presents her compliments to Miss Corelli, and begs to state that if such a course is likely to prevent the writing of such a book as 'The Sorrows of Satan,' she would rejoice in arranging a singing program for every day from 9 to 3."

Advice on Marriages.

Tennyson once attended a dinner where G. L. Craik proposed "The Ladies." In doing so he recalled the cynical advice given by a brother Scot to his children: "Tak my advice and dinna marry for siller. You can borrow cheaper." Some time lated Tennyson, at his own table, repeated Mr. Craik's story, but expressed the idea without attempting dialect. His son, Hallam, remarked: "Surely, father, Craik did not use those words." "No, he did not. But then Craik is a Scotchman and I am afraid to venture on repeating him exactly. However, it's almost as good in English as in Scotch and it's tremendously true in both."

An opportunity for a young man to start business for himself

There are hundreds of young men throughout the country, who have mastered the details of merchandising, and are now dreaming of the time when they can be proprietors—many of them with a few hundred dollars laid by for the purpose.

Nearly every prosperous well rated merchant of to-day, made a beginning in a modest way.

At the very outset such young men as we have in mind—such as are capable, thoroughly in earnest, reliable, and have saved a little money, say enough to fit up a store and pay for part of their stock, can make a connection with our house, and in short order, they can be at the head of an establishment where men can be outfitted with the best of clothing.

The clothing business is an attractive proposition. It is a live one—always something doing.

We shall be pleased to correspond with men who have decided to make a start for themselves in some live town or city, and who can show some tangible evidence of an earnest effort in that direction, with a view to extending the sale of our "Male Attire" brand of high class tailored clothing.

We propose as part of our scheme to give free advertising and promotion.

The Male Attire Co., Montreal

Corticelli SPOOL SILK

For dressmaking and family sewing **Corticelli Silk** is the best silk made. For hand or machine use it has no equal. Corticelli Silk runs smoothly in the needle; it is always even in size and always full length and full strength. Ask your dealer for "Corticelli," and refuse all substitutes.

Corticelli Wash Silks....

are put up in patent holders, which prevents waste by tangles or soiling; keeps each shade separate, and automatically measures a correct needleful. Recommended as the only proper way to put up filo and floss silks, and used by art societies everywhere.

Corticelli SKIRT PROTECTOR

is of firm and even texture. When soiled, a sponge or brush makes it clean again, and no damage done. It has peculiar wearing qualities and perfectly straight selvage. For sale everywhere.

Free for a Post Card

It costs just one cent for you to get relief from Kidney and Bladder Troubles. A simple request on a post card brings a free sample box of Gin Pills. We don't ask you to buy. Simply try Gin Pills at our expense, and let them prove themselves all that we claim for them. And we know the samples will do you so much good that you will voluntarily buy Gin Pills until a complete cure is effected. We intend to give away

100,000 Boxes Free of Charge

in order to show our confidence in this remedy. We know what Gin Pills will do. We have implicit confidence in their power to relieve and cure all Kidney and Bladder Troubles. We know that you have only to try them to believe in them.

Gin Pills Never Fail to Cure.

All over Canada, Gin Pills are known as a certain and speedy cure for Inflammation of the Kidneys; Gout and Rheumatism, caused by uric acid in the blood; Catarrh of the Bladder; Painful and Suppressed Urination; "Burning" Urine; Gravel or Stone in the Bladder; Bed Wetting; Pains in the Back, and all other Kidney and Bladder Troubles.

Each Gin Pill contains all the medicinal properties of one and a half ounces of best Holland gin, without the alcohol, and combined with other curative agents of recognized value.

Don't Delay—Write To-day.

Don't put this off. If you have any of these troubles, don't run the risk of Bright's Disease or Chronic Cystitis. Write for a free sample of Gin Pills, and start yourself along the road to a certain cure.

Use a post card, ask for a free sample of Gin Pills, say in what paper you saw this advertisement, and sign your name and address. Write to-day—now—to

BOLE DRUG CO., Dept. 2 Winnipeg, Man.

Premier Whitney's Troubles.

Premier Whitney has been caught in the meshes of the autograph quilt craze, whose ramifications extend over the length and breadth of Canada. The modus operandi is as follows: The victim receives a letter, always from a lady, informing him that the writer, if not the secretary or president, is a humble member of a sewing society in such and such a locality. At the moment of writing the members of the society are engaged in making an autograph quilt, to be raffled for or sold, the proceeds to go to some mission or other charitable organisation. If the recipient will forward a contribution—the sum of one dollar is usually asked—together with his autograph, a fac-simile of the latter, will be stamped or worked into a section of the quilt. The Premier, it is said, has been "held up" in this manner many times since his accession to power, having on one day recently received eight such requests. His friends feel that this is a species of blackmail of a peculiarly aggravated type, but admit that a remedy to prevent public men being subject to it is not easy to find.

KELPION

A PERFECT HOME REMEDY.

A Preparation—not a Patent Medicine.

Endorsed by best English Journals. Supplied to Imperial Soldiers in South Africa.

Bronchial Wheezes and Spasmodic Troubles, Flagging Energy, Nervousness, Old Sores, Ulcers, Poisoned Blood, Eczema, Pimples, Rash, Boils, Neuralgia, Rheumatism, Sciatica, Headache, Pains, Colds, Sore Feet.

THE MAKING OF CANADA

DEATH OF LORD NORTON RECALLS HISTORIC EVENT.

He It Was Who Piloted the British North America Act Through the Imperial House of Commons — Where Canada Was Born—Final Draft of Act Creating Dominion of Canada Was Made at Hams Hall.

To-day, writes S., in The London Daily Mail of April 1, the mortal remains of the nonagenarian, Lord Norton, will be laid in their last resting-place at Lea Marston Church, which stands close by Hams Hall, in Warwickshire. The aged Peer had so much outlived the generation which knew him best that few will quite realize how vividly interesting a chapter of Imperial history is thus brought to a close. Charles Adderley was not gifted to any remarkable extent with those platform arts which lay the foundations of a great political reputation. Straight and simple in style of speech, careless, rather, as to whether he won or missed distinction, but deeply in earnest about many things which tend nowise to the gaining of popular applause, though they make largely for the sweetening of human life, he missed greatness, yet won universal esteem.

Some years ago I was his guest at Hams Hall. He was over eighty, yet full of energy, and seemed to take a delight in spending some hours of a summer afternoon showing me over the gardens which surrounded his beautiful home. His memory of the past was fresh and vivid, and, less than half his age, I felt myself carried back at times which seemed almost historical as he spoke of his earlier political experiences and the men with whom he had been brought into close contact during an active political career.

Where Canada Was Born.

We lingered for a while on the broad terrace of the hall, admiring the soft beauty of the Warwickshire scenery. Then quietly, and, as it seemed to me, with special care, the old gentleman had seats arranged, and we sat down. He looked at me for a few moments, and his strong, kindly face lit up with a smile of proud remembrance.

"Do you know," he said, "that you are sitting on a spot which may some day become famous enough to draw many pilgrims from far distant parts of the British Empire?"

I expressed surprise and interest.

"It was just there," said Lord Norton, "that the final draft was made of the British North America Act. It created the Dominion of Canada, and laid down the great principle that the British Colonies shall be free, self-governing nations, and not mere dependencies of the mother country. I was most earnestly convinced that this was the right policy to pursue; but there was great opposition from a portion of the Canadian people, and my chief, Lord Carnarvon, doubted whether we should go on with the scheme, especially as we knew that there would be much opposition to it in the House of Commons.

"We spent an afternoon on this terrace earnestly considering it from every point of view, and I pressed my opinion as strongly as possible. Lord Carnarvon acknowledged that I should have the hardest task in piloting the bill through the House of Commons, but I did not shrink from that, though it might have meant the ruin of my Parliamentary career. Finally, we agreed on the main principles, and then we sat down here and put the scheme into shape. I am proud of that afternoon's work, and I love this terrace because it is so closely associated in my memory with what I think was the most important work of my public life."

Beginnings of Imperialism.

Lord Norton did not mention dates, but I think the scene he was recalling must have taken place in the autumn of 1866. He joined Lord Derby's Government in June of that year as Under Secretary of State for the Colonies, and the British North America Act was passed in 1867. I recalled to his mind the vigorous opposition to the measure by Mr. Bright and other prominent Liberals.

"Yes," said Lord Norton, "it was a very anxious time for me. Bright was a giant in debate, and on the face of it he had a strong case, for the Canadian local elections had gone against the view we were taking. But I was sure that the choice lay between confederation and loss of some of our North American colonies. They would have joined the United States.

"I never quite grasped Bright's view. My own anxiety was to make the Colonies strong, self-contained nations, linked to us by the Crown, but not under any kind of irksome control from London. The fact is that after studying Colonial questions closely I came to the conclusion that the Colonies had got to learn how to govern themselves, for we could not understand them enough to do it properly from London, and any kind of friction was likely to break the slender ties. They were farther away in those days," the old statesman added with a smile.

A Sound Compromise.

"Bright and many other Liberals," he continued, "believed, I think, that it would be better for us to relax all efforts to influence the Colonies, and that if they slipped away entirely it would be rather a good thing—save us the cost of defending them, and the risks of being drawn into quarrels through anything they might do. I thought, on the contrary, that we should hold them as free partners in the Empire, and that was the aim of my policy. I did not believe that we could bring them into union as we have brought Scotland and Ireland. Distance put that out of the question, and with the astonishing example of the United States before us we had to lay a foundation on which great nations might be raised.

"I think my views were a practical and, I hope, a very sound compromise between the idea of positive union, or mere paternal control, and the school represented by Bright, which regarded the Colonies as something of an encumberance. On the whole, I am well satisfied; indeed, I may say not a little proud of the action I was able to take."

THEIR WHITE CHIEF.

Notable Maori Ceremony in Honor of Earl of Onslow's Son.

It is not often in real life, says London Sphere, that a white man can be chief to a dark skinned tribe, but such is the distinction which was conferred at his birth upon the Hon. Huia Onslow.

At the time the Earl of Onslow was Governor of New Zealand. He had always taken a keen interest in the native race, and when Lady Onslow gave birth in the colony to a son the baby was named Huia, a Maori name given by way of compliment to the tribe of the Ngathuias. Apart from the tribal distinction the name was bound to be liked by the Maoris, for they regard with reverent respect the slender quill of the huia bird, and at every gathering the huia feather worn in the hat is a conspicuous feature of the Maori dress. So the christening was a popular one.

So proud were the Ngathuias of the distinction that they determined that in reality the young rangatira (the native term for one of high rank) should be formally inducted as chieftain of theirs and the comprehensive tribe of the Ngatiraukawa. So, in 1891, when the rangatira was a year old, a great ceremony of induction was held and the Hon. Huia Onslow became one of the hapu of the Ngathuia.

The Maoris themselves knew that it was no light honor they were conferring, for they are probably more jealous of blood descent and prouder of their ancestry than any nation. Inductions of this kind are rare, and much significance is attached to the ceremonies.

In due time the Onslows left New Zealand; but when it was announced that Lady Onslow, with the Hon. Huia and Lady Dorothy Onslow, was about to visit the colony recently the Maoris of the Ngathuia and the Ngatiraukawa tribes began preparations for a ceremony that should be no ordinary welcome to their young rangatira.

After their arrival at Wellington the visitors traveled by road to Otaki, where the reception was to take place. Hundreds of other white people traveled, too, with the idea of witnessing what was to be a unique function.

But the Maoris attributed to the affair a kind of sacred importance, and very few pakehas succeeded in obtaining admission to the grounds of the Raukawa, the meeting place, for to them it was no ordinary show to bring in shillings at the gates, and the few white people inside the enclosure were thought worth envying.

The Prime Minister and his party, Sir Joseph Ward Bishop and Mrs. Wallis, Dr. P. Omare (Maori medical officer) and Col. Porter (whose native wife, a princess of the highest rank, has recently died) were among the pakehas invited by the Maoris.

At the railway station chieftains of the tribes were waiting to extend the first welcome, and an escort of Maori troopers, preceded by a brass band, its members native, too, led the way. A troop of Maori girls, wearing native spun mats, danced a powhiri of welcome and excited Maoris sang, shouted and even wept in their enthusiasm. When the guests reached the grounds of the Raukawa old men, who had seemed feeble and decrepit, became young again and chanted, shouted and danced like children. The young chief looked somewhat frightened at the unexpected fervor of his tribe's welcome.

The "marae" or open space in front of the meeting house—the forum of Maori orators—had been turfed into a bright grass lawn, and nikau palms, cabbage trees and graceful tree ferns swayed and rustled as if they had been growing there a hundred years. Excited Maoris thronged forward to see their young chief.

The meeting house was gayly decorated, and before this, under its picturesque thatched gable end, the address of welcome was read to the guests in general and to the young rangatira in particular.

"Welcome, O son! as a bright light for these, your people, and as a parent to them! You are now become an elder among us!"

This was the trend of the matter, but it does not convey the poetically expressed good wishes which only the Maori can compose so gracefully.

A representation of Maori carving formed a quaint setting for the address, and there were pictures, too, of the huia and of the beautiful native church of the tribe. The reader, Rawiri Tahiwi, handed the screed to the Honorable Huia, who, interpreted by Hone Heke, replied to the greeting, expressing his pleasure to much nodding of happy Maoris and many excited little bursts of approval. He told them that he was proud of owning a name so ancient and so honored of the Maoris and so revered by the tribes whose chief he was.

After luncheon the young chief made a speech in spite of rain pouring down upon his bare head. Then there was a continued presentation of Maori mats, carved and inlaid sticks, native weavings of flax and feathers to the Honorable Huia, his mother, and his sister, until a museum of curios surrounded the lad and his friends. He in turn presented to the chieftain of the Ngatiraukawas an inscribed gold watch and a photograph of himself.

Lord Onslow, his father, had sent them a Union Jack, which reminded many that the ensign floating from the flagstaff was itself one of the former Governor's gifts to the tribes who are so loyal.

Mr. Seddon made a speech. Then came a visit of inspection to the famous native church at Otaki, and at last the white chief and his friends bade farewell, to which a wailing chorus of sorrowing Maoris responded, and until distance had hidden the departing ones the lament of an affectionate people rose to the skies, and all was over.

MGR. SBARRETTI.

Personal Characteristics of the Pope's Representative in Canada—An Erudite Man and His Great Work.

Mgr. Donatius Sbarretti was born at Monte Franco, in Central Italy, and comes of an illustrious family. His uncle, Cardinal Sbarretti, died about six years ago. When a young man his excellency was appointed professor of ethics in the University of the Propaganda, and his pupils are to be found all over the world, some of them being now in Canada. He was at the same time secretary of the Congregation of the Propaganda for American Affairs, and later on discharged similar duties in regard to the Oriental affairs of the church. On account of his erudition and increased legal attainments, as well as his fitness otherwise, he was appointed consultor to the apostolic delegation at Washington shortly after its institution, and in that city aided both Mgr. Satoli and Mgr. Martinelli.

At a critical juncture in the affairs of Cuba, following the Spanish war, he was selected by the late Pope as Bishop of Havana. It was a position hedged around with difficulties, but Bishop Sbarretti extricated himself with admirable success. He worked in conjunction with Governor-General Wood, and adjusted most satisfactorily the new conditions of the church to the Government of the island. For twenty months he was Bishop of Havana, and then returned to Washington, being succeeded by Bishop Chapelle, of New Orleans, who is now in the Philippines. From the rank of bishop he was then raised to the titular Archbishopric of Ephesus, and on the transfer of Mgr. Diomede Falconio from Ottawa was chosen to become apostolic delegate to Canada in December, 1902, arriving in Ottawa on January 3, 1903.

Solves Perlexing Question.

At his coming, His Grace Archbishop Duhamel spoke of him as follows: "The delegate comes to us as the representative of the Pope, who sends such delegates to represent him all over the world. Their utterances contribute effectively to the solution of those questions that perplex the holders of temporal power on earth."

Aside from official visits the delegate goes scarcely anywhere. His day is spent very quietly at his residence, "The Highlands," a handsome stone house in a beautiful spot on the new driveway near Lansdowne Park, in the southern end of the city of Ottawa.

His secretary, Rev. Dr. Sinnott, accompanies him everywhere.

For recreation, his excellency indulges in long walks, accompanied by Rev. Dr. Sinnott. Sometimes he is seen in the southern part of the city with Rev. Dr. Lacoste of the university, who is a very frequent visitor at the delegation. He is not fond of driving, for he does not keep a carriage, nor does he drive much at all.

His predecessor, Mgr. Diamede Falconio, visited considerably more than he, though neither of them has been very familiar with any of the people of Ottawa. Mgr. Sbarretti is considered rather distant, though, at the Knights of Columbus' hall, Laurier avenue, where he held his last New Year's reception, he made a very favorable impression by the affability of his manner.

His excellency attends punctiliously all official functions at Rideau Hall, where he takes precedence over all clergy. He comes next to the Premier.

Character of His Work.

Much has been said recently of Mgr. Sbarretti's position in Ottawa, some questions being asked as to what he is supposed to do. He is the head of the Catholic hierarchy of the Dominion. He is the ordinary channel of communication between the bishops and archbishops and the Vatican, though these dignitaries are still required to make their regular visits to Rome.

Since his coming to Canada, his excellency's time has been spent chiefly in the capital, where he has received visits from all of the bishops of the Catholic Church in the Dominion. Only last year he called a conference of several prelates in conclave to discuss the preparations for a plenary council. When such a council is held it will be the first in the history of Canada. It will define the ecclesiastical rules for Canada, much as the plenary council of Baltimore did for the United States.

Mgr. Sbarretti's residence is the same which his predecessor, Mgr. Falconio, used. It stands on a rising ground, between the Rideau Canal and a back stretch of water, called Brown's Inlet, and the new driveway passes in front of it. It was the home of the late F. Rogers, the confectioner and caterer, and was purchased from the estate by Mgr. Falconio for about $11,000. The grounds attached are quite spacious, and very prettily laid out, and the whole place is a sight worth the trip to see it.

Mgr. Falconio, at Washington, holds a first-class delegation, while Mgr. Sbarretti, at Ottawa, holds a second-class. The reason for the difference is in the standing of the countries. Though Mgr. Falconio is not a nuncio, as the papal representatives at Madrid or Lisbon, where they have diplomatic relations at those courts, he is a delegate from the Pope at the seat of Government of an independent nation. Yet the powers of each apostolic delegate, as far as the clergy subject to them are concerned, are equal. But at the Vatican, His Excellency Mgr. Sbarretti would not take precedence over Mgr. Falconio.

MORE WHISKEY.

Canada's Consumption Increases by Some 22 Per Cent.

Some important facts concerning the increased consumption of malt and spirituous liquors are brought out by the tables of trade and navigation returns for 1904 in Canada. The Pioneer points out that they show that for the last year the increased consumption of spirits in 1904 over the average consumption of the preceding four years was 22 per cent. In connection therewith, it calls attention to the great increase in convictions for drunkenness throughout the Dominion.

The figures on which the conclusions are based are these:

Year.	Gallons.
1899-1900	2,523,576
1900-1901	2,707,919
1901-1902	2,933,153
1902-1903	3,207,748
Total	11,372,246
Yearly average	2,843,106
1903-1904	3,481,287
Increase above average	638,181

"The total quantity of spirits manufactured in Canada during the year named was 5,678,153 proof gallons. The quantity manufactured during the preceding year was 4,062,603 gallons. This gives us an increase of 1,614,550 gallons in the quantity manufactured.

"The total quantity of malt liquor manufactured in Canada during the year was 27,335,985 gallons. The quantity manufactured during the preceding year was 25,755,154 gallons. This gives us an increase of 1,580,831 gallons in the quantity manufactured.

"The total quantity of intoxicating beverages of all kinds imported during the year was 3,320,727.

Liquor Consumed.

"More interest attaches to the quantity of liquor actually consumed in Canada for the year. This is ascertained by taking the quantities reported as "entered for home consumption," both imported and manufactured. These quantities were as follows.—

	Gallons.
Canadian spirits	3,481,287
Imported spirits	1,854,056
Canadian malt liquor	27,333,528
Imported malt liquor	567,715
Imported wines	543,627
Total	33,780,717

It is important to note, however, that, notwithstanding the increase of last year, the quantity of spirits consumed to-day is less than that consumed some thirty years ago, when it ran up to nearly two gallons per capita. Last year it was less than one gallon per capita. There has, however, been a steady increase since the year 1897.

The increase in the consumption of malt liquor has been steady, with the exception of a slight reduction that occurred in the year 1903. Thirty years ago it was about three gallons per capita; now it is about five. Taking the consumption of the different kinds of intoxicating liquor in gallons, we find the quantities for each 1,000 of our population during the past seven years to have been as follows:

It will be noted, the article continues, that the quantity of imported wines and malt liquors is comparatively small. There is a great increase in the quantity of Canadian manufactured liquor, both beer and spirits. The quantities of these liquors entered for consumption in the years 1893 and 1894, respectively, were as follows. The figures are for gallons:—

Year.	Spirits.	Beer.	Total.
1903	3,207,748	25,753,402	28,961,150
1904	3,481,287	27,333,528	30,814,815
Increase ,	273,539	1,580,126	1,853,665

The increase in both beer and spirits is large. In dealing with the increase in spirits it is important to notice that not only does 1904 show an increase over 1903, but the consumption in 1903 was in excess of the consumption for the preceding year. In fact, there has been a steady increase in the consumption of spirits for a number of years. Here are the figures for the past five years. It will be remembered that the fiscal year in each case ends on June 30th. Gallons consumed for each one thousand of population:—

Year.	Spirits.	Beer.	Total.
1898	536	3,888	32 4,426
1899	661	3,995	86 4,742
1900	701	4,364	35 5,150
1901	765	4,737	100 5,602
1902	790	5,102	90 5,982
1903	870	4,712	96 5,678
1904	952	4,918	96 5,966

Comparison With Other Countries.

A statement recently issued by the Bureau of Statistics of the United States Department of Labor and Commerce contained a table, giving the quantity of alcohol of fifty per cent. strength consumed by different nations, taking the actual quantities of spirits used, and assuming beer to contain 5 per cent. of alcohol and wine 10 per cent. This statement would show the average per capita consumption of intoxicating spirits of 50 per cent. alcoholic strength to be, in gallons, as follows:—

France	20.21 gallons.
Belgium	7.33 gallons.
Italy..	6.61 gallons.
Germany	5.53 gallons.
United Kingdom ...	4.99 gallons.
United States	3.22 gallons.
Sweden..	3.05 gallons.
Canada	1.21 gallons.

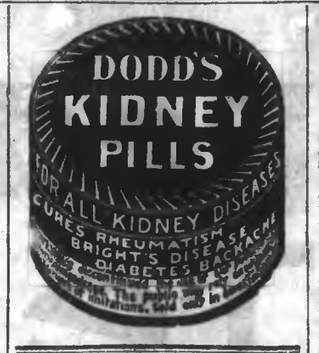
If these quantities are divided by two, the actual average annual per capita consumption of absolute alcohol will be obtained.

No joy or pleasure on this earth quite equals that which comes into the home when baby arrives. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate mite that is blood of their blood

and flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Hudson, of 620 Catharine St., Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since using Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."

For 21 one-cent stamps to cover cost of mailing only, you can get a free copy of that celebrated doctor book, the Common Sense Medical Adviser, 1008 pages. Illustrated. Cloth-bound, 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.



PRIDE OF THE BRITISH FLEET.

H. M. S. King Edward VII. the Most Formidable Battleship Afloat.

Rear-Admiral Sir William May has hoisted his flag as Commander-in-Chief of the Atlantic fleet upon H. M. S. King Edward VII., which is described as the most formidable battleship afloat, and the pride of the British fleet. One feature of the King Edward VII. is the small steel structures half-way up the mainmast. They are the range finders, and by means of electrical and other ingenious appliances they will be able to communicate to the officers in charge of the guns useful information as to the ranges and elevation. This warship's armament marks an advance upon any previous type of British or foreign warship. She has a secondary battery, which includes four 9.2-inch guns, which are of the Mark X pattern, and have the highest velocity of any naval weapon yet designed, throwing a projectile of 380 lbs. in weight with a muzzle velocity of 3,209 feet per second. Mounted on barbet, forward and aft, are four Mark IX. wire guns of 50 tons, throwing their projectiles of 8 1-2 cwt. a 3,000 yards' range.

When the warship is in the largest dock in the world—No. 15, H. M. Dockyard, Portsmouth, her outline is clearly shown. Her curiously-shaped bows and hull necessitated the laying down of two additional rows of blocks on the bottom of the dock for the support of the central part of the ship.

The King himself laid the first keel plate of this huge leviathan on March 8, 1902, and she was launched by the Princess of Wales July 23, 1903.

By the end of the present year there will be half a dozen ships of this type for the fleet.

Romance of a Bank Note.

A man who walked into the Bank of England the other day and laid a £10 note on the counter was surprised to hear the clerk say: "We can't cash this. The note was stopped 23 years ago."

Over 20 years back the note was stopped by a clerk then in the employ of one of the provincial branches of the London and County Bank. It had been brought in by an employe of one of the bank's clients in order to be paid into the client's account, with some loose change.

By a strange oversight the clerk, after jotting down the number of the note and after counting the change, omitted to take the bank note. When he discovered his error note and messenger disappeared. Neither was seen again.

The clerk took counsel with a colleague at the counter, and for the sake of their own prospects the two young men determined to say nothing about the affair, but to bear the loss themselves. Each paid £5 to make good the loss and stopped the number.

The man who presented the note for payment the other day had found it among the papers of his father, who recently died.

The two clerks instrumental in stopping the note were traced, and though both had left the employ of the London and County Bank long ago, each has received back his £5 after the lapse of 23 years.—London Mail.

A Nelson Memorial.

As a memorial to Nelson, a new massive oak pulpit, elaborately carved, with brass hand-rail, has been placed in the parish church at Burnhamthorpe, Norfolk. It is the gift of W. J. Lancaster and Miss Lancaster, and adds greatly to the beauty of the church. At the dedication service there was a crowded congregation, and in performing the ceremony the Bishop of Thetford, from the new pulpit, said: "I now dedicate this pulpit to the honor and glory of Almighty God, and in pious memory of His servant Horatio Viscount Nelson, whom God gave to our country in time of great peril."—London Mail.

The "Singing Revival" in Wales.

The mighty religious movement which was set going last November in Wales by a young village preacher is spoken of as the "people's revival," and as the "singing revival." It spread beyond the limits of the tin mine districts without any formal arrangement or preliminary signs. People in villages far apart gathered to pray, to give "testimony" and to sing, song and spontaneity being the predominant features. Young women with musical gifts volunteered their aid. Whatever there is of theology or doctrine in the movement may be summed up in the simple tenet, "God is love." The effect upon social morals has been marked, and thoughtful sympathisers are planning a social church to focalise and perpetuate influences that have led multitudes to a new way of life. This last is the Wesley problem over again, which resulted in founding the Methodist denomination.

MR. SIFTON'S CAREER.

Sketch of the Life of a Man in the Public Eye.

The Hon. Clifford Sifton, Irish by descent, was born in the township of London, Ont., on March 10, 1861, the son of John W. Sifton, formerly speaker of the Manitoba Legislative Assembly, and his wife, Catharine Watkins Educated at the high school of London, at the Boys' College, Dundas, and Victoria University, Cobourg, he graduated B. A. and Prince of Wales medalist, in 1880, and was called to the Manitoba bar in 1882. Removing from Winnipeg to Brandon, where he commenced the practice of his profession he became city solicitor and solicitor to the Western Judicial Board, and in 1895 was created Queen's counsel by Lord Aberdeen.

In 1888 he entered the Manitoba Legislative Assembly as member for North Brandon, and joined the Greenway administration on May 14, 1891, as Attorney-General and Minister of Education. During his tenure of office he codified the law relating to civil procedure in Manitoba and conducted the negotiations with the Dominion Government on the Manitoba school question. He was one of the representatives of the Province at the Ottawa Reform convention of June, 1893, being elected a vice-chairman, acted as Premier during Mr. Greenway's illness in 1895, and in June of the latter year introduced in the Legislature the resolution refusing to carry out the Dominion Government's order of council for the restoration of separate school privileges to the Catholics of Manitoba. In February, 1896, he introduced the resolutions protesting against the passage of Parliament of the Manitoba remedial bill and in March was appointed a commissioner to meet in conference with the Dominion delegates to dicuss the school question.

On November 17, 1896, Mr. Sifton retired from the Manitoba Government and entered Sir Wilfrid Laurier's administration as Minister of the Interior and Superintendent General of Indian affairs. In the same month he was returned for Brandon by acclamation on the vacation of the seat by D'alton McCarthy and in the autumn of 1897 personally inspected the various inlets to the Yukon region. On his return Mr. Sifton visited Washington and negotiated the arrangement made with the United States Government for the freer passage of Canadian goods into the Yukon. He acted as agent of the British Government before the Alaska Boundary tribunal in 1903 and throughout his official career has devoted special attention to increasing immigration to Canada. Mr. Sifton was re-elected member for Brandon in 1900 and again at the last Dominion elections. He is a vice-president of the Dominion Educational Association and a member of the Methodist Church. Mr. Sifton was married in August, 1884, to Elizabeth Arma, daughter of H. T. Burrows, of Ottawa. In politics he is a "life-long Liberal."

CIVIC BEAUTY.

Architects Urge That More Attention Be Devoted Thereto.

Speaking at the Ontario Association of Architects' convention Mr. J. Horace McFarland, president of the American Civic Association, dealt with the capital of Pennsylvania, and told of the improvements there.

"When you are civically sick send for a doctor. That is all the message I have to bring, and it will fit New York as well as Toronto," was Mr. McFarland's advice. Three experts in sewage and water supply, in parks and in paving had been called in to prescribe for Harrisburg.

"If you do not provide play spaces for your children you are doing your part towards killing them. If you do not make playground children of them they will make slum children of themselves. Put a park in a slum and you need not worry so much about the number of saloons you have around it."

Mr. McFarland said that Boston had reached that stage of civic righteousness when they made open spaces by tearing down business blocks. Business had all outdoors to spread itself in, and the parks and playgrounds should be where the people had immediate access to them.

"Think of your streets with the poles wiped out. The wires for electric utilities will never be put underground until it has to be done, and then it will be done right away quick."

With regard to dwellings, he thought each house should cover a certain minimum of square feet, and a bylaw should be passed to prevent cramped building. The made ground and dumps he described as so many typhoid fever traps. "The Health of the People the Beginning of Happiness" was the motto he adopted from the Brookline public baths.

—Mr. G. Leitch, of the General Electric Light Co., has taken charge of the electric lighting plant here, and Mr. Hall leaves for Western Ontario. — Marmora Herald.

OUT IN THE AIR.

Jes' gittin' out in the air's a boon,
Jes' gittin' out in the air,
When the peace o' God in the mornin' time
Lies roun' you everywhere,
An' the breath o' the flowers an' grass is like
An incense an' a prayer.

The smell an' the feel an' the sense o things,
The song, the shine an' the hue
Seem to sort o' git in a feller's soul
An' to wash it clean an' new.
You feel like you 'ux a part o' them
An' they 'ux a part o' you.

They ain't no use o' misery
An' they ain't no use o' wrong;
They're both jes' discords, an' they don't
To the skeem o' things belong.
Git your soul in tune with the world an God,
An' life grows like a song.

The hills an' the trees to him on high
Sing one eternal psalm;
The great wide reaches o' earth an' sky
Are filled with a nameless calm,
An' the scent an' freshness out o' the fields
Breathe over the soul a balm.

The cup o' blessin' overflows;
They's gladness enough to spare
To every creetur beneath the sun—
Why rob yourself of a share?
Go, drink your fill in the mornin' time
By gittin' out in the air.

—J. A. Edgerton.

A Lot of Honey.

Smith Clark has an entirely original method of extracting honey, says the Pickering News. During the past two seasons he noticed that bees had taken possession of his east chimney. A few days ago he had occasion to use the chimney himself, and about half an hour after putting on a brisk fire honey was discovered trickling from a joint in the pipes. A steady stream for five hours produced about 30 pounds, and later the same weight of comb was scooped out of the chimney. Bees in search of a location are requested to go elsewhere this season.

Sanson's Map of North America.

An interesting map of North America 24 by 27 inches, published by Sanson in Paris in 1692, has been secured by Mr. Alex. Fraser of the Provincial Archieves. Sanson, who was geographer to the King, published maps of North America in 1650 and 1656, both well known, but this later map is more accurate and is of some interest with its nomenclature of early Ontario.

Bedfast for Three Years With Inflammatory Rheumatism

Helpless as an Infant—Now Walks Without Crutches

Wonderful Recovery of Mr. John McCullough, of Oxbridge Ont.

The Claflin Chemical Co., Windsor:

Gentlemen—It is with much pleasure that I send you this testimonial regarding the wonderful benefit I have derived from the use of "Bu-Ju" Kidney Pills. Have been an invalid for nearly three years with inflammatory rheumatism, and was bedfast until about six months ago, when an old friend of the family called to see me, and left me some of your pills. I began to feel the benefit of them after taking one box. I have continued using them, and am now able to get out of bed and dress myself, and can go out without crutches. Before taking the pills I was as helpless as an infant, and had to be taken care of like one.

I honestly believe that your pills have been the cause of my getting better. I have tried about everything that could be thought of as a cure for my trouble, but feel this remedy of yours has done me more good than any of them, and I feel if I were a younger man, that by taking them for another few months I would be well and strong again; but of course I am an old man now, and have not the constitution to work on, but I hope this simple story of the way your pills have helped me will be of value to others. I remain yours truly.

JOHN McCULLOUGH,
Uxbridge, Ont.

TAN SHOES

Tan, Russet and Chocolate Shoes are to be very popular this season with both men and women. My stock has been chosen to meet every demand—correct shapes, not an old shape among them. The models are the most recent and are made to keep their shape until worn out. The prices are right and the leathers are right because they are all new out of the factory.

Tan, Russet and Chocolate Shoes for Men, Women, Misses, Children, Youths and Boys.

Shoe Dressing for all kinds and colors of leather.

To Build Robust Health

start at the foundation of life and health. Assist your organs to do their work properly. Food and drink cannot nourish if your liver is not working right. Dyspepsia and Indigestion follow if your digestive organs are out of order. Constipation cannot exist if your bowels are free. A short course of Beecham's Pills will soon put you right and an occasional one will keep you so.

BEECHAM'S PILLS

will do more to build up robust health and maintain it than any other medicine. They have done this, and are continually doing it for thousands all over the world. If you start now and take BEECHAM'S PILLS occasionally you will certainly benefit to a remarkable degree.

Prepared only by the Proprietor, THOMAS BEECHAM, St. Helens, England.
Sold Everywhere in Canada and U. S. America.
In boxes, 25 cents.

THE HUB WORKS' FLY WHEEL OFF

Gossipy Chat on Goings and Comings in Norwood.

Meeting of the Village Council—History of the New Testament.

(From Our Own Correspondent)

Norwood, May 1st. — Mr. and Mrs. W. E. Roxburgh, are staying with friends in Toronto.

Miss Grey of Peterborough, is staying with her aunt, Miss Eakins.

Mrs. J. B. Pearce attended the wedding of her niece at Belleville on Wednesday.

Mr. Douglas Pettigrew, who has been in Toronto, for some time, is home.

Mr. L. J. R. Richardson, manager of the local branch of the Union Bank of Canada here, is to be transferred at an early date to act as manager of the Union Bank at Wiarton. Mr. Richardson's successor has not yet been appointed.

Miss Ethel Hodge of Montreal, is visiting at "Sneyd Villa," the home of Mr. and Mrs. J. L. Squire.

Mr. Jas. Cumming returned last week after a trip to the West in the interests of the Peterborough Cement Roofing Company.

Mrs. J. Vandervert is staying with friends in Peterborough.

Mrs. A. Sperry of Peterborough, who has been staying with her daughter, Mrs. D. A. Fraser, returned home on Saturday on account of the illness of her sister, Mrs. Thompson of that place.

Mr. Thomas Rogers of London, is home visiting his parents,

Mr. George Stevens of Peterborough, was in town on Wednesday.

The employees of the firm of Messrs. John Finlay & Son, were thrown out of work on Thursday, owing to the fly wheel breaking, which necessitated the closing down of the factory for repairs.

Mr. C. Richardson, son of Mr. L. J. R. Richardson, manager of the Union Bank here, is home from S. P. S., Toronto, for the vacation.

Miss Nellie Davidson, who has been in Toronto, for some time, is home.

Mr. and Mrs. John Nicholl of Lethbridge, who are the guests of the former's parents, Mr. and Mrs. R. Nicholl, spent a few days in Toronto this week.

Mr. G. S. Roxburgh, of the School of Practical Science, Toronto, is home.

The death of Miss Martha Hamilton, occurred at her residence, Queen street, on Wednesday, April 26th, at the age of 74 years. The funeral took place from her residence on Thursday at 4.30 to the Norwood cemetery. The deceased was the daughter of the late Mr. and Mrs. Jas. Hamilton, one of the first pioneer families of Dummer, and has been a resident of the village for the past thirty five years, having been unable to leave the house for the past three. Although she was a great sufferer, she was always bright and had a cheerful word for all her callers, which were many. She will be greatly missed. She leaves two brothers, Mr. Jas. Hamilton, of Strathcona, Alberta, and Mr. John Hamilton, Michigan. Rev. Geo. McLennan, Presbyterian minister, conducted the funeral service at the house, assisted by Rev. E. A. Pickford, the Anglican clergyman, and at the grave by Rev. J. Deacon, Baptist minister. The bearers were Messrs. John McMillan, A. S. Harrison, Richard Nicholl, Colman Elliott, Isaac Paffer and Alfred Finlay.

Mrs. Anderson of Keene is visiting her mother, Mrs. Andrew Davidson.

Mr. William Portney shipped this week one carload of ashes to Boston, Mass.

Mr. W. H. Thompson, commercial teacher in the Picton Business College, and Mrs. Thompson, were the guests of his brother, Mr. J. Thompson.

The Norwood Council met in the Town Hall on Monday evening at 7.30, May 1st, with the following members present:—

C. A. Peckesham, Reeve; Councillors A. B. Greenbanks, Wm. Webster, B. W. Squire, Colman Elliott.

The minutes of the last meeting were read and adopted.

The following accounts were ordered to be paid:

Mr. George Jones, repairing bridges and sidewalks, $2.80; Mr. Geo. Peters, drawing gravel, $1.25; Geo. Heatherly, repairing ditches, $2.06; R. T. Scott, moving fire engine and planks, $2.00.

Moved by Councillors Squire and Greenbanks, that the Park lot be rented to Mr. George Peters for the summer for the sum of $10.00, and for him to keep the fence in repairs, and notice to be placed at the gate that key is to be found for the Park at Mr. McMillen's.

The clerk reported that the assessor had returned his roll for 1905.

Moved by Councillors Elliott and Webster, that the Court of Revision be held on the 29th May, at 8 o'clock.—Carried.

Moved by Councillors Squire and Greenbank, that the request of the Norwood Band be granted, to hold a concert in the Town Hall, Friday, May 5th, and the Hall to be given gratis.—Carried.

Moved by Councillors Greenbank and Elliott, that R. T. Scott, as village constable, his attention be drawn to the bylaw, that all cattle running at large should be impounded.—Carried.

Moved by Councillors Squire and Elliott, that the Reeve, C. A. Peckesham, consult the Village Solicitor, Mr. G. J. Sherry, in reference to the Gypsies camping within the corporation limits, as there are a great many complaints laid by the ratepayers that they are a public nuisance, and to see if it is possible to prohibit them camping within the village.—Carried.

The council then adjourned.

The Rev. Foley, of South Dummer Methodist Church, gave a very interesting and instructive address on "The Origin of the New Testament," before the Methodist Epworth League here on Monday night. In a forty-minute address he rapidly and ably traced the history of the New Testament down from the time of the death of Christ to the state we have it at the present day.

A band concert is to be given in the town hall, Friday, evening, May 5th. This being the first of the season it is hoped there will be a good turn out.

A WONDERFUL CURE OF

RHEUMATISM

THE CAUSE An excess of uric acid and ureates are deposited in the tissues of the body and joints, causing aches and pains which are called rheumatic.

All the various causes of rheumatism, such as the acute, articular, muscular and gout, have the same common cause—**Uric Acid.**

To effect a satisfactory cure the uric acid must be removed. This can only be done by introducing into the circulation a remedy which will dissolve the uric acid and stimulate the action of the excretory organs.

No Case That Ferrozone Can't Cure

The remarkable success of Ferrozone is due to the fact that it attacks the disease in the blood. It goes right to the root and cause of the trouble.

Ferrozone is a perfect solvent for uric acid and quickly destroys its evil effect. It stimulates and quickens the sluggish circulation and drives every trace of rheumatic poison out of the system.

Rheumatism Can't Last If FERROZONE is Used.

We have conclusive proof of this. The strongest possible endorsements from people who have been cured after all else failed. If you suffer from rheumatism yourself, or in case you have a friend or relative subject to this disease, read the following—they tell their own tale.

LIFE-LONG CRIPPLE CURED

Mr. Louis Noll, 15 Fulton street, New York, N. Y., writes: "Ever since boyhood I have been a sufferer from rheumatism. My joints were twisted and swollen, and the pain at times was really intense. I used gallons of liniments, vapor baths, and other treatments, but was first noticeably relieved by Ferrozone. It cured me perfectly after taking twelve boxes."

Mr. Henry Heer, Pharmacist, 23 Eldridge Ave., New York, vouches for Mr. Noll's absolute cure. He says: "Mr. Noll has been freed from chronic rheumatism by Ferrozone. For years he has not been so well, and today shows no signs of rheumatic trouble. It is a pleasure to recommend Ferrozone."

The BEST remedy for rheumatism that science has produced is Ferrozone—it is unquestionably the only sure and lasting cure. Sold everywhere by druggists. Price 50c per box or six boxes for $2.50—by mail to any address if price is forwarded to N. C. POLSON & CO., Kingston, Ont., and Hartford, Conn., U.S.A.

FERROZONE, THE ONE SURE CURE.

EARLY CLOSING FOR KEENE MERCHANTS

Village Improvements in Progress

(From Our Own Correspondent.)

Keene, May, 2.—Mrs. Cummings, of Fenelon Falls, is the guest of Mr. W. Campbell, at whose home her brother, Mr. Arch. Angus, is seriously ill.

Mr. T. J. Wallace and Master Lawrence, were in Keene Friday.

Mr. Wm. Campbell, Jr., who has been attending the School of Practical Science, Toronto, spent Saturday and Sunday in Keene with his parents, before leaving to work on the G.T.P. survey in the West.

Miss Margaret Bryce has accepted the position of leading soprano in St. Andrew's Presbyterian church, Peterborough.

Miss Molly Shaw, who has been in Toronto since the beginning of the year, returned home Saturday.

Mr. Harry Burnham, Port Hope, was in Keene on business Monday.

Mr. and Mrs. Jos. Elmhirst spent a few days with their daughter, Mrs. Dobbin, in North Monaghan, last week.

Miss J. Kennedy returned from visiting in Hastings Monday.

Mrs. Walker of Caledonia, is a guest at the Manse.

Mr. A. Chard, who has been G.T.R. operator at Keene Station for some time past, has left to work on the C.P.R. His successor is Mr. J. S. Dadds.

Mrs. J. Semple and family moved to Peterborough this week.

Mr. Duncan McFarlane, is enlarging his agricultural implement showroom by taking down the partition and making the whole building into one large room. A large door is also being cut to allow machines to move in or out without being taken apart.

Miss Jessie Weir is visiting her brother, Mr. Jas. Weir, at Bridgeport, Waterloo county.

Beginning on May 15th the Keene merchants will close their stores at 8 o'clock on Mondays, Wednesdays and Fridays.

A wharf is to be built at Dunnett's Landing, Rice Lake, this summer.

Mrs. A. D. Anderson, Miss B. Read, Mrs. M. Plunkett, Miss K. McNeil, Mrs. P. Drummond, Mrs. A. Campbell, Mrs. (Rev.) D. D. McDonald, and Miss Nellie Renwick attended the Women's Foreign Missionary Society convention in Peterborough.

Mr. Jos. Wedlock's steam yacht, Mermaid, called at Keene on Thursday.

The Presbyterian Christian Endeavour Society propose holding a social on the 24th.

Miss Carey of Hastings is the guest of Mrs. T. Wedlock.

Keene, April 26th.—The Otonabee Council met on the 17th April, all the members being present.

Jas. Grey was present and asked to be allowed to brush part of the road allowance, between lots 6 and 7, concession 10, for a roadway for his cattle to get to water. On motion he was granted the privilege of brushing the north half of the road.

A by-law was passed, detaching the east half of lot 28 and west half of lot 30, concession 1, from road division No. 8, and the west half of lots 27 and 28, concession 1, from road division No. 43, and forming them into a new road division, to be known as No. 55.

The 25th of May was fixed for holding the Court of Revision, (to be advertised in Review and Examiner).

Thos. Petrie was present, and asked to be detached from School Section No. 8, and attached to No. 12. The Clerk was instructed to notify all interested parties, that it will be considered at a Council meeting, to be held on Thursday, the 25th May.

The Clerk was instructed to send for a tamper for the moulds.

J. G. Weir and Peter Gillespie presented a petition, signed by seventeen ratepayers, asking the council for a grant of $300 to repair the road north of Mr. Gillespie's gate. Referred to Mr. Stewart.

A communication was received from the Keene branch of the Toronto Bank, showing a balance to the township credit on the 1st of April, of $1,370.58.

The following accounts were passed:—

Dickson Co., plank	$ 9 23
R. J. Richardson, 2 cords, wood	
for J. Douglas	3 00
Wm. Hastie, overseer, of Allandale	
roads, snow shovelling	4 50
Walter Dickson, assessing and	
postage, ...	77 00

Assessor Dickson stated that he increased the assessment of 161 ratepayers, aggrevating $381.00, and lowered 21 ratepayers, amounting to $3,685. He found the greatest inequality to be in the village property. The farm property was assessed at two thirds of its value, and upwards. The villages were only one-half and downwards. He increased the village of Keene $9,750 and the hamlet of Coldsprings $10,635. The Assessor has had a very hard task and only by using a great deal of patience, tact and a lot of talking, was he enabled to make the above changes. The cheese factory, eight blacksmith shops, six stores, three doctors, one elevator, the Bank, and one skating rink, each assessed for $350 as a business assessment. The premises occupied by Anderson and Skinner, will come under the 25 per cent. clause of the value of the shop, which will make their business assessment $540. The Hotel under the 25 per cent. clause will be $375.

The Clerk corresponded with the railway and telegraph companies and the Provincial Secretary, to ascertain the number of miles of telegraph wire in the township, with the following result:—C. P. R., 30 miles, $35.00 per mile; The Great North Western, operated on the G. T. R., 19 miles, at $40.00 and 24 miles at $5.00; North American, on the highway, 20 miles at $40.00, 3 miles at $5.00; 18 miles of telephone wires at $185.00 and 18 miles at $7.56.

Council then adjourned till 25th May.

POLITICAL ADVERTISING

Our Leading Statesmen Operating a "Sunshine" Furnace.

An Unusually Interesting Series of Ads. to be Inserted in the Examiner.

With this issue of the Examiner the McClary Manufacturing Co., of London, Ont., commences what promises to be one of the most interesting series of newspaper advertisements ever run in Canadian papers.

The series consists of a dozen ads. showing twelve of Canada's leading statesmen attending the well-known McClary "Sunshine" Furnace. The sketches were drawn by a cartoonist who is well up in character sketching and the illustrations are true representations of the different politicians.

These ads. will not only be interesting but should prove educative as they will give the readers of the Examiner an opportunity to become familiar with the men who are guiding the affairs of Canada. The text in the advertisement is very brief and quite in keeping with the cartoon style of the drawings. Only a phrase is used and they are all interesting as each one is particularly applicable to the politician to whom it refers. For instance the phrase to the ad. in which Sir Wilfred Laurier is used, refers to the Prime Minister's sunny ways, for which he is noted on two continents. The advertisement in which the Hon. R. L. Borden, leader of the Opposition at Ottawa, is used, refers to the Sunshine furnace as being conducive to genial manners and tidiness in the house, characteristics for which Mr. Borden is so well known. The rest of the series is along similar lines and will doubtless prove interesting and educative as well as making one of Canada's most successful furnaces even better known than it has been in the past.

The McClary Manufacturing Co., to whose enterprise is due this interesting publicity, are one of Canada's oldest makers of stoves, ranges, furnaces, enamel and tinware of all kinds. Their business was established nearly sixty years ago and their works have grown from a small shop with three employees to an immense plant with foundries in London and Hamilton, tinware factories in London and Montreal, branch warehouses in seven large Canadian cities and over eleven hundred employees.

Their "Sunshine" Furnace has proved a wonderful success and has already made itself a popular heater from Halifax to Vancouver.

Red Rose Tea is good Tea

—contains flavour and strength of both Indian and Ceylon teas,
—composed exclusively of delicately flavoured, tender, high-grown, juicy fruity leaves,
—yielding strong, rich liquor,
—rigid selection at the plantations and skillful blending at the Red Rose Tea warehouse;
----absolute freedom from contamination,
----leaves never touched by hand after picking.
----The result, in the cup of Red Rose Tea you drink, of all this care in selection and skill in blending proves that

Red Rose Tea is good Tea

Scotland's Favorite Authors.

From its centre at Dundee The People's Friend has cast a net about the circumference of its readers, and asked them of their favorite novelists and their favorite characters in fiction. We are returning to the Confession Album days of the mid-Victorian era. Scott leads, with Dickens a close second, as we see from the forthcoming number. Thackeray wins about a fifth of Scott's 1,346 votes, and Marryatt has only three. These are the deceased.

But the living! Here are surprises. The list is headed by Annie S. Swan, with 756 votes, as against Mr. Meredith's five. Mr. Barrie comes next with 632, against Mr. Rider Haggard's four and Mr. Crockett's five. Mr. Anthony Hope stands at 60. You would perhaps say that the two most popular novelists were Miss Marie Corelli and Mr. Hall Caine. Well, Mr. Hall Caine gains 480 votes, and Miss Corelli three. She ties with Mr. Jerome and Mr. Jacobs! But we all know the relation between Scotland and humor.

Among "characters in fiction," Jeanie Deans is easily first, and, oddly enough, David Copperfield comes second, a nebulous figure, one would think, in comparison with Uriah Heep and Peggotty, and little Emily and Steerforth and Jorkins, and Betsy Trotwood. But is it not curious that no new "character in fiction" has caught the popular imagination of late years.—London Daily Chronicle.

LINEVITCH IS BEING MENACED

Japs Marching North on the Russians in Manchuria--Russians Burn Jap Vessel--Torpedo Boats Attack Jap Shipping--Junction Between Rojestvensky and Nebogatoff to Occur Tuesday--If Russ Fleet Reaches Vladivostock St. Petersburg Thinks Togo Will Be Driven Off Seas.

Fenghushahleng (or Maimaikai), Manchuria, May 8.—Field Marshal Oyama seems to be ready to assume the defensive on a large scale, and activity has already begun against Gen. Linevitch's left. This may be the prelude to another general battle.

The Japanese have concentrated heavy columns on the Liao River and their advance divisions have been in contact with the Russians who are holding the main road from Fakoman to Bashiencheu.

Fenghushahleng is about half way between Tie Pass and Harbin.

Japs Advancing Slowly.

Gadeyadana, Manchuria, May 8.—Since April 29 the Japanese have been advancing slowly and intermittently, pushing forward their columns successively from right to left under cover of a screen of cavalry and Chinese bandits. The advance has resulted in straightening the alignment of the opposing armies. Russian detachments which were far advanced on the flanks being forced to retire. Erdagou, to the eastward, was occupied May 5, but under pressure by the Russians the Japanese later evacuated the place. On the left the Russian cavalry retired behind the Liao River, the Japanese occupying Palaotun, Sanlingan and Batsys.

Japs Burn Shahedzi.

The Village of Shahedzi, on the railroad north of Changtufu, has been occupied and burned by the Japanese.

There was a sharp brush with Chinese bandits on the extreme Russian right yesterday.

It is reported that the Japanese armies in the centre have recently been reinforced. The force at Field Marshal Oyama's disposal, according to information recently received is 38 battalions, or 390,000 men.

The Japanese are said to have armed 25,000 or 30,000 Chinese bandits with captured Russian rifles. The Chinese population has been drafted by the Japanese for road-making and entrenching, and roads are being constructed to Sinminpu, Banchsensee and Nanga Pass.

JAP VESSEL BURNED.

Russian Torpedo Boat Destroyers Attack Shipping on Japanese Coast.

Tokio, May 8.—Four Russian torpedo boat destroyers from Vladivostock appeared west of Hokkaido, off Bubu, Friday. They seized and burned a small sailing vessel and imprisoned the captain and disappeared to the northwest. They were evidently returning to Vladivostock. There is a possibility that they will destroy other small craft, although no reports to that effect have been received.

Although none have been sighted, it is believed that the larger vessels of the Vladivostock squadron accompanied the torpedo boats. It is doubted that the torpedo boats would venture across unescorted in the heavy sea which was running when they burned the sailing vessel.

The Russians poured kerosene on the deck of the sailing vessel and withdrew, after having ignited the oil.

To Join on Tuesday.

Paris, May 8.—It is learned here that the juncture between the fleets of Admirals Rojestvensky and Nebogatoff is expected to take place to-day or to-morrow.

Large Fleet Off Borneo.

London, May 8.—A despatch to The Daily Mail, dated Labuan, British Borneo, May 6, says: "The steamer Chingmal reports that Friday night she passed a fleet of warships and other vessels off the Mantanant Islands, northwest of Borneo. The warships apparently were coaling."

A despatch from Labuan to Reuter's Telegram Co. reports that the fleet sighted was a large one in two divisions, showing lights but stationary and with the appearance of being engaged in coaling.

Can Drive Togo Off the Sea.

St. Petersburg, May 8.—Admiral Nebogatoff's junction with Vice-Admiral Rojestvensky is now considered by the Admiralty as practically assured, and hope for a successful issue in the approaching struggle for mastery of the sea is greatly encouraged thereby. If the fleet reaches Vladivostock intact, however, naval officers here claim that Rojestvensky could drive Togo off the sea and leave Field Marshal Oyama's army stranded in Manchuria.

WHY JAPAN IS ANGRY.

Kamranh Bay Held For 10 Days As Russian Base.

London, May 8.—A telegram from Hong Kong to a news agency gives a long despatch which it is alleged the French authorities at Saigon refused to transmit on April 30, detailing how for ten days the Russian Pacific squadron was allowed to convert Kamranh Bay practically into a Russian base, freely coaling and provisioning openly under the direction of Prince Lieven, captain of the interned Russian cruiser Diana, the French admiral, de Jonquieres, being present the whole time and until April 28 making no attempt to check the breach of neutrality.

Tokio Is Raging.

Special despatches from Tokio to the London morning newspapers represent that Japanese feeling is becoming highly inflamed at France's alleged failure to prevent ostentatious disregard for the principles of neutrality by the Russian Pacific squadron. The Tokio Asahi bluntly declares the French assurances that they would preserve neutrality as falsehood and declares that Japan would be justified in bombarding French territory and calls upon the Government to take vigorous action.

The Usual Denial.

St. Petersburg, May 8.—Private advices received here from Paris say that the Governor-General of Indo-China, M. Beau and the French admiral, de Jonquieres, report that the renewed Japanese complaint of a violation of French neutrality is unfounded.

"Times" Gives Warning.

London, May 8.—The Times, in the course of a strong editorial warning to France of the extreme danger and gravity of the situation in the Far East, and appealing to that Government not to treat the Japanese protests lightheartedly, says it has reason to believe that Foreign Secretary Lansdowne has spoken very strongly to the French Government on the branches of neutrality permitted to the Russian Pacific squadron.

HARD ROW FOR ZEMSTVOISTS.

Papers Forbidden to Publish Proceedings of Reform Gathering.

St. Petersburg, May 8.—The Government's displeasure at the proceedings of the zemstvo congress at Moscow and the constitutional project which was outlined on Friday was manifested by an order served yesterday on all newspapers, forbidding further mention of the congress. At the same time the St. Petersburg authorities broke up the meeting of the congress of engineers. The police interrupted the session yesterday, ordering the delegates out of the city. The engineers will attempt to continue the meeting to-day in Finland.

Tore Police to Pieces.

Ekaterinburg, Russia, May 8.—In revenge for the death of a workman, who was drowned in attempting to escape from a patrol, a mob of workmen gathered and tore to pieces two police officers. Order has been restored.

Russian Spy Is Fined $250.

Singapore, Straits Settlements, May 6.—Vladimir Antonovitch, the alleged Russian spy who carried a passport made out in another name and who was arrested on the fortified Island of Brvar and arraigned in Singapore April 29 on the charge of being on Government property without authority, was sentenced Saturday to three months' imprisonment for trespassing and was fined $250 for being found in possession of sketching materials in a fortified place. Antonovitch has given notice of an appeal.

MARSHALL OYAMA AGAIN MOVING

SAID to be Pressing Linevitch East and West.

Russian Hospital Ship Arrives at Saigon.

Special to the Examiner.

Oyama Advancing.

St. Petersburg, May 8:—The news from the front indicates that Field Marshal Oyama is pressing Gen. Linevitch's advance posts east and west of the railway with considerable force as if about to undertake a general offensive movement.

Nebogatoff's Approach.

Saigon, May 8:—The Russian hospital ship Kostroma arrived here today which indicated the approach of Admiral Nebogatoff's squadron. The main Russian squadron is said to be off the coast of Annamu.

YOUR YARD MUST BE CLEANED BY MAY 15

The time limit for the cleaning of cit/ lanes and yards is May 15th. So far the Health Officer says the cleaning operations have progressed very satisfactorily, though in some quarters no efforts have been made to comply with the rules of the health department as yet. The Chief further added that there is no excuse this spring, like last year when the public had the reason that the winter lingered so long there was no time to make the clean-up before May 15th. The health officials intend seeing that the law is enforced.

D. BELLEGHEM,
Issuer of Marriage Licenses
No. 190 Hunter Street, Peterborough

MRS. FRANK DIXON TAKEN TO HOSPITAL

On a Visit to Parents From Oshawa and is Taken Ill.

Mrs. Frank Dixon, who is here from Oshawa visiting her father, Mr. John Tighe of Smith street, was taken very ill and removed to the Nicholls Hospital on Saturday. Mr. Dixon came from Oshawa to see his wife, who it is feared, is seriously ill. She has been unwell for some time, and the disease took a change for the worse a few days ago.

ARMY MEETING WELL ATTENDED

Lt.-Col. Gaskins and Party Were Here Yesterday.

Lieut. Colonel and Mrs. Gaskin left town this morning on the 7.12 train for their home in Toronto, after spending a very enjoyable and profitable week-end in Peterborough. On Saturday night, although stormy, a good crowd gathered to welcome the Lieut. Colonel and his wife, and enjoyed the meeting very much. On Sunday morning the subject "Anchors" was handled in a very able manner. In the afternoon the Lieut.-Col. spoke for some time on the progress of the army, in addition to giving an address on "Naaman, the Leper." At night the attendance was large. The Lt.-Colonel's remarks were on the publican's prayer, "God be merciful to me a sinner." In the prayer meeting that followed four came forward. Ensign Edwards, of Montreal, also assisted in the meeting. The Ensign will remain in town until to-morrow when he will go to Port Hope with Adjt. Jennings to make arrangements for a meeting there on Wednesday night to be led by Commissioner Coombs.

ALTERATIONS TO THE "SOVEREIGN"

Former Passenger Steamer Will Be Made Into Tug.

Work on the alterations to the steamer Sovereign, which had been stopped on account of the seizure of the vessel by the workmen who were employed on her last season, has been resumed, consequent upon the claims of the workmen being settled by the former owners, the the boat will be in shape to take up the work of towing in the near future.

The upper deck is being taken off and other changes being made, which will make the steamer into a first-class tug, after which she will be put into commission. Mr. Meldrum contemplates using the steamer in connection with his elevator and cereal mills, and it is probable that, if there is a demand for her services, she may be rented for towing purposes.

GLUE FACTORY NOT WANTED

Even Guelph Turns Down the Industry.

No city seems to want the glue factory, which was a possibility for Peterborough, as the following despatch from Guelph shows:

"Mayor Sleeman yesterday announced that the Canada glue factory would not locate in Guelph as it contemplated doing, but would go to Brantford. There has been strenuous opposition all along to their settling in Guelph, and apparently this has had its effect, though the reason cited is the excessive rate, quoted them by the street railway company for transporting cars from the shipping points."

Felt Weak and Nervous.

Had Faint and Dizzy Spells.

These symptoms arise from a weak condition of the heart and nerves. Wherever there are sickly people with weak hearts and deranged nerves,

MILBURN'S HEART AND NERVE PILLS

will be found an effectual remedy.

Through the medium of the nervous system, they impart a strengthening and restorative influence to every organ and tissue of the body.

They restore enfeebled, enervated, exhausted, devitalized, or overworked men and women to perfect constitutional power.

Miss Maggie L. Cleveland, Bayswater, N.S., tells how she was cured in the following words:—

"I was sick for the past year, and became thoroughly run down. I had faint and dizzy spells, and felt weak and nervous all the time. I tried numerous remedies, but could get no help. I then read in the paper about Milburn's Heart and Nerve Pills, and got a box of them. Before I had used one-half the box I began to get better, so got another one, and by the time the two were finished I was as well as ever."

Milburn's Heart and Nerve Pills, 50 cents per box, or 3 for $1.25. All dealers, or THE T. MILBURN CO., LIMITED, TORONTO, ONT.

FOR SALE

That commodious and up-to-date residence at present occupied by the undersigned, No. 322 London street, comprising one-quarter of an acre of land, on the corner of London and Rubidge streets. The house contains 13 rooms with all modern improvements, water and sewer connections, brick stable and driving shed and complete outbuildings. Will be sold reasonable. Immediate possession can be given. For particulars, apply to Adam Hall, 327 George street. dtf-3114

PAINFUL PERIODS

CANADIAN WOMEN FIND RELIEF

The Case of Ellen Walby is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that menstruation is the balance wheel of a woman's life, and while no woman is entirely free from periodical suffering, it is not the plan of nature that women should suffer so severely?

Ellen Walby

Thousands of Canadian women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Ellen Walby, of Wellington Hotel, Ottawa, Ont., writes:

Dear Mrs. Pinkham:—

"Your Vegetable Compound was recommended to me to take for the intense suffering which I endured every month and with which I had been a sufferer for many years getting no relief from the many prescriptions which were prescribed, until, finally becoming discouraged with doctors and their medicines I determined to try Lydia E. Pinkham's Vegetable Compound, and I am glad that I did, for within a short time I began to mend and in an incredible short space of time the flow was regular, natural and without pain. This seems too good to be true and I am indeed a grateful and happy woman."

Women who are troubled with painful or irregular menstruation, should take prompt action to ward off serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

MISS DICKSON'S CHINA LETTER

Former Y. W. C. A. Secretary Writes of Her Experiences

How Chinese Celebrate Birthday of Idol —A River Trip.

The many friends in Peterborough of Miss Agnes Dickson, of Fenelon Falls, but for some time General Secretary of the local Y.W.C.A., will be interested in the following letter received from her from China, where she is now engaged in missionary work:

Some days ago we visited the temple in which the treaty between U.S. and China was signed in 1844. It is also the place where General Amaral's head and arm were hidden for a long time in 1849. He was a Portuguese governor who ordered a railway cut through a Chinese burying ground. One day as he was riding beyond the barrier a Chinaman met him, and presenting him with a bouquet with one hand, stabbed him with the other. Then they cut his body into pieces and hid it.

Yesterday morning I was out for an hour with a Bible woman. We visited a house where there were six or seven women; she talked for some time, and one seemed deeply interested though she smoked all the time, exhaling the smoke through her nostrils. I could not say very much to them beyond the fact that God loved them and that I would pray to Him to help them; they understood that much, for which I was glad. I heard them asking See Lee, the Bible woman, where I was from, how long I had been studying and what I ate; one of the women asked me if I would not speak some doctrine too.

Yesterday was the birthday of one of the leading idols. All over the city booths were erected, with shrines for worship, the din of tom-toms, cymbals, fifes and drums was deafening. I saw one of the larger shrines. The people bring small

Gaily Dressed Inmates.

ornamented with all manner of bright, paper flowers, tiny shrines, etc. These they take home after the celebration, others are put up there for sale. There must have been fully 100 in one recess, every variety of bright colours. To-day, I believe, they were to dress the idols in different garbs and burn some of the images. There was a sort of Punch and Judy show given in honour of the idol, gaily dressed puppets moving about, going through all manner of antics, dancing, gesticulating, etc. Some of the figures had some most fierce faces, and brandished battle axes. I do not think the people really could have believed in any of it. They were carrying all manner of edibles to the shrines, which they soon carried home again to eat. After the birthday of an idol rockets are sent up for each of the small images at the several shrines. A man comes out with a long pole, on the top of which is an inscription, stating what special blessing the image will give for the coming year. Then the rocket is shot off and men scramble for the stub as it falls. Whoever gets it pays for the idol for one year, and then it is carried by a triumphant procession. In the procession is an enormous head, with rolling eyes and ears, and a huge red tongue. From the back of the head is a long var-coloured drapery. One Chinaman gets under the head, and another under the drapery, as the procession moves on they raise the head high and turn it from side to side. When the idol reached the destination firecrackers were set off in great numbers, and the lion executed a grotesque dance over them, bowing its head repeatedly to the ground before the idol. The whole is accompanied by deafening drums, cymbals and fifes.

Trip to Shek Ki.

March 22nd.—Mr. and Mrs. McKay and myself went up to Shek ki for the Communion on Sunday. How I wish you could have seen us. The passenger boat is an enormous junk, towed by a small launch. At first Mrs. M. and I were in a cabin about 10 by 5 ft., with about thirty women all seated on the floor, standing was impossible. However, before the boat moved we were transferred to a like cabin on the other side, with a few occupants. Here we were fairly comfortable, seated on low Chinese stools. The men occupied the upper deck, the women the lower. The front part of the junk was closed in for the purpose of packing pigs, ducks, hens, etc. The Bible women preached to the women a large part of the way up to Shek ki, which we reached about 1.30 p.m. The native preacher and one of the women met us and conducted us to the church, over which we lived for three and a half days. It is in the part of the city outside the wall, but thickly populated, as the place has grown largely outside. The streets along which we walked were formed of oblong pieces of stone about 36-12 inches and three broad—they are very nice to walk on, but like every other Chinese city there is no sewerage, so one does not do well to have very keen sense of smell or sight. We got fairly inside before it began to rain heavily, then it poured like a cloud-burst for two days, so we were not outside the door until Tuesday. It was more like a camping party than anything else—

My Pine Bed

heightened the comparison somewhat.

We had to sleep on bed boards (that is just like the tea-meeting tables at home, only lower,) however they gave us fairly thick "miu tois" or wadded comforts, to put over them. We were completely shut in from everything and took our exercise walking up and down the big room. However, we were not idle, for my organ was there and between meetings we were either singing English for ourselves and the Chinese who understood it, or Chinese for those who did not. That crowd sat for nearly three hours much more quiet than any home congregation and eagerly drank in every word. It was one of the most inspiring meetings I have ever attended.

We walked part the way round the city wall; it is broad enough for four carriages to ride abreast and its outer edge is protected by a palisade. The part of the city within the wall is but in at night by heavy doors. We called on several Chinese families and for the first time in my life I had the novel experience of hearing shouted after us "come and see the "fau kwai" (pronounced fau gwy) i.e., 'foreign devils.'" It was not said unkindly, but much as we would say "come and see the Chinese." We had the proverbial cup of tea everywhere. The only conveyances are sedan chairs. We rose about 5.30 on Wednesday and were soon homeward bound. The view was so pretty, the low lying rice fields along the shore extending back about 150 feet were much like the part of the Gull River, in from Cameron Lake (where the reeds are.), in many of these we saw the man wading behind the water buffalo, ploughing or hoeing with enormous hoes, the blades fully one foot deep. The river is about 150 feet wide.

AGNES ISABEL DICKSON.

State of Ohio, City of Toledo, } ss
Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

PETERBOROUGH MAN GOT FIRST PRIZE

At the Cavan Spring Show, Held in Millbrook.

The Cavan Spring Show was held in the Driving Park, Millbrook, on Tuesday, and notwithstanding the very disagreeable weather, a number of horsemen from Peterborough, Cavan, Bethany and Millbrook attended, and all showed excellent specimens of horse flesh.

The Prize Winners:

Imported Heavy Draught—J. Jacobs, of Peterborough; R. Shaw, Millbrook; J. W. Lowes, Bethany.

It took a long time to make a decision in the above class.

Hackneys—Jos. H. Staples, Ida.

Standard Bred—Ira Nattrass, Millbrook, A. Holmes.

Canadian Bred Heavy Draught — George Berry, Cavan.

Judges—R. Skuce, Emily, Jas. Baptie, Cavan, Jas. Wood, South Monaghan.

Test the Kidneys

Allow the urine to stand in a glass vessel for twenty-four hours, and if at the end of that time it is clouded or has left a sediment in the bottom of the vessel, you may be sure that your kidneys are diseased. As a means of invigorating the action of the kidneys and making them strong and healthy there is no preparation so prompt and none so thorough as Dr. Chase's Kidney-Liver Pills.

Takes Carbolic Acid.

Brantford, May 8.—Herman Vanderlip, a farmer living about two miles from this city, committed suicide early yesterday morning by taking carbolic acid. It is supposed Vanderlip was temporarily insane when he did the act. He was fairly well off and the father of a family.

Premier Roblin Ill.

Winnipeg, May 8.—Premier Roblin is seriously ill here with acute pneumonia.

PROF. CLARKE AT ST. LUKE'S

Preached Two Sermons in That Church Yesterday.

Morning Subject: "Christ the Shepherd —We His Sheep."

There was a large attendance yesterday morning at St. Luke's church notwithstanding the inclement condition of the weather.

Rev. Prof. Clarke preached the sermon, taking as his text the words "I Am the Good Shepherd" from John 10: 11. He gave a most eloquent and simple address and those who had the pleasure of hearing him could not fail to be profited.

Christ was compared to a shepherd and the world to his flock. He shielded them from all danger as David of old did his sheep from the bear and the lion. The earliest representation of Christ was as the "Good Shepherd" and he has called us "His sheep and My sheep." "We all belong to Him and He is the proprietor" said Prof. Clarke.

God had made all things by just speaking the word "and it was done," but when Christ redeemed the world it was not so accomplished. He had done much and endured much that we might live. That was the Shepherd. The world the people. He had said "I know my sheep and am known of mine." No other voice but His has been recognized. "Come unto me and I will give you rest." His was the true voice which giveth peace in God. He has said 'know my voice."

In the Oriental countries it is the custom for shepherds to always lead their flocks. Not going behind and driving them as in the Occident but going before and calling them by name. Jesus calls us by name and has gone before to prepare a place for us. He has suffered in agony on the Cross and came from Heaven to minister to us. The sheep are to walk as he directs and where he leads the way. We should claim Christ as our shepherd and He would be faithful to us to the end.

The great day for us was Christ's Incarnation who being in the form of God emptied himself and became as one of us with the passions of man.

He will not cast any one out, but he says "I came not for the righteous but for the sinner. He had sought for His sheep that they might follow Him. There were ninety and nine in the fold and one was lost out on the mountain side. The "Good Shepherd" had sought for it till He had found it and brought it safely back. He had surely been with us in the past and we had His promise "Lo, I am with you always even unto the end of the world."

The sheep may be willing enough but they need the guidance of the Divine Spirit in their imperfect way of doing good. We can do nothing of ourselves but through Him that leadeth us.

Then when all is over He is waiting to receive us. We are to trust in God and He will do what is best. The "Good Shepherd" will meet us in the night of God and will be able to say "Ye were as sheep gone astray but now are back in the fold for evermore."

In the evening Rev. Prof. Clark preached to a very large congregation, including many denominations, from the text, Acts xxvi, 8.

MRS. MARY GREGOVICH

Of Philipsburg, Montana, Tells How She Was Cured of Dandruff.

Mrs. Mary Gregovich, of Philipsburg, Montana, under date of Nov. 26, 1899, writes: "I had typhoid fever this summer, consequently was losing my hair terribly, and my head in places was perfectly bald. Newbro's Herpicide had just come into use in Philipsburg, and the doctor strongly recommended it to me. After 3 or 4 applications my hair stopped falling out, and is coming in again quite thick. I used to be troubled greatly with dandruff, of which I am now quite cured." Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.—Ormond & Walsh, special agents.

NEW BOOKS

TROUBLES OF FOOT GUARDS

Nearly All Senior Officers Have Resigned.

As Protest Against Col. Roper's Action in Recommending Reduction of Strength.

A despatch from Ottawa tells of the trouble in the Governor-General's Foot Guards, the regiment which the 57th is to be the guest of on July 1st, in Ottawa. The cause of the trouble is the action of Col. Roper in recommending that the strength of the Regiment be reduced from eight to four companies. The despatch says:—

Nearly all the senior officers of the Governor-General's Foot Guards have resigned owing to the action of Col. Roper in asking to have the number of companies reduced from eight to four. This action was taken without consulting them, and they feel highly aggrieved over the matter. The officers of the Guards say that when Lieut-Col. Roper was given command of the Guards he promised to consult them in everything he did. In this instance he signally failed to do so. Lieut.-Col. Roper sent in a recommendation to the Militia Council that the companies should be reduced in number, but with an increase of the establishment. Last night at a meeting of the officers Colonel Roper said the requisition he sent in was simply a feeler to try and find out what the authorities thought of the matter. The officers of the regiment talked very plainly to Lieut-Col. Roper and followed it up by resigning. As one of them said to-day, "We talked to him like a Dutch uncle."

It is likely that there will be a military court of inquiry to determine who is responsible for the present state of affairs. In addition to the officers who have resigned there are others who say they cannot support the present commandant.

Lt.-Colonel Miller was seen to-day and asked as to the probable effect of the trouble upon the prospective trip of the 57th Regiment to Ottawa on July 1st. He states that though the outcome of the difference cannot as yet be predicted, that it will probably not interfere in any way with the trip. The hope was also expressed that the trouble might be satisfactorily settled in the near future.

CITIZENS TURN DOWN COUNCIL

Prominent Gentleman Discusses Question To-day

Says It Will Discourage Good Men From Entering Council.

Said a prominent gentleman to the Examiner to-day: "You newspapers, about the end of the year, are wondering why it is that more representative men do not accept places on the Council Board, and you plead with business men to recognize their duty to the public and enter the Council, and I can tell you now why they do not respond." He then referred to the recent action of a number of the citizens in "throwing down" the Council in the fire hall bylaw and more recently in respect to the town's bill when, after the council had taken the matter into their serious consideration, and had looked at it from all sides, and, having decided that it was desirable to ask for city incorporation, have taken that action. The fact that the bill was coming up was advertised some time ago, and no objection was taken to it until now. And he was of the opinion that as long as the citizens continue to thwart the actions of the Council it will be hard to get men to stand for election.

PETERBOROUGH BOY WINS SUCCESS

Mr. M. F. Kincaid, of Seattle, Wash., Receives Important Appointment.

The Brotherhood of Locomotive Engineers Journal for May has the following reference concerning the success of Mr. M. F. Kinsaid, son of Dr. Kincaid, formerly of Peterborough:—

Bro. M. F. Kincaid, member of Div. 309 Seattle, Wash., has also been honoured by Governor Mead, who appointed him a member of the State Board of Control.

Brother Kincaid is a son of Dr. Kincaid and brother of Trover Kincaid, a member of the faculty of the University of Washington, and has a brother, Kenneth, in the medical department of the regular army.

Brother Kincaid started his railroad career at the age of 16 years on the Midland Railway of Canada as a caller and later fireman; went to the Canadian Pacific in 1884, promoted to engineer in 1895, going to the Pacific Coast in 1896, where he secured a position on a tramp steamer in charge of the electrical machinery and made a trip around the world, arriving in New York in 1898, securing a position with the Baldwin Locomotive Works. In 1899 went with the Erie Railway as fireman and engineer until 1897, when he went to the Klondike where he had charge of the first railroad in the Yukon and ran the first engine in that country, but his health compelled him to seek a milder climate.

Governor Mead makes another good choice in the appointment of Brother Kincaid.

The Brothers in Washington have confidence in this honoured member and are much pleased with the evidence of good standing with the Governor and the people who expressed preference for his appointment, and we feel sure that neither will be disappointed in the result.

THE TONIC OF HEALTH

Must be more than a stimulant—must be a food as well.

The "Best" Tonic is FERROZONE, which is both a food and a tonic; it aids digestion, promotes assimilation and converts food into blood, muscle, bone and nerves. No wonder it builds up the weak, makes them strong and vigorous!

FERROZONE

THE GREAT FOOD TONIC

FERROZONE contains exactly what your run-down system lacks. It supplies oxygen to purify the blood, phosphorus to develop the brain, iron to harden the muscles.

No combination of strength-giving, life-sustaining elements can surpass FERROZONE. Instant in effect, lasting in results, no medicine can benefit as much. You'll eat, sleep, think and feel better by using FERROZONE, which is a true tonic. Try it—now.

Ferrozone is sold everywhere in 50c boxes or six for $2.50. By mail by any address from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

APSLEY SCENE OF PRETTY WEDDING

Miss Nellie McIlmoyle the Bride—Other News.

From our Own Correspondent.

Apsley, May 8th. — Mrs. Isaac Lean, Wilbert and Tom, spent Saturday and Sunday, April 29th and 30th, visiting friends in South Burleigh.

A number of our young people spent a very pleasant evening at Mr. A. Smith's recently.

A very pretty wedding took place on Wednesday evening, May 3rd, at Mr. Thomas McIlmoyle's, when his youngest daughter, Nellie, was united in the holy bonds of matrimony to Mr. Nelson McIlmoyle, of Selwyn. The bride was assisted by her sister, Miss Edna McIlmoyle, and the groom by Mr. Walter Hales. Miss Ruby Hales, niece of the bride, acted as maid of honour. We wish the young couple many years of happy, wedded life.

We are pleased to see Mr. A. Smith, who has been suffering from a severe cold for some time, able to be out again.

An effort is being made to form a lodge of the Foresters in our village.

A very sad event took place here on April 26th, when Canon Harding, who was out for a morning walk, dropped dead. He was 80 years of age and had been very feeble for some time. The deceased was the clergyman of the Church of England here for some years, but was superannuated some two years ago. The funeral took place on Saturday, April 29th. The following clergymen were present at the funeral:—Revs. Langfeldt, of Ashburnham; Davidson, of Peterborough; Warren, of Lakefield, and Lord, of Apsley. The deceased leaves two daughters to mourn his loss. They have our deepest sympathy.

Mr. Harry McIlmoyle is erecting a very nice house a short distance south of the village.

A memorial service for the late Canon Harding was held in the English church here on Sunday evening last.

Owing to the wet weather on Friday last the Arbour Day ceremonies had to be postponed.

Mr. Leggott of Glasgow, Scotland, was in the village last week for the purpose of purchasing the cheese that was made here during the summer.

Eczema or Salt Rheum

THE MOST TORTURING OF ITCHING SKIN DISEASES—POSITIVELY CURED BY

Dr. Chase's Ointment

The skin becomes reddened and inflamed and pimples are formed that burst and discharge a watery, sticky fluid, which dries and becomes a sort of crust or scale.

In other cases there may be ulcers or sores. Suffering is always intense on account of the frightful stinging, burning and itching.

The surface of the body should be kept clean by frequent bathing with tepid water and castile soap, and Dr. Chase's Ointment applied night and morning.

The control which Dr. Chase's Ointment exerts over eczema and similar skin diseases is a wonder to all who have tested it. This most extraordinary healing power has made Dr. Chase's Ointment the standard Ointment the world over.

There is no guess work about Dr. Chase's Ointment. It is applied directly to the diseased part, and you can see exactly what it does.

By its cleansing, soothing, healing action it allays inflammation and irritation, heals the raw, sore flesh, and leaves the skin soft, smooth and natural.

Wherever there is itching of the skin or a sore, that will not heal, Dr. Chase's Ointment can be used with positive assurance of relief and cure. Sixty cents a box at all dealers, or Edmanson, Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 12

CONVICT LABOUR.

The employment of convicts is rather a perplexing problem. If they are set to productive labour there is at once a largely justifiable cry that prison products come into competition with honest labour outside prison walls. And if convicts do no work, but are simply shut up and fed, then it comes to this; that they are living in idleness upon the toil of honest labour. It seems the question is to decide whether it is best to make a convict earn his own living. He won't do it if left at liberty, but gets a living by preying upon society, compelling honest people to support him through his stealings. If he is not made to work when he is put into prison, honest men have to keep him anyway. In any event the rogue seems to have the best of it unless the plan is adopted to make him work, even then there is reasonable complaints of his competition with honest labour. A complaint like that has much more force in hard times, than in these days of prosperity, when labour is so hard to get, when employment makes such strong demands upon the strong right arm of every man willing to toil. In the good old days when the mild laws of the time made sheep-stealing a hanging matter there was no problem of the employment of prison labour. A man was Ostracized and that was the end of him. We can't however, employ such drastic measures in these days; society would record a mild objection. The only way that seems open, and still not open to serious objection, would be to establish convict farms, and put convicts to growing wheat in the far West, but that would hardly be practicable either, so much watching would be required that the crop would cost more than it would realize. Romancing apart the care of our convicts seems to be a problem which will bother the authorities for some time to come.

A NOTABLE WEEK.

The week just passed has been an illuminating one in the experience of the literary coterie of Peterborough. The course of six lectures on Dante, the literary beacon light of the thirteenth century, which concluded on Saturday night, by Wm. Clarke, M. A., LL.D., F.R.S.C., Professor of Philosophy in Trinity College, constituted an intellectual treat of the highest order, whose character and excellence are, to a degree, demonstrated by the fact that while all the lectures were well attended, the attendance and interest grew to the very last night. These lectures revealed several points of interest. They revealed the marvellous industry and research which the reverend lecturer must have laid under tribute, to bring such results, such a wealth of illustration and such keenness and nicety of analysis. These lectures showed that though at the age of 74, the lecturer's physical faculties were sufficient to stand the strain of their delivery one night after another for six nights on end, without apparent fatigue, and, like the great chronicler of the Pentateuch "his eye was not dim nor his natural force abated." In addition Prof. Clarke prepared the admirably concise and comprehensive reports of his lectures which appeared in the press and which comprise a summary of Dantean lore well worthy of preservation; and, after such an exacting week of work, ended late on Saturday night, he preached two excellent sermons at St. Luke's yesterday. The lectures and the way they were delivered showed not only the professor's unusual physical force, but revealed the intellectual clarity of his mind, and literary finish of classical calibre. A critical analysis of these admirable lectures is not to be here attempted, but it seems right that the Examiner should recognize the great benefit to those who heard them and the impulses to literary pursuit and the deepened interest in the higher forms of literary art which must follow. To hundreds, a week ago, Dante was a mere name; now that name is associated delightfully with his immortal works. A weeks ago Rev. Prof. Clarke was to hundreds but a name, now to those same hundreds he stands in the place of a literary benefactor.

VICE-REGAL ADVICE.

Earl Grey said to one of the deputations which waited upon him in Toronto:—

"I presume all you gentlemen are teetotalers, so I need not mince, words. I want to say that I think you will make little headway against the evil unless you succeed in eliminating the element of personal profit from the liquor traffic. Make your saloons clubs as is done with the greatest success in parts of England. If the law in this country is that you give a common license to a man to make all he can out of the sale of liquor, you members of the ministry ought to work to bring about a change of method and make it impossible for any man to try to push the sale of liquor for profit. In other words, legalize liquor, let the government of the municipality take hold of the saloons and make clubs out of them, and future generations will be grateful to you."

His Excellency has had long experience, as a moral reformer and his advice is consequently entitled to more than ordinary weight, but there will probably be a good deal more wait before his advice is practically adoped.

EDITORIAL NOTES

The St. Thomas Journal is clamoring for the establishment of an asylum for the insane in its city. One can understand an editor having some personal interest in a poor house, but the other—it would be of no use except for the editor who cherishes the idea of running a paper to please everybody and make money at the same time.

Who are the coercionists now? West Huron Conservatives — some of them—are reported by the World—not quite an infallible authority—as intending to demand the resignation of their member because he voted as he thought right on the second reading of the Autonomy bill. If Mr. Lewis had submitted to coercion and voted contrary to his convictions he would have been a popular hero—of a few extremists.

The Christian Guardian is elated over the work which is being done by the new Whitney license commissioners, and more particularly by the Toronto men. If the editor of our esteemed contemporary would, the Brantford Expositor suggests, pay a visit to some other ridings, Kent, for example, and he need not omit South Brant, West Nipissing, London and other places that could be mentioned, his enthusiasm would be very considerably dampened.

While the House was in committee of supply on Thursday Mr. Preston brought before the Government the condition of the adult blind in the province, showing that they were not provided for in the Brantford institution, and that most of their number were not in a position to make their own way in the world. He cited from the reports of the late Principal Dymond and of Principal Gardiner, and mentioned what was being done elsewhere in the way of providing industrial homes for this unfortunate class. He thought the government should investigate the numbers and conditions of these people with a view to further action if such seemed to be necessary.

During the discussion or rather the wanting on the educational clauses of the Autonomy Bill, we heard a great deal of the beauty of national schools, those of the United States being freely quoted. And schools as to quality and efficiency are to be judged by results. A news paragraph records the appointment of two young Canadian physicians as house surgeons of St. Mary's Hospital, Detroit, and the information is added that the medical and surgical staff of this American hospital is now entirely Canadian. This fact shows two things, first that the hospital authorities are enterprising enough to secure a first class professional staff and that Canadians are competent to fill the requirements, in spite of them, according to the extremists, the defective character of our schools.

Remember the Auction Sale of Building Lots at 2 p. m., on Wednesday, the 10th of May, upon the premises, Corner Charlotte and Park Streets. Excellent opportunity to procure lot for a home, or for an investment. See large posters for plan and particulars.

MR. O'CONNELL'S FINE PURCHASE

Has Bought Beautiful Residence of A. P. Choate.

A Chance to Secure Splendid Residence.

Mr. A. P. Choate was in town on Saturday arranging for the transfer of his handsome residence at the corner of Stewart street and the Chemong Road to Mr. J. T. O'Connell, the well-known real estate dealer who has purchased the property, which consists of the beautiful residence and 5 1-2 acres of land. This is one of the finest residential properties in Peterborough and Mr. O'Connell has bought it as an investment, and it will again be placed on the market. Mr. Choate has decided to live in New York and Toronto, where his business interests are

There's Money in This House.

in future, and for this reason he decided to dispose of his property here.

The house is fitted up in the most modern style, with all conveniences, and is tastefully decorated. There are five large bedrooms and all the other rooms are large and well arranged. A new conservatory has just been built and adds to the attractiveness of the property.

A large garden is another of the desirable features, and Mr. O'Connell will sell the property en bloc or divide it up into building lots.

Any intending purchaser may look through the house by enquiring at Mr. O'Connell's office on Hunter street.

An Excellent Concert Arranged.

The noted bass soloist, Mr. H. Wharton Bull, London, Eng., sings in Fifth Ward Hall, assisted by others in instrumental music and recitations, Monday, May 15th. Tickets 25c. Comments of English papers:—"Excellent," "Sonorous" and "Powerful bass voice." "Manly voice" of "rich tone and power" and "singularly effective." He "merited the hearty and delighted applause received." 3 eod

DISASTROUS FIRE AT BURLEIGH FALLS

Mr. Thos. Darcey's Fine Hotel Totally Destroyed By Fire Yesterday Afternoon--Loss of $9,000--Fire Spread Very Rapidly and Practically Nothing Was Saved--A Fine Summer Resort Hotel Reduced to Ashes--Mr. Darcey Will Rebuild at Once--Occupants' Narrow Escape.

Yesterday afternoon the well-known Burleigh Hotel, owned by Mr. Thos. Darcey, was totally destroyed by fire, entailing a loss to the proprietor of about $9,000, which it is understood, is practically covered by insurance.

The fire occurred between 3 and 4 o'clock, and it is not definitely known how it originated, although it is supposed that it started from the stove in the kitchen, which was the only fire in the house at the time.

The hotel, which was a large frame building, had accommodation for eighty guests, and a gentleman from town, who was at the hotel yesterday was a witness to its destruction. He said that he had never seen a fire which made such rapid progress, for within five minutes after the first smoke was seen the whole building was a mass of flame, and to save it was utterly impossible.

The fire, which must have started at the rear of the hotel, appeared to have worked its way under the roof practically over the whole building, and when it once broke out the whole building was in flames immediately.

Smoke was first seen by one of the men around the hotel, who went to tell the proprietor that he thought the chimney was on fire, but it was soon found that it was much more serious than a chimney fire.

The wind, which was blowing a gale towards the locks, fanned the flames, and within five minutes it resembled a roaring furnace.

Practically nothing was saved from the house, all that was gotten out, being a few pieces of furniture, which one or two of the men were able to save.

A cottage, adjoining the hotel, was destroyed with it, but the stables and two other cottages were saved.

It is extremely fortunate that the fire occurred during the day time, for had it caught at night, every occupant would have undoubtedly been burned to death, so rapidly did the fire spread.

It is understood that it is Mr. Darcy's intention to rebuild the hotel at once, and an effort will be made to have the new building opened during the present summer.

This will be a severe loss to Mr. Darcy, but it is gratifying to know that he is taking such prompt measures to rebuild his hotel, so that the tourists will have the accommodation which they have enjoyed in the past at this popular resort. There was an insurance for $5,000.

MRS. BROOKS MUCH IMPROVED

Fell on Broken China Saturday Morning—Condition Very Critical Yesterday.

On Saturday morning Mrs. Lorne Brooks, of Mark street, Fifth Ward, met with a most severe and painful accident. It appears that she was coming down stairs, Saturday morning to breakfast, with a china jug in her hand, and tripped on the skirt of her dress, falling down stairs and breaking the jug. In some way a sharp pointed piece of the china penetrated her side and yesterday her condition was most critical. On inquiry at the house this morning, however, it was found that she was very much improved and will be down stairs in a day or so.

Her Heart Like a Polluted Spring.

Is to eat unwisely. Clark's delicious pork and beans create hunger. Ideal for the worker. 5c. and 10c per tin.

That "Man on the Street" you hear about will be described in Rev. E. B. Lanceley's lecture Tuesday evening, May 9, in George Street Church school room. A racy, entertaining lecture. Admission 15c, or two for 25c. 2d

Ladies, Bear in Mind

We draw special attention to the visit of Prof. Dorenwend to Peterborough, who will be at the Oriental Hotel with a large selection of styles in Hair Goods, such as Ladies' and Gents' Wigs, Toupee, Bangs, Long Switches, etc. His Hair Coverings are worn everywhere, and the satisfaction obtained by those who adopt them, are health, comfort and younger appearance. DON'T MISS this chance. Why look careworn through the loss of Hair when Prof. Dorenwend's Art Goods can improve your looks? He will demonstrate this to every caller free of charge.

One day only, Friday, May 19th.

Things We All Like to Hear About.

—The Board of Works will meet on Thursday night.

—The W. A. of St. Luke's will meet on Thursday at 2.30 p.m.

—A meeting of the Fire, Water and Light Committee will be held to-morrow night.

—The annual entertainment of the Greek church Sunday school will be held on Friday night.

—A meeting of the Men's Guild of St. Luke's will be held to-night at 8 o'clock in the Guild Room.

—The German Conversation Club will meet at St. Luke's Rectory, on Thursday evening at 7.30 p.m.

—Dr. W. W. McKinley, of Port Hope, has been appointed Coroner for Durham and Northumberland.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonnel street. 'Phone 199.

—St. Luke's Mission Band will hold a box-sale and entertainment on Friday, May 19th, in the Fifth Ward Hall.

—The horticultural Society are ready to distribute bulbs to members. They can be had at office of Mr. Dumble.

—An Ottawa despatch pulishes the list of men chosen for the Bisley team and Col. Berg, W. H. Moore is one of the list.

—The Dominion Government has signed a contract for ten additional wireless telegraph stations on the St. Lawrence route.

—In the Leamington, Ont., oil fields recent strikes of two-barrel-a-minute oil wells have been made, the largest in the district.

—Satisfactory terms can be arranged and liberal allowance made for old instruments taken in exchange for Nordheimer pianos. Inquire at Edmison's Drug store.

—On Thursday night the annual meeting of the George street Sunday school will be held, when election of officers will take place.

—The members of the T. A. S. will receive Holy Communion in a body at 8 o'clock mass, on Sunday, May 14th, at St. Peter's Cathedral.

—A special meeting of the Ladies' Auxiliary of the Y.M.C.A. will be held to-morrow afternoon at 3.30. All members are asked to be present.

—The survey of the Grand Trunk Pacific route in New Brunswick has been completed. Twelve surveying parties were at work through the winter.

—The survey of the French River canal will probably take two years to complete. The route presents no engineering difficulties that cannot be overcome.

—Parties wishing their lawns cut and trimmed can have it done promptly by calling or sending card to F. Mason, Florist, or to 213 Charlotte street. 2d

— At an open meeting of Charlotte Street Young Men's Guild to be held Friday evening next Mr. R. M. Dennistoun will deliver his popular address on Jean Valjean.

—Yesterday in Hastings the congregation of the Catholic church presented Rev. Father McGuire the parish priest, who is leaving for Downeyville, with a purse and address.

—The proposition to connect the Georgian Bay with Lake Ontario by means of a ship canal and ship-railway was refused by the Railway Committee. It would have cost about $45,000,000.

—Rev. Hugh Beverley Ketchen, who was inducted last Thursday night, preached his first sermon yesterday as pastor of Macnab Street Presbyterian Church, Hamilton. He made a favorable impression.

—A rubber-tired brougham was this morning received by McCallum Bros., livery, and will be placed in service at once. A single fancy trap will also be added in the course of a few days.

—The adjourned Vestry meeting of St. Luke's church will be on Wednesday evening at 8 o'clock. The secretaries of the Sunday school and the different organizations are expected to give their respective reports.

—For potatoes, parsnips, carrots, beets, turnips, cabbage, frame, pea-meal bacon, eggs and butter, canned tomatoes, peas and corn, cheap; also nice mixed biscuits, call upon James R. Bell, 161 Hunter street. 'Phone 455.

—A meeting to arrange for the hours of practice for the Nicholls Oval Park will be held at the Y. M. C. A. on Wednesday night. All teams wishing to use this park are requested to have a representative at this meeting.

—Rev. E. A. Langfeldt will deliver his popular lecture, entitled "Life in the German Army," under the auspices of the Anglican Young Peoples' Association of St. Thomas' church, Millbrook, on Tuesday, May 16th, in the Sunday school room.

—That in ten years Canada would be building fifty thousand tons of shipping annually, at an expenditure of twenty-five million dollars, was the prophetic estimate of a deputation that asked the Government for a bounty to encourage ship-building.

—To-morrow night in the council chamber, Mr. J. D. Allan, President of the Toronto Board of Trade, will give his lecture on the growth and expansion of Russian business. Mr. Allan is thoroughly conversant with his subject, and his address should be of interest, especially to rising business men.

—On Tuesday evening, May 16th, a sponge cake tea will be given in the Y. W. C. A. building, to which all the young women of the town are cordially invited. The building will be thrown open for inspection and any young woman who has not yet been through it, will have an opportunity of doing so then.

—While a couple of Hastings ladies were cleaning up the family plot at the Trent Valley cemetery one day last week, a very unfortunate accident occurred. They built a fire to burn the old grass on their lot, but the fire did not stop there, but swept over nearly half the cemetery, destroying one fine hedge, and nearly all the fence on the east side.

—The regular Gospel meeting of the Y.W.C.A., was very well attended yesterday afternoon, one hundred and seven young women being present. Miss Scott gave a most interesting talk about her work in the Gleichen Hospital, speaking first of some characteristics of the Blackfeet Indians, and then illustrating from individual cases the way in which the hospital sought to accomplish its object.

—The adjourned Vestry meeting of St. John's church will be held to-night, when the reports of the different societies will be presented. The report of the Building Committee in reference to the new rectory will also be presented by Dr. Boucher, the chairman of that Committee. In the congregational meeting which will be held at the same time, the lay delegates to the Synod will be appointed.

Bleeding, Protruding Piles

Mrs. Jas. Brown, Hintonburgh, Carleton Co., Ont., writes: "I suffered from nearly every form of piles for nearly twenty years, both here and in the old country, and have tried nearly every remedy. I am only doing justice to Dr. Chase's Ointment when I say that I believe it to be the best remedy obtainable for bleeding and protruding piles, of which it has cured me."

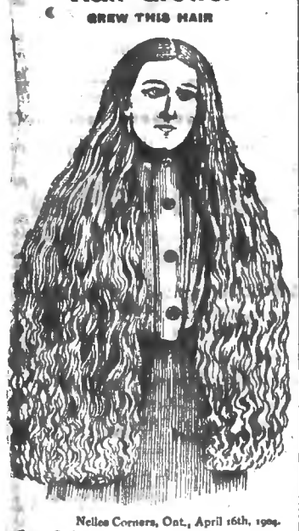
GREW THIS HAIR



Nelles Corners, Ont., April 16th, 1904.

Seven Sutherland Sisters, Toronto:—

Dear Ladies,—I had dandruff and falling hair and through a friend I was persuaded to try your Hair Grower and Hair and Scalp Cleaner. I have used it since last November and immediately found relief, as the Scalp Cleaner removed all the dandruff and together with your Hair Grower, my hair has grown rapidly and it now measures about four feet in length. I have had my photograph taken for you showing my hair and give you the right to use it, also my letter.

Yours respectfully,

MRS. E. BOND.

GALT KICKERS TO PLAY HERE

World's Champions to Meet the Quakers.

Game Will Be Played on Tuesday, June 6th.

The Galt Football team, world's champions will be seen here in a game with the Quakers on June 6th. Arrangements have now been completed for the game and Mr. Moore has received the following letter from the manager of the Galt team:—

Mr. Ira. D. Moore,
Secretary Quaker Football Club.
Peterborough.

Dear Sir:—I am glad to be able to now accept your offer for a game in Peterborough en route to Montreal.

We shall play in Peterborough on Tuesday, June 6th, and shall commence the game in the evening at whatever time you wish.

This will be a good opportunity of seeing the team which won the title of World's Champions at St. Louis last fall.

SINGLE SCHEDULE WAS ADOPTED

At Midland League Meeting in Bowmanville.

Peterborough's First Home Game on June 3rd—Lindsay Here on July 1st

Bowmanville May 6th.—The Executive of the Midland League met here on Thursday and decided to adopt a single schedule the result of the threat of the Port Hope team to withdraw from the [illegible] was referred to.

It was decided that in view of the opposition of the Port Hope team the following schedule should be adopted:—

May 24th.—Port Hope at Bowmanville; Oshawa at Cobourg; Peterborough at Lindsay.

June 3rd.—Lindsay at Port Hope; Cobourg at Peterborough; Bowmanville at Oshawa.

June 17th.—Port Hope at Cobourg; Peterborough at Bowmanville; Oshawa at Lindsay.

July 1st.—Bowmanville at Port Hope; Cobourg at Oshawa; Lindsay at Peterborough.

July 15th.—Port Hope at Lindsay; Oshawa at Bowmanville; Peterborough at Cobourg.

July 22nd.—Lindsay at Oshawa; Bowmanville at Peterborough; Cobourg at Port Hope.

August 5th.—Peterborough at Port Hope; Bowmanville at Cobourg.

August 12th.—Port Hope at Oshawa; Lindsay at Bowmanville.

August 19th.—Oshawa at Peterborough; Cobourg at Lindsay.

August 26th.—Oshawa at Port Hope; Lindsay at Cobourg.

September 2nd.—Bowmanville at Lindsay; Port Hope at Peterborough.

September 9th.—Peterborough at Oshawa; Cobourg at Bowmanville.

It will be seen by the above schedule that there will be games only once in two weeks and the first home game for the Peterborough Club is on June 3rd when Cobourg comes here. There will be no home games after that until July 1st when the Lindsay team will play here.

The schedule at first arranged suited the Peterborough team much better than that announced now, but there appears to be no remedy.

A POINTER WORTH HAVING.

The merits of Ozone are well known, but in buying it one must be sure to get the purest form. Also, Ozone should always be taken along with "Celery King" the famous tonic laxative. The purest form in which Ozone is put up is "Solution of Ozone" (the coupon kind) and each bottle of this brand contains a coupon, entitling you to a package of "Celery King" free.

No other firm in the world can give "Celery King" with Ozone. We give because our Ozone thus brings the highest results. In addition, you get just about twice as much "Solution of Ozone" for your money as of other kinds, and you also get it in the purest and most concentrated form. You also get "Celery King" free, instead of having to buy it which you would need to do in order to have full benefit from the use of Ozone.

Your druggist should have "Solution of Ozone" (the coupon kind.) If not, write to the Public Drug Co. Bridgeburg. Sold by W.B. Warne, Druggist. 9

SHELBURNE GAME WAS CANCELLED

Rain the Cause of Another Disappointment.

There's a hoodoo in the Peterborough Baseball Club somewhere. Two games have been arranged and both have had to be called off on account of wet weather. On Saturday afternoon the Shelburnes of Toronto were to have played a game here with MacEwan's nine, and both teams were on the field ready to "play ball" when the rain, which had been falling gently for some hours, came down in torrents and the game had to be cancelled much to the disappointment of a large number of the fans who had gathered in spite of the rain to witness the game.

BASEBALL.

The younger generation are into the baseball in earnest. About a dozen different teams—all juniors—have been getting complete outfits at Fred. Clark's and among the names are, Peterborough Juniors, the "Ants", "Night Owls", Charlotte Street Guild team, "West Enders" Invincibles, some teams from over the river. The Ida Football Club have also been outfitted.

• • • •

The Victors, comprising of the following future ball tossers claim a victory by default from the Dukes on Saturday morning:—H. Carr, c.; P. Parrington, p.; H. Heap, 1st; H. Munro, 2nd; E. Leber, 3rd; W. Heaslip s.s.; F. Emmerson, c.f.; A. Morrow, r. f.; R. Wright, l. f.

• • • •

The following list of players of the Charlotte Street Guild team will comprise the two teams, who will play a practice game on Monday night next. Manager McWilliams stated to-day that it was probable that some changes might be made in the positions of the boys but these were the names of the boys [illegible] play.

"A" team.—Harry Roddy, p; Bert Laing, c; F. Heaslip, 1st; George Crowe, 3rd; R. Ryan s.s.; Jas. Squires, 2nd; Arthur Williams, r. f.; Fred. White, c.f.

"B" team.—Frank Voeltz, p; Wilbert Thornton, c; N. Jolliffe, 1st; Bert Van Natto 3rd; N. E. McWilliams, s. c.; Ed. Roddy, 2nd; Fred. Roddy, r. f.; Ed. Carr, l. f.; A. McWilliams, c. f.

• • • •

Great interest is being taken in the ball-throwing contest to be held next Saturday and many local fellows are to compete. Some of the men are making a good showing at practice, particularly Mr. Dan McCabe of T. A. S., who it is understood, has flung the sphere the unheard of distance of 150 yards.

• • • •

The Auburn Baseball Club will hold regular practice on Monday, Wednesday and Friday of each week. The manager requests particularly that every player be in uniform at the Oval to-night as matters of importance will be brought up for discussion.

• • • •

The Young Invincibles defeated the Junior Murray Streets by a score of 14-6 Saturday morning at the Separate School Grounds. The line-up of the Invincibles was as follows:—Invincibles p. C. Hayes; c. B. Hayes; 1st, J. O'Brien; 2nd, R. Sneehy; 3rd, V. Morrow; s. s. S. Sheehy; r. f., E. Kelly; c f, W. Smrott; l. f., L. Giroux. Murray Street—P. H. Hickey; c, J. Eano; 1st, H. Clancy; 2nd, J. Morrow; 3rd, F. Heffernan; s. s. H. Belleghem; l. f., P. O'Donnell; c.f., F. O'Shea; r. f., H. Callaghan.

• • • •

The first practice of the George Street team will take place to-night at the old grounds.

• • • •

St. Andrew's Young Men's Guild will practise to-night on the McDonel street grounds. A full turn-out is requested.

• • • •

The Port Hope Guide, the sporting writer on which is the secretary of the Midland League, handed out the following on Saturday:—

"Cobourg is doing the baby act again kicking about the Executive meeting and claiming they were not notified. The notifications to the six teams of the league were sent out on Monday last and it seems very queer that they should be the only team not to receive theirs. Before the meeting came to order on Thursday evening in Bowmanville, the President and Secretary of the league sat in the telephone office, trying to get either Thomas Muthull or Henry McGuire over the phone but it was all in vain. The Peterborough Manager was communicated with over the phone but probably the Cobourg men were hid from view by the large throng on the Cobourg streets. However, this meeting was held on Thursday evening and a single schedule arranged; no account of the meeting appeared in the press on Friday, but still the Cobourg representative (without notification so he claims) is aware that the meeting was held and is in Bowmanville bright and early Friday morning raising a kick with President Pethick.

Now to make a long story short we might inform the Easterners that a majority of the teams in the Midland League favour a single schedule and in this league majority rules. If Cobourg does not like the arrangements they had better drop out and allow the other teams to get along in peace.

• • • •

St. Paul's Guild team will practise to-night.

• • • •

The St. John's Young Men's Guild will practise Wednesday night next. All the boys are requested to turn out and a special meeting will be held afterwards to transact business.

FOOTBALL.

There was no Quaker practice on Saturday on account of the wet condition of the grounds and weather.

• • • •

The Quakers will practise to-night at the Driving Park and to-morrow night at the Oval.

• • • •

The O. C. W's. Football team journeyed to Norwood Saturday and had a very pleasant game with the team of that town. Although the score went against them they are not a bit downhearted and only say that the Norwood team are in another class and that they had no chance of winning but gave the boys down there a good hard game. It was very disagreeable weather and as the grounds were wet good play was quite impossible. The Norwood team scored two goals in each half, making it 4 goals to none.

The O. C. W's. team was as follows:—E. Hurtubise, goal; Geo. Dixon, Evans, backs; Bobbie Burns, centre half; Another, left and Baker right half; Boycote, centre forward; Valentine and Wilson right wings; ——and Slater right wings.

LACROSSE.

The Millbrook Junior Lacrosse Club has been recognized and the following officers elected:—

Hon. President—W. H. Coombe.
President—James Armstrong.
Vice-President—Harold Nattrass.
Manager—W. Donnelly.
Captain—T. Donnelly.
Secretary-Treasurer—Harvey McMahon

The first game will be played on May 24th, when a junior team from Peterborough will play.

BASEBALL SATURDAY.

The Eastern League.

Montreal, May 6.—Montreal was completely at the mercy of Rube Kissinger today. He allowed the locals but one hit. Falls was bumped in the third innings by the Bisons, who scored three runs by bunching hits and thru an error by Miller and a bad throw to third by Gibson. Miller was the only Royal to make a hit. Kissinger's control was masterly and he did not give a base on balls. The score:

Buffalo ..... 0 0 3 0 0 0 0 0 0—3
Montreal ..... 1 0 0 0 0 0 0 0 0—1

Stolen bases—Gettman, Miller. Struck out—By Kissinger 3, by Felix 1. Sacrifice hit—Kissinger. Bases on balls—By Felix 2. Wild pitch—Kissinger. Time—1.15. Umpire—Zimmer. Attendance—4500.

Providence, May 6.—Hesterfer was in fine form to-day, allowing the locals but three scattered hits, and Newark was easily. The score:

Newark ..... 0 1 0 2 0 0 0 2 0—5
Providence ... 0 0 0 0 0 0 1 0 0—1

First base on errors—Newark 1. Left on bases—Providence 5, Newark 2. First base on balls—Off Hesterfer 5, off Cronin 4. Struck out—By Hesterfer 7, by Cronin 2. Stolen bases—Corkman, Jones, Poland, Conn. Double-play—Gatins, Mahling and Conner. Passed balls—Jacklitsch 2. Umpire—Conway. Time—1.40.

Adkins won an enigma for the Jersey City team in the game in Jersey City yesterday, and he let the Skeeters down with only three hits, and one run. The score:

Baltimore .... 0 1 0 0 0 3 0 0 0—4
Jersey City .. 0 0 0 0 1 0 0 0 0—1

First base by errors—Jersey City 2, Baltimore 3. Left on bases—Jersey City 3, Baltimore 3. First base on balls—Off Adkins 2, off Olmstead 1. Struck out—By Adkins 5, by Olmstead 2. Sacrifice hits—Kelly, Bean, Thielman. Stolen base—McCauley. Double-play—Neal (unassisted). Hit by pitcher—By Olmstead 1. Umpires—Hunnett and Moran. Time—1.45. Attendance—3000.

American Baseball League.

New York, May 7.—One victory out of six games was the sorry showing of the New York Americans last week. Washingtons were beaten by the Philadelphias yesterday and relinquished first place to the Clevelands, tho the latter's game with Chicago was postponed on account of rain. Detroit was beaten by St. Louis. The results:

Boston 8, New York 2; Philadelphia 2, Washington 1; St. Louis 9, Detroit 4; At Cleveland—Rain.

National Baseball League.

New York, May 7.—For the first time this season the New York Nationals were beaten by the weak Bostons yesterday. The Brooklyns fared even worse, being whitewashed by the Philadelphias. Chicago won from St. Louis and put the latter in last place, and Cincinnati downed Pittsburg. The results:

Boston 2, New York 1; Philadelphia 11, Brooklyn 0; Chicago 5, St. Louis 3; Cincinnati 3, Pittsburg 2.

The Worst Kind.

After Piles have existed for a long time and passed through different stages, the suffering is intense—pain, aching, throbbing, tumors form, filled to bursting with black blood.

Symptoms indicating other troubles may appear to a thoroughly Pile-sick person.

This is when Hem-Roid, the only internal, the only absolute Pile cure, brings that cure that has made its fame.

It will cure the most stubborn case in existence and bonded guarantee to that effect goes with each package.

It is to be had for $1.00 at the drug store, or from the Wilson-Pyle Company, Limited, Niagara Falls, Ont. For sale by Jas. Lynch, druggist, Hunter street. 3

SAD CASE AT POLICE COURT

Woman Charged With Lying Out in Parks in Drunken Condition.

A very sad case was heard this morning at the police court, the defendant in which was a woman, who has, it appears, in company with her husband, been in the habit of sleeping in the public parks, while in a drunken condition.

The woman, who has several previous convictions registered against her, has served one term of six months in the Mercer Reformatory, and another of two months in gaol, on a similar charge.

Several witnesses testified to having seen the pair reclining upon the grass in various parts of the town during the early morning. They were, witnesses stated, in a deplorably condition, though able to walk.

From the evidence it appears that the woman is a slave to the liquor habit.

A sentence of one year in the Mercer Reformatory was imposed.

SERIOUS ACCIDENT WAS AVERTED

Mr. David Conroy, of Ashburnham Stops Team of Wild Horses.

Had it not been for the speed and endurance of a gentleman in the Fifth Ward this morning, a serious ous accident might have occurred.

It appears that a team of horses, owned by Mr. Chas. McDonald, with a loaded wagon, turned eastward on Hunter street, from the lane leading out from the ice house, just east of the river.

The team was without a driver, and recognizing that fact, they started to make off with the load. The runaway was seen by Mr. David Conroy, broker, and he at once did all in his power to remedy this state of affairs. Now, it is impossible at this late date to ascertain Mr. Conroy's record for the 100 yard dash but the speed he got away with this morning would tax the sprinting qualities of a pro. He managed to catch up with the team on their way up the hill, and immediately stopped them in triumph.

Can Eat Anything Now.

How many Dyspeptics can say that?

Or perhaps you are dyspeptic and don't know it.

Have you any of these symptoms?

Variable appetite, a faint gnawing feeling at the pit of the stomach, unsatisfied hunger, a loathing of food, rising and souring of food, a painful load at the pit of the stomach, constipation, or are you gloomy and miserable? Then you are a dyspeptic. The cure is careful diet; avoid stimulants and narcotics, do not drink at meals, keep regular habits, and regulate the stomach and bowels with

BURDOCK BLOOD BITTERS,

Nature's specific for Dyspepsia.

Miss Laura Chicoine, Belle Anse, Que., says of its wonderful curative powers:—"Last winter I was very thin, and was fast losing flesh owing to the run-down state of my system. I suffered from Dyspepsia, loss of appetite and bad blood. I tried everything I could get, but to no purpose; then finally started to use Burdock Blood Bitters. From the first day I felt the good effect of the medicine, and am now feeling strong and well again. I can eat anything now without any ill after-effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

CLOSING LECTURE OF THE COURSE

Prof. Clarke Speaks on Dante's "Paradiso"

Close of an Interesting Series of Intellectual Treats.

On Saturday night the concluding lecture in the series by Prof. Clarke on Dante's works was given, and the attendance was one of the largest of the week. The chairman of the evening was Rev. E. A. Langfeldt, who introduced the lecturer in a few words.

Leaving behind them the abodes of sin and woe, and the Mountain of Purification, we are now to be carried up on high and view the circles of the Saints in light, the blessedness of the redeemed spirits in Paradise, through all their stages. All are blessed, yet here also there are degrees of blessedness, as is declared in the opening lines of the poem.

As in the Inferno and the Purgatorio, there, are here also nine spheres.

The first seven spheres are the seven planets—the sun and the moon being counted as planets, and the earth not. Beyond these spheres are (8) the Fixed Stars, (9) the Primum Mobile; and beyond this the Empyrean.

At the culminating point of the Purgatorio Dante is with Beatrice in the earthly paradise. On his left the poet sees "Beatrice turned and on the Sun, gazing as never eagle fixed his ken." From those radiant eyes a power is communicated to him which enables him also to look steadfastly at the great orb of light. The light of heaven streams around him; he hears unearthly sounds. Beatrice tells him that he is no longer on earth, but ascending to heaven. She says the purified soul must go upward just as the torrent rushes downward from a mountain's height."

The first sphere in the moon—"the first star," like a pearl in its solid whiteness. It contains the spirits of those who have been forced to violate their religious vows. Here Dante for the first time beholds the spirits of the redeemed. So etherial were they that he thought them mere shadows — "mirrored semblances." Beatrice smiled and told him that they were "true substances." Dante thought that perhaps those inhabiting this lowest sphere might be somewhat dissatisfied at not being higher. But he was told:

"Brother, the might of love gives such employ
To our desires, that it can make us will
Just what we have, unmixed with thirst's alloy.
If we desired to pass on higher still,
Then our desires would be at variance found
With His who bids us here His mansions fill.
This, thou will see in these spheres hath no ground."

Such is the splendid testimony to the love and wisdom of God, and to the faith and love of the saints; and Dante adds for himself:

"Full clearly then her words to me did prove,
How everywhere in Heaven is Paradise,
Though not on all alike God's grace pours love."

The second sphere is that of Mercury, containing the spirits of those who have done great deeds for the sake of fame. Here they meet the Emperor Justinian, who tells the story of the Roman Empire. Here Beatrice instructs Dante in the way of Salvation, as not being possible to man by his own efforts, nor a mere gift of God, but one that cost Him something.

The third sphere — of Venus — is the sphere of love of all kinds — parental, conjugal, fraternal, social —all based on Divine love, but with creatively limitations. Here Dante is told that one reason for the many failures of men was the fact that they were put to work different from that for which Nature had fitted them.

"But ye still turn off to religion's school,
One who was born to gird himself with sword,
And take as king some sermonizing fool;
And so your track the right road hath ignored,

The fourth sphere, the Sun, is that of the great theologians and teachers of the church. Among the preeminent are St. Thomas Aquinas, Albertus Magnus, Peter Lombard and Solomon. A beautiful picture in the converse of these celestial luminaries was the readiness to prefer one another in honour. They generally lamented the decadence of the great religious orders.

The fifth sphere — Mars — is inhabited by crusaders, martyrs, and others who have fought and died for the faith. An interesting interview takes place there between Dante and his ancestor, Cacciaguida.

The sixth sphere, Jupiter, is tenanted by righteous kings and rulers embodied in an eagle, the symbol of Empire. The seventh sphere,-(Saturn) is the sphere of contemplation, in which St. Peter Damiani contrasts the voluntary poverty of the apostles with the self indulgence of many of the clergy. Here they left the planets, and passed into the eighth sphere, that of the Fixed Stars; thence into the ninth, the Primum Mobile, the Crystelline Heaven, and finally, they beheld the Empyrean, the sphere of the immediate manifestation of God. The lecturer concluded with a reference to the debt we owe to Dante.

At the conclusion of Prof. Clarke's address a vote of thanks was unanimously tendered him on motion by Mr. D. Walker, P. S. I., seconded by Col. E. B. Edwards.

Mr. Walker, in moving the resolution, stated that he had no doubt of the wisdom of inaugurating the course of lectures just concluded, but had, previous to its commencement, had some forebodings as to the success of the outcome. The regular attendance and sustained interest which prevailed throughout the week bore ample testimony to the interest and pleasures given by the lectures. Prof. Clarke, he remarked, is always a welcome lecturer in Peterborough, and the rapt attention with which the lectures just concluded had been received evidenced the appreciation of the audience.

Col. E. B. Edwards, in seconding the resolution, referred to the pleasure he felt in doing so. The beauties of the subject treated upon by the speaker, he remarked, go to show man his own littleness as compared with the majesty and greatness of our Almighty Maker.

Rev. Mr. Langfeldt, in tendering the resolution, added his personal gratitude.

Prof. Clarke, in reply, stated that he needs no thanks for doing work of this kind as it was one of enjoyment.

The sustained interest manifested, he did not regard as tribute to himself but as an evidence of the literary interest of the Peterborough public. He then made a few remarks with regard to the best commentory to be used in the study of Dante, recommended Hettinger's as an excellent works, though every year brings new ones.

A CLEAN MAN.

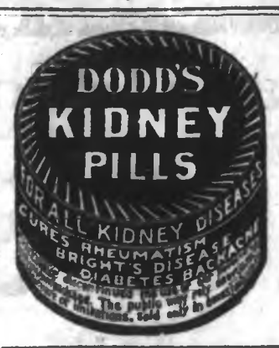
Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues and fibers in every organ of the body. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs. Dr. Pierce's Golden Medical Discovery prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh. It doesn't make the flabby fat of corpulency, but the firm flesh of health.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol to inebriate or create craving for injurious stimulants.

Mr. John L. Cuyphouser, of Glen Savage, Somerset Co., Pa., writes: "My appetite was unusually poor, and I was as weak and nervous as though I had been starved for months. My heart kept throbbing continually and I was short of breath. Finally I wrote to you, for advice and you informed me that I had indigestion and a torpid liver. I did not think your diagnosis was right, but I ordered six bottles of 'Golden Medical Discovery' from you and began to use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe.



BIBLE CLUB'S FIRST MEETING

Was Held in Y. M. C. A. on Saturday Night.

There was a good attendance and an enthusiastic and inspiring opening of the Summer Bible Club at the Y. M. C. A. on Saturday evening. This splendid beginning promises that the club will be the central religious feature of the summer at the building—now that the men's meetings have been concluded.

While the club is designed to provide a helpful point of contract for the active members—yet all other young men are heartily welcomed to its membership benefits.

The session opened with a stirring song service, following which was the study and general discussion on "The Early Life of Saul."

The method of conducting the study is conversational and a large number took part in the first lesson. The topic cards for the entire series will be issued this week.

WILHELMJS BIRTHDAY.

The following announcement will have particular interest to, especially local musicians, since the gentleman concerned is father of the Mr. August Wilhelmj, jr., a member of the faculty of the Peterborough Conservatory of Music, whose splendid singing and high qualities as a teacher, are heartily recognized:

To celebrate the sixtieth anniversary of Professor August Wilhelmj's birthday, it is proposed to organize on September 21 a fete at Usinghen, near Wiesbaden, where the famous violinist and teacher was born on that day in 1845. It is believed that many of his friends, pupils and admirers would be pleased to contribute toward the fund for erecting a tablet, with bust, in the wall of the house where Wilhelmj first saw the light. As all amateurs are aware, it was Wilhelmj who led the first violins when the Ring was originally produced at Bayreuth in 1876, and he fulfilled a like duty at the Wagner festival held in the following year at the Albert Hall, when Dr. Hans Richter made his first appearance in England.

NEW CHURCH TO BE DISCUSSED

At To-night's All Saints' Vestry Meeting.

Probability of Its Being Erected in the Near Future.

To-night at All Saints' church the adjourned vestry meeting will be held, when the business not concluded at the Easter Monday meeting will be taken up. It is probable that at to-night's meeting, the question of the new church will be discussed.

Mr. J. E. Belcher has prepared plans for this new church edifice, which will be a handsome building, and the plans will be at the meeting to-night for the members of the church to see, and it is probable that a decision will be reached as to the desirability or otherwise of proceeding with the work at once.

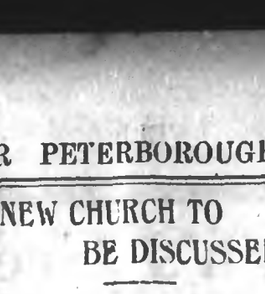
The building will utilize the present church building for its chancel, and will extend south from Sherbrooke street with its entrance on Rubidge street.

The feeling of a large number of the members is that the erection of the new building should be proceeded with in the near future, since the present building is far too small for the congregation.

WHISKERS WHILE YOU WAIT

By S. Ower Cynique.

A man and wife one bright spring day
Were strolling on George street,
When wifey said "Oh, by the by,
My milliner I must meet";



"You know you said if you escaped,
That awful stump in wheat
In gratitude you'd buy for me,
A new hat for a treat.

"That "love" that's in the window there
Is just the thing you see;
Come in and you can see, my dear,
How sweet it looks on me."

"I won't go in just now, my dear,—
I want to get me shaved,
I'll do it while you get your hat—
Thus so much time is saved."

"No hubby dear—just wait outside,—
You won't have time for that—
'Twill only take a minute dear,
To see about my hat."

The husband stayed the wife went in;
How long he had to stay.
Is shown by this, when she came out,
His whiskers had—grown—gray.

CURE SICK HEADACHE.

We Paid $100,000

For Liquozone, Yet We Give You a 50c. Bottle Free.

We paid $100,000 for the American rights to Liquozone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it—try it at our expense. Test it as we did; see what it does. Then you will use it always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

Kills Inside Germs.

Liquozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas —largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquozone its worth to humanity. And that worth is so great that we have spent over one million dollars to supply the first bottle free to each sick one we learned of.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma	Hay Fever—Influenza
Abscess—Anemia	Kidney Diseases
Bronchitis	La Grippe
Blood Poison	Leucorrhea
Bright's Disease	Liver Troubles
Bowel Troubles	Malaria—Neuralgia
Coughs—Colds	Many Heart Troubles
Consumption	Piles—Pneumonia

Constipation	Rheumatism
Catarrh—Cancer	Scrofula—Syphilis
Dysentery—Diarrhea	Skin Diseases
Diseases—Dropsy	Stomach Troubles
Dyspepsia	Throat Troubles
Eczema—Erysipelas	Tuberculosis

Fevers—Gall Stones Tumors—Ulcers
Goitre—Gout Tapeworm
Gonorrhea—Glass Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and $1.

CUT OUT THIS COUPON

for this offer may not appear again. Fill out the blanks and mail it to The Liquozone Company, 35-45 Wabash Ave., Chicago.

My disease is.....

I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

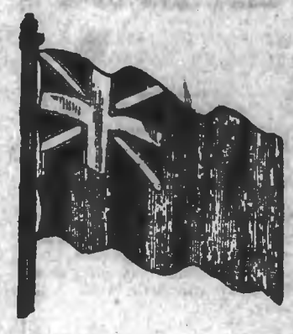
GREAT SALVAGE SALE

Of Goods damaged by the accident to the steamship "Parisian" for 5 days at the store of

The J. C. Turnbull Company



Thursday, May 11th, to Tuesday, May 16th

Our buyer was fortunate in being present at the great underwriters' sale of goods damaged by water in the wreck of the Steamship "Parisian." The Underwriters had to dispose of them peremtorily, and we secured a portion, consisting principally of :—

TABLE LINENS, TOWELLINGS, TOWELS, NAPKINS, LINEN and COTTON WAISTINGS, LININGS, HOSIERY, WHITE LAWNS, EMBROIDERIES, MUSLINS, Etc., Etc.

Some lines are thoroughly soaked, others only slightly wet, but after a thorough washing the actual damage is only slight. THESE BARGAINS FROM THE BILLOWS with some other special lines will be offered at

STEAMER MIKASA GOES TO BOTTOM

Admiral Togo's Flagship Said to Have Been Lost—Disaster in Corea Straits—Rojestvensky is Compelled by France to Get Out of Neutral Waters--Nebogatoff Joins Him But Russian Admiralty Professes Ignorance of Whereabouts.

London, May 9.—The correspondent at Paris of The Times telegraphs: "It is rumored in Russian circles here that the Japanese flagship Mikasa was lost in the Straits of Corea a week ago."

Rojestvensky Ordered to Leave.

Paris, May 8.—An official despatch was received here last night, saying that the Russian Pacific squadron had left Konghai (Kanhhea or Nhatrang?) Bay. This follows the efforts of the French authorities to keep the squadron moving. Its destination is not given.

Together at Last.

St. Petersburg, May 9.—According to the Admiralty news brought to Saigon by the hospital ship Kostrema shows that the junction of Vice-Admiral Rojestvensky and Nebogatoff by this time is an accomplished fact. The Admiralty professes ignorance of the present location of the united squadrons.

JAPS ARE IN MOTION.

Chanchun, May 9.—All the Japanese army seems to be in motion. It is impossible to tell just what the plans of Marshal Oyama are, as his columns are successfully screened by large bodies of cavalry, operating with small detachments of infantry and horse batteries. The advance since Thursday has been from 13 to 15 miles on the right and left of the army, the centre being practically at a standstill north of Kaiyuen on the railway. A series of small engagements have been going on since Thursday morning on a line 60 miles wide, and the superior strength of the Japanese has forced the Russian outposts to abandon several villages on the banks of the Liao River, and also on the Harbin road running northeast to the railway.

Small Russian divisions, far advanced on the right and left flank, have been forced to retire. On Thursday the Japanese in force attacked Palautun, Sanlindan and Batsya, on the right flank east of the Liao River and successively captured these villages after severe fighting. On Friday night they advanced half a brigade west of Shadedzi, near the railroad north of Shantsu and, while held stubbornly for three hours by a division of Gen. Bilderling's corps, finally captured all the intrenchments and the road leading northwest of this city.

The Japanese burned Shahedzi and captured a train of Russian supplies. News came last night that a force estimated at 12,000, including three squadrons of cavalry, dislodged the Russians from Naishan on the Sungari River on Friday night, and on Saturday morning captured the advanced position on the road to Jingchen. This indicates a wide turning movement on the left of the Russian army. The attack on the Liao River side would indicate Harbin as the objective, but the latest news from the left proves a turning movement of great strength on Kirin. The main Russian army is not in action, but the outposts are falling back on the fortified camps. The best information is that Marshal Oyama has 345 battalions, or 380,000 men.

Won't Fix a Limit.

St. Petersburg, May 9.—Japan has refused to agree to a definition of the limits of the war zone on Mongolia west.

IS THIS DAWN IN RUSSIA?

First Zemsky Zober May Open on November 15 Next.

St. Petersburg, May 9.—A report defining the form and character of the new branch of the Government to be created in accordance with the Imperial rescript of March 3 is current in official circles here, according to which the fruits of the Bouligan commission have taken the form of a recommendation for the creation of a zemsky zober, or council of zemstvos to serve as a connecting link between the Emperor and the people.

Czar Accepts Report.

Emperor Nicholas is said to have accepted the report of the commission, and the date of its proclamation has been tentatively fixed for May 18. The main features of the reported scheme are an organization comprising from 500 to 550 members elected by the zemstvos, the zemstvo system being extended to all parts of the Empire, while the autocratic power of the Emperor will remain undiminished, the assembly's privileges being advisory with the right of interpellating the ministers and discussing the budget when formulated, though the ministers continue to be responsible only to the Emperor, whose will will remain the supreme law.

Elections will be held during the summer in order that the first session of the new Assembly may open on November 15.

Rumors of a Massacre.

St. Petersburg, May 9.—Sensational rumors are current here that there has been a three-days' massacre of Jews at Zhitomir, capital of the Province of Volhynia, in Southwestern Russia. The rumor has not been confirmed.

Editor May Go to Siberia.

St. Petersburg, May 9.—M. Notovitch, editor of The Novosti, was re-arrested yesterday and charged with the publication of statements subversive of the existing form of government. He was release on $500 bail. The extreme penalty for the offence is exile to Siberia for three years. The basis of the charge is the publication of a statement of Maxim Gorky's letter lawyer in defence of his client. The case is attracting particular attention, The Novosti being the leading Jewish organ in Russia.

No Sunday Work for Them.

St. Petersburg, May 9.—The printers who struck Sunday, April 23, have won a victory in their demand for the observance of Sundays and holidays by abstention from work, only The Novoe Vremya appearing yesterday morning.

BARGE STRUCK STEAMER.

One Life Lost Off Massachusetts Coast —Steamer Sinks.

Vineyard Haven, Mass., May 9.—The Joy Line steamer Aransas, bound from Boston for New York, was struck early Sunday morning by the coal laden barge Glendower, in tow from Philadelphia for Boston, and sunk within 15 minutes, but out of thirty-seven passengers and a crew of twenty-nine on the steamer, most of whom were asleep at the time of the collision, only one life was lost, Miss Minnie Kelley, 27 years of age. The scene of the collision was about a mile and a half southeast of Pollock Rip shoals lightship. Although the accident happened at 11.30 o'clock Sunday morning, and at a point only thirty-three miles distant from this port, the survivors did not arrive here until early yesterday, the thick fog which prevailed necessitating slow navigation.

Mate Crocker remembers having assisted Miss Kelley to the ladder leading to the life-boats. Whether she lost her balance and fell overboard, or whether she returned to her state-room to get some forgotten article and was carried down with the steamer will never be known.

The Aransas was a twin screw steamer of 1,156 gross tonnage and 678 tons net. She was built in 1877 at Wilmington, Del., and was formerly owned by the Southern Pacific Railway Co.

J. SUTCLIFFE & SONS

AN ELEVATOR TRAGEDY.

Terrible Accident Which Ends in Death of James Bushby.

Toronto, May 9.—James H. Bushby died in the Emergency at noon yesterday. He was the night watchman for Rolph, Clark & Co., and his leg was so badly crushed in the elevator early yesterday morning that amputation was necessary.

He was going up on the elevator and in some way got caught in the gate after the carriage began to move. He managed to jerk himself free, but his leg was frightfully cut and crushed in the struggle.

In spite of this Bushby contrived to crawl over to a window, and after a time to attract the attention of a couple of policemen and inform them of his condition. The constables had the man conveyed to the Emergency Hospital. The leg was amputated, but Bushby had lost too much blood, and this, combined with the shock, proved fatal.

The dead man was about 44 years of age. He lived at 48 Smith street, where a widow and two daughters survive him.

TELEPHONE GIRL'S LUCK.

Millionaire Whitney of Montreal Takes a Bride in New York.

New York, May 9.—In the Chapel of St. Cecilia's Church, Brooklyn, were married E. R. Whitney, a wealthy promoter of Montreal, and Miss Annie Bennett, formerly a telephone operator at the Grand Union Hotel. The bridegroom is 70 years, the bride gives her age as 29.

Mr. and Mrs. Whitney, after the honeymoon at Atlantic City, will take a trip to Europe. On their return they will live in New York. Mr. Whitney's best man was to have been his son, but the latter, who is abroad, found it impossible to return in time.

FOUR TOWNS IN DANGER.

67 Miles Already Laid Waste By Forest Fires.

Plymouth, Mass. May 9.—One thousand men yesterday struggled with the forest fire, started near here four days ago, and which has been extended into four towns, threatening first one settlement, then another.

Last night the front of the fire extended for two miles, while its side lines reached six miles in the rear. It has laid waste 67 miles and is beyond control. Nothing but a soaking rain will check the flames.

City Hall Clerk Forgers.

Montreal, May 9.—Considerable sensation was caused at the City Hall yesterday morning by the arrest of two young employes of the city on the charge of issuing forged cheques. The men are C. Trempe of the arrears department, and A. R. Brunet of the controllers' department. They are charged with having stolen eight blank Banque de Hochelaga cheques and cashed one for $45 to a false name, forging the names of the assistant treasurer and the city cashier.

Heart Fails and Man Drowns.

Lion Head, May 9.—Early yesterday morning William Sensabaugh was drowned in Gillies' Lake, 18 miles north of here. He had been operating a small tug in connection with Pedwell's lumbering interests. The rest of the crew went ashore and on their return Sensabaugh was missing. His body was found in six feet of water. An attack of heart failure, to which he was subject, was likely the cause of his falling overboard.

Teamster's Horrible Death.

Hamilton, May 9.—John Alford, a teamster, met a horrible death yesterday. He was employed by F. N. Farmer, and was driving a load of furniture in a van over Ghent's crossing, near the Beach. In some way he fell from the seat in front of the van, and one of the wheels passed over his neck and face. He died a few minutes after. He was 23 years of age.

Guards' Officers Resign.

Ottawa, May 9.—The trouble between Lieut.-Col. Roper, commanding the Governor-General's Foot Guards, and the officers of the regiment, culminated yesterday in the resignation of several of the officers. Among the officers who resigned are mentioned Capts. MacLean, O'Hara, Cunningham, MacLaren, Major Street and others.

Fell From Bridge and Drowns.

Paris, May 9.—Fred J. Worron, aged 21, an employe of the Walkerville Bridge Co., fell backwards off a new steel bridge on the G. T. R., near Paris, yesterday morning and was drowned. He is a son to William N. Worron, 476 North Hughson street, Hamilton.

Bicycle Breaks; Rider Drowns.

Newport News, Va., May 9.—First Lieut. Moses R. Ross of the Artillery Corps was drowned in the Moat at that post Sunday. He was riding a bicycle along the cement walk which skirts the moat when the chain broke, precipitating him into the water.

PRESIDENT AND KING COMBINE?

Report That Roosevelt Addresses King Edward

On Possibility of Stopping the War—Japan's Reserve Fleet.

Special to the Examiner.

Manchester, May 9:—The Despatch says that Sir Robert Mortimer Durand, British ambassador to Washington, who arrived here recently from America is the bearer of an important autograph letter to King Edward from President Roosevelt on the subject of the war in the Far East and the possibility of bringing about a cessation of hostilities. The despatch in quoting a prominent naval officer says the Japanese have organized a reserve fleet which will be strong enough to keep the sea communications between Japan and Manchuria open effectually even in case Admiral Togo should be defeated by Rojestvensky.

FATAL TORNADO SWEPT KANSAS

Marquette Visited by Cyclone Which Kills Twenty-five Persons.

Residential Section of the Town Swept by Terrible Storm.

Special to the Examiner.

Kansas City, Mo., May 9:—A tornado swept the town of Marquette, Kansas, late last night. Between 20 and 25 persons are reported dead. The cyclone swept only the residence section which as a result is almost entirely wrecked. The business district was not affected.

SUMMER RESORT AT CLEAR LAKE

Mr. W. E. Brooks Has Secured Beautiful Premises.

"Orchard Beach" Open to Receive Guests on June 1st.

Mr. W. E. Brooks, of Young's Point, has leased the beautiful premises of Major Bellaisas at the foot of Clear Lake, and is having them fitted up as a summer resort. All the most modern improvements are being installed in the house, and Mr. Brooks expects to have his house in readiness to receive guests by June 1st.

"South Beach," by which name this property is known, is one of the most beautiful spots on the whole Kawartha Lakes, and is easily accessible either by boat or to drive. Tourists and guests will find it a delightful spot to spend a holiday, and the fact of its accessibility without having to spend much time travelling from Peterborough, its location enabling persons to reach it early in the evening, and not having to arise early in the morning to catch the first boat for the Lakefield train should make it a popular place for Peterborough pleasure seekers to spend a night or a week-end.

Mr. Brooks is now prepared to book accommodation for guests for the season or any part of it, and with the many advantages which this beautiful spot offers, the house should be filled all season.

MILITIA ORDERS.

Peterborough,
May 9th, 1905.

Orders by Lt. Col. Neil F. McEachran, commanding 14th Midland Field Battery, C. A.

1.—All non-commissioned of the Peterborough section will parade at the drill-hall, Tuesday, May 9th, at 8 p. m., and on each following Tuesday at the same hour, until date of camp, for the purpose of organizing their subsections.

2.—The prize money won by the Battery in the Dominion Artillery competition, has been received by the Commandant and will be distributed before going into camp.

By order,
W. C. ACKERMAN,
Capt. Adjutant.

Immediate possession can be given. For particulars, apply to Adam Hall, 407 George street. dtf-5114.

TROUBLE AHEAD FOR ST. THOMAS COUNCIL

Turned Down the Lowest Tender for Storage Battery From the C. G. E. Co. and The Journal Takes Aldermen to Task for it--Local Company's Tender Was $360 Lower Than That of American Concern Yet They Did Not Get the Order.

The St. Thomas Journal is calling the council of that city to task, for having voted to purchase a storage battery from an American firm and turning down a lower tender from the C. G. E. Co. It says:

The action of the city council in accepting the American tender for the new storage battery shows that the trip to Depew, N. Y., put some some of the aldermen under indebtedness to the Gould Storage Battery Co., just as the Jornal indicated at the time.

The acceptance of the Gould tender is simply outrageous and the ratepayers should take the aldermen who voted in its favour to task at the next municipal election or demand from them now a satisfactory explanation.

There were two tenders as follows:

The Gould Electric Co., of Depew, N.Y., $6,860.

The Canadian General Electric Co., Toronto, $6,500.

There was no reason for accepting the American tender, other than the desire on the part of some of the council to pay the Gould Co. for the trouble they had gone to in bringing the council to Depew and entertaining them while there. Here the citizens have an evidence of the evil of accepting free trips from people who seek business from the city.

Now the tender of the Canadian company was $300 lower than that of the American, and was recommended by the City Engineer, and yet in the face of that the majority of the aldermen accept the higher, tender, not recommended by the City Engineer. Surely, the City Engineer from his position and experience, ought to know the value of the batteries, better than the aldermen, who only have the word of the agent of the American battery, to prove its value.

Some of the aldermen who favoured the purchase of the Gould battery gave as their reason the fact that the company was prepared to allow the city until the end of the year to pay for it, while the Canadian company limited the payment to three and six months. This is not an excuse at all but merely a dodge.

The question the citizens must decide is this:

Is St. Thomas to be held up for an American storage battery, costing $360 more than a Canadian battery, and not recommended by the City Engineer, merely to pay the indebtedness some aldermen feel they owe the American concern for entertaining them?

We also understand that the City Engineer believes the Canadian battery to be the better, while the cheaper.

The aldermen who favoured accepting the Canadian tender were:

Ald. Luton,
Ald. Riddle.
Ald. Turnpenny.
Ald. Trott.
Ald. Lawrence.

Those who favoured the American tender were:

Mayor Meek.
Ald. Chant.
Ald. Ponsford.
Ald. Dubber.
Ald. Sanders.
Ald. Guest.

It appears that the Peterborough council is not the only municipal body being taken to task for their actions. The Peterborough council disregarded the expressed voice of the people in regard to the question of paving for granolithic pavements, and here is another council apparently acting in a way which the people will not approve of, if the Journal is voicing public sentiment.

NEWS OF RAILROADS

Legislation in America Against Railways May Intimidate British Investors.

Officials Express Fear—Address Delivered by Mr. Hayson Transportation Has Strong Significance.

In an address delivered Saturday night by Mr. C. M. Hays, second vice-president and general manager of the Grand Trunk, and president of the Grand Trunk Pacific Railroad, he spoke of the future of railroads in Canada and said that legislation should not be framed which would take from the railways the privilege of earning fair returns on the vast sums of money invested in them. He also remarked that:—"We must look to England for our additional facilities. Investors in Great Britain must view railroad possibilities in Canada with favour if we are to get further aid for the construction of new roads and branches."

It has since been learned that Mr. Hays implied more than even his words indicated in regard to the question of legislation affecting railways. Certain capitalists in Great Britain are becoming intimidated, it is understood, at the vigorous policy of the Interstate Commerce Commission in the United States, and by the legislation enacted in the Dominion for the lowering of rates and the raising of taxes on railroads. They are hesitating to invest money in proposed new roads in Canada, because they fear such legislation will prevent them from realizing profits on their money.

Mr. Hays states that "railroads, like all other commercial enterprises, must be allowed, in all countries, the privilege of earning a reasonable return on the money invested in them," and in this statement ment two thoughts were involved, according to what was learned yesterday at the head office o the company. An official, speaking of the matter, said:

"The Government of Ontario increased the taxation of the Grand Trunk in that province by 300,000 last year. The Railway Commission is lowering the company's rates in some instances. We think the commission is discharging its functions in the most capable and fair manner. We have no criticism whatever to offer, although we may not agree with the commissioners in all their findings regarding rates, but the point of the whole matter is this: If legislation is passed increasing the taxation of railroads, and the rates are lowered so that the profits to be made are to be reduced to a small margin, the investors in England will hesitate to put their money in any new railway projects in this country. The bond issue for the Grand Trunk Pacific was greatly over-subscribed, it is true, but branch lines will be built and new roads will be projected. If the railways are legislated against in too stringent a manner, the mind of the British public may be intimidated so that fair prices for future securities may not be easily obtainable."

It was also remarked that certain investors in England were looking with apprehension on the actions of the Interstate Commerce Commission, and have expressed a fear that the Railway Commission in Canada may also endeavour to practically control rates.

Mr. Hays said he would leave the subject to the consideration of all Canadians who take an interest in national affairs, for care had to be taken to so enact laws that the good will of railway corporations, which gave a country great transportation facilities should not be alienated, nor the good will also of investors, in order that additional capital may be obtained in the British market when required.

LAMENTED DEATH OF MRS. DIXON

Deceased Lady Was Daughter of Mr. and Mrs. Tighe.

A sad death was that which occurred yesterday afternoon at the Nicholls Hospital, when Winnifred M. Dixon, the 25 year old wife of Mr. W. F. Dixon, of Oshawa, passed away, after six weeks illness.

The deceased had been in town at her parents, for some weeks, and was taken to the Hospital about three weeks ago. She has been gradually sinking, however, until her death, which occurred yesterday.

The late Mrs. Dixon was well known here, her parents being Mr. and Mrs. John Tighe, of Smith township. For some little time before her marriage to Mr. Dixon, she taught school at Warsaw, where she had many warm friends. She and her husband have been living in Oshawa since their marriage.

She leaves to mourn her loss, besides her husband and parents, a six weeks old daughter, and four sisters and two brothers, as follows: Rev. W. B. Tighe, of Winnipeg, and Howard, at home; Mrs. Bullock of Young's Point; Mrs. Whatley, of British Columbia; Mrs. Grant of Manitoba; and Miss Susie, of Winnipeg.

The funeral will take place on Wednesday at two o'clock to Ray's cemetery, Lakefield.

—There is a movement on foot by the Board of Directors of the Dental college to prohibit dentists from advertising professional affairs in display ads. As yet nothing has been done, but the board has threatened to cancel the dentists' certificates if the practice is not stopped. The board asserts that such a practice hurts the dignity of dentists.

Pristine Freshness

Fresh crackers are now a delightful reality, any time, anywhere. Tell the grocer.

Mooney's Perfection Cream Sodas

They'll be as crisp and inviting as if hot from the ovens. They're made right to begin with, and packed in air-tight packages to retain all their pristine freshness. Be good to yourself, and get Mooney's Perfection Cream Sodas.

STORY OF THREE MEN IN A BOAT

How a Stump in Little Lake Fooled Them.

A False Alarm Which Resulted in a Hot Chase.

A high wind and an unruly stump floating in Little Lake yesterday afternoon were responsible for an exciting chase when three men took, supposedly on an errand of rescue, but which turned out to be a response to a false alarm given, however, in good faith. It appears that one of the employees of the Dickson Company saw what he thought to be a boat with two occupants capsize in Little Lake, and, in the belief that two lives were in danger he gave the alarm, and in response to this two other men, also employees of the above mentioned Company hurridly got out a boat, and, under the direction of the man who had been the witness to what he firmly believed to be a threatened drowning accident, pulled with might and main, against a high wind to the section of the lake in which the accident was supposed to have taken place, which was near the entrance to the stretch of canal leading to the Lift Lock.

During their passage to the spot designated by the one who had firstgiven the alarm, they were urged on by him, and their chagrin as well as pleasure may be imagined, when it is learned that what looked like a boat upturned, with a person waving his arms wildly for help was nothingmore than a stump tossing in the waves, with the roots in the air.

After having made this discovery, the trio, considerably relieved, it is true, but at the same time somewhat crestfallen at the realization of the fact that they had been the victims of an hallucination slowly returned to their comrades at the mill, who were anxiously waiting to hear the result of their errand of mercy. When they were informed of the facts of the case they were merciless in their criticisms of the accuracy or otherwise, of the vision of the one of their number who had first sounded the alarm which resulted in such a hurried trip.

THE MANUFACTURE OF OUR "PROBS."

Mr. Stuport Explains the Weather Forecaster's Work

Meteorological Office in Toronto in Receipt of Telegram Reporting Observations All Over the Continent—Sunspots and Rainy Seasons.

Frequently in the press, and also in conversation, it is made apparent how very fallacious are the conceptions of the public of the work performed and the methods employed in the meteorological service of Canada, and also in weather bureaus of other countries remarked Mr. R. F. Stupart, director of the Meteorlogical Observatory, in a paper which he read before the Canadian Institute. Continuing, he said in part:—

The Meteorological Office, familiarly known as the Observatory, in Toronto is under the Dominion Department of Marine and Fisheries, and is the central office for the whole of Canada.

There are 360 stations where meteorological observations are taken In the majority of instances the observing is performed gratuitously by persons who take an interest in such work, and who have been supplied with the necessary instruments by the Government, but at some outlying stations where voluntary observations cannot be obtained small gratuities are allowed. Then at some thirty-six stations scattered at about equal intervals across the Dominion small salaries are paid; the observers are obliged to conform to certain regulations, to observe at regular hours, never omit an observation and twice each day telegraph a report to the central office.

The telegraphic reports contain the following information:— The heigh of the barometer (reduced to sea leve in order that all stations shall be comparable), the temperature of the air, the weather, the direction and velocity of the wind, clouds, and rain fall (if any). These reports are forwarded from Toronto to the United States Weather Bureau at Washington, which bureau in exchange (there is complete reciprocity in the weather reports) supplies the Canadian service with some fifty or sixty reports from various parts of the United States.

Scientific Methods Aimed at.

As an example of the weather forecaster's method, we will suppose that there is an area of low pressure over the State of Nebraska at 8 a. m.: the previous morning — twenty-four hours earlier—it was over Utah, and has since increased in energy Now it is obvious that if this area continues to move in the same course and with the same velocity it will pass across the great lakes; but the forecast official assumes no such thing—its previous course and rate of travel are simply two important factors to be considered in his diagnosis of the case; he does not assume either that it will continue in the same course, or that it will continue to increase in energy; the relative position of other low areas and their probable effect on that over Nebraska must be duly considered, also the position of high areas and their probable effect on the various low areas, also the temperature prevailing over different portions of the continent must not be neglected, and due allowance must be made for its influence in producing rainy or dry conditions, as the case may be.

The official at Toronto endeavors to give the proper weight to each of the apparent facts, and then he judges as to—what various movements and changes there will be during the coming thirty-six or forty-eight hours.

Sun Spots and Rain.

In the Meteorological Office at Toronto every cyclonic area which has passed across either Canada or the United States since 1871 has been carefully charted and studied, and it has been discovered that there is a very evident periodical shifting of the mean monthly tracks of cyclonic areas, and also a periodicity in numbers of storms, and the study of these facts and figures is pursued with a very cheerful hope that in the not distant future we may be able to connect the observed variations with solar phenomena. In a paper read before the Royal Astronomical Society of Canada four years ago it was shown that there are strong evidences of the rainfall of Southern Ontario varying with the increase and decrease of sun-spots; that the rainfall for two or three years immediately succeeding sunspot minimum is excessive, and that relatively dry seasons then follow. The rainfall of the past three years has tended to corroborate this suggestion.

In Europe for the past few years much has been done in exploring the upper atmosphere by means of instruments carried to high altitudes by kites and balloons, and from these observations some very valuable knowledge of the upper currents and temperatures has been obtained. Then again there is ground for hope that the solar physicist may render assistance in solving meteorological problems, but my hope in this direction is somewhat tempered by a belief that changes in solar radiation probably affect the earth's surface and atmosphere almost instantaneously, and that while it may ere long be possible to show with almost absolute certainty that changes in terrestrial weather follow solar changes, it is less probable that the solar physicist will be able to forecast changes in the output of energy from the sun with sufficient accuracy to assist the meteorological forecasts very materially.

A Central Office for the Empire.

The earth as viewed from the sun only subtends an angle of less than one-third of a minute of arc, a mere speck in the universe, and it is almost inconceivable that at any particular time different portions of the earth's surface can receive radiations from the sun of different kinds and intensity, except as modified by latitude and atmospheric conditions, and yet nearly every year the weather of some portions of our globe varies greatly from the normal, while in other portions it is just average, or varies in the opposite direction. These facts indicate the complexity of the problems to be faced, and the writer favors a more systematic co-operation among the meterologists of the world and a central meterological office for the empire.

Sir Norman Lockyer and Dr. W. J. Lockyer at South Kensington have for some years been devoting much time and energy to solar research, while the distinct object of tracing the connection between solar changes and terrestrial climatic changes, and we in Canada hope that the director of the new observatory in Ottawa will also conduct some such research, and assist in the good work already being carried on.

A Conveyancer Convinced

He is Positive there is no Remedy for Kidney and Liver Troubles Equals

Dr. Pitcher's Backache - Kidney Tablets.

The story related by Mr. N. Ford, the well known conveyancer of St. Mary's, Ont., is but one of the thousands of tributes that are being paid to Dr. Pitcher's Backache Kidney Tablets. This is what he says: "For three years I have had a pain in my right side and back. I laid it to the liver and kidneys. I tried a good many medicines without relief, but finally got a bottle of Dr. Pitcher's Backache Kidney Tablets, and to my intense gratification they relieved both pains, easily and quickly, and there has been no return of the symptoms since using them."

Dr. Pitcher's Backache Kidney Tablets are 50 cents a bottle at druggists or by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

VESTRY MEETING HELD MONDAY

Adjourned Meeting In Connection With St. Mark's

The adjourned vestry meeting of St. Mark's Church was held on Monday, May 8th, 1905. Rev. E. A. Langfeldt appointed Mr. Abner Collins, Rector's Warden, and the people elected Mr. Robert Scollie as People's Wardee. Dr. R. C. Burritt and Mr. Robert Parker of Toronto and Mr. Barlow Cumberland, of Port Hope were elected lay delegates to the Synod. The finances of the church are in a satisfactory condition. A total expenditure being fully met by the givings of the people. $53.00 of this amount was given to the cause of missions. A vote of thanks was passed to the organist Mrs. R. Scollie, and a sum of money was voted her as a mark of appreciation.

It was decided to paint the interior of the church and the wardens were authorized to take the necessary steps. A subscription list was circulated, which resulted in $33.00 being subscribed at the meeting. A vote of thanks was passed to St. Luke's choir and organist for the excellent music rendered at last Sunday's service at St. Mark's.

The meeting then adjourned, Rev. E. A. Langfeldt pronouncing the benediction.

Much sympathy is felt by the congregation of St. Mark's with Mrs. James Thorne whose father, Mr. John Deyell died last Monday.

Work All Done

House clean and bright before the day is rightly begun. When good brooms and brushes are used it takes very little effort to keep the home attractive.

PILE OF SLABS FELL ON HIM

Mr. Archie Shook Was Injured at Dickson Company's Mill.

Mr. Archie Shooks was unfortunate enough yesterday to have a pile of slabs fall on him, hurting his leg below the knee and necessitating his removal to his father's apartments in the Grand Central block.

It seems that while unloading a car of slabs the lower layers of the pile were taken out first and the overhanging top layers propped up. The supports were insufficient and over went the pile plumping down on Mr. Shook. His leg is not broken but is very painful and it will be some time before he is fit again.

POOR, WATERY BLOOD.

The Cause of Pimples and All Disfiguring Eruptions—Dr. Williams Pink Pills the Only Cure.

Poor, watery blood—pale blood—is the cause of every pale complexion. Bad blood—blood filled with poisonous impurities—is the cause of every bad complexion. Bad blood is responsible for eruptions and pimples, and torturing burning, itching eczema. These troubles can only be cured through the blood, and the only medicine that actually makes new blood—rich, pure health-giving blood—is Dr. Williams' Pink Pills for Pale People. The new blood which these pills make reaches every organ and part of the body. It clears the complexion, banishes pimples and eruptions, and brings health, strength and happiness. Miss Lizzie Lobsinger, Carlsruhe, Ont., says: "Dr. Williams' Pink Pills is the best medicine I know of for cleaning the blood of impurities. My blood was in a bad condition, and as a result I was not only weak and run down, but was troubled with pimples and eruptions. I tried several medicines, but they did not help me. Then I was advised to take Dr. Williams' Pink Pills, and these soon relieved me of all my troubles. I can recommend the pills to anyone suffering from bad blood."

Bad blood is the cause of nearly every disease that afflicts humanity. It is because Dr. Williams' Pink Pills make new, rich red blood that they cure such troubles as anaemia, heart palpitation, headaches and backaches, rheumatism, neuralgia, indigestion kidney and liver troubles, and ailments of girlhood and womanhood. But you must get the genuine pills with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by medicine dealers everywhere or sent post paid at 50 cents a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

ACCIDENT AT YOUNG'S POINT

Mr. I. Peck Hurt While Working on Dredge.

Good Judgement Used in Conservation of the Water—Mr. Darcey's Plans.

(From Our Own Correspondent)

Young's Point, May 9th.—Mr. I. Beck, foreman on the steam dredge, met with a very painful accident on Wednesday. He was taking up the slack of the large chain with the crowbar, when the wheel came back the crowbar striking him on the forehead and also on one of his hands. He is able to be about again, but the accident might easily have been fatal.

March weather now instead of gentle spring.

The water is very low in the river here for this time of the year, but there is plenty in the lake above the dam. There was good judgment used this spring in holding back the water, as in August, when we require it, we will have plenty.

The power house has been shut down the past week or so, and the Lakefield Cement Company has been run by No. 3. Mr. Bailey, electrician, was up on Thursday making some repairs, and stated the power here would soon be in operation again.

Mr. Harry Hawkaday, who resides on the east site of the river here, is erecting a fine new barn. His brother, Fred, is also building a new house. Brooklyn is progressing rapidly.

Mr. Harry Kearney intends building a bakery on this side, and in the near future will be able to supply the Point, also Stoney Lake with fresh bread, pastry, etc.

Mr. Wm. Brooks has been busy the past week getting South Beach House in readiness for the coming season. He has a number of men working painting, kalsomining, cleaning, etc., etc., and expects to move over next week.

There is a rumor of Mr. T. Darcey of Burleigh Falls, renting Mr. McFarlan's Hotel here, and conducting it as a temperance house.

—There have been thieves in town. Mr. Routley, grocer, on the corner of Brock and Park streets, was relieved of a 50 lb. pail of lard last night before 9 p. m. The trail of the light-handed person has not as yet been hit.

CANADA'S PROGRESS DURING THIS CENTURY

Some Pertinent Facts Showing the Great Advances That This Country Has Made--Increase of Population Last Year Double That of 1902--Volume of Trade Doubled in Eight Years--Bank Assets $10 per Head of the Population.

Collier's Weekly has recently been paying a great deal of attention to the movement of the cream of the farming population of the mid-western States into the Canadian west. In its current issue Collier's has the following article by Broughton's Brandenburg. It will be generally recognized on this side of the border that it is the best tribute paid in many a day to the work of the Immigration Department:—

Not content with having precipitated upon us a grievious trouble in the enormous immigration from Europe and Asia to our eastern and western shores, with hordes of Japs "threatening to come," says Mr. Brandenburg, "the gods of Progress and Change now have breached our walls to the northward, and the first rush of what is destined to be a mighty begira is pouring from the United States into Western Canada. It is wholly an artificially directed movement, the work of the Canadian Government, the Canadian railroads, and the Canadian land speculators. Sound economic principles, however, underlie the superficial causes that have set the tens of thousands on the move. It is now too late to deflect the current, and all that is left for the good Americans who have been asleep is to waken to inquiry into the mixed good and evil that shall result; then, if possible, harvest the one and notify the other.

One Story of Success.

Twelve years ago Eric Swenson, a Swede farmer, with a family of four sons, having lost his farm in the hard times of 1893, left Fertile, Minnesota, and trekked across the border into Manitoba to see what he could find. Near Altamont, on the line of the Canadian Pacific, he found a section of what appeared to him to be very fine wheat land, and making inquiry, he was told that he could "homestead" a quarter of a section of it for himself, and a quarter for each of his sons, by going to the land agent's office in Winnipeg. This he did, and he and his family entered into the possession of seven hundred acres of land at a total cost of $52.20. The next fall he harvested the finest crop of wheat he had ever seen, of a quality better than he had grown in Dakota, and his market was just as accessible. His wife went back to Fertile to visit a sister that winter, and when she came home to Altamont eight other families came with her. This little story presents the simple workings of the aforementioned economic principles.

The Campaign of Settlers.

Intelligence of good farm land does not fly like the tidings of a gold strike, however, and these principles if let alone would have been a long time in peopling the great Canadian Northwest. In the past two or three years the interested parties — the Canadian Government, the speculators, and the railroads—have been planning a great campaign of concerted action, which, despite the fact that so little has been heard of it is now in full blast. Where a few years ago we lost good citizens by the hundred by migration over our borders, we are about to lose them by the hundred thousand, and I do not hesitate to say, from examinations I have made of numbers of parties either en route or about to depart, that they are the very best stock from our settled rural communities. It is a leak at the top, and not at the bottom.

The Grabber at Work.

Of course it is unfortunate that the tens of thousands of desirable citizens who have left the country to better their condition could not have found the betterment by going on west in the United States to equally good lands, which, thanks to the exquisite operation of our political system, are not now open to homesteading, as they have been grabbed in recent years by corporations and speculators. Having been robbed under the nose of a complacent Government of what was rightfully theirs, they cannot be blamed if their pastures look better under the British flag. However, the indications are that they are carrying their Americanisms with them, and in the environment of the free sweep of the northwestern prairies they are not likely to lose it. Some day, not too far ahead to be interesting now there will be a crisis in Canada in which the will of the hundreds of thousands of American citizens there will be the most potent factor. I am convinced from a reading of the signs already plainly visible, that they will not cast their lot with those who wish annexation to the United States.

The greatest evil is the loss of blood our body politic is sustaining and must sustain. Some of the points of good are the increased use and market for American agricultural machinery. American made clothes, books, food stuffs, etc. The greater their prosperity the greater their purchasing power, which is gratifying to contemplate when it is remembered that the market is secured in advance, and the Americans in the west of Canada are likely so to dominate the trade preferences of the mixed European immigrants that they too will conform to the American standard and style of living.

After giving the complete figures of the remarkable growth of the begins in the past five years, I desire to point out some of the means of incitation which are open to comment, if not adverse criticism. At least they would not be allowed to go on long without government enquiry in any other civilized nation.

The following figures are official from the bureau at Ottawa and show the immigration into Manitoba, Assiniboia, Saskatchewan, Alberta and British Columbia by years:

	British.	Americ-an.	Contin-ental.	Total.
1900-1	11,810	17,987	19,352	49,149
1901-2	17,389	26,358	28,778	67,979
1902-3	41,792	49,473	37,099	128,364
1903-4	50,374	45,171	34,785	130,330
1904-5 (estimated)				180,000

This Agent a Hustler.

The facts that warrant an estimate of a fifty thousand jump up before June 30th of this year come in reports from the agencies working in the United States. A few days ago the agent of one of the stations established by the Canadian Government showed me his books to prove that in six weeks work he had opened negotiations for removal with three thousand families in but three States. Homesteaded lands in 1896 were 297,760 acres, and increased in eight years to 5,299,120 acres.

Not only is the system pursued effective in the extreme, but it is very interesting as well. The Government of Canada inserts and keeps standing a prominent display advertisement in all the American agricultural publications.

The farmer who answers this letter receives a half-dozen different booklets, folders, maps, etc., explaining the Dominion opportunities. To meet the demand for these publications more than a million copies of each pamphlet have been printed.

Putting the Proposition Plainly.

While recently visiting one of the Government agents I found a keen-faced, squint-eyed old Hoosier who was in Toledo on his way to Winnipeg. He put the proposition plainly, saying:

"I'm fifty-five, come next September, an' I been farmin', hired hand, shares, rentin'n owner, all my life. I got enough to live on, but I got three boys big's I am, 'n I jes haff-ta do somethin' with them. Last fall I plumb wore myself out tryin' to keep Ed—he's the oldest—from goin' to Fort Wayne to git a job. Now, the other two's restless. I hain't buy them each farms. Ner they don't want'ta work ten years to git sixty acres with a mortgidge on it. I'd go west if I could, but I been on two homeseeker trips out there, 'n let me tell ye, when you see somethin' worth havin' out there, you got-ta go to some company's agent to ast the price' 'r if it's free land it's dry's an undertaker's eye. I found I hadn' no show to give my boys a start in my own country, so I'm off for Alberty, where I kin git one hundred and sixty acres the finest land you ever seen fer myself, 'n one hundred and sixty acres more jest like it for each 'a them boys. I hate to do it, but good-bye to Injianny." The agents tell me that thousands of men have the same story to tell. The immigration is divided into two classes, the fathers with sons, and the renters who have saved enough money to strike out into a new country.

Could not Keep Them.

The literature sent out by the Canadian Government teems with testimonials of men who have gone into the new country and succeeded. One agent, who, like nearly all of them, was selected because he had lived in the west of Canada and knew all about the country, said he knew of no man who had gone there and failed. I asked him if he did not think that the men who were good enough for Canada to bid for under great soliciting expense must be too good for the United States to lose; he laughed and answered that a finer lot of men had never come out of any land, but he did not see how the United States could keep them.

With the centre of population barely over the Ohio line and almost stationary for the past ten years, nearly a thousand miles from the geographical centre of the country, is it possible that we are already so crowded that immigration is necessary? The idea is ridiculous.

The truth is that the westward tide has bumped into the unyielding front of ranch, timber land and mining tract grabs, and so turns north into Canada—ere long in numbers of a hundred thousand per year—birth-right-plundered expatriates!

"OZONE" IT'S BEST FORM

The prompt and permanent removal of any internal germs is most surely affected by the use of "Solution of Ozone" if it's 'the coupon kind.' It means the liquified oxygen is in the most concentrated form and that in addition is given free with either the fifty cent size or the one dollar size of the solution a coupon good for a twenty-five cent package of "Celery King." This splendid tonic laxative is needed to obtain the best results in the use of the stringent "Ozone without lessening its curative properties. The Public Drug Co., Bridgeburg, Ont. control exclusively the manufacture of both "Solution of Ozone" and "Celery King." Sold by W. B. WARNE, druggist. 10

Monkey Brand Soap removes all stains, rust, dirt or tarnish—but won't wash clothes. 45

REASON No 32

WHY YOU SHOULD USE

Red Rose Tea

Because so often imitated.

It is said that "Imitation is the sincerest flattery," and imitation creeps into everything—even a good brand of tea.

Red Rose Tea is very often imitated—but no man will imitate an inferior article. If Red Rose Tea is worth imitating, it is well worth buying.

Will you judge it for yourself? Ask your grocer to send you a package.

Insist on getting the genuine article.

AMERICAN INDEPENDENT.

In another place is re-printed from Collier's Weekly, an American journal, which is not only above the littleness of disparaging everything Canadian, but is fair enough to recognize the fact that Canada and its resources, its people, and its future, are forces to be intelligently reckoned with. This article deals in a most interesting way with the exodus of American farmers to the fertile wheatfields of the Northwest, and the causes which influence those seeking happy homes, under happy soil and citizen conditions, to seek them in Canada. These causes are, briefly, the exhaustion, by the absorbtion, by land grabbing corporations, of the United States lands available for settlement, and the energetic crusade of the Government of Canada, which is "pushing the battle to the gates." In connection with the article in Collier's, is published a map of the United States, showing in what States are situated agencies of the Canadian Government, manned by live and energetic agents, who are equipped with literature by the ton, describing and depicting the attractions of the Canadian Northwest. There are fifty-eight of these agencies in twenty-three States. This all indicates that the Government of the Dominion is alive to the importance of peopling our boundless West, and with a class of settlers almost invariably with the capital and experience necessary to make them successful and prosperous Canadian farmers. There has been some fear that this great influx of Americans would bring with them American political ideas, which would, perhaps, work mischief in Canadian political affairs. But there seems to be little fear of this. When these newcomers have a chance to have practical experience with Canadian institutions, laws and morals, there seems to be little probability of their longing for the political flesh-pots of the Egypt they have left behind. The writer of the Collier article says that he does not think that these American subjects of Canada, will cast in their lot with those who may wish for annexation to the United States.

DR. OSLER.

Dr. Osler, in a recent address, advised Canadian girls to stay at home—in Canada. It was to be noted that he very carefully refrained from dealing with the delicate question of the age of the ladies. We fear that his advice will not have immediate effect. The law of supply and demand is always in force. Canadian girls are so thoroughly good looking, sensible, prettily wholesome, reliable and, in every way desirable, that they are in great demand in the United States. Good girls are so common—in the sense of frequent occurence, of course—that perhaps our young men do not value them as highly as if they were scarce.

CANADIANS NOT TOADIES.

Toronto Saturday Night has the following instructive illustration of contrasting national traits: "While speaking of Earl Grey's visit to Toronto, it is amusing to note the impression a real live Lord made on a democratic Yankee in our midst. This gentleman wrote a letter to the press in which he expressed his surprise at the cold reception the Governor-General received from the citizens whenever he appeared in public. He complained that the people never lined the streets and cheered the Earl as he passed. In the United States they profess to be free from the weakness of admiring nobility or rank, yet they founder themselves in running after anything with a title. In Canada and other parts of the British Empire the people recognize distinctions of blood and title, yet somehow they always manage to refrain from making themselves ridiculous and mean by worshipping at the shrine of social position. Hence it is not surprising that the only comment on the self restraint displayed by the people of Toronto in their welcome of Lord Grey, should come, not from a native Canadian, but from a visiting Yankee."

Canadians are not given to going into fat-throwing hysterics over its its great men and great visitors, neither, is it ready to tear them to pieces the next day, a la Hobson, if some trifling action offends the hero worshipper.

Judge J. W. Whitten, chief of the law division of the general land office, delivered a lecture recently in Washington, on Alaska, having just returned from a 5,000 mile journey through Alaska on business. He declared that while Dawson, which is under Canadian rule, is, in his opinion, one of the best governed towns in the world, all places of business there closing from early Saturday evening until sunrise on Monday morning, on the other hand at Nome, the first American city across the boundary, all these things are running in full blast on Sunday. These contrasting conditions serve to more emphatically differentiate the genius of Canadian and American institutions. In many towns and new settlements, on the American side of the boundary, law and order, in the Canadian sense, are unknown, the people are a law unto themselves, and "justice" is administered without reference to legal procedure, or judicial considerations. On the contrary, in Canada, settled conditions are the first consideration; law and order are established, and in no Canadian mining town or new settlement, are to be found the counterpart of "drum-head court martials," or lamp-post lynchings. The difference may be due to Canadian slowness, but the credit of being law-abiding, and decent, will pretty effectively offset such a reproach.

FOR AND AGAINST.

The list of the names of those who voted for and against the school clauses of the Autonomy bill have been published, and the people are asked to store up these names, and have a settlement with the offenders at the polls. This is quite right. Let the people reckon with the representatives of the people. But let the people store up in their minds something more than a list of names, and something better than the provoked prejudices of the present time. Let them pursue the study of the school question after the partizan passions of the present time have subsided.

Ontario will be urged to take revenge upon the followers of one party and Quebec will be urged to seek revenge upon the followers of the other party, while in the various Provinces prejudice either way will be cultivated as it discloses itself. Would it not be much better for the Canadian citizen, wherever his lot is cast to disabuse his mind of preconceived predjudices, and set himself the task of ascertaining why it is that a Parliament representation of the Dominion gave the school clauses a majority of eight-one, while only fifty-nine members in a House of two hundred and fourteen voted against it—and some of these offering specious excuses for their votes?

The man who is not misinformed by Toronto newspapers, which pay their public the poor compliment of flattering their prejudices, knows that the school clauses of the Autonomy bills fall as far short of meeting the wishes of the hierarchy as they do of meeting the desires of the Orange lodges of Toronto. Nothing commended these bills to the Roman Catholic Church, save and except the violent opposition they aroused in this city. The school clauses do not give the Roman Catholic Church in the West anything that was demanded—nothing that was taken away from the Church in 1892 by the Territorial Government, and which the Parliament at Ottawa was urged by the Church to restore. Sir John Thompson was Premier at that time, and his Government declined to interfere, on the ground that the whole question would be opened up when autonomy was granted to the West. That day has come, autonomy is being granted to the West, and nothing that Sir John Thompson was petitioned by the Church to restore to it is being restored. The ecclesiastical control of schools which was abolished in the West in 1892 remains abolished forever, unless the Provincial Governments of Alberta or Saskatchewan voluntarily restore it. Archbishop Langevin has not been diverted from his point of view by the uproar in Toronto. He has issued a letter to his clergy denouncing the school clauses of the Autonomy bills as confirming in perpetuity the spoliation of the Church that took place in 1892. He has written Hon. J. I. Tarte a letter rebuking him for saying that the school clauses are satisfactory to the Roman Catholics of the West. As we have said on former occasions, the efficient Government of Sir Wilfrid Laurier has solved this school question in a way that will prove satisfactory to the Roman Catholic and Protestant people, although not to the hierarchy nor the Orange lodges. — *Toronto Star.*

OFFERED CHAIR IN McMASTER

Rev. J. L. Gilmour, of Montreal, Offered Position.

Well Known Baptist Pastor Wanted for Theological Chair.

The many friends in Peterborough, of Rev. J. L. Gilmour, well-known here, since Mrs. Gilmour is a sister of Mrs. Dr. Boucher and Mr. J. H. Burnham, will be interested in the following despatch :—

Toronto, May 8.—An effort has been made to secure Rev. J. L. Gilmour, pastor of Olivet Baptist Church, Montreal, for one of the theological chairs in McMaster University. The reorganization of the curriculum and vacancies on the staff caused by the resignations of Chancellor Wallace and Professor Goodspeed, are being seriously considered by the University authorities. Mr. Gilmour is one of the most scholarly men in the Baptist denomination. At the present time there is no assurance that he would accept professorial appointment, but an earnest effort is being made to secure his services.

Mr. Gilmour, at the meeting of the Senate held last Tuesday at Toronto, was offered the chair of Systematic Theology, but declined the same at once in order to avoid any doubt as to his intention of completing, so far as in his power, the work of his ministry in Montreal.

WATCH CASE AT POLICE COURT

Cheap Movement Substituted For Expensive One in Pawned Watch.

Edward Ferguson Discharged—Considerable Testimony Taken.

A peculiar case in connection with a watch occupied the morning at the police court.

The defendant in the case, Edward Ferguson, was charged by John McIlvena, with having exchanged the movement in a watch which he had taken in security for a loan of $3.50. The complainant in his evidence testified to having bought the watch while engaged at a lumber camp, paying $30 for it. He had, upon his return to Peterborough, made requests of several jewellers for a loan upon it, but was refused. He subsequently met Ferguson upon the street, and the latter had loaned him the sum of $3.50 upon one occasion and $1 upon another, in security for which he accepted the watch.

Complainant on Sunday evening returned the money, receiving from Ferguson the watch, the movement of which he found later had been removed, and an almost worthless one substituted, the respective values being $24 and $2.50.

Testimony was taken from two local jewellers, to both of whom application had been made for a loan. Both testified to the exchange of movements.

The prisoner, Ferguson, in giving evidence, practically reiterated the story as previously told by the complainant as to the loan. He stated that after receiving the watch he had placed it in a trunk in his room, which, however, was not locked. Several families residing in the house had free access to the room. He had no knowledge of the change of movements.

The Court in delivering judgment, stated that there was no question that prisoner had received the watch with the original works and that the others had been substituted before its return, but in the face of the prisoner's good character and frank manner of testifying, he could not find a conviction. The fact that others had free access to the room was also commented upon. Prisoner was therefore discharged.

R. E. Wood, Crown Attorney, conducted the prosecution; Osias Lapointe, counsel for complainant; F. D. Kerr, counsel for the prisoner.

BOYS' SWEATERS

We are pleased to announce the arrival of a large and well assorted stock of Boys' Sweaters which so many mothers have been asking for.

These Sweaters are made in Germany, of fine, soft imported Wool. They come in all the good serviceable and pleasing shades and patterns, and in sizes to fit Boys from 3 to 12 years of age.

PETERBOROUGH BILL PASSES COMMITTEE

Went Through the Private Bills Committee With Flying Colours This Morning--Only Twenty Minutes Devoted to its Discussion--City Incorporation Opposed by G. W. Hatton and Jas. Kendry--Committee Decides That They Will Not "Check Peterborough"--Large Number of Peterborough Citizens Present--Bill Reported This Afternoon.

Special to the Examiner

Toronto, Ont., May 9:—The bill respecting the town of Peterborough passed the Private Bills Committee this morning, especially the incorporation clause, with flying colors. The discussion occupied only about twenty minutes. Mr. H. Carscallen, the chairman, said at the beginning that all the clauses of the bill had been agreed upon by the committee except the incorporation clause. Addresses in favor of the bill were made by E. H. D. Hall and R. M. Dennistoun who appeared for the school board. Mr. G. W. Hatton and Jas. Kendry were heard in opposition to the incorporation clause. They argued that the people were not in favor of incorporation and that the project had been nursed secretly by the council and "sprung upon the people." Incorporation would increase the expenses of the town in many ways and Mr. Hatton specified licenses as one thing that would be increased. In answer to a question he said he did not represent the license-holders. The committee did not take long to make up their minds when the chairman in a semi-jocular way asked "Shall we check Peterborough." There was a hearty chorus of "No" and when he put the *formal motion to report the* bill respecting Peterborough including the incorporation clause there was an unanimous vote in favor of reporting the bill to the house this afternoon. There was a large attendance from Peterborough of those interested in the fortune of the bill, including Mayor Best, but their presence only exercised a moral effect, none but those mentioned being called upon.

WILL DEBATE AUTONOMY BILL

At St. Paul's Young Men's Guild on Friday.

On Friday night, St. Paul's Young Men's Guild will hold a meeting which should be of special interest. In addition to a good programme of music, readings, etc., a debate on the subject "Resolved, that the passing of the Educational Clauses in the bills establishing the provinces of Alberta and Saskatchewan is in the best interests of the Dominion."

The speakers will be:— affirmative,—Messrs. E. S. Clarry, A. Laing and H. Heard; negative,—Messrs. R. Sturgeon, H. Howson and M. Rosenburgh.

Refreshments will also be served.

THE BALOW FOLK, a comedietta from the fairy lore of Eugene Field, will be presented in St. John's school room, at 8 o'clock, May 11th. Admission 15c. 3d

Bananas.

We are unloading to-day a carload of the finest bananas that have ever reached the town. Prices are 10 and 15 cents per dozen. S. A. OKE, George street.

Save Your Eyes

If your eyesight is good take care of it—if it is defective have your eyes carefully examined.

DIFFICULT CASES

We take special interest in what are called "difficult cases". We take pleasure in hunting out complicated defects and solving difficult eye problems. Our successful work (where others have failed), adds to the patients comfort and naturally adds to our reputation. If your case is one in which others have failed, we would like to have you consult us. If you can be helped with glasses we can do it.

Hatters and Furriers. Established 1861. No. 413 George Street.

JOHN DEYELL PASSED AWAY

Well Known Resident and County Councillor.

A Public Spirited Man—One of the Pioneers of Otonabee Township.

The many friends in all parts of the county, of County Councillor Deyell, will learn with deep regret of his death, which occurred yesterday afternoon at his residence, lot 26, 13th concession of Otonabee, after a somewhat protracted and painful illness. Deceased had been suffering for some months from an affliction of the toes, but it was not considered serious. The trouble continued to become more acute, however, and some weeks ago he was taken to the Nicholl's Hospital, where he was given the best of medical attention, but the progress hoped for was not realized, and he was taken to his home, after the trouble had developed into gangrene.

A consultation of Doctors Boucher, Eastwood and Greer was held, and it was decided that it would be necessary to amputate the leg above the knee. The operation was performed on Saturday morning, but Mr. Deyell's system was too much weakened by his illness to stand the shock consequent upon the operation and he gradually sank until the end came yesterday afternoon.

The late Mr. Deyell was one of the best known and most highly respected residents of the township of Otonabee, in which he had lived all his life, having been born there 69 years ago.

He was prosperous in his business, that of farming, and the Deyell farms were always models, after which the other farmers in the township sought to conduct their farming operations.

Though not ostentatious, Mr. Deyell has always taken a deep interest in public affairs, and for twelve years served on the township council of Otonabee, and for some years was reeve of the township.

Last January he was elected by acclamation to sit in the County Council as representative of the Otonabee Division, with Mr. Johnston, and had attended only one session of the council. His long municipal experience, however, stood him in good stead, and he had already proved himself a valuable man in the counsels of the county legislators. He was a particularly well-informed man and his death will be deeply regretted by his colleagues in the council, to whom his advice was very valuable.

The late Mr. Deyell was a native of Otonabee, and in that township lived his lifetime. He was married about forty-three years ago to Miss Rosiah Matchett, who survives him; nine children, five sons and four daughters were born to them, and of these, one son and two married daughters live in Manitoba, and the rest are residing in Otonabee, one son and one daughter living at home. The names of the children, with their places of residence, are:—Herbert, of Otonabee; Edwin, of the *Northwest Territories*; Ernest and John, who are married, and living in Otonabee; and Roy at home; Mrs. Thorn of Otonabee; Mrs. Harry Trotter, and Mrs. Geo. Trotter, Northwest Territories, Miss Emily, at home.

Three brothers, Robert and Samuel of Otonabee, and William, of Lindsay, also survive him.

The funeral will take place on Wednesday, May 10th, at 3 o'clock, from his late residence, lot 26, con. 13, Otonabee, and proceed to Little Lake cemetery, for interment.

The members of the county council have sent a large wreath to be placed on the coffin of their late colleague, and they will attend the funeral to-morrow in a body.

THE PARISIAN DISASTER

It was rumored round town that Messrs. Robert Fair & Co. were large losers by the disaster to the ocean liner "Parisian," in Halifax Harbour. For certain business reasons the firm requested the local newspapers to refrain from publishing the facts, pending a settlement with the Underwriters' on their 12 cases of goods.

While a portion of the goods came in contact with sea water in the stern of the vessel, the bulk of their shipments was in the forward hold, which, fortunately, was not submerged.

A satisfactory settlement has now been made with the Underwriters, with the result that all these goods must be sold at once. For this purpose Messrs. Fair & Co. will inaugurate a sale involving enormous sacrifices, on Friday morning, May 12th. See to-morrow's daily Examiner and Review.

An Excellent Concert Arranged.

The noted bass soloist, Mr. H. Wharton Bull, London, Eng., sings in Fifth Ward Hall, assisted by others in instrumental music and recitations, Monday, May 15th. Tickets 25c. Comments of English papers:—"Excellent." "Sonorous" and "Powerful bass voice." "Manly voice" of "rich tone and power" and "singularly effective." He "merited the hearty and delighted applause received." 3 eod

BONANZA FOR HOUSEKEEPERS

Provided Through Enterprise of J. C. Turnbull & Co.

In Purchase of Damaged "Parisian" Cargo—Big Sale on Thursday.

The strong announcement made by The J. C. Turnbull Company, Limited, of a sensational salvage sale of valuable portions of the cargo of the ill-fated ocean steamship "Parisian," forms the strongest shopping topic for housekeepers and others that has occurred this season. The buyer for this firm attended the underwriters sale in Toronto recently, and secured immense quantities of fine merchandise, which had gone down with the vessel, and was afterwards saved. The sale of these wet goods was of course at an enormous loss to the underwriters, and the Turnbull Company, on the look out to secure a share of the great bargains from the wreckage for Peterborough, bought heavily.

It is worth while bearing in mind that the portions of the goods secured by The Turnbull Company, sustained very little actual damage, except the wetting, and can be turned to good account for practical purposes, with little trouble, except the drying. None of the goods are seriously damaged, and as will be seen by the window full of them in the big store, came through with nothing worse than a good ducking. Large quantities came through with no hurt at all—not even soiled. Quantities have of course been soiled, but what of that? These wash.

There are hundreds of yards of fine damask, table linens, towellings, napkins, linen and cotton waistings, white lawns, muslins and other white goods, sheetings, ginghams, hosiery, handkerchiefs, gloves, laces, linings, insertions, flannelette, gowns, blouses, skirts, suits, carpets, etc., etc.

Great loads of latest styles in the newest summer goods were just being imported. Imagine, therefore, the chances there will be for householders, hotels, boarding houses, restaurants and others to replenish their stock at savings rarely offered under such circumstances.

On Thursday morning this salvage sale starts at the Turnbull stores at 10 o'clock, when the special lines to be offered will consist of bleached and unbleached tablings.

On Friday, the special offerings will be in towellings and allied lines.

On Saturday, cashmere hosiery, cambric handkerchiefs, white waistings, etc.

The special sales for next week will be announced in the Examiner in good time.

NEW OWNER OF MEAT MARKET

Mr. M. W. Porter Buys Out Mr. W. G. Howden.

Mr. W. G. Howden, who has conducted successfully a prosperous meat market on George street near Hunter, has sold the good will and business to Mr. M. W. Porter, who has been in the employ of Mr. Howden as salesman for some time.

Mr. Porter took over the business on Monday, and will doubtless make a success of it, since he is a thoroughly practical man.

Mr. Howden will assist Mr. Porter on Saturday in future.

TIME EXTENDED FOR ONE WEEK

Directors of Peterborough Lock Works Met Yesterday.

Yesterday was the day set for the tenders to be received for the additions to the Peterborough Lock Company's works.

A meeting of the directors was held and these were considered. It was decided to extend the time for one week.

PARK STREET B.Y.P.U. MET LAST NIGHT

Interesting Papers Read by Members.

A most interesting session of the B. Y. P. U. was held last night. Mr. Alex. Haddow in the chair. Three very strong papers were read on "the Making of a Christian," by the Misses Mable Gillespie, Nellie Hudson and A. A. Black of Chatham.

This Young People's Union is developing into a very healthy organization. On a recent visit of Messrs. Ramsay and Edwards, from eighty to a hundred young people rallied. This bids fair to be a most successful term and the new officers are to be congratulated.

Recital by Pupils of Prof. Davies, in the Y. M. C. A. Hall to-night. Proceeds are in aid of the Y. M. C. A. Dormitory Fund. 1d

"Blunoz"—a Canadian Serge made on the Semi-ready standard

"Blunoz" is our exclusively controlled serge.

We had an idea that Canadians would wear a Canadian-made serge, if it was made good enough. We didn't want to appeal to their loyalty—what we wanted was a serge that would appeal to their pocket-books and their common sense.

We have it in "Blunoz" serge.

Our cloth experts hunted up a Canadian manufacturer who was honestly trying to make good serge, and instilled into him our ideas of what a serge should be. He is making "Blunoz" serge for us now. We control the output of his factory and the secret that makes "Blunoz" wear well and never fade.

The only place you can get this excellent "Blunoz" serge is in the Semi-ready Wardrobes—in single and double-breasted sack suits.

Price, $18.

Residence—178 Harvey street, Peterborough

MR. FRANK WHITE SERIOUSLY HURT

Left Arm Badly Lacerated and Broken in Two Places at Cereal Works.

Caught in Elevator Conveyor Belt—Drs. Eastwood and Morgan in Attendance.

A distressing accident occurred this morning at the American Cereal Company's Works, when Mr. Frank White, of 579 George street, had his left arm broken in two places, besides suffering severe injuries to his head.

About ten o'clock, Mr. White, who is foreman of the elevator, had occasion to go to the top of the shaft where it was noticed that one of the bearings was running dry, and while examining this, placed his head inside beside the roller. While doing this his coat sleeve caught in the conveyor belt of the elevator, drawing his arm in around the roller, breaking it in two places and mangling the entire forearm. Mr. White was immediately thrown against the machinery, and from this resulted the wounds upon his forehead and cheeks.

Considerable difficulty was experienced in extricating Mr. White from his position, and this was accompanied only after the box surrounding the pulley had been removed, which, of course, consumed considerable time. He managed, however to cut the belt with his knife, but little was accomplished by this as the machinery had previously stopped running.

The injured man was removed to his home in a cab, Drs. Eastwood and Morgan being summoned. He is at present resting as easily as may be expected, and a speedy recovery is hoped for by his numerous friends.

—During the whole of the month of April less than one-half of an inch of rain fell, or, to be exact; .41 of an inch. This month, and May is but little more than a week old, rain has fallen to the depth of almost two inches—1.9% of an inch. The usual April showers were late in arriving, but came to hand in May.

Try One Bottle of Paine's Celery Compound This Month.

Few people in our country are without some knowledge of the wondrous life giving virtues of Paine's Celery Compound, a medicine that guarantees release from the diseases common to life.

What will your decision be today, poor sufferer? Will you give Paine's Celery Compound the fair and honest testing that others are giving it, with the certain reward of health, strength, vigour and happiness, or will you remain indifferent or careless, content to pass your few days or weeks in misery, agony and wretchedness until the dark grave claims you as its victim?

It is almost needless to enumerate the blessed results that flow from Paine's Celery Compound when used promptly in springtime, as you need your friends have a knowledge of them. Of this you may be assured—the seeds of disease are banished, the system is fortified, the blood is made red and pure, the nerves braced, digestion regulated, headaches, sideaches and backaches forever dispelled, and sweet, restful sleep takes the place of insomnia.

SINGLE SCHEDULE NOT SATISFACTORY

Manager MacEwan Will Fill Up Dates However.

Every Off Saturday Will be Filled With Exhibition Games.

A copy of the Midland League schedule reached Manager MacEwan yesterday, and he is not particularly pleased with the idea of a single schedule. in fact he is not pleased at all with it, and is very much surprised that Lindsay is willing to accept it. Two weeks between games is, in his opinion quite too long, but this apparently is about all that some of the other teams can stand.

In spite of the fact that the team will only play League games once in two weeks, and sometimes not that often, there will be games in Peterborough on every Saturday. Mr. MacEwan is determined to give the lovers of baseball in Peterborough an opportunity to satisfy their desire for the game this season, and in addition to the scheduled league games there will be a series of good exhibition games, with the best Toronto teams, as well as with teams from other towns.

Douglas and Shay are in town to stay, and Stayne and the backstop will be here on Saturday for good. This will give four new men, and with the addition of these men to those already here there should be a team in Peterborough which will give the best in the League some interesting games.

The management of the Port Hope team was said to have been in Toronto on Saturday out a hunt for Harvey Williams, or any other pitcher whom they could induce to attend the season in Port Hope, but it is not recorded that they met with any very gratifying success.

The prospects are at the present time, that this season will see some pretty interesting contests in the Midland League. All the teams are strengthening up in anticipation of a hard season's games, and when the schedule opens it will be a hot race for the pennant.

GAME ARRANGED FOR SATURDAY

"Progressives" Will Play Postponed Game Then.

The Peterboroughs will make another attempt to pull off a game next Saturday, when the fast "Progressives" of Toronto, will play the game which was billed for Good Friday, but which was postponed on account of snow.

This team is a fast aggregation and should give the local team a good game.

The probability is that the Sherburnes will be here to play their game on Saturday, May 20th. This team is a gentlemanly lot of players, and in addition to this qualification they are good ball players.

Thus two good exhibition games are assured before the opening of the Midland League season.

ST LUKE'S NOT IN GUILD LEAGUE

Meeting Held Last Night Reaches the Above Decision.

At the meeting of the St. Luke's Young Men's Guild held in the Guild Rooms, Hunter street, last night, it was decided after a lengthy discussion to stay out of the league this year.

The discussion was both lengthy and warm as some of the members wanted to enter a team but the majority went against the suggestion and decided that they would rather stay independent than enter the league with a poor team. They will play independent ball this summer, however, and perhaps next year things will be more favorable.

C. L. A. GROUPS ARE ARRANGED

Peterborough Placed in Junior No. 11 Group

Peterborough has been placed in the Junior O. L. A. series, with Whitby, Oshawa, Bowmanville and Port Hope, and to-day the full list of districts is announced. Those which are of interest locally are:

No. 11—Oshawa, Whitby, Bowmanville, Peterborough, Port Hope, Omemee, F. E. Dills, Oshawa. Meet at Bowmanville.

No. 12—Markham, Uxbridge, Cannington, Beaverton, Lindsay. Omemee, Rev. D. M. Martin, Cannington.

No. 13—Orillia II, Midland, Gravenhurst. Convener, J. O. Miller, Meet at Orillia.

Havelock has returned and will be given a bye, and will enter the semi-finals.

The secretary states that this grouping is satisfactory to the local team.

BASEBALL.

The Young Excelsiors hereby challenge the Young Invincibles to a game of baseball to be played in the Murray Street School Grounds at ten o'clock on Saturday morning. The line-up of the Excelsiors is as follows:—Pitcher, Herb Bellegham; catcher, Joe, Eano; 1st base, Harold Hickey; 2nd base, Willie Clancy; 3rd base, Herb. Callaghan; short stop, Frank Heffernan; right field, Harold Clancy; left field, Frank O'Shea; centre field, Fred. Kearns.

• • • •

Rain prevented a game in Toronto yesterday in the Eastern League.

• • • •

"Reddy" Lamont will play with Woodstock, in the Western Ontario League, this season.—Mail and Empire.

• • • •

Much regret is felt by the different Guilds in the league concerning the inability of the St. Luke's to put in a team and all effort possible will be put forth to induce them to reconsider their decision. The principal deficiency seems to be in the line of pitchers and some effort will be made by the other clubs to supply that need. The executive are desirous of having the same teams as last year, and it is to be hoped St. Luke may yet see fit to enter a team in the Guild League.

• • • •

The St. John's Young Men's Guild team will hold a practice to-morrow evening at Morrow's field, Park street. All players are requested to turn out and a meeting will be held afterwards to transact business.

FOOTBALL.

The Quakers will practise to-night on the oval.

LACROSSE.

The Peterborough Lacrosse Club will practice to-morrow night at 7 o'clock, at the T.A.S. grounds, rain or shine.

BASEBALL MONDAY.

The Eastern League.

SERIOUS FIRE WAS AVERTED

Blaze Started in Rear of George Street Store.

Back Yard Inspection Might Now Be in Order

A blaze, which might have resulted seriously, occurred this afternoon in the yards behind the City Hotel. The fire, which was extinguished by the brigade, was fortunately confined to a large pile of crates containing straw, which are apparently used in the shipment of china and crockery, and which had been deposited there by some of the stores.

Much fear has been said concerning the annual inspection of back yards, and it would be well if that inspection were made before some serious damage is done as it is an easy matter to start a serious fire from an accumulation of papers and boxes, and other inflammable material which gathers at the rear of a number of the stores.

"—Saint John, New Brunswick," is the title of a Booklet received from the Tourist Association of St. John, New Brunswick. Much valuable information for the sportsman and tourist is contained in this Booklet, as well as good maps and beautiful illustrations. Copies will be mailed free to any address on application to Mrs. H. E. Olive, Secretary New Brunswick Tourist Association, St. John, N. B.

CAPT. GRAFTON'S PRIZE HORSES

Win High Honours at Toronto Horse Show.

First Prize for Professional Driving—Honours Well Won.

The Dundas Banner has the following reference to Capt. Grafton's success at the Toronto Horse Show:

"Capt. J. J. Grafton secured honours with his handsome chestnut pair of horses, "Sunshine" and "Happiness," at the Toronto Horse Show last week. The Horse Show is the event of the season in Toronto and is only equalled by the New York Horse Show on this continent. It is esteemed a great honour to carry off a prize there against the magnificent horses which compete.

"On Wednesday evening "Sunshine" and "Happiness" secured second prize in class 27, amateur pair, the first prize being awarded to "Governor-General" and "Her Excellency," owned by Dr. Young, of Toronto. The comment of the "Mail and Empire" on this class shews that Capt. Grafton was very nearly securing first prize. A note in the "Mail and Empire" states: "Although only four in number the judges found it no easy task to come to a decision in the amateur pair, but the first prize went to Dr. W. A. Young's "Governor-General" and "Her Excellency," with Capt. Grafton's, of Dundas, "Sunshine" and "Happiness," second.

"On Friday evening Capt. Grafton also secured first prize in professional driving with "Sunshine" and "Happiness." The Toronto "Mail's" comment on this was "that from the standpoint of the amateur in horse flesh and horsemanship the two most interesting events of the evening performance was the competition for the best performance of professional coachmen and for the Toronto Hunt Plate. In the former class the equipages were models in the way of appointments and craftsmanship. The coachman in livery with pair and carriage were required to do some remarkably deft driving between posts placed so closely together as to barely allow for the passage of the carriage. An extra coat of paint would have spelt "failure" to some of the drivers. James Braden, coachman for Capt. J. J. Grafton, of Dundas, achieved his life's ambition by winning the red ribbon with "Sunshine" and Happiness." Capt. Grafton certainly should be congratulated on the honours he has achieved. "Sunshine" and "Happiness" are a young team, this being the first time they have competed for honours against the best in horseflesh that Canada can produce."

A suggestion which, in view of the habit that Toronto people have in appropriating everything in sight, may have some point, is that if Capt. Grafton had been a Toronto citizen he might have won the first prize.

The many friends here of Capt. Grafton will hear with pleasure of his success.

For Spring Debility

YOU SHOULD RESTORE RICHNESS TO THE BLOOD BY USING

Dr. Chase's Nerve Food

Habit is one of the strongest forces of nature. It is like a rut into which it is easy to run, but which too often leads to misfortune and calamity.

The habit of dosing with salts and sarsaparillas in the spring is doing much to undermine the health of the present generation.

In the spring the blood is thin, the system run down and the body weak and enervated. What you need is a tonic and restorative, such as Dr. Chase's Nerve Food.

If you have been a slave to the habit of dosing the system with salts or similar weakening purgatives you will appreciate Dr. Chase's Nerve Food, which acts on the principle of forming new blood, building up the system and creating new nerve force.

It is something to strengthen rather than weaken that you most need in the spring, and Dr. Chase's Nerve Food supplies this need as no other medicine was ever known to do.

By its use the action of the heart becomes strong and regular, the stomach is supplied with the nervous energy which is necessary to healthful digestion, and every organ of the body is enabled to carry out the duty imposed on it by nature.

Dr. Chase's Nerve Food, 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. Portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 1

We have several good farms for sale, which would make desirable homes at different prices.

STANLEY, SWITZER & CO.,

Real Estate and Insurance Agents, Office under town clock, entrance of Market

"CATCHING COLD" FROM DAMP FEET.

THE soles of the feet have more, and larger, pores than any other part of the body.

These pores are to carry off, through perspiration, the poisonous wastes of the body.

When the pores stop doing this all the work of "scavenging" falls upon the Liver and Kidneys.

These soon sicken from overwork, and then poisonous wastes accumulate, developing into serious illness if not checked.

To "Catch Cold" is to have just these things happen. The most frequent cause of "Colds" is getting the feet wet, through the sole leather of shoes.

This moisture from without, chills the skin, which then contracts, closing up the pores, checking distribution of the blood, and shutting in perspiration. Ask your doctor.

Now some of the highest priced imported Oak Sole leather, if placed in a jar of water, will soak through in one single hour.

The pumping action on the leather in walking, carries dampness through in less than that time.

If high priced regular Oak Sole leather will do this, what happens with the poorer kinds, as used in the vast majority of shoes?

Like all others, "The Slater Shoe" suffered, in the past, from this leaking trouble, though as far as we could we guarded against it.

But, not till this season has there ever been a process of tanning sole leather which would prevent foot damp.

The new "Quick-Oak" process does this at last, and makes the leather wear like rawhide.

Put a piece of this "Quick-Oak" Sole leather in water and you can't make it soak through in less than four hours while regular oak soles soak through in one hour.

We control this brand of leather for Canada, and it can be had only in the genuine "Slater Shoes" which are made only by the Slater Shoe Company.

Consider what this toughest, most wear-worthy, and most water-proof of leathers means to your feet, to your health, at no extra cost to your purse.

Remember that more people die of sickness originating in colds than of any other cause, and that most colds are due to damp feet than to any other cause.

Look for the slate-frame trade mark inside the shoe top.

DEPARTING PARISH PRIEST HONOURED

Rev. Father McGuire of Hastings Made Recipient of Addresses and Purses.

Popular Priest's Departure From Hastings for Downeyville is Deeply Regretted.

Congregation and Catholic Foresters Present Father McGuire With $500.

Rev. Father McGuire, the esteemed Parish Priest of Hastings, who has officiated with such marked success in St. Mary's Church during the past seven years, and who has been transferred to Downeyville, was presented with a number of complimentary farewell addresses on Sunday, each being accompanied by well-filled purses in appreciation of his faithful and energetic services.

After the 10 o'clock Mass the first of the addresses was presented on behalf of the congregation of St. Mary's Church and was read by Mr. A. M. Bailey, manager of the Union Bank. The address was as follows:—

To Rev. Father P. J. McGuire, Parish Priest of Hastings, in the Diocese of Peterborough:

Reverend Father,—Your congregation, of St. Mary's, Hastings, cannot permit you to depart from our midst without giving expression to our feeling of regret at the severance of ties that have so infinitely bound us to you as our Pastor, for the last seven years, and our appreciation of the services so ably and so energetically rendered by you, in matters both spiritual and temporal. The improvements begun by the lamented Father Connelly, and so successfully completed by you, will stand as a monument to your zeal and devotion to the welfare of the parish, and a memento to generations to come. We will only instance a few. When you came, our dead had to be taken to neighboring cemeteries, where they had to rest, to some extent neglected. To your foresight we owe the beautiful cemetery that is a source of pride to every member of the congregation. Its order and completeness would do credit to much more pretentious places than our little Parish. There the very numerous and excellent sheds that shelter the teams of the farmers, the outbuildings, and the additions to the presbytery, the fences, the heating of the church, and the acquiring of the valuable school lot all speak volumes for your energy and thoroughness.

The interest taken by you in our school, whether in town or country, evidencing your care for the future of our children, must have lasting effects, but, above all, the efforts made for the spiritual welfare of the people will stand as the most lasting monument to your zeal. The orderly behaviour of the worshippers, the efficiency of the choir, are also evidences of the success of your efforts.

The celebration of the Holy Sacrifice of the Mass twice on every Sunday to enable every member of your congregation to perform the duty demanded by the church, in worshipping God, the hours spent in the confessional, the procurring of the assistance of the Missionary Fathers, to strengthen the faith in the ardent, and to draw the lukewarm and the indifferent, to a better sense of duty, but in particular, your zealous care for the sick, and the poor, will be held in fond remembrance by us all.

And so, Rev. Father, on the eve of your departure, we take the opportunity, to express our keen regret, our great sense of loss, our appreciation of your services in the past, and our earnest wish for your well-being in the future. May you be blessed with length of days and all the choicest gifts, a benificent Providence can bestow, is the earnest wish of your people.

Please accept the accompanying purse on behalf of the congregation as some indication of the esteem of the members.

Signed on behalf of the congregation, Felix Conroy, A. U. Bailey, J. J. English, Michael Walsh, M. F. Lynch, Jas. F. Doherty, Thos. Howard, Jas. O'Reilly, Jas. H. McGrail, Jas. Logan, Bernard Jones, Rich. Walsh.

Mr. J. J. English, dry goods merchant, presented the purse for the congregation which, it is understood, contained the handsome sum of over $400.

Address From Foresters.

The members of St. Mary's Court C. O. F., of which Rev. Father McGuire is an honoured and esteemed member and Chaplain, presented the following fraternal address, on behalf of their Court, accompanied by a purse containing $100.00 as a loving token of their esteem for their departing Brother.

This address was read by Mr. Thos. Myles, C. R. of the Court, and the purse was presented by Mr. A. B. Spellman:—

To Rev. Father P. J. McGuire, Parish Priest of Hastings, in the Diocese of Peterborough and Spiritual adviser of St. Mary's Court 56 C. O. F.

Reverend Father,—The members of St. Mary's Church No. 56 to C.O.F., embrace this opportunity of expressing to you our unfeigned regret at your departure from among us. After seven years of closest intimacy, when we come to review those years, the thoughts that keep crowding up before us, reminds us of your faithful zeal, as our spiritual adviser; of your influence in stimulating us to right living and right thinking; of the strength you have been to us as an active member of our order, as well as our honourable representative at both Provincial and High Court Conventions, and the wisdom and willingness you have shown in helping and directing us in our work. The nature of the many services you have rendered us combined with your inspiring and genial manner has tended to endear you to all your brethren of this Court and the Parish of Hastings, and you may be sure that in years to come, no honour will come to you that will not cause fond hearts to beat in sympathy here. We pray and trust your usefulness may long be continued and that in the new field of labour where you have been called, many may learn through your teaching the true ideals of manhood; to make them into the perfect man, "Unto the measure of the stature of the fulness of Christ."

Dear Father, in saying "good-bye" it affords us pleasure to ask your acceptance of this purse of money, as a token of our parting esteem and regard.

Signed on behalf of St. Mary's Court, 56,

A. B. Spellman, T. Myles, Jos. Smith, M. McCarthy, D. McFadden.

Father McGuire's Reply.

After the reading of the two addresses Rev. Father McGuire, who was visibly affected by the touching reference contained therein, replied in very feeling terms. He expressed his heartfelt thanks for the kind words conveyed to him by his loving parishioners, and for the generous love offerings as expressed in their united gifts. He could not help feeling regrets at parting from the many loving ties that had bound him to Hastings. It was but human that after a period of seven years among such a good people, he would feel the separation a hard one. The sacrifice made in leaving such a parish was no inconsiderable one, but he had made it, when he left his native land, as all men who studied for the Priesthood willingly do and he made up his mind never to form too strong attachment for any particular spot, but to be prepared to bow to the decision of his superiors, and be ready to work in whatever part of the Master's vineyard he was called to. "And so it has come about", said the reverend father, "that I, in obedience to my Bishop, knowing it to be the will of God, am ready and prepared to leave this pleasant field of labour to go and work in another portion of Christ's vineyard".

Regarding the progress made in the Parish since he came among them, he could not allow the occasion to pass without giving credit to the members of his congregation for their whole-hearted generosity and co-operation on every occasion. When he first came to labour among them, he found a debt of $1,500 on the property of the church, which has all been wiped out. In addition to this, the large sum of $10,000 has been paid out for improvements made in the Parish during his pastorate.

United Labours.

This had all been accomplished by the united labour and generous contributions of his faithful people. The splendid Easter offerings of the members two weeks ago was referred to as an example of the liberality and love of his congregation. Regarding the work in connection with the new cemetery he desired to say that that work was greatly accelerated by the foresight of His Lordship, the Bishop of Peterborough, who had procured the site before he came among them. He bestowed credit upon the hundreds of his willing members who had worked so diligently in improving the cemetery grounds, and giving the labour for the beautifying of the site. The reverend father declared also that much of the success of his efforts in the spiritual and moral progress of the Parish, was

He referred to the valuable landed property given to the church by Mrs. James Conroy; to the handsome church bell presented by the same lady two years ago; and the graceful spire so kindly donated by the late Philip Kennedy.

He spoke of the schools of the Parish where he had spent many a pleasant hour, and which were now to be found in excellent condition and under the supervision of teachers of ability.

Speaking of his connection with the Foresters, the reverend father said he found St. Mary's Court in a flourishing condition when he came to Hastings, and he was proud to say that it had continued to flourish ever since,—increasing in membership and the members exerting themselves as a tower of strength in the Parish. He closed with a fervent appeal to his hearers for their continued co-operation in the good work of the Parish under his successor. His heart would ever go out to the many loving ones he was leaving behind him in Hastings, and, "My last act on Wednesday morning before leaving for my new field, will be a requiem mass for the dead of the Parish".

Address From Senior Choir.

In the evening, after Vespers, the Rev. Father Kelly, of Peterborough, delivered an able and impressive sermon in the church, which was listened to by a large and attentive audience. At the conclusion of the services the choir adjourned to the Presbytery where the following address was read to Rev. Father McGuire:—

Rev. and Dear Father,—To-night sad echoes round our hearts are stealing. We have come to say farewell to you, kind pastor, father and friend.

Too short was your sojourn with us, but sufficiently long as to have enshrined your memory forever in our hearts, and to make to-night's farewell a sad one.

To grace this parting scene we have entwined a wreath, not of earth's fading flowers, but of earnest, heartfelt prayers to heaven for choicest blessings on your head, and now, although we part, we claim a place in your memory. Yes, dear father, when wafting your memory and evening prayers like incense to the throne on high, then, do not forget to breathe one for the devoted members of St. Mary's Choir.

In conclusion, we offer you this chair, which is but a slight token of our regard and we hope it will sometimes serve to recall pleasant memories of the Hastings Choir.

Signed on behalf of its members,

Mrs. A. B. Spellman, Annie Coughlin, Miss LeFleur, Mrs. Donoghue, Lillie Collins, Kate Lynch, Annie Oakys, Harry Quigley, Jos. Gallagher, Nelson Revard, Tim Coughlan, Louis Foley; Helen Murphy, organist.

The gift referred to in the address was an elegant Morris Chair in oak, upholstered in rich haircloth.

Father McGuire was greatly pleased with the presentation from his choir. He asked them to accept his best thanks for their kind words contained in their thoughtful and loving address. He congratulated the members on their musical ability, their correct pronounciation of the Latin, for the rare harmony which had existed among them,—no ill-feeling or discord having ever been known to exist among them, and also referred in complimentary terms to the organist.

Address From the Sanctuary Boys.

The Sanctuary Boys of the church did not forget their loving pastor, for, on proceeding to the Vestry, the Rev. Father McGuire found the boys ranged up in line to bestow their parting words and gift to him. Master Joseph McColl read the following address in a manly and intelligent manner:—

Rev. P. J. McGuire,
P. P. of Hastings, Ont.

Rev. and Dear Father,—Since the announcement of your decision to seek another field of labour, expressions of regret have been heard on every side, but none have reason to feel your departure more keenly than the sanctuary boys, whose privilege it has been to serve you at the Altar.

We owe you a debt of gratitude, which we feel we never can repay, for the deep interest you have taken in training us for that high and holy service. We can only thank you with all sincerity, and trust that we may be able to follow your wise counsels and thus attain to a noble manhood.

Kindly accept, dear Father, this simple gift in token of our respect and affection from

YOUR ALTAR BOYS.

The gift of the Sanctuary Boys consisted of a combined silver sugar and cream set and a card tray.

The reverend father was touched with the loving sympathy and expression of the address and he gave a parting blessing to the boys that they will not soon forget.

Rev. Father McGuire will leave Hastings for his new sphere of labour in Downeyville on Thursday. He is to be succeeded by Rev. Father Bretherton. Regrets are expressed on all sides, by members of other denominations, as well as by the great public at the departure of the reverend father, from the village.

ANGEL CHILDREN.

Is there any happier woman in this world than that mother whose each successive little one seems to her but one more darling angel to continually lift her thoughts toward the sunshine of perfect happiness? But sorry is the lot of that poor mother to whom motherhood has ceased to be a cause of rejoicing, but has become instead a burden to be dreaded and looked forward to with melancholy and apprehension. "About three months before our last baby was born (which is our fourth), writes Mrs. Nellie Carl, of Myrtlepoint, Coos Co., Oregon, "my health was very poor. I had been troubled for about eight years with female disease. I doctored with good physicians but obtained no relief, so I wrote to the World's Dispensary Medical Association, and was advised to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so, and am happy to say my health began to improve and I did my work up to the last, and felt splendid. "I got along finely during confinement, and have the healthiest baby I ever saw. When he was three months old he weighed eighteen pounds; he is now seven months old and weighs twenty-four pounds. I can say I have had no return of my old troubles. I thank you very much for the good you have done me."

Any woman may write to Dr. R. V. Pierce, of Buffalo, N. Y., a statement of her case, which will be considered in absolute confidence by this physician who stands among the foremost specialists of the century in the treatment of women's diseases. He will send her (in a plain, sealed envelope) sound, sensible, valuable advice free of all charge.

Dr. Pierce's great thousand-page, illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 50 stamps.

A CHANCE FOR OPERA HOUSE

Money is Now Lying Waiting For Word to Start.

All Depends now on the Citizens—A Need Which May be Supplied.

Those who have the matter of the new opera house in charge, report that good progress is being made, and they assert that all that is necessary now is for the public to show its interest in the project to the extent of subscribing for tickets for the opening night, and if this is done the house is an assured fact.

The money is waiting now to be applied to the erection and equipment of the opera house, and if the people of the town, who have been clamouring for years for a "decent" public show house, where a concert or play may be heard in at least a pretense at comfort, will show that they are in earnest in their expressed wish for this thing, by subscribing for an opening night show, which, if it does not materialize will not commit them to anything, the play house will be erected, and, more than that, it will be ready for the fall season.

Assurances have been received from the syndicate which controls the dating of the best shows which pass though Canada that if the house is erected here, at least thirty of the very best shows on the road, including that headed by E. S. Willard, will play here, and Peterborough people will get what they have long been looking for.

This town has reached a stage in its existence, when it can support a good opera house, and it is doubtful if another town of its size can be found on the continent in which there is not a better opera house than that of which Peterborough boasts.

Mr. Walter Stocker is out to-day and will continue to-morrow with the guarantee list for the opening show.

ALL SAINTS' NEW CHURCH

This Decided on by Congregation Last Night.

Satisfactory Reports From Various Societies—Church's Progress Gratifying.

The adjourned meeting of All Saints' vestry was held last evening in the school room and was attended by a large number of the members of the congregation. Rev. W. Major the rector, presided, and a spirit of enthusiasm and thankfulness pervaded the meeting.

The different reports presented showed a remarkable growth in the work of the church and the year just closed has been the most successful in the history of All Saints.

Satisfactory Reports.

The meeting opened with the presentation of the report by the auditors Messrs. Bell and Hooper, which was adopted. This report showed what was termed a remarkable growth in the financial affairs of the congregation, and was most encouraging in every prospect. The total income from all sources during the year amounted to nearly $4,200.

Mrs. Gilbert, treasurer of the Women's Auxilliary, presented the report from that branch, which was adopted. This organization has had a most successful year and the report presented was the most satisfactory in its history.

The report of the Junior W. A. presented by Mrs. Illois, and which was adopted was also of a highly satisfactory nature, as was also the report of the Chancel Guild, presented by Mrs. Gilbert.

Election of Officers.

The election of church wardens was next proceeded with and resulted in the election of Messrs. W. H. Dayman as rector's warden, and Mr. F. Wise as people's warden.

As a mark of appreciation of the services rendered the congregation by the esteemed pastor, Rev. Mr. Mayor, and as an evidence of the high regard in which he is held, a substantial increase was made in his yearly stipend.

The congregation also manifested their deep appreciation of the services rendered by the retiring warden, Mr. Edgar, by presenting him with a handsomely bound prayer book.

Enlarging Church.

A discussion then followed on the proposed plans for the enlarging of the present church or building a new edifice. The discussion was freely entered into by all the members of the congregation, both ladies and gentlemen, and a vote was finally taken, which showed that a majority was in favour of an extension to the present building along the lines of the plans submitted by Mr. J. K. Belcher, architect.

The Advisory Board was authorized to proceed with the necessary steps in order to have the specifications drawn up at once and the extension proceeded with at the earliest possible date.

The proposed extension will be erected on Rubridge street, immediately south of the present buildings.

Croup Absolutely Cured.

"There is no remedy in my opinion that can act more promptly than Dr. Chase's Syrup of Linseed and Turpentine. It cured my son of croup, absolutely, in one night. We gave him in a dose when he was black in the face with choking. It gave him instant relief and cure."—Mr. Wm. McGee, 49 Wright Ave., Toronto, Ont.

To Make Pure

Biscuit, cake, rolls, muffins, dumplings, etc., a pure leavening agent is indispensable.

While the Royal Baking Powder is reported absolutely pure and healthful, the official reports show most other baking powders, as well as the cream of tartar of the market depended upon by many housekeepers for raising biscuit and cake, to contain either alum, ammonia or sulphuric acid.

The Government Analyst of Ontario says:

"As a result of my investigation, I find the Royal Baking Powder far superior to the others. It is pure, contains none but wholesome ingredients, and is of greatest strength."

ROYAL BAKING POWDER CO., NEW YORK.

RECTORY SITE DECIDED UPON

Report of Committee Presented at Last Night's Vestry Meeting.

Adjourned Vestry Meeting of St John's Dealt With the Matter.

The adjourned vestry meeting of St. John's church was held last night at the school-room, quite a large number being in attendance.

The meeting opened with prayer by the Rev. J. C. Davidson, who presided, after which the reports of the various auxiliary societies were presented. All of these were extremely gratifying and satisfactory from every point of view and evidenced a highly prosperous year.

Reports

The report of the Women's Auxiliary, which was presented by Mrs. P. Campbell, treasurer, and Miss Errett, secretary, showed the substantial balance of $48.82 on hand. The membership is at present 74, including six life members. The King's Daughters report was presented by Miss Ruby Burnham and Miss Hugel, and was also was satisfactory. The financial statement showed an expenditure of $169.34, leaving a balance on hand of $41.19.

The report of the Young Men's Guild presented by Mr. Chas. H. Reid showed a year of prosperity and increasing membership. The receipts were $26.59 and expenditure $25.31, leaving a balance of $1.28.

Other reports were read by their respective officers as follows:

Chancel Guild — Mrs. E. Brown, sec'y-treasurer.

Mission Band—Miss Daisy Mills.

Girls' Guild—Miss Dawson.

Young People's Association —Miss L. Pratt.

Financial Statement

The people's warden, Mr. W. Harold Cluxton, then discussed various features of the financial statement presented at the previous meeting and gave the estimates for the coming year.

A summary of the statement of revenue shows:

Offertory	$1098.28
Pew rents	736.26
Special collections	1896.85

This with receipts from other sources made a total of $5543.90.

Expenditure.

Salaries	$1050.00
Remitted to Synod	442.41
Special payments	3034.12
General expenses	678.62
Cheque returned	20.36
Balance	38.36
	$5543.90

The progress which has been made in every branch of the church's work was shown in the comparison instituted by Mr. Cluxton between the financial statement of the past year and that of the year previous.

Many unusual expenditures had been made, including $300 for new pavement—these in some instances being quite heavy. The aggregate result was extremely gratifying. The expenditure for the current year was estimated at $3,570 and the receipts at $3,175.23.

Good Prospects

In this statement, while showing a deficit, provision has been made for all possible contingencies, and the warden expressed the belief that the balance on hand will be fully as large at the end of the year as at the close of the past one.

New Rectory.

The report of the building site committee was presented by Dr. Boucher, recommending as follows:

That the committee approve the site fronting on Brock street, taking twenty-one feet from the rear of each of the two corner lots and a small portion of the church yard on condition that the same be conveyed for rectory purposes free of charge to the church.

Your committee further recommended that the rectory front west and that the plans be prepared to carry out the suggestion.

The report was adopted on motion of Dr. Boucher, seconded by Mr. H. Long.

A committee composed of Mr. R. M. Dennistoun, Dr. Boucher, and H. Rush, sr., was appointed to arrange for the conveyance of the land from the synod, to have plans prepared and to secure estimates.

The question of a grant of $25.00 to the Episcopal Endowment Fund was left in the hands of the wardens with power to act.

Officers

The following sidesmen were appointed: Messrs. R. M. Dennistoun, R. Fair, Dr. Boucher, Dr. George Burnham, W. G. Howden, A. H. Stratton, D. Hughes-Charles, P. Campbell, W. Conway, MacFarlane Wilson, Chas. H. J. Mitchell, H. Rush, F. D. Kerr, Col. H. C. Rogers, H. Long.

The ushers appointed were as follows: Messrs. J. Bell, C. Graham, J. Patte, H. Rush, jr., Jas. Bell, Stanley Cannift, H. Sawers, J. G. Perry, H. Wilson, J. J. Cooks, W. Horace Walker, J. Comstock, C. Reid, E. Johnston, S. R. Stone, E. A. Rowe.

The following lay delegates were appointed.—Messrs. R. M. Dennistoun, H. Rush and Dr. Boucher.

THE BALOW FOLK, a comedietta from the fairy lore of Eugene Field, will be presented in St. John's school room, at 8 o'clock, May 11th. Admission 15c. 3d

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr. J. Hill Smith, of Napanee, is in town on business.

Mr. W. J. Martin, of Ottawa, is in town for a day or so.

Mr. W. Gardiner, of Ottawa, is registered at the National.

Mr. C. Hutchinson, of Waterloo, is registered at the Oriental Hotel.

Mr. F. W. Doan, manager of the Bell Telephone Co., Peterborough, was in town to-day on business.—Lindsay Post.

Dr. Symonds and family will spend the summer months at Rockwood Cottage, Knowlton.—Montreal Herald.

Mrs. Dunn, Mr. C. W. T. Dunn and Mr. G. E. Fletcher-Thomas, of London, England, are registered at the Snowdon House.

Miss Eileen Ferguson who has been at Mrs. Geo. Reeve's, Otonabee, for a few weeks returned to Garden Hill on the late train Saturday night.

The following aldermen went to Toronto this morning to represent the town before the Private Bills Committee in reference to the Bill respecting the town: Messrs. Adams, Hicks, Mason, Scott and Hall. The Town Solicitor also went.

The many friends of Mr. Walter Dredge, of the Times, will regret to learn of his intended departure in the near future, for Edmonton, N.W.T., where he has accepted a position. Mr. Dredge was for many years connected with the Examiner.

A North Toronto item in the Toronto World says:—J. C. Turnbull, one of the most active workers for local option in the town, has sold out his property on Davisville avenue to the Salvation Army, and will take up residence in the Northwest.

Rev. W. J. Jolliffe, B. C. L., pastor of the Charlotte street church, went to Toronto to-day to attend the meeting of the western section of the Book Committee of the Methodist Church, of which he is a member. Rev. W. Crothers will go to Toronto to-morrow for the same purpose.

Mrs. Henry Akey left yesterday morning for Espanola, Ont., accompanied by her two children, Master Walter and Miss Lillian. She will join her husband there, where they intend to reside for the future. Their many friends wish them success in their new home.

APPEARING OLD.

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of dandruff indicates the presence of a burrowing germ, which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute — there is none.

Sold by leading druggists. Send 10 cents in stamps for sample to the Herpicide Company, Detroit, Mich. Ormond and Walsh, special agents.

House Painting and Paper Hanging done promptly and well. Hagarty & Edwards, 201 Hunter street. Phone 27. 3d107

—To-night the Raffia class of the Y. W. C. A. will meet in the new building at 7 o'clock.

—There will be a meeting of the Fire, Water and Light Committee to-night in the town clerk's office.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 190.

—Every Y.M.C.A. man and every one interested in young men, is asked to take stock in the Dormitory Furnishing Fund.

—The Ladies' Aid of St. Andrew's will meet on Thursday afternoon at the residence of Mrs. T. C. Elliott, 112 McDonnel street. The meeting will be held at two o'clock.

—The prime "Nordheimer" on a piano stands for the highest type of piano construction. Information concerning these pianos at H. H. Edmison's pharmacy.

—This evening Mr. R. M. Dennistoun will lecture on "Jean Valjean" at the Charlotte Street Young Men's Guild meeting. This will be an open meeting and the ladies are invited to attend.

—At the Board of Trade meeting to-night the special committee to appoint the members of the council of board and the standing committee will present its report.

—The Ladies' Circle of the Park Street Baptist church will meet to-night at eight, as this is the last session before the annual business meeting a full attendance is requested.

—For potatoes, parsnips, carrots, beets, turnips, cabbage, hams, pea-meal bacon, eggs and butter, canned tomatoes, peas and corn, cheap; also nice mixed biscuits, call upon James R. Bell, 161 Hunter street. 'Phone 455.

—Nine persons were received into the Park street church on Sunday last, including one entire household. The ordinance of the Lord's Supper was observed in the morning when the church was very fully represented. The ordinance of baptism was observed in the evening, being the fourth Sunday in succession. A deep interest has been aroused.

—To-night in the council chamber the lecture by Mr. J. D. Allan, president of the Toronto Board of Trade, will be given. The subject of the lecture, which will be given under the auspices of the local Board of Trade, is Russian business methods, and doubtless there will be a large number of business men, especially, present.

That "Man on the Street" you hear about will be described in Rev. E. B. Langley's lecture Tuesday evening, May 9, in George Street Church school room. A racy, entertaining lecture, Admission 15c, or two for 25c. 2d

—Those who wish to spend a thoroughly enjoyable evening should not miss the recital given by Miss Clara Bollegheem, assisted by Mr. R. S. Pigott, baritone; Miss Eugene Quehen, pianiste, and Mr. Gilbert Markle, violinist, on Friday evening in the Y.M.C.A. Hall. The Gerhard Heintzman piano will be used. Admission 50 cents and 35 cents. Plan at Madill's.

—The choir of St. Luke's church was present at St. Mark's on Sunday last, and repeated the Easter music. Easter hymns were heartily sung. The "Magnificat" and "Nunc Dimittis" were rendered to special settings. The anthem was "Break Forth Into Joy," in which Miss K. Philips and Messrs. Jos. Legge and A. O. Sawyer took the solo parts. A large congregation was present. The choir intend to visit St. Mark's occasionally during the summer. Rev. E. A. Langfeldt preached from Romans v.: 10.

Mr. Robert Copeland, organizer for the Canadian Order of Foresters, is now in town and is staying at the Munro House. He will remain in town for a couple of weeks working in the interest of the Order. A special meeting of Court Peterborough, No. 29, will be held on Friday evening, May 12th, and a large attendance of the members and also members of sister courts are asked to be present. Mr. Copeland will address the meeting.

As a Convalescent Food.

Mr. Wyman N. Thomas, Ompah, Addington County, Ont., writes:—"My wife had congestion of the lungs along with other troubles, and became very weak and run down. By the use of Dr. Chase's Nerve Food she was made as strong and well as ever. Of course I had a doctor, but she was weak, and it was Dr. Chase's Nerve Food which built her up."

The Star Attraction

Of The Week is The

Wreckage Sale

At The

"GOLDEN LION"

Of Our Own

UNSUBMERGED GOODS

From the Cargo of the Steamship Parisian.

We were among the large buyers whose importations from the Old Country were on board the Steamship "Parisian" when she met with the accident while coming into her moorings in the Halifax Harbour. The great liner carried a particularly valuable cargo on this fatal trip for the Golden Lion, and as a result of the accident, the Insurance Companies had to pay the loss. Of the twelve packages of our own imports, we refused to accept any that had come in contact with sea water, because of its damaging effect on textile fabrics. A satisfactory settlement was reached with the Underwriters. We were indemnified for our loss on the Submerged portion of our Goods, and accepted the undamaged portions after proper allowance was made for the broken lots.

Friday Morning, May 12

we inaugurate a great Eight Days' Sale of these Undamaged Broken Lots, which embrace:

Brussels, Wilton and Tapestry Carpets and Art Squares
Art Wool Serges for Curtains
Tapestry Furniture Covering
Black and Coloured Spring and Summer Dress Goods
Costume Tweeds
Black Dress Silks and Satins
Check and Fancy Silks for Shirt Waist Suits
Laces and Dress Trimmings
Prints and High-class Oxford Shirtings, Zephyrs and Ginghams, White Vestings, Crashes and Skirt Linens
English Cotton Sheetings

35 Dozen French Kid Gloves, "Paris" Brand, stamped with our own name, in colours Black, White and all the New Spring Shades. They were to have been sold at $1.00 the pair, on sale SATURDAY MORNING at 9.30 a. m., and not before, at per pair..... **60c**

Irish Table Linens and Cloths
Roller Towellings
Glass Towellings
Stair Linens
English Flannelettes
White Cotton Outfits
White Embroideries
English Bed Tickings
Irish Linen Towels
Ladies' English Rainproof Coats
Ladies' Tailored Suits
Ladies' Kid Gloves, Etc.

Eight Days or less should easily dispose of the lot. It's a buying chance you won't get again for many a day. Everything will be ready Friday Morning, when we expect great enthusiasm among buyers.

FRENCH PRESIDENT REALLY DID IT

Ask Rojestvensky to Leave Honkohe Bay---In The British Commons Premier Balfour Reads a Statement From France on The Subject---Rojestvensky Promised But Did Not Perform---Nebogatoff Off Cape St. James---His Junction With Second Squadron Sure.

London, May 10.—The situation arising in the far east by reason of the alleged violation of French neutrality in Indo-China by Admiral Rojestvensky's squadron and the possibility of Great Britain becoming involved formed the subject of a question to Premier Balfour in the House of Commons yesterday afternoon. Mr. Balfour in reply read a statement supplied to the British Government by the French Ambassador, M. Cambon, as follows:—

"As soon as the French Government was aware of Admiral Rojestvensky's presence at Kamranh Bay representations were sent to St. Petersburg, with the result that, under the orders of the Emperor himself, instructions were telegraphed to the Admiral desiring him to leave Kamranh Bay at once. The Russian squadron subsequently was reported to be at Honkohe Bay, a few miles north of Kamranh Bay. Admiral de Jonquieres, commanding the French station, was sent there to report. He found Admiral Rojestvensky's squadron there, though not inside French territorial waters. Thereupon the Governor of French Indo-China, who had received instructions to see that French neutrality was duly respected, sent the French resident at Nhatrang, the nearest point to that place, with directions to ask the Russian Admiral to leave. The Admiral promised to do so May 3. As regards the reports that the Russian squadron received valuable assistance from the French authorities at Kamranh Bay I am informed there are only two Frenchmen there, neither of whom is an official, but they are holders of concessions from the French Government in that place."

Rojestvensky Takes His Time.

Paris, May 10.—Orders have been sent to the civil and naval authorities in French Indo-China not to permit the junction within French waters of the Russian naval forces under Admiral Rojestvensky and Rear-Admiral Nebogatoff. Instructions have also been sent to Admiral de Jonquieres, the French naval commander, to see that Rojestvensky fully observes the promise he has already given to leave French waters.

Nebogatoff Turned Back.

Paris, May 10.—A despatch from Saigon to The Petit Journal says:

"Nebogatoff's squadron appeared at daybreak of May 9, twenty miles off Cape St. James, preparing to ascend the river to Saigon, where the commander expected to find the necessary orders for effecting a junction with Rojestvensky and revictualling his fleet.

He was hailed at sea by a scout belonging to the Russian second Pacific squadron which communicated to him France's desire that the junction of the Russian squadrons should occur outside of Indo-Chinese waters. Nebogatoff then disappeared on the open sea sailing towards the second squadron which doubtless is waiting off the Annam coast."

Russ Torpedo Raid.

St. Petersburg, May 10.—Gen. Linevitch, in a despatch to the Emperor, dated May 7, gives the Russian official version of the recent raid made by Russian torpedo boat destroyers from Vladivostock. He says Capt. Baron Raden, while reconnoitering the coasts of Japan with a torpedo flotilla, burned a Japanese schooner two miles off Cape Soutsouki, and put the crew ashore, and also captured another schooner fifteen miles off the Japanese coast. After removing nine of her crew, Capt. Raden sent the prize to Vladivostock.

Christians Attack Jews.

St. Petersburg, May 10.—The report in circulation here Monday night that there had been a massacre of Jews at Zhitomir, government of Volhynia, Southwestern Russia, is confirmed in a despatch to The Novosti, which says the rioting began May 7 and continued for 48 hours. Orthodox Christians fell upon the Jews in the streets. The Jews were armed and fought their assailants, many being killed or wounded on both sides.

GUARD NORTH LANDS.

American Explorers Encroaching on Canadian Territory—Government is Alert.

Ottawa, May 10.—Some progress was made yesterday in committee on the Alberta autonomy bill. Several matters of interest developed in the course of the discussion. Sir Wilfrid Laurier admitted that American explorers had sought to lay claim to lands in the far north, which he thought properly belonged to Canada, and declared the intention of the Government to guard Canadian interests. This point came up on a suggestion by Mr. W. F. Maclean that a new government should be established for Athabasca, Mackenzie and other northern Territories, which could better guard national interests in the far north. Later in the day Sir Wilfrid Laurier spoke in a friendly way of a suggestion by M. R. L. Borden that Provincial jurisdiction should extend to the northern limits of Canada, and suggested that Alberta be invited to attend the Provincial conferences; that Mackenzie, Keewatin and other unorganized Territories might all be perhaps divided up between the various Provinces. It was also announced by Hon. Mr. Fitzpatrick that a new Northwest Territories act would be introduced this session, to provide for the administration of unorganised northern Territories. Clause 1 and 2 passed after thorough discussion.

The House went into committee on the autonomy bills.

Clause 1 was passed, the text being as follows: The territory comprised within the following boundaries, that is to say, commencing at the intersection of the international boundaries dividing Canada from the United States of America by the fourth meridian in the system of Dominion lands surveys; thence westerly along the said international boundary to the eastern boundary of the Province of British Columbia; thence northerly along the said eastern boundary of the Province of British Columbia to the northeast corner of the said Province; then easterly along the parallel of the 60th degree of north latitude to the fourth meridian in the system of Dominion lands surveys, as the same may be hereafter defined in according with the said system; thence southerly along the said fourth meridian to the point of commencement, is hereby established as a Province of the Dominion of Canada, to be called and known as the Province of Alberta.

Clause 2 was allowed to stand for the time being, and will be taken in conjunction with famous clause 16.

Clause 3, regarding the representation in the Senate of the Provinces, was discussed after midnight, Sir Wilfrid Laurier stating it was the intention to eventually form a group of twenty-four Senators. The new act provided for four from each Province immediately.

The clause carried and the House adjourned at 12.30 a. m.

Fifty Buried In Landslide.

Bombay, May 10.—An earthquake was experienced at Bender Abbass, Persia, April 25, and 50 persons are reported to have been buried by a land slide. Two hundred yards of the Mountain Kangando, behind the town, collapsed. In the town several towers and buildings fell, and there were a few casualties. Seismic shocks have occurred daily since April 25, and the population is encamped outside the town. Neighboring villages are reported to have suffered severely.

Eleven Drown In Upset.

Vienna, May 10.—It is reported from Szatmar, Hungary, that a row-boat containing fourteen peasants was capsized while crossing the river Monday, and that eleven women were drowned.

Sentenced to Five Years.

Toronto, May 10.—Chancellor Boyd sentenced R. J. Miller to five years yesterday. After 30 minutes' consideration of the evidence, the jury brought in a verdict against Miller of attempted rape on his step-daughter, Mary Hilbert. No defence was offered by A. R. Hassard, counsel for Miller.

Crossman's

"SLICK ALICK" IS A FORGER

A Man Who May Operate in Peterborough

His Method of Operation—A Warning to Local Merchants

There is a pretty slick young Englishman in this part of the country, and the local merchants may profit by a warning issued from the police department. It appears that he "did" some merchants in Barrie, and there is a suspicion, well founded or otherwise, that he may try his hand in Peterborough.

His modus operandi is, briefly, as follows: He goes into a merchant's store, or the office of a prominent business man and applies for a position. He is a plausible sort of an individual and has quite a conversation with the one to whom he applies. If he is successful in his application (?) he makes an excuse that he is not ready just yet to start, and in the meantime goes out and telephones some store, where he has learned that Mr. Business Man No. 1, has a good line of credit. He represents himself, as the first merchant, on whom he called, and says that he has given a check to Mr. So and So, naming himself, and that it will be "all right" to give him goods, accepting in payment the check.

He then goes into this store himself, buys some little articles, and presents a forged check in payment. The check, of course, is for a much larger sum than the amount of his purchase, and he gets cash in change. He then leaves town, and the next day Merchant No. 2 finds that he can't cash the check at the bank.

This is published as a warning, and merchants should beware.

Sports are on the Boom.

Real Estate and Insurance Agents.
Office under town clock, entrance of Market.

NO CHARGES MADE AGAINST FIREMEN

Deputation Representing them Waited on Fire, Water and Light Committee to Ask For Retraction.

Took Exception to the Charges Reputed to Have Been Made by Aldermen in Committee of Whole.

Fire Committee Says That No Charges Have Been Made and Nothing to Investigate —Other Business Transacted.

The charges against the firemen petered out—that's about the way to put it. Last night the Fire, Water and Light Committee met and received a deputation from the Fire Brigade, who registered an objection to the insinuation made against the brigade by some Aldermen. The committee said, however, that no charge had been made to it, and they knew nothing of any misconduct, and in view of this fact, they had nothing to investigate.

"No charges against the members of the Fire Brigade, and until they are made, this committee has nothing to investigate." This was practically the position taken by the Fire, Water and Light Committee at its meeting last night, when a deputation of the Fire Brigade consisting of Chief Rutherford, Assistand Chief Turner, Secretary Metheral and Fireman Adamson waited upon the Committee to ask for an explanation of the insinuations which had been made against certain members of the brigade at a meeting of the Committee of the Whole Council.

Insinuation Resented.

Each member of the deputation addressed the committee in turn, and all resented in the strongest manner the reflections cast upon the conduct of the brigade as reported after the meeting of the Committee of the Whole, referred to, and they asked that these assertions either be proven or withdrawn. They presented their case in a clear manner. They were concerned they knew of actions of any member of the brigade which warranted the Aldermen in making the statements attributed to them.

No action was taken on the matter, since it was not one that the committee could deal with, the members taking the position that no charges having been laid against any member of the brigade, or the brigade as a whole, there was nothing upon which the committee could work. Each of the aldermen present on the committee expressed his personal admiration for the brigade, both collectively and individually, and could not see that there had been any occasion for the remarks attributed to the members of the Council in reference to the personnel of the brigade. As far as they were concerned they had made no such statements, and knew of no occasion which demanded or warranted anyone else in making them.

No Ground for Complaint.

This practically ended the matter, and the probabilities are that nothing more will be heard of the matter, the general opinion being that anyone who had made any uncomplimentary references to the brigade did so unthinkingly, and that there were no grounds for them. The discussion of this matter occupied almost the entire time of the meeting last night, although one or two other matters were dealt with, including the appointment of a driver for the brigade in succession to John Montgomery. Richard Parnell, who has been filling the position temporarily, since the time that Mr. Montgomery was incapacitated for work, was given the permanent appointment, at a salary of $450 per year, the regular salary attached to the position. Some application for hydrants were also considered.

Those present at the meeting were:—Ald. Johnston, chairman; Ald. Hicks, Tovey, McIntyre, Hall and Crowe.

Chief Rutherford.

The chairman asked the Fire Chief to state to the meeting his complaint, and Chief Rutherford in responding to the invitation said that actually he had no complaint to make. He and the other members of the brigade were simply there to answer the charges which had been made at a meeting of the aldermen against some members of the brigade. They were there to answer those charges or to have them proven. The Chief said that he had been connected with the brigade for a number of years, about thirty-six, and he had been chief for 23, and he had never been told until now that he had men in his brigade who were drunkards and gamblers and worse, as he understood has been said of his men.

He thought that the names of the men against whom these accusations were made by the aldermen should be made known and the one making them should be prepared to prove them. If there were men in the brigade against whom these things could be truthfully said, he wanted to know who they were, but in his experience with the brigade, of almost a quarter of a century in the capacity of chief, he had never yet been able to discover any of the men guilty of actions which would warrant anyone in making these statements.

Respectable Men.

In his opinion, the brigade was composed of men who were as respectable as any body of men in Peterborough, and more than that Peterborough was the best fire town in Canada and had the best volunteer brigade of any place in the Dominion, and in view of these facts it was unfair to have the whole brigade suffer because of the statements which had been made, which they would do, since no names upon whom the charges might be fastened, were given.

"Prove it."

Assistant Chief Turner followed and endorsed the words of his chief, saying that the charges which had been made should be proven. Secretary Metheral spoke along similar lines, and said that after the meeting of the Committee at which the remarks to which objection was being taken, was held, the brigade held a meeting at which a committee was appointed to wait on the council, or the committee and represent to them that the brigade resented the insinuations, and particularly that which said that there were "drones" in the force. He also ask for a withdrawal, or that the charge be proven. Mr. Adamson was also of the same opinion, and said that the firemen were equal in respectability to any other body of citizens.

The Wrong Meeting.

Ald. Hicks thought that the meeting was not taking a proper course. The remarks to which objection were being taken were made at a meeting of the Committee of the Whole Council, and since that was the case the Fire, Water and Light Committee, the members of which having made no charges had nothing to do with the matter. Ald. Hall held the same views as his colleague, and said that at the time he had taken strong objection to the remarks that had been made, and he thought that it was unfair to cast reflection on the whole brigade because of one or two men. As a council they did not know the brigade at all, they simply looked to the Chief; and if any members under him were not living up to the rules and regulations, he had the power in his own hands to deal with them, or report them to the committee.

In reply to Ald. Hall, the chief said that during his service as chief of the brigade, he had only had to discharge one man for acting contrary to the rules of propriety. The others who had left the brigade had done so because they had moved from town or outside the limits. He had always kept a watchful eye on the men, and he believed that he had a respectable lot of men.

Opinion of Alderman Crowe.

Ald. Crowe pointed out that in his opinion the matter had originated from the chief himself, when he had made a complaint against a driver, who had been discharged; to which the chief replied that he must have been misunderstood, since he had not lodged a complaint. Ald. Crowe said that he was the man who had moved that the man referred to be discharged, and he believed that he knew pretty well what was going on around the fire hall. He had seen men there the worse of liquor, the same as he had seen them around the band hall; but at the same time he did not think that this could be brought in as a reasonable ground for complaint. He knew that men very often liked to take some refreshments—in fact, he liked to take some himself, sometimes. Some men abuse this privilege, however, and it might just be possible that some of the firemen had done so, although he did not wish to be understood as saying that they did. He did not see any great cause for worry over this matter. It might be that some things had been said which should not have been, but nothing wrong was intended, and he thought that there was no use looking for trouble, as it would come soon enough anyway.

No Charges, No Investigation.

Ald. Hicks apparently struck the nail on the head when he said that there had been no charge laid against any member of the brigade, and until there was a charge there was nothing for the committee to do.

The chief rose again to remind the committee that he had no control over the men when they were not on duty; they were only under his charge when they were working at a fire, and he further said that it was not so much the charge of drinking that they objected to, as to the other charges, namely, that that there was gambling in their rooms, and that they "did worse." He had questioned closely his young men who stayed in the rooms, and they denied absolutely all the charges that had been made with reference to their conduct at night. It is true that they do play cards there, and he liked them to do it, since it encouraged them to stay around the hall.

No Liquor in Hall.

Secretary Metheral explained that there was a law on the books which prohibited having liquor on the premises, and this law had been lived up to strictly, and only on special occasions, when outsides brigades had been visiting here and being entertained had there been any liquor in the hall, and the council had sanctioned its presence there then.

Ald. Hicks said that not a member of the committee had any charge to make against the brigade, and Ald. Tovey said that until they were summoned to appear before the committee to answer charges they were to consider themselves clear. No charges had been made, and there really was no occasion for them to come before the committee. Ald. Crowe closed the matter by saying that he guessed that the members of the brigade might remain in town for a while longer yet.

Other Business.

General business was then taken up, and it was decided to recommend that hydrants be placed, subject to teh approval of the Water Commissioners, at the corner of Union and Edinburgh streets, and at the corner of Smith and Reid streets. A hydrant will also be placed at the corner of Stewart and Perry streets, as suggested by the superintendent of the water works.

Ald. Crowe called the attention of the committee to the fact that there was a necessity for more lights in Victoria Park, during the summer months, when the band concerts are given there, and it was decided to leave the matter with the chairman and Ald. Crowe to look into, and report to the committee.

R. Parnell's application for the appointment as driver of the fire team was considered, and he was engaged at a salary of $450 per year.

A TWO-FOR-ONE-SHOT.

When you use Ozone use "Celery King" with it. Whatever kind of Ozone you buy you will need to use "Celery King" which is a companion remedy to Ozone.

The purest form of Ozone is "Solution of Ozone (the coupon kind.)" Each bottle contains about twice as much for your money as other brands, besides which each bottle contains a coupon entitling you to a package of 'Celery King' free. This is a great advantage as you save money on the Ozone and also get the "Celery King" which you would otherwise have to buy.

No other brand of Ozone contains these coupons. 'Solution of Ozone (the coupon kind)' is fifty cents and one dollar at your drug store including the coupon for the package of "Celery King." Take no other kind and if your druggist does not carry it write to the Public Drug Co., Bridgeburg, Ont. Sold by W. B. WARNE. 11

Young Girls

Avoid The Dangers and Sufferings of Womanhood

Many a girl who graduates from high school or female college with a brilliant record and high standing is broken down before she is twenty.

Nowadays girls are pushed to the limit of their endurance both in school and society. They must make a success —even if they are forever unfitted for the larger school of life and debarred from wedded happiness and the bliss of motherhood.

At this time of life, when just entering upon womanhood, nature makes heavy drains upon the vitality, especially at each monthly period,

Lydia E. Pinkham's Vegetable Compound

the most wonderful of all tonic restorative medicines for women, will tide a young girl over this trying time and bring her safely into strong, noble, beautiful womanhood.

Experience of a Beautiful High School Girl

Her First Letter.

MY DEAR MRS. PINKHAM:—I write to see if you can suggest some means to cure me. A little more than a year ago I was sick with menstruation for the first time, and since then I have been sick all the time in some way or other and auffered with painful and irregular menstruation. I went to a summer resort for my health and was doctored all summer, but to no effect. I have not menstruated for two months and thought I would see if you could do me any good. I attend High School and would not like to miss any time if it is possible. MARION BARBER, North Adams, Mass.

Miss Barber writes again after two years

MY DEAR MRS. PINKHAM:

Sometime ago I wrote to you for advice, being troubled with irregular and painful menstruation and womb disease. I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills and using the Sanative Wash, and I am glad to say I am completely cured and have not had any sickness since. I wish to thank you for your kind advice and shall recommend your medicine to my girl friends. MARION BARBER, 101 Bracewell Ave., North Adams, Mass.

Free Advice for Young Girls

All young girls are earnestly urged to write to Mrs. Pinkham, at Lynn, Mass., for advice. Thousands of women are well, strong, and beautiful to-day because they made a confidant of Mrs. Pinkham and followed her instructions at this critical time of their lives.

AUGUST HANNENBERG KILLED.

Fatality at Waterloo Shoddy Mills—Head Crushed to Pulp.

Berlin, May 8.—A fatal accident occurred in Waterloo Saturday afternoon. About 1.30 o'clock August Hannenberg, an employe of the Waterloo Shoddy Mills, was operating a picking machine. While the machine was in full motion the tire of one of the wheels broke and pieces flew in all directions. One piece struck the unfortunate man on the head, crushing it to a pulp. Hannenberg had been an employe at the mills for nearly three years and was 55 years of age. He leaves a widow and six children.

ANTI-JAP LEGISLATION VETOED.

British Columbia Is Given Sharp Rebuke From Ottawa.

Ottawa, May 8.—Three acts of the British Columbia Legislature have been vetoed, of which notice was gazetted Saturday. The chief one is the Immigration Act, aimed at excluding Japanese, of which Consul-General Nosse made complaint. The others are one relating to the Coal Mines Regulation Act, and an act relating to the employment on works carried on under franchises granted by private acts.

Expenditure Increases.

Ottawa, May 8.—The statement of revenue and expenditure of the Dominion for the ten months ending with April shows the revenue to be $57,139,511, about half a million dollars increase over the same ten months last year. The expenditure was $42,337,907, an increase of $6,535,594 over last year. The capital expenditure was $9,100,000, an increase of one million and a half over last year. There was an increase of about $8,000,000 in all classes of expenditures.

CANADA'S PROGRESS DURING THIS CENTURY

Some Pertinent Facts Showing the Great Advances That This Country Has Made--Increase of Population Last Year Double That of 1902--Volume of Trade Doubled in Eight Years--Bank Assets $10 per Head of the Population.

Statistics from various sources show that Canada is at present enjoying the most prosperous times in the history of the country—and an era of prosperity unequalled by any other country in the world. Some of these may be of interest to those not familiar with the growth and development of the Dominion.

The population of Canada is about six millions. The increase for last year was nearly double that for 1902. Canada received in 1903, 41,792 from Great Britain and 49,473 from the United States.

Canada is now receiving 1,000 immigrants a day.

Canada's railway mileage per head of population is greater than that of any other country. In actual railway mileage, Canada is the eighth country in the world.

Canada began the 20th century with the same number of people as the United States began the 19th century. Canada has forty different nationalities represented in her population.

Canada's volume of trade reached $467,064,685 in 1903.

This represents an aggregate of forty-three millions over 1902.

Canada's volume of trade has doubled in eight years.

Canada's trade has increased 91 per cent. in 10 years.

These figures can be paralleled by no other country in the world.

Canada's total revenue for 1903 was $66,000,000. Our estimated revenue for 1904 is $71,000,000.

Canada's imports for 1903 were $241,214,961.

Of this 26 per cent. were from Great Britain and 57 per cent. from the United States.

Canada's exports for 1903 were $225,849,724.

Of this 58 per cent. were to Great Britain; 31 per cent. to the United States.

Canada's wheat crop is 100,000,000 bushels.

Canada's mineral production in 1903 was $63,000,000.

Canada's forest products totaled $80,000,000 in 1903.

Canada's fishing industry produced in 1903 $22,000,000.

Canada's total trade reached $467,064,685 in 1903.

Canada's relative percentage of growth of trade for seven years is about 107 per cent. as against 47 per cent. of the United States, 26 per cent. of Great Britain, 38 per cent of Germany, 21 per cent. of France.

Canada's banks have $76,600,000 paid-up capital.

Canada's banks have $60,000,000 of notes in circulation.

Canada's chartered banks have assets of $641,000,000; liabilities $308,000,000.

Capital of Bank of Montreal originally $350,000; now $14,000,000.

There are only six other banks in America or Europe with a larger capital.

This represents about $10 per head of the circulation.

$21,000,000 additional are deposited in special savings banks.

$379,000,000 are deposited in the 35 chartered banks and their branches.

Thus there is a grand total savings of $460,000,000, or $85 per head.—Toronto Daily Star.

IMMIGRATION THIS YEAR WILL BREAK ALL RECORDS

One Hundred Thousand Immigrants Expected to Arrive at Quebec This Season—Twelve Thousand Will Arrive During Present Week.

Quebec, May 8.—(Special.)—The unprecedented number of 100,000 immigrants are expected to arrive at the port of Quebec during the present season of navigation en route for the Canadian West. They have commenced to arrive with a rush and it is said that no less than twelve thousand will have arrived from Saturday last up to next Thursday.

The C. P. R. steamer, Montreal, brought 1,641 on Saturday, composed of foreigners of all nationalities, Italians, being in the majority.

Yesterday morning the Dominion liner Ottawa, brought one thousand, the greater part English farmers, and last night the Allan line steamer Victorian, landed fifteen hundred, mostly British farmers and tradesmen.

This morning the Dominion steamer Vancouver, is expected to arrive with another thousand, brought out under the auspices of the Salvation Army.

The immigration officials at this port are taxed to the utmost by the rush, especially the medical inspectors, who are called upon to examine every immigrant who must hold a certificate of good health before he or she is allowed to proceed.

Mr. W. D. Scott, Dominion superintendent of Immigration, is in the city in the interest of his department. The Government alive to the necessity of adequate accommodation to meet the requirements of the increasing immigration, contemplates the enlargement of the immigration buildings of the Hospital or House of Detention at Savard Park, recently destroyed by fire.

The new hospital under contemplation will be a modern fire proof brick structure with every accommodation, to cost in the vicinity of $60,000.

Hebrews Flocking to States.

New York, May 7.—The statement that 90,000 Russian Hebrews are preparing to emigrate to America "turning their backs on tyranny and persecution, and coming to the land of freedom and liberty" was made by Edward Lauterbach at the annual meeting to-day of the patrons and members of the Home for Aged and Infirm Hebrews in this city. "The time is coming," declared Mr. Lauterbach, "and you engaged in charity work necessarily must face it, when the care of thousands of your Russian brethren will be in your keeping. Nowhere else can they turn to escape this persecution but to this country."

BE BRIGHT—WELL—STRONG
BUILD UP WITH FERROZONE

Ferrozone Adds Vigor and Strength to the System, Purifies and Enriches the Blood, Vitalizes the Nerves and Assures Permanent Good Health.

Let your fight for health begin now, before you feel any warning of physical collapse.

Your whole system needs a thorough cleansing. Likewise, the blood should be purified, made rich and nutritious.

The one cure for that tired, drooping feeling is Ferrozone, the acknowledged king of all tonic medicines.

To restore your appetite you need Ferrozone, certainly you do.

You need it to restore your nerves and to enrich your depleted blood.

The strongest reason why you need Ferrozone is because it will build up your run-down system and make you well.

It's because we know Ferrozone is absolutely certain to cure that we urge everyone in poor health to use it. If depressed, tired, nervous, sleepless, Ferrozone will make you cheery, bright and happy, because it will make you well.

FERROZONE
A Good Appetizer.
MR. AUBREY E. TEMPLEMAN, of Mechias, writes: "I have found the greatest satisfaction in using Ferrozone, and consider it is the best tonic made. I was all run down a few months ago, and in a very miserable state of health. I took a few boxes of Ferrozone, and was surprised at the result. Ferrozone drove away that dull, heavy feeling, and put my system in splendid order. I am never nervous or sleepless, and have a hearty appetite. This is all due to Ferrozone, which I recommend in the strongest way possible."

FERROZONE
Gives Real Vigor.
MRS. NORMAN MACADAM, of Bridgeport, writes: "I am in good health to-day as the result of Ferrozone. Before using Ferrozone I was tired and miserable, lacked energy and ambition. But Ferrozone altered all that. It has built up my system, and given me more real vigor than I ever had before. Ferrozone is a good tonic."

Ferrozone Makes the Weak Strong—the Sick Well.

Ferrozone is sold only in 50c boxes, containing 50 Ferrozone Tablets. Six boxes for $2.50. At all dealers or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

FIFTY-SEVENTH IS IN GOOD FORM

Improving in Drill Efficiency and Numerical Strength.

Regimental Orders For The Week Issued.

The weekly drill of the 57th Regiment was held last night and was pronounced the best of the season. Company and squad drill were put through and the men are showing a marked improvement all along the line. A large number of men were again sworn in this being the last occasion that ceremony will be gone through for this season. The Regiment presented a very fine appearance and the Colonel and officers are very proud of the showing made by the non-coms. and men of the different companies. The following were the orders for the week:—

Headquarters,
Peterborough, May 9th, 1905.

Orders by Lieut.-Col. J. W. Miller, Commanding 57th Regiment, Peterborough Rangers.

No. 1.—Detail of duty for week ending May 16th, 1905:—Captain for the week, Captain Hounsell; next for duty, Captain Mills; Subaltern for the week, Lieutenant Clarke; next for duty, Lieut. Wilson.

No. 2.—The following are taken on the strength of the Regiment:—No. 7 Company, May 9th, 1905,—Ptes. D S. Calder, J. F. Payne, B. Pearson, T. Graham, L. Marshall, J. J. McIntee, J. Seymour, W. W. Lilley. No. 6 Company, May 9th, 1905,—Ptes. J. Hagerman, M. Lovering. No. 5 Company, May 13th, 1905.—Pte. N. S. Miller.

No. 3.—The following are appointed a Regimental Board to inquire into the condition of the regimental clothing:—Major Stevenson, Captain Beckett and Lieutenant McLean.

No. 4.—The annual inspection of the regiment will take place on June 7th, 1905.

No. 5.—Lieutenant F. J. Fairweather, 74th regiment Brunswick Rangers, is hereby attached to No. 2 Company for drill instruction.

No. 6.—The Commanding Officer has been pleased to make the following promotions:—No. 1 Co., to be Corporal, provisionally, Ptes. A. McMillan, F. Huppil, W. Robson and F. W. Leach; No. 2 Co., to be Sergeants, Corporals A. Lock and C. Scales; to be Corporals, provisionally, Ptes. E. J. Jewett and Geo. Weese; No. 4 Co., to be Sergeants, Sergeant Wylie; to be Sergeant, provisionally, Corporals Cannliff and Arnott; No. 8 Co., to be Sergeant, Sergeant Poole, who resigns his appointment of Sergeant Pioneer. Pte. Miller is transferred to the orderly room as clerk with rank of Corporal.

By order,
D. WALKER,
Captain-Adjutant.

BOYS APPEARED AT POLICE COURT

Five Boys Charged with Mutilating new G. T. R. Car.

An elderly lady appeared this morning upon a charge of having trespassed upon a property on Bethune street.

Chief Rossel testified to having visited the house yesterday and having found prisoner in the parlour in a drunken condition, who upon being ordered to leave, refused. A cab was then secured and the woman taken away. She was allowed to go by the magistrate, who, however, administered a severe warning as to the consequence of future misdemeanors.

The prisoner expressed her sincere thanks and promised to "settle" in the matter of the cab-hire, amounting to 50 cents.

A kindergarten class then ranged themselves before the bench. This consisted of five boys—Percy Holland, Gordon Holland, Howard Innis, Albert La Gros and Stanley Harbor, who were charged with having, on April 11th, mutilated the exterior of a Grand Trunk car while it was passing Bethune street, by scraping its entire length with a stick. The car was a new one, and was damaged to the extent of over $50. The company declined to prosecute the case owing to the youth of the offenders. A severe warning was, however, administered by the court, and future occurrences of this kind will undoubtedly receive the heavy punishment which they deserve. Another matter, which is causing much annoyance and which will undoubtedly result seriously if continued, is the practice of jumping on and off moving cars, many cases of which have been reported recently. Two boys will appear to-morrow upon a charge in connection with this, and if further cases are discovered, heavy punishment will be inflicted.

A PASTOR'S WIFE

CURED OF PELVIC CATARRH

She Suffered for Years and Felt Her Case Was Hopeless—Cured by Pe-ru-na.

MRS. ANNA B. FLEHARTY, recent Superintendent of the W. C. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.

In a letter written from 401 Sixty-seventh street, W., Chicago, Ill., Mrs. Fleharty says the following in regard to Peruna:

"Having lived a very active life as wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.

"One of my neighbors advised me to try Peruna. A bottle was immediately secured and a great change took place in my daughter's as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women.

"I would not be without Peruna for ten times its cost."—Mrs. Anna B. Fleharty.

What used to be called female diseases by the medical profession is now called pelvic catarrh. It has been found by experience that catarrhal diseases of the pelvic organs are the cause of most cases of female diseases.

Dr. Hartman was among the first of America's great physicians to make this discovery. For forty years he has been treating diseases peculiar to women, and long ago he reached the conclusion that a woman entirely free from catarrhal affection of these organs would not be subject to female disease. He therefore began using Peruna for these cases and found it so admirably adapted to their permanent cure that Peruna has now become the most famous remedy for female diseases ever known. Everywhere the women are using it and praising it. Peruna is not a palliative simply; it cures by removing the cause of female disease.

Dr. Hartman has probably cured more women of female ailments than any other living physician. He makes these cures simply by using and recommending Peruna.

Mrs. Anna B. Fleharty.

Mrs. Esther M. Milner, DeGraff, Ohio, writes:

"I was a terrible sufferer from female weakness and had the headache continuously. I was not able to do my housework for myself and husband. I wrote you and described my condition as near as possible. You recommended Peruna. I took four bottles and was completely cured. I think Peruna a wonderful medicine."—Mrs. Esther M. Milner.

Congressman Thad. M. Mahon, of Chambersburg, Pa., writes:

"I take pleasure in commending your Peruna as a substantial tonic and a good catarrh remedy."—T. M. Mahon.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

NOTICE.

Take notice that the Municipal Council of the Corporation of the Town of Peterborough intends, after one month after the last publication of this notice, to undertake the construction of granolithic sidewalks on the following streets or parts of streets in the Town of Peterborough, as local improvements, under section 678 of the Consolidated Municipal Act, 1903, and the other provisions of the said Act and the by-laws of the said Town relating to local improvements and applicable thereto:—

Hunter street, both sides, from Bethune to Rubidge street; Simcoe street, both sides, from Bethune street to Rubidge street; London street, north side, from Aylmer to Reid street; Antrim street, north side, from George street to the Grand Trunk Railway; Reid street, east side, from McDonel street to Hall street; Brock street, south side, from George to Water street; Brock street, north side, from Rubidge to Reid street; Queen street, west side, from Hunter street to Simcoe street; Murray street, north side, from College to Dickson street; Bethune street, east side, from McDonel street to London street; Simcoe street, north side, from Water street to Queen street; Water street, west side, Simcoe street to the Market Square; McDonel street, north side, from Downie street to Park street; Argyle street, south side, from Water street to Sunnyside street; Hunter street East, south side, Mark street to Rogers street; Rogers street, west side, Hunter to Robinson street; Rogers street, west side, lot 3 plan 17 to Hazlitt street; south side, Water to Harvey street; Edinburgh street, north side, from George street, to the Grand Trunk Railway; Edinburgh street, south side, from George street to Union street; Smith street, north side, from Reid to Downie street; Downie street, east side, from Smith street to Victoria Ave.; Shefbrooke street, north side, from the junction of Park and Reid streets to the Monaghan Road; Harvey street, west side, from Smith street to Antrim street; King street, north side, from George street to Aylmer street; except at the bridge; King street, south side, from Aylmer street East to the bridge over the creek; Scott street, south side, from Rubidge street to Reid street; Bethune street, west side, from Edinburgh to Antrim street; Aylmer street, east side, from McDonel street to half way between London and Dublin street where the culvert interferes.

And to assess the final cost thereof, less the cost of that part of the work which is incurred in respect of street intersections, and opposite exempted properties, and less forty per cent. of the remaining cost of the work, to be provided by the Municipality under Section 678 of The Consolidated Municipal Act, 1903, upon the properties abutting thereon, and to benefitted thereby, the number of annual special assessments thereafter will be twenty.

Persons desiring to petition the said Council against undertaking any of the said proposed works must do so on or before the 17th day of June, 1905.

Dated the 1st day of May, 1905.

S. R. ARMSTRONG,
Town Clerk.

CITYHOOD.

Peterborough is now practically a city. We have not been as anxious as many towns in Ontario to enter this condition but are far better equipped in the matter of population and material conditions to assume this dignity. Whether in this case we have been premature is beyond discussion now, and we have to face the situation and try to live up to our new responsibility. We have, as remarked, been in no undignified haste to become a city, and we should keep our heads level and maintain a becoming dignity in celebrating the inauguration and discharging our responsibilities. Except in a few respects everything will continue to move and be as before, but we have a little higher ideals to live up to and attain and a little larger responsibility to meet. The incorporation of the town has engendered some little friction, but that is a thing of the past. It now becomes the duty of all to heartily unite to make Peterborough the foremost of the minor cities as she has long been the foremost town of the province and Dominion. We must forget our disagreements and harmoniously unite to push forward the fortunes of the city. Incorporation as a city is a fact, let it be accepted as a fact.

CANADA'S SHARE.

It is frequently urged by more or less unreasoning Imperialists that Canada ought and should contribute more to the maintenance of the defences of the Empire. These gentlemen, who have nothing to do with anything so common as cash balances, forget that for the present, in our development stage, we need most of our means to make, and maintain, this country one of the best colonial elements of the Empire. When we have succeeded, as we are doing, and shall do, we shall have done more to give real strength and stability to the Empire than if we had spent many miggions to build battleships to fight enemies, which prudently refrain from turning up when occasion offers. Canada is not slow — has not been slow — in contributing its share to the defence of imperial interests. The assumption of the maintenance of the military establishments at Halifax and Esquimalt will entail $2,000,000, a fact which should be borne in mind by those who argue that Canada should make a larger contribution to Imperial defence, and which represents a sum which might be regarded as a very respectable contribution, in addition to the two or three millions a year for a militia establishment. European nations, which stand ready to knock diplomatic chips off each others' shoulders, may plead the necessity of burdensome military expenditures, but in Canada we are too far removed from the European storm centre to be directly affected. We're alongside a powerful nation, much absorbed, like ourselves, in building up the nation, and whose militant spirit satisfies itself to a large extent by spread-eagleism, as to what it can do if it would, and what it—hasn't, but what it thinks it has done in the past, and need only to take reasonably military precautions. Jingoism for a growing nation, is next in evil quality to big-headedness, if, indeed, any definite distinction can be made between the two.

Clark's Delicious Pork and Beans always ready. Those who know them are always ready for them. Satisfy hunger. Sold plain or with Chili or Tomato Sauce. 6c and 10c tins.

An Excellent Concert Arranged.

The noted bass soloist, Mr. H. Wberlow Bull, London, Eng., sings in Fifth Ward Hall, assisted by others in instrumental music and recitations, Monday, May 15th. Tickets 25c. Comments of English papers:—"Excellent," "Sonorous" and "Powerful bass voice." "Manly voice" of "rich tone and power" and "singularly effective." He "merited the hearty and delighted applause received. Mrs. Morrow, accompanist. 3eod

PICTURE OF MAN ON STREET

Rev. E. B. Lanceley Gives Lecture at George Street

An Interesting Evening Spent Last Night Under Auspices of Sunday School

Rev. E. B. Lanceley, pastor of the Port Hope Methodist church, delivered a bright, humourous and pleasing lecture in George street church last night. His subject was "The Man in the Street" and the man which the speaker presented to his audience turned out to be a policeman. Mr. Lanceley dealt with many phases of human nature—as found by the policeman and others—in the average male and female, and his remarks were pointed and timely showing him to be a close student and a keen observer. Mr. J. Jeffries, B. A., occupied the chair and introduced the lecturer.

Mr. Lanceley at the outset gave a genral view of the street, the sights and sounds met with, and that great inexhaustible procession of humanity which travells it every day. He told of the rain-bow colours of the processionists, and asked who was the man in the street. It had been said he was a sage if not a philosopher, a great student if not a great reader. He has the catalogue of a great library before him, whose volumes are human beings. Everyone sees the man in the street, but few seem to know him, his name and calling apparently concern no one. He may not be a man of much culture, but he possesses wide general information. He may not be intellectual but he is intelligent. He reads the living sign boards if not books.

Thousands pass him every hour. He is always reading them when they pass out from the theatres, the crowded halls and the other places of resort. The man in the street observes crime and casualties. He is often where few see him and yet where he can see every body. He is ever around, alert and active. Who is this man in the street? Perhaps you have already guessed it. He is the honest detective or policeman. He is a most sinned against individual. The average individual generally hates him. Why? Because his presence serves to remind us of the degeneration of human nature and we are not pleased to think a body of men has to be kept up to assist us in preserving the peace. It is not a comforting thought at any time.

The speaker went on to say that the policeman was too often blamed for apparent indiscretion. They had mysterious power to restore sight to many blind persons, to cause the deaf to hear and the lame to run and he was not sure but that they also possessed the power "to cast out devils." A policeman sees constantly the worst side of human nature, its crimes and vices, and and little wonder that he believed scarcely anything he heard, for nearly every word spoken to a policeman is a lie. He is to be forgiven if he is skeptical of the truth. Lying, curses, lewdness and profanity are what he hears the most of. He often sees behind the soft word and holy garb a deceptive and corrupt heart and witnesses sharp commercial practices. These are often encountered in business and professional life, and are licensed by daily use, yet on the plea of common honesty cannot be defended or upheld. Commercial morality and scriptural morality are two different things. Employers often keep themselves in the dark, because it would not be just convenient for them to know all. A man often blamed some poor woman for placing the largest strawberries on top of the box yet in his own business practiced deception infinitely worse.

Mr. Lanceley next dealt with those contemptible forms of indolence often run across by the man in the street. They shun work, and swagger around and lisp and drawl and ogle, yet do nothing. They discuss the latest out in trousers and the newest style in collars, as well as the most recent fads in perfumery, hair dye and whisker trimming. These were the things in which they matriculated and took their degree in the school of life. He had no objection to them enjoying everything if somebody else did not have to support them or pay for what they enjoy. Such a half idiot does not want to marry a girl unless she can support him. She must be wealthy enough to save his hands from toil and his brain from taxation. Covet earnestly the best gifts, but get them in an excellent way. Do not try to get in a different way what others have won by work and ability. Win these things yourself and show that you are master, and if you cannot keep yourself and a wife—why don't marry. Support her; do not let her support you. If you must marry—must have a wife — do anything, break stone, sweep crossings—and if she is a true woman she will love and honour you for it.

The lecturer gave some advice to women and told of the observation of a police officer, who remarked that husbands were often made what they are by the neglect, indifference, indolence and intemperate views of a woman. She was not bound to be an angel, but she was bound to be a wife. There was no such thing as a born aristocrat unless a man or woman was born again in Christ. Virtue stamped the gentleman and indicated his nature. There was another ladder besides the ladder of life and that was the ladder of eternity. We should seek to be returned to the parliament on high rather than to any mere earthly parliament. The true lady or gentleman adorned whatever place they occupied, but the false person disgraced any sphere. We should cultivate virtue and destroy vice. We should try to link all virtues to religion and love God as well as one another.

At the close a hearty vote of thanks was tendered Mr. Lanceley by Messrs. Knapman and Rothwell, the resolution being supported by Mr. R. J. Winch and unanimously carried.

BETTER THAN THE SUN ITSELF

Pictures Taken at Night With Rays From New Light.

Aristo Light Installed at the Roy Studio —Will Be Used For Both Sittings and Printing

In connection with the development of the art of photography during recent years, some of the most remarkable achievements have been witnessed. Among these perhaps, there have been none of more practical value than that of the new Aristo light, which renders the photographic artist indifferent as to the whims and caprices of nature, to which, in the past he has been so largely dependant.

One thing which has been a chief source of difficulty in past years, has been that the sun could not be used 24 hours a day in sittings, printing, etc.

Recently, however, an invention has been completed which does away with that difficulty, and furnishes a light which is better than sunlight for both taking and making photographs. This is the new Aristo light spoken of, which is made by the Aristotype Company of New York.

Its rays are a deep violet in colour and are very brilliant, being much more actinic than the direct rays of His Majesty the Sun. Peterborough people are to reap some of the benefits of this invention, for the Roy Studio, with its customary enterprise, has acquired one of the new lights, and is now making pictures at night.

Not only is the lamp available for the taking of pictures, but it has also proved a valuable addition to the printing room of the studio, for it has been found to give most excellent and satisfactory results in that department.

The light should not be confounded with the ordinary exposed arc light, which is used by some photographers. An idea of the power and brilliancy of the Aristo which is in general use in the leading American galleries, may be gathered from the fact that its power is 98 amperes, the ordinary street arc lamp being but five.

The Roy Studio will make pictures any night by appointment only, excepting on Saturday evening when the studio remains open till ten o'clock.

SENATOR COX BUYS PROPERTY

Office Building Bought in Montreal for Senator

Montreal, May 9.—It was officially announced to-day by the National Trust Company that they had purchased the property on the corner of St. Catherine and Peel streets from the Royal Land Company, for Hon. Geo. A. Cox, of Toronto, and that the purchase had been made for investment, and no decision had been reached by the Senator as to how it would be used. The two buildings, which cost in the neighbourhood of $360,000, are well rented, and are situated in the best corner in the retail section of the city.

A BALD NEWSPAPER MAN.

Getting a New Crop of Hair, and Has No More Dandruff.

Everyone in the Northwest knows Colonel Daniel Searles, the veteran journalist and publicist, of Butte. Jan. 10, 1900, the Colonel writes, "I used a couple of bottles of Newbro's Herpicide with marvellous results. The dandruff disappeared; a new crop of hair has taken root, and the bald spot is rapidly being covered." Herpicide is the only hair preparation that kills the dandruff germ that digs up the scalp in scales as it burrows its way to the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out. Kill the dandruff germ with Herpicide, leading druggists. Send ten cents in stamps for sample, to The Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

THE BALOW FOLK, a comedietta from the fairy lore of Eugene Field, will be presented in St. John's school room, at 8 o'clock, May 11th. Admission 15c. 3d

MR. J. D. ALLAN'S ADDRESS AT BOARD OF TRADE

President of Toronto Board of Trade Delivers Excellent Address Upon "The Growth and Expansion of Business Enterprise in Russia"---Meeting Though Small Was Thoroughly Delighted---Many Surprising Facts Presented---Report of Special Committee to Strike Standing Committees' Received---Other Business.

Those in attendance at the Board of Trade meeting held last night in the Council Chamber, were treated to a most interesting and instructive address upon "The Growth and Expansion of Business Enterprises in Russia," delivered by Mr. J. D. Allan, President of the Toronto Board of Trade. Mr. Allan, whose recent address under the auspices of the Fortnightly Club, was so highly appreciated, and occasioned such widespread favourable comment, was last night listened to with deepest interest and close attention, and demonstrated that his fund of information with regard to the wonderful country of which he spoke, is practically inexhaustible.

Mr. D. Hughes-Charles, President of the Board, occupied the chair.

The minutes of the previous meeting, as well as the following communications, were read by the secretary:

From the Minister of the Department of Trade and Commerce re resolution Commercial Travellers in Vancouver.

From Peter B. Ball, Canadian Commercial Agent, Birmiagham, Eng.

Two letters from Mr. W. F. Cockshutt, Brantford.

Standing Committees.

The secretary presented the following report of the committee to strike the Standing Committees and the Council, the report being adopted

To the President and Members of the Peterborough Board of Trade.—

Gentlemen,—We, the undersigned, beg to report that, in accordance with a Resolution duly moved, seconded and carried at the last annual meeting of the Board, held 7th, ult., we have selected the following members to act on the Council of the Board.

We have also struck the Standing Committees for the ensuing year.

Council.—Messrs. D. F. Ackerman, Vice President, Chairman; D. W. Dumble, T. E. Bradburn, K. Eardley-Wilmot, T. A. S. Hay, R. E. Wood, E G Patterson, A. H. Stratton, F. Campbell, J. H. Larmenth.

Manufacturers' Committee.—Messrs. E. G. Patterson, Chairman; H. C. Rogers, T. A. S. Hay, D. F. Ackerman, Thos Barrie, Alex. Elliott.

Mercantile Committee.—Messrs. John Nugent, Chairman; A. W. Cressman, W. H. Bradburn, Wm. Misht, R. Fair, W. E. Conway, F. J. Might.

Municipal Committee.—Messrs. M. A. Morrison, Chairman; C. Fessenden, M. L. Beary, John Crane, F. H. Dobbin, Daniel O'Connell, Wm. Rudkins, A. H. Stratton, F. D. Kerr.

Railways and Canals.—Messrs. D. W. Dumble, Chairman; T. E. Bradburn, John Carnegie, R. M. Dennistoun, J. H. Larmenth, W. H. Meldrum, D. H. Moore, D. Walker, Arthur Stevenson, J. H. McClellan, E. A. Peck, R. E. Wood.

Arbitration Committee.—Messrs. E. B. Edwards, Chairman; H. LeBrun, P. Campbell, A. E. Dixon, C. Fessenden, W. E. Conway, F. D. Kerr.

All of which is respectfully submitted,

(Signed) D. HUGHES CHARLES.
K. EARDLEY-WILMOT,
R. E. WOOD.

Peterborough, Ont., April, 1905.

Mr. Allan's Address.

The speaker of the evening, Mr. J. D. Allan, was then introduced by the chairman.

The speaker in opening stated that Board of Trade work in Canada is the thankless task, of a few, who in public spirit take up the work of the many. Boards of Trade do not publish their work upon the housetops. Canadians are proud of the growth of their country, but in connection with this there is also an element of danger, and we will, unless we are broad-minded, find ourselves opposed by an eastern Europe commerce to a greater extent than we imagine. The merchant of to-day, possessed of large ideas, is the most important man living.

The Phoenicians were the first people to make progress commercially. This was largely because of their geographical knowledge. We can, however, scarcely imagine that Britain's great commercial progress is not allegorical, but genuine.

The speaker referred to the great inventions of past ages and their effect upon commerce up to the steam engine of the 18th century and the thirteen great inventions of first rank of the 19th, which have been made to do duty in the world of commerce. In the past thirteen years the commerce of the world has more than doubled.

One thing which we need in Canada is the technical education of our youth, that they may take their place as Captains of Industry. If he were asked what is the best preparation for a young man in the present day, about to enter upon a commercial life, he would recommend the most thorough college education possible to obtain, followed by wide travel.

We in Canada are prone to think that we possess most of the great necessities for future progress, yet we should remember that we have before us another nation who have all which we have, and have done much more towards the development of these than we have—Russia. One of the greatest factors working against the progress of Russia is their language, which is to the Latin and Teutonic races most difficult to understand. The absence of a coast line has also worked detrimentally to the Russian nation.

The speaker then paid a high tribute to the achievements of Peter the Great, commenting upon the marvellous work he had accomplished on behalf of his country. He did not, however, take into account, the conservatism of the Russian nation, who are extremely tenacious with regard to their religious ideals.

In 1861 forty-seven million serfs were freed in Russia, while in 1869 four millions slaves were freed in the United States, the only difference in the freedom being that of colour, there being no distinction as to intelligence. Those of the United States were, however, in a much better en-

A RECITAL BY LOCAL ARTISTS

Pupils of Prof. Davies and Miss Davies Delight Audience.

Pleasing Programme Was Rendered Last Night—Proceeds in Aid of Dormitory Fund of Y.M.C.A.

A most interesting recital was that which was held in the Y.M.C.A. Hall last night by the pupils of Prof. Davies, assisted by Miss Helen Davies, Peterborough's popular vocalist. There was a fair attendance, the audience being to a large extent made up of those particularly interested in the musical education of the various artists.

The programme was an excellent one and much enjoyed by all present, and Prof. Davies is to be congratulated upon the manner in which the pupils acquitted themselves.

Miss Katie Graham, who is well and favourably known in musical circles in Peterborough, opened the evening's entertainment with a pianoforte selection — "Sonata in F minor, Allegro, Adagio, Prestissimo, by Beethoven, in which she showed much ability. Miss Graham was also heard with equal pleasure in the second portion of the programme in selections from Chopin and Weber.

Miss Gladys Crane, another of Peterborough's rising young musicians, rendered with much delight to her friends, two selections by Chopin, being "Nocturne No. 11 in G minor," and Waltz op. 62, No. 2 in C sharp." Her selection in the second portion of the programme, "The Witches' Dance," by MacDowell, was a sprightly little number.

Miss Helen Davies once again enraptured her friends by the richness of her voice and her marked training in her selections, "Adoration," by Telma, "When Roses Bloom," by Pelissier, and her selection, "Enchantment," by Mascheroni which was the last selection on the programme.

Miss Hazel Sanderson was heard to good advantage in the very intricate number, "Consolation," by Dassek.

Perhaps the most popular artist of the evening and whose work drew forth many warm expressions of admiration, was little Miss Katherine Burnett who acquitted herself in an excellent manner in "Six Variations on Nel cor pin," by Beethoven. The same little artist was heard with equal favour in the second part of the programme in the selections "Madrilena," by Wachs, and "Blue Bells," by Boyton Smith.

Miss Alice Hunter rendered two selections in which she showed marked and careful training.

Miss Estella Kelly acquitted herself to the pleasure of her friends in a pianoforte selection, Polonaise in A minor, by Chopin, while Miss Ada Mulholland rendered very acceptably the selection by Liszt, Rhapsodie Hongroise, No. 3, and "The Flatterer," by Chaminade.

Miss Addie Dorris, who is not a stranger to the music loving public of Peterborough, rendered as her number, a selection from Beethoven, "Grove and Molto Allegro."

Altogether the affair was most interesting and entertaining, and spoke well for Miss Davies' pupils.

The proceeds were in aid of the Y.M.C.A. Dormitory Fund.

EXCURSIONISTS ARE FORTUNATE

Agricultural Societies' Excursion to Guelph Upon Same Date as Horse Show

Mr. William Collins, secretary of the West Peterborough Farmers' Institute, received the following letter from Mr. G. C. Creelman, president of the Ontario Agricultural College, Guelph:

William Collins, Esq.,
Peterborough, Ont.,

Dear Sir,—They say it is better to be born lucky than rich. Now it turns out that the Guelph people are going to hold their horse show on the 7th, 8th and 9th of June, so your people will have a chance of seeing a good horse show.

Very truly yours,
G. C. Creelman.

The information conveyed in the communication will be welcome news to the large number who propose attending the united agricultural societies' excursion to Guelph, which it now transpires, has been fixed for the dates upon which the horse show has been fixed.

CHARLOTTE Y.M.C. MET LAST NIGHT

Interesting Address by Mr. R. M. Dennistoun

There was an unusually large attendance at last night's meeting of the Young Men's Guild of the Charlotte Street Methodist church, fully 150 people being present.

The chair was occupied by Dr. Morrison, who, in a few opening remarks introduced the speaker of the evening, Mr. R. M. Dennistoun, who gave an address on "Jean Valjean," which proved deeply interesting, and was listened to with close attention by the audience.

A vocal number, "The Yeoman's Wedding Song" was rendered with fine artistic effect by Mr. R. Norman Jolliffe, and was enthusiastically received.

The Below Folk

MR. J. DEYELL LAID AT REST

Very Large Funeral This Afternoon

Members of County Council Attended Funeral of Late Colleague.

The funeral of the late County Councillor Deyell, which took place this afternoon, was one of the largest that has been seen in Otonabee for some time, and from all parts of that township, as well as those adjoining, came the many friends of the deceased to pay their respects to the dead.

The coffin in which the remains lay was covered with floral offerings from the friends of the deceased, the County Council sending a large wreath, while the Coldsprings Sunday school also sent a wreath. A large floral pillow was from the members of the family.

The following members of the County Council attended the funeral—Warden Buck, and Councillors R. Shaw, Harvey; H. C. Garbutt, Smith; T. J. Johnston, Otonabee; J. Andrews, Asphodel; D. Moloney, Warsaw, S. Stinson, Smith.

Among those present at the funeral from outside places were:—Isaac and John Deyell, cousins, and Wm. Deyell, brother, Lindsay; Serg.-Major and Mrs. J. Martin, Lindsay; Chas. Needler, Millbrook. In addition there were present a large number from South Monaghan, Cavan, Smith and Douro, all the members of the family of the deceased, except those living in the North-west being at the funeral.

The services at the house and graveside in the Little Lake Cemetery were performed by Rev. J. G. Lewis, of Mark street Church, where the deceased attended.

The pall-bearers who were all old friends of the late Mr. Deyell, were Messrs. T. J. Johnston County Councillor; J. Hambidge, W. McAllister, Ed. Lynch, A. Stewart, Otonabee, and Wm. Stewart, of town.

The high esteem in which the deceased gentleman was held was attested to by the very large number who were present at the funeral, and there were many expressions of regret that his life had been cut short.

OPENING OF THE DORMITORIES

Date of Formal Opening Fixed For May 18th.

The date of the formal opening of the Y.M.C.A. dormitories has been definitely fixed for Thursday evening, May 18th. The committee in charge promise to celebrate this important event in the fitting way that such a new departure demands.

The early part of that evening will be given up to an informal reception when the public will have an opportunity of seeing the new rooms—completed, and furnished, while ice cream and cake will be served. Prominent Y.M.C.A. men will take part in the programme, and the musicals during the latter part of the evening will be participated in by Mrs. K. Eardley-Wilmot, Miss Alice Roger, Mr. Gilbert Markle, Mr. Wm. McIlroy and Mr. R. N. Jolliffe, also Mr. F. S. McCoy, and the Y.M.C.A. orchestra under the leadership of Mr. Jones.

Everybody is asked to reserve this date.

Private Sale.

A private sale of first class household furniture, including a Nordheimer piano, will take place each afternoon from 2 to 5 o'clock, until sold, commencing Thursday, May 11. The furniture has been in use but a short time and this is an excellent opportunity for anyone to procure up-to-date household effects reasonably. Apply at 294 Rubidge street, Peterborough. d109tf

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr. S. Stevens of Bannockburn, is in town to-day.

Mr. H. J. Byers was in Lindsay yesterday on business.

MR. ALLAN'S ADDRESS AT BOARD OF TRADE

Continued from Fifth Page.

vironment than those of Russia, who were allowed to drift.

The saving habit, which the Russians have developed, is an evidence that they have something in them. The speaker in this connection spoke of the wonderful advances which had been made with regard to their savings bank and their deposits.

In 1850 there were two savings banks; in 1880, 76, and in 1890, 1286, in 1900, 4977, and in 1901, 5400.

This went to show conclusively that prevalent stories concerning the starvation amongst the peasantry are almost wholly erroneous.

In 1883, there were 55 industrial companies with a capital of $50,000,000; in 1889, 305 with a capital of $350,000,000; in 1900, 1700 with a capital of $2,100,000,000. What does this represent? Solid business? The Russian interests are so safeguarded by Government that no wild-cat schemes of speculation are permitted. No such thing as common or preferred stock is known.

Of the companies spoken of, 84 per cent. are manufacturing companies, manufacturing everything required by man. In addition to these industrial companies, they have organized the unlettered peasantry into manufacturing communities. The Russian serf has greater industrial, than business capacity—can manufacture better than dispose of goods to advantage. They are protected in this way by the Government who buy the raw material and dispose of the manufactured articles at the close of the season. In industries of this kind over five million peasants are employed. The deftness of these people is most remarkable. Each village has its own specialty—one village making spoons, others jewellery, wagons, buggies and merchandise of all descriptions. In short, the speaker remarked, Russia could do without the rest of the world, simply if she were dependent upon these village industries. Some of these industries are arranged according to the richness of the community.

If there is a thing which brings to my cheeks the blush of shame, the speaker said, it is the fact that in Ontario we have burned up millions of dollars in timber. In Russia the greatest care is taken in the conservation of the timber resources, and the country has to-day 700 million acres of valuable forest land. Wood is making much more rapidly in Russia than it is diminishing.

There is nothing, the speaker suggested, more important that our Boards of Trade can take up than this question.

The question of capital and labour was then discussed by the speaker, who said that though these troubles undoubtedly existed in Russia, to some extent, the employees were, he found, protected as fully as in New Zealand, which is looked upon as the El Dorado of the labouring class.

The mineral wealth of Russia was next discussed, many interesting statistics concerning the growth of the mining industry in the country during the past three decades, being quoted. Great increases were shown in the output of coal, iron ore and pig iron. Petroleum is another product in which an immense volume of trade is carried on. The total production was 96 million barrels. There were 109 copper mines in operation, with an annual output of 320 million pounds. There were also extensive nickel deposits in the Ural mountains. The total number of iron mines is 536. Amber was also spoken of. The total number employed in iron mining is 500,000 men. He had been very favourably impressed with the acknowledgment of the sacred Ikon by the Russians.

The extensive nature of the manufacture of cotton had proved a great surprise to the speaker. The fabrics are most artistic, in both colouring and design. The annual home consumption of cotton amounts to 12,500,000 bales of 400 lbs. each. The flax crop is about 600,000,000 of pounds, of which one half is exported. There are also extensive manufactories of rope, linen, hemp, jute and paper. In 1830 the total number of woollen mills was 390, which number has been steadily increasing. The leather productions amount to $35,000,000 annually, 5,000 tanneries being in operation. The India rubber industry amounts to $5,000,000. Other industries spoken of were pitch, tar, glass, chemicals, matches, cement, beet sugar, which are all enormous in their extent.

Navigation and the distribution of the products of the country were then spoken of. If our Trent Valley Canal had been in Russia, a succession of water powers would have been established along its entire length. We have, it appears, not yet discovered that a commercial value attaches to it, and if we wish to make it a commercial success we must awaken to its possibilities.

With regard to navigation, he stated that there are 3,000 steamers flying the Russian flag engaged in sea navigation. The river traffic is also enormous, that upon the Volga being eighteen millions annually with 230,000 men engaged. The total length of the Russian rivers for rafting and navigation purposes is 66,200 miles. The railways are all owned by the Government, 36,526 miles being open for traffic. The annual gross receipts amount to 544,167,000 roubles; all the roads are profitable. Russia each year expends more money in the extension of her railways than upon her army and navy. Railway rates are absolutely fair—a scale of distances being in operation. The equipment of the railway carriages was interestingly described. The travelling rate is very low, in some instances being 400 miles for 25 cents.

The developments along the lines of agriculture and stock raising are surprising. The southern part of Siberia is devoted largely to the production of grain—rye being the principal crop. The climate in the southern portion is very similar to that of Ontario.

The annual production of cattle aggregates 154,000,000 head—more than the rest of the world combined. The total annual production of sheep is 87 million and of horses 37 million. There were 14,663 apiaries. The dairy and poultry production of the country is most remarkable. In 1901 there were exported 78,000,000 pounds of the finest creamery butter. Thirty-five per cent. of Great Britain's egg imports are from Russia.

The normal increase in population is greater than in any other country except Japan. The present population of 145,000,000 would, the speaker estimated, be increased within the next fifty years to 300,000,000.

The speaker then referred to the various fairs which are a means of distributing the products of the country. Of the total number of 2,825 fairs held in 1880, 85 per cent. were village fairs for the sale of the handiwork of the peasants. A vivid description of the great fair of Nijni Novgorod, at which everything of economic value may be purchased, was described. The annual volume of trade aggregates from 275 to 500 millions of dollars. He had never seen any Canadians, although labour saving devices from the United States were in evidence.

In closing the speaker stated that he had no desire to defend Russia as she stands in the eyes of the world, concerning her treatment of the people of Finland, and other oppressions, but considered it a country worthy of more serious attention.

The Czar claims that the conditions prevailing amongst the Russian people makes autocracy necessary. Intrigue, the speaker remarked, was the curse of the nation. Unfortunately the Czar is a man of weakness, when he should be a man of strength.

Concerted action was necessary on the part of the Boards of Trade if we were going to realize the rewards of them commercially, which can only be done by being fully prepared.

At the conclusion of the address a hearty vote of thanks, moved by Col. E. B. Edwards, and seconded by Mr. D. W. Dumble, was tendered the speaker.

Impurities In the Blood

TELL OF TORPID, SLUGGISH LIVER ACTION AND INDICATE THE NEED OF

DR. CHASE'S KIDNEY-LIVER PILLS

There is no getting round the fact that the liver is responsible for the impurity of the blood in the spring.

Awaken the liver to action by the use of Dr. Chase's Kidney-Liver Pills and you at once remove the cause of the ills and discomforts of this time of year.

Coated tongue.
Bitter taste in the mouth.
Shortness of breath.
Gas on the stomach.
Dull, sick headache.
Biliousness.
Irregularity of the bowels.
Weak, dizzy feelings.
Irritable temper, discouragement and despondency.

These are some of the most common indications that the liver is failing to filter the poison waste matter from the blood.

Dr. Chase's Kidney-Liver Pills cleanse the system thoroughly and well, by causing a free action to the bowels.

By their direct and custom action on the liver they purify the blood and bring about a good flow of bile into the intestines—the only means by which constipation can be actually cured.

Dr. Chase's Kidney-Liver Pills are an indispensable family medicine of proven worth. One pill a dose, 25c. a box, at all dealers or Edmanson & Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the Receipt book author, are on every box.

NEWS NUGGETS.

Woodstock is to have three new factories this summer. The Cyclone Wire Fence Co., Toronto, the Ann Arbor Machine Co., and the Eureka Planter Co., of Windsor, have secured sites in the city, and will erect large factories at once.

—It is idle to predict the limits of our agricultural wealth. But, whatever be the changes in the industrial world, however the centres of the world's population and wealth may shift, it seems very certain that Canada's fate is a high one, her prosperity forever assured, so long as humanity needs food, so long as Canadians prove worthy of their heritage. The chance is now no chance. Young men have now no excuse for deserting their country. The greatest opportunities lie lie within the national borders, and it is only necessary to see to it that foreigners do not close them while we are slowly awakening to their reality. The day of pessimism is past. The day of confidence, of renewed energy, of aggressive national independence dawned some time since. It is the day of the Young Man.—From the National Monthly for May.

LATEST SPORT

QUAKERS MEET NORWOOD TEAM

First Midland Footland League Game of the Season.

To-night at 7 o'clock the first Midland League game of the season will be played at the Exhibition grounds, when the Quakers meet the Norwood team. Both of these teams have strengthened up considerably since last season and that the game will be a good one goes without saying.

BASEBALL.

The Twentieth Century Baseball Club would like to arrange a game with some out-of-town team for May 24th, Uxbridge or Peterborough preferred. Address Geo. Gilbert, care of Lowndes Co., 144 Front street west.—Toronto Globe.

• • • •

The Auburns will hold a practice to-night at the oval. All the players are to be in uniform and some hard work put through.

• • • •

St. John's Young Men will hold a practice to-night at Morrow's Field at 6.30 o'clock. All connected with the team are requested to turn out as a meeting will be held after to transact business.

• • • •

Things are progressing very favourably towards a successful concert in aid of the St. John's Young Men's Guild baseball team. Tickets were issued to-day and the manager of the team expects to get a good thing out of the concert on May 19th.

• • • •

To-night at the Y. M. C. A. a meeting of the Guild League will be held to draw up a schedule for the season.

• • • •

The Charlotte Street Guild team had another rattling good practice last night, about 15 players being out. They will practice again to-night.

• • • •

To-night the George Street Guild team will practice at 7 o'clock at the old field.

MISCELLANEOUS.

Every athletic team or organization, which intends using Nicholl's Oval for summer sports this year, is requested to send a representative to the Y. M. C. A. rooms this evening at 8 o'clock, in order to draw up a schedule for the season.

FIELD HOCKEY.

There will be a practice game of field hockey at Nicholl's Oval this evening, starting at 7.15. Every player is requested to be out.

FOOTBALL.

The team that will represent the Quakers in their game to-night with Norwood at the driving park is as follows: Goal, E. Belleghem; backs, Whitlaw and Davis; halves, Moore, Donaldson and Fitzgerald; forwards, Hewson, Brooks, Cullen, Lyons, Jopling. The game commences at 7 o'clock sharp, and Henderson of the Q. C. W. will referee.

As a Convalescent Food.

Mr. Wyman N. Thomas, Ompah, Addington County, Ont., writes:—"My wife had congestion of the lungs along with other troubles, and became very weak and run down. By the use of Dr. Chase's Nerve Food she was made as strong and well as ever. Of course I had a doctor, but she was weak, and it was Dr. Chase's Nerve Food which built her up."

—The management of the Young Men's Dormitory Fund, are anxious to get the same closed by the end of the present week, as the dormitories will be opened next week. Men having books are asked to get them filled up, secure another book, if needed, and do the same, and be ready to report on Saturday to Mr. Galley, the treasurer. The boys' section had a good rally last night, and reported $15 received; they are going out to try and secure $45 more this week. The prizes will be on view in Scheelder's window today and for the rest of the week.

Seven Sutherland Sisters' Hair Grower

GREW THIS HAIR

075 Wabash Ave., Detroit, Mich.

Seven Sutherland Sisters:

Dear Ladies,—I take pleasure in acknowledging the great benefits I have derived from the use of your Hair Grower and Hair and Scalp Cleaner. Three months ago when I commenced using them my hair was very thin and short and nearly all gone from the top and sides of my head. It had been in that condition for nearly three years. Since using your preparations it has grown at least four inches and is very heavy as my photo will show. I think it very remarkable considering my age. I have had my photo taken showing the new growth of hair which I give you permission to use in any way you desire. Also my letter. I remain,

Yours respectfully,

MRS. WOODWORTH.

REV. O. C. ELLIOTT IN STRATFORD.

Former Peterborough Pastor Takes Position in Classic City.

Brief Sketch of a Busy and Successful Life—Was Pastor of Park Street Church.

The Stratford Beacon publishes a half-tone cut of Rev. O.C. Elliott, who is taking the pastorate of the Baptist church of that city, with the following biographical sketch which may be of interest to his many friends here:—

Rev. O. C. Elliott was born in Kingston, June 26, 1867, and was educated in the public schools of that city. After leaving school he spent ten years in the grocery business, during which time he was converted and baptized. He entered the Young Men's Christian Association as assistant secretary of the Central Association, Toronto, and after three months was appointed general secretary of the Northwestern branch. In that city. This was a new branch, and after successfully organizing it, he accepted the secretaryship in Woodstock, Ont., where three years were spent. Resigning this position to enter the regular ministry, he accepted a call to the pastorate of the church at Tavistock. After three years of fruitful labour, during which time he was ordained, feeling the need of more thorough training, he entered McMaster University, and graduated four years later in the English scientific course. During the first year of his college work Mr. Elliott had charge of the church at Grimsby, and for the following four years was pastor of the Park street church, Peterborough, resigning that charge four years ago to go to Belleville. Mr. Elliott's record in the various places in which he has laboured has been a very creditable one and his pastorate here is looked forward to with keen anticipation of success.

He will commence his pastorate here on June 1.

CHORUS CLASS ON MONDAY

Mrs. Morrow's Pupils Make Progress.

A Splendid Practice Was Held—Some Good Voices

On Monday night the members of Mrs. Morrow's Chorus Class assembled for their usual practice. Apart from the choral work, the programme consisted of one instrumental, and three vocal numbers. Miss Cline played, with the touch and precision of an artist, the "Grand Concert Polonaise," by Chopin, and vocal selections of rare merit were contributed by Miss Bell, and Messrs. Elliott, Morphett and King.

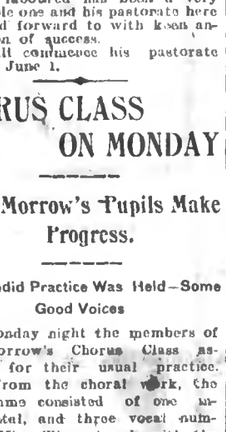
Mr. King professes to be only a beginner in the art, but he will not long remain so, if the qualities of his voice continue to improve as they have improved in the short space of time during which he has been a member of the class.

Messrs. Morphett and Elliott sang in good voice, a duet entitled "Hark! Hark! My Soul," by Nevin. The duet was well rendered, Mr. Morphett's sweet tenor blending harmoniously with Mr. Elliott's rich baritone.

Of the pleasing qualities of Miss Bell's voice, we have already, on previous occasions, made remarks. shall not, therefore, refer to them at present except to add that, in what may be appropriately termed flexibility or suppleness of voice, she has reached a high degree of perfection.

Miss Cline's piano solo was highly appreciated by all, and those who were present on a former occasion when she rendered in excellent voice, a most difficult musical composition, freely admitted that her progress in instrumental music keeps pace with her vocal attainments.—Com.

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon.

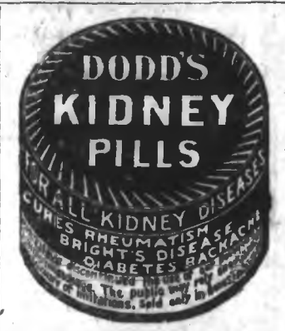


Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your 'Golden Medical Discovery' is a sick man's friend," writes Geo. N. Turner, Esq., Cor. Financial Secretary International Brotherhood of Teamsters, 2355 California Street, Denver, Colo. "For the past seven years my health gradually failed. I lost my appetite, became nervous and debilitated, very despondent and unable to sleep. No medicine helped me until I tried Dr. Pierce's Golden Medical Discovery. It put new life into my veins and increased vitality until I could once more enjoy life and attend to my business. Eight bottles effected a complete cure and gladly do I recommend it."

Dr. Pierce's Pellets—only one or two a day will regulate and cleanse and invigorate a foul, bad Stomach, torpid Liver, or sluggish Bowels.



RAID ON A POOL ROOM.

Provincial Detective Greer Captures Nearly 200 Gamblers at Toronto Junction.

Toronto Junction, May 10.—The Toronto Junction pool room was raided yesterday, eleven men arrested, and the names of 170 others taken by the police. The crowd was quite completely surprised. Business was proceeding briskly when the officers entered, after having left guards at the doors. The sum of $389 was taken, which it is doubtful if anyone claims. Provincial Detective Greed headed the arresting party.

The eleven men arrested were taken away to the police station, where they were bailed out on giving sureties of $500 each for their appearance this morning at 11 o'clock at the City Hall.

POOR, WATERY BLOOD.

The Cause of Pimples and All Disfiguring Eruptions—Dr. Williams Pink Pills the Only Cure.

Poor, watery blood—pale blood—is the cause of every pale complexion. Bad blood—blood filled with poisonous impurities—is the cause of every bad complexion. Bad blood is responsible for eruptions, and pimples and torturing burning, itching eczema. These troubles can only be cured through the blood, and the only medicine that actually makes new blood—rich, pure health-giving blood—is Dr. Williams' Pink Pills for Pale People. The new blood which these pills make reaches every organ and part of the body. It clears the complexion, banishes pimples and eruptions, and brings health, strength and happiness. Miss Lizzie Lobsinger, Cartarube, Ont., says: "Dr. Williams' Pink Pills is the best medicine I know of for cleaning the blood of impurities. My blood was in a bad condition, and as a result I was not only weak and run down, but was troubled with pimples and eruptions. I tried several medicines, but they did not help me. Then I was advised to take Dr. Williams' Pink Pills, and these soon relieved me of all my troubles. I can recommend the pills to anyone suffering from bad blood."

Bad blood is the cause of nearly every disease that afflicts humanity. It is because Dr. Williams' Pink Pills make new, rich red blood that they cure such troubles as anaemia, heart palpitation, headaches and backaches, rheumatism, neuralgia, indigestion, kidney and liver troubles, and ailments of girlhood and womanhood. But you must get the genuine pills with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by medicine dealers everywhere or sent post paid at 50 cents a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

WRECK OF C. P. R. EXPRESS.

Wonderful Escape of Driver White—Buried in Soil to Neck.

Halifax, May 9.—The C.P.R. express, known as No. 25, from Halifax, met with a disastrous run-off about one mile east of Palmer's Pond, Dorchester, yesterday.

With the exception of the Pullman, the entire train went into the ditch. The cars were saved from rolling over by falling against the gravel cutting, which was about as high as the window sill of the cars. Two forward cars, express and postal, were badly broken up.

Driver White had nothing short of a miraculous escape from death. When the engine toppled over it ploughed tons of earth before it. This backed up into the cab. The earth was heaped up on the plucky driver until absolutely nothing but his nose and chin were visible. There was a feverish rush of the rescue party to the entombed driver. When he was freed he stood upon his feet, smiling. Conductor Buchanan threw his arms around him and kissed him, amid the lusty cheers of the crowd.

J. B. Prince of Moncton and Express Messenger Barton were about the only ones who received a serious shaking up.

STRIKE OF G. T. R. MACHINISTS.

Response to Order to Lay Down Their Tools Was Cool.

Toronto, May 9.—The Grand Trunk machinists have struck. After weeks of negotiations and conferences the end came suddenly yesterday morning.

From such information as can be gathered, however, the strike is a nominal one. There are estimated to be 3,000 machinists employed between Montreal and Port Huron. Those engaged at Stratford and Port Huron have had a month's enforced idleness owing to the company's action in closing down the shops at these points. The 1,200 men thus absent from their posts cannot be considered out on strike. Of the remaining 800, it is claimed that less than three score struck. In the local shops, where 100 men are employed, an average only of one man in five walked out; at Montreal, where the machinists number 400, a mere handful quit; at Stratford, out of 330, only six went on strike.

Kingston and Her Railway.

Kingston, May 9.—A definite step was taken last night in the direction of municipal ownership of the street railway, when the City Council, by a vote of 12 to 5, decided to appoint the city engineer and J. McCampbell, electrical expert of this city, and a third expert, to valuate the electric railway plant, so that the city would be ready to act promptly in case the road was not sold by tender by June 1.

RIOTING SHARP, BUT—

Chicago Strike Is Withering—Department Stores Make Almost Normal Deliveries—Furniture Drivers.

Chicago, May 9.—Both employers and strikers claim gains yesterday in the teamsters' strike. The employers declare that they have gained a decided advantage in the number of wagons sent out and the amount of business transacted. The strikers claim is based on the fact that 250 drivers for various furniture dealers will strike to-day and that 150 paint-workers employed by the Heath & Milligan Co. struck yesterday.

The State street department stores and large dry goods houses yesterday transacted business on almost a normal basis. The wagons of Carson, Pirie, Scott & Co. were guarded by at least two officers, deputy sheriffs being in all cases armed with rifles. The department store of Rothschild & Co. for the first time since the strike, began loading their wagons in State street yesterday morning, using police and deputy sheriffs for protection. When it was found that they could not be supplied with the necessary number of deputies, numbers of their employes were sworn in as deputy sheriffs. This procedure was adopted by many of the houses and the sheriff by night had 1,500 deputies at work.

Fifteen hundred wagons manned by non-union men were operated from State street yesterday and the number will be materially increased to-day. No more colored teamsters will be hired by the Employers' Teaming Co. Individual contracts are made with all men hired and they will be given permanent employment.

The rioting yesterday was of a sharper character than that of Saturday. Three men were fatally injured and others were hurt. William O'Day, a colored teamster, last night was attacked by Albert Enders, who struck him with a stone. O'Day drew a revolver and fired twice. Both bullets took effect in Enders' body. O'Day was arrested.

The civic commission appointed by Mayor Dunne to investigate the strike, yesterday organized for future work.

To Arbitrate In Toronto.

Hamilton, May 9.—Judge Snider has accepted the position of sole arbitrator in the dispute between the City of Toronto and the Toronto Railway Co. He will be in Hamilton enough to attend to his court duties.

A Show of Their Own.

Edmonton, May 9.—The lieutenant-governor of Alberta will be sworn in here on July 1, instead of having the inauguration of both provinces take place at Regina, as at first intended.

Mr. Greenway Bereaved.

Ottawa, May 9. — Hon. Thomas Greenway received word last night that his sister had died in Exeter, Ont., and immediately left for that town.

Mr. Chamberlain Ill.

Birmingham, Eng., May 8.—Joseph Chamberlain is suffering from a severe chill and was too indisposed to attend the reopening ceremony at Queen's College here Saturday afternoon. Ebenezer Parkes (member for Parliament for the Central Division of Birmingham) announced, however, that Mr. Chamberlain's illness was only temporary and that he will soon be about again in his usual health.

ENTER CITYHOOD ON JULY FIRST

Private Bills Committee Passed The Peterborough Bill Yesterday Morning—City Incorporation Clause The Only One Considered by Committee—Opponents of Incorporation Were Defeated---Council's Position Sustained by 18 Legislators---Messrs. E.H.D. Hall and R. M. Dennistou Presented Case in Favour of Bill---A Sweeping Victory For The Council.

For weal or for woe, the civic status of Peterborough is fixed. With the completion of the routine stages of legislation, practically automatic, and consequent on the reporting of the "Peterborough bill" by the Private Bills Committee, the bill becomes an act incorporating Peterbborough as a city, and confirming certain by-laws of the council representing aid to certain important local industries.

"The City of Peterborough.' This is the epitomised result of the sitting of the Private Bills Committee of the Ontario Legislature in Toronto yesterday morning. It was rapid work and in this respect characteristic of the enterprise and energy which marks, and has marked the present and erstwhile Town of Petrborough, and will, it is hoped and believed, mark the City of Peterborough, that is to be. Within fifteen or twenty minutes after the alert, prompt and decisive chairman of the Private Bills Committee, Mr. H. Carscallen, M. P.P., East Hamilton, announced that the "Peterborough Bill" was "next," the matter was settled, and the committee unanimously and heartily, so far as heartiness can be attributed to so dignified a body, decided to report the bill to the Legislature, another way of saying in effect that the Peterborough Bill is law and that henceforth the Otonabee town will be regarded and will be the City of Peterborough, with all the dignities and advantages, as well as pains and penalties which attach to that civic condition.

Preliminaries.

After the astonishing fiasco which attended the hearing of the Peterborough representatives before the committee on May 3rd, when Mayor Best "threw down" the Town Council, and humiliated the town as represented by the chairman, telling the Peterborough deputation that they had "better go home and decide what they wanted," it was to be expected that a pretty hot and stubborn fight would be put up yesterday, but in this respect there was to those interested in the success of the bill, a pleasant disappointment. In the meantime the opponents to the incorporation clause of the Peterborough bill, represented by Mayor Best and Mr. G. W. Hatton were not idle. It appears that the petition which was presented to the council meeting last Tuesday night, May 2nd, and ignored, had been strengthened by many signatures. In the meantime also a counter petition in favour of incorporation had been circulated and largely signed.

The Forces Involved.

Thus armed, the opposing and favouring forces were mobilised and entrained at the C.P.R. station, Peterborough, yesterday morning. Those recognised as favourable to incorporation as a city were, including those who had gone up to the city the night before:—Mr. E. H. D. Hall, Town — beg pardon — City—Solicitor, Alderman Adams, Alderman Mason, Alderman Hall, Alderman Leary, Alderman Scott, Mr. T. F. Matthews, Water Commissioner; Mr. R. M. Dennistoun, on behalf of the Board of Education, and Mr. W. Pringle and Mr. H. P. Kennedy, Mr. D. O'Connell, on behalf of the Peterborough Shovel and Tool Company, and W. H. Meldrum, on behalf of the Peterborough Cereal Company. The opposition to the incorporation of the town of Peterborough, was led by the Mayor of the town, Mr. H. Best; Mr. G. W. Hatton, representing the adverse petitioners, and Col. J. W. Miller, and James Kendry, ex-M.P., and ex-Mayor, representing the opposition on general principles.

On arrival in the city the Peterborough delegates found the Private Bills Committee ready for work, and after the business of Hamilton which was applying for legislation to authorise expenditures that had already been made, and the little private bill of Belleville, in regard to legalising sales of city lots for taxes, were disposed of, the Peterborough Bill came up at 12 o'clock.

A Surprise Sprung.

In introducing this bill some of the delegates from Peterborough were surprised to hear the chairman announce that all the clauses of the bill except that relating to incorporation had been agreed to, and the vexed question of our future civic status was the only question at issue.

The Council's Case.

Mr. E. H. D. Hall, town solicitor, was first called upon, and he said he was speaking on behalf of the council, which had unanimously decided in favour of incorporation as a city, which was desirable for many reasons. He pointed out that many or ten towns had been incorporated as cities with populations under 10,000. Peterborough had now over 14,000 of population, and was ahead in this respect of nearly all the cities he had referred to, and in none of these cases had the matter of incorporation been put to the vote of the people. Peterborough had repeatedly appeared before that committee and asked for favours which had not been granted—we were told that the town should become a city; then what it had applied for previously in vain might be granted. Mr. Hall then went on to point out the inconsistency of the opposition of Mayor Best which had very recently developed. He had presided at a public meeting when the celebration of incorporation had been discussed and decided upon; he had accepted the honorary chairmanship of the Celbration Committee and up to the time of his appearing before the Private Bills Committee a week ago, had developed no objection. Mr. Hall was proceeding to state his case more fully when the chairman, good-naturedly, interrupted him and called upon the opposition to state its case.

The Opposition Argument.

Mr. G. W. Hattor began by referring to the largely signed petition he held in his hand—containing 600 or 600 signatures of prominent citizens recorded against incorporation. He stated the stock objections against incorporation—that it was preferable to wait till the population had reached 15,000, that there were many public improvements which should be provided before we become a city, etc. He insisted that the council had ignored the petition of the citizens and—

Mr. Carscallen—The Private Bills Committee can't make any mistake in doing the same thing.

Mr. Hatton, continuing, said the people had expressed themselves through the press as opposed to incorporation, that two of the newspaper publishers of the town had signed the petition. The present bill, as far as incorporation was concerned, had been devised and put forward without the knowledge of the people who had been kept in the dark—it had been sprung upon the people. It would increase the expenditure—

A Member—How would the expenditure be increased?

Mr. Hatton—The license fees would be increased by $80.

A Member—Do you represent the license holders?

"No," said Mr. Hatton, and referring to those present, supporting the incorporation clause, he said they were all "corporation men" (laughter), promoters and office-seekers (renewed laughter). He contended that it was not right for the council to come before the committee with a out and dried scheme, and not to have the courage to submit it to the people.

Mrs. Carscallen—"It is understood that Mr. Bradburn, the representative of Peterborough, is in favour of the incorporation clause."

Mr. Hatton—Mr. Bradburn owes his position to the petitioners against incorporation. Mr. Hatton went on to point out that it was a fight between the council and the people. Those present were only representing themselves—they were all officials or promoters.

Mr. Carscallen—How was it that the council were unanimous?

Mr. Hatton—They were only so at the last moment. The incorporation clause was inserted covertly—nobody knew of it. As soon as the people knew of it they kicked.

Mr. Kendry Supports the Opposition.

Mr. Kendry was opposed to incorporation. The matter should have been submitted to the vote of the people. On such a subject both the people and the council should be unanimous. He would rather have Peterborough a good town than a poor or third rate city. He urged that the matter be postponed and the people consulted.

Hon. G. P. Graham said the argument was always advanced that city incorporation would increase expenses. How?

Mr. Kendry said that police and water commissioners and the police magistrate would have larger salaries.

The Case Closes.

Mr. R. M. Dennistoun, who appeared in behalf of the Board of Education, pointed out that the town council, the Board of Education and the Board of Trade were in favour of incorporation, and these bodies pretty thoroughly represented the people. He also submitted the largely signed popular petition in favour of incorporation—as large a petition as Mr. Hatton's. In conclusion he said that the remarks of Mr. Kendry and Mr. Hatton about being the best town was like a big hulking boy posing as the hero of the infant class. This little sally, like Yorick's jests, "set the table in a roar" and the chairman, laughingly addressing the committee, asked:

"You don't want to check Peterborough?"

"No!" "No!"

Mr. Carscallen—All those who are in favour of reporting the Peterborough Bill to the House this afternoon—

"Carried," "Carried."

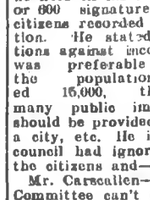
Meaning of the Bill.

This means that the Peterborough Bill is practically law and that the "town" of Peterborough no longer exists but that the "city" of Peterborough has taken its place.

The bill briefly provides for the authorization of the purchase of the Separate School property on Murray street as a site for an armoury and site for a Collegiate Institute building; to authorize a grant of land and fixed assessment of $10,000 for ten years to the Peterborough Cereal Company (limited); to aid the Peterborough Shovel and Tool Company by a grant of land and fixed assessment ($4,000) for ten years; that the city should be divided into five wards and the present council, Town Trust, and Water Commissioners and civic officials shall continue.

ASTONISHED THE DOCTOR

Mrs. Eaton Recovering, Although Her Physician said she might drop dead at any time.



MRS ROBERT EATON SR.

"The Doctor told me I had heart disease and was liable to drop on the street at any time,' says Mrs. Robert Eaton of Buffalo, Ont.

"My trouble began four years ago with a weak heart. I was often afraid to draw my breath, it pained me with nervousness, shortness of breath, dizziness, loss of appetite, smothering and sinking spells, and I could not sleep.

"Sometimes a great weakness would seize me and I would have to lie down to keep from falling. My hands and feet would seem to go to sleep and a sort of numbness would come all over me and perhaps immediately after the blood would rush to my head and a series of hot flashes would envelop me.

"I took all kinds of medicines, but kept gradually growing worse until about eight weeks ago, when I began using Dr. Leonhardt's Anti-Pill. From the start I improved until now my appetite has returned. I can sleep well, and have no nervousness, dizziness, palpitation, faintness or any of my other troubles. They have all entirely disappeared. I feel much stronger, look better, and altogether Anti-Pill has made a new woman of me.

"I am entirely cured and cannot say too much for this wonderful remedy. I would most heartily recommend Anti-Pill to anyone suffering as I do."

All Druggists or the Wilson-Fyle Co., Limited, Niagara Falls, Ont. 166.

BABY TODD'S CURE OF SORE EYES

Over Two Years of Awful Suffering—Eyes Stuck Together and Would Bleed When Washed Open in the Morning—Every Lash Fell Out.

ANOTHER WONDERFUL CURE BY CUTICURA

"I feel it my duty to tell of two most wonderful cures of sore eyes by Cuticura Ointment. My little son had an attack of measles which left the eyes in a shockingly bad state. The lids became inflamed and sore and every lash fell out. For two years and ten months I tried many eye ointments and lotions, besides following every advice given me, but nothing seemed to do them any good. They would be stuck in the morning, and I had to bathe them in warm milk and water, which was a very trying duty, as the eyelids would always bleed, causing the child untold suffering.

"I had heard a lot about Cuticura Ointment, so I thought I would try it, and from the first application I have had cause to be thankful. Before I had used one box of Ointment the lashes showed signs of growing, and at the end of a few months he had a crop of lashes of which any person might be proud.

"I recommended Cuticura to a Mrs. Phillips for her child, who also had sore eyes, and her little one was cured with less than one box. I have advised dozens of people to use Cuticura Ointment, often stopping them in the street, as I did Mrs. Phillips, who was a total stranger to me. I have such implicit faith in it that I have written to relatives in England and Ireland telling them of its wonderful virtues.

"I am sending you this testimonial of my own free will, in the hope that others may be benefited as we have been. (signed) Mrs. C. Todd, Old South Head Road, Waverly, Sydney, N. S. W." Reference, Messrs. R. Towns & Co., Sydney.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney. Potter Drug & Chem. Corp., Boston, Sole Props.

Mailed Free, "All About Baby's Skin and Scalp."

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—The summer has come with a rush! The first pair of white shoes was seen to-day.

—Haight and Friese, brokers, of Toronto, who formerly conducted a business here, have failed.

—The date of the formal opening of the Y.M.C.A. Dormitories has been fixed for Thursday evening, May 18th.

—The Celebration Committee will meet in the course of a few days to take up the matter of celebration.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

—Mr. William Cahill has joined the staff of the local branch of the Bank of Toronto and entered upon his duties this morning.

—The adjourned vestry meeting of St. Luke's church will be held tonight at 8 o'clock. All members and adherents of St. Luke's are invited to be present.

F. H. Clergue states that the Algoma Central will be built 100 miles further to connect with the Grand Trunk Pacific, and into the Manitoulin district.

—Material is on the ground for the commencement of the new $60,000 armouries, which will be erected on Tecumseh Park, Chatham, by the Dominion Government.

—The name "Nordheimer" on a piano stands for the highest type of piano construction. Information concerning these pianos at H. H. Edmison's pharmacy.

—Workmen began this morning to place a plate glass window in the store which will be occupied by Mr. P. Simons, the George street tailor, who is moving out for the Bank of Ottawa.

—The feeling seemed to be one of general satisfaction yesterday when the newspaper offices bulletined the intelligence that the Peterborough Bill had passed the Private Bills Committee.

—There will be a social evening and programme next Monday evening, May 15th, in connection with the St. John's Young People's Guild. A very pleasant evening is in anticipation.

—Among the contributions received by Miss Greenshields, of 2, Elmsley Place, Toronto, to the Labrador Medical Mission, are $1.15 from Miss Halliday, and $3 per Dr. Grenfell, from Peterborough.

—A meeting of the Quarterly Board of the Mark street Methodist church, held on Saturday last, an invitation to remain for a third year was extended to Rev. J. G. Lewis, which was accepted by the latter.

—The Lakefield Cement Co., have again their full force at work. The railway tracks at Lily Lake are in good repair, and the marl can now be readily obtained. For some time back there was difficulty in obtaining a sufficient supply of marl.

—Another evidence that Examiner ads. bring results—yesterday a watch was lost and an ad. placed in this column of the Examiner. This morning the jewelery was brought to this office by the person who found it.

—If you've lost anything, want a servant, want work, a boarding house, or have rooms to let, insert an ad. in the want column of the Examiner and its ten chances to one you'll get what you want.

—For potatoes, parsnips, carrots, beets, turnips, cabbage, hams, pea-meal bacon, eggs and butter, canned tomatoes, peas and corn, cheap; also nice mixed biscuits, call upon James R. Bell, 161 Hunter street. 'Phone 455.

—Mr. Nelson King was the victim of a painful though not serious accident to-day about 12 o'clock. He in some way was precipitated from the top of a box car and sprained his ankle quite severely. He is working this afternoon, though his sore ankle cause quite a limp.

—A Peterborough gentleman dropped into a seat of the C. P. R. local last evning alongside a dark-eyed little girl about ten years old, got into conversation, and asked her name. "Stern," was the reply. "What is your Christian name?" "I don't have a Christian name—I'm a Jew."

—On Friday evening, May 12th, a really meeting of all the members of the Canadian Order of Foresters of the town will be held in the Foresters' Hall, Simcoe street, at which Organiser Copeland will give an address. All members of the order are invited to be present.

—The yearly business meeting of the Park Street Baptist church will be held to-morrow night, when reports are expected from every department of the church's work. As important business will be up a large representation of the membership is asked for.

—Dr. R. W. Bell, medical inspector for the Ontario Board of Health, was in the city yesterday on his way to Port Stanley to inspect the wells there, to ascertain if they are polluted with typhoid germs or not. He covers the entire province investigating infectious diseases.—St. Thomas Times.

—Those who wish to spend a thoroughly enjoyable evening should not miss the recital given by Miss Clara Bellaghem, assisted by Mr. R. S. Pigott, baritone; Miss Eugene Quehan, pianiste, and Mr. Gilbert Markle, violinist, on Friday evening in the Y.M.C.A. Hall. The Gerhard Heintzman piano will be used. Admission 50 cents and 35 cents. Plan at Madill's.

—Up at the north end this morning a lady was very much "worked up" over the making of the town into a city and also of the condition of the streets in that end of the said city. "Why," she said, "what do they want to make it a city for and then look at the streets. Why that (Water) street has not been scraped or cleaned for two years and more, and you could sail a canoe down each side of it, so you could. When I was in Rochester," she went on, "you could take a broom and sweep the streets"—meaning, of course, that the streets in that fair city were very clean. Some of the listeners informed her that if the streets were kept clean the people paid for it in high taxes. "Well, it is not worth paying for!" asked the lady.

THE BALOW FOLK, a comedietta from the fairy lore of Eugene Field, will be presented in St. John's school room, at 8 o'clock, May 11th Admission 15c, 2d

Bananas.

The Star Attraction
Of The Week is The
Wreckage Sale
At The
"GOLDEN LION"
Of Our Own
UNSUBMERGED GOODS
From the Cargo of the Steamship Parisian.

We were among the large buyers whose importations from the Old Country were on board the Steamship "Parisian" when she met with the accident while coming into her moorings in the Halifax Harbour. The great liner carried a particularly valuable cargo on this fatal trip for the Golden Lion, and as a result of the accident, the Insurance Companies had to pay the loss. Of the twelve packages of our own imports, we refused to accept any that had come in contact with sea water, because of its damaging effect on textile fabrics. A satisfactory settlement was reached with the Underwriters. We were indemnified for our loss on the Submerged portion of our Goods, and accepted the undamaged portions after proper allowance was made for the broken lots.

Friday Morning, May 12

we inaugurate a great Eight Days' Sale of these Undamaged Broken Lots, which embrace :

Brussels, Wilton and Tapestry Carpets and Art Squares
Art Wool Serges for Curtains
Tapestry Furniture Covering
Black and Coloured Spring and Summer Dress Goods
Costume Tweeds
Black Dress Silks and Satins
Check and Fancy Silks for Shirt Waist Suits
Laces and Dress Trimmings
Prints and High-class Oxford Shirtings, Zephyrs and Ginghams, White Vestings, Crashes and Skirt Linens
English Cotton Sheetings

35 Dozen French Kid Gloves, "Paris" Brand, stamped with our own name, in colours Black, White and all the New Spring Shades. They were to have been sold at $1.00 the pair, on sale SATURDAY MORNING at 9.30 a. m., and not before, at per pair..... **60c**

Irish Table Linens and Cloths
Roller Towellings
Glass Towellings
Stair Linens
English Flannelettes
White Cotton Quilts
White Embroideries
English Bed Tickings
Irish Linen Towels
Ladies' English Rainproof Coats
Ladies' Tailored Suits
Ladies' Kid Gloves, Etc.

Eight Days or less should easily dispose of the lot. It's a buying chance you won't get again for many a day. Everything will be ready Friday Morning, when we expect great enthusiasm among buyers.

THE RUSSIAN FORCES JOINED

The Two Russian Admirals Are Now in Company Somewhere in China Sea---Russian Vessels Ordered Away From Cape St. James by The Governor of French Indo-China---And They Went---Admiral Lord Beresford Expresses Opinion That The Japanese Will Win.

St. Petersburg, May 11.—The Admiralty does not confirm the London report that the Russian cruiser Almas of Admiral Rojestvensky's squadron has reached Vladivostock. Beyond saying that Rojestvensky and Nebogatoff have effected a junction, the Admiralty says it is without news of the Russian squadron.

Did They Elude Togo?

London, May 11.—A despatch to the Exchange Telegraph Co. from St. Petersburg, says it is reported there that the Russian cruisers Almax and Jemtchug, belonging to Rear Admiral Boelkersam's division of Vice-Admiral Rojestvensky's squadron, have eluded the Japanese warships and reached Vladivostock.

Told to Go and Went.

Saigon, May 11.—The Russian cruiser Jemtchug and the Russian auxiliary cruiser Bion, belonging to Admiral Rojestvensky's squadron, arrived off Cape St. James, near here, during the night of May 6 and left Tuesday morning at the request of the Governor of French Indo-China.

Arrested as Spies.

Tokio, May 11.—M. A. E. Bougin, a prominent French man, and his stepson, F. Strange, an Englishman, have been arrested here as spies.

Lord Beresford's Opinion.

New York, May 11.—"The Russian and Japanese fleets will meet in a few days. Japan will win. The slaughter of men in that battle will be so great as to startle the civilised world. The only redeeming feature of the fight will be the fact that there will be no more wars for years. The horrors will be too great."

Vice-Admiral Lord Charles Beresford of the British navy made this statement yesterday just before his departure for Liverpool. His opinion is founded on the fact that the Japs are the better gunners.

BOMBS, DYNAMITE, TORCH.

Russian Laboring Classes Are Threatening to Use Them.

Reval, European Russia, May 11.—At a large meeting of workmen here yesterday, which was attended by delegates from St. Petersburg and a number of masked men, it was decided to proclaim a three days strike in connection with Labor Day (May 14). It was further determined to serve fresh demands on the employers, coupled with the intimation that if they were not complied with inside of 12 hours the destruction of the factories by fire would follow.

Bombs For Troops.

St. Petersburg, May 11.—The Social Democrat declares that their program includes demonstrations throughout Russia on Sunday, and that they are provided with bombs and dynamite with which to fight the troops if the latter interfere.

Kieff, Russia, May 11.—A general strike and extensive demonstration are expected here on the Russian May Day.

Sixteen Were Killed.

St. Petersburg, May 11.—According to private advices from Schliomir, the fruits of the anti-Jewish riots there are 16 dead and over 100 wounded, mostly Jews. Martial law was proclaimed at Schliomir yesterday. The city is filled with troops.

A SECRETARY'S ERROR.

Statement That Contract For Fencing Was Let Arose From a Misconception—Sir Wilfrid Right.

Ottawa, May 11.—The construction of a line fence to keep cattle from the barren ranches of the United States from straying into the rich ranch lands of the Canadian Northwest, to the prejudice of Canadian cattle, took precedence of the question of erecting the Territories into Provinces yesterday. Sir Wilfrid Laurier, in accordance with a promise given Tuesday, gave an explanation of the apparent discrepancy between the letter written by the Secretary of the Department of the Interior and the reply which he gave to a question in the House some days since. It appears that the ex-Minister of the Interior had taken the initial steps towards awarding a contract to McGregor & Banwell for the erection of a fence, but the Minister of Justice reported it was a matter for the Department of Public Works, and so it was temporarily shelved. Mr. Sifton's resignation also furnished another reason for delay, and in the interval the Secretary of the Department, cognisant of the progress already made towards awarding the contract, and apparently oblivious of the check caused by the report of the Minister of Justice, informed a rival company which asked for information that the contract had been let. The debate which followed developed the fact that the Premier's statement in the House, that no contract had been made, was correct.

In committee on the autonomy bill fair progress was made, some ten clauses being adopted and five standing over for further consideration. When the educational clause was reached the committee decided to sleep over it before taking up that difficult question.

BEFORE PHONE COMMITTEE.

President Sise of Bell Company Continues His Evidence—He and Mr. Hays on Tuesday Next.

Ottawa, May 11.—Although the proceedings of the Telephone Committee were not particularly lively, there was a large crowd present. The list of legal lights present was increased by T. Chase Casgrain who appeared for the Bell company with Messrs. Aylesworth, Lafleur, Macfarlane and Alex Smith, who represented the British Columbia Telephone Co.

The examination of Mr. Sise was continued by Mr. Chrysler, but the greater part of the time was devoted to investigation of documents relating to the early formation of the company and its various contracts. A list of directors of the Bell company was produced and included three Americans. Mr. Sise said that the directors, Messrs F. P. Fish, W. R. Driver and Thomas Sherman of Boston, were officials of the American Telephone & Telegraph Co., Mr. Fish being president, Mr. Driver treasurer, and Mr. Sherman auditor. Another important fact brought out was that the Bell Telephone Co. of Canada is a holder of shares in other companies to the following extent: Telephone Co. of P. E. I., 1,249 shares, $6,725; New Brunswick Telephone Co., 1,599 shares, $19,950; Nova Scotia Telephone Co., 6,975 shares, $69,750; Federal Telephone Co., 1,879 shares, $18,185; North American Telegraph and Telephone Co., 2,000 shares, $200,000; Northern Electric & Manufacturing Co., 2,790 shares, $272,000; the Wire & Cable Co., 2,000 shares, $250,000.

An Exchange of Business.

Statements were produced proving the holdings of the two American companies in the Bell company from 1880 to 1899. No royalties were paid except to the Canadian Telephone Co. Mr. Sise testified that there never was a contract in existence for the furnishing of supplies with any other company. There were, however, a large number of individual contracts made for furnishing supplies to the company. There were thirty or forty other companies with whom the Bell company exchanged business. A number of these companies were in the United States. A list was produced giving the names of the United States and Canadian companies, with which business was exchanged. Mr. Sise asserted strongly that there was no agreement with these smaller companies in the way of purchasing. The committee decided to have the agreement between the company and the King Edward Hotel, Toronto; the Windsor Hotel, Montreal, and the Russell, Ottawa, produced.

Cartage Companies Free.

There was no agreement now with the Richelieu & Ontario Navigation Co. It had expired and was not renewed. Neither was there any agreement with the Sheddon Cartage Co. or any other cartage company. He declared it was impossible to produce a statement showing the separation of local and long distance maintenance and construction.

It was decided after the proving of certain documents produced to postpone the examination of Mr. Sise until Tuesday next. On that day C. M. Hays is also summoned to attend.

THE MONEY FOR MR. D. McRAE.

George Tyrrell Put Up One Hundred Dollars.

CHATHAM BRIBERY CHARGE

Sensational Evidence In the License Enquiry—Deposit Was to Secure McRae's Influence With Commissioners — Testimony Taken by Commissioner Eude Saunders at Chatham on Wednesday.

Chatham, May 11.—The investigation into the conduct of the West Kent license commissioners opened here yesterday morning before Eude Saunders. There was a large crowd present. M. Wilson, K. C., for the Crown, formulated three charges of (1) bribery in connection with the awarding of a license to Geo. Tyrrell of the Park House, (2) corrupt negotiations with A. H. Patterson and Carl Eberts for a shop license, (3) that the commissioners received their appointment as a result of a bargain with the Conservative executive that certain licenses should be withheld.

Put Up $100.

David McRae of Wallaceburg, the alleged intermediary, did not answer when called, having gone to Detroit. George Tyrrell of the Park House testified to putting up $100 with Alexander Eberts to be paid McRae when the license was granted him. McRae alleged he could influence the commissioners. Tyrrell was an unwilling witness and his evidence proved a mass of contradictions. License Inspector Massey had told him to get his money back, which he did. George B. Merritt supported this testimony and Alexander Eberts testified as to the understanding regarding the money left with him. Inspector Massey swore to hearing of the negotiations and telling Tyrrell to get his money back, and Geo. G. Taylor corroborated previous testimony.

Commissioners' Denials.

The commissioners, Messrs. Baxter, McKibbon and Martin, denied that they had conducted any improper negotiations with regard to the license.

The Patterson charges were taken up. A. H. Patterson testifying that Frank Baxter, son of the chairman, had approached him and arranged to be employed in the proposed shop at $13 per week. Later he asked $15 and finally wanted Patterson to endorse his note for one thousand dollars to purchase a share in the business. These matters were mentioned in Chairman Baxter's presence.

A number of other witnesses were examined in support of Patterson.

Carl Eberts in testifying contradicted the charge that he had used corrupt means to secure the license.

Chairman Baxter, re-called, denied allegations of corruption and declared he had never promised the license to anybody, and that he had intended it all along to go to Eberts.

Spoils to the Victor.

The features of the evening session was that Commissioner McKibbon stated that he did not consider E. Leverton's statement that Patterson would make it "all right" with him, in the light of a bribe. Word was received from Wallaceburg that Mellne had returned, but owing to the commissioner's desire to get away last night he was not subpoenaed. Commissioner McKibbon admitted that he believed that to the victors belong the spoils. Chairman Baxter, re-called, stated that the cutting off of the Pleasance license was the wish of the whole Conservative party. A great deal of contradictory evidence was put in. He would not deny Mr. Hocken's statement that he said it was the wish of the executive, but said he meant the party.

The commission adjourned at 10.45, argument being heard from counsel. Commissioner Saunders returns at once to Toronto.

Confesses to Murder.

Vancouver, May 11.—A man giving the name of John Jackson walked into the city police station early yesterday morning and asked to be placed under arrest, said he had committed a murder in London, England. He wrote out a statement to the effect that on the night of December 29, 1903, he had murdered a Polish Jewess while under the influence of liquor. He said he had only been out from England a month, but could bear the secret no longer. The man was evidently under the influence of opium, and the police are uncertain whether the confession is genuine.

REPORTS ARE ENCOURAGING.

Adjourned Vestry Meeting of St. Luke's Church.

Work of Past Year Was Reviewed—A Successful Record.

A large and enthusiastic audience was present last night to receive the reports from the rector, wardens and secretaries of the various organizations in connection with St. Luke's church. The rector, Rev. E. A. Langfeldt, was in the chair, and opened the meeting with reading of Scriptures and prayer.

After the opening exercises the rector presented his annual report to his congregation. It struck throughout a note of encouragement and thankfulness. While the material blessings had been great, he hoped that the spiritual successes and blessings had been keeping pace with the temporal successes.

He gave the following statistics: 111 Sunday services, (Morning and Evening Prayer), had been held during the year with a total attendance of 11,499 at the morning services, and a total attendance of 11,694 at the evening services, or an average attendance of 213 and 217 at the respective services each Sunday. The Holy Eucharist was celebrated 59 times, with an average attendance of 56 at each celebration, and in private to the sick it was celebrated 19 times. Sixty-three week night services were held: 245 communicants partook of the Holy Sacrament on Easter Day; 28 children and 2 adults were baptized; 10 couples were married, and 24 people were buried during the year. The rector paid 836 visits, preached 127 sermons and gave 94 addresses. Four hundred and ninety-six adults and 247 children are on the parish register. He referred with much appreciation to the faithful services rendered by his retiring warden, Col J. Z. Rogers, and thanked Mr. F. Adams, the people's warden, for the excellent manner in which he attended to the financial affairs of the church. The rector was much pleased with the financial status of the church, an increase in the givings of the people being noticed all along the line. He thanked his lay readers, Mr. J. J. Turner, jr., and Mr. R. A. Sutcliffe for their loyal assistance and spoke in appreciative terms of the good work of all the different organizations. In closing he pointed out to his people the faithfulness of the Heavenly Father to all His engagements and he urged his congregation to go forward with an earnest desire to please God.

After the report of the rector, the various societies presented their reports as follows:

The Sunday school, by Mr. T. H. Adams—

The number of scholars on roll, exclusive of Bible class, 180.
Largest attendance, 116.
Average attendance, 95.
Teachers, 16.
Total receipts, $112.18.
For Missions, $25.
The W. A., by Mrs. Stephen Gaskins—
Membership, 42.
Total receipts, from all sources, $218.03.
Two bales of clothing were shipped to the Blackfoot and Sarcee Homes.
The P. M. Collectors collected $98 for Diocesan Missions.
The Mother's Guild by Mrs. T. B. Maniece:
Membership, 25.
Total receipts, $59.45.
Clothing was sent to the Children's Shelter.

The Men's Guild by Mr. G. G. Pratley, reported good work and much interest manifested. Several lectures were given by Mr. R. M. Dennistoun, Mr. Jeffries, Mr. D. Hughes-Charles and Mr. J. H. Burnham. A club room was opened and furnished on Hunter street for social intercourse among the men. $50.00 was given to the church.

The Girls' Auxiliary, by Miss Isabel Hay, gave its first report since its formation, October 14, 1904. $16.45 were given to the cause of missions, and a bale of girls' outfit was sent to Prince Albert, N.W.T. They also sent a bale to the Blackfoot home.

Mission Band by Mrs. A. O. Sawyer. Total receipts, $46.31; a bale of clothing, quilt and 30 yards of *flannelette* were sent to the Indian reserve.

The Bible class by Miss Florence Butcher.

Total receipts $54.44
Given to missions 25.00
Easter offering 10.00

The finance committee recommended an increase in the rector's salary which was ratified by the vestry.

It was also decided, upon recommendation of the finance committee, that all special collections and appeals for money be done away with, except for Canadian and foreign missions, and that the assessment for the various synodical funds be paid out of the general funds.

A hearty vote of thanks was tendered the rector for his labours during the year, and the retiring rector's warden, Col. J. Z. Rogers.

Votes of thanks were also tendered the choir, organist, choirmaster, Sunday school officers and teachers and the various organizations of the church.

The total givings from all sources amounted to $3,003.36.

The meeting closed with the benediction.

T. AND L. COUNCIL MET LAST NIGHT

A Building Trades Alliance Will be Formed.

A well attended meeting of the Trades and Labour Council was held last night in the Labour Hall, George street.

A meeting was called for the 31st. of the building trades — carpenters, masons, sheet metal workers and painters for the purpose of forming a Building Trades' Alliance in connection with the council.

The next regular meeting of the council was postponed till June 14th, when the matter of the form in which Labour Day will be observed, will come up for discussion.

THE BALOW FOLK AT ST. JOHN'S

An Interesting Comedietta Arranged by Local Poetess

Entertaiment Under Auspices of the Mission Band—Outline of Characters.

To-night at St. John's school house a comedietta, "The Balow-Folk," will be presented. This comedietta represents the characters of Eugene Field's poems, arranged by Miss A. F. McCollum. The affair will be under the auspices of the Mission Band. An outline of this interesting comedietta follows:

At one time in our lives we all had a hazy idea of the Balow-Folk, these fairies, giants, gnomes and elves inhabiting our nights, haunting our days and hinting vaguely of a distant country of uncertain properties and population.

It was not until the Shut-Eye Train Company engaged that simple-hearted man, Eugene Field, to compile a Baedaker, in their interest, that we came to have an intimate knowledge of the delightful land beyond the hills of dream.

He had made a thorough survey of the highways and byways, met the people, learned their language and given us a volume of such clear description, that on leaving the Shut-Eye train, we seem not to have arrived in a strange land. We salute the lead soldiers on guard at the frontier and pass on without inquiring the road to the Lollipop Sea, upon whose silver strand is Shut-Eye town, wherein dwell the Balow-Folk.

This ideal borough is governed neither by mayor nor council; but a gracious presence, the gentle Rock-a-by Lady, wields her poppy sceptre and sways her subjects along the path of peace.

Lady Buttoneyes, who is second in authority, dwells with her, and if you would see their delightful home, follow to the end of Hush-a-by street. There you will find a low white house, with windows shaded by clinging vines, where the large airy rooms are dim and cool, and always open to tired travellers. Out in the garden, along the strand, the waves of the Lollipop Sea murmur soothingly, the amfulala trees are in blossom, the dinkey birds trill their beautiful bravuras and the blue bells ring a soft accompaniment, while the milk-white poppies droop their drowsy heads lower and lower, in delicious slumber.

If you follow to the rear, to the kitchen garden, you will find numberless gingerbread dogs in controversy with countless chocolate cats who cavort through the sugar-plum trees, dislodging the precious marshmallows, gum-drops and peppermint canes, until one must flee from under to avoid a smart blow which might prove painfully sweet.

With pockets loaded with this delectable fruit we are now equipped to saunter along Good-Children street and watch the happy populace at play—laughing, romping boys and girls with dollies, tin tops, drums and trumpets, who frolic and sing till the clock in the tower plays the bed-time chime.

If you linger long enough you will hear the calico cat and the gingham dog at their midnight battle, but it is best to retire within doors or the Night-wind will rise and point its accusing finger at y-o-o-o-u.

Now that your memory has been somewhat refreshed by these glimpses into the guide-book, you will be able to recognize many of the Balow-Folk who will soon arrive here.

The scene, in the comedietta, is a large nursery where four children are the fortunate possessors of a large de luxe edition of Eugene Field's poems, which rests upon an easel in a conspicuous place in the room. The enchanting lore, contained therein, has been so absorbed by these little folks that they speak and act as if, somewhere beyond the misty mountains of sleep is a real world inhabited by real people, and that any night, if they be v-e-r-y good, they may be transported and awaken within its delightful borders.

Full of such ideas, it is not surprising that the youngest child, just before retiring, expresses the wish that Lady Button-Eyes, Ganderfeather, Simmerdew and all others, shall walk out of the book and appear before them; but it is amazing indeed, that this actually occurs, the children are suddenly overcome by drowsiness and are as suddenly awakened by a burst of song, and many of the fairies, with a large party from Good-Children street, stand revealed. They then relate their personal experiences in that wonderful realm; and the opportunity of seeing and hearing these distinguished travellers should not be neglected, for they speak in the once familiar tongue, which some of us alas! is but a dim memory, the guileless language of children, ever limpid and clear as the rippling brook, ever new and ever old.

NEW LIBRARY FOR Y. W. C. A.

Provided Through Kindness of Mrs. A. L. Davis.

The Library furnished by Mrs. A. L. Davis, comprising 216 volumes of the most recent and interesting literature is now ready for the use of the members. With the exception of a few which are to remain on the tables, any book may be taken out by a member for one week at a time, upon application to the general secretary. This Library is a new and very special feature of the association and will no doubt be a great attraction to the members.

—The County Judge of Middlesex has made an order for the winding up of the Birbeck Loan Company in which a number of Peterborough citizens are shareholders, there being in the neighborhood of 100. The London Western Trust Company have been appointed liquidators, and efforts are being made by rival interests to secure proxies from the shareholders.

OBSERVANCE OF LICENSE LAW

M. A. Morrison, Chairman of Commissioners Addresses Public

States the Position Taken by the Board —An Explanation of the Position Taken.

To the Editor of the Examiner:

Dear Sir,—As the people are taking a great interest in the administration of the Liquor License Law, the Board of Commissioners deem it but proper that they should be made acquainted with the actions of the Board in the granting of licenses for 1905.

At the present time the only municipalities in West Peterborough where licenses are granted in the Town of Peterborough and Village of Lakefield. In Lakefield there are two tavern licenses only and no shop licenses.

Coming to Peterborough, there are 21 hotels and 6 shop licenses. Taking the statute limitation, we could issue 27 hotel licenses for the town. The town council, however, has power to limit the number, and by by-law No. 703, passed, in 1894 did limit the number to 18. That clause of the by-law was repealed in 1895 as also was a clause compelling tavern keepers to have stable and shed room in connection with the hotel. The repeal of this clause permits the proprietor of the Palace Hotel to have his stabling and sheds in connection with the National.

In the granting of licenses you will have noticed that some were granted subject to inspection. That meant that there was some improvements about the building that the Inspector and Commissioners thought necessary and consequently granted the license subject to that improvement. As an example, the Inspector reported that the Oriental Hotel should have a fire escape erected at the rear of the building, and to increase the safety of the guests of that House the Commissioners ordered that it be put up, which is being done. Internal improvements were ordered to be made in the Queens, Southern, Palace, Little Windsor, and C. P. R. Hotels.

No more saloon licenses can be granted but every tavern must have accommodations as prescribed by the act. That is, every tavern license must have at least four bed rooms, additional to those necessary for his family, with a full complement of furniture and bedding. In cities the number is limited to six or more in addition to the foregoing accomodation. Every licensed hotel must be a well-appointed and sufficient eating-house, with the appliances requisite for daily serving meals to travellers. To this clause of the act there is an exception, which allows the issuing of a license to an eating-house at or in a railway station, without having the necessary sleeping or shed and stabling accommodation. Under this clause the Oxford House gets its license.

A town by-law compels the hotel man to have stabling and shed room for horses.

Shop Licenses.

Section 33 of the License Act deals with shop licenses and sub-section one says, "No shop license shall be granted to any person to sell liquors in any store, shop, place or premises, where, groceries or other merchandise are sold, or exposed for sale, other than mineral waters (not containing spirits) ginger ale, liquor cases, bottles, or liquor baskets, or packages, taps or faucets, or in any store, place or premises connected by any internal communication with such first mentioned store, shop, place or premises".

There is also a town by-law making similar regulations and also making it an offence for any clerk or person to serve in a liquor shop and also in any other store or sell any other goods (see by-law 708).

Under these clauses of the statute and the town by-law, the Commissioners could not grant licenses to five out of the six shops in Peterborough; not that the Commissioners wanted to give a monopoly of the liquor trade to any single individual, as a correspondent, in one of the town papers intimated, but because their duty is to see that the law is carried out, and not be a party to the violation of the same. If these laws or by-laws are too stringent those affected have their remedy by getting them amended or repealed. The commissioners should not be expected to grant licenses, and ignore the statutes when the law is not being complied with.

Smith Licenses.

With regard to Smith township, strong representation was made before the Board to have the four licenses in Smith extended for three months. The Board took the ground that Smith, having elected to become a local option district, had removed from the hands of the Commissioners any power to grant or extend licenses. And in this opinion we are supported by the Department. It is the duty of the Commissioners and Inspector to see that the law is carried out and respected in Smith and in this regard we look for the assistance of a law-abiding community.

In renewing the hotel licenses in Peterborough, we did so on the ground that it was but reasonable to give the licensees an opportunity to keep hotel and live up to the statutes. The government demands a strict enforcement of the law, and the placing of licenses in the hands of men who will serve the public and strictly observe the law. This we propose to do and we ask the support of the public in gaining our purpose, and at the same time instead of encouraging the hotel man to violate the law will help him observe it.

Thanking you for your valuable space, I remain,

Yours truly,
M. A. MORRISON,
Chairman License Commissioners.

IMMIGRANTS HAVE ARRIVED

Over 1000 New Citizens Brought Out By Salvation Army

A Number of Them Will Be Sent to Peterborough—Passage on Vancouver.

The many farmers and others in this town and county, who have applied for help from the Salvation Army, and whose applications were to be filled from the passengers on the steamship Vancouver, chartered by the Army to bring out the thousand or more immigrants, will be interested in the following despatch to the Toronto News:

Quebec, May 10.—Three thousand four hundred new settlers were landed at this port this morning. The Allan steamer Pretorian arrived late last night with over 400, principally foreigners: the C. P. R. steamer Montrose arrived this morning with 785: the Dominion steamer Vancouver with 1,000: and the C. P. R. steamer Lake Champlain this afternoon with 1,200.

The Vancouver, with the Salvation Army immigrants, steamed up the harbour at ten o'clock, and half an hour later was moored to the breakwater. The local contingent of the Army, under Staff-Captain Patterson and Ensign Hannah, were on the dock to greet Col. Jacobs and other officers of the Salvation Army in charge of the new arrivals. Eight hundred of the number who came out as steerage were landed at Quebec, the other two hundred who came out as second cabin, will continue on to Montreal with the ship. There are 140 uniformed members of the Army with the aggregation, which is, without exception, the finest looking lot of settlers who ever arrived here. They come from all parts of England, Scotland and Ireland, especially from the vicinity of Cork.

Colonel Jacobs, general secretary of the Salvation Army in Canada, with headquarters at Toronto, said that every man and girl on the ship were already provided with positions, to which they would go direct. He added that there were many men of means in the number who had been in business in Britain, and the greater part of those would proceed to the Northwest Territories to invest their capital. But in no case would any considerable number of the arrivals be located in any one centre. They would be scattered in one hundred and fifty places throughout Manitoba and the Northwest, and from his personal observations of the personnel they were not only a most desirable lot of citizens for Canada but respectable and intelligent people who would make their mark. None of the passengers who came on board the ship, said Col. Jacobs, knew their point of destination but before they left the ship every man and women knew where they were going. "We held meetings and gave lectures on Canada all the way across the ocean, and told every person their destination in a personal interview I had with them."

The Adjutant in charge here received word from Toronto yesterday that of the new arrivals sixteen men would be sent here, but he didn't know whether this means sixteen single men or that many married men with families. They should arrive here to-day or to-morrow.

RE. THE ELGIN LOAN.

No Further Call on Shareholders—Big Sum for Division Among Them.

St. Thomas, May 8.—Mr. Moore, manager of the London and Western Trusts Co., Limited, liquidators of the Elgin Loan and Savings Co., is in town, and makes this statement to shareholders and creditors: "There is still unpaid to ordinary depositors and other creditors 19 1-2 per cent. of their claims, amounting to $36,500, and to shareholders who are depositors about $25,500, in all some $62,000. The liquidators have on hand $34,500 in cash and other assets, which, taken at a conservative valuation, amount to $71,300, making with the cash on hand, $95,800.

In addition to this there are other assets from which the company will likely realize considerable sums, but as they are not finally settled they were not taken into consideration in the above estimate. Among others there is a judgment of $7,500 against the National Trusts Co. for wrongfully detaining the Dominion Coal stock, which has not yet been paid.

From this statement it is quite clear that there will be no further call upon shareholders who have paid 50 per cent. of their stock, and that after payment of all liabilities there will be a considerable sum for distribution amongst the shareholders.

Given Two Years.

Brockville, May 8.—In the County Judge's Criminal Court Saturday morning Judge McDonald sentenced John Boyle to a term of two years in the Kingston Penitentiary. He was found guilty of criminally assaulting Katie Jarnack, aged 8 years. The prisoner gives his age at 74.

Col. D'Orsonnens Dead.

Montreal, May 8.—Col. D'Orsonnens, formerly commandant of the St. John's Que., military school, died Friday at St. Pie, from pneumonia, aged 63.

THE FUTURE OF NIAGARA FALLS

Will This Wonder of the World Be Destroyed?

An Immediate Prospect of the Falls Drying Up—Power Development and Its Effect.

Niagara Falls, May 8.—For a period of more than thirty years men have been asking the question, Are the Falls drying up? and for that many years at least the oldest inhabitant has been prepared to swear that they are. There is something in the glory of former days that has a wondrous charm, so that there are many about here who have been ready for the past twenty years to declare that the Falls are nothing like they were, that the amount of water passing over them is much smaller, that the falling of Table Rock spoiled everything, that the making of the park ruined all the good old prices, that the crowds that come now are not nearly so large as in former days, that visitors don't spend as much and don't remain so long.

In all this it is absolutely impossible to get any actual figures. The average man about here does not know, and never did know, a thing about the actual volume of water passing over the Falls. He does not know much about the highest or lowest recorded level of Lake Erie. He judges by the sight of his eyes upon the various days on which he sees the Falls, and it is clear that without definite information concerning the level of the lake, the influence of the winds, the flow of ice in the spring, the judgment of the average man on the question is worthless.

There is a Vast Difference.

One thing must be kept clear, and that is, just what is meant by the Falls. For there is a vast difference, not only in appearance, but in actual fact, between what is called the American and Canadian Falls. The water that passes over the American Falls begins to separate from the water in the main channel of the river about three-quarters of a mile to a mile up the river, at this point, just a short way above Goat Island, comparatively a small body of water leaves the main river, passes around to the right of Goat Island, and finds its way over the precipice known as the American Falls. This body of water constitutes but a small portion of the river. The channel down which it flows is shallow. It is always apt to be affected by an adverse condition of wind, and is in winter and spring much affected by the ice jamming in the channel from Goat Island down. More than once this last winter a report went out that the Falls were dry. In every case it was the water in this channel that had failed, and never once the water in the main channel of the river passing over the Horseshoe, or Canadian Falls.

What Tradition Says.

From Lake Erie down, the main channel of the river gets towards the Canadian side, and in point of volume there is no comparison between the water that passes over the Canadian and over the American Falls. Tradition about here speaks of an occasion when the ice jammed in the river far up near Lake Erie, and the Horseshoe drying up. All this must have occurred a number of years ago, for it is difficult to find anyone about here who actually saw the occurrence, or who can give any reliable information as to circumstance and date. There can be no doubt that the whole river, from Lake Erie to Lake Ontario is greatly affected by certain conditions of wind both in winter and summer, and also by the run of the Lake Erie ice in the spring.

The position of the river as it leaves Lake Erie must be kept in mind. It flows from Lake Erie northward to Lake Ontario. It leaves Lake Erie at the eastern end of the lake. Now a strong northeast wind blowing up the lake will dam the waters back and retard their flow down the river, so that the depth of the whole river may be affected to a great extent by such a wind. On the other hand, when the wind blows from the south-west it piles the water up at the eastern end of the lake and greatly increases the flow down the river.

Note—The writer of this note has heard an old resident near the Falls assert that on one occasion, very many years ago, the miracle of the children of Israel crossing the Red Sea dry shod was, in part, repeated. He asserted that for days a strong east wind blowing had driven back the water of Lake Erie to such a degree that the river and the Falls themselves were practically dry for the time being—so much so that the narrator said that with others he walked out on the rocks where normally a resistless volume of water plunges over the precipice, and that with a table fork he speared eels caught in the crevices of the rocky bed of the river.

Chicago Drainage Canal.

It must also be remembered that the river carries the outflow of the great lakes — Superior, Michigan, Huron, Erie. Whatever tends to lower the water in any of these lakes must of course lower the Niagara river. It cannot be questioned, but the great Chicago drainage canal has to some extent affected the volume of water in the Upper Lakes, and to that extent it must have affected the volume of water passing down the river.

The area which the river drains through the Great Lakes is over one hundred and fifty thousand miles in extent, and naturally there must be many sources of supply in all that great territory which are affected by various causes, and all of which must tend to raise or lower the level in Lake Erie and the level of the river which drains the lake.

The river itself is 33 miles long, that is from Lake Erie to Lake Ontario. It varies greatly in width. Its greatest width is above the Falls, near Chippewa, where it is 1 1-2 miles wide. From this point it narrows until at the Whirlpool Rapids, which are 3 1-2 miles below the Falls, the width of the river is only about 400 feet.

A Big Drop.

From Lake Erie, where the river rises to Niagara-on-the-Lake, where the river empties into Lake Ontario the river takes a tremendous drop.

The ordinary man looks at the Falls and fancies that this is the great and only drop in the river, but that is far from true. The river at Lake Erie is 572 feet above the level of the sea; at the mouth, the waters empty into Lake Ontario, the river is 245 feet above the sea level. Thus it may be noted the river between the source at Lake Erie and its mouth at Lake Ontario takes a drop of 327 feet.

In the first eighteen miles the river is navigable, and only has a fall of 13 feet; that is, from Lake Erie to the commencement of the upper rapids, one mile above the falls, there is only 13 feet of a drop. From the upper rapids to the Horseshoe the drop is 46 feet—that is, 45 feet in the mile. The Horseshoe Falls have a drop of 162 feet. From the bottom of the Horseshoe Falls to the whirlpool rapids, a distance of 3 1-2 miles the drop is 52 feet. From the whirlpool to Queenston, 3 1-2 miles, the drop is 37 feet. From Queenston on to Lake Ontario the river is navigable, and runs the seven miles smoothly, there being only a drop of 2 feet. So that we have in all a river of 33 miles long, 19 of these above the Falls and 14 below the Falls. The total drop from Lake Erie to the bottom of the Horseshoe Falls is 214 feet, and from that point to Lake Ontario the drop is 108 feet.

Power Development.

The figures here quoted would indicate that the bulk of the power development must take place between Lake Erie and the Horseshoe Falls, that is, that the water used for power purposes must be drawn from the river above the Falls, and when used emptied by means of pipe or tunnel, into the river below the Falls. It must not be lost sight of that there is however a drop in the river of 108 feet between the base of the Falls and Queenston, a distance of seven miles. That drop is very heavy, and while it is overshadowed by the great drop of 219 feet from Lake Erie to the bottom of the Horseshoe Falls, nevertheless taken by itself, the river from the base of the Horseshoe to Queenston admits of tremendous possibilities of power development, in view of the question that has been raised of drawing too much water from the river above the Falls and running the risk of drying up the Falls altogether, the fact of the possibilities of the lower river must be kept in mind. And while it is true that no franchise has been granted to any company for that section of the river, it is not possible that the matter has altogether escaped the notice of experts in power development.

All Above the Falls.

The above facts have been given in order that there may be an appreciation of the greatness of the river, and an idea given of the restricted area in which all the power companies are situated, as all of them are taking advantage of the big drop in the river from the mile above the Falls to the base of the Horseshoe. As to these companies their present and future capacity, the amount of water they will take from the river when running to the full the effect upon the river above the Falls, these things will need to be dealt with in another article.

GOT NO HELP FROM DOCTORS

Afflicted for Years With Neuralgia Backache and Insomnia—Though Mrs. Hamilton's Case Was Serious She Was Cured by

DR. PITCHER'S BACKACHE-KIDNEY TABLETS.

As another striking evidence of the power of Dr. Pitcher's Backache Kidney Tablets, to cure diseases where other remedies, and even doctors' treatment has failed, we cite the cure of Mrs. Andrew Hamilton, Port Robinson, Ont., who gives the story of her case as follows:

"Words fail to express the high opinion I have of Dr. Pitcher's Backache Kidney Tablets. For some years I suffered from a distressing backache which would usually begin in the fall of the year, and continue until, for weeks at a time, I was completely prostrated. I frequently had headache and neuralgia, pains accompanying it and a poor appetite.

"My whole system seemed to become affected, and my nerves so unstrung that I could not sleep. I was certainly very miserable. I tried doctors' treatment, but gave it up, as it did not help me. The various patent medicines I used, likewise proved ineffectual.

"I happened to get hold of one of Dr. Pitcher's pamphlets, and after reading it, decided to try his Backache Kidney Tablets. I am glad I did so for they helped me from the start. After taking a few boxes I had complete immunity from pain, and the serious symptoms passed away, and living was once more a comfort. I can heartily recommend Dr. Pitcher's Backache Kidney Tablets as an ideal restorative."

Dr. Pitcher's Backache Kidney Tablets are chocolate coated, small and easily taken. 50 Tablets in a vial. Price 50 cents, at druggists, or by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

The Crackers That Took Canada By Storm.

A year ago MOONEY'S PERFECTION CREAM SODAS were a theory. To-day they are the most delightful cracker facts in Canada. Last July, the first Mooney's Sodas went out to tempt the appetite of the Canadian people. Now, many tons a day are baked to satisfy the demand.

There's no resisting the fresh, crisp, creamy deliciousness of these perfect soda crackers.

Mooney's Perfection Cream Sodas

Killed By His Own Gun.

Morris, Man., May 10.—Jas. Lawrie was shot dead on his farm, two and one-half miles west of here. The body was found by the hired man early yesterday morning, some distance out on the farm. Lawrie had gone goose hunting, and an accidental discharge of the gun entered his heart. Deceased was born in Whitby, and has resided in the Morris district 30 years, being one of its most successful farmers.

Inhaled Gas.

Galt, May 10.—Frederick Roberts of Chatham, a young man who lately joined the Little Giant staff, is lying at the Galt Hospital in an unconscious state, the victim of inhaling illuminating gas. Roberts is a boarder at the new Royal Hotel, and was found in his bedroom at 11 o'clock yesterday morning in an almost lifeless condition. He will probably recover.

Try One Bottle of Paine's Celery Compound This Month.

Few people in our country are without some knowledge of the wondrous life giving virtues of Paine's Celery Compound, a medicine that guarantees release from the diseases common to this.

What will your decision be today, poor sufferer? Will you give Paine's Celery Compound the fair and honest testing that others are giving it, with the certain reward of health, strength, vigour and happiness, or will you remain indifferent or careless, content to pass your few days or weeks in misery, agony and wretchedness until the dark grave claims you as its victim?

It is almost needless to enumerate the blessed results that flow from Paine's Celery Compound when used promptly in springtime, as you and your friends have a knowledge of them. Of this you may be assured—the seeds of disease are banished, the system is fortified, the blood is made red and pure, the nerves braced, digestion regulated, headaches, sideaches and backaches forever dispelled, and sweet, restful sleep takes the place of insomnia.

Fined For Alien Labor Breach.

Ottawa, April 10.—On five charges of importing men from the United States Magistrate O'Keefe yesterday morning found Frank E. Breckenridge of the International Harvester Co., guilty on one charge under the Alien Labor Act, and fined him $100 and $2 cost; or one month in jail. An appeal will be made.

The Best Family Medicine.

An Easy Way to Cure Splitting Headaches.

If headache sufferers would do a little hard thinking, they would surely learn that headaches of all kinds are simply results—warning signals—of far more serious trouble. Usually headache means that the blood and nerves are poisoned by an inactive and sluggish liver. Don't become one of the habitual headache sufferers, who explain their condition by saying, "Oh, I am subject to headaches. I always get headache if I get excited, or it is too noisy." There is no need of it, either. Stop taking headache powders and powerful drugs that may relieve, but leave you in worse condition in the end. Put your liver in good shape, so that it will carry off foul secretions and remove promptly the bile elements from the blood. Use Smith's Pineapple and Butternut Pills and you won't have headaches. Why? Just because these little pills are Nature's true laxative, and a positive cure for a torpid liver. They assist digestion, unload the bile ducts and cure headache by first removing the cause. Smith's Pineapple and Butternut Pills cure headache, constipation and biliousness in one night. Price 25 cents at dealers.
All genuine signed W. F. Smith.

THE BETTER WAY.

At the Presbyterian Synod in Toronto, in debating the temperance question, one minister suggested that an important step would be for young ladies in different congregations to frown down the young men who drink at all. This is all very well, but isn't it asking a little too much? Would it be fair to ask a lady verging on the uncertain age to kill her matrimonial chances by frowning down the young man who occasionally indulges in a dram, when peradventure, he is the only chance, and the undrinking young man fights shy? Of course the ministers fancy they are doing their duty in suggesting such makeshift remedies for the drinking habit. Wouldn't it be well to give more attention to the only radical cure, the Gospel way? When the pulpit convinces young men, by "reasoning of righteousness and temperance," that it is morally wrong to tipple, the work is done. That seems a better way than destroying a girl's chance for a husband, and a radical cure besides. The young man that becomes an abstainer under the glamour of the courtship and honeymoon period, will probably relapse when this glamour fades—as it is bound to fade—with the chances that the last state of that man will be worse than the first. To scotch the snake, not kill it, seems to be the weak point in most temperance reform propositions.

CANADA HAS HOMES FOR THEM.

It may be a fiction that young men leave England to better their financial condition, for the real reason seems to be that they leave the country to avoid becoming suddenly rich, as the following advertisement from a Wimbledon newspaper will demonstrate:

REQUIRED, — A LAD ABOUT 20. Must be a churchman, of good education, who can drive a horse and cart, assist in the stable and garden (melons and cucumbers), milk cows and understand pigs: must be accustomed to wait at table, and of gentlemanly appearance: early riser and teetotaler: good references required: commencing wage, £10 ($47.50) a year: live out except dinner. Apply with four testimonials, by letter in first instance.

"A lad about 20," who has all these qualifications, if he came to Canada could, even if he were not familiar with the habits of melons and cucumbers, or not on terms of intimacy with pigs, easily earn as much in a month as the above munificent offer promises for a year. And he would not necessarily have to be of extremely "gentlemanly appearance." Of course he would have to indulge in a little "early rising," but he might, if he were moderate, also indulge in an occasional glass of beer. His brand of religion wouldn't matter, if he put its principles into his work. Nor would his "good education" and "gentlemanly appearance" be counted against him unless perhaps the latter played heroic with te susceptible ears of his employer's daughter. Seriously, it is a standing wonder that so many millions of young, and older, men vegetate and comparatively starve in the congested country and city districts of the British Isles, when there are in Canada millions of homes waiting only to be occupied—to be had for the asking. Millions of those who are now living from hand to mouth, with the mouth not unduly overworked either, could if they came to Canada with reasonable industry and frugality, become owners in fee of farms of their own, something that could never happen "at home," if they lived as many years in the future as King Alfred lived years ago. Canada has homes, prosperity, plenty, awaiting the dwellers in the old lands at home, to be had for the asking — theirs for the taking. They will not need to change their flag, nor would they miss any of the privileges which were enjoyed under the old flag at home, which are transplanted and thrive wherever it is planted elsewhere in the world. All these people, who live or rather exist, in England, Ireland and Scotland, will if they are healthy, sober and industrious, be welcomed to Canada with open arms — not with wages of a few shillings a month, but with good wages, which leave a margin for savings for investment in a farm, and a life of independence and comfort, not exceeded in the experience of many of the landlords of the old country.

SAVE THE TRUE GROWTH.

Mr. Downey has introduced a bill into the Legislative Assembly which contains a somewhat novel proposal for the protection of our forests. It is that councils may exempt from taxation wood lands, provided that such exemption may not include more than one acre in ten and no exceeding 255 acres in the whole of the lands held under a single ownership. The principle of this proposition does not seem very objectionable at first thought, and if it can be effectively applied would be worthy of application, for no more important matter than the preservation of our forest growth and its increase can engage the attention of our legislators and people. It is a hopeful sign to see the Conservatives advocating what the late Liberal Government put into practice—the conservation of forest growth. It represents a radical change of policy since the days when the Conservatives in opposition assumed an obstructive attitude to measures looking to the conservation of our forest wealth.

An Excellent Concert Arranged.

The noted bass soloist, Mr. H Whorlow Bull, London, Eng., sings in Fifth Ward Hall, assisted by others in instrumental music and recitations, Monday, May 15th Tickets 25c. Comments of English papers:—"Excellent," "Sonorous" and "Powerful bass voice.' "Manly voice" of "rich tone and power" and "singularly effective.' He "merited the hearty and delighted applause received. Mrs. Mowat, accompanist. 3eod

THE BALOW FOLK, a comedietta from the fairy lore of Eugene Field, will be presented in St. John's school room, at 8 o'clock, May 11th. Admission 15c. 3d

—There are now 669 dogs which have a right to live, their owners having paid their taxes.

—Charlotte choir will practice tonight at 8 o'clock and all members are requested to be present.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 99.

—Mr. W. H. Moore is to-day moving his office from the corner of Gray and Hunter streets to upstairs at No. 134 1-2, Hunter street.

—The Georgia Minstrels will be here for one night on May 26th. This show has been on the road for 27 years and this is their first trip through Canada.

Musical connoisseurs all agree that the Nordheimer piano of Toronto, stands without a peer. Catalogue and booklet at H. H. Edmison's, George street.

—A carrier pigeon arrived at the Snowden House this morning from Gold Lake with a message containing the words "the butter-milk tank is empty."

—Mr. Nelson King, who, it was noised yesterday met with a sprained ankle is much worse to-day and is not able to work. He is conductor on the shunter in the G. T. R. yards here.

Anyone wanting gardeners may find them on application to Adjutant Jennings of the S. A. Two men accustomed to this work will be here from England to-night.

The total number of dog-tags so far disposed of is 667. There are still 100 awaiting purchasers. This gives great promises for some enjoyable sessions of police court for the weary fraternity.

—For potatoes, parsnips, carrots, beets, turnips, cabbage, hams, peameal bacon, eggs and butter, canned tomatoes, peas and corn, cheap; also nice mixed biscuits, call upon James A. Bell, 161 Hunter street. 'Phone 55.

The ranks of the medical profession in Norwood will be strengthened in the near future by the addition of Dr. Jackson, of Ottawa, who will open an office in the Pearce Block. Dr. Jackson is a young practitioner, who has had, however, considerable practice in hospital work in Ottawa.

—Those who wish to spend a thoroughly enjoyable evening should not miss the recital given by Miss Clara Bellogheim, assisted by Mr. R. S. Pigott, baritone; Miss Eugene Quehen, pianiste, and Mr. Gilbert Markle, violinist, on Friday evening in the Y.M.C.A. Hall. The Gerhard Heintzman piano will be used. Admission 50 cents and 35 cents. Plan at Madill's.

—The progressiveness of the well-known firm of Lang and Maher is universally known, therefore it was a matter which occasioned no surprise to find that a large and beautifully executed sign had been placed in position over their door this morning. The sign, which bears the legend, "The Daylight Store; Lang & Maher," a conventional design, representative of Old Sol performing his daily task of getting up in the morning, appropriately accompanies the context. The work which is in gilt and black, is most artistic in execution and is the work of Mr. Fred Cook.

Crowds at Turnbull's Savage Sale To-day.

The salvage sale at Turnbull's dry goods store, which commenced this morning at 10 o'clock, was signalized by an eager throng of shoppers who crowded the sidewalks in front of the store as well as the interior. Women waited impatiently for the opening of the doors at both Simcoe and George streets entrances, and the jam at the opening taxed the large extra staff of sales people. Brisk selling began at once and kept up until 12 o'clock when the doors had to be locked again to restore order to the piles of goods that had been overhauled and tossed about on the counters. At one o'clock indications of a still larger attendance were apparent, and at four o'clock this afternoon the sale was at its height with the aisles and floors crowded. To-morrow the special offerings will be in towellings, towels, etc., and, if you want to save from a quarter to a half, go.

ASSESSMENT LAW AND BUSINESS TAX

Distinction Between Minimum and Maximum Assessment For Business Purposes.

(Drantford Expositor.)

The Toronto Globe makes an appeal in favour of Mr. Downey's Bill to amend the Assessment Act by taking out the clause fixing a maximum business tax assessment of $250, which has manifestly been written under a wrong impression. Says our contemporary:—

"Mr. Downey has pointed out that a minimum of $250 in the business tax is unfair to small or unprofitable establishments. It certainly is unfair, and the present is the best time to remedy the evil. After the tax has wiped out all the small business enterprises and made their re-establishment impossible there will probably be no one to protest against it. The tax will stand as an obstacle making it impossible for any one to begin business on a small scale. Its monopolistic influence will be injurious, but that will also enlist a measure of support that may help to frustrate efforts toward future improvement. The easiest and best time to remedy a defect in the Assessment Act is when it first manifests itself, rather than after it has secured the support of private interests beneficially affected."

There is no minimum business tax of $250, but there is a maximum assessment for the purposes of a business tax of $250. The two things are widely different. A tax of $250 would undoubtedly drive many small traders out of business; a minimum assessment, which would mean possibly a tax of $5, is a very different thing. There are very few industries which would be wiped out by any such impost.

The Expositor has already explained how this minimum assessment came to be created. There are thousands of men who do a large business as agents, etc., who occupy nothing more than desk-room in offices, and such persons, although well able to pay, would escape taxation altogether if they were only to pay a business tax based on one-half the value of the realty occupied; a tax of $5 or thereabouts will not fall heavily on any person, while it will enable the municipalities to get a little from all who are carrying on business of any kind.

To talk about monopolistic influence, under such circumstances, is manifestly absurd, and seeks to confirm the impression that The Globe editor has mis-read the Act and even fails to comprehend the real purport of Mr. Downey's bill.

The undesirability of beginning, at this early date, the amendment piece-meal of the new Assessment Act is too apparent to need serious argument.

GOOD CARPETS

A good Carpet is a life investment—a poor Carpet is a waste of money to the purchaser. We stake our reputation on the quality of the Carpets we sell. Just what store carries the largest stock of Floor Coverings, Draperies, etc., can easily be decided by one glance at our immense stock on the 2nd floor. *We know* that we carry the largest and best assorted stock of Housefurnishings in Peterborough. *We want you to know it and to profit by it.* We quote below some *Extra Special Bargains* for May Sellers.

That Wonderful 56c Tapestry Carpet.

Its a commou thing for our customers to tell us that they have been asked 75c, yes 85c, per yard for the same Carpets we are asking 56c a yard for, but then our immense purchasing powers enable us to get the *lowest manufacturers' price.* The saving is all yours if you buy here.

983 yards English Tapestry Carpet, 27 inches wide, with ¾ stairs and ½ borders to match some of the Pattern Carpets that we can recommend to you to wear well and keep their colour—suitable for any room or hall, at per yard 56c

PERHAPS YOUR FANCY TURNS TO RUGS.

Those who desire exclusiveness as well as economy, will find abundant reasons for making their selections from this stock, and everybody in any way interested in Rugs, will be delighted with every one. You'll find us eager to show you the entire lot. We're proud of them.

ENGLISH TAPESTRY RUGS.

With interwoven borders, a particularly strong range of new and artistic designs in splendid colour combinations and excellent wearing qualities.
Size 9 ft. x 10 ft. 6 in. for $8.50—10 ft. 6 in. x 12 ft. for $12.00—9 ft. x 18 ft. for $10.00—12 ft. x 13 ft. 6 in. for $16.00

CURTAINS

CURTAINS THAT WILL LOOK WELL ON YOUR WINDOWS

We are particularly proud of our Lace and Net Curtains this spring. The serviceable Nottinghams, the dainty Swiss, the gauzy Brussels, no handsomer display can be met anywhere and nowhere will you be able to find Curtains as moderate in price. We mention below 3 lines from our immense stock.

197 Pairs Nottingham Lace Curtains, 50 to 54 inches wide, 3¾ yards long, Colbert's patent lock stitch edge, very fine lacy designs, per pair 79c

183 Pairs Nottingham Lace Curtains, 50 to 54 inches wide, 3½ yards long, Colbert's patent lock stitch edge. We show some very handsome designs in these curtains at per pair $2.25 and $2

67 Pairs Brussels Net and Irish Point Curtains, 50 to 54 inches wide, 3½ yards long. One, particularly striking, we show in this line is a Brussels Net with very fine spray design, hem-st'd edge, per pair $8

RICHARD HALL & SON
853—855 George Street.

A HUGE INDUSTRY FOR PETERBOROUGH

This is a Probability as The Result of a Visit Here of a Representative of an Immense English Concern—An Engineer Here To-day Looking up Probable Sites For The Manufactory—Is Impressed With The Advantages Offered by This Town—A Thorough Investigation Being Made.

Peterborough is in line for one of the most extensive manufacturing concerns with which negotiations have ever been conducted.

The gentlmean representing them is in town to-day, and this afternoon in company with the Mayor, Ald. Hicks, chairman of the manufacturers' committee, and Mr. Armstrong, the town clerk, is taking a drive around the town visiting some of the available sites for manufactories. A large plot of ground is needed and the Howden estate, where the sugar factory was started, and the Hilliard farm in the north end of the town were visited.

The representative of this huge concern, which by the way, is an English company, has visited other towns and cities in Canada, including Hamilton and Toronto, and he is making a thorough investigation of the advantages offered by the different towns, the result of which will no doubt determine the location of the plant which the company will place in this country.

He made very minute inquiries as to the progress the manufactaries here have already made, and was impressed with the fact that the conditions here were conducive to a suc- to the progress the manufactories operation.

The visitor, who was an engineer, was pleased with what he saw here, and there is reason to hope that the result of his visit may be the establishment of his concern in Peterborough.

For obvious reasons, and at his request, the name of this gentleman is withheld for the present at least, but it is probable that something may be heard of this later.

A SUCCESSFUL SALE OF LOTS

Sharp Bidding at Auction Sale of Burnham Property

Fourteen Lots Were Disposed of—The Prices Paid—A Comparison.

The sale yesterday afternoon of the Elias Burnham property was highly successful, fourteen lots being sold, the sales being well divided over the entire property offered for sale.

Mr. John Haggart conducted the sale, which was well attended, nearly two hundred men being present, and the bidding was spirited. It was characterized by many who saw it, as the most successful sale of real estate ever held in the town, and the solicitors for the estate are highly pleased with the result.

The prices obtained for the lots, and the rapidity with which the sales were made, indicate that the people of the town have faith in the future progress of Peterboourgh, and the break which has been made upon this vacant property means that it will only be a matter of a short time until the whole property will be sold and built up.

Nearly all those who bought lots intend building residences upon them at once.

Those who purchased and the prices paid are as follows:

No. 4—W. G. Freeburn, $715.
No. 5—Andrew Broom, $720.
No. 6—Andrew Broom, $720.
No. 13—J. H. Larmonth, $400.
No. 14—J. J. Turner & Son, $400.
No. 18—C. H. Huffman, $350.
No. 19—C. H. Huffman, $325.
No. 23—F. W. Miller, $200.
No. 26—A. Brown, $290.
No. 27—John Giles, $400.
No. 32.—Jas. Bogue, $135.
No. 34—Rock Gordon, $145.
No. 36—J. C. Stenson, $210.
No. 37—J. H. Larmonth, $300.

It is expected that the remainder of the property will be disposed of by private sale, although it has been suggested that another auction sale should be held on Saturday afternoon to allow the mechanics an opportunity to purchase lots.

In this connection it may be interesting to recall the sale of lots on the property popularly known as the "Priest's Field," which took place on July 10th, 1888. This property is directly north of that sold yesterday, and is bounded by Gilmour Park, Charlotte and the Boundary Road.

The purchasers and prices paid at this sale were:

East End and North Side.

It may be interesting to note that prices of real estate in this neighbourhood have not advanced as sharply as might have been expected, and that there is not as sharp a variation in prices for lots in practically the same situation, since 1888, when the "Priest's Field" lots were sold.

For instance, the lot on the corner of Park and Charlotte streets, on the north side, of practically the same size as the lot on the opposite corner of Park and Charlotte streets, sold for $610, while the south side lot is held at $1,000, and was not sold, as the highest bid did not reach the reserve figure. The range of lots facing on Park street (between Charlotte and Gilmour), 50 x 100 feet, brought $500 and $410. The corresponding lots facing on Park street, on the Burnham lot, 47 x 100 feet, were knocked down yesterday—two at 729 each and one at $715. Outside the lots facing on Park street, the average price was $275, while the average price of the 48 lots sold in the "Priest's Field," in 1888, was $270. In making this comparison it is fair to state that the latter lots were 50 x 100 feet, while those of the plot sold yesterday are 40 x 100.

TAKE HONOURS IN SCIENCE

Clever Peterborough Boys Students at S.P.C.

Mr. C. E. Sisson, First Prize in Electrical Engineering—Other Honours.

Peterborough boys have done well in their examinations at the School of Practical Science, Toronto, the results of which are published to-day.

Mr. C. E. Sisson, a graduate of the Peterborough Collegiate Institute, and a native born Peterborough county boy, whose achievements in the past have been the subject of complimentary reference, has again distinguished himself, and this year won the first prize in electrical engineering, donated by Noel Marshall.

In mechanical and electrical engineering, Mr. E. H. Doidge, also a Peterborough boy, passed with honours, while in third year Messrs. C. E. Sissons and W. F. Stubbs also passed with honours, and G. R. Munro was also a successful candidate in second year civil engineering. Mr. C. H. Rogers, a son of Mr. R. B. Rogers, superintending engineer of the Trent Valley Canal, passed, doing himself credit.

All these young men have done credit to their county, and heartiest congratulations are due them.

DEATH OCCURRED IN TORONTO

Mrs. Landell, Daughter of the Late Alex. McNeil, of Peterborough Passes Away.

The death occurred yesterday afternoon of Mrs. Landell, widow of the late Dalhousie Landell and for some thirty years a resident of Toronto. Mrs. Landell was a daughter of the late Alex. McNeil, of Peterborough. She was born in New York, but in early infancy came with her parents to Canada and had since resided here. For more than a quarter of a century Mrs. Landell was a member of Broadway Methodist Tabernacle. For some time she had been confined to her home through illhealth, culminating some two or three days ago in a sharp attack of pneumonia. The funeral, which will be private, will take place on Friday afternoon from the family residence, 210 Robert street, Toronto.

FUNERAL OF ANDREW McNIEL

Took Place This Morning to Little Lake Cemetery.

The body of the late Andrew Mc day of March, 1905, arrived in the city last day of March, 1905, arrived last night. The funeral took place this morning at 9.30 to Little Lake Cemetery. The funeral services were conducted by Rev. W. Major, of All Saint's church.

DEATH OF MISS M. CRONIN

Took Place Yesterday Afternoon at 165 Sherbrooke Street.

The death occurred yesterday afternoon of Miss Margaret Cronin, aged 75 years, at the residence of her sister, Mrs. Doucette, 165 Sherbrook street. The body was taken to Toronto this morning on the 7.12 train and the funeral will take place to-morrow morning at 9.00 a.m., to the place of interment. Deceased came to Peterborough about six months ago in poor health, but with hopes of recovery. She did not regain her health, however, and death overtook her yesterday.

MEMBERSHIP IN THE Y.W.C.A.

What Privileges This Brings to Young Women.

A number of young women have asked "What does it mean to the a member of the Y. W. C. A.?" and the answer is here given: Upon payment of $1.00 per year a young woman may have access at any time to the reading room and all its conveniences and comforts, to the drawing-room, with its perfect equipment, to the library, which is in itself worth the fee, and may also attend whatever classes are membership privileges. The nature of these classes depending largely upon the wishes of vileges, the nature of these classes such as, Physical Culture, Domestic Science, etc., a moderate additional fee will be charged. The gymnasium equipment will be the best and most complete obtainable.

Fountain Pens to Your Liking.

We have just received another hundred of Waterman's Ideal Fountain Pens. We guarantee to suit every hand, or no sale. The prices for these pens are — $2.50, $3.50, $4.00, $5.00, $6.00 and 8.00. Our "Stratton Special" dollar fountain pen is as good as any $2 pen on the market. Fully guaranteed. Try one: if not suited, return and get your money at the Peterborough Bookstore. Drop in and get the latest Butterick's patterns free. A. H. Stratton & Co.

Private Sale.

A private sale of first class household furniture, including a Nordheimer piano, will take place each afternoon from 2 to 5 o'clock, until sold, commencing Thursday, May 11. The furniture has been in use but a short time and this is an excellent opportunity for anyone to procure up-to-date household effects reasonably. Apply at 294 Rubidge street, Peterborough. d109tf

ELKS LODGE WAS ORGANIZED

Officers of Peterborough Lodge, No. 14, Elected

Latest Addition to Peterborough's Fraternal Societies.

Last night the completion of the organization of Peterborough Lodge No. 14 Canadian Benevolent Protective Order of Elks was effected, at a largely attended meeting held in the Foresters' Hall, Simcoe street. A number of new members were received, and the initiatory degree conferred on candidates.

The election of officers took place, resulting as follows: Past Exalted Ruler, Thos. Barrie; Exalted Ruler, W. H. Denham; Esteemed Leading Knight, W. Mellroy; Chaplain, M. J. Hutchinson; Secretary, S. S. Moore; Treasurer, R. J. Munro; Esteemed Lecturing Knight, R. Matchett; Watchman, E. M. Best; Guide, R. Heiderman; Aide, W. D. Lytle; Assistants, A. A. Fowler and J. McClung; Esquire, H. Heard; Tyler, H. Morgan; Musician, Jos. Legge; Trustees, Messrs. G. W. Fitzgerald, W. Bunton and John M. White.

Mr. H. Darrell, a member of Toronto Lodge No. 2 was present and assisted in the exemplification of the degree.

After the business an adjournment was made to the dining hall, when a banquet was served, and a number of toasts proposed and honoured, including that to "Elkdom" responded to by Mr. W. R. Colby, Deputy Organizer, through whose efforts Peterborough No. 14 was instituted.

Songs were given by Messrs. McIlroy, Legge and Heard, and a recitation by Mr. Heiderman.

This lodge starts out with excellent prospects and gives promise of being one of the largest and most influential in this country.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs becomes bald in six weeks time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ — which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dndruff is caused by the same germ which causes baldness and can be prevented with the same remedy —Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send ten cents in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond and Walsh, special agents.

MRS. THOS. HALL PASSED AWAY

Lamented Death of Highly Respected Lady in Smith.

This morning at her late residence, lot 19, concession 4, of Smith, the death of Jane Harrison, the wife of Mr. Thomas Hall, occurred, after an illness of short duration. Although Mrs. Hall had been ailing for about a year it was only recently that her illness took a serious turn.

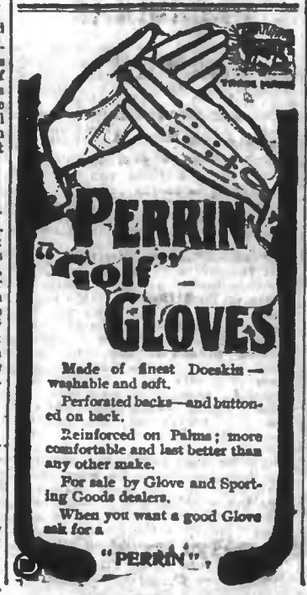
Deceased was 57 years of age, and has been a resident of Smith since her marriage with her now sorrowing husband. She leaves one son, Adam, and one daughter, Margaret, both being at home. Her mother four brothers and two sisters, also survive, her father having died about a year ago.

The brothers are: Joseph Harrison, of Cavan; Robert, of Peterborough; John, of Asphodel; and William C., of Norwood; and the sisters, Mrs. Finlay, of Lucknow, and Miss Maggie at home.

The funeral services will take place on Saturday afternoon at 2 o'clock, the cortege leaving at 2.30 for Little Lake cemetery, where interment will take place.

THE BALOW FOLK, a comedietta from the fairy lore of Eugene Field, will be presented in St. John's school room, at 8 o'clock, May 11th. Admission 15c. 3d

—The annual excursion of the Canadian Cordage Company employees, will be held on June 13th, to Jubilee Point.



Made of finest Doeskin — washable and soft.

Perforated backs—and buttoned on back.

Cressman

"Britonsloom" is a serge made exclusively for Semi-ready by England's greatest serge maker

The best serge maker in England makes several qualities of serge.

His name on a piece of serge means mighty good quality, but it doesn't necessarily mean his best.

Our cloth experts explained to the manufacturer what we wanted in a serge. "That is better than anything I am turning out," he said, "but I can do it."

"Britonsloom" serge is the result.

We control the output, so you can get this extra quality serge only in Semi-ready suits.

"Britonsloom" serge is absolutely fast in color, black or blue—and it is a wonder for wear.

We make this serge into single and double-breasted sack suits of the latest style. Price $20.

Semi-ready Tailoring

SCHOOL LEAGUE ARRANGES GAMES

Senior and Junior Groups in The League.

A Fast Baseball Organization Which Promises to Develop Good Ball

Yesterday afternoon the schedule of the School Baseball League was arranged at a meeting held in the Y. M. C. A., at which there were present: Messrs. Walsh, Stacey, Kelly, Walkey, Macdonald and Kerr.

It was decided that seven innings should constitute a game in the School League, and the games will be played on Monday night subject to any other arrangement made by the principals of the interested schools.

The senior schedule was arranged as follows:

May 15th.—Fifth Ward at Central; Separate at South Central.

May 22nd—Separate at Fifth Ward; Central at South Central.

May 29th.—Fifth Ward at South Central; Central at Separate.

June 5th.—Fifth Ward at Separate; South Central at Central.

June 12th—Central at Fifth Ward; South Central at Separate.

June 19th—South Central at Fifth Ward; Separate at Central.

JUNIOR SERIES.

There were six teams entered in the Junior series, viz.: George St., North Ward, West Ward, Murray St., South Central, Central and three districts were arranged as follows:—

Group1.—George street at North Ward; North Ward at George St.

Group 2.—West Ward at South Central; South Central at West Ward.

Group 3.—Central at Murray St.; Murray Street at Central.

Semi-finals.—Winners of 3 play winners of 2.

Final.—Winners of 3 and 2 play winners of 1.

No dates have as yet been arranged for the junior games. These games will be played for the handsome flag donated to the League by Mr. W. Pringle, and the prospects are that the contests will be keenly fought.

Impurities In the Blood

TELL OF TORPID, SLUGGISH LIVER ACTION AND INDICATE THE NEED OF

DR. CHASE'S KIDNEY-LIVER PILLS

There is no getting round the fact that the liver is responsible for the impurity of the blood in the spring.

Awaken the liver to action by the use of Dr. Chase's Kidney-Liver Pills and you at once remove the cause of the ills and discomforts of this time of year.

Coated tongue.
Bitter taste in the mouth.
Shortness of breath.
Gas on the stomach.
Dull, sick headache.
Biliousness.
Irregularity of the bowels.
Weak, dizzy feelings.
Irritable temper, discouragement and despondency.

These are some of the most common indications that the liver is failing to filter the poison waste matter from the blood.

Dr. Chase's Kidney-Liver Pills cleanse the system thoroughly and well, by causing a free action to the bowels.

By their direct and certain action on the liver they purify the blood and bring about a good flow of bile into the intestines — the only means by which constipation can be actually cured.

Dr. Chase's Kidney-Liver Pills are an indispensable family medicine of proven worth. One pill a dose, 25c. a box, at all dealers or Edmanson & Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

QUAKERS BEATEN BY NORWOOD

Fast Game at Exhibition Grounds Last Night.

Score Was 4—0—Quakers in poor form Through Lack of Practice.

The first game in the Midland Football League, Norwood vs. Quakers, was played last night, and resulted in a victory for Norwood by 4 goals to none. Some very fast work was displayed, but the locals showed lack of practice, and the general opinion was that the better team won. The Quakers seemed to lose their nerve when George Howson, after about twenty minutes play, scored the first and only goal in the first half. The boys from the eastern town are certainly a lively aggregation, and it is certain that the team which defeats them will have to go some. The Quakers have no kick coming, and admitted after the game that Norwood showed the better form and deserved to win.

George Howson, for the visitors, on the right wing, played a fast game, and scored two of the goals. Doherty, who did the rest of the scoring, also played a good game at centre. Kidd, on the defence, also put up a fast article of football, and gives promise of even better things before the conclusion of the season. However, it is practically impossible to particularize, as everyone on the team played a good game. For the Quakers, Bellegham, in goal, made some capital stops and had any other man been in his place the score might have assumed cricket proportions. Whitlow was the star of the back division for the Quakers, and played a very effective game. Doris, though not in his usual condition, through lack of practice, displayed some fast work. He put up a most effective game and was a hard man to pass. The halves, Moore, Donaldson and Fitzgerald, all worked hard and followed up well. Moore was in good shape and was game to the finish. Donaldson also played well and was generally there with the goods. Fitzgerald was also in the running and displayed good football.

The forward division was not what it should have been, and was weak in combination. Huston, who generally is the best in the business, received a hard body check early in the game. This weakened the forward line considerably, and made a large difference in the game. Brooks was in splendid form. He shot well but was prevented from scoring by lack of combination. Cullen also worked hard and did some effective work. Shortell went on in Lyon's place the latter having sprained his ankle. Coons played a hard game and fully sustained his reputation.

The line up was as follows:

Peterborough.	Norwood.
Goal.	
Bellegham	D. Pettigrew
Backs.	
Doris	Morrow
Whitlow	Kidd
Half backs.	
Moore	Kemp
Donaldson	Nicholl
Fitzgerald	Power
Forwards.	
Brooks	Doherty
Cullen	McNichol
Huston	Londergan
Coons	Howson
Shortell	Lancey

Goal umpire.

F. Grant.

Referee, Henderson.

The honours for the first few minutes after the face off were very very evenly divided, the checking being close. Huston took possession of the sphere and got off on a nice rush down centre, which however resulted in nothing more serious than a goal kick. Pettigrew sent out a well-placed one to Doherty, who, together with Lancey, worked down the field in a pretty combination effort. Huston at this point received a hard body check which necessitated some delay and seriously interfered with the speed which he displayed after the face off.

The Norwood team then began to press their opponents hard, making many forward rushes, with good combination effect, in which Lamey and Howson on the right wing, figured conspicuously. Howson, who displayed some of the prettiest work of the game got off on a nice dodging run, which was effectually stopped by Whitlow. Brooks secured the ball, which, after some fast work was returned to Quaker territory where the initial goal was secured by Norwood, Howson finding the poles after some fine work in conjunction with Doherty. Score 1—0.

This ended the scoring in the first half, in which, however, some fast work was exhibited by both teams.

The second half commenced in semi-darkness and which developed near the conclusion to a Plutonic variety. The players from the Eastern village pressed hard, but were prevented from scoring by the splendid work of the Quaker defence. The latter made many nice rushes which were rendered abortive by their total lack of combined effort.

Lamey and Doherty for the visitors made some nice combination rushes, and Pettigrew, some good stops, when occasion demanded. Howson secured the second for the visitors by a well-placed shot. Score 2—0.

The game from this stage to the conclusion was a somewhat uncertain quantity, but there were certain "dark" rumours to the effect that two more goals were scored by the visitors. The Quakers made strenuous efforts to square matters, but their rushes proved totally ineffectual, and were invariably broken up soon after their commencement. The third goal was scored by Howson for Norwood. Score 3—0.

The final goal was secured very quickly by Doherty, who placed the pig-skin between the flags by a well directed shot, after some play in front of goal. Score 4—0.

This concluded the scoring, time being called soon afterward.

GUILD LEAGUE GAMES ARRANGED

Two Districts Drawn and Season Starts May 29th

Prospects for Fast Ball are Good—Hot Race for Examiner Trophy.

Last night the meeting of the Guild League to arrange a schedule of games for the summer was held in the Y. M. C. A., with the following present: President, P. A. Kerr; secretary, M. J. Hutchinson; W. Garrow, St. Andrew's; W. Metheral, George St.; N. McWilliams and H. Roddy, Charlotte St.; J. Patte, St. John's; R. P. Watt, St. Paul's.

The first proposal, since there were five teams entered, was to play a single schedule, with the teams all in one district. It was found, however, that to do this would require too many games, and two districts were drawn up, and the smaller district is to play a double schedule. The games arranged were as follows:

DISTRICT I.

May 29th and June 1st, St. Paul's at George street.

June 5th and 8th, St. Andrew's at St. Paul's.

June 12th and 15th—George Street at St. Paul's.

June 19th and 22nd, St. Andrew's at George street.

June 26th and 29th, St. Paul's at St. Andrew's.

July 6th and 10th, George street at St. Andrew's.

DISTRICT II.

May 29th and June 1st, St. John's at Charlotte street.

June 5th and 8th, Charlotte street at St. John's.

June 12th and 15th, St. John's at Charlotte street.

June 19th and 22nd, Charlotte at St. John's.

Two nights will be required to play a game which is to be constituted of not less than seven innings.

The race for the championship and the Examiner trophy this year will be very spirited, as the teams have all strengthened up considerably, and some good ball will be played.

BASEBALL.

This afternoon a team representing the Peterborough team is playing in Lindsay. The latter team has been clamouring for an exhibition game for weeks, and to-day they will get their wish.

The Peterborough team will be as follows:—

Bellegham, l. f.; McCorry, p. and l. f.; Douglas, s. s.; Shea, c.; McCabe, p.; Sheridan, 2 b.; Wareham, r. f.; Connors, 1 b.; Clegg, 3 b.

* * * *

Much interest is being evidenced in the ball-throwing contest advertised for Saturday at two o'clock. It is expected to prove quite a success and many entries have been made.

* * * *

The St. John's Guild team will hold a practice game at 6.30 o'clock and all connected with the team are requested to turn out.

The line-up for the first team will be as follows,—Cavanah p., Sawyers c., Rodgers 1st b., Green 2nd., Metcalf 3rd., Dusty s. s., Fortune c. f., Weller l. f., Simmons r. f.

The second teams will be chosen later. The regular team not yet being picked out.

* * * *

Port Hope Midland League team is evidently in pretty tight straights for a twirler. Early in the season they heralded with glee through the "Guide," the organ of the energetic secretary of the league and one of the "fathers" of the Port Hope team, that Hooper, who pitched for Bowmanville last year, had decided to locate in Port Hope for this season and would do the box work for that team. It appears however that Hooper thought better of it and has decided otherwise, and the next move was to go to Toronto and scour that city for a twirler, but, strangely enough, nothing was said in the "organ" about that little trip and it is pretty safe betting that this latest exploit will not be given publicity by the versatile sporting writer on the Guide. For the last few days the telephone wires from Port Hope to this town have been kept hot with messages to Douglas, the twirler signed by Manager Mac Owen. The Port Hope team is after him and has been offering all sorts

Drs. KENNEDY & KERGAN

Specialists in the Treatment of Nervous, Blood, Private and Sexual Diseases of Men and Women. 18 Years in Detroit.

No Names used without Written Consent. Cures Guaranteed.

Thousands of young and middle-aged men are annually swept to a premature grave through early abuse or later excesses. Chas. Anderson was one of the victims, but was rescued in time. He says: "I learned an evil habit. A change soon came over me. I could feel it; my friends noticed it. I became nervous, despondent, gloomy, had no ambition, easily tired, evil forebodings, poor circulation, pimples on face, back weak, dreams and drains at night, tired and weak mornings, burning sensation. To make matters worse, I became reckless and contracted a blood disease. I tried many doctors and medical firms—all failed till Drs. Kennedy & Kergan took my case. In one week I felt better, and in a few weeks was entirely cured. They are the only reliable and honest Specialists in the country."

READER—We guarantee to cure you or no pay. You run no risk. We have a reputation and business at stake. Beware of frauds and impostors. We will pay $1,000 for any case we take that our NEW METHOD TREATMENT will not cure.

We treat and cure Nervous Debility, Varicocele, Stricture, Weak Parts, Kidney and Bladder Diseases. Consultation free. Books free. Call or write for Question List for Home Treatment.

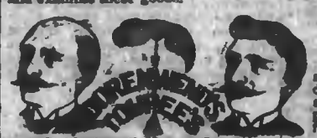
DRS. KENNEDY & KERGAN Cor. Michigan Ave. Shelby St. Detroit, Mich.

You have heard of Professor Dorenwend

America's Greatest Hair Goods Artist—He is COMING TO

ORIENTAL HOTEL, PETERBOROUGH, FRIDAY, MAY 19th

This visit gives you a chance to consult PROF. DORENWEND about your Hair and to choose from the stock of Hair Goods, which he carries with him—just what you require. You can try on any Switch, Bang, Pompadour, etc., and see just how it will look. PROFESSOR DORENWEND can be depended upon to sell you only first quality Hair Goods. You are not forced to buy because you call to see and examine these goods.



Baldness

as all men know disfigures and adds an aged expression to the face. Why remain Bald when Professor Dorenwend can fit you with a Wig or Toupee, which will hide all traces of Baldness and take the place of your own hair? Doctors recommend these Toupees as a preventative for colds in head, catarrh and neuralgia. PROFESSOR DORENWEND will fit you on the spot and show you just how you look afterwards.

LADIES—READ THIS:

You will never have a better opportunity to see for yourself the beautiful assortment of Switches, Bangs, Pompadours, Waves, Wigs, Etc., which Professor Dorenwend carries with him.

Remember the Date and don't fail to call at the hotel and see PROFESSOR DORENWEND

If you cannot call, write for Professor Dorenwend's Catalogue —it's Free.

THE PROBLEM OF NIAGARA'S POWER

Government Will Appoint a Commission For Its Solution.

HON. ADAM BECK'S SPEECH

Ex-Premier Ross and Premier Whitney Debate the Question—Why the Electrical Development Co.'s Agreement Was Annulled—Public Interest Alleged as Sufficient Ground—Busy Day

Toronto, May 10.—The Legislature spent yesterday afternoon in discussing the Niagara Falls power question. Hon. Adam Beck spoke for about an hour, and thoroughly reviewed the situation, criticizing in no uncertain language the folly of such an agreement as had been entered into by the moribund Ross Government and outlining the Government policy, which looks to the conservation of the water powers of the Province in the same way that crown timber and mineral lands are administered. A commission to thoroughly enquire into the subject was broadly hinted at. Mr. G. W. Ross, Hon. Mr. Foy and the Premier also spoke. The matter came up on a question on the order paper from Mr. Fraser that a copy of the agreement of January be laid upon the table.

Consumption of Power.

Referring to the commercial value of the power output of the three Canadian companies Mr. Beck pointed out that rights had been given out at follows:

Canadian Niagara Falls Co.	100,000 h.p.
Ontario Power Co.	250,000 h.p.
Electrical Development Co.	125,000 h.p.
Total	475,000 h.p.

Machinery was now being installed by the different companies for an output of 120,000 horse-power. He could not hazard a guess as to the total Ontario consumption of power. Although the Ontario Power Co. and the Canadian Niagara Co. would sell part of their output in the United States, it was clear that even if they reserved it all for Canadian use instead of exporting, it could all be used here. The rapidly growing industries would eventually require the whole of the 475,000 horse-power at a saving to consumers estimated at $3,000,000.

The policy of the late Government had done nothing towards accomplishing this. The rentals paid by the companies were insignificant, the maximum annual revenue being only $307,500, representing 475,000 horse-power development. At present the revenue was only $60,000. The conditions providing that one-half of the power be conserved and that the companies could not amalgamate were not worth the paper they were written upon, as they could be manipulated. There was no law that would prevent a stockholder in the one company buying stock in another. The companies could arrange a profitable price between themselves. The Montreal Light, Heat and Power Co., which absorbed seven companies, had immediately risen light rates from $30 to $70 horse-power per annum. It was generally believed that the $17,000,000 of capital stock was "water."

Aim to Make Money.

"The aim of every company is the same," said Mr. Beck, "to make as much as they can, and if no more effective restraint is placed upon the existing companies than has been imposed upon them by the agreements authorized by the late Government, it is only a matter of time until they do in this vicinity what the Montreal company has done in its vicinity. The total amount of capital stock issued by the Canadian Niagara Falls Co. is: Electrical Development Co., $6,000,000; Ontario Power Co., $5,000,000; Canadian Niagara Co., $3,000,000.

These companies have got to fix the rate so as to pay dividends on this capital. The capital itself was issued by the various companies concerned to the promoters thereof, in consideration of the transfer to the companies of the mere right of development. I know this was the case in regard to the Electrical Development Co.'s operations, and I have good reason to believe that it is also the case in regard to the other two companies.

"The principle on which all these concerns are developed is this: The promoters get the capital stock for nothing, the total cost of acquiring, and developing the property being borne by the proceeds of the bond issue. A 5 per cent. dividend upon the aforesaid capitalization of $14,000,000 amounts to $700,000, and this sum divided over the development of 120,000 horse-power, which is in process, comes to $6 per horse-power per annum. The amount by which prices will be loaded to consumers for the purpose of paying a dividend on this capital is, therefore, at least $6 per horse-power per annum, and if the companies pay a 10 per cent. dividend, as they will certainly endeavor to do in the course of time, the loading charge will be $12 per horse-power per annum upon the present development of 120,000 horse-power.

The Case In Point.

"What is the good of any veto of amalgamation, or any price regulation that permits of such an extraordinary loading of prices to consumers as is illustrated here? It is worthy of note that the capital stock of the Electrical Development Co. is selling at about 60 cents on the dollar, and therefore the shrewd and enterprising gentlemen who procured the concession have with the associated bond underwriters cleared about $3,000,000 cash value out of the transaction already. This is typical of such undertakings."

Granting the accuracy of the Electrical Development statement of engineering conditions, no valid claim upon the Government for an additional grant of power was shown, argued Mr. Beck. The conferring of future privileges was an act of grace not an obligation on the part of the Government.

Regarding the clause in which municipalities are given privileges in the purchase of power, Mr. Beck described as visionary municipal ownership concessions. "The provision is wholly misleading and illusory.

Sop to Public Sentiment.

"First of all, the company need not exercise its right for 10 years from the date 'of the first output of power under the first agreement.' In the next place, and provided that the company does exercise its rights and does proceed with the development, the reservation for municipal purposes is limited to one-half of the supplementary development. In the third place, the power so reserved is to be restricted for the municipal uses of 'lighting, heating and other public utilities.' Under the Municipal Power Works Act of 1903, municipalities are given the right to develop power for municipal purposes and also for the purpose of resale to manufacturers and others who may require it as motive power. This clause, which purports to meet the public demand embodied in the Municipal Porwer Works Act, does not provide for the sale to municipalities of power for manufacturing purposes. That is to say, that no municipality could take advantage of the price fixed by the Lieutenant-Governor-in-Council and demand that it be furnished with power at that price for the purpose of resale to any manufacturer within the municipal boundaries.

"The company, under the operation of clause 5, has a free hand to sell its power to every manufacturer at the highest price it can exact.

Wholly Thing Illusory.

"I cannot conceive of a clause of this kind being approved by any body of competent men who are animated by a genuine desire to protect the public interest. The whole thing is illusory, even the guarantee that the prices shall be fixed by the Lieutenant-Governor-in-Council is not adequate to protect the municipalities. The Lieutenant-Governor-in-Council, in fixing a price, must have regard to the company's fixed charges for maintenance and bond interest and to the dividend requirements of its capital stock.

"In the public interest, ratification must be withheld. The great power resources of the Falls are destined to exercise an extraordinary influence upon the economic development of the Province. It was not the sufficiency or insufficiency of the option price, but the broad question of determining in a rational way the kind, degree and protection to be accorded the commercial and consuming public.

"Until the whole matter has received greater attention," he said, "than has yet been given it, the granting of additional rights is of the nature of gambling in the public heritage."

The Government's Interest.

"The interest of the Government may be briefly stated. It has first, an interest in the water-power resources of the Province as a source of revenue to the public treasury. It is also the duty of the Government to see that that development is not hindered by permitting a handful of people to enrich themselves out of these treasures at the expense of the general public. It is the established and unchallenged right of the Government to realize upon the timber and mineral resources of the Province for the benefit of the public treasury. The Government has the same right over the Provincial water powers. Much attention has been given of late years to the terms upon which the Government disposes of its timber and mineral resources. Public attention is now being directed to the possibilities of its water-powers, and if the granting of timber and mineral rights at unduly low prices cannot be justified, the granting of water-power rights at unduly low prices is still harder to justify. The timber and mineral resources are limited, each parcel and each block is bound to be worked out in time, but it is hoped that under a gracious Providence the waters of the Niagara River will forever flow over Niagara Falls? There is in these water-powers a source of perpetual industrial development and a source of perpetual Provincial revenue.

Governmental Control.

"The question is so vast that no Government can deal with it until it has had an opportunity of considering it in all its bearings. Governmental control is called for by some, and for it a good deal may perhaps be said, but I have already shown that in the case of these Niagara Falls companies the capitalization is very heavy and the payment of dividends upon capital, which is a legitimate burden on every company, will in these cases impose a heavy tax upon the consumer.

"The policy of fixing prices at arbitrary figures, which will not permit of a dividend upon the capital of the company affected, is one that is difficult to justify. It may be that, after all, the best means of arriving at a satisfactory conclusion on all these points will be to utilize the services of a number of competent gentlemen who may be asked to enquire into the location, capacity and cost of development of the various power and electric railway companies and the power possibilities of the future—in a word, to enquire into the whole question in all its bearings, and to report fully thereon. This will, of course, include localities other than those subsidiary to Niagara Falls. Such a commission should have the most extensive powers, and upon their report the Government should be able to build up a policy which will commend itself to the people of the Province who are so vitally interested in the question, and I am in a position to state that such a course is now under the consideration of the Government."

Mr. Ross Regrets.

Hon. G. W. Ross reviewed the course of development at Niagara. He eulogized the park commissioners for converting the useless water of Niagara into an asset of $6,000,000. He said the beauty of the park had not been interfered with. He would not minimize the importance of the advantages as pointed out by Mr. Beck. The basis of the development was a matter of opinion. 'In insisting that the Americans should pay the same as Canadians for their power, they put a safeguard upon Canadian industries. They had guarded against combinations of the competing development companies. He was extremely sorry that the Government would not ratify the Electrical Development Co.'s agreement, and explained how the agreement had been made, showing how it was a purely business matter, involving the loss or retention of 125,000 horse-power. Due care, he thought, had not been taken by the new Government to verify these conditions. They could not suffer the loss of the 125,000 horse-power, and think they were making money for the Province. The step was a hasty one, and more care should have been taken. His Government's course was well advised. The bargain was a good one, financially, meaning an income of $75,000 per annum to the Province. The company was a Canadian one, with all its interests here.

Mr. Foy's Remarks.

Hon. Mr. Foy criticised Mr. Ross' statement, that the agreement was not made under political pressure. It was made in November, while Mr. Ross had said it was in June, 1904. The users of electrical power should be properly protected. Nearly all the powers had been practically given away, and the time had come for the present Government to see what could be done to remedy matters. The agreement was criticized severely, showing that power was left open to future concessions. The park commission's report showed that the commission did not approve of the agreement, yet at the same time if the Government approved it it would be all right. And the Government did approve. The agreement did not bind the company to do any work, and they could withdraw at any time.

Mr. Whitney's View.

The Premier said the agreement was an act doing more to injure the future of the Province than any future or former act could do. He refuted Mr. Ross' statement that the development was an experiment showing they had the experience of American companies to guide them. The company thought it was a "good bargain." As guardians of the public interest they would prevent the dominating commercial interests getting too much. Their present action would not prevent the extra water-power mentioned by Mr. Ross being developed. If there was anything left of the power at Niagara it would be conserved for the people. (Applause.)

Who would exchange the merry noise of children at play, with the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Doctor Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I can truly say your medicine is a friend of mine," writes Mrs. Arthur Brass, of Amherstburg, Ontario, Canada. "I am mother of four children and suffered greatly at times of birth of first three. When three months along with the last one I began to think of trying some medicine to ease those terrible pains and asked our doctor whether there was anything he could give me to lessen labor pains. He said there was nothing that could help me. I then thought I would write to Dr. Pierce. He advised me to take his 'Favorite Prescription.' I started to take it at fourth month. I was very weak, had heart trouble and would faint away two or three times a day. Our doctor could not help me and life was a drag. I would often say, oh, if I could only die in one of these spells; but I took five bottles of 'Favorite Prescription' and felt better every way. Got along well at the time of delivery. I had heard of painless childbirth, and I thought it must be a good medicine that would help those pains, but I know now for myself, and can not tell it plain enough. Your 'Favorite Prescription' is the best medicine as we mothers know. I advise my friends to try it. Baby is now four months old and is a strong healthy boy."

LATEST SPORT

Continued from Sixth Page.

of impossible inducements to him if he would shake the dust of Peterborough from off his feet and lure him away to that village by the pond for the season.

It is hardly necessary to say that Douglas is to sensible to leave Peterborough, and he has turned a deaf ear to the pleadings of the Port Hope aggregation.

ATHLETICS

The grand-stand building at the T. A. S. grounds is being moved over to the Riverside Athletic Grounds and will stay there for the season. The Riverside grounds are being seeded and rolled and will be ready for sports of all sorts, as soon as possible.

• • • •

The Senior Intermediate Indoor Athletic meet will take place at the Y. M. C. A. to-night at 8 o'clock.

FOOTBALL.

For the second time since the opening of the season the Business College Kickers demonstrated their superiority over the 57th Regiment eleven by defeating them five goals to nil. The initial contest, played last Friday, was a 3-0 affair and the Business College thus wins the round by the comfortable margin of 8 goals.

Last evening's game was much better contested than the score would indicate and the College forwards worked hard for every tally. The Regimental forwards lacked combination and in consequence many promising individual rushes were easily handled by the College defence. Rosston was by all odds the most effective player on the Regimental roll while McIlmoyle, Shaw and Morrow figured largely in the College scoring.

The College team plays in Omemee on Friday and from present form should win handily.

• • • •

The following will represent the P. B. C's in Omemee to-morrow night:—Goal, Udy; backs, Kennedy and Main; halves, O'Brien, McManus and Clarke; forwards, Todd, Shaw, McIlmoyle, Morrow, and Graham.

• • • •

LACROSSE.

The Peterboroughs had a good practice last night, about a dozen men being out. From now on practice will be held each night, except Tuesday, and also on Saturday afternoon. To-morrow the schedule will be drawn up at Bowmanville and a representative from Peterborough will be sent down to attend the meeting.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mrs. Stewart of Bobcaygeon, is in town.

Mr. H. W. Kinoald is in town for a day or so.

Mrs. Frank Young, of Young's Point, is in town to-day.

Mr. S. Robertson, wife and child, Belleville, are at the Snowden House.

Messrs. M. Ivan Dow and B. U. Burke, Boston, Mass., are registered at the Oriental hotel.

Mr. J. J. Grafton of the firm of Grafton & Co., clothing manufacturers, is in town to-day.

Mrs. John Crane is settled in her new home, 203 Brock street, and will receive to-morrow afternoon, (Friday) from 4 to 6.

Mr. R. S. Piggott, who is coming to town to-morrow to take part in Miss Belleghem's recital, will be the guest of Dr. and Mrs. Bruce.

Mrs. Lorne Brooks, who recently met with a very severe injury, is quite well again. She has been out walking and is in quite good health.

Mrs. William Hudson of Rubidge street, town, left this morning for Toronto, being called to that city by the sudden death of her sister, Mrs. D. Landell.

TWO CASES AT POLICE COURT

Samuel Steele Convicted of Obtaining Money by False Pretenses.

Samuel Steele appeared this morning at the police court upon a charge of having obtained the sum of $1.75 by false pretences from R. P. Biggs.

Several witnesses were heard, whose testimony went to show that the prisoner had called at the house of Mrs. Biggs, and upon being asked if he was the man who had cleaned the back yard, replied that he was, and accepted $1.75 in payment from Mrs. Biggs. It appears, however, that Samuel is a personage entirely separate and distinct from the gentleman who performed the actual labour in the case, and received the sum of $2 in payment from Mr. Biggs.

The Court in delivering judgment, stated that cases of this nature are of two frequent occurrence. The scavengers as a whole, as at present constituted, are a worthless, irresponsible class of men, who continually prey upon the public. Ample evidence of this is given by the constant complaints of fraud and obtaining money by false pretenses, which are received. The necessity of licensing the fraternity was pointed out. This, the Magistrate thought, would do much to improve present conditions. The prisoner was sentenced to one month in gaol at hard labour.

The case of James Innis for a violation of the Truancy Act, was next disposed of. Inspector Walker gave testimony, which was to the effect that Howard Innis, defendant's son, had, out of a total of 86 school days this year, been in attendance at school only 21 whole days and 10 half days. Similar charges had also been laid last year. A fine of $2.00 was imposed, to be paid in ten days.

Crown Attorney Wood for prosecution: R. F. McWilliams, counsel for the defence.

FATAL COLLISION ON PENNSYLVANIA

Seventeen Killed Killed And Nearly 100 Injured in Collision Near Harrisburg, Pa., Early This Morning---Second Section of Express Crashed Into a Wrecked Freight Train on The Track---Two Cars of Dynamite Exploded With Terrible Results.

Special to the Examiner

Harrisburg, Pa. May 11,—At least five persons were killed, many burned to death and more than a hundred injured in the collision on the Pennsylvania Railroad, south of Harrisburg, a few minutes before 2 o'clock this morning, caused by the Second Section of the Cleveland and Cincinnati Express, westbound, crashing into a wrecked freight train in which there were two cars loaded with dynamite. The dead who have been identified are Mrs. Robert Dougherty, Philadelphia, Harry K. Thomas, of Philadelphia, engineer of the passenger train, Jacob F. Silverman, of Bridgeton, N. J.

The railroad company is doing everything possible for the relief of the injured, many of whom escaped from the wreck in their night clothes and lost all their clothing and their belongings.

The passenger train of nine cars and the locomotive was wrecked.

Philadelphia, May 11th.—Information received from Harrisburg up to 11.30 a. m. at the Pennsylvania Railway Office is that 17 persons were killed and from 63 to 66 injured in this morning's wreck.

TORNADO KILLS ITS HUNDREDS

Every House Except Two in Snyder Destroyed.

Conservative Estimate Places Dead at 175, and 150 Seriously Injured.

Special to The Examiner

Oklahoma, May 11.—It is reported that between 350 and 400 people are dead at Snider from the tornado and that bodies are scattered all over the streets and surrounding country.

Every House Destroyed.

Oklahoma City, May 11.—(Later)—A report has just reached here to the effect that every house in Synder except a hardware store and the Frisco Round House were destroyed. It is conservatively estimated that fully 175 persons have been killed and 150 seriously injured.

Ruby Lips.

and a clear complexion, the pride of woman. Have you lost these charms, through torpid liver, constipation, biliousness, or nervousness? Dr. Agnew's Liver Pills will restore them to you—40 little "Rubies" in a vial, 10 cents. Act like a charm. Never gripe. 29

Bananas.

We are unloading to-day a carload of the finest bananas that have ever reached the town. Prices are 10 and 15 cents per dozen. S. A. OKE, George street.

Western towns are busy getting ready to make extensive local improvements. Prince Albert will spend $160,000 in sewers, sidewalks, and waterworks; Calgary, $60,000 for an electric light plant, and Indian Head $150,000 for sewers, light, fire protection, and waterworks.

TO FREE THE JEWS.

Measure to Give Unhoped for Concession to Jews in Russia.

London, May 12.—The Jewish Chronicle yesterday announces:

"We are informed on high authority that important developments may be anticipated in the situation of the Jews in Russia. We are informed that a measure is more than under consideration, which will give unhoped for relief to Jews. Absolute freedom of movement and residence will be granted in all cities and towns, but not in villages, as the authorities are not willing to run the risk of a repetition of the Kishineff affair.

"We understand that the murder of Jews causes the Government more anxiety than of persons of other nationalities, because of the reprobation it arouses in Europe."

Bombs In Safety Vault.

Moscow, May 12.—Half a dozen bombs were discovered yesterday in a box placed in a safety deposit vault. A man said to be a political agitator was arrested on suspicion of being the owner of the box.

Drowned In a Well.

Jordan, May 12.—Alvin Honsberger, aged about 23 years, was found drowned in a well yesterday. He is supposed to have accidentally fallen in while doing work around the barn. Honsberger has only been here a few months, having formerly lived near Dunnville.

Schooner Mist Lost.

Kingston, May 12.—The loss of the schooner Mist off South Bay Point, on the Prince Edward County coast, is reported. The fishing schooner belonged to Sodus Point, N. Y., and had been out for some days, securing the finest haul of fish she had ever carried. In a big squall the Mist sprung a leak, and before shore could be reached the boat went down and is a total loss. The two men on board escaped in a small boat.

WHITNEY SAYS NO MINISTER OF MINES

Government Will Not Create the Expected Portfolio—Reports Blackmail Case—License Holder Tells Hon. Mr. Hanna That He Was Bled By Commissioners--The Whitney Government Decides to Impose to Impose a License Fee on Storage Ware-Houses of Brewers and Distillers.

Toronto, May 12.—The expected separate Ministry of Mines will not be created this year. This was made evident by the introduction in the Legislature last night of Premier Whitney's bill to amend the act respecting the Executive Council by changing the designation of the Commissioner of Crown Lands to that of Minister of Lands and Mines. The bill also changes the title of the Commissioner of Public Works to Minister of Public Works.

Numbered Ballot Goes.

The Premier also introduced a bill to amend the Ontario Election Act. He explained that it meant the abolition of the numbered ballot. The same ballot will be used minus the number, which permits of identification.

Hon. Mr. Matheson gives notice of a bill to tax circusses $500 for each 20 cars. The present tax is $100 for 20 cars or over.

Mr. Matheson will also introduce a bill extending the time for the payment of Crown taxes on patent lands.

John Smith's bill to give widows and spinsters who are eligible to vote at municipal elections the same right at Provincial elections was withdrawn, after Mr. Smith had made a fine but ineffective appeal for the ladies.

The Lieutenant-Governor will attend the House to-day to give assent to a number of bills.

The License Department.

Mr. G. W. Ross withdrew his motion for papers in connection with the appointment of fishery overseers.

Mr. McDougall moved a similar motion for information concerning license commissioners and inspectors and fishery inspectors, but accepted an addition by the Premier which calls for "copies of all correspondence between the heads of the Department of Fisheries and fishery officials of the said Department, with instructions relative to the appointment of fishery overseers and report the granting or refusal of licenses since the fisheries were taken over by the Province."

Mr. Whitney remarked that he would show Mr. McDougall that the circular read in the House the other day was sent out by the Deputy Minister of Fisheries, without showing it to his superior officer.

Following Liberal Precedent.

Hon. Mr. Hanna opened up the question of the appointment of license commissioners, and quoted from the speeches of Mowat, Hardy and Fraser, in reply to Mr. Meredith, that it had been found advisable to select license commissioners from political friends. Experience had taught these men that it was impossible to carry out the acts of the Government, except through friends of the Government. Conservatives appointed by the Liberal Government of the day had obstructed instead of carrying out the License Act.

A. C. Pratt (South Norfolk) knew of fishery licenses that had been refused opponents of the late Government by the officers of the Government.

Mr. Graham reminded the House that the present Government, when in Opposition, had opposed the appointment of partisans to administer the law.

Referring to the West Kent investigation, Hon. Mr. Hanna said the Government could not be held responsible if, after exercising the best care in the selection of commissioners, a commissioner here or there did not give satisfaction, but it would be held responsible if after investigating any improper act on the part of commissioner it continued that commissioner in office.

A Serious Allegation.

Mr. Hanna made a sensational statement in regard to an hotel-keeper who appeared before him to ask for a license. "This man said he had been a Liberal for years," said the Provincial Secretary, "but he was glad there had been a change of Government. He had said, 'I am here asking for a license at the price the act calls for. I have been selling liquor since 1899 or 1898. My first license cost me $1,640. I had to pay it over to the commission. At that time I got it for a period of three months, and again and again it was renewed for a like period. I never got a license for less than $450, and generally paid $700. I had to sell liquor seven days in the week, and practically 24 hours a day to make the business pay. I am prepared to take a license for one year and to obey the law.' All that has been charged against the West Kent commissioners is white in comparison with some of the things we know of to-day."

Dr. Reaume's Explanation.

The discussion was closed by Hon. Dr. Reaume, who explained how the fishery circular came to issue from his Department. He read a letter from Mr. Bastedo, his deputy, which said that it had been the practice of the Department in issuing fishery licenses to refer the applications to the Liberal member or defeated candidate in the riding. After the advent of the new Government, he prepared the usual circular, but in the hurry of sending it out he had overlooked the important duty of showing the Minister the draft.

The motion for the papers was then passed.

Brewers and Distillers.

Hon. Mr. Hanna introduced a bill respecting brewers and distillers and other licensees, providing for substantial license fees from warehouses of the brewers and distillers situated in places apart from the brewery or distillery, which would give an additional revenue of from $5,000 to $10,000. It is only legalising what had been thought to be legal.

Several private bills were introduced and read a first time.

Third Readings.

These bills were read a third time: Respecting the London Street Railway (Hodgins); to amend the act to provide for the incorporation of co-operative cold storage associations (Monteith); respecting the Nepigon Mining Lands Co. (Carscallen, Hamilton); to amend the act to incorporate the Lake Superior, Long Lake and Albany River Railway (Smyth); to incorporate the Young Men's Christian Association of London (Beck); respecting the Hermina Mining Co. (Smyth); respecting the consolidated revenue fund and the raising of loans authorised by the Legislature (Matheson); for raising money on the credit of the consolidated revenue fund of Ontario (Matheson); to incorporate the United Nickel Co. of Canada (Carscallen, Hamilton.)

For University.

Hon. Mr. Foy moved the second reading of his bill to amend the act setting apart certain wild lands in addition to those previously set apart for the use of the University of Toronto. Mr. Foy explained that 92,160 acres would be set aside, which is equivalent to four complete townships.

Mr. Gamey moved the second reading of his bill to amend the act respecting the establishment of municipal institutions in territorial districts. The bill asks for an appeal from a district judge to the judge in chambers in Toronto, and that the amount involved be reduced from $20,000 to $10,000.

Mr. Lucas sought an amendment providing that assignments be made either to the sheriff or to an assignee appointed by the Government. If not satisfactory to the Government, he would prefer to see it killed on the spot rather than slowly tortured by the legal committee.

The Premier was entirely opposed to a re-enactment of the old insolvency act.

Mr. Graham said the way would be open for the appointment of another class of office holders.

Mr. Lucas withdrew the bill.

Mr. Carscallen's Bill.

Mr. Carscallen (Hamilton) asked for an amendment to the Railway Act, one of the chief provisions of which aims to protect minority stockholders. When shares are disposed of, the approval of the Commissioner of Public Works will be necessary if the bill passes.

Hon. Mr. Hendrie suggested sending the bill to the Railway Committee, and this was agreed to.

To avoid delay in judgment, when a claim in the Division Court does not exceed $100, is the object of a bill promoted by Mr. Thompson of Simcoe, which was read a second time.

Dr. Nesbitt asked that a section of the High Schools Act requiring the city to pay 90 per cent. of the cost of pupils from the city attending a high school outside the limits be repealed. The bill was referred to a special committee.

Timber Berth, Block W, Algoma.

Mr. Smyth (Algoma) moved for papers in connection with the sale to C. A. McCool of timber berth known as Block W, in the District of Algoma. The order was granted.

Ottawa is Turned Down.

Toronto, May 12.—The City of Ottawa met with a bad reverse in the private bills committee yesterday, when the clause of the city's bill which aims at establishment of a municipal electric light plant was opposed by Chairman Carscallen, who wanted it held over for a year, and when this was agreed to the city solicitor withdrew the bill.

GAS EXPLOSION KILLS TWO MEN

Several Others Buried in Debris at Point Breeze.

Out of 50 Persons Working Near Less Than 30 Accounted for.

Special to the Examiner.

Philadelphia, Pa., May 12. — Two persons are known to have been killed, several are thought to be buried beneath a mass of debris, and 20 others have been taken to hospitals as the result of an explosion of a gas tank of the United Gas Improvement Company at Point Breeze to-day. There were nearly 50 persons working close to where the explosion occurred and these few less than 30 have been accounted for.

THE CHARGE WAS CHANGED

Manslaughter Charge Changed to Unlawful Conspiracy.

The charge of manslaughter against the four Christian Scientists held responsible for the death of Wallace Goodfellow, who succumbed to typhoid fever, was yesterday changed by the Grand Jury at the assizes to unlawful conspiracy to deprive young Goodfellow of the necessaries of life and proper medical attention and nursing, whereby his death was caused, and unlawfully conspiring to effect his cure by unlawful and improper means, thereby endangering his life. A true bill on the charge was returned. The case will be tried next week.—Globe.

Good country store with Post Office attached about 8 miles from Peterborough, well situated. Good bargain. Possession at any time.

We have several good farms for sale, which would make desirable homes at different prices.

STABLER, SWITZER & CO.,

Real Estate and Insurance Agents. Office under town clock, entrance of Market.

"BALOW FOLK" AT ST. JOHN'S

Delightful Comedietta Charmingly Presented.

Clever Production of Local Poetess—Costumes and Staging Were Excellent.

A thoroughly delighted audience attended the presentation last night of "The Balow-Folk" at St. John's school house. The Mission Band are to be heartily congratulated upon the result attained, which was successful beyond all expectation.

The Balow-Folk, a synopsis of which was given in yesterday's Examiner, is a delightful comedietta, embracing a number of the poems of Eugene Field, arranged into a play by Miss Alma F. McCollum, who has won for herself, throughout the Dominion, such well deserved laurels in the realm of song. The knowledge of Miss McCollum's prospective departure to Toronto in September, has created a widespread feeling of sorrow amongst her many friends in social and literary circles here.

The Balow-Folks is the fourth play from her pen, written specially for the Mission Band. Others previously presented were a dramatization of "Red Riding Hood," "Snowdrop and the Seven Dwarfs," and "The Bogey Lady," in the presentation of which she collaborated with Mrs. Green, since deceased.

Miss McCollum has been most untiring in her efforts in the training of the children for last night's successful production, and was presented, at the close of the entertainment with a beautiful bouquet.

The officers of the Mission Band, under whose auspices last night's play was conducted, are: President, Miss Daisy Mills; secretary, Miss Amy McKee; assistants, Miss Hazel Dean and Miss Alice Nesbitt.

The play is most cleverely arranged, and affords a charm equalling that of many of the more pretentious musical comedies. The cast of characters is as follows:

The four nursery children, Alice Wilson, Mabel Pringle, Greta Rountree, Jack Dennistoun.

Lady Button Eyes—Miss Hazel Dean.

Ganderfeather—Reginald Stratton.
Simmerdew—Bessie Ray.
Thistleblow—Grace Hillier.
Daisybright—Olive Conway.
Pilfercurds—Stella Wallis.
Honeylove—Ethel Armstrong.
Amberglee—Madeline Pierce.
Turtledove—Isabel. Nesbitt.
Chorus from Good Children Street —The Mission Band.

Before its opening a short synopsis of the play was read by Mr. K. Eardley-Wilmot, who then announced an opening piano solo, which was rendered with much artistic expression by Miss Gladys Seward, a most promising pianist, who was obliged to respond to an enthusiastic encore.

The curtain rose upon a scene, beautiful in its arrangement and grouping, and artistic in its harmony of colour. Probably never was the old Latin art canon, "Ars est artem celare," better illustrated than in the apparent carelessness and abandon of the arrangement of the stage settings, which, however, united to form an ensemble effect, most fascinating.

The opening scene displays a nursery, containing a cot, chairs, etc., and a large edition de luxe of Eugene Field's poesm upon an easel—Ethel, Jack, Gladys and Doris are talking of Eugene Field's poems. Doris is in her nightgown and Ethel is trying to induce her to go to sleep. The costumes were of most artistic and pleasing design and gave evidence of much care and thought in preparation.

After an introduction full of clever conceits and fancies, the recitation "Have you ever heard of Sugar-Plum tree," was cleverely given by Master Jack Dennistoun. Miss Mabel Pringle also won golden opinions by the manner of her presentation of "The Old Red Hen." Miss Alice Wilson acquitted herself most charmingly in the several vocal numbers which devolved upon her in the most difficult role which she undertook The first was "The Rock-a-bye Lady," which was rendered in a manner displaying much artistic feeling and sympathy with the character of the clever conception. Miss Frances Stone presented "I was just a little thing when a fairy came and kissed me," in a manner which delighted the audience. Miss Mabel Pringle's rendering of "The Gingham Dog and the Calicao Cat" aroused demonstrative expressions of mirth from the younger portions of the audience. One of the cloverest elocutionary efforts of the evening was undoubtedly "The Night Wind" as presented by Miss Alice Wilson, its ghostly wail being reproduced most realistically. Miss Hazel Dean performed her most arduous role in a charming manner throughout, and in her presentation of "Sissy Knott," "knott" only delighted the audience, but admirably caught the spirit of the poet's conception. The choruses throughout were given with a sprightliness and vivacity of movement thoroughly in keeping with their character, this being particularly the case with the closing one, the ever-delightful "Wynken, Blynken and Nod."

At the conclusion of the play, Rev. J. C. Davidson, in a few brief remarks, expressed his hearty congratulation to the Mission Band, and also referred to the coming departure of Miss McCallum, the loss of whose valuable assistance in connection with the Mission Band and other church work would cause deep regret.

The audience dispersed after singing "God Save the King."

Mothers Are Helped

THEIR HEALTH RESTORED

Happiness of Thousands of Homes Due to Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's Advice.

A devoted mother seems to listen to every call of duty excepting the supreme one that tells her to guard her health, and before she realizes it some derangement of the female organs has manifested itself, and nervousness and irritability take the place of happiness and amiability.

Mrs. Anna McKay

Tired, nervous and irritable, the mother is unfit to care for her children, and her condition ruins the child's disposition and reacts upon herself.

The mother should not be blamed, as she no doubt is suffering with backache, headache, bearing-down pains or displacement, making life a burden.

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for this condition. It strengthens the female organs and permanently cures all disorders such as this letter describes:

Dear Mrs. Pinkham:

"Being mother of five children, I have had experience with the general troubles of my sex. I was lacerated when one of my children was born, and from that hour I date all of my afflictions. I found that within a few months my health was impaired, I had female weakness and serious inflammation and frequent flowing spells. I became weak and dizzy, but kept on my feet, dragging through my work without life or pleasure. A neighbor who had been helped by taking Lydia E. Pinkham's Vegetable Compound insisted that I take at least one bottle. I did so, and felt so much better that I kept on the treatment, and it made me a strong and well woman. The few dollars I spent for the medicine cannot begin to pay what it was worth to me."—Mrs. Anna McKay, 326 Spadina Ave., Toronto, Ont.

Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

THE OFFICERS WERE ELECTED

Annual Meeting of the George Street Sunday School

Flower Sunday on June 25th.—Reports for Year Show Progress.

The annual meeting of the George Sunday school took place last night and there was a very representative gathering. The minutes of the last meeting were read and confirmed.

Mr. Robinson, the secretary, then gave his report, which was most encouraging.

Some little discussion took place concerning Grace church, as to whether it was merely a department of George street, or whether it was independent. It was finally decided to elect officers for Grace church at the present meeting.

Mr. G. W. Powell, superintendent of Grace church Sunday school, then gave his report. He said that they had a good school there but it was not growing much, owing to the fact that when the scholars got a certain size they came down to the George street school. They had a good Primary Class, however, and were adding to it. What they needed very badly was a teacher for the Bible class; it seemed almost impossible to fill that position.

Mr. W. Dredge, the secretary, read his report, which showed a very successful year.

The secretary of the George street Sunday school then read his report, which showed some most interesting items. These reports will be published later, as they have not yet been audited.

The election of officers then took place as follows:

Supt. — T. W. Robinson.
1st Asst. Supt.—A. O. Kidd.
2nd Asst. Supt.—J. S. Knappman.
Secretary—A. E. Dixon.
Treasurer—J. S. Knappman.
Supt. of Home Department — A. W. Cressman.
Librarian—F. H. Dobbin.
Asst. Librarians — Messrs. Madill and Pearson.

J. J. Hartley was elected Assistant Superintendent for Grace Sunday school.

Discussion then followed concerning Flower Sunday, as to when it should be held this year. It was decided to hold special services on the last Sunday in June, to be known as Flower Sunday, and that the Sunday school should be withdrawn on that day.

The annual picnic for the Sunday school was also discussed, but nothing definite was decided.

The meeting then adjourned, Rev. Dr. Crothers pronouncing the benediction.

NATIONAL ANTHEM IN FIVE OCTAVES

Bandmaster Packam Will Play it at S.A. Barracks.

Bandmaster Packham of Toronto, will assist with the meetings in the Salvation Army barracks on Sunday next. The bandmaster is a noted cornet soloist. On Sunday afternoon he will play a solo entitled "Robin Adair" in three octaves, the last octave being played with the instrument layed on the table without putting his hands on it. On Monday night he will play "God Save the King" in five octaves, this being a very difficult thing to do. It is said that there is only one one other man in the world that can do it. All lovers of music should hear the bandmaster play these selections.

MR. FRY READ HIS OWN OBITUARY

Comrade Wore His Tunic to Battle and Was Killed

Numbers on Garment Confused and his Name Telegraphed Home as Having Been Killed.

Mr. Ernest Fry, who has been visiting at the residence of Mr. Geo. Stevens, in Ashburnham, for the last few days, has had an unique experience, that of reading his own obituary notice, and he tells in an interesting way about it.

Mr. Fry is a first cousin of Mrs. Stevens, and his visit here this week is the first time that she has seen him for twenty years, since he was a small boy. His home is in Belleville, where he is looked upon as a sort of a curiosity, and the people of that town have hardly yet been able to bring themselves to realize that it really is "Ernie" Fry that they see walking around, and not his ghost, for there are some people in that town who still believe in the presence of spirits.

The subject of this reference was a member of one of the South African contingents, and it was while he was in Africa that the report came home that he had been killed. He was a very popular young man, both in Belleville where he was well known, and in other places in which he was also known.

It appears that it was purely by a coincidence that the report was sent to Canada that he had fallen in battle, but it was a coincidence which caused considerable needless sorrow to his friends. A comrade on a certain day during the progress of the war, wore a tunic upon which was stamped the number by which Mr. Fry was known in his company, and this comrade fell in battle. When they were gathering up the dead and wounded after the engagement they came across the body of the man whose tunic bore the number by which Mr. Fry was known, and in reporting those killed they gave his name.

The news flashed over the wires, and, naturally there was great sorrow among his many friends, and particularly among his relatives. Wholly unconscious, however, of the fact that he had been reported dead, Mr. Fry continued his march up the country with his regiment, and it was not until two months had elapsed that he saw a Toronto Globe in which among the list of dead, he saw his own name, "Ernest Fry, Belleville; killed in engagement." Of course, he immediately sent word home that it was all a mistake, and that he was still in the land of the living, but by the time that his friends herad this it was nearly six months, and they firmly believed him to be dead.

Mr. Fry also tells an interesting story of how he came to enlist for service in South Africa in the first place. He was sent from Belleville to Kingston with a squad of men, who were intending to enlist, to have them examined by the doctor. They were poor soldiers, however, and when the time for the examination came they all decided that discretion was the better part of valour, and would not be examined. It was then in disgust, that Mr. Fry determined to enlist himself, and show the Kingston officers that the Belleville people were not all cowards.

He has spent a couple of days in town, and last night, in company with Mr. Stevens, he left on a trip to the gold mines of the Star of the East Mining Company, and the Big Dipper Mine, in both of which he intends to become interested.

DEATH OF MRS. R. H. HARRISON

Funeral This Afternoon to Lakefield Cemetery.

The death occurred Wednesday afternoon at 4 o'clock, of Agnes Copas, wife of Richard H. Harrison, of Otonabee Township. Deceased, who was only ill a few days and was in her 33rd year, leaves a sorrowing husband and family of four children.

The late Mrs. Harrison was born in England came to Canada some years ago and was married in Smith Township. They resided there some time when they moved to Otonabee and have lived there ever since.

The funeral took place this afternoon from lot 15, concession 15, Otonabee, to Lakefield Cemetery.

THE BEST IS CHEAPEST

"Solution of Ozone (the coupon kind) is the purest and best form in which Ozone is put up. Each bottle of it contains a coupon entitling you to a package of "Celery King", the well known laxative which should always be used with Ozone.

By buying "Solution of Ozone (the coupon kind)" you get Ozone in its most efficient form and you get about twice as much of it for your money as of other brands. You also get the package of "Celery King" without charge.

No other brand of Ozone offers this advantage because no other firm can give you the "Celery King." This is the only way to procure the full value of your Ozone purchase

"Solution of Ozone (the coupon kind)" is fifty cents and one dollar at your druggists, and if he hasn't it the Public Drug Co., Bridgeburg Ont., will see that you are supplied. Sold by W. B. WARNE. 12

SPRING TONIC

If you are afflicted with that tired, languid feeling, from impure blood, sluggish liver or weak kidneys,

Madill's Sarsaparilla Compound

is the remedy. No better Spring Medicine. Made and sold only by

Wm. Madill Druggist & Optician, Oak Hall Drug Store, Peterborough.

"Meets that Satisfy"

For Hasty Luncheons AND Sunday night Suppers

There are lots of times when you don't want a big meal — or have not the time to cook it. That is the convenience of

Laing's Canned Meats

Something tasty for every appetite. Fine for quick lunches, cold suppers, and to complete the menu when unexpected guests drop in, or the cook does not come.

Just try a can of Laing's Corned Beef. That will give you a hint of how good the other 39 kinds are. At your grocer's.

The Laing Packing & Provision Co., Limited Montreal

SMART FORGER IS IN BARRIE

Man Whose Methods Were Described Worked Game There.

This is the Man Whom the Police Have Warned Peterborough Merchants Against.

A few days ago the police department issued through the press a warning against a man who had a practice of forging cheques, and his method of operation was explained.

Now a story comes from Barrie telling of a merchant there who was victimized in this way. The Barrie Examiner reporting the incident, says:—

"A smart forger got the better of George Livingstone to the tune of $30 on Saturday evening. About seven o'clock a stranger walked into his store and proached a note supposed to be signed by W. Taylor, florist, written on one of Mr. Taylor's notecards and enclosed in his printed envelope. The visitor then proceeded to choose a pair of patent leather shoes and proffered a cheque with the signature of Wm. Taylor in payment. Quite unsuspecting Mr. Livingstone gave the stranger the boots asked for and cashed the cheque handing over the change. The man pocketing the coin quickly disappeared and no more was seen of him. He is described as about five feet, ten inches in height, with dark moustache, and wearing a light suit and a stiff hat.

Previous to his successful visit to George Livingstone, the smooth individual attempted to work his nervy game on J. C. Irwin. Shortly before six, someone called Mr. Irwin on the telephone and representing himself as Wm. Taylor asked if Mr. Irwin would cash his cheque for $30 issued to an employee in payment for wages. Mr. Irwin agreed to oblige Mr. Taylor, but shortly afterwards he left the store. It was not long till a stranger appeared looking for a pair of shoes and having chosen the best in sight presented a cheque supposed to be signed by Wm. Taylor and endorsed "Wm. Watson." John Clayton, who waited upon the customer did not like the look of the cheque, and pretending that he was going to speak to his employer, called up Mr. Taylor and found that his signature was forged. Apparently the forger scented trouble for he picked up the cheque and departed before Mr. Clayton left the telephone. Information was at once given to the police, but so far as heard, the man is still at large.

TOWN BUILDINGS TO BE IMPROVED

Linoleum on Committee Room Floor—Rails on Market Stairs.

The property committee met last night in the clerk's office, when Messrs. Batten, Leary, Scott and Crowe were present.

It was decided on motion of Ald. Leary and Crowe to recommend that the chairman be authorized to have a new linoleum placed on the floor of the committee room in the town building and also to have a new rail placed around the market scales, to have a new carpet laid on two of the firemen's bedrooms and the ceiling of one room papered.

In response to a letter from a Coal Company in a city in the United States, the clerk was instructed to write them that the town's policy is not to purchase coal from firms outside of the country.

Lifebuoy Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

NOT ENOUGH TO FILL POSITIONS

S. A. Headquarters Will Be Asked to Send More Men.

Fifteen of the Vancouver's passengers have arrived in Peterborough, this being only about half enough to supply the demand. Many who had applied some months ago could not be supplied. There was a number of new applications for men and servant girls. Adjutant Jennings has 'phoned the S. A. headquarters in Toronto to see if more could be sent here, but as yet has not received a reply. It is expected that more will be coming in a short time and the applications filled.

Amongst the later arrivals in the Salvation Army Circle is a good plumber. Any one who needs a good man can apply to the S. A. Officers.

Pacific Cable Conference.

London, May 12.—The C. A. P. understands that the Pacific cable conference will be held at the end of the month. Negotiations are in progress whereby an important extension of the business facilities for the cable in Australia will, it is hoped, be secured.

The confession of John Jackson at Vancouver of having murdered a woman in London, is not believed here. It is thought to be a device to get a free passage home.

Could Not Walk Ten Yards Without Resting.

Mrs. D. Herkimer, Hall's Bridge, Ont., was Troubled with Weak Heart and Sleeplessness.

How many women are troubled with a weak heart? How many lie, night after night, trying to sleep, and can't? Perhaps you are one of them? If so, read what Mrs. Herkimer says. It may save you years of suffering if you take her advice:—

"I am now enjoying the best of health, after having used Milburn's Heart and Nerve Pills. I was troubled with a weak heart, and was afraid to draw a long breath, for the pain it would cause me. I could not sleep at night, and it was impossible for me to walk ten yards without resting myself. I cannot speak too highly of your Heart and Nerve Pills; they are the greatest pill I have ever used, and can recommend them to all sufferers."

The price of Milburn's Heart and Nerve Pills is 50 cents per box, or 3 boxes for $1.25. For sale by all dealers, or mailed direct on receipt of price.

THE T. MILBURN CO., LIMITED, TORONTO, ONT.

First-class Property for Sale.

ENFORCEMENT OF GAME LAWS

Chief Game Warden Says Laws Are Being Better Observed.

Annual Report of Ontario Game Commission for 1905 Published.

The annual report of the Ontario Game Commission which has been published recently, refers to the fact that the game laws are becoming more generally observed each year. It says in part:—

The Game Laws are becoming each succeeding year more respected as they become better understood by the general public, who now realize that it must be either protection or extermination, and wisely choose the former. I regret the necessity of again having to allude to a number of men in business in various parts of the Province who have so little respect for their characters as business men. These men, whom I am glad to say are few in number, are in collusion with law breakers and poachers. Storekeepers who knowingly purchase from poachers raw furs or game illegally procured are to a large extent in the same class as receivers of stolen property, and should be punished to a similar extent. These merchants, stores are the depots from which the agents of firms in other provinces purchase illegal furs and game for export. To such an extent does this illegal traffic prevail that we have to meet all trains and all express matter at the principal railway stations. During the year 1904 upwards of 1,500 brace of partridge have been seized and confiscated, nearly all of which had they escaped the vigilance of our Deputy Wardens, would have been sold in New York and Boston. The penalty for those caught engaged in such transactions should be imposed to the fullest extent, for the purpose of paying the cost of the espionage made necessary by their illegal actions.

With one or two unfortunate exceptions the large number of American sportsmen hunting in the Province have conducted themselves as gentlemen and sportsmen would be expected to do, respecting our game laws and proving their title of gentlemen and sportsmen and all these words imply. Many have expressed themselves to me in glowing terms of the enjoyment and satisfaction derived from their visit to the Province; many of them allude in the kindest terms to the uniform courtesy extended to them by the Wardens, Deputy Wardens, and others with whom they came in contact. In miserable contrast to the conduct of the above mentioned gentlemen was the conduct of four young Americans who from their appearance were intelligent enough to have known better, and whose names I omit in regard for the feelings of their relatives and connections. These four men, from a well known coal and iron district of the United States, on their arrival in the Province represented themselves to be residents of Ontario, securing licenses for five dollars instead of twenty-five dollars each, thus defrauding the Government to the extent of eighty dollars. Not satisfied with that, they went into the woods several days before open season commenced, and not only killed game during the close season, but wantonly shot cow and calf moose, leaving the remains to rot in the woods. Too much cannot be said of "the prohibiting the sale of game" as an effective factor game protection. It removes the object for killing game by the market hunter and to some extent puts him out of business.

It will be necessary to further prohibit for a number of years the sale or barter of snipe, woodcock, quail, English or Mongolian pheasants, all species of grouse, including ruffed grouse, better known by its local name of partridge. I regret to say the necessity for further protection of wild turkey in the province no longer exists. I do not believe that there is a single specimen of this grand game bird at this time in its natural wild state in the province. Although protected for a number of years they have disappeared with the woods in the counties of Essex, Kent and Lambton, the last three counties in which they were found.

A large number of the best sportsmen in the Province want the open season for ducks to commence September 15th instead of September 1st, a change I would strongly recommend. This change would result in all species of wild fowl except quail having the same open season. Sportsmen wanting this change allege that the ducks which reach our lakes and bays from the far northern breeding grounds during latter part of August and early September, have not time to settle down and stay in our bays and marshes, as they would do if left undisturbed for two or three weeks after they arrive. It is further alleged that not only are the ducks driven away by this early shooting and never return, but that the ducks after their long flight, are in poor condition, and to some extent unfit for food during the warm weather that prevails in the early part of September.

The action of the Legislature in reducing the open season for quail, and the order passed by the Lieutenant-Governor in Council, making the season of 1904 a close one for these little, but grand and useful game birds has been strongly endorsed by field sportsmen.

It should be apparent to sportsmen who have given the question of game protection the consideration it deserves, that increased restrictive measures are necessary to meet the improved methods and weapons of destruction. To prohibit the use of four-bore guns and allow the use of far more destructive weapons would be unwise and inconsistent. I, therefore, respectfully recommend that the Browning automatic and repeating shot guns, for the killing of game in the Province of Ontario, be prohibited.

The use of steam yachts, sail boats and power launches should not be allowed in connection with the hunting and shooting of water fowl. The large increase in the number of power launches enable many duck hunters to have the ducks chased by these boats over the hides and submerged boats of these shooters. It is also alleged by the large number of sportsmen not able to indulge in the luxury of steam yachts or power launches that this system of harassing the ducks drives them from the localities where such practices prevail. The use of these boats controlled by confederates acting in collusion with poachers enable the latter to escape when detected by our wardens.

THOSE BATTERIES IN ST. THOMAS

An Alderman Gives His Reason For Favouring C. G. E. Tender.

Was Lower in Price and Quality was Just as Good.

The purchase by the St. Thomas council of an American Storage Battery instead of one from the C. G. E. Co., although the tender of the latter was $360 lower, has caused considerable talk in that city, and the newspapers are publishing interviews with the aldermen, giving reasons for supporting or opposing the purchase.

Ald. Lawrence, who was in favour of the C. G. E. tender, is reported in the Times, which says:

Ald. Lawrence, on being interviewed regarding the subject, said he supported the Canadian General Electric tender because it was lower and because their battery was just as good as the Gould. He said the figures quoted by City Solicitor Doherty were misleading and maintained that the General Electric tender was $360 lower than its competitor. The agent for the General Electric had agreed to put in the same class of jars as the Gould and to furnish covers at no additional expense. There was, so the agent showed by his price list, only 20 cents difference in the cost of the jars. The terms were, Ald. Lawrence said, the only thing which could possibly lower the figures of the tenders, and he thought that perhaps the General Electric people would have made the same terms as the Gould had they been given the chance. The city had, anyway, $28,000 in the bank to pay for the battery and could raise the remainder by striking a rate on the dollar. There was no necessity for issuing debentures. The General Electric agent said the company would keep supplies on hand at Toronto and would, when anything went wrong with the battery, send a man from Toronto at their expense. This, he maintained, was a good deal handier than getting supplies from Depew. Ald. Lawrence was strong in his conviction that the tender of the General Electric Company should have been accepted. Some of the aldermen who visited Berlin to see a Gould battery last fall and then went to Toronto to look at the General Electric machine, had come to the conclusion, so expressed by themselves, that the General Electric was the better of the two. Now they had changed their minds, despite the fact the fact that Engineer Bell, the only man in the employ of the council who knew anything at all about batteries, had recommended the acceptance of the General Electric tender. Ald. Lawrence concluded by saying that he did not know much about batteries, but he knew just as much as any of the other aldermen.

Treated by Three Doctors for a Severe Attack of Dyspepsia,

Got No Relief From Medicines, But Found It At Last In

Burdock Blood Bitters.

Mrs. Frank Hutt, Morrisburg, Ont., was one of those troubled with this most common of stomach troubles. She writes:—"After being treated by three doctors, and using many advertised medicines, for a severe attack of Dyspepsia, and receiving no benefit, I gave up all hope of ever being cured. Hearing Burdock Blood Bitters so highly spoken of, I decided to get a bottle, and give it a trial. Before I had taken it I began to feel better, and by the time I had taken the second one I was completely cured. I cannot recommend Burdock Blood Bitters too highly, and would advise all sufferers from dyspepsia to give it a trial."

MANY CONVICTIONS AT LAKEFIELD

Judge Edmison Held County Court There Yesterday.

Judge Edmison held County Police Court in Lakefield yesterday, a large number of convictions being registered.

In the first case, one on a charge of frequenting a disorderly house, five young men were fined $2.00 each and another, $5.00.

Two fishery cases were also disposed of, two men being fined $10 each, on a charge of spearing lunge.

EXCITING IRISH EVICTION FIGHT

Two Hundred Police Evict an Aged Peasant

An Extraordinary Conflict, Recalling the Stormiest Days of the Irish Land Agitation—Police Attacked the Island and Met Stubborn Resistance.

London, May 10.—The Daily Express publishes the following:

An eviction battle recalling the stormiest days of the Irish land agitation has taken place between 200 picked men of the Royal Irish Constabulary and the entire population of Dursey Island, a bleak spot in the Atlantic, sixteen miles from Castletown, Berehaven, county Cork.

The two hundred police were sent to evict Daniel Healy, an aged peasant.

They only did so after a desperate encounter with the other occupants of the island—some thirty-five families—who met them on landing with a fusilade of stones, and then fought a hand-to-hand conflict, in which fixed bayonets and the butt-ends of rifles were freely used.

Healy, the peasant, who was the cause of the extraordinary conflict, owns a patch of land on which he keeps four cows, his only source of livelihood. His rent is £9 15s a year, but he had paid none for four years.

The evicting force of 200 men, in charge of a county inspector, three district inspectors, and accompanied by a resident Magistrate, left Bantry at 9 o'clock on Tuesday night on board the Government steam tug Gamecock.

In the early hours of Wednesday morning the tug stole down on the island. The police were expected, and the islanders had prepared for their coming by fortifying the east landing-place, one of the two accessible places on the island.

Landed by Stealth.

There is, however, another landing-place on the west side of the island, which is only practicable in the calmest weather. Here thirty policemen, under the charge of Inspector Armstrong, put off in boats and landed unknown to the islanders. It was a clever tactical movement, for this force covered the landing of the main body at the east side stage.

The islanders were completely taken by surprise. They had not expected that the police knew their cove, and their powers of effective resistance were considerably neutralized. They concentrated at the east stage—men, women and children. Every able-bodied person in the island had a missile of some sort.

As the boatloads of police approached they were met by a fusilade of stones and rocks from the human batteries on shore. Then Inspector Armstrong's covering party attacked the islanders from behind. They shoved, buffeted, and jostled the defenders, anxious at first to hurt as few as possible. Very quickly the fight became vicious. The parties fell on one another, and the wildest excitement followed. The men in the boats shouted and blew their whistles, and it seemed as if their comrades would have a bad time before they could land.

Women as Defenders.

The men fought the police on shore with their fists, while the women and children kept up a running fire of stones on the men in the boats. The police fought at first with their batons, and laid about them vigorously. Some of them fixed bayonets and used them, while others used the butt-ends of their rifles.

One man jumped into the sea and swam along the shore to escape the batons of the police. Another attempted to grapple with a policeman, and received a terrific blow from a baton on the temple. After this his assailant lunged about him with his bayonet, and the half-stunned man, in attempting to ward off a thrust with his bare hand, received a terrible gash.

At last sheer weight of numbers told. The islanders were overcome, and they were allowed to disperse with aching heads and limbs. Then the rest of the force was landed, and the all-conquering 200, having vanquished the islanders, advanced to evict Daniel Healy.

Evicted From Their Wretched Cabin.

The actual eviction was a pitiful affair, unrelieved by a touch of colour. Healy is an old man living with his wife, his son and daughter-in-law and two children. The wretched cabin is the only home they have ever known, and they clung to the place with its cozy walls and swimming floor with the inherent devotion of the Celt for his home.

The 200 police halted outside the house. The agents of the landlord were the first to enter. Healy approached them and pleaded for a settlement. His proposition was flouted. "The law must take its course," said the agent. "Clear out everything!" Then the Sheriff's men started to remove the furniture.

To add to the pathos of the scene, a steady downpour of rain had set in. The young mother gathered her infant from the table, while a kindly neighbor took charge of the other child—an ailing mite of three, who had been ill for some time. The melancholy party dragged out of the house crying bitterly, while one by one their few goods were thrown after them and scattered in the rain round about the house.

Then the police, having accomplished their work, departed. They left a force of thirty men in charge of the island.

As a Convalescent Food.

Mr. Wyman N. Thomas, Ompah, Addington County, Ont., writes:—"My wife had congestion of the lungs along with other troubles, and became very weak and run down. By the use of Dr. Chase's Nerve Food she was made as strong and well as ever. Of course I had a doctor, but she was weak, and it was Dr. Chase's Nerve Food which built her up."

THE COMMITTEES WERE APPOINTED

Peterborough Ministers in Attendance at Presbyterian Synod.

Rev.'s E. F. Torrance, D. D., J. G. Potter, of Peterborough, and George Yule of Springville, are in Toronto attending the Presbyterian Synod, at present in progress there.

The Synod yesterday accomplished a great variety of work. They discussed temperance issues at some length in the morning, brought forward a scheme to raise the minimum salary of ministers in the afternoon, and heard exhaustive reports of work among the young people in Sunday Schools and in the Y. P. S. in the evening.

At the conclusion of a somewhat lengthy discussion of Temperance issues, a committee was appointed to devise a means of co-operation among Presbyterians in order to weaken the grasp of intemperance.

In the personnel of the committee is included the name of Rev. J. G. Potter, of St. Andrew's Church, Peterborough, and the following other clergymen.—Rev. H. Gracey (convenor), Mr. Graham, Rev. A. Gandier, Rev. A. R. McIntosh, Mr. Selby and Rev. James Murray.

In the report of the Augmentation Committee, provision is made for the raising of the minimum salary of ministers, by an increase of $50, to $800 and a manse. To provide for this increase the Committee drafted the following amounts to be raised per Presbytery, by September, at the rate of 21 1-3c a member:—Kingston, $1,200; Lindsay, $750 Toronto, $5,500; Barrie, $1,200; Algoma, $350; Saugeen, $800; Peterborough, $1,500; Whitby, $500; Orangeville, $750; North Bay, $375; Owen Sound, $1000; Guelph, $2,000.

Rev. Mr. Potter was also appointed as a member of the Augmentation Committee, and as Convenor of the Young People's Societies' Committee.

State of Ohio, City of Toledo, } ss.

400 VICTIMS.

Oklahoma Town is said to Have Been Destroyed By Tornado.

Oklahoma City, I.T., May 11.—Reports have just reached here from Hobart and Anadarke, confirming the news of a tornado at Snyder, but no details are known. The Frisco Railroad is sending a relief train from Chickasa to Snyder. It is rumored that 400 people were killed and injured.

HAD TO HIDE IT

A mother wrote us recently that she had to keep Scott's Emulsion under lock and key—her children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way. Scott's Emulsion makes children comfortable, makes them fat and rosy-cheeked. Perhaps that's why they like it so much—they know it makes them feel good.

"I cannot speak too highly in praise of Smith's Buchu Lithia Pills, as they have done me a vast amount of good. For several weeks I suffered terribly from Lumbago, and expended a great deal of money in experimenting on a cure, but failed to find anything of merit until I commenced taking your pills. I got relief from the start, and within a few days was able to resume work. The disease has wholly left me, and I am at my service in speaking a good word for the pills."

THE CEASELESS STRUGGLE.

It would seem that the temperance problem, like the poor, we shall have with us always. For half a century or more, we have had moral effort, church crusades, repressive and restrictive legislation, and, according to some authorities, with no apparent results in the way of permanent improvement. Not only does it seem that there has been no decided improvement, but, according to some statistically minded persons, there has been a falling back. These persons tell us, that figures, which won't lie — except under skilful manipulation — reveal the fact that a larger quantity of strong drink is being consumed, and that convictions for crimes and misdemeanours, resulting from drink, are also on the increase. This may be, but the observer doesn't perhaps see this as he moves through the world from day to day. But whatever statistics prove, there is no doubt that there is an appalling amount of drunkenness and untold misery resulting therefrom. The fight seems to be hopeless, but it must be kept up. The morals of our people, the happiness of our homes, transcend every material consideration. The unfortunate element in dealing with the evils of excessive drinking, is that even the most earnest and enthusiastic propagandists of temperance reform do not agree upon a plan of campaign. Some pin their faith to moral suasion, some to repressive and prohibitory legislation, some to license law enforcement. This divergence of opinion, producing corresponding diversity of action, results in very palpable diffusion and weakening of energy. Temperance reform received particular attention at the recent meeting of the Presbyterian Synod of Toronto. The degrading impress of intemperance upon the life of the Church was very strongly referred to in the report of Church work. Dr. H. Gracey of Gananoque, said that the liquor evil was even obstructing the advancement of the Church, and was a matter that every pastor found a difficulty in meeting. Judicial legislation and moral suasion, were, he said, the only weapons possible. The licensing system was said to be fair. The point was, Could it be enforced to the letter? As far as he could gather, it did not depend upon legislation, inspectors or commissioners, but upon town councils insisting upon police officers doing their duty on pain of dismissal. Mayors were too prone to keep on the good side of the all-powerful hotel men and invariably failed to push the matter too closely. Officers rarely charged a delinquent with a second offence. In fact they had never learned to count more than "one." This may be all true, and apply to some mayors, and some councils, sometimes, but are the municipal authorities always to blame, supposing this contention is correct? Can a mayor or municipal council be expected to go beyond public opinion. If the authorities, local or otherwise, could count on being supported by public opinion, would not the results be different? Do ministers — of no particular denomination — always resist the temptation to conciliatory condemnation of wealthy members of their congregation, whose little lapses from the moral line call for censure? Can we wonder that politicians are not exempt from the weakness of making political capital out of their opportunities, whether temperance or other interests are involved? At the last general election the people practically declared in favour of a license law, having previously refused to adopt prohibition. They were perhaps influenced by the promise that the administration of the license law would be removed from political control. How far their confidence in this regard has been justified, is for the people themselves to judge. It seems to come to this, that so long as moral forces depend upon material forces to largely do the work of temperance, and so long as the material forces are inextricably mixed up with politics, the fight cannot be called off. The weakness of our human nature is largely responsible for the yielding to the temptation of drink, and the weakness of human nature also becomes a factor in dealing with the resulting evil.

TORONTO THE TERRIBLE EXAMPLE.

The good, dyed-in-the-wool Conservative city, is held up as a terrible example of corrupt practices in municipal elections. In the city of Toronto bill a clause was inserted, in order to prevent a recurrence of the election scandals of 1904, requiring the appointment of poll clerks by bylaw upon the recommendation of the city clerk, instead of by appointment by deputy returning officers. This was made to apply to virtuous Toronto only. Scrutineers were also deprived of votes. This is quite in line with the policy declared by the Conservative purity association, organized to put down corruption by raising a good fat corruption fund, and distributing it to the ridings. An argument used was that the purity association should begin operations by making its own house clean. The work is very consistently begun in Toronto, the most hopelessly Conservative city in Canada. We may expect the Toronto World, whose proprietor, Mr. W. McLean, by the practice of corrupt election methods, was at a certain mayoralty election in Toronto, "butchered to make a Tory holiday," to heartily approve of the legislation mentioned. That is, if the World succeeds within a reasonable time, in exterminating the enemy, the sister province of Quebec, which has earned the undying hatred and hostility of the World, and some others of its cult, by ebing guilty of the crime of having French blood in its veins.

THE GOVERNMENT VINDICATED.

The surveys of the Eastern Division of the Grand Trunk Pacific have abundantly vindicated the action of the Laurier Government in pushing forward the work of this across-the-continent highway. The Conservative Opposition, with a lack of enterprise and patriotism and an imperfect appreciation of the importance of the early completion of the line, pleaded for delay till more exact information respecting the route could be gathered. This would have meant a long delay and postpone the construction of the line perhaps a score of years. The government had received more accurate information than was believed. At any rate they felt justified in pushing forward the work, which in view of the rapid settlement of the Northwest, and the resulting increase of grain requiring shipment, needed additional transportation facilities, and their enterprise has been justified by the result of surveys.

The surveys of the eastern division of the National Transcontinental Railway, have made it clear that a route has been located with a maximum grade of four-tenths of one per cent. for the whole distance from Moncton to Winnipeg. This is equivalent to a dead level road, and is a thing which does not exist elsewhere on the contient for the same distance. It was announced some time ago that a route of this character had been located through the Province of New Brunswick. The reports of explorers had indicated that a similar level route could be found between the New Brunswick boundary and the city of Winnipeg. The exact reports of the surveyors have confirmed the indications of the explorations. While the precise route will not be given out for a few days, when it will be announced in the House, it is understood that the greater portion of it is over country which does not involve cutting operations, which would bring up the cost of constructing a level road to a prohibitive figure. The curves are reported to be easy and the greater portion of the country through which the line will be built is adapted to settlement, insuring local traffic throughout the length of the line. There is plenty of timber and an abundance of mineral indications. The great portion of the surveys will be completed this summer, and contracts for construction work will be let in the autumn. This will enable the contractors to get their supplies and materials in during the winter over the snow, when hauling can be most easily and cheaply accomplished. They will have all the men and materials on the ground in the spring of 1906. It is probable that construction will begin before that time, as any rock cutting that has to be done can be accomplished as well in the winter as in the summer. For practical railroading purposes a road with maximum grades of four-tenths of one per cent is regarded as a level line, for a locomotive can haul up a four-tenths grade any load that it can start from a stand-still. This will mean 1800 miles of road level line, and is expected to enable competition with or regulation of the water commercial avenues.

The Municipal Committee of the Ontario Legislature, are an ungallant—gang—the proper word in view of their treatment of the ladies. The committee, in connection with the Toronto City Bill, "turned down" the request of the W. C. T. U., that the municipal franchise be extended to women. Mayor Urquhart supported the proposition, but a motion proposed by Mr. Preston of Brantford, killed it. It is painful to add that Mr. Preston is a newspaper man, of whom better things are to be expected. The ground upon which he offered opposition to the clause, adds insult to injury. He argued that as the property upon which ladies asked the privilege of voting was represented by the husbands — as if a lady had not enough intrinsic value to entitle her to vote. The average lady is worth more than several average blocks of city property. The ballot seems to be far from the sex, committee passed Mr. Preston's condemnatory motion without a dissenting voice.

TWO TYPES OF PHILANTHROPY

When Andrew Carnegie was invited to contribute to the Japanese Red Cross fund for the relief of the sick and wounded soldiers, he declined, says the Hamilton Herald. This was his reason for declining: "I am opposed to war, and, therefore, will not join in any movement to relieve either of the combatants while the war continues."

His position seems sternly, relentlessly logical, but there is not much heart in it. Mr. Carnegie reasons that anything which helps to mitigate the horrors of war is bad for the cause of peace, which he has espoused. The more terrible and revolting war is, the less likely will nations be to go to war.

If he had given more thought to the subject, this business-like philanthropist would perhaps have grasped the truth that the Red Cross movement is only another phase of the humanitarian sentiment which has also given birth to the peace movement having for its object the substitution of international arbitration for war. These two movements are not antagonistic, but harmonious. Springing from the same sentiment, they are directed to a common end, only in different ways. The one aims to do good to the race in bulk, by means of legislation and diplomacy; the other aims to do good to the race individually through personal service.

It is a noteworthy fact that the international peace movement and the Red Cross movement came into being about the same time. They are both the products of the latter-day humanitarianism which is itself a phase of practical Christianity.

If the good Samaritan had been a humanitarian of the Carnegie type he would have reasoned thus: "I do not approve of robbery and aggravated assault. To help this poor fellow would tend to mitigate the terrors of robbery and aggravated assault, and might tend to stimulate the commission of such crimes. Therefore, instead of succoring this poor wretch, I shall imitate the example of the priest and the Levite, and pass by on the other side."

This is the sort of reasoning which discourages efforts for the reformation of the individual and magnifies efforts to make men good in bulk by act of parliament. Something is to be said in favour of the business-like logical, machine philanthropy of a Carnegie; but after all it may be doubted if in practical results it counts for so much as the type of philanthropy associated with such names as Florence Nightingale and John Howard and Father Damien.

MRS. NATHAN WINTERS TAKES HER OWN LIFE

Swallowed Fatal Dose of Carbolic Acid About 8:30 o'Clock This Morning—Motives for Tragic Deed Obscure--Left Home About 7:30 o'Clock, Returning About 20 Minutes Later--Dr. Marshall Hastily Summoned, But All Efforts to Sustain Life Were Unavailing--Coroner's Jury Viewed Body at Two o'Clock--Inquest on Monday Evening.

Jennie Ethel Winters, a young married woman, residing at 465 Downie street, this morning took her own life by swallowing carbolic acid.

The circumstances surrounding the case are particularly tragic, the motive for committing the deed being somewhat obscure.

Mrs. Winters was the wife of Nathan Winters, who is engaged in the business of enlarging photographs, and daughter of Thomas Oldham, an employee at Hamilton's Foundry.

She arose this morning about the usual hour, at 6.30 o'clock. It appears that some slight altercation occurred with her husband, just previous to the latter's departure to go to work, at which time she remarked that "She would not stand it any longer." About 7.30 o'clock the deceased lady dressed herself for the street, and left the house, being absent about twenty minutes, during which time it appears that she visited Nugent's drug store, where the fatal dose was purchased from Mr. Fowler, to whom she stated that it was for Mr. Winters of Downie street. It is stated that there did not seem to be anything peculiar in the bearing and manner of Mrs. Winter during the transaction, which did not attract any particular attention, as in housecleaning time the purchase of carbolic acid is frequent. Mrs. Winter signed the register of such sales.

The poison was apparently taken before her return to the house, as immediately upon her arrival there, her cries alarmed her step-mother, who at once ran upstairs to Mrs. Winters' room, where the latter had thrown herself upon the bed, and where she stated she had taken poison.

Mr. Oldham, who is an employee in Hamilton's Foundry across the street, was at once called. He immediately ran hastily to summon Dr. Marshall, who quickly inserted a stomach-pump, and though the poison was removed, and antidotes administered, but all efforts to sustain life proved unavailing.

An inquiry was held this morning by Coroner Gray, which failed to reveal any motive for the deed further than that already stated, though it appears she has been in somewhat poor health of late, though her sister, Margaret Oldham, stated that last night she appeared in particularly good health and spirits.

The deceased, who was twenty-four years of age, was born in Picton, and was married to Mr. Winters in Toronto four years ago, removing here a few months ago. Mr. Winter has been engaged in the business of picture enlargment.

In order to procure further particulars regarding the peculiar circumstances surrounding the case, an Examiner representative called at the house this morning, but in reply to an inquiry, for some reason or other, the door was slammed in his face most uncermoniously. This necessitated recourse to other sources for information.

A coroner's jury was this afternoon empanelled by Dr. Gray, and viewed the remains at the house at two o'clock, after which the inquest was adjourned till Monday evening at 8 o'clock.

Following are the members of the Coroner's jury:—C. N. Brown, foreman; Wm. Outram, D. F. Drummond, W. H. Hamilton, Wm. Battisby, J. F. Squires, P. Alexander, J. B. Pentland, H. E. Stinson, Fred Clark, S. A. Oke, F. C. Elliott, John Crane, W. H. Meredith, Robert McWhinnie.

MR. A. A. FOWLER TAKES HONOURS

Course in Empire College of Ophthalmology.

Mr. A. A. Fowler, of Nugent's drug store, has this morning received word from the Empire College of Ophthalmology, the only recognized optical college in Canada that he has successfully passed his examination in the Refractory and Dispensary Optical course.

He took a high percentage of marks and is now entitled to be placed on the honour roll of the institute, and will be given a diploma.

Mr. Fowler is being congratulated by his friends on his success.

GROCERS WILL CLOSE EARLY

GREAT DEMAND FOR IMMIGRANTS

Ten More Will Come From Toronto To-night.

All Those Who Came Last Night Have Been Appropriated.

The local officer in charge of the Salvation Army received word this afternoon by 'phone from Toronto, to the effect that in response to a request preferred this morning for more of the S. A. immigrants, ten would be sent here this afternoon, arriving on the 7.33 train to-night, and those who had applied for help and have been unable to procure it, may be supplied from this second contingent.

Among those who will come to-night are some girls who will be available for service, as housemaids and cooks.

The rapidity with which the newcomers have been appropriated, is an eloquent tribute to the value of the action of the Salvation Army in bringing these persons to the city.

Y. M. C. A. TO-NIGHT

Miss Eugenie Quehen—Pianiste
Mr. R. S. Pigott—Baritone
Miss Clara Bellegham—Soprano
Mr. Gilbert Markle—Violinist
Miss Mabel Clarry—Violin Accompanist
Programme begins 8:15 p. m.

WHEEL SMASHED IN A COLLISION

W. McAuliffe and an Unknown Rider in Mix-up.

A Cut on Jaw and Broken Wheel the Result.

W. McAuliffe, an employee of the American Cereal Company, was injured at noon to-day in a bicycle collision, but the person with whom he collided was more seriously hurt. It appears that Mr. McAuliffe was riding a wheel on his way back to work, after dinner, when he met a man, whose name he did not learn, going towards Ashburnham. Just opposite McAllister's Mills the two bicyclists met in collision, Mr. McAuliffe claiming that the other man took the wrong side of the path. The latter was cut on the jaw and was stunned by the force of the fall, and in addition his wheel was badly smashed.

Mr. McAuliffe was hurt but not at all seriously, and was able to go to work.

DRAINAGE CASE WAS ADJOURNED

McBain vs. Township of Cavan Came up at Court House This Morning.

The case of George C. McBain vs, the township of Cavan, an action for compensation under the Drainage Act, came up this morning at the Court House, before J. B. Rankin, of Chatham, under the Drainage Act.

The action is one to set aside the Long Swamp Drainage Bylaw, the plaintiff's contention being that the petition was not signed by a majority of the owners of the lands benefitted, that the engineer did not make a proper report, and makes no provision for right of way; that the bylaw as finally passed is not the bylaw originally adopted; that the scheme has not been properly carried out.

The case was adjourned until Friday, May 19th, unless otherwise arranged for, Thursday, May 18th.

YOUR HAT

May be a Stylish one but it Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs — that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send ten cents in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

An Excellent Concert Arranged.

The noted bass soloist, Mr. H. Whorlow Bull, London, Eng., sings in Fifth Ward Hall, assisted by others in instrumental music and recitations, Monday, May 15th. Tickets 25c. Comments of English papers:—"Excellent," "Sonorous" and "Powerful bass voice." "Manly voice" of "rich tone and power" and "singularly effective." He "merited the hearty and delighted applause received. Mrs. Mowat, accompanist, Secd.

TEAMSTERS GET THEIR INCREASE

Minimum Pay Will Be $3.25 Per Day in Future.

Board of Works Will So Recommend—Other Business Transacted Last Night.

At the meeting of the Board of Works held last night, there were present, Ald. Adams, chairman, Ald. Batten, Hall, Johnston, Tovey, Hicks and the Mayor, and considerable business of importance was transacted.

The Peterborough Radial Railway Company will be permitted to place five poles on Perry street, and remove seven from Lake street, and to renew poles on Crescent and Lock street.

The Peterborough Light and Power Co. will be permitted to place six poles on Carlisle avenue, six on Wolsley street, five on Aberdeen avenue, four on Aylmer street, and seven on Driscoll, under the supervision of the Town Engineer.

Mr. A. P. Poussette addressed the Board with reference to the claims of Mrs. R. H. Jackson, because of the lowering of the level of the pavement on Hunter street, in front of the Crown Inn. Mr. Poussette stated that his client had agreed to accept without prejudice, $200.

Considerable discussion ensued, and Ald. Batten moved, seconded by Ald. Tovey, that $125 be paid to Mrs. Jackson in full settlement of her claim. This was carried.

Mr. E. H. D. Hall called the attention of the board to the fact that some trees on Rubidge street were in the way of sidewalk construction. The matter was left with Ald. Hall to deal with.

Mayor Best moved, seconded by Ald. Tovey, that the Board recommends that the teamsters be paid $3.25 per day, they to draw a minimum load of 1 1-2 yards, and that those who draw 1 3-4 yards be paid $3.50 per day.

An account of Chief Rutherford for 103 yards of gravel at 20c was ordered to be paid.

The following applications for sewers and sidewalks were dealt with:

Perry street, Aylmer to Stewart street. No action taken.

Cement walk on west side of Jackson street. Laid over.

From Ozias de Laplante, asking for a walk of 50 or 60 feet on Romaine street. Granted, the walk to be of old plank.

From R. Innis and others, objecting to the walk on the south side of Simcoe street from Stewart to Reid street. Laid over.

From L. D. Letellier, asking that the ditch at the corner of Aylmer and Rink street be filled. Referred to the engineer.

From Jas. Bogue with reference to the grade of the street on Dublin street. No action.

From Sing Lung, asking permission to place a sign over the sidewalk at his laundry. Not granted.

From A. T. Lane and C. Seymour asking for a sidewalk on the east side of Reid street from Charlotte to Simcoe street. Granted, provided properly signed petition is presented.

An application for a granolithic walk on the south side of Gilmour street, 200 feet west, was not sufficiently signed.

From the Bell Telephone Company asking for permission to erect poles on Edinburgh, Water, George and other streets, was laid over.

An application for granolithic walk on Jackson Avenue was laid over, while a similar request for the north side of townsend street 70 feet west from Rubige street was granted, as were also those for the west side of Rubidge from Wolf to Reid street; south side Brock street from Rubidge street to Stewart; east side Rubidge from Wolf to Townsend; east side Rubidge street from Dalhousie to Wolf street.

On motion of Ald. Batten, seconded by Ald. Tovey, it was decided to cover Park street drain with one inch plank when renewed from Townsend street to Reid street.

On motion of Ald. Johnston, seconded by Ald. Tovey, it was decided to pay the street commissioners $3.25 per day while engaged in superintending the construction of granolythic walks.

It was decided to leave the matter of employing a time-keeper on sidewalk construction with the commissioners.

The Board will recommend that the sewer on Park street between Charlotte and Sherbrooke streets be laid on the west side of the street. A recommendation will also be made that a plank sidewalk be extended on Stewart street to Edinburgh street.

The claim of J. H. Cobb for $200 for damages per the flooding of his premises was referred to the Light committee.

A number of applications for sewers were dealt with and recommendations with regard to them will be made to the council.

A DYNAMITE HORROR IN U.S.

Explosion Blows Up a Passenger Train At Harrisburg, Pa.

THE KNOWN DEAD NUMBER 19

Over One Hundred Persons Receives Injuries, and Some of Those Will Prove Fatal — Unfortunate Men and Women Enveloped in Flame —Responsibility Not Yet Fixed For Wreck.

Harrisburg, Pa., May 12.—Nineteen persons are known to be dead and more than 100 others were injured in the railroad wreck and dynamite explosion which occurred early yesterday on the Pennsylvania Railroad in the southern part of this city. That no more persons were killed is considered remarkable, as a full boxcar of dynamite exploded directly at the middle of the heavy express train. The train carried many prominent persons, most of whom escaped with only slight injuries.

The wrecked train was the second section of the Cleveland and Cincinnati express leaving Philadelphia at 11.05 Wednesday night. It consisted of a combination baggage and smoking car, one day coach and six sleepers. There are various stories of how the wreck occurred, but the official version is as follows:

At 1.40 o'clock the engine on an eastbound freight train was flagged by the crew of a shifting engine ahead on the same track. The engineer quickly put on his airbrakes and the train, an unusually long one, came to a sudden halt. The strain on the air valves was a severe one and a connecting air hose in the middle of the train blew out. This caused the middle of the train to "buckle" and the damaged cars fell over on the passenger tracks.

Just as this happened the Cleveland express came thundering up and "side wiped" the wreck. The express was stopped within its own length and the third sleeper was opposite the wrecked cars. Before any one could leave the passenger train, which was not very badly damaged, a few slight explosions occurred, and then there was one great flash and roar that shook the earth. The whole affair occurred within a period of a few seconds. Men and women came tumbling and climbing from the car windows, or crawled from under the wreckage. No one for the moment seemed to know what to do, and many of the passengers momentarily seized with terror, ran wildly about the fields on the north side of the railroad or waded into the shallow waters of the river. Realizing their safety and the danger still threatening others, the frightened passengers turned in and began the rescue of the living.

As they approached the wreck another explosion occurred. Fearing that the entire freight train might be loaded with dynamite, no one dared go near the wreck. Finally the railroad men, who knew the contents of the burning freight train, led the way and the uninjured passengers followed.

Advancing flee drove the rescuers back as they were about to take others from the wreck and unfortunate men and women were seen enveloped in the flames.

W. B. McCaleb, superintendent of the Philadelphia division, said he was unable as yet to fix any responsibility for the accident. A thorough investigation, he said, is now being made.

On Saturday at the Turnbull Co's Salvage Sale—Bobbinet Curtains in muslin and brussels net, and Door Panels will be offered at Salvage Prices.

British Newspapers.

From the Newspaper Press Directory for 1905 we ascertain that there are now published in the United Kingdom 2,461 newspapers, distributed as follows: England, 1,881; Wales, 111; Scotland, 261; Ireland, 191; Isles, 17. Of these there are 184 daily papers published in England, 7 in Wales, 13 in Scotland, 18 in Ireland, and 4 in British Isles. In the year 1846 there were published in the United Kingdom 551 journals; of these 14 were issued daily —12 in England and 2 in Ireland.

Impurities In the Blood

TELL OF TORPID, SLUGGISH LIVER ACTION AND INDICATE THE NEED OF

DR. CHASE'S KIDNEY-LIVER PILLS

There is no getting round the fact that the liver is responsible for the impurity of the blood in the spring.

Awaken the liver to action by the use of Dr. Chase's Kidney-Liver Pills and you at once remove the cause of the ills and discomforts of this time of year.

Coated tongue.
Bitter taste in the mouth.
Shortness of breath.
Gas on the stomach.
Dull, sick headache.
Biliousness.
Irregularity of the bowels.
Weak, dizzy feelings.
Irritable temper, discouragement and despondency.

These are some of the most common indications that the liver is failing to filter the poison waste matter from the blood.

Dr. Chase's Kidney-Liver Pills cleanse the system thoroughly and work by causing a free action of the bowels.

By their direct and certain action on the liver they purify the blood and bring about a good flow of bile into the intestines — the only means by which constipation can be actually cured.

Dr. Chase's Kidney-Liver Pills are an indispensable family medicine of proven worth. One pill a dose. 25c. a box, at all dealers or Edmanson & Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

WILL TRY AGAIN TO-MORROW

"Progressives" Baseball Team to Play Here.

Local Nine Will Be Strong—New Backstop Signed.

To-morrow afternoon at 2 o'clock, the local team will play a game with the fast Progressive team of Toronto—weather permitting. This is the team which was billed to play here on Good Friday, and is a speedy bunch. The game will be pulled off at two o'clock, and the local team will be considerably strengthened for the game. McCabe and Douglas will do the slab work and Gadman, late of the strong Y.M.C.A. team of Toronto, will do the receiving. He has been signed by Manager MacEwan to replace Torrance who is not in good shape, his arm being sore.

Gadman is a good man and it is expected that he will more than fill the bill. Teddy Pilling has also attached his name to a contract to play with the local team.

The line-up for the game to-morrow will be ...—McCabe and Douglas s. s., p., Gadman and Shea c., J. Pilling 1 b; Sheridan (capt.) 2 b; Shea and Douglas s. s.; Callaghan 3 b; Connors, Simpson, T. Pilling, Warcam, outfielders.

The team will hold a practice tonight at 6.30 at the T. A. S. grounds.

BALL-THROWING CONTEST TO-MORROW

Will Be Pulled off at Two o'Clock Sharp —Large Number of Competitors.

The ball-throwing contest will be pulled off to-morrow and is billed for 2 o'clock. A great number have signified their intention to compete, but no fees have been taken as Saturday might be a wet day. A fee of ten cents will be collected just before the throwing starts and those who wish to try their hand are asked to be there before 2 o'clock. It is feared that the large number of competitors will take up a lot of time and the management do not want to encroach on the baseball match which is billed for 3 o'clock.

LOCAL TEAM'S FIRST DEFEAT

Lindsay Took a Fall Out of Picked-up Nine Yesterday.

The local baseball team journeyed to Lindsay yesterday and were defeated by 15-5. The score does not indicate the play and the Peterboroughs should have had at least three more runs. McCabe for Peterborough pitched the first five innings and had rather poor luck. McCorry, who then went into the box, was in poor shape and did not get warmed up till about the last two innings, but when he did he sent them over in good shape and he struck out six men straight without allowing a hit.

Long at left field played well. The teams are as follows:

Peterborough—Pitcher, McCabe and McCorry; catcher, Shay and Belleghem; 1st base, Connors; 2nd base, Belleghem and Shea; 3rd base, Sheridan; s. s., Wareham; r. f., Simpson; l. f., Long.

Lindsay—Catcher, Cinnamon; pitcher, Burnham; 1st base, McGill; 2nd base, Workman; 3rd base, Menzies; s. s., Marks; r. f., Killen; c. f.—, l. f.

The score by innings is as follows:

	1	2	3	4	5	6	7	8	9
Peterborough —	2	0	0	2	0	0	0	0	1
Lindsay—	1	4	1	4	3	0	0	2	x

Umpire—Tim Burke.

BASEBALL.

George Street Guild will practice tonight at seven o'clock.

• • • •

Charlotte Street Guild Baseball team are going down to Campbellford to play the all-star team of that place, on Victoria Day. Word was received yesterday to that effect by Mgr. McWilliams and they will put on their strongest team.

• • • •

The Auburns will hold a practice to-morrow at the oval after the big big match in the afternoon.

LACROSSE.

A meeting of the Executive of the Peterborough Lacrosse Club was held last night in the office of the President, Mr. W. S. Davidson, when Mr. E. M. Best was appointed to go to Bowmanville this afternoon to represent the team in the arrangement of the schedule. A team from Toronto Junction will play a game here on May 24th.

The Peterboroughs this year will be stronger than they have been for some years and should make a good showing.

ATHLETICS

The Senior Intermediates Indoor Athletic meet was held last evening in the Y.M.C.A. gymnasium. The different events were won as follows:—Arthur Summerson, 1-4 mile, three standing broad jumps; Roy Turner, shot put; Edgar Eyres, running high jump. The records will be placed on file in the gymnasium.

FIELD HOCKEY.

Don't forget field hockey practice tomorrow afternoon at 2 o'clock on the Oval; also track work at 3.30 at Oval. Every man should turn out for a good practice.

The Senior School Boys' Leaders' Corps gymnasium examination was won by Wm. Harvie, with an average of 77.1 p. c.

CRICKET.

The Colts cricket team will play the T. C. S., team, Port Hope, tomorrow.

All members are requested to meet at Cornell's Livery at 5.30 a.m.

The following gentlemen of the regular team and two juniors will compose the team — H. Hall, capt., Greer, Storts, Cummings, Wood, Weller, Conway, Munro, G. L. Malo.

MISCELLANEOUS.

The work is progressing very favourably at the Riverside Athletic Grounds. A gang of men are levelling the ground, etc., though it will be some time before any sports are how soon it will be in shape, and it is feared that if a very heavy rain were to come the grounds would not be in shape till very late. The merchants of the town are putting up the fence along the river for advertising purposes and in that way it will cost the management next to nothing.

THE SCHEDULE WAS DRAWN UP

Various Clubs Arrange Dates For Games at Nicholls Oval.

A representative meeting of the various sporting organizations, who will this season use the Nicholls oval for practice and games, was held Wednesday in the Y.M.C.A., and a schedule of dates arranged for the season. The following were present: Dr. Bagshaw, representing the Nicholls Park Tennis Club; Mr. Hartley, the Auburn B. B. Club; Mr. R. E. McAmoyle, the Business College Football Club; G. E. Main, the Colts' Cricket Club; J. Patte, St. John's Guild; and Mr. P. K. Holmes, the Y. M. C. A. The Quakers had no representative present.

The Auburn Baseball Club will have Tuesday and Thursday. St. John's Guild will arrange dates with the Auburns, as they only wish the use of the field for games. The Cricket Club will arrange with the Y.M.C.A. for dates to play two Saturday afternoon matches. They will arrange with the Business College Football Team for afternoon practice. The Business Colleges will have Friday evening and afternoon; Quakers will have Tuesday evening. Y.M.C.A. will have Wednesday evening for field hockey, with Monday evening optional, and will also have Saturday afternoon from 2 to 3.30 for field hockey. Players are asked to keep a copy of the schedule in order that future complications may be avoided.

Still Cheap.

We still have a quantity of fancy bananas at ten and fifteen cents per dozen. These are large, bright fruit and well ripened.

S. A. OKE,

Telephone 18 376 George street

SCHEDULE OF ATHLETIC FIXTURES

TWO WITNESSES SWEAR.

That Willis Passed Their House Between 6 and 7 o'Clock.

Rodney, May 12.—Rigorous examination and cross-examination failed yesterday at the preliminary trial of Alexander Willis and Elizabeth Covell for murder to shake the evidence of William Cole and Hilda Nella Cole. Their stories, to the effect that they saw Willis passing their house between 6 and 7 o'clock on the morning after the murder, was attacked at every point, but it still stands intact, the most damaging evidence against Alexander Willis.

Other witnesses were F. A. McCallum, editor of The Rodney Mercury; F. B. Hunsley, a druggist in Rodney, and A. J. Lisbner, undertaker. His chief testimony was of a conversation he had had with Willis in the afternoon. As Willis came across the yard Lisbner had remarked the nasty bruise on his cheek bone. "I've worse than that," said Willis, showing another wound in the hair at the side of his head. He said he had received both bruises and a slight discoloration around the left eye from a blow from his barn door. Mrs. Covell had told him three times the story of the murder, but any variations in the stories were additions in the second and third tellings.

The hearing was then adjourned till Friday morning.

TALK OF PEACE AGAIN.

Russia Has Given President Roosevelt Its Terms—No Indemnity—The Anglo-Japanese Alliance.

New York, May 12.—A copyright London cable to The World timed 6 a. m. says:

A Tokio despatch to The Daily Telegraph reads:

"No one here has any doubt that peace is coming through President Roosevelt's offices.

"He has ascertained that Russia desires to end the war, and the St. Petersburg Government has acquainted him with the fact that it hopes Japan will dispense with indemnity, so as to enable Russia to save her face.

"The cession of territory is regarded as merely as a loss to China and not actually to Russia.

"Much is hoped from secret negotiations and secret clauses to the peace treaty.

"Meanwhile the Foreign Ministry at Tokio is informed that President Roosevelt has ascertained the terms that would be agreeable to the neutral powers."

The Daily Telegraph's correspondent says he "knows for a fact from official sources that peace between Japan and Russia was nearly concluded when the unexpected appearance of the Russian second Pacific squadron in the China Sea revived Russia's hopes."

Recent councils of Japanese statesmen settled the principles for a renewal of the Anglo-Japanese alliance, which will involve a new and definite policy with regard to the future of Manchuria and Corea."

TORONTO, ONT.

NOT JUST AS GOOD

Did you ever inquire at a store for certain articles and get for a reply "We have something just as good"? Did it ever occur to you that "Something just as good" is something the dealer has been able to buy much cheaper than the articles you inquire for? This is true in drugs, fabrics, groceries, hardware, and in fact every line, including silver-plated ware. If you inquire for 1847 Rogers Bros.' Knives, Forks or Spoons, don't accept any bogus Rogers' stamp because your dealer tells you it's just as good.

1847 ROGERS BROS. TRADE MARK

The above trade mark has been stamped on every article of the original and genuine Rogers Bros.' goods for over 50 years. Get this and you get the best that is made.

WHOLE TOWN WIPED OUT.

Death and Destruction in An Oklahoma Tornado.

THE KNOWN DEAD NUMBER 95

Eighty-Five Bodies Have So Far Been Recovered — Entire Families Have Been Destroyed — Others In the Over 100 Injured Will Die—Two-Thirds of the Buildings Are Totally Wrecked.

Guthrie, Ok., May 12.—The death list of Wednesday night's tornado at Snyder will probably exceed 100 persons. Eighty-five bodies have been recovered, a dozen persons are missing and given up for dead, and of the 41 seriously wounded several are likely to die. More than 100 other persons suffered less severe injuries. Oklahoma City yesterday sent 100 men to dig graves and seek the dead still in the ruins, and a dozen undertakers with 100 coffins. Offers of financial assistance have come from numerous cities.

It is still difficult to obtain information from Snyder. To add to the general confusion and distress, after the tornado had passed fire broke out and burned up all that remained of the buildings in one of the business blocks. So far it has not been possible to find out whether any bodies were cremated.

Debris was carried northeast as far as Coopertown, 12 miles, and it is reported that there are more fragments at that town, than in the tornado path at Snyder. About 75 head of horses and cattle were killed at Snyder.

Survivors Suffering.

There is much suffering owing to lack of provisions and places to stay. What houses remain in the town are unsafe for habitation. Besides, there is not room enough to care for the homeless. Bedding and wearing apparel are both lacking, and, despite the effort to succor the unfortunates, they are still in a pitiable condition. Many of the wounded could not be cared for or given medical aid until 9 o'clock yesterday morning, and by that time wounds were aggravated.

Dr. York of Hobart, who was active in relieving the suffering, says that 20 per cent. of the wounded will die.

At 10 o'clock last night the number of known dead as the result of the tornado has reached 95. Arrangements have been made to convey all the injured who can be moved to hospitals at Oklahoma City and Lawton. A special train for both places left Snyder at 11.30 p. m. yesterday.

Awful Havoc Wrought.

The havoc wrought by the tornado is astonishing. Out of a town that housed 1,000 persons, not more than a score of houses are intact, two-thirds of the buildings being totally wrecked. The storm formed south of Olustee, near the Texas line, and took a northeasterly course through a well-settled region. At 8 o'clock it was observed by the people of Snyder, but the usual funnel-shaped formation was lacking, and the roar was plainly heard for some time before the storm broke. Within a few minutes the sky suddenly became dark and a terrific downpour of rain began, lasting for several minutes. Then the rain stopped almost as suddenly as it had started.

For a few minutes an ominous calm followed, and then the tornado struck, tearing buildings to pieces as though they were made of paper.

Britain Will Not Remove Embargo.

London, May 12.—Yesterday the president of the Board of Agriculture, replying to a deputation desirous of urging him to remove the restrictions on Canadian cattle importation, said he had to think, not of one particular interest, but of the interest of the general public. He admitted there was no disease in Canada, but he took his stand on the word risk. Concluding, he said as long as he was president of the Board of Agriculture he could hold out no hopes of passing such a measure as was wanted.

The Death Sentence.

Vancouver, B. C., May 12.—Tom Klemdiname Etvodel, an Indian charged with murdering a Klootchman in September last, was found guilty yesterday afternoon and sentenced to be hanged on July 25. The prisoner had confessed the crime, but later denied it. He will be closely watched, as he has twice attempted to commit suicide.

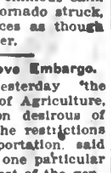
BAD STOMACH MAKES BAD BLOOD.

You can't make sweet butter in a foul churn. Every farmer's wife knows this. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.

"About a year ago I was ill with blood poisoning," writes Miss Eveline Louis, of 39 Walter Street, Buffalo, N. Y. "I had what seemed to be a small cold sore on my lip. It became very angry in appearance and began to spread until it nearly covered my face. I was frightful sight and could not go out into the house because of my appearance. I used a blood medicine which did not give me any relief. Then I began to take your 'Golden Medical Discovery.' I was greatly benefited with the first bottle and after taking the second bottle was completely cured. The erysipelatous eruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have felt better this year than I did for some time before. Dr. Pierce's Golden Medical Discovery is certainly a most remarkable medicine."

Don't accept a substitute for a medicine which performs such cures and which has a uniformly successful record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try by over-persuasion to palm off upon you in its stead some inferior article with no record to back it up. You know what you want; it is his business to meet that want.

$50,000 GIVEN AWAY. In copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 680,000 copies a few years ago, at $1.50 per copy. Last year we gave away 50,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in mail paper covers, or 50 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.



Constipation although a little ill begets big ones if neglected. Dr. Pierce's Pellets cures constipation.

NEW YORK DAIRY MARKET.

New York, May 11.—Butter—Steady; receipts, 5118; street price extra creamery, 26c to 27c; official prices unchanged.

Cheese—Firm, unchanged; receipts, 2456.

Eggs—Steady; receipts, 2863; state Penn. and near-by mixed extra, 19c; southerns, 13c to 14c.

CATTLE MARKETS.

Cables Unchanged—U.S. Markets Are Quiet and Easier.

London, May 11.—Cattle are quoted at 12c to 12¾c per lb.; refrigerator beef, 9½c per lb.; sheep, 14½c to 15½c per lb.

TORONTO LIVE STOCK.

Receipts of live stock at the City Cattle Market were again large; there were, as reported by the two railways since Tuesday, 109 loads, composed of 1047 cattle, 2968 hogs, 178 sheep and lambs, with 450 calves. The quality of fat cattle was generally good.

Prices ranged from $5.40 to $5.90, with one or two lots reported at $6 per cwt., the bulk sold at $5.70 to $5.80 per cwt.; bulls sold at $4 to $4.50 per cwt.; cows, $4.25 to $4.60 per cwt.

Choice to prime picked butchers' cattle, equal in quality to the best exporters, 1150 to 1250 lbs each, sold at $5.50 to $5.75 per cwt.; loads of good at $5.25 to $5.50; medium at $4.90 to $5.10; common, at $4.50 to $4.75; cows, at $3.75 to $4.25 per cwt.; canners, at $3.25 to $3.50 per cwt.

The demand was as great as it has been for good quality short-keep feeders, 1150 to 1250 lbs. each, which sold at $5.25 to $5.40 per cwt.; steers, 1000 to 1100 lbs. each, at $4.75 to $5; steers, 900 to 1000 lbs each, sold at $4.25 to $4.50; stockers sold at $3.25 to $4 per cwt.; stock calves, at $2.75 per cwt. for common to $3.60 for medium, and $2.90 for choice selected lots.

About 15 milch cows and springers met a fair market at $30 to $50 each.

Nearly 450 veal calves were brought forward and it is safe to say 50 per cent. of them were of inferior quality. Prices ranged from $2 to $10 each, or $3.50 to $5.50 per cwt. for the bulk. A few of the best sold at $6 to $6.25 per cwt., but there were few at these prices.

Sheep and yearling lambs, while selling at good prices, are not sought after, as they were some few weeks ago, as spring lambs and calves are taking their place. Export ewes sold at $4.75 to $5 per cwt.; bucks, at $3.50 to $4 per cwt.; choice yearlings, at $6.50 to $7 per cwt.; spring lambs at $3 to $6.50 each.

Mr. Harris reports the market unchanged, altho his receipts were liberal, over 2600 since Tuesday. Selects $7 and lights and fats $6.75 per cwt.

EAST BUFFALO CATTLE MARKET.

East Buffalo, May 11.—Cattle—Receipts light; quiet and unchanged.

Veals—Receipts, 250 head; steady, $4.50 to $6.75.

Hogs—Receipts, 5080 head; 5c to 10c lower; fairly active on light, slow on heavy; heavy, $5.05 to $5.75; mixed Yorkers and pigs $5.75 to $5.80; roughs, $4.75 to $5; stags, $3.25 to $3.75; dairies, $5.60 to $5.75.

Sheep and Lambs—Receipts, 6000 head; sheep steady; lambs firm; lambs, $4.50 to $6.50; yearlings, $5.25 to $5.50; wethers, $5.10 to $5.25; ewes, $4.25 to $4.50; sheep, mixed, $2.50 to $4.75.

NEW YORK LIVE STOCK.

New York, May 11.—Beeves—Receipts none and no trading; nominally steady.

Calves—Receipts, 542; feeling easier; veals, $5 to $7.25; culls, $3.50 to $4.50.

Sheep and Lambs—Receipts, 575; firm; good stocks 10c higher; clipped sheep, $4 to $5.25; clipped culls, $3; clipped lambs, $5.75 to $6.75; clipped culls, $4; no wooled stock; no spring lambs offered.

Hogs—Receipts, 2303; steady; good state hogs, $6.

CHICAGO LIVE STOCK.

Chicago, May 11.—Cattle—Receipts, 8000; good to prime steers, $5.60 to $5.75; poor to medium, $4.50 to $5.50; stockers and feeders, $2.75 to $5.20.

Hogs—Receipts, 18,000; mixed and butchers', $5.30 to $5.60; good to choice heavy, $5.45 to $5.60; rough heavy, $5.20 to $5.40; light, $5.30 to $5.60; bulk of sales, $5.43 to $5.55.

Sheep—Receipts, 15,000; lambs, 10c higher; good to choice wethers, shorn, $4.60 to $5.25; fair to choice mixed, shorn, $3.25 to $4.25; native lambs, shorn, $4 to $6.50.

Imprisoned In His Own Factory.

Limoges, France, May 11.—The proprietor of the shoe factory who has been imprisoned in his factory here with his family for several days by strikers was released yesterday by a large force of gendarmes, who arrested a number of strikers.

Killing Was Justified.

Toronto, May 12.—Leonardo Montecarlo, who was tried in the Assize Court on the charge of shooting Luigi Raimondi, was discharged. It only took the jury an hour to decide he was not guilty, and that the shooting was done in self-defence. Chancellor Boyd agreed with the verdict. Montecarlo was defended by Mr. Robinette.

A WAR OF WORDS.

Little Progress Made With the Autonomy Bill — Debate Discursive and Abusive — Paving Contract.

Ottawa, May 12.—Because Mr. Foster was not ready to go on with the consideration of the financial clauses of the Alberta autonomy bill, though they had been discussed fully and passed as resolutions last week, the House stood still yesterday, and spent hours and hours in exchange of compliments on the general principles of the whole bill. Only one clause was passed, and the method in which most of the day was spent gives little encouragement to those who look for an early end to the discussion.

The debate became very discursive and abusive towards the end, and was not creditable to the House at all. The bill will be taken up again on Monday, preference being given to-day to Mr. Fisher's bill respecting national live stock records.

Bitulithic Pavement Contract.

When the orders of the day were called Col. Sam Hughes stated that the drive in front of the Parliament buildings had been paved with "bitulithic" pavement since the last session of Parliament, and complained that the work had been, without competition or tender, awarded to Warren Bros.' Bitulithic Paving Co. of Toronto. Col. Hughes read from the evidence taken in the courts as to the composition of bitulithic pavement, and called upon the Public Works Department to ponder and hesitate before giving the company the contract for paving Wellington street. He also charged that the contract was given to the company of which Mr. T. C. Robinette, K. C., is a director.

Hon. Chas. Hyman replied that the late Minister of Public Works had given a contract to Warren Bros. for a small area in front of the Parliament Buildings, which was afterwards extended to cover the whole front of the buildings. The statements Col. Hughes had read derogatory to the pavement were issued by opponents and business rivals. The specifications for the pavement on Wellington street were an exact copy of those supplied by the City of Ottawa. The price paid for the work already done was $2.75 per yard, somewhat less than the City of Ottawa paid for similar work.

Mr. Borden pointed out how clear the law was in the matter of advertising for tenders. An absolute disregard of the statute had been shown. He thought a statement should be brought down showing exactly when the contract was let.

Sir Wilfrid was confident that the late Mr. Sutherland would not do what was not right. He thought it unfair to pass judgment without the full facts. All contracts above $10,000 should be let by tender and by order of council.

After some further discussion the motion was declared lost and the matter dropped.

The House adjourned, after discussing the autonomy bills, at 1.45 a. m.

Bonus Bylaw Carries.

Fort William, May 12.—Fort William carried the bylaw giving a bonus of $300,000 to the Grand Trunk Pacific by a vote of 777 for to 55 against.

Notice to Creditors

Creditors and others having claims against the estate of the late Elizabeth Theobald, in her lifetime of the Town of Peterborough, who died on the seventeenth day of February, 1904, are required, on or before, the fifteenth day of May, 1905, to deliver or send by post prepaid, to Roger & Bennet, 375 Water Street, Peterborough, Solicitors for Thomas Theobald, Administrator of the Estate of said deceased, their names and statement of their claims, with full particulars.

After that date the Administrator will distribute, having regard only to the claims of which he shall then have notice.

Dated 12th April, 1905.

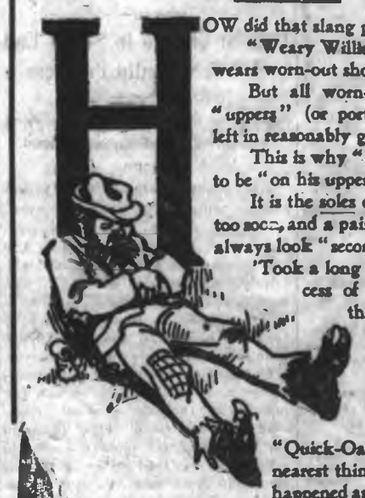
MOUNT PLEASANT.

"ON HIS UPPERS."



HOW did that slang phrase originate?

"Weary Willie" the tramp, usually wears worn-out shoes.

But all worn-out shoes have the "uppers" (or portion above the sole), left in reasonably good condition.

This is why "Weary Willie" is said to be "on his uppers."

It is the soles of shoes that wear out too soon, and a pair of "uppers" re-soled always look "second-hand."

'Took a long time to discover a process of making sole leather that would wear as long as the uppers.

'Had to be tough as rawhide, but flexible, light, and practically water-tight.

"Quick-Oak" Sole leather is the nearest thing to it that has ever happened and it wears like hatred.

Put a piece of this "Quick-Oak" Sole leather in a pail of water over night and it will hardly be wet through in the morning.

Put almost any other sole leather in the same vessel and one hour will completely saturate it.

Consider the difference to your feet in damp weather, and to your purse all the time.

"Quick-Oak" Sole leather can be had only in "The Slater Shoe," because The Slater Shoe Company control the supply of that brand in Canada.

Every genuine "Slater Shoe" now has a "Quick-Oak" Sole, and the slate-frame trade-mark is stamped with the price on the lining inside, $3.50, $5.00.

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—Rev. H. B. A. Ketchen was tendered a reception last night at Hamilton.

—Navigation on the Trent Valley Canal will be opened from Kirkfield to Hastings on May 15th.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

—Next Friday night, the last of the series of band concerts given by the 57th Regiment Band will be presented.

—Messrs. R. Hicks & Co. are installing a new set of five ton Gurney scales. Mr. T. O. Irwin is assisting in the installation.

—Most of the rural regiments throughout the country are beginning to get in shape for the approaching camps in June.

—The Board of Works last night authorized the addition of thirty-three poles to the forest at present in existence on the streets.

—The Easter gift of St. Mary's congregation, Lindsay, to Ven. Archdeacon Casey, their esteemed pastor, reached the handsome sum of $460.

—To-day is the eighth anniversary of Mr. G. H. Williamson's arrival in town, when he came to accept the general secretaryship of the Y. M.C.A.

—All young men canvassing for the Y.M.C.A. Dormitory Furnishing Fund, are asked to report to Mr. Galley, the treasurer, on Saturday night.

—Mr. Wm. Campbell has purchased the terrace at the corner of London and George streets from Mr. R. W. Reynolds. The terrace contains seven houses.

Musical connoisseurs all agree that the Nordheimer piano of Toronto, stands without a peer. Catalogue and booklet at H. H. Edmison's, George street.

—Mr. George Cochrane, agent of the Children's Aid Society, visited Lakefield yesterday, bringing down three children who were placed in the Children's Aid Shelter.

—St. Paul's Young Men's Guild annual excursion to Stony Lake on June 15th, will be an opportunity of enjoying a pleasant outing before the regular excursion season opens.

—"Two Grenadiers" by Schurmann, which will be sung by Mr. R. S. Piggott at Miss Belleghem's recital, is on sale at the J. M. Greene Music Co.'s store, Water street. 2d

—On Monday evening, May 22nd, a concert will be given in the Charlotte Street Sunday school-room. The Harmony Male Quartette and others artists will furnish the programme.

—Mr. E. Bradshaw, Peterborough, organizer for the A.O.U.W., has been in town for a few days in the interest of that organization, which has a strong membership in Lindsay.—Lindsay Post.

—Timothy Robert was given a six months' term in gaol, at hard labour, at the Police Court this morning. He presented a pitiable sight, being decrepit and infirm with age, an almost unable to walk.

—Niagara Falls power is nearly ready for distribution in the Niagara Peninsula. An electric railway to Toronto will be one of the chief consumers of this power and work is to begin shortly.

—The meeting of St. Paul's Young Men's Guild to-night promises to be one of special interest and will no doubt be largely attended. The feature of the evening will be a debate on the Autonomy Bill.

—In order that Nova Scotai coal may be brought to Toronto and other Ontario ports, a special type of coal-carrier is being built at Toronto. The boat is of the tubular type and will have belt conveyers for unloading.

—For potatoes, parsnips, carrots, beets, turnips, cabbage, hams, pea-meal bacon, eggs and butter, canned tomatoes, peas and corn, cheap; also nice mixed biscuits, call upon James R. Bell, 161 Hunter street. 'Phone 495.

—The Primary and Junior Union of Sunday school teachers will meet as usual in the Y.M.C.A. this evening at eight o'clock. The primary lesson will be taught by Miss Alice Scott of St. Luke's church, and the junior lesson by Mr. J. Jefferies of George street church. All interested are invited to attend.

—The Sewing Circle in connection with the Ladies' Aid Society of St. Andrew's Church, held their first meeting at two o'clock on Thursday afternoon at the home of the president, Mrs. T. C. Elliott, McDonel street. The large number of ladies present spent a very pleasant afternoon and considerable work was accomplished. Tea was served at 5 o'clock.

—The tunnel under the Detroit River between Windsor and Detroit is to be built by the Michigan Central Railway. The plans provide for two single-track tubes, the tops of which will be ten feet below the bed of the river. The tunnel will probably be finished in two and one-half years, work to begin at once on the Canadian side, and all trains passing through it are to be operated by electricity.

—There will be activity in building circles in the North-West this summer. A British Columbia lumber firm has closed contracts with the Canadian Pacific railway for the shipment eastward of thirty million feet of lumber to various points in the Territories. The magnitude of this order may be better appreciated when it is understood that it means 1,500 carloads, or a shipment of 85,000,000 feet every day for a year.

—Mr. W. C. Harrison is clearing away the debris and is getting ready to rebuild as fast as possible. He expects to have the electric light plant in operation not later than the first of June. The new boiler will be here this week. Men are working overtime on the new dynamo at the factory in Toronto and this will be ready by the 24th inst. The new boiler will have twenty-five horse-power greater steam capacity than the old which was fifty-five. The new building will be of solid concrete with fire walls between the mill, engine and dynamo rooms so as to render any such disaster as that which occurred on the morning of Good Friday impossible.

PARK STREET ANNUAL MEETING

Baptist Church in South End Makes Splendid Progress

Reports for the Year Show a Gratifying State of Affairs—Finances in Good Shape.

The annual meeting of Park Street Baptist church was held last evening in the church, with the pastor, Rev. A. H. Brace in the chair. The attendance was quite large and the meeting was very interesting. The reports read from the different auxiliary societies in connection with the church showed that the past year has been indeed one of progress.

The meeting was opened with prayer by the pastor, after which the minutes of the last meeting were read and confirmed. Then followed the reading of the reports.

The first was that of the treasurer, Mr. John Reid, and was very satisfactory, showing that the church is on a firm financial basis. This report does not, however, cover the whole year, but the period only from January 1st to the present time. The total receipts had been $340.79, and the expenditure $318.23, leaving a balance to $27.56. The money in hand for building fund purposes was $233.71.

The report from Mr. T. G. Gillespie, secretary-treasurer of the finance committee, was indeed an encouraging one, and at its conclusion the gathering sang "Praise God from whom all blessings flow" as a mark of their appreciation of the way in which the church has been blessed during the past year. The statement of total receipts and expenditures is as follows:

RECEIPTS.

First quarter	$ 273.75
Second quarter	240.56
Third quarter	304.50
Fourth quarter	338.13
Other sources	6.33
Total	$1159.17

EXPENDITURES.

First quarter	$ 273.28
Second quarter	242.45
Third quarter	296.65
Fourth quarter	318.73
Balance	27.56
Total	$1159.17

The average weekly collections per quarter was as follows: First quarter, $16.12; second quarter, $16.85; third quarter, $16.23, and fourth quarter, $19.08, making an average weekly collection during the year of $17.06.

The poor fund report was also given by Mr. Gillespie and showed a balance on hand of $9.28.

The total amount collected for the building fund was $531.24.

The next report was that of the Sunday school, which was read by Mr. H. L. Brace, assistant secretary. He referred to different events in connection with the Sunday school during the past year and also gave the following interesting averages: Average attendance of teachers and officers, 15; average attendance of scholars, 114; average collection, $2.38.

Ten were baptised and received into the fellowship of the church from the Sunday school during the year.

Miss M. Mann, the treasurer of the Sunday school, also gave a short report, indicating a satisfactory financial condition.

The Dorcas Society was the next to report through Mrs. R. S. Wright. It showed that the total receipts to the end of November were $63.95, and expenditure $5.55, leaving a balance of $2 after $54.60 had been paid in to the church treasurer. The total amount on hand at the present time was $10.

The Mission Circle report was presented by Miss Jewett. It showed that seven meetings had been held during the year. The number of members was 23. Four new members had been added to the roll during the year. The treasurer's report in connection with this society showed receipts $28.75 and expenditures $28.40.

Mr. D. Holt then gave the report of the Mission Band. Number on role was 70 and average attendance 42. There was a cash balance on hand of $3.83.

A short report was presented by the B. Y. P. U., which is starting on a new lease of life. The prospects for this society are very encouraging.

The election of officers was next proceeded with, and resulted as follows: Deacons, Messrs. T. G. Gillespie, A. Inkpen and Haddow; trustees, Messrs. W. Kempt, Robt. Hunton, J. Reid and T. G. Gillespie; secretary, Mr. R. Hunt; treasurer, M. J. Reid; clerk, M. Haddow; auditors, Messrs. E. Gillespie and Oldham; finance committee, Messrs. J. Reid, R. Bunting, Wm. Kempt, D. Holt and T. G. Gillespie; Messrs. Haddow, Inkpen, Loomis and Johnston were appointed as ushers for the year; representative on central charity board, Wm. Kempt; delegates to the association to be held at Indian River, Rev. and Mrs. Brace, Mr. and Mrs. Gillespie, Mr. W. C. Bartie.

The meeting then adjourned to meet on Wednesday evening next.

A Believer in Printers's Ink.

Mr. T. H. Estabrooks, of St. John, N.B., was in the city last week. Mr. Estabrooks is proprietor of Red Rose Tea, which has now a national sale, operations also being carried on in the United States. Mr. Estabrooks is a large user of newspaper space, in which he is a firm believer. "We must give good tea", said Mr. Estabrooks during a friendly call at the Herald office, "but we must also advertise the fact if such a product as ours is to have a national sale. We use the better class of newspapers throughout Canada."—The Montreal Daily Herald, Monday, April 24th, 1905.

Monkey Brand Soap removes all stains, rust, dirt or tarnish—but won't wash clothes.

NEW COMERS LIKE CANADA

Salvation Army Immigrants Have Arrived Here.

Two of Them Tell of Their Trip Across—Think They Will Like Canada.

"Why, we think we will like it fine, and, in fact, we feel at home already."

So said one of the passengers on the steamer Vancouver, the boat chartered by the Salvation Army to carry the 1000 or more immigrants from England to Canada, who arrived in Peterborough last night.

The party arrived in Canada on Wednesday, and last night the C. P. R. train carried four coaches loaded with the passengers on their way to Toronto, from where they will be distributed to different parts of the country.

Two men left the train at Peterborough, one of them going out later by the G.T.R. to Brooklin, and the other left at nine o'clock for Cobourg.

A number of others arrived on the 8.40 train from Belleville, however, and those who reported at the barracks are:

Gabriel Robinson.
G. Goldsmith, wife and two children.
H. C. Lord.
Alf. E. Dawson.
J. R. Furber.
Benj. Moon and wife.
Philip Card, wife and three children.
Jas. Richardson, wife and child.

All except the two latter have gone out of town to places which have been secured for them, and Messrs. Richardson and Card will remain in town.

These men are gardeners and will work at their trade here. One of the men, Mr. Richardson, left a position to come to Canada. He was in one place eight years, and after that was eleven years in another place. About a year ago his "governor" died and although he has been working since, he decided that he would try his fortunes in Canada.

All of those who came to Peterborough are well dressed and are quite respectable, and, from their appearance, should make good citizens. The two men interviewed this morning came from Tunbridge, Wells, in Kent county, 35 miles from London. It is a city of 40,000 people, and the and the new-comers were struck with the difference in the appearance of the streets in Peterborough and those in the city they had left.

There they were all macadamized or brick and each morning the corporation men swept and cleaned them, but to the new-comers the appearances of the streets here was a great surprise.

They were given a great send-off. On April 26th, they left Tunbridge Wells for London, where there was a great many others who were coming by the same boat. Two special trains were chartered to carry the immigrants from London to Liverpool and they pulled out to the strains of two brass bands playing a farewell.

On the same day they reached Liverpool, and there the Vancouver, which was to be their home for the next couple of weeks, was lying in the harbour. The 1,000 or more passengers embarked and the Lord Mayor of Liverpool and Mrs. Bramwell Booth and Booth-Tucker were on the steamer to bid them godspeed and wish them success in their new home across the seas.

Mr. Richardson, who is quite a fluent speaker, told of the voyage across, and had no scruples even about mentioning the fact that he was sick from Thursday until the next Monday. After that, however, he was better and enjoyed the rest of the journey. For four days the boat drifted in the ice off the Banks of Newfoundland, but reached Quebec on Wednesday where the most disagreeable part of the whole trip was encountered. They had to remain on the boat for four hours after she reached her dock and when the ordeal of passing the doctor was gone through. As soon as this was done the immigrants then took trains for the west, and the construction of the Canadian railway trains was a source of surprise to the Englishmen, who had never seen anything like it in their country.

Those who have come to Peterborough believe they will like the place, in fact they say they have made up their minds to like it, and if they succeed, as no doubt they will, they will in all probability induce others to come to this town.

FORMER RESIDENT OF GALWAY DEAD

Late Mr. Wm. McConnell Was a Highly Respected Citizen.

Rev. J. C. Stewart, of Lindsay, Quebec, sends the following obituary notice to the Examiner:—

A few days ago our correspondent received information of the death of Mr. Wm. McConnell, of Portage la Prairie, Manitoba, at the age of 68 years. Before moving to the west Mr. McConnell resided for a number of years in the Township of Galway, Peterborough, and was much respected as a neighbour, and highly esteemed as a Christian worker. In the Sunday School he was Superintendent and teacher, also elder in the congregation, and for several years was in the habit of conducting public worship on alternate Sundays in the settlement. The Minister of the Gospel always received cordial hospitality in his home, as the writer can testify from experience. Evidence of the genuine kindness of his warm Irish heart is also found in a letter received by the writer from him last summer, which closes thus:—"Now if ever you visit this part of the world, remember there will be an open door and a kind welcome from your old friend and family, and may God bless and keep you and yours safely to the end". He was a loving husband and father, and leaves a widow, two daughters and three sons to mourn his absence, for to them and other friends, "He is not lost but gone before".

SPECIAL MEETING OF CANADIAN FORESTER

Will Be Held This Evening in Foresters' Hall, Simcoe Street.

A rally meeting of all members of the Canadian Order of Foresters of the town and district, will be held this evening in the Foresters Hall, Simcoe street, at which it is expected there will be a large attendance of members.

Mr. Robert Copeland, organizer for this district, will be present and deliver an address.

All members of the order who are not affiliated with any of the local courts, are also invited to be present.

Mr. Copeland is meeting with much success in his canvas of the young men of the town in the interest of the Canadian Order of Foresters.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr. Ruddy, barrister, of Millbrook is in town to-day.

Mr. W. C. Root, of Chicago, is registerd at the Snowden House.

Mr. J. J. Roberts, of Port Hope, is in town to-day on business.

Mr. W. R. Colby, organizer of the Elks, left to-day for Toronto, to spend Sunday.

Mr. Geo. Stevens left last night on a visit to the gold mines of Barrie township, Star of the East and others.

Mr. and Mrs. Samuel Caldwell, of Perrytown, Hope township, are visiting their son, Mr. Theodore Caldwell of town.

Mr. J. H. McClellan, superintendent, and Mr. Clem Gordon, overseer, of the Trent Valley Canal, are in Kirkfield to-day on business connected with their department.

Miss Haslitt, of Peterborough, has been engaged as book-keeper by J. R. Craig, succeeding Mrs. Wunsch, who returned to her home in Brantford last week.—Havelock Standard.

Mr. A. E. Taylor, son of Mr. A. Taylor, Westcott street, has returned from Wycliffe College, after completing his first year's arts in Toronto University and first year divinity at Wycliffe College.

Mr. and Mrs. Ward, who formerly lived at the corner of Bethune and Charlotte streets, have moved into their handsome new residence on the corner of Brown and Hunter streets, 5th ward.

LOCAL STOCK MARKETS.

May 12th.—Received from N. B. Darrell, broker:—I do not look for much lower prices at present and could buy stocks for a three or four points advance. My favourites are U. P., C. P., Mich., St. P., Big Steel, Erie and Reading. The market closed at top and if stocks continue strong this morning should be inclined to take profits and buy them again on a point reaction. I do not feel bearish, however, and until the market has had some further good advance do not favour the short side. Wheat will sell much higher and is a purchase on all reactions.

The Back Bachache Stage.

May be just that incipient form of kidney disease, which, if neglected, will develop into stubborn and distressing disorder that will take long tedious treatment to cure. Don't neglect the backache stage of the most insidious of diseases. South American Kidney Cure stops the ache in six hours and cures.

On Saturday Wrecked Prices will be offered on White Waistings, Scotch Ginghams and Art Sateens at the Turnbull Co's Sale.

A Desirable Change

Gentlemen who are bald.—A great many think it is impossible to replace their former growth; these thoughts would be at once expelled from their minds should they see and investigate the Art Hair Coverings manufactured by Prof. Dorenwend, whose skill in this line is world-renowned. Over 30,000 wear his Art Productions. They are feather-weight securely adjusted, durable, and a great protection to the head against cold, catarrh and other ailments, and give a much younger appearance.

He is at the Oriental Hotel, Peterborough, on Friday, May 19th. Don't miss seeing his goods.

Bananas.

We are unloading to-day a carload of the finest bananas that have ever reached the town. Prices are 10 and 15 cents per dozen. S. A. OKE, George street.

CHANGES INVOLVED IN CITY INCORPORATION

How the Fact That Peterborough is Becoming a City on July 1st Will Affect the Municipal Government--Increase in Expense Will Be But Slight--Nearly All the Changes Are Thought to be Desirable--Takes Court of Revision out Of the Hands of the Council--Police Commissioners and Their Duties--An Interesting Summary of the Changes to be Effected Given by Mr. S. R. Armstrong.

The fact that on July 1st Peterborough will take on the dignity of cityhood, may give rise to the question as to just what changes that added dignity will effect in the municipal business.

This question was a live one a year ago last January, when the matter was being discussed, and at the banquet given by ex-Mayor Roger to the members of the council, Mr. S. R. Armstrong, who had given the matter considerable thought spoke on the changes which city incorporation would necessitate. Since that time there has been practically no change in the situation, so that what he said then applies now.

Matter of Expense.

Speaking on the question of expense, Mr. Armstrong said that there would be but two items of additional expense, as far as he had been able to learn. One of these would be in the salary paid to the Police Magistrate. At present he is paid $1200 per year, while in cities the minimum salary is $1400. The other item of increased expense would be in the constitution of the Court of Revision. At present this court is composed of members of the council, to whom a salary is not paid, but in the case of a city the Court of Revision consists of three persons, not members of the council, one appointed by the Mayor, a second by the council, and a third to be the official arbiter, when there is one, or in case there is none, the Sheriff. The salaries paid in cities for members of the Court of Revision range from $25 to $50 each, per year, so that in any case the expense on this account will only be from $75 to $150 per year.

Qualifications of Electors.

The only change which will affect electors personally is raising the qualification for voters from $300 to $400. This will undoubtedly affect a small number to vote at municipal elections, but the number will be comparatively small. An increase will also be made in the qualifications for aldermen. The freehold qualifications will be increased from $600 to $1000, and leasehold from $1000 to $2000. This, it is believed, would not affect many, if any, of the present members of the council.

The other change in the form of municipal government, which city incorporation will make, will be in the administration of the police department. At present the police department here is under the control of the council, while in cities a board of police commissioners has charge of this department, and also has the licensing and regulation of junk stores and livery stables and also fixes the area of livery stables.

The police commissioners will be the Mayor, the County Judge and the Police Magistrate.

Auditing Accounts.

In cities accounts may be audited by the city auditor before being paid.

City councils have the power to ask the county registrars to give a list of all conveyances made, giving the name of each purchaser, and the price paid, each instrument to cost five cents. This provision is for assessment purposes.

Aldermen in cities have the power of Justices of the Peace, while in towns only the Mayor has this authority.

In cities the treasurer is not bound to have the financial statement prepared by December 15th, as is necessary in towns. For a place of the size of Peterborough it is almost an impossibility to close the books on Dec. 14th, and have a statement ready by the 15th.

Cities may spend a limited sum for the purpose of entertaining distinguished guests, and for travelling expenses of the members in transacting municipal business. Although it is absolutely necessary for every town council to spend money every year for this purpose, there is no provision made for it in the statutes.

Cities have the power to imprison for six months offenders against city bylaws for non-payment of fines while in towns the limit is 21 days.

Cities may spend a limited sum for the purpose of rebuilding bridges, without submitting a bylaw to the ratepayers authorizing the expenditure of the money. Such bylaw, however, must be approved by the Lieutenant-Governor in Council.

Farm Lands.

In towns plots of farm or garden lands in the corporation five acres or under in extent, may be assessed as farm lands, while in cities the limit is two acres.

A city council, in the event of a vacancy occurring in the Mayor's chair after July 1st, may appoint one of their number to the office, while in towns this may be done only after November 1st, any vacancy occurring previous to that date must be filled by an election.

City auditors may be appointed as other officials, for an unlimited length of time, and not yearly, as in the case of towns.

In cities, Police officers, in the case of an arrest for a minor offence, may take bail, without applying to the Police Magistrate. Cities also have power to compel street railway companies to put vestibules on their cars.

Separation From County.

In almost every case when a town becomes a city it means separation from the county. In the case of Peterborough, however, this will not have to be faced, as since 1850 Peterborough has been a separate municipality, and city incorporation will not be accompanied by the complications necessary when separation from the county is taken.

In cities it is provided that the assessment may be taken any time prior to Sept. 30th, while in towns it must be taken between Feb. 15th and April 30th, or July 1st and Sept. 30th. In cities the council, may fix separate dates for the return of the rolls for the different wards or subdivisions.

Tavern licenses are increased by $60 in cities.

While Mr. Armstrong was not presenting an argument in favour of city incorporation, he pointed out that Peterborough in all Governmental reports was classed with the villages and towns, whereas in point of population it should be with the cities.

Peterborough's Importance.

There are now fourteen incorporated cities in Ontario, of which only seven are larger than Peterborough. This will doubtless be a surprise to a great many, who have not thought that Peterborough had attained such proportions. A case where the fact of Peterborough being classed as a town worked to its disadvantage was pointed out when it was stated that when the Deering Harvester Company decided to locate a branch in Canada they took a list of the cities, and sent a representative to visit them to see what advantages they offered to them to locate. Peterborough was not included in the list because it did not appear as a city. The result of this was that while Peterborough had many advantages to offer such a concern, its claims were not considered by the company because of the fact that it was not in the list of cities.

The result was that Hamilton has secured the Deering Works, and one million dollars have already been expended by the company to date, and the end is not yet.

REV. ALFRED GANDIER

Who Preaches Here To-morrow.

PROSPECTING FOR COAL IN NEW ONTARIO

Former Peterborough Man is of the Opinion That it is to be Found--Will Start Next Week Exploring for the Black Diamonds--Mr. T. H. Crowley's Success in Prospecting for Minerals Gives Weight to His Opinion--Advises Young Men to go to the West--Greater Opportunities.

Mr. T. H. Crowley, the Peterborough County man who left here twelve years ago and went to the Canadian Soo, where he has made a respectable fortune, was in town yesterday, and dropped into the Examiner. His Company formed for the exploitation of a mining proposition which he has discovered in the Rainy River District, is complete, and he will leave for the north country next week to engage in still further explorations, but, while in the past he has been searching for the precious metals, on this trip he will go after coal, and if he is successful, as he firmly believes that he will be, it will be an achievement which will bring him still further distinction and, incidentally, of course, further profit. Mr. Crowley is of the opinion that there is coal in the region of Port Arthur, and, if his opinion proves true, it will be the cap stone to the prosperity of the new Ontario country, for it has long been recognized that while the country was rich almost beyond description in minerals, the great trouble has been that it has been expensive work smelting and reducing these ores because of the fact that if this operation was carried on in the vicinity of the mines the fuel had to be brought in from another country, and if the ore was shipped to the coal centres for smelting this entailed a heavy expense.

Mr. Crowley's optimism in regard to coal, must be considered with the opinion of geologists that coal in Ontario is problematical.

Value of Coal.

The men who have been interested in the mining business in New Ontario have been saying for years that if a deposit of coking coal could be found in that part of the province the value of the already valuable mineral deposits there would be doubled, and now, if Mr. Crowley's prophecy is fulfilled the dreams of future wealth will be realized.

At the present time, even working under the disadvantages consequent upon the necessity of having to haul coke from Virginia coke fields, the Lake Superior Company is manufacturing steel rails at the Sault at a profit, and it does not require any very extraordinary foresight to see that if there was a deposit of coal in that district the profits which they are able to realize at the present time would be greatly increased, and the position of this company is identical with that of a number of other companies operating in New Ontario, another of the larger concerns being the Canadian Copper Company, at Sudbury, and Copper Cliff.

Mr. Crowley will start in the near future upon his search for coal, and at the same time will be on the lookout for other minerals, and, if he is successful in his explorations in the future as he has been in the past, it will not be long until the fact will be chronicled that coal has been discovered in Ontario.

"Go West Young Man".

That there are opportunities in the newer parts of the country which the older and more settled parts do not afford, Mr. Crowley firmly believes, and his advice to young men anxious to better their condition is to strike out to New Ontario, where he says there is work for everyone, at wages which are very much superior to those in the older parts of the country. He relates the fact that he left Peterborough County with barely enough money to pay his railway fare to his destination, the Canadian Soo, and by hard work and a judicious use of his natural aptitude to take advantage of every opportunity to make money he has succeeded, and now, in addition to his share in the iron deposits, the total value of which he estimates to be up in the millions, he owns a good part of the Village of Steeton the new suburb of the Sault, and in the immediate vicinity of the Clergue Works.

Power Development.

At Fort Francis, Mr. Crowley says, there is under construction a power house to develop 40,000 horsepower from the falls caused by the waters of Rainy Lake falling into Rainy River, and smelters will be erected there as well as an immense pulp mill, while 80 miles farther west, at the point where the C.N.R. crosses the river into the State of Minnesota there are the largest sawmills in Canada, with a capacity of half a million feet of lumber a day. This development is the result of the policy of giving pulp concessions inaugurated by the late Ontario Government, and the construction of the Canadian Northern Railway also assisted by that Government, and Mr. Crowley is of the opinion that the development so far is only a beginning of what is yet to follow.

In Fort William and Port Arthur it is almost impossible to get hotel accommodation and absolutely impossible to get a house to live in unless one builds it.

It is an interesting as well as a gratifying fact however, to record the fact that while the newer parts of the province are progressing so rapidly, the older parts are holding their own, and Peterborough is also on the top wave of progress and prosperity, and the future prospects are very bright.

Monkey Brand Soap removes all stains, rust, dirt or tarnish — but won't wash clothes.

Ireland never turned out a better homespun than Semi-ready "Kilalo."

Irish homespuns are supreme. For beauty of pattern and obstinacy of wear nothing can touch them. "Kilalo" Homespun is our own particular quality, woven into our own particular patterns.

One of the oldest and best mills in Ireland produces it for us. Generations of experience are behind their knowledge of homespun making.

This mill makes a particularly high grade homespun for us under our trade name of "Kilalo." Semi-ready controls the output of that quality, and any patterns we select are exclusive to us.

We make "Kilalo" homespun into two-piece suits and summer trousers. It is stylish-looking fabric—so much so that it has entirely taken the place of flannels. Prices $15 to $20. 400

Semi-ready Tailoring

Cressman's PETERBORO.

Queen's University, Which the General Assembly Meeting in Kingston in June Will, by Formal Act, Recognize as the Church's University in Canada.

If a man's wife is a good baker, nothing

but the best flour is good enough for her. There can be no greater extravagance than the use of inferior flour.

Winchester Springs, Feb. 27th, 05.

"I read about Royal Household Flour which is purified by electricity. I also read about the woman paying freight 25 miles before she would be without it. Royal Household was not sold in our town, I was asking about it and my grocer told me to wait a day or two and he would get some, and I am glad I did so. My wife is a good baker and made good bread out of other flours, but what she has now made out of Royal Household is so far ahead that I would be willing to pay freight fifty miles instead of twenty-five, rather than go without it. There is no flour 'just as good' as Royal Household."

(Signed) JOHN HENDERSON.

Now, is there a single woman in the whole country who, after reading what Mr. Henderson says, will not at once send for the Royal Household recipes and give Royal Household Flour a trial. Mention this paper and address

THE OGILVIE FLOUR MILLS CO., LIMITED, MONTREAL.

CHARRED AND BURNED.

Sixteen Only of Wreck's Twenty-Two Dead Are Known.

Harrisburg, Pa., May 13.—Two more victims of the wreck of the Cleveland and Cincinnati express on the Pennsylvania Railroad at South Harrisburg yesterday morning died yesterday, one being Sam Shubert, the New York theatrical manager, bringing the total number of victims to 22. Two others are in a critical condition. Sixteen of the dead have been identified. The bodies of the others are so horribly charred and burned that it is doubtful if they will ever be positively identified.

Struck Head Against Pole.

Montreal, May 13.—George R. Reid, a young Grand Trunk locomotive fireman, is in the General Hospital in a dying condition. Near Lachine he thought he saw something on the track and to get a better view leaned out of the side of the locomotive, when his head struck a pole, injuring him so seriously that he can scarcely recover. He is 23 years old, and resided in Point St. Charles.

Dr. Bryce Was There.

Boston, May 13.—A special session under the supervision of the Department of Health was a feature of the American Social Science Association convention yesterday. Dr. Peter H. Bryce, chief medical officer of the Canadian Bureau of Immigration at Ottawa, discussed some of the social effects of immigration to America.

The superiority of Dr. Pitcher's Backache-Kidney Tablets over other forms of treatment is due to the fact that they are the prescription of Dr. Zina Pitcher, the famous specialist—were used successfully and tested in private practice by him for many years before they were given to the public at large. They contain expensive specific ingredients not found in any other Kidney remedy. Is it any wonder, then, that they cure lumbago, diabetes, gravel, Bright's disease, uric acid in the blood, rheumatism, neuralgia, dropsy, irritability of the bladder, and Kidney troubles of old people and children when other remedies fail?

Read what Mrs. W. Martin, Orangeville, Ont., has to say: "Some time ago I had a good deal of trouble with my back, due to a cold that settled in the Kidneys. I was also troubled with dizziness and headache.

I started taking Dr. Pitcher's Backache-Kidney Tablets, and by the time I had used one bottle the backache, headache and feelings of dizziness had all disappeared. I consider the Tablets a good medicine."

Dr. Pitcher's Backache-Kidney Tablets are 50c. a bottle of 50 chocolate-coated tablets, sold by druggists or sent by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

CHANGES ARE TO BE MADE.

Announced By Government in Liquor License Act.

NO SALES AT ALL TO MINORS

Inducements to Municipalities to Enforce the Law—Government Will Retain Fines Where It Institutes Prosecutions — Changes in the Game Act—Lieut.-Governor Assents to Some Bills.

Toronto, May 13.—Several important Government measures were introduced during yesterday's brief session of the Legislature, and his Honor the Lieut.-Governor gave the Royal assent to a number of bills that have been read a third time. Hon. Mr. Hanna explained his bill to amend the license act.

Mr. Hanna said it was proposed to absolutely prohibit the sale of liquor to minors. As the law stands a minor may go to a hotel with an order from parent or guardian. The licensed victuallers recently expressed themselves against this practice; in fact, asked to be protected against it. If the amendment proposed did nothing more it would carry out their wishes.

The second amendment refers to the cost of transfer of licenses, and will increase it to one-half the cost of the license. The present cost in Toronto is $50, $25 in other cities, and $10 in rural municipalities.

Another amendment will provide that the whole of a fine in a case where the prosecution is launched by the department of a license inspector will go to the liquor license fund. At present two-thirds goes to the municipality, and one-third to the liquor license fund if the department launches the prosecution. If the municipality secures the conviction under the new law it will be entitled to the whole of the fine.

It occurred to the Government that it might be an incentive to the municipality if by enforcing the law they would get all of the penalty, while if it is left for the department to enforce they would not get anything.

Mr. Hanna referred to the laxity of the municipalities in enforcing the law. The department recently had taken pains to see that the law was enforced in some new settlements, and the officers sent out had met with considerable success. What had been the result? Some of these municipalities that had winked at infractions of the law were now being enriched by the fines secured by officers of the department. The expectation of the department was that they could spend every dollar received by this fund in enforcing the law.

Close Season For Game.

Hon. Dr. Reaume brought down a bill to further extend the close season for certain game. The non-sale close season for quail, woodcock, snipe and partridge is extended five years, and the close season for taking beaver and otter extended for the same time. The close season for hares will be from Oct. 1 to Jan. 1. The use of repeating and automatic guns is prohibited, and provision made for the appointment of more game wardens to enforce the provisions of the act.

Returns to Old System.

Hon. Mr. Monteith introduced a bill to repeal the county councils sections of the municipal act. He proposes to go back to the old system of constituting county councils of the reeves of the municipalities, instead of commissioners elected by county council divisions.

On motion of the Premier, Government business will have precedence over all other business except private bills on and after Monday.

Bills Assented To.

The House assembled at 2.45, when Lieutenant-Governor Clark attended to give assent to a number of bills. His Honor was attended by Capt. McDonald, his military secretary. His Honor gave assent to 12 private and these public bills:

An act to amend the act to provide for the incorporation of co-operative cold storage associations.

An act respecting the consolidated revenue fund and the raising of loans authorized by the Legislature.

An act for raising money on the credit of the Consolidated Revenue Fund of Ontario.

A number of bills were read a first time.

The following bills were read a second time: To amend the Land Titles Act.—Mr. Crawford. To amend the Registry Act.—Mr. Crawford. To amend the Loan Corporations Act.

No More Licenses in New Ontario.

To a deputation from the Synod of Toronto and Kingston, Hon. W. J. Hanna said yesterday that no additional liquor licenses would be granted in New Ontario, and that steps would be taken to stop the illicit sale of liquor in that section of the Province. The Government was also opposed, he said, to increasing licenses in older Ontario. Special officers were already at work in New Ontario he said, with a view to the prevention of illicit liquor selling, and in this work, he was glad to say, the railways were co-operating by giving reduced fares to the officers, because it was to their benefit, as well as to that of other people, that illegal sales should cease.

Notified Chief of His Suicide.

London, May 13.—Yi Han Eung, the Corean charge d'affaires here, committed suicide by hanging at the legation yesterday. He wrote a letter yesterday morning to the Corean Consul-General, W. P. Morgan, asking him to come to the legation at once, as he, Eung, was going to die.

Hon. C. S. Hyman as Minister.

Ottawa, May 13.—(Globe special)—The expectation is that to-day, or at a very early date, Hon. Charles S. Hyman will be sworn in as Minister of Public Works. Then will issue the writ for a new election in London.

Good Health and Success

GO HAND IN HAND WHEN THE BLOOD IS KEPT PURE AND RICH BY

Dr. Chase's Nerve Food

Red blood means health, strength, courage, cheerfulness, power of endurance and a well-nourished brain that likes to accomplish things.

The secret of health is, after all, in the blood, for with an abundance of rich, red blood the nervous system is nourished and sustained the lungs, heart stomach, liver and kidneys are filled with the vigour and energy necessary to accomplish their work and there is no room for weakness and disease.

Dr. Chase's Nerve Food builds up strengthens and invigorates the the whole human body because it actually forms rich red blood.

Indigestion sleeplessness, nervous headache irritability, nervousness, lack of energy and strength and failure of the bodily organs to perform their functions are almost invariably the result of poor, weak, watery blood.

The use of Dr. Chase's Nerve Food completely overcomes these symptoms and by filling the whole system with new vigour gives new hope and confidence and replaces weakness and disease with health and strength.

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 7

'PHONES IN STATIONS.

Either Mr. Hays or Mr. McGuigan Must Appear Before Telephone Committee to Explain.

Ottawa, May 13.—No witnesses appeared for examination before the committee on telephones yesterday morning, and the members of the committee had an informal discussion in reference to the utility and practicability of the automatic telephone system.

Recently a summons was sent to Mr. C. M. Hays, second vice-president and general manager of the G. T. R., to appear and give evidence in reference to the exclusive contract between the G. T. R. and the Bell Telephone Co. A reply was received stating that Mr. Hays knew nothing personally about it, but that Mr. F. H. McGuigan, third vice-president and manager, was familiar with the matter.

One Must Appear.

A request that Mr. McGuigan appear elicited a reply that he had an important engagement in Chicago, and would not be back until Friday, and suggesting that Mr. Wm. Wainwright, who is in Ottawa, might be examined. The committee did not take kindly to Mr. McGuigan's suggestion, and instructed the secretary to notify Mr. Hays and Mr. McGuigan that the committee expects either one of those gentlemen to appear before the committee on Tuesday next.

A letter was read from a resident of Prince Edward Island complaining of the lack of telephone accommodation in the vicinity of Charlottetown, the company declining to furnish telephone service a short distance out of the city.

STOPPED AT NIAGARA RIVER.

Tyrannical Conduct of United States Officials—The Autonomy Bill.

Ottawa, May 13.—The House held a short session yesterday, unexpected progress having been made with the autonomy bill, and when the hour for recess arrived all the clauses of the bill establishing the Province of Alberta, with the exception of the educational clause, debate upon which in committee Hon. Mr. Fitzpatrick will lead off on Monday, and several other clauses which at the request of the Opposition were held over, had been disposed of. Mr. R. L. Borden declined the suggestion by the Minister of Justice that a declaration be made that corresponding clauses in the Saskatchewan bill to those already adopted in the Alberta bill be adopted pro forma.

Tyrannical Conduct.

Mr. Samuel Barker (Hamilton) brought to the attention of the Government the case of John Stevenson and Thomas Mair, two excursionists from Hamilton, who on April 21, when en route to visit relatives at Buffalo, were detained by United States officials and turned back at the border because they refused to pay $2 each.

Mr. Fisher's bill to nationalise the stock records was given its final stages.

At the opening yesterday Mr. Fitzpatrick moved to drop the bill, of which he had given notice, "to further amend the Railway Act, 1903."

Croup Absolutely Cured.

"There is no remedy in my opinion that can act more promptly than Dr. Chase's Syrup of Linseed and Turpentine. It cured my son of croup, absolutely, in one night. We gave him in a dose when he was black in the face with choking. It gave him instant relief and cure."—Mr. Wm. McGee, 49 Wright Ave., Toronto, Ont.

TWO KILLED; MANY BURNED.

By Collapse of Gas Holder Which Afterwards Took Fire.

Philadelphia, Pa., May 13.—Two men were killed, one was fatally injured, and two-score others were more or less seriously burned yesterday by the collapse of an immense gas holder at the Point Breeze Works of the United Gas Improvement Co. in the southern part of the city.

The gas holder collapsed from some unknown cause, and the great volume of gas which the holder contained exploded with such force that buildings within a radius of half a mile were shaken. The holder collapsed while Whalen and Ogilvie were at work on a small building nearby. Then it took fire and forty men were badly burned. Whalen and Ogilvie were so severely burned that they died in a few minutes.

COSTS IN LUNATICS' CASES.

Chief Justice Meredith Declines to Order Them Out of Estate.

Toronto, May 13.—Judgment was given yesterday in favor of Edith Talbot for $3,500, and Agnes Delaire for $1,000 for injuries received through the fall of an elevator in the store of Richard Hall & Son, Peterboro, where the girls were employed.

Chief Justice Meredith ordered that a sufficient sum to maintain Annie Barnard in comfort in the asylum should be paid out of her estate, which is valued at $7,000. The master had made an allowance of $2.75 per week. The chief justice declined to order that the costs of the provincial inspector should be paid out of the estate, saying that the Province should pay it.

W. G. MORROW, Manager

A BRITISHER IN FRANCE.

Incidents in the Life of Old Sir Edward Blount.

Old Sir Edward Blount, who has just died in England at the age of 94, was for nearly 50 years the managing president and controller of the Great Western Railroad of France. The railroad connects Paris with all the great seaports and naval strongholds on the northwest and western coasts, and in view of the fact that the Great Western lines would have been precisely those of most vital importance to the French Government and to the French nation, in the event of war with England, it speaks volumes for the confidence of the entire French people in his lofty sense of honor that he should have been allowed, though an Englishman, to retain this office of president so long. He was in control of the lines under King Louis Philippe, the second Republic, throughout the 18 years of the second Empire, and under the third Republic until about 10 years ago, when the Dreyfus scandal so upset people in France, shook to such an extent their trust in the honor of their closest friends, their relatives and their neighbors, that old Sir Edward, then 85, but still hale and hearty, was quietly recommended to resign the chairmanship of that railroad, which he had helped to build.

As a boy of 10 he witnessed the triumphal return of the first Marquis of Anglesey to his country seat of Beaudesert after the battle of Waterloo. He was an assistant private secretary of the great statesman, Canning, was a clerk in the Foreign Office when the despatches announcing the naval battle of Navarino arrived there, and he was obliged to copy them out for the king. He went to Paris in 1831 as an attache of the British Embassy there, but abandoned diplomacy for banking, established an Anglo-French banking house in Paris, and succeeded so well that when the railroad fever struck France he was enabled to finance the construction of the West of France Railroad.

Blount knew Talleyrand, dined at Versailles with Bismarck in 1870, and volunteered to act as British Consul without pay during the siege of Paris by the Germans and during the subsequent Commune insurrection, saving the lives of at least 20 Englishmen and Americans who had been condemned to be shot by the insurgents.

It was during that time, too, that as British Consul it fell to his lot to perform the marriage ceremony uniting Sir Richard Wallace to his French wife. This was, as it ultimately turned out, unfortunate, since it served to draw attention, officially and otherwise, to the fact that they were not married up to that time, and that their grown-up son, a gallant officer of French cuirassiers, who distinguished himself in the famous cavalry charge at Sedan, was illegitimate and incapable, therefore, of succeeding to the hereditary honors subsequently conferred upon Sir Richard by Queen Victoria.

Lady Wallace, owing to this tardy marriage, was barred from court in England and ostracised by English society. But when he died Sir Richard left not merely the whole of his vast property, but likewise his priceless art collection, to her, so that she might present the collection as her gift to that English nation which virtually had closed its doors against her. The collection is now a state institution, housed at Hertford House in London, and celebrated throughout the world as one of the most unique of art museums.

Sir Edward Blount never became naturalized, though he made his home in France for three-score years, but remained an Englishman to the last, the French honoring him for his sturdy independence and national pride in declining to secure French citizenship. His children and grandchildren have, however, married into the old French aristocracy. England honored him by conferring upon him the Order of the Bath. King Edward, who was fond of him, offering him a baronetcy, which he declined, wishing that there should be no other baronetcy in his family than the one held by its chief, his cousin, which dates from the reign of King James I., though the Blount family figures on the famous roll of Battle Abbey, its founder having been with William the Conqueror at the battle of Hastings.

A Searcher for Knowledge.

The rector was working in his garden and had commenced operations with a hammer on the wall, when a tradesman's boy stopped to look on.

Rector (to boy)—Well, my lad, as you want to learn how to train a grape-vine?

Boy—No, I don't; I want to know what a parson says when he smashes his thumb.

BOOZE OR MEDICINE?

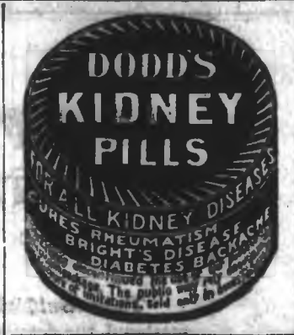
Which will you have? If a woman suffering from one of the delicate ailments peculiar to your sex it will be well for you to know that Dr. Pierce's Favorite Prescription is the only remedy advertised for such maladies which is absolutely free from intoxicating liquors and all other harmful agents. The good you get from its use is not the delusive gratification from a tippling beverage, from which the system reacts into a worse condition than before. It may be a little slower in manifesting its bracing and invigorating action, but its benefits are more lasting and positive and, best of all, they are lasting. It's an honest medicine—not a beverage.

"I have been taking your medicine for the past [illegible] months and can say I am gaining [illegible]," writes Mrs. Sarah Khay, of [illegible] Sweet, Mount Pleasant, Iowa. "I was having very poor health all winter, [illegible] with our family doctor but [illegible] only while taking the medicine. I [illegible] Pierce's medicine several years ago [illegible] it was good for any one suffering [illegible] trouble. Have taken only [illegible] and am gaining strength very fast. I could not eat nor sleep when I began [illegible] 'Favorite Prescription.' Have [illegible] my own and five cousins' friends to [illegible] and advise them to take your medicine. [illegible] also find taking your medicine. If I continue with your treatment am positive I will be cured."

Every suffering woman in this land should write to Dr. Pierce and learn how certainly he can restore her to health and strength. It costs nothing to write and receive entirely free the advice of one of the most experienced physicians in this country. His great thousand-page book the Common Sense Medical Adviser, in stiff paper covers, will be sent free for 21 one-cent stamps the bare cost of mailing, or, cent 50 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pellets. These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been sugar coated, but never equaled. They're made of purely vegetable concentrated and refined medicinal principles extracted from native American roots and herbs. They quickly relieve and cure biliousness, torpid liver, sick headache, [illegible] and their attendant disordered stomach and [illegible] Only one or two a laxative, three or four a cathartic.

Don't allow the dealer to insult your intelligence by offering his own remedy to you instead of this well-known preparation of Dr. Pierce.



RUSSIANS RETIRE JAPS.

Cavalry and Artillery Forced Them Back and Back Again.

St. Petersburg, May 12.—Gen. Linevitch, in a despatch to the Emperor, dated May 9, says:

"Our advance posts along the line from Fodysoussche to Shihousa were attacked by the enemy's cavalry on May 7. The Japanese were repulsed. They renewed the attack May 8, but were again unsuccessful.

"On May 9 our cavalry advanced in the direction of the Shahetsy mines, which were occupied by Japanese, who, in the face of our artillery fire and a turning movement westward of the mines, were obliged to retire towards the Village of Sinlanzou, from which they subsequently were dislodged, retiring to the Village of Madiopa."

Where Russian Fleet Is.

Hong Kong, May 12.—With the arrival here last night of the first-class packet steamship Sesia from Singapore another interesting chapter is added to the war situation in the China Sea. At 9 o'clock on Tuesday evening the Sesia picked up three vessels of the Russian war fleet, and by 10 o'clock had passed thirty-seven of the Czar's ships about forty miles northeast of Cape Shanho, a little west of the regular trade route to Hong Kong.

HOW IT SPREADS.

The first package of Dr. Leonhardt's Hem-Roid (the infallible Pile cure) that was put out went to a small town in Nebraska.

It cured a case of Piles that was considered hopeless.

The news spread and although this was only two years ago the demand prompted Dr. J. S. Leonhardt, of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of Piles. There is a month's treatment in each box. Sold for $1.00 with absolute guarantee.

It is for sale by druggists, or by the Wilson-Pyle Co., Limited, Niagara Falls, Ont. 4.

DUBLIN CAB DRIVERS.

The Light-Hearted Lads That Rattle Through the Irish Capital.

The Dublin jarvies are not what you would call good whips, writes Vance Thompson in Outing. They drive, as unladylike people say, like the divil; they cut around corners neatly enough and go slashing up heart-breaking hills; but nine out of ten of them drive with a loose rein. They talk to the fare and the little horse runs on, doing the best he can and following his own dauntless will. I lay no fault upon the jarvey. The Irish horse shares Paddy's love for independence. Of him, too, it may be said that he serves without servility.

The jarvey—light-hearted lad, be he young or old—gains in the run of the days an average of 6 shillings. The fares are jolly cheap. For a "set-down" within the boundary the charge for two persons, between 9 a. m. and 10 p. m., is only sixpence. By time the charges are one-and-six an hour, with an added sixpence for each succeeding half hour. Still, the jarvey does fairly well. Barney, who is no better than the others, took me to his home. It was in Spring's Gardens, where there are rows upon rows of neat little red brick cottages, with gardens and stables. They rent at £20 a year. Owning his car, as he does, Barney pays no car rent to anyone and, if he drives Lawler's mare, 'tis more for love than profit. Year in and year out he puts by a bit, for the "childer." Odd bless 'em!" are growing and will have need of education. In his smart little home with his smart little wife, there are unluckier men than he.

"If 'twere not for the fightin'," says Mrs. O'Rea, "a better man than Barney never pulled a shirt over his head."

Barney, it seems, believes that animosities should be cultivated. Being a good man with his hands and blithe and gay in battle, he colors the week's end with riot.

Clergymen Live Longest.

What occupation in life offers man the best prospect of long life? The question is often asked.

Dr. Schofield, late lecturer and examiner for the National Health Society, has in his book "Nerves in Order" given a table of longevity which supplies an answer.

Evidently the Christian ministry is the most healthful of all occupation. Clergy, who head the list, live more than twice as long as the average numbers of other professions. Nonconformist ministers die a little faster.

The complete list works out thus in order of longevity: Clergy (55 per cent.), commercial ministers, farmers, agricultural laborers, grocers, lawyers, drapers, coal miners, watchmakers, artists, shoemakers, bakers, clerks, chemists, grocers, tailors, doctors, butchers, painters, musicians, cab and bus men, sweeps, publicans, metal miners, hawkers, London laborers, harmen.

Descent from the good stock, temperate habits and small, but assured, incomes are factors in the long life of the clergy.

Farmers would show up better if they spent less money in drink.

Grocers owe their higher death rate to the spirits they consume.

Lawyers would be better off if it were not that after 45 they die off more quickly.

Drapers die largely from consumption, owing to the amount of dust encountered in their business, but the surprisingly good health of coal miners is probably due to the harmlessness of coal dust.

Bakers die largely from drink and suicide.

Clerks alone live to the present average age of 43.

Musicians include all organ grinders and German bands, "Heroes," writes the author, "their mortality."—London Leader.

THE TELEPHONE ENQUIRY.

Operations of a New Brunswick Telephone Line—Claims to Be Entirely Independent of the Bell Company.

Ottawa, May 12.—Senator F. P. Thompson, Fredericton, the Managing Director and Treasurer of the New Brunswick Telephone Company, gave evidence before the Parliamentary Telephone Committee yesterday morning. He stated that the company began business in 1888. It had bought out the Bell interests in several cities and towns, and had built its own line. It now had a complete and first-class system. It had local exchanges in most of the cities and towns, and long-distance lines connecting them. The Bell Company was given $25,000 paid-up stock and $25,000. The total stock of the New Brunswick Company was $204,050. The Bell held $61,100 stock.

In answer to a question whether the company had a purchasing or other contract which tied them up to the Bell, Senator Thompson said the New Brunswick company was as independent of the Bell as if that company had not a dollar of stock in it. There were a number of other smaller rural companies. Most of them had connection with the New Brunswick Company, which handled their long-distance and urban business. The New Brunswick Company had no rural lines, but connected them whenever it came near them.

Result of a Little War.

It did not require the rural companies to conform to its high standard of equipment. A rural company, the Union Telephone Company, had declined to accept its offer to handle rural business at 10 cents a message in Woodstock. It had put in an automatic competing plant. But the rate of the New Brunswick Company had been cut from $10 to $5, and neither company was now making money. Negotiations were now under way, however, which he thought would result in a working arrangement being reached between the two companies. The New Brunswick Company had paid a dividend of 8 per cent.

In reply to a question Senator Thompson said a telegraph long-distance line should yield 30 per cent. more than a telephone line on account of the duplex system on telegraphs and the high cost of putting in a telephone system.

Dr. A. A. Stockton, M.P., St. John, a director and legal advisor of the New Brunswick company, confirmed Senator Thompson's statements and said St. John was an expensive place to build a system because of rock foundations.

Bell Wouldn't Deal.

Mr. Edward Cochrane, M.P. for East Northumberland, gave evidence and complained that the Bell Company would not exchange business with a local company operating in the vicinity of Brighton and would not put a 'phone in the postoffice at Edville, though their line ran within four rods of it.

F. O. Dugas, M.P. for Montcalm, described the Joliette Telephone Company, which operates in Joliette and Montcalm counties. This system had 137 miles of line. It connected with the Bell at Joliette, and each company takes half of the tolls.

Try Gin Pills at our expense

We want every man and woman in Canada who suffers from Kidney and Bladder Troubles, to write us for a free sample of Gin Pills.

We want everyone who has sick friends to send us their names and addresses, that we may mail them, free of charge, a sample box of Gin Pills.

100,000 Sample Boxes Given Away.

There are hundreds who are martyrs to Kidney Trouble, having tried everything else without relief. There are dozens in every town who may have Kidney Trouble without knowing it. If you are pale—losing flesh—can't sleep—no appetite—if you constantly desire to urinate—if the urine is scanty, burning or highly colored—if the feet and hands are swollen—if the eyesight is dimmed—if there are frequent pains in the back, through the hips and legs—then you have the most positive symptoms of Kidney Trouble.

These are the people, we hope, who will send in their names that Gin Pills may cure them.

What They Are

Each Gin Pill contains the medicinal properties of one and one-half ounces of best Holland Gin. The harmful substances—and the alcohol—are left out. These medicinal principles are combined with several other remedies of exceptional value—and the whole made up in the form of a small, pleasant pill. These are the famous Gin Pills that have the largest sale—and the greatest number of cures to their credit—of any Kidney and Bladder remedy ever introduced in Canada.

What They Do

Gin Pills cure "Cold on the Kidneys," Inflammation of the Kidneys, Uric Acid, causing Gout and Rheumatism, Ulceration and Inflammation of the Bladder, Painful and Suppressed Urine, constant desire to urinate, Gravel or Stone in the Bladder, and all other troubles caused by sick Kidneys and Bladder. They never fail to relieve the sharp, shooting pain, make urination easy, natural and regular, strengthen the organs, and effect a speedy and permanent cure.

Won't you try Gin Pills at our expense? It costs nothing. Simply a post card. Ask us to send a sample box free—say in what paper you saw this advertisement—and sign your name and address. Do it to-day—NOW.

A teaspoonfull in a glass of water in the morning.

25¢ and 60¢ a bottle.

The Coming Man.

A pair of very chubby legs
Incased in scarlet hose,
A pair of little stubby boots
With rather doubtful toes,
A little kilt, a little coat,
Cut as a mother can—
And, lo! before us stands in state
The future's "coming man."

His eyes perchance will read the stars
And search their unknown ways;
Perchance the human heart and soul
Will open to their gaze;
Perchance their keen and flashing glance
Will be a nation's light—
Those eyes that now are wistful bent
On some "big fellow's" kite.

Those hands—those little, busy hands,
So sticky, small and brown;
Those hands whose only mission seems
To pull all order down—
Who knows what hidden strength may be
Concealed within their grasp,
Though now 'tis but a taffy stick
In sturdy hold they clasp?

Ah, blessings on those little hands,
Whose work is yet undone!
And blessings on those little feet,
Whose race is yet unrun!
And blessings on the little brain
That has not learned to plan!
Whate'er the future holds in store,
God bless the "coming man!"

SAVED THE BABY.

"I was not a believer in advertised medicines [illegible] Mrs. Chas. VanTassell, Digby, N. S., until I began using Baby's Own Tablets. When my last baby was born we never hoped to raise her. She was weakly, did not have any flesh on her bones, and a bluish colour. The doctor who attended her told me she would not live. After reading what other mothers said about Baby's Own Tablets I decided to try them, and I must now honestly say I never had such a valuable medicine in my home. It has changed my poor, sickly, fleshless baby into a lovely child, now as fat as a butter ball. Words fail to express my thanks for what the Tablets have done for my child, and I can only urge that other mothers do as I do now, keep the Tablets in the house always." Baby's Own Tablets positively cure all the minor ills of babyhood and childhood and the mother has a guarantee that they contain no opiate or harmful drug. Sold by all druggists, or sent by mail postpaid at 25 cents a box, by writing the Dr. Williams' Medicine Company, Brockville, Ont.

The Brock Family.

Mrs. Quin, who is now on a visit to England, writes to The Toronto News as follows:

"In reply to 'Sherbourne street's' inquiry about Sir Isaac Brock's descendants, I can say that my mother, Mrs. Weymouth Schreiber, was a Miss de Lisle, daughter of Capt. de Lisle, and of Mary Carey, of Guernsey. I and my two brothers, Mr. de Lisle Schreiber, and Mr. Harrie Schreiber, were the children, and we are all married and have children living in and near Toronto, my daughter having the family name of de Lisle. My father, Mr. Weymouth Schreiber, met my mother at the house of their mutual cousins, Mr. and Mrs. Laurence Brock, at Colchester. Later they married in Guernsey and came out to Toronto. Mrs. Laurence Brock was a sister of the then Dean of Guernsey, the Rev. Carey Brock, and Mr. Laurence Brock, the son of Major Brock, of Colchester, and Miss Schreiber (my grandfather's sister, the Rev. Thomas Schreiber), and brother of Mr. George Brock, in Toronto. Col. Lovell's children are now living in Colchester, but are unmarried. 'Sherbourne Street's' notice was forwarded to me from home so I am late in replying, but as our branch is the only one left in Canada I thought I should like to tell what I could, and may add that I lived in Guernsey as a child, and knew and loved Sir Isaac Brock's beautiful little island."

MAKING GOOD INDIANS.

Conditions, Customs and Treatment of Dominion's Red Men.

Speaking at the Toronto Canadian Club luncheon recently on "The Indians in Canada," Mr. Frank Pedley, of the Department of Indian Affairs, Ottawa, said that at the rounding out of Confederation there was an Indian population of 80,000 distributed from the Atlantic to the Pacific, comprising over thirty different tribes. There was a general impression that the Indians were a dying race, but the records of the Department did not bear out that view, as the present population was about 108,000, there being 25,000 in British Columbia, 21,000 in Ontario, 17,000 in the Northwest Territories, 11,000 in Quebec. The rights of the Indian to his land were absolutely safeguarded by the Indian Act, and not a foot could be sold without permission of the Department. He spoke of the Indian title to the land, which was recognised by the French and English. By treaties, by annuities and by instituting reserves the title has been extinguished over most of Canada. Ungava Mackenzie, Keewatin and the Yukon are exceptions. Prior to confederation the Provinces or the Imperial Government dealt with the Indians. Now their welfare rests entirely with the Dominion Government. The impression also existed that the Indians were mostly given to hunting and fishing, but as a fact their occupations were very much varied, and were determined largely by local conditions. In Eastern Canada they were manufacturers of snowshoes, moccasins, baskets, etc., whilst in the settled portions of Ontario they were devoting themselves to pursuits somewhat similar to the white men. In British Columbia they work in the orchard, in canneries, as well as manufacture certain articles.

Education Policy.

In addition to the industrial pursuits, said Mr. Pedley, a policy leading to the education of the Indians had been pursued, and there were to-day 228 day schools distributed over the Dominion, 71 of which were in Ontario, 48 in Manitoba, and 33 in the Northwest Territories. The schools were modelled on a system adopted by the Provincial Department of Education for rural schools. In addition to the day schools, the Department had subsidised 46 boarding schools carried on under the auspices of different religious denominations, where in addition to the secular side, religious instruction was given, housekeeping for girls and the rudiments of agriculture for boys. There were also 24 industrial schools established for the purpose of affording a more thorough system of manual training.

Medical Attendance.

There were further in the employ of the Indian Department 178 doctors, whose duties were to give all reasonable attendance, whilst the physical condition in general were also looked after. Another feature of the work to which constant attention was being given was the stamping out of the liquor trade amongst the Indians. It was not for him (Mr. Pedley) to prophesy, or to state with any degree of definiteness as to the future of the Indian, but at any rate there were many inherent qualities making for his betterment, and it was the duty of the Department to see that the process of development was not hindered, but encouraged in the most emphatic manner.

Electric Ears For Ships.

Ships will soon have ears—ears that will hear the approach of a torpedo boat that the captain cannot see or that will hear the sound of the fog bell or the waves beating against a dangerous rock on a stormy night. These electrical ears are more sensitive than human ears, because the sounds they will hear are sounds which travel under water, a medium which transmits sound better than air. It is this superiority of the water as a sound transmitter that has brought about the new invention.

NERVOUS?

Perhaps Sleepless, too!

You'll be a total wreck pretty soon, life will no longer be a pleasure. Just think of the days and nights of misery you must spend if not cured!

Won't you use Ferrozone? It's a nerve strengthener that really does cure. It acts through the blood. First, Ferrozone brings appetite—you eat plenty. This fills the blood with nourishment for the inner nerve cells.

FERROZONE

Instils strength into every part of the system. You get well—keep well—nervousness forever departs—because you have used Ferrozone. Avoid substitutes.

Price 50c per box, or six boxes for $2.50, at all dealers or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A. 124

PASSED CENTURY MARK.

Unique Figure in the History of the Town of Richmond Hill.

Over the century mark and for more than fifty years a resident of Richmond Hill, Mrs. Susannah Maxwell is a unique figure in the history of the town. On Friday, March 10, Mrs. Maxwell passed the 100th milestone in life's pilgrimage and the occasion was marked by a large gathering of citizens. Mrs. Maxwell, whose maiden name was Stokes, was born in Lancaster County, Pennsylvania.

Though colored Mrs. Maxwell was free-born, the State of Pennsylvania never having trafficked in slavery. Her parents dying when she was very young, Susannah was adopted by a wealthy landowner named Holmes, who treated her kindly.

She received a fair education and at the age of 18 was given her independence. Although free-born and among a race of people sternly opposed to slavery, Mrs. Maxwell states that there was at all times among the colored people a dread of the marauding bands who infested the border towns, kidnapping colored people and selling them into slavery in the south. On one occasion they were only repulsed with loss of life on both sides.

Mrs. Maxewell and her husband in coming to Canada settled in Richmond Hill, where she has since resided. During this long time she has lost her husband, and five children, one daughter, Tillie, alone remaining to give comfort in her declining years.

Among those who sent regrets and substantial reminders of the auspicious celebration of her centenary were Judge Falconbridge and Deputy Postmaster Coulter. Some $75 was presented to the guest of the evening. A member of the Presbyterian Church, Mrs. Maxwell, and her daughter are among the most respected residents of the town. With all her faculties uninjured and alert in body, Mrs. Maxwell bids fair yet to live for many years.

GIVES TWO REAL GOOD REASONS

For Believing Dodd's Kidney Pills Cure all Kidney Ailments.

Cured His Backache of Twenty-five Years Standing and Satisfied Everyone he Recommended Them to.

Economy Point, N. S., May 12.—(Special).—Geo. S. McLaughlin, of this place, gives two splendid reasons for his belief that Dodd's Kidney Pills are the one remedy for Kidney ailments. Here are the two reasons in his own words:

"I was troubled with lame back for 25 years or more, sometimes so severe that I could not turn myself in bed. One box of Dodd's Kidney Pills cured me and I have had no return of the trouble since.

"I have recommended Dodd's Kidney Pills to a number of persons who had Kidney Trouble. All who have used them have been benfited or cured."

Dodd's Kidney Pills not only relieve all Kidney Diseases, from Backache to Bright's Disease, but they absolutely cured them. But sometimes where one or two boxes relieve it takes more to make a complete cure.

BRITISH FLAG IN THE ARCTIC.

New York Sun Comments on Trip of the Neptune.

When the Newfoundland steam sealer Neptune returned to St. John's about three months ago, a few lines in the newspapers announced that she had been as far north as Cape Sabine, in 78 degrees minutes north latitude, where the Greely expedition passed a tragical winter and where Peary made his winter quarters for a year during his last explorations. Nothing more was said, but some details of the Neptune's interesting voyage far toward the pole have come to the surface, says the New York Sun.

The fact is that after leaving Hudson Bay the Neptune touched at all lands on the west coast of Davis Strait and Baffin Bay, raised the British flag and went through the formality of declaring them to be a part of the Dominion of Canada. All these lands are on the eastern edge of the Arctic archipelago, to the north of the American mainland. The journey of the Neptune due north from Hudson Strait was about 1,075 miles, and as she followed the coasts and entered the more important inlets the voyage north must have been about 1,300 miles long.

It will be remembered that the Neptune was chartered by the Dominion Government in 1903 for two years to go to Hudson Bay and take formal possession of all the islands and coasts in the northern part of the bay. The party was in charge of A. P. Low, of the Dominion Geological Survey, and the ship was commanded by Capt. S. W. Bartlett, well known for his participation in Peary's Arctic achievements. The party raised the British flag on the large Southampton and Melville Islands, and a post of the Northwest Mounted Police was established, with Major Moodie in command. Capt. Bernier went north last summer on the Gauss, the German Antarctic exploring steamer, purchased by Canada, to relieve the Neptune and carry supplies to Major Moodie. The Canadian authorities intend to send a steamer every year to Hudson Bay to communicate with this post.

The Neptune found a Gloucester whaler in Hudson Bay, and gave notice that a tax would hereafter be imposed upon whaling and fishing equipment on all foreign vessels visiting Hudson Bay, and that these vessels would have to pay to Canada an export duty on their catch. Canada holds that Hudson Bay is a closed sea, and has been a British possession since the Treaty of Utrecht in 1713. Whether or not this claim is admitted, the shores around the bay are Canadian, and most of the whaling is done within the three mile limit, chiefly in the neighborhood of Chesterfield Inlet.

After the arrival of the Gauss in Hudson Bay, early last summer, the Neptune left those waters, and at the entrance to Hudson Strait was met by the steamer Eric, which filled her bunkers with coal. The Neptune then turned north and put into Cumberland Sound, on the coast of Baffin Land, where the flag was raised and the declaration of British Sovereignty proclaimed. This performance was repeated at a number of indentations on the long coast of Baffin Land, at Lancaster Sound, at North Devon, at Jones Sound, and at Cape Sabine, on Ellesmere Land. Members of the expedition say that if the channels leading north from Smith Sound had not been filled with ice the Neptune would have gone on and raised the British flag on the shores of the Arctic Sea in Grant Land.

Whether the expedition crossed over to the west coast of North Greenland to annex that region to the British Empire, is doubtful. The members say that they did not see any of the Cape York natives. This makes it evident that they did not visit that part of the Greenland coast between Cape York and Smith Sound.

The whole of Arctic America west of Greenland, including the islands discovered by the Norwegian Sverdrup, has now been declared to be a part of Canada. The Canadians say that they have claimed all this territory as a part of the British domain for many years; that nobody has ever disputed the claim, and the only reason for taking formal possession now is that they do not wish to incur any risk of "funny Alaska business." They claim everything to the Pole north of continental America.

The rest of the world will probably look on with interest, but no excitement. Practically every part of this archipelago excepting the Sverdrup Islands, Grinnell Land and Grant Land was discovered by British explorers, and they took a prominent part also in exploring these two northern lands. It is different on the opposite shore of Greenland, where the Americans, Kane, Hayes, Hall and Peary, traced and named most of the regions clear to the topmost part of Greenland discovered by Peary. It will be interesting to observe whether the British will try also to paint this coast red along with the rest of their Empire.

Grand Nephew of Sir Rowland Hill.

Sir Clement Hill, superintendent of the African Protectorates, says the London Star, who, is is announced, will leave the Foreign Office next month, went out to Zanzibar with the late Sir Bartle Frere's Mission in 1872. Shortly afterwards, when the Sultan of Zanzibar of that period visited England, Sir Clement was attached to his staff, and his latest official employment has been the bear-leading of the present Sultan during his recent visit to London. Sir Clement rose to the position of chief of the African Department of the Foreign Office ten years ago, and has been superintendent of the African Protectorates since 1900. He is a grandnephew of the redoubtable Gen. Sir Rowland Hill, who was raised to the peerage after the close of the Peninsular war as Lord Hill of Almares and Hardwicke, and who on his resignation of the appointment of commander-in-chief in 1842 was created a viscount.

Tiger Story From India.

A man living near the Village of Lucknow is reported to have had an extraordinary adventure in the jungle the other day. He had gone in search of two buffaloes that had gone astray, when he was attacked by a tiger. He was unarmed, except for a heavy stick, with which he fought until overcome by loss of blood, when he sank unconscious. At this moment the two buffaloes appeared. One of them stood over the wounded man while the other snorted and tossed his head. The man recovered consciousness and staggered to his feet, when the tiger made another spring at him. The beast was, however, received on the horns of one of the buffaloes and was so badly wounded that it turned tail and slunk away. —London Express.

MARTYRDOM DESCRIBED

Kingston Man Tells how he Suffered and How he was Released.

Chas. H. Powell

"For years a martyr" is how Chas. H. Powell of 105 Raglan Street, Kingston, begins his story. A martyr to chronic constipation, but now I am free from it and all through the use of Dr. Leonhardt's Anti-Pill."

Many who are now suffering from this complaint will be glad to hear from Mr. Powell's story that there is hope for the most stubborn case. He continues: "I was induced to try Anti-Pill by reading the testimony of some one who had been cured of constipation by it. I had suffered for eighteen years and had taken tons of stuff recommended as sures but which made me worst rather than better. Doctors told me there was no cure for me."

Dr. Leonhardt's Anti-Pills for sale by all Druggists or by The Wilson-Fyle Co., Limited, Niagara Falls, Ont.

Mr. Powell will verify every word of these statements.

Dickens Pilrases.

Since Shakespeare no writer has "made language" to the extent that Dickens has done, and the number of common colloquialisms taken from his novels and which everybody uses every day is the outstanding proof of the success with which he has appealed to the imagination of the nation.

How often one hears "Barkis is willin'," "Beware of widders," "Oliver Twist asks for more," "Codlin's the friend, not Short," "I don't believe there's no such person," "Let me put my lips to it when I am so disposed," "Waiting for something to turn up," "A trifle wearing," "The law is a hass," "The demnition bow-wows," and so on.

Not a few actual words have come from Dickens to the dictionary—Podsnappery, Pickwickian, Pecksniffian, Bumbledom, and many others. "Dolly Varden," the pretty heroine of "Barnaby Rudge," has given her name to a hat, while Mrs. Leo Hunter, the Artful Dodger, Uriah Heep, and Mrs. Jarley have become common generic terms.—London Express.

To Discourage Bachelordom.

Instead of threatening laggard bachelors with laws and attempting to coerce them with matrimony, perhaps it would be well to try ridicule or pity. The man who can be made to imagine that no woman will have him will be disposed to try his cause. Then something may happen.

Wheat futures closed higher at Liverpool and Chicago on Thursday.

An opportunity for a young man to start business for himself

There are hundreds of young men throughout the country, who have mastered the details of merchandising, and are now dreaming of the time when they can be proprietors—many of them with a few hundred dollars laid by for the purpose.

Nearly every prosperous well rated merchant of to-day, made a beginning in a modest way.

At the very outset such young men as we have in mind—such as are capable, thoroughly in earnest, reliable, and have saved a little money, say enough to fit up a store and pay for part of their stock, can make a connection with our house, and in short order, they can be at the head of an establishment where men can be outfitted with the best of clothing.

The clothing business is an attractive proposition. It is a live one—always something doing.

We shall be pleased to correspond with men who have decided to make a start for themselves in some live town or city, and who can show some tangible evidence of an earnest effort in that direction, with a view to extending the sale of our "Male Attire" brand of high class tailored clothing.

We propose as part of our scheme to give free advertising and promotion.

The Male Attire Co., Montreal

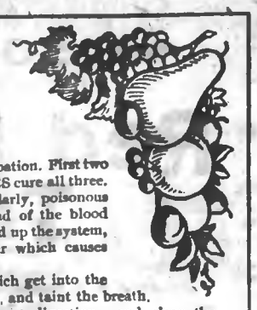
Good Complexion



When Pimples and Blotches Disfigure the Skin

it means bad blood, bad digestion or constipation. First two are the result of the last. FRUIT-A-TIVES cure all three.

When the bowels don't move regularly, poisonous matter remains in the intestines. Instead of the blood taking up wholesome nourishment to build up the system, it absorbs part of this poisonous matter which causes pimples and blotches on the skin.

Gases are formed by this matter, which get into the stomach, upset digestion, coat the tongue, and taint the breath.

Fruit-a-tives purify the blood—correct digestion—and clear the complexion—because they cure constipation.

"I am on my second box of Fruit-a-tives now, and can honestly say they are the best medicine for Constipation and Stomach Trouble I ever used."
MRS. F. CODY, OTTAWA, ONT.

These wonderful little tablets are pure fruit juices—prepared according to the secret formula of an Ottawa physician who discovered the method of using fruit to cure disease. Fruit-a-tives act directly on the liver, increase the flow of bile, and thus cause the bowels to move regularly and naturally every day.

Fruit-a-tives
or Fruit Liver Tablets.

At all druggists. 50c. a box. Manufactured by Fruit-a-tives Limited, Ottawa.

A SECT WITHOUT CREED

A Body of Christians Which Ignores Denominational Bounds.

A Citizen Has Contributed the Following For Insertion in the Examiner.

There is a body of Christians in this town, who do not recognize denominational bounds, creed excesses or other sectarian limitations and who avoiding those of the great questions that have caused division and wofu controversy since the early days of the Christian Church, meet together for prayer, praise and edification from time to time, away from every influence that would distract their attention from hallowed things. The number of those who thus gathe round what they style "the table o the Lord" is, naturally, small, fo the "meeting," as the gathering i termed, aims at strict simplicity an an apostolic primitiveness in the live of those who attend—qualities that are not exactly in demand in this age of worldly striving, unseemly conduct and personal ostentation.

It was the privilege of the writer to be present at a recent meeting of this Christian cult. Every detail was conducted with the utmost attention to the primal aims of deepest devotion and heartfelt praise. Not an irrelevant word was uttered, no expression approaching to lightness was heard, neither was any hymn sung that did not voice the highest aspirations of the soul after deeper spiritual depths and higher character depths. Few illustrations and no anecdotes were employed by the speaker—the body has no minister—and the one theme that was uppermost in the remarks was that of emulation of the life of Christ and earnest seeking to know His will concerning individual experiences. Each one who took part seemed to follow out the line of thought brought up by the preceding speaker, and the result gave the stranger an impression that they had solved the problem of the ages and had attained Christian unity. The solemnity of such a service cannot but be felt and remembered ever after by those who are privileged to be present.

The body is known generically, as 'the brethren," and there are thousands of communicants throughout the world. The idea of Christian socialism characterizes their conduct in so far as it applies to helping one another, and it has long been evident to thinking Christians that some of the most beautiful characters of those that added to the joys of faith i e blessedness of personal experience owe their inspiration to the influence of "the little flock," as the meeting is sometimes styled. Some of the leading points of their doctrine have thus been summarized:

They believe in the absolute and perfect inspiration of the Bible, which they hold to be, not in the name only, but in the reality, the Word of God.

Having this perfect revelation of the mind of God, they refuse all human creeds as being both unnecessary and a slur upon His Word.

They, however, have no uncertain belief in the doctrines as unfolded in the Scriptures:—the fall and absolute ruin of man; his guilty, lost and helpless condition; the utter worthlessness of works, law-keeping or reformation as a ground of salvation; the amazing love of God in providing a Saviour in His blessed Son; the spotless perfection of Christ, both in His Divine nature and His true humanity; atonement by the blood sheeding of Christ on the cross, by which alone redemption has been accomplished; His resurrection as the proof of God's acceptance of that atonement.

They see that every believer is warranted to have the fullest assurance of their present and eternal salvation, and that this assurance comes not through feelings or experiences, but by the Word of God. They also see that being saved by Christ's work once for all, the believer can never be lost, but is as secure as though he were in heaven already, because of Christ's death and resurrection.

They see, however, that Scripture, guards from abuse of this doctrine, by insisting upon good work as the fruit of salvation; that the believer is to reckon himself dead to sin and to live not only a moral life, but one of love and devotedness to Christ, and of separation from the ways and thoughts of the world.

They believe that the proper hope of God's people is not the improvement of the world, but the coming of Christ for His own, to raise the dead in Christ and change the living and take them all to heaven, and then purge and cleanse the world by judgment, preparatory to the millennium, when Israel and the nations of the earth will inhabit it under His rule, but His Church will always be in heaven.

They hold that rejectors of the gospel and all the wicked will "have their part in the lake which burneth with fire and brimstone"—eternal punishment, and not extinction or restoration. They, therefore believe in an earnest and affectionate presentation of the simple Gospel of the Grace of God.

As to church government, they refuse as unscriptural, all denominational names, and all systems of human devising for church order. Believing that the church is one body, composed of all believers, they refuse to assume any name that is not common to all people of God.

They see, however, a scriptural order of meeting, worship and discipline, and seek to carry this out.

As to the ministry, they refuse all ordination as merely human, but recognize the various gifts which Christ has given to His whole church.

They believe that when Christians are gathered together for worship, there should be no human leader in charge, but that all should be left to the Spirit of God to use whom He may choose, in prayer, in praise, or exhortation (1 Cor. xiv.)

They refuse all thought of salary or stipulated remuneration for preaching the Gospel, but hold themseles responsible to minister in temporal affairs to those who give themselves to the Lord's work.

They take no collections at public meetings and refuse all help from the world.

They meet in hired halls and other modest buildings, believing such to be in accord with the spirit of Christianity.

As to ordinances, they believe in Baptism and the Lord's Supper, which last is celebrated weekly.

This body of Christians meets at 11 o'clock every Sunday morning, and Gospel meetings are held every Sunday night at 7 o'clock in the Gospel Hall, corner of Brock and George streets.

SOCIETY HELD ANNUAL MEETING

Keene Village Improvement Association Met.

Officers Elected—Financial Statement Printed—Other Business.

(From Our Own Correspondent)

Keene, May 8th. — The annual meeting of the Village Improvement Association, was held in the Council Chamber on Wednesday evening, May 3rd. About twenty-five of the members were present, Mr. Jas. McNeil presiding. The following officers were elected for the ensuing year:

President—Jas. McNeil.

Secretary-Treasurer—A. Shearer.

Committee of Management — W. Campbell, Dr. Harrison, Jas. Henderson, John Reid and W. Drummond.

Entertainment Committee — Jno. McFarlane, Dr. McWilliams, A. D. Anderson, R. J. McCamus, J. R. McIntyre, Jas. Bryce, John Moore, W. Campbell and Wm. Read, with power to add to their number.

Messrs. Jas. Henderson and Wm. Drummond were appointed to oversee the work of cleaning up the streets on Arbour Day. Mr. Henderson will take charge of the street running east and west, and Mr. Drummond the street running north and south. Arrangements were also made for horses and wagons to draw away the stones and rubbish. It was decided to hold Arbour Day on Tuesday, May 9th.

A discussion took place as to the improvements to be done during the coming year, but no decision could be reached, and it was finally left in the hands of the committee of management.

A subscription list was opened, and $38 was subscribed the night of the meeting. It is expected that it will reach the sum of $100.

The Improvement Society has during the past year received about $300 —$116 for commutation of statute labour; $64.50 from the Entertainment Committee, proceeds from concerts, dances and balls; subscriptions to the amount of $67, and $50 grant from the township council.

Reference was made at the meeting to the impression in some parts of the township that the village got a great deal more than its share of township funds. The township's financial statement, on account of all village improvements, society funds passing through the hands of the township treasurer, shows the expenditure of all the society's money, while the actual amount of the township grant is only $50.

Beside the work of the society a cement sidewalk is to be built this summer on Church street, the Presbyterian and Methodist churches bearing the expense of the walk in front of their respective properties and the balance to be built by voluntary subscriptions and labour.

Miss Jennie Weir visited friends in Peterborough last week.

Miss Rebecca Fife is seriously ill.

Mr. William Conrad left on Monday for the West.

Mrs. A. Campbell spent a few days in Peterborough last week, the guest of her daughter, Mrs. W. J. Mein.

Mr. Joseph Quinn left on Monday for Toronto.

Try One Bottle of

Paine's Celery Compound

This Month.

Few people in our country are without some knowledge of the wondrous life giving virtues of Paine's Celery Compound, a medicine that guarantees release from the diseases common to life.

What will your decision be today, poor sufferer? Will you give Paine's Celery Compound the fair and honest testing that others are giving it, with the certain reward of health, strength, vigour and happiness, or will you remain indifferent or careless, content to pass your few days or weeks in misery, agony and wretchedness until the dark grave claims you as its victim?

It is almost needless to enumerate the blessed results that flow from Paine's Celery Compound when used promptly in springtime, as you and your friends have a knowledge of them. Of this you may be assured—the seeds of disease are banished, the system is fortified, the blood is made red and pure, the nerves braced, digestion regulated, headaches, sideaches and backaches forever dispelled, and sweet, restful sleep takes the place of insomnia.

THE LATEST NEWS FROM HALL'S GLEN

Interesting Budget of News From the Stirring Village.

(From Our Own Correspondent)

Hall's Glen, May 6th.—The village flag staff is to be taken down to-day in order to furnish it with a new flag. Mr. A. C. Carveth has procured the contract.

The Crowe Bros., of this village, having disposed of their property at their recent sale, are now enjoying the fruits of their labour, and treating Hall's Glen to the sight of two of her prominent citizens who make every day a Sunday.

Mr. Wm. Carveth, the principal maple syrup manufacturer of this place, has struck camp, returned to the village and settled down to the prosaic work of putting in the crop. Mr. Carveth declares he and his eldest son missed their sphere of life when they were not born Indians.

The villagers are thinking of turning out and assisting Mr. A. Darling to get his crop in the ground. Mr. Darling had an extensive sugar bush, which so worried him that he finds himself behind with his seeding.

Mr. H. Little, of this village, has bought the "Kite," Mr. Lloyd's famous racer. There is some talk of the trotting element of the village establishing a trotting ring and follow Mr. Little's example in procuring racers.

Mr. Wm. Batten, the representative of the Massey-Harris Co., made one of the largest spring shipments on record. Mr. Batten is untiring in his efforts for the company, and is likely from present appearances to have an even larger shipment at harvest time.

Trade in the village this season has been unusually brisk. Mr. D. Madill, the principal merchant, has been so rushed that he has been unable to open his shingle mill. However, the spring trade is falling off and the village will soon resound with the hum of the powerful machinery in the shingle mill.

On Wednesday evening a large number of young people gathered at the home of Mr. Wm. Carveth, where a taffy pull was given in honour of Archie, the eldest son. Social games were played by the guests, taffy was plentiful and every one was delighted. At a late hour the guests broke up, each of the guests sincerely wishing that there were more Archie's in whose honour a similar evening might be spent.

The villagers are delighted with the rapid establishment of Mr. McCracken's 'phone line, which is almost erected, according to a Warsaw reporter.

English to Be Japan's Language.

Two Japanese who have been in Galesville, Wis., for some time to purchase blooded cattle to be shipped to their native land, declare, according to the Milwaukee Wisconsin, that within 20 years the language of Japan will be English. They say it is being taught in every school there. Farmers near Galesville say that the two Japs are using the American system of judging cattle. Liberal purchases were made from the herds on farms. Holsteins and shorthorns are the breds sought.

Good Looks

are characteristic of the TRULY GOOD, even though in form and feature one might border somewhat on the homely.

MAY DISTRAIN SUGAR CHATTELS

County Treasurer May Do This For Taxes.

Regular Meeting of North Monaghan Council—To Compel Street Railway Company to Keep Law

Special to the Examiner

North Monaghan, May 9th.

The township council met in the town hall on Monday, May 8th at 2 p.m. There were present, Joseph Madill, reeve; and Councillors John Brown, Jas. Morrow and John Holmes.

The minutes of the preceding meeting were read and confirmed.

An account was presented from F. J. R. Mitchell for groceries, etc., for the Close family, $2.77.

A communication was read from Dennistoun, Peck, Kerr and Stevenson, stating that under the new assessment act the county treasurer was empowered to distrain any goods or chattels found upon the Sugar Company's property for the taxes of 1904; also that instructions had been given to that effect.—This was received.

The clerk reported that he had written the clerk of Cavan re payment of balance due to North Monaghan on expenditure of 1904 upon the boundary road, and of having received a reply from the clerk of Cavan stating that the difference of expenditure was the sum of $9.04 instead of $16.04, as rendered by N. Monaghan. This was received and the clerk was instructed to explain the extra amount of $14 as spent by the commissioner of Road Division No. 1.

Mr. H. J. Forster the assessor, was present, and returned the assessment roll for 1905. This was received and referred to the Court of Revision.

Complaints as to the condition of the highway along the street railway tracks having been received, it was moved by Messrs. Holmes and Brown, that a committee consisting of the whole council are hereby appointed to inspect these places, and are authorized, if found necessary, to take such action as will prohibit the Peterborough Radial Railway Company from exceeding the provisions of the franchise granted to them, and also to enforce the carrying out of such franchise in a prompt and satisfactory manner.

This was carried.

Moved by Messrs. Brown and Morrow, that the account of F. J. R. Mitchell, for goods supplied the Close family be referred to Mr. Holmes for investigation, as the purchase of the goods has not been authorized by this council.—Carried.

Moved by Messrs. Holmes and Morrow that Mr. F. Moncrief be employed to operate the road grader for the season of 1905 at a salary of $2 per day while working, he to be under the supervision of the several road commissioners. This was carried.

The reeve reported having received a cheque for the sum of $20, balance of grant from the Provincial Government to roads.

Moved by Messrs. Brown and Morrow, that any ratepayer of the township may rent the road grader provided that they pay at the rate of 30 cents per hour, employ the township operator and guarantee to repair damages. Account of charges to be kept by the operator and returned to the council.—Carried.

On motion Bylaw No. 550 was then introduced, regularly read and then passed. This bylaw appoints Mr. A. Moore as sanitary inspector for the year 1905.

The council then adjourned until May 29th, to meet as a Court of Revision at the town hall, at 2 p.m.

WHEN ALL HOPE WAS ABANDONED

Elzear Cote Found in Dodd's Dyspepsia Tablets a Speedy and Permanent Cure for his Stomach Troubles.

"I have suffered for four years from stomach trouble. I consulted three doctors and they told me that I had Dyspepsia and no remedy would cure me." So says Elzear Cote, of St. Hedwidge de Clifton, Que. But Mr. Cote found a remedy that those doctors did not know. It was Dodd's Dyspepsia Tablets and it cured him. He says:

"Then I quit the doctors and started to take Dodd's Dyspepsia Tablets. After the first box I had no more trouble. It is now two years since I took them and I am still well. I do all my own work. I am never tired. That's why I recommend all who have stomach trouble to use Dodd's Dyspepsia Tablets."

Dodd's Dyspepsia Tablets digest the food themselves. This gives the overworked stomach a chance to rest and it naturally comes back to its normal healthy condition.

CATTLE DEMAND SHOWS REACTION

Prices as a Consequence Have Dropped Some

Will Remain Steady, However for Some Time Yet

The demand for export cattle at the markets the past week is not so keen as it has been, and the price shows a small reaction from the high figurea recently reached. The easier feeling is caused principally by a lack of shipping facilities rather than anything else. At Toronto junction and city yards over 1000 head of cattle are being held for shipment. With Montreal open to ocean boats relief will be at once experienced and the exporters will be again free to renew their demand for supplies. The expectations of the trade are that cattle will remain steady in price from now forward until the cattle off pasture begin to arrive. This season there are thought to be a larger number than usual held off grain owing to its high price. These will be put on to pasture at the earliest moment and if supplies from this source are larger than usual the market may feel the effect by lowering prices.

125 DEAD; 400 WOUNDED.

Number of Those Killed By the Snyder, Oklahoma, Tornado.

Snyder, Okla., May 13.—All estimates of the number of killed by Wednesday night's tornado in Snyder and its vicinity make the total at least 125 persons. The tornado traveled thirty-five miles, cutting a path from a quarter mile to a half mile wide. The farm houses in this path were demolished and the occupants killed or injured.

Estimates of the number killed outside of Snyder range from twenty-five to forty. More than 100 laborers, brought by the St. Louis & San Francisco Railway Co., together with a big force of volunteers, began moving and burning debris yesterday. Two men dead and a man barely alive were found in a heap of rubbish piled against freight cars. They had been there since Wednesday night, at 8.15 o'clock, at which time every clock in the town stopped.

About 400 persons were injured, most of them suffering only slight bruises. Forty-five persons are receiving hospital treatment. On account of lack of accommodations, the severely wounded are being taken to larger towns.

NAN PATTERSON FREE.

District Attorney Jerome Says Trial is a Miscarriage of Justice.

New York, May 13.—After more than eleven months in prison and three mistrials on the charge of murdering "Caesar" Young, Nan Patterson walked from the Tombs yesterday a free woman. District Attorney Jerome asked the court to free Nan Patterson in a speech in the course of which he declared that: "This case has caused one more step in this country toward trial by newspapers rather than trial by jury, with the result of a serious miscarriage of justice."

Struck By a Train.

Newmarket, May 13.—At 9 o'clock yesterday morning William Bond, butcher, attempted to cross the track at the station in front of the morning train from the north. The engineer saw him and blew a warning signal and applied the air brakes immediately, but the engine struck him, dragging him about 150 feet. The body was badly mangled.

Killed by Falling Wall.

London, May 13.—John Nuttall, a laborer, was killed last evening while at work dismantling the Bank of Commerce building. A portion of the wall fell on him and a companion named Rogers. When extricated, it was found that Nuttall was dead.

"AN EXCELLENT FOOD, admirably adapted to the Wants of Infants."

SIR CHAS. A. CAMERON, C.B., M.D., Professor of Chemistry, R.C.S.I., Ex-President of the Royal College of Surgeons, Ireland.

NORWOOD SCHOOL WAS INSPECTED

Provincial Inspector Hodgson Presents His Report to Board of Education—A Fourth Teacher is Necessary—Meeting of East Peterborough Agricultural Society Directors—Death of Mrs. Margaret White—To Celebrate Knox's Anniversary—Personal Items of Interest.

(From Our Own Correspondent)

Norwood, May 8th.—Mr. and Mrs. Wm. Graham, of Lakefield, are staying with friends in town.

Mrs. Mills and Miss Lillie Young, of Campbellford, are the guests of the former's sister, Mrs. George Mills.

Mrs. J. Vandevert and Mrs. D. A. Fraser attended the funeral of the late Mrs. Elias Thompson, which took place at Peterborough on Saturday last.

Mr. J. Steele, of Dundas, President of the Hamilton Presbyterian W. F. M. S., spent Sunday with her friend Mrs. (Rev.) George McLennan at the manse.

The twenty-first of May, which is the 400th, anniversary of the birth of John Knox, the founder of Presbyterianism, and which is to be commemorated by a general observance of the day in the various Presbyterian Churches through out the world will be duly observed by the Presbyterians here, the observance taking the form of special services.

Mr. G. J. Sherry, was in Marmora on business on Wednesday.

On Friday evening a very large audience assembled to hear the first band concert of the season ,and also the first of its kind for some time here as the band has just been very recently reorganized and have done faithful work, to be in readiness for Friday evening's performance. There is now a band of nineteen instruments, with the able leadership of Mr. A. Breault, who has acted in this capacity for many years. A good programme was rendered and the proceeds amounted to about $42.

The death of Margaret White, relict of Richard White, occurred at her son's residence, Mr. John Whyte, lot 14, concession 9, Asphodel, on Thursday, May 4th, at the age of 86 years, the cause of her death being attributed to a fall she received in February, fracturing her hip, from which she has never entirely recovered and since followed by a paralytic stroke. The funeral took place from her son's residence, on Sunday, May 7th, service at the house at 2 p. m. A large number of friends, followed the remains to its last resting place in the Norwood Cemetery. Rev. Geo. McLennan, Presbyterian Minister, (her pastor) conducted the funeral service. The deceased was a resident in Asphodel for the last two years, coming from Douro, where she had lived for thirty-three years. She leaves three daughters and one son, Mrs. John Baskin, Mrs. Bristle Moffatt, Norwood; Mrs. John Clark, Buffalo; Mr. John White, Norwood. The bearers were Messrs. John Baskin, O. Baskin, B. Moffatt, Wm. Baskin, Norwood; John Dean, Warsaw; Richard Whyte, Young's Point.

Those of the members of the Presbyterian Women's Foreign Missionary Society here who attended the annual convention held in Peterborough last week were:—Mrs. J. Davidson, Mrs. (Rev.) McLennan, Mrs. Wm. Cuthbertson, Mrs. Cumming, Mrs. Wm. Finlay, Miss M. Lillie, Miss F. Nicholl, Mrs. John Roxburgh, Mrs. J. Cunningham, Mrs. Richard Nichol.

Mr. Colman Elliott, shipped this week one car load of stock to Mr. P. Torpey, Toronto; also one car load of logs from Havelock to Matthews Co., Peterborough; price paid $6.70.

Mr. J. J. Crowe, of Hall's Glen, Lanesboro Inspector, for East Peterborough, was in town on Saturday on business.

The Norwood Football team will play the first league game in the Midland League series at Peterborough on Wednesday against the Quakers of that place. The ball to be faced off at 5.30 p. m.

Mr. George Howson was in Peterborough on Wednesday.

Mr. W. H. Stephenson, of Campbellford, was in town on bbusiness on Monday.

Mr. F. Woolcombe, former manager of the Union Bank, Kemptville, and successor to Mr. L. J. R. Richardson, who was manager of Union Bank here, but has been transferred to Warton branch, entered upon his duties on Tuesday.

Anniversary services of the Methodist Epworth League will be observed next Sunday, May 13th. In the morning there will be a sermon to the leaguers by the pastor, Rev. C. Parker, and in the evening the service will take the form of platform meeting where several addresses will be delivered among which will be one by Dr. S. P. Ford, which will be listened to with interest by all. On the following Monday night the league will hold their annual social.

The Directors of the East Peterborough Agricultural Society met in Norwood on Monday in the town hall, Mr. F. Birdsall, President, in the chair. Mr. John Roxburgh, secretary; Messrs. Hugh Nelson, Chas. O'Reilly, George Elliott, John Knox, E. Hawthorne, John J. Kelly, Andrew Knox, G. Humphries, Henry Dunham, Joseph Johnson. The minutes of the annual meeting were read and confirmed. The President and Mr. Chas. O'Reilly, gave a verbal report of the annual meeting of the fairs and exhibitions. The prize list for 1905 was revised and some changes made, the principal one being a new class for Dorset Horn sheep, and for poultry class, Buff Orpingtons, Black Games, also American Dominique, and a special prize for uncoloured white cheese. The meeting then adjourned.

Board of Education.

The Board of Education met on Monday, present, Messrs. J. L. Squire, chairman; C. W. Waters, E. S. Cuffe, P. W. Stevenson, Thos. Fraser, Thos. Waller, John Doherty, Wm. Webster, John Brackenridge, A. S. Harrison.

The minutes of last regular meeting were read and confirmed.

Inspector Hodgson's official report of the High School was read as follows:—

I.—Accommodations.—Water Closets, III.; Water Supply, II.; School Grounds, III.; School Buildings, II.; Class Rooms, I.; Halls, II.; Waiting Rooms, 0.; Cap Rooms, II.; Teachers' Private Rooms, I.; Desks, I.; Blackboards, III.; Lighting, II.; Heating, I.; Ventilation, II.

I grade item 9, I., on the understanding that the Principal's room be furnished with a carpet or rug.

The work of the caretaker is not satisfactory. This official should by the terms of his engagement be subject to the direction of the Principal in the performance of his duties, and it is incumbent on the Principal to report to the Board any instances of negligence in connection therewith.

II.—Equipment.—Present value of Reference Library, $363.45; Apparatus, $387.15; Maps, Globes, etc., $21.50; Equipment for Physical Education, $200; Drawing Models have been ordered, and are expected to be on hand in a few days.

III.—Organization.—Ratio of pupils to teachers, 39 to 1; Division of duties among teachers, Judicious; Provision for teaching the courses,—fair provision is made for all the subjects that are taken up at present.

IV.—Miscellaneous.—Staff, all the members are legally qualified. Discipline, excellent. Attendance, all the pupils have been regularly admitted. Textbooks, in accord with the regulations. Registers, daily, satisfactory. General, satisfactory. Supplementary Reading, fair provision is made.

V.—Character of the Teaching.—The grading under each head ranges as follows:—I., Good; II., Fair; III., Poor; IV., Bad.

The grading of each department is based upon the Inspector's estimate of first and chiefly, the ability of the teacher or teachers; and secondly, the organization; in the case of Science, the equipment and accommodations are also taken into account. For grade I, the following are indispensible:—

In English and History, oral reading in literature and supplementary reading in literature, geography and history.

In Science, practical work by the pupils in each sub-department (the number in no class in chemistry or physics exceeding 25). The estimate is also based on the character of the work in the pupils' note books.

In Classics and in French and German, attention to pronunciation and oral work based on the authors read, with practice in sight translation.

English and History, I-II; Mathematics, I.; Science, Physics, II.; Classics, Latin, I.; French, I-II.; Commercial, not inspected; Art, Drawing, I-II.; Drill, Calisthenics, Gymnastics, not inspected.

VI.—Character of the Pupils' Work.—Reading, last admitted pupils, of 29 examined, 6 are good; 13 fair; 7 poor; 4 bad. Other pupils, of 39 examined, 12 are good; 11 fair; 5 poor. Bookkeeping Sets, the entries are accurately made, writing indifferent. Work in Art, very fair, considering that Drawing Models had not been available. Drill, Calisthenics, and Gymnastics not inspected.

VII.—Special Report under Reg. 45.—A continuation of the present organization will, I think, entitle this school to rank as "approved".

VIII.—General Remarks.—As I have had occasion to remark in former reports, the Norwood High School is characterized by an excellent spirit for work and for conduct on the part of its pupils. The attendance, however, is larger than is consistent with thoroughly satisfactory organization, e. g., a class of forty-four pupils occupies a room with seating capacity for only thirty-four. Indeed three teachers are attempting the work of four.

If the Principal's expectation of the increased attendance after midsummer is fulfilled, the engagement of a fourth teacher will be indispensable.

Moved by Mr. Stevenson, seconded by Mr. Webster, that the Inspector's report be received and fyled.—Carried.

Letter from Mr. J. Davidson, Principal of High School, re attendance, maintenance, etc.

Moved by Mr. Cuff, seconded by Mr. Fraser, that Mr. Davidson's letter be received and fyled.

Moved by Mr. C. W. Waters, seconded by Mr. Stevenson, that the motion of Mr. Brackenridge be laid over for the meeting in September.

Moved by J. Brackenridge, seconded by Mr. Stevens, that the property committee be empowered to confer with the village council with regard to building a new fence between the school and fair grounds when they find it necessary, and if satisfactory arrangements can be made, the fence to be built at once.—Carried.

Messrs. Bush and Walsh shipped this week one car load of stock to Toronto.

Mr. William Cowlter shipped this week five car loads of telephone and telegraph poles to Toronto.

Mr. Alexander Calder, of Toronto, is visiting friends in town.

Tenders will shortly be invited for a new armoury, at Brandon. The plans are in the hands of W. N. Lailey, architect, and call for brick and stone, to cost $20,000.

RHEUMATISM

MINARD'S RHEUMATISM CURE

PSORIASIS AND ECZEMA

Milk Crust, Tetter, Ringworm, and Scalled Head, and Every Form of Torturing, Disfiguring Humours from Infancy to Age,

SPEEDILY CURED BY CUTICURA REMEDIES

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter, and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures and humour remedies of the civilized world.

CAPT. GRAHAM'S CURE

Of Distressing Humour by Cuticura. Doctors Took His Money, But Did No Good.

Captain W. S. Graham, 1321 Eoff St., Wheeling, W. Va., writing under date of June 14, '04, says: "I am so grateful I want to thank God that a friend recommended Cuticura Soap and Cuticura Ointment to me. I suffered for a long time with sores on my face and back. Some doctors said I had blood poison, and others that I had barbers' itch. None of them did me any good, but they all took my money. My friends tell me my skin now looks as clear as a baby's, and I tell them Cuticura Soap and Cuticura Ointment did it."

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney. Potter Drug & Chem. Corp., Boston, Sole Props.

Mailed Free, "How to Cure Every Humour."

SUMMER RESORT AT CLEAR LAKE

Mr. W. E. Brooks Has Secured Beautiful Premises.

"Orchard Beach" Open to Recieve Guests on June 1st.

Mr. W. E. Brooks, of Young's Point, has leased the beautiful premises of Major Bellaisas at the foot of Clear Lake, and is having them fitted up as a summer resort. All the most modern improvements are being installed in the house, and Mr. Brooks expects to have his house in readiness to receive guests by June 1st.

"South Beach," by which name this property is known, is one of the most beautiful spots on the whole Kawartha Lakes, and is easily accessible either by boat or to drive. Tourists and guests will find it a delightful spot to spend a holiday, and the fact of its accessibility without having to spend much time travelling from Peterborough, its location enabling persons to reach it early in the evening, and not having to arise early in the morning to catch the first boat for the Lakefield train should make it a popular place for Peterborough pleasure seekers to spend a night or a week-end.

Mr. Brooks is now prepared to book accommodation for guests for the season or any part of it, and with the many advantages which this beautiful spot offers, the house should be filled all season.

ARBOR DAY WAS WELL OBSERVED

Keene Improvement Society Improve Appearance of Streets

Lamented Death of Miss Margaret Humphries—Personal Items of Interest

From our Own Correspondent.

Keene May, 9, 1905. — Mr. George Fitzgerald, the newly appointed provincial game warden, was in Keene, on Thursday.

Messrs. Anderson and Skinner, are overhauling their steam yacht, "Vivid," before launching her.

Mrs. M. E. Parks, of Inglewood, Ont., who was a delegate at the Foreign Missionary Convention held in Peterborough last week, spent a few weeks renewing old acquaintances in Keene.

A ball is to be held in the town hall on May 24th under the auspices of the village improvement society.

Miss Clara Campbell is visiting friends in Peterborough.

Tuesday, May 9th, was celebrated as Arbour Day in Keene, and a large number of men turned out to work on the streets. Messrs. Jas. Henderson and William Drummond superintended the work of cleaning up. The day's work made a decided improvement in the appearance of the streets.

The death occurred on Wednesday morning of Miss Margaret Humphries at the residence of her brother, Mr. Robert Humphries, Lang. The deceased had been an invalid for years. She is survived by four brothers, Robert, on the homestead; Andrew, of Colorado; Adam, of Asphodel, and John, of Acton, Ont. Rev. D. D. McDonald, of Keene, conducted the funeral service at the residence of her brother, on Friday, May 5th, after which the remains were interred in the Fife cemetery. The funeral was largely attended, testifying to the deep respect in which the deceased was held by the community.

Mr. Ormonde Weir has accepted a position in the office of the Toronto Savings and Loan Co.

Mr. William Wedlock has purchased a building lot from Dr. W. T. Harrison.

Miss Margaret Bryce, who has accepted the position of leading soprano in St. Andrew's Presbyterian church, commences her duties on May 14th Her successor as organist in the Presbyterian church, in Keene, has not yet been chosen.

Early closing begins next Monday.

Rev. N. Foley of South Dummer, will preach in the Methodist church, Keene, on Sunday, May 14th.

A WEDDING IN BURLEIGH

Lakefield Cement Company Extending Their Business

Public School Board Meeting—Regular Meeting of Lakefield Council.

From Our Own Correspondent.)

Lakefield, May 10th.—The Lakefield Portland Cement Co., have purchased a new locomotive which arrived in the village on Friday last. It is a twenty-eight ton Sandie Tank locomotive made in Canada by the Montreal Locomotive Co., and is used for the purpose of hauling marl from Buckley's Lake to the works. This makes three locomotives used by this company in connection with their works.

Messrs. J. W. Doughty and Pope of Peterborough, were in the village Friday in the interests of the Federal Life Assurance Co.

Mr. and Mrs. Wm. M. Graham are visiting friends in Norwood.

Mr. Ed. McIlroy, of Bryon, N. Y., is back to the village renewing old acquaintances.

Mr. Chas. Doyle, of Thorold, paid a visit to our village this week.

Mr. Neilston, of Kingston, who has been in the village for the past few days has been instrumental in organizing a local lodge of the Independent Order of Oddfellows. Quite a number of prominent citizens have signified their intentions to become members of the lodge.

Born.—In Lakefield, on Sunday morning, May 7th, 1905, the wife of Mr. J. H. Sherlin of a son.

A very pleasant event took place on Wednesday last at the residence of Mr. and Mrs. Thos. McIlmoyle, Burleigh, when their youngest daughter, Nellie, was united in marriage to Mr. Nelson McIlmoyle, of Smith. The ceremony was performed by Rev. Mr. Leggott, of Lakefield. To the strains of the wedding march, played by Mrs. Wm. Lang, the bride attired in white organdie trimmed with valenciennes lace, entered the room on the arm of her father. The bride was assisted by her sister, Miss Edna McIlmoyle, who was also becomingly dressed in white; while Miss Ruby Hales, niece of the bride, maid-of-honour. Mr. Walter Hales acted as groomsmen. After the wedding dejeuner the happy couple drove to their future residence in Smith. The newly married couple are well known in the village and their many friends here extend their hearty wishes for their future welfare and prosperity.

The funeral of the late John Preston, whose death came so unexpectedly on Thursday last at his residence in Smith, was held on Saturday to the Lakefield Cemetery. The large attendance testified to the high esteem in which he was held by his many friends.

Miss Dorothy Hilliard and Miss Marjory DeLaFosse, have returned to their studies at Bishop Bethune's College, Oshawa.

Mr. Shortell, of Toronto, was in town Saturday.

Mr. N. Sullivan, of Montreal, was in this village Saturday.

The Lakefield Public School Board held a regular monthly meeting on Friday evening, May 5th. Present, Trustees G. Payne, J. W. Stuart, C. S. Tanner, R. Clifford. The Chairman being absent Trustee J. W. Stuart was voted to the chair. Minutes of the previous meeting were read and approved. The several accounts were passed and ordered to be paid by secretary. The Principal's report for the month of April was read and on motion received and adopted. The Board then adjourned.

Mrs. J. W. McKee, of Molesworth, is visiting Miss McKibbon, Bridge street.

Rev. Mr Bowerman, of Smith, occupied the pulpit of the Methodist Church here on Sunday last, morning and evening.

Miss Ruby Sanderson sang a solo, entitled "Anywhere with Jesus" very acceptably in the Presbyterian Church on Sabbath evening last.

A regular monthly meeting of the Municipal Council of the Village was held on Monday evening, May 8th. Present, Reeve Tanner and councillors Burgess, Kidd, Lennox and Cornish. Minutes of the previous meeting were read and approved. The Village Clerk read report re vote taken on April 12th, which was on motion received. The Finance Committee read the following report:—

To the Reeve and Councillors of the Village of Lakefield:—

Gentlemen,—We, your Finance Committee, have examined the following accounts and recommended the payment of the same:—

The Lakefield Light & Power Co.	$43 77
H. G. Fitzgerald account	6 66
W. H. Chesement	5 13
Election expenses of by-law	17 00
The Lakefield News	3 00
A. Jory	6%
Pay Sheet No. 3,	6 75
Total	$83 45

All of which is respectfully submitted.

F. J. BURGESS, Chairman.

Moved by F. J. Burgess and seconded by J. W. Cornish that the report of Finance Committee be received and adopted.—Carried.

Moved by Councillor Burgess and seconded by Councillor Cornish, that council meet as a Court of Revision on May 29th at 8 p. m.

A by-law to prohibit the running at large of horses and cattle in the village was introduced and received its first reading.

The Council then adjourned.

Lucky.

A story that comes from Ireland relates to the custom among farmers there of depositing money in the bank in the joint names of husband and wife, so that when one dies the survivor can draw out the money without any legal formalities.

To a farmer who recently made application for money deposited for himself and his wife the manager asked: "Why, Pat, how can this be? It is not much more than a year since you came with a similar application on the death of your wife."

"Well, your honor," was the reply. "I'm a bit lucky wid women."

Washing Air.

Air drawn by huge fans into the School of Technology at Manchester, England, is washed by a spray of water and filtered through a screen of corrugated sheets of galvanised iron. After a heavy fog the wash water was found to be inky black. The proportion of solid matter was large, but analysis showed little soot, but considerable loss (probably from the screen), with ammonia, lime, magnesia, a trace of arsenic and much sulphuric and hydrochloric acids.

An Awful Jolt.

Softleigh—We—aw—have a large library at ouah summah place, doncher know.

Miss Cutting—Indeed? And are the other apes in it anything like you?

Use Lever's Dry Soap (a powder) to wash woolens as flannels,—you'll like it. 32

REASON No 33

WHY YOU SHOULD USE

Red Rose Tea

Because it is composed of both Indian and Ceylon teas.

The tea bush is indigenous to Assam in Northern India, and botanists are of the opinion that it is the parent species of all the cultivated varieties in India, Ceylon, China and elsewhere. In a wild state, it grows to a height of fifteen to twenty feet, but the cultivated shrub is only three to four feet high.

Assam being the natural home of the tea bush, it is not surprising that this and other districts in Northern India produce the richest, most pungent teas grown in the world—teas that command higher prices than even the finest Ceylons; but Ceylon teas are very flavory and fragrant, and seem to be specially made to blend with the richer, more syrupy tea of India. When combined, the Ceylons give point and piquancy to the liquor; the Indians, richness and strength.

The distinctive characteristic of Red Rose Tea, that rich, fruity flavor, is obtained by blending these fine Indians and Ceylons; and another very important feature of Red Rose Tea, viz., its uniformity of flavor all the year round, is secured the same way, something not possible to obtain where Ceylon or Indian teas are used alone.

The Blue Label is recommended, and unless you like very strong tea, use only three-quarters as much for a drawing as you use of other teas.

DEMONSTRATION A COMPLETE FIASCO

Widely-Heralded Russian May Day Events--Cossacks Slashed Girls--They Persisted in Singing Revolutionary Songs--Revolutionists in Explaining the Fizzle Blame Father Gapon's Advice From Abroad--Poles to be Allowed to Purchase Land in Poland.

St. Petersburg, May 15.—The widely heralded May Day demonstrations in St. Petersburg were a complete fiasco, and reports from Moscow and the Provinces indicate that order reigned on Sunday generally throughout the entire extent of Russia. Minor disorders are reported at Reval, Kishineff and one or two other places; but up to midnight no reports of serious tumults or loss of life have been received, and the attempts of the social democrats and social revolutionists to signalize May Day by great anti-Government demonstrations appear to have been a thorough failure. Despatches from Kazan, Tiflis, Saratoff, Cronstadt, Rostov-on-Don, Kioff Vologda, Tomsk and other cities say the workmen observed the day as a holiday, that the shops were closed and that quiet was not disturbed.

In St. Petersburg the day was passed in almost perfect quiet, and happily without a drop of blood being shed. The revolutionaries found it impossible to execute their program of demonstration and bomb throwing which they so widely advertised.

Squads of Cossacks patrolled the streets, reserves being held out of sight in courtyards, and the guard regiments were retained under arms in their barracks, but there was no occasion to call out either.

On Vassili Island, where a dozen students, mainly girls, raised the "Marseillaise," and gathered a crowd, Cossacks cantered up and dispersed the crowd with whips, seemingly to take special pleasure in slashing the girl students with their whips; but the latter apparently were anxious to pose as martyrs and diliberately provoked attack by singing revolutionary songs.

The prestige of the social democrats and the revolutionists has suffered greatly by Sunday' failure, though they were trying last night to retrieve it by issuing a manifesto attributing their inability to carry out the program in the fact of the overwhelming force of military and proclaiming a general strike yesterday. Part of the onus of their failure rests upon Father Gapon, who sent a message from abroad to the leaders of his old organization: "Do nothing until I return."

Following the policy of trying to improve the condition of the Poles, Emperor Nicholas has sanctioned an important law, permitting them to purchase land in the kingdom of Poland. They were deprived of this right after the insurrection of 1863.

tion to the effect that during the recent rioting 16 persons were killed at Zhitomir, 10 at Trojenoff and one at Boungara, and that about 100 were wounded. The bodies of the killed, according to these advices, were terribly mutilated, in many cases being unrecognizable.

WHAT THE JAPS ARE DOING.

Trying to Push Back Russian Left of Three Columns.

Gadgeadana, Manchuria, May 15.—As before the battle of Mukden, the Japanese apparently are endeavoring to roll back the Russian left, which, as then, is pushed far southward. The Russians, advancing in three columns and driving in the Japanese, reached and held Dangu Pass, but since May they have been subjected to a constantly increasing pressure and fierce night attacks. The Japanese in the centre have withdrawn a little to the line at Manchantze and Madiapu, three miles south of Changtu Station.

During the past three days a heavy hurricane more violent than that of the Mukden battle has prevailed. The temperature is uncomfortably warm and the air is full of dust.

Captured For Contraband.

Saigon, French, Indo-China, May 15.—The British steamer Carlisle has been detained here on suspicion of carrying contraband of war.

Baron Rosen For Peace.

London, May 15.—The Daily Telegraph's Tokio correspondent says "Baron Rosen, formerly Russian Minister to Japan, and who has been appointed to succeed Count Cassini as Ambassador to the United States, openly belongs to the peace party, and will assist President Roosevelt in his efforts for peace. He was aware of Japan's preparedness for the war, but was unable to stay his Government's hands."

Steamer Strikes Mine.

Tokio, May 15.—The British steamer Sobralens, bound from Newchang to Kobe, struck a mine off Port Arthur Saturday and sank immediately. Boats from Port Arthur rescued all the Europeans aboard, but it is believed that several of the crew and passengers were drowned. It is also believed that the steamer was inside the zone that ships have been warned to avoid.

VICE-ADMIRAL NAZITOFF KILLED.

Orderly Fired Three Shots Into Him In His Room.

St. Petersburg, May 15.—Vice-Admiral Nazitoff was shot and killed by an orderly in his room Saturday. The orderly fired three shots from a revolver at the admiral. The crime is attributed to the anger of the murderer at his dismissal from his duties as orderly, and being ordered to proceed to the front.

Must Hang.

St. Petersburg, May 15.—The Senate has rejected the appeal of Ivan Kaleieff (who assassinated Grand Duke Sergius at Moscow) and has confirmed the sentence of death imposed upon him. Kaleieff can now implore pardon, but his lawyer says he will not do so, and therefore he will be hanged in a fortnight.

Twenty-Seven Were Killed.

St. Petersburg, May 15.—The Novosti says it has received private informa-

HARRY DUNCAN'S SUICIDE.

Shot Himself Because Tendency to Tuberculosis Caused Despondency.

Weston, May 15.—This village was startled Saturday morning by the news that one of its most esteemed citizens had died by his own hand. Harry Duncan lived with his widowed mother and a maid on Church street. At about 6 o'clock the others were aroused by the sound of a pistol shot in Henry's room. He had pressed the muzzle against his temple and pulled the trigger. The weapon seemed to have been pointed upward, for the bullet lodged in the ceiling above and had carried with it a piece of the scalp.

Deceased was about 27 years of age and unmarried. Formerly he farmed in York Township, but retired several years ago.

It is not easy to suggest a reason for this suicide unless it be despondency, because of tuberculosis, which threatened to destroy this man, as it had all his brothers and sisters except one. Mrs. Dr. Peters of Collingwood, Henry Duncan was a son of the late George Duncan and a nephew of Henry Duncan, who was for so many years reeve of York Township. He was in affluent circumstances, owning a 200 acre farm and other property. There will be no inquest.

A note written on the bottom of a pasteboard box to the effect that he had betrayed his Lord, and that he hoped he would be forgiven, was found on the floor. It was written at 4.30 o'clock Saturday morning. The family Bible was found lying open at the 12th chapter of Hebrews, and the pages were spattered with his blood.

DUMPING CAR FATALITY.

Workman on James Bay Railway Instantly Killed.

Toronto, May 13.—Robert Price, a Yorkshireman, about 65 years of age, was crushed to death yesterday afternoon about 4.30 on the James Bay Railway construction work. He was engaged at the big fill in York Township, and was standing at the side of one of the dumping cars. Just as it was toppling to unload he attempted to hold it back, but was not able to. The car left the track, overturned with its contents of heavy clay, and buried him.

It was some minutes before he was extricated, and then he was quite dead.

Another workman named Andrew Kennedy, who was alongside, was buried up to the thighs, but was soon released unhurt.

Price was almost a stranger in Canada. He came to this country from Australia, where he had two sisters.

Cut Off Horse's Ear.

Niagara Falls, May 15.—Somebody broke into the barn of Ald. James J. Mahoney Saturday night and cut the right ear off his handsome bay horse, which was quartered in a boxstall there. The wound was a clean slash, evidently made by a keen knife or a razor. The horse lost much blood and was weak when the outrage was discovered in the morning. The ear was found on the stall floor.

Great Sport This.

Toulon, May 15.—The auto boat race from Algiers to Toulon May 14 has ended unfortunately, all of the boats participating in the second stage of the run from Port Mahon to this port being either sunk or disabled, owing to a heavy storm, when still many miles from the finish. Happily the arrangements for escorting the craft were efficiently organized and loss of life was avoided. There were seven racers.

Funeral of James Lawrie.

Whitby, May 15.—The funeral of the late James Lawrie, who was killed while out shooting near his home in Morris, Man., last Tuesday, took place here yesterday afternoon from the home of his father-in-law, Thomas Deverell, Sr., and was the largest attended funeral that there has been in the town for some years. The local Free Masons and Oddfellows turned out.

That the choicest things are always found where the power of collection is greatest.

Leading in the Furnishing Business

we naturally have the largest and best assorted stock—then, too, you are always sure that the Novelties you buy here an exclusive.

We hold ourselves responsible for that.

Crossman's

Croker Drugged Himself.

Kansas City, May 15.—Chief of Police Hays of Kansas City says that Herbert Croker's death was due to over-indulgence in whiskey and opium. Chief Hays says there is little to indicate that Croker was robbed, and nothing to show that he was drugged unless he drugged himself. The Chinese keepers will be prosecuted as such.

CREDITORS OF BARRISTER LLOYD

Will Meet Shortly When He May Make an Assignment if the Crown is Satisfied—Defendant Admits That He Lost $20,000 Entrusted to Him by Clients—Attributes His Loss to Mining Speculations—Reasons Given For An Assignment and Withdrawal of Criminal Case.

Newmarket, May 15.—To-day as well as the police court proceedings there will be a meeting of T. Hiram Lloyd's creditors, who will decide what is best to do. It may be, if the Crown officers are satisfied, that an arrangement will be reached by which Lloyd will make an assignment, and the criminal proceedings will be dropped.

Although Magistrates Col. Lloyd and Woodcock are in possession of a statement of nearly all the claims made upon Lloyd before and since his arrest, no fresh charges had been laid and his bail bonds still remain at $2,000, half of which is personal security.

Liabilities $20,000.

Mr. Lloyd attributes his loss to speculation in "Le Roi, War Eagle and other stocks. He admits a shortage of $20,000, promises reparation and says he is glad the matter is "out." It is probably the "other stocks" that have brought about his embarrassment, as it is several years since he lost money in Le Roi. Some people think the recent slump in wheat may have had something to do with crippling him. Whatever the cause, the creditors appear disposed to take the situation with calmness and spare the feelings of David Lloyd and the misjudgments of his son as much as possible. There is a great probability that on Monday, when the case comes up for hearing, that all criminal proceedings will be dropped and an adjournment granted for eight days.

Reasons for Assignment.

Those acting in Mr. Lloyd's behalf are pointing out to the creditors that they are likely to get more of their money by having him present to unravel the entanglement than without him, and that it is more in their interests to receive 75 cents on the dollar and have Mr. Lloyd's assistance than punish him and get 25 cents. Everything points towards an assignment, in which Mr. Lloyd offers to give up everything for the benefit of his creditors and give every assistance towards an equitable distribution of his assets, which consist of 40 acres of land, three houses, well rented, and the Sovereign Bank block, on which there is a mortgage of $7,000. Outside of the mortgage, for which he is being pressed, Mr. Lloyd does not think he owes more than $20,000, and that if his property is well handled he has assets sufficient to cover the amount.

The view expressed that matters will be amicably adjusted has been considerably strengthened by the events of yesterday, and this is generally regarded around town as the course that will be adopted.

Crown Attorney Drayton, however, is quoted as saying that the Crown may not consent to drop proceedings, though it will agree to an adjournment when the case is called to-day.

The Specific Charge.

The specific charge for which Mr. Lloyd was arrested was in connection with the handling of moneys belonging to the Weddell estate. He is accused of "neglecting to account for $1,512.25 of trust funds." But this is not all in connection with this estate. A Toronto firm loaned money to a Toronto resident, for which he gave a mortgage of $1,500. This firm sold the mortgage to T. H. Lloyd and Lloyd proposed to the executors of the Weddell estate, for whom he was acting, that they purchase the mortgage. They decided to act on his advice and purchased the mortgage at $1,512, which with interest was the amount due then. He told the executors that he would execute the mortgage and hold it with the rest of the papers in his safe. Subsequent events tore that he would execute the mortgage and it still remained in his name. He paid the interest on it annually to the estate. The mortgagor died and when the executors were ready to pay off the mortgage they searched the registry office and found that the mortgage was still in Lloyd's name. They sent the money to Lloyd and he executed the discharge, which was duly registered. Thus he got $1,500 twice—once from the Weddell estate when he sold it to the executors and again when the mortgage was discharged.

Mr. Teole's Case.

This mortgage appears to have had various uses. Lloyd owed Silas Teole a large sum, and he handed him the mortgage as collateral security for the money borrowed from him. Being the original mortgagee and in no way transferred to Teole, it was valueless and when Lloyd received the money for it and discharge it Teole had nothing but the parchment. The executors of the Weddell estate made enquiries about this mortgage and when they found that it had not been assigned to them as executors and registered, but had been discharged by Lloyd, they began to realize the position they were in, and it is this which has brought about the crisis in Mr. Lloyd's financial affairs.

A Snap in Cashmere Hose

2857 pair Ladies' fine all wool plain black Cashmere Hose, seamless feet, spliced heel and toe "seconds" regular 25c quality for 15c

No. 236 George Street.

A FAREWELL AND WELCOME TEA

Was Held at The S. A. Barracks Yesterday.

Bandmaster Packham, of Toronto, Played at the Meeting.

The services in the Salvation Army barracks yesterday were largely attended and were most successful from every standpoint. The street services were held to large numbers, and altogether the day's services were most satisfactory.

After the afternoon service a welcome tea was held at which the guests were Bandsmen Richardson and Card, two men who have recently arrived from England. Farewell was also said to Bandsman John Montgomery, who is leaving to return to Scotland in a short time. He was presented by the members of the band with a band picture. Bandsman Punchard, who was burned at the C. G. E. works a few weeks ago, has recovered sufficiently to be out, and was at the tea yesterday.

An interesting feature of the services on Sunday was the cornet playing of Bandmaster Packham, of Toronto. In the afternoon he played "Robin Adair," in three octaves, and at night "Blue Bells of Scotland."

To-night he will play "God Save teh King," in five octaves at the S. A. meeting in the barracks.

MR. H. WHORLOW BULL AT MARK ST. CHURCH

Sang Eunod's "Glory to Thee, My God, This Night," at Last Night's Service.

A large congregation attended last night's service at the Mark Street Methodist Church, when a forceful and able sermon was delivered by the pastor, Rev J. G. Lewis, from the text, Daniel VI—10.

The musical service was exceptionally beautiful, a solo, Gounod's "Glory to Thee, My God This Night," being rendered in good voice by Mr. H. Wharlow Bull, the noted English basso, who will sing at to-night's concert in the 5th ward hall. A chorus, "The Glory Song" was also given by the choir, Mr. Bull assisting. The services of Mr. Geo. Schneider as organist, were secured specially for the occasion.

SEVERAL CASES AT POLICE COURT

Henry Utman Arraigned Upon Charge of Appropriating Photographs.

Several cases were upon the docket at Police Court this morning.

Samuel Dancey was found guilty of having deposited rubbish upon the Water street dump and was fined $2.00. The chief wishes it distinctly understood that prosecutions will be made in all cases where the depositing of rubbish upon the streets is discovered, this practice being altogether too prevalent.

Two men were assessed $2.00 each for riding bicycles upon the sidewalk.

Henry Utman, the prisoner brought from Toronto on Saturday evening by P. C. Adams, was arraigned upon the charge of having stolen or carried off two photographs, the property of Elizabeth A. Hall. He was remanded for one week. Mr. F. D. Kerr appeared for the prisoner.

BUGGY WAS HIT BY STREET CAR

Edward Shaughnessy Injured on Saturday Night—Fatality Narrowly Averted

A street car accident, in which a fatality was narrowly averted, occurred at the corner of Crescent and Lock streets on Saturday evening, about seven o'clock.

Messrs. Edward Lynch, Stephen Shaughnessy, and Russell McMullen, three residents of Otonabee, who live a short distance out of town, were driving in in a buggy, to which was attached a colt, which they were breaking in. While passing the corner mentioned the colt became alarmed at an approaching street car, and bolted upon the track directly in front of it, and fatal results were undoubtedly averted by the prompt action of the motorman in stopping the car. The three men were thrown out upon the fender of the car, Mr. Shaughnessy receiving a painful cut upon the head, as well as severe bruises upon the chest. He was removed to his house, and his many friends hope that no serious consequences may result. The buggy was badly smashed.

FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—Interesting Experiences of Misses Borman and Mills.

Every mother possesses information which is of vital interest to her young daughter.

Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.

Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start the menstrual period in a young girl's life without pain or irregularities.

Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest:

Dear Mrs. Pinkham:— (First Letter.)

"I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and backache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill.

Dear Mrs. Pinkham:— (Second Letter.)

"It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Myrtle Mills, Oquawka, Ill.

Miss Matilda Borman writes Mrs. Pinkham as follows:

Dear Mrs. Pinkham:—

"Before taking Lydia E. Pinkham's Vegetable Compound my monthlies were irregular and painful, and I always had such dreadful headaches.

"But since taking the Compound my headaches have entirely left me, my monthlies are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa.

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?

Lydia E. Pinkham's Vegetable Compound Makes Sick Women Well.

CONTRACT LET FOR EXTENSION

Mr. Wm. Langford's Tender Accepted by Shovel Co.

For 1000 Foot Building—Foundation Contract Let to Mr. W. Shurter.

At a meeting of the directors of the Peterborough Shovel and Tool Company, held on Saturday afternoon tenders for the erection of a 100 foot extension to the present building of the company were opened, and the contract was awarded to Mr. W. Langford, who will erect the superstructure. Mr. Shurter has been awarded the contract for the concrete foundation, and it is expected that work will be started in a short time on the erection of the building.

ADD DISINFECTION TO YARD CLEANING

The Advice of Dr. Bingham Medical Health Officer.

Dr. Bingham, Medical Health Officer, writes as follows:

As all the back yards in town are about to be cleaned up, and the heaps of nameless rubbish which have accumulated during the long winter are to be removed, there is danger that the decay of animal and vegetable matter may have harboured swarms of disease-producing germs. It is therefore the duty, as well as to the safety of every family, to disinfect the backyard immediately after it is thoroughly cleaned. This may be done by sprinkling with carbolic acid, and by scattering a little dry lime over the yard. All unsanitary conditions, both in the house and on the premises, should be strictly attended to, keeping in mind that by the faithful observance of the laws of health, much sickness and distress may be avoided.

THE SERIES OF SERVICES CLOSED

Mr. W. H. Hunter Concludes a Week's Work at Gospel Hall.

Largely Attended Meetings Yesterday—Interesting and Helpful Services.

Yesterday was an interesting day at the Gospel Hall. At the morning meeting (for Christians only) Mr. Hunter spoke on the 53rd Chapter of Isaiah, "A Man of Sorrows" and in a very forcible address he showed how Christ had more sorrow than any man; how for six hours Jesus had suffered on the Cross and at the close He was forsaken of God. In order that He might not be forsaken, and in His agony He cried "It is finished". Man's Redemption was completed.

At the afternoon meeting Mr. Hunter spoke of the translation of Elijah, II. Kings 2, 1 to 11. Speaking specially of Bethel, the House of God, he said, all the words in the Bible beginning with "Beth" meant some place special, as "Bethany" the place or house of Dates; Bethsida, place or house of nets. In referring to the mantle of Elijah, which fell from him and onto Elisha, he said it was a beautiful type of the Robe of Righteousness, which Christ gave to every child of God. Elisha rent his own mantle and took up the mantle of Elijah such is the true picture of every believer. He gets a righteousness, not his own, but it is his by faith. 1 Cor. 1, 30, but of Him ye are in Christ, Jesus who of God is made unto us "Wisdom" "and by Righteousness" "and Sanctification" "and Redemption".

At the Gospel meeting at night the hall was crowded with a very interested congregation. One of the best addresses of the series was given. At this meeting Mr. Hunter took for his subject "The Gates of Scripture". 1st Pro. 11, 20. "Wisdom crieth without. She uttereth her voice in the chief place of concourse." In the opening of the Gates the speaker showed that wisdom here meant the Lord Jesus Himself. Jesus was calling "Come unto Me all ye that labour and are heaven laden, and I will give you rest." The next gate was found in the 9th Psalm, 13th verse, "The Gates of Death". Then in Gen. 28, 17, Jacob found the Gate of Heaven. God had appeared to Jacob and he saw a ladder connection between earth and Heaven. This the speaker showed to be a type of the Cross of Christ, who in Calvary had taken the hand of God and the hand of lost, fallen man, and reconciled both by His (Christ's) blood. 2 Cor. 5, 19, to wit, that God was in Christ reconciling the world unto Himself. 21st verse, "For He has made Him to be made sin for us. He who knew no sin, that we might be made the righteousness of God in Him.

Mr Hunter closed with a very earnest appeal to the unsaved to settle the matter of their eternal welfare. He goes back to New Medford, Mass.—Com.

—Mr. Wheeler, the cattle dealer of the fifth ward, received five very fine cattle this morning, one or two being of a very superior grade.

HOW YOU GET CONSUMPTION.

Most "lungers" allowed their power of resistance to fall very low. Favorable conditions were provided for the development of the bacilli. Consumption was the result.

But in a healthy body Consumption can't take root. The most potent health-maker is Ferrozone. Take it regularly and you needn't fear tuberculosis.

FERROZONE

Supplies exactly what the man verging on Consumption needs. It forms rich, nutritious blood, strengthens the nerves, puts vim and endurance into every organ of the body.

For the tired, weak—anyone in poor health—Ferrozone is worth its weight in gold. Avoid substitutes!

Price 50c per box or six for $2.50, at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

RETAILERS' BILL IN COMMITTEE

Ask For Fixed License For Pedlars.

Trading Stamps a "Great Fake"—Pedlars Make Big Money.

In view of the fact that Mr. Trowern, secretary of the Retail Merchant Traders' Association, recently addressed a meeting here on the subject, it may be interesting to learn that a bill embodying the changes advocated by him in his address, has been introduced in the Legislature. In referring to it the News said:

"One of these pedlars made $2,400 in four months," said Mr. E. M. Trowern, secretary of the Retail Merchant Traders' Association, before the Municipal Committee Friday morning, in advocating a fixed licensing system for pedlars who should always be required to produce their licenses, failing which they would be liable to a penalty. The Bill also provided for abolishing the trading stamp or coupon system, so far as manufacturers ar econcerned.

Mr. Trowern urged that the retail merchants paid 45 per cent. of the taxes in Toronto, and it was only right that they should have fair play. They wanted to protect the merchants and the people against fakirs and transient traders, who paid no taxes, and took such a large sum of money out of the towns. Mr. Trowern had a letter from a merchant in the West, stating that one patent medicine fakir, who had a persuasive tongue, took $800 out of the town.

A Free Country.

Mr. Hyslop said this was a free country, and the people should be able to buy where and when they liked. Mr. Dargavel characterized the pedlars as a curse to the farmers in the country. Mr. Trowern, speaking of the trading stamps, said it was one of the greatest fakes that ever struck Canada.

Mr. Hanna thought the Committee would be showing no lack of sympathy if the Bill were allowed to stand over for a year. It would be in the best interests of the Bill. The municipalities should have time to consider the matter.

Mr. Hoyle said the Bill had a parallel case in the warehouse of the brewers and distillers, which had not hitherto been licensed. The hawkers and pedlars had simply become the agents of the large wholesale houses. The Bill was ordered to stand over until Wednesday next.

As a Convalescent Food.

Mr. Wyman N. Thomas, Ompah, Addington County, Ont., writes:—"My wife had congestion of the lungs along with other troubles, and became very weak and run down. By the use of Dr. Chase's Nerve Food she was made as strong and well as ever. Of course I had a doctor, but she was weak, and it was Dr. Chase's Nerve Food which built her up."

MOUNT PLEASANT,

WAS KICKED BY FARMER'S HORSE

Mr. Matthew Kearns' Jaw Broken on Saturday.

An Accident at the C.P.R. Hotel Stables —Injured Man in St. Joseph's Hospital.

On Saturday, Mr. Matthew Kearns an employee of the C. P. R. Hotel, was injured rather severely by being kicked by a horse. He was attending to a farmer's horse which had been left in the stable, and while passing behind it the horse kicked him on the lower jaw, splintering it and knocking some teeth out.

The injured man was taken into the hotel and well taken care of until the arrival of Dr. McGrath, who attended him. He was taken to St. Joseph's Hospital, where he is doing well, and it is not expected that any serious results will follow his accident.

SUDDEN DEATH OF OLD RESIDENT

Mr. William Batten Expires Suddenly at Advanced Age of 81 Years.

The sudden death occurred last night of one of Peterborough's oldest citizens in the person of Mr. Wm. Batten, father of Alderman Jos. Batten.

The deceased gentleman appeared yesterday to be in exceptionally good health and spirits, notwithstanding his advanced age of 81 years. He retired to bed as usual about 9.30 o'clock, his demise occurring sometime during the night, though this was not discovered until this morning, when the fact that he did not appear for breakfast, caused the family to investigate. Death probably occurred suddenly, as no one was aroused during the night, and was, perhaps, caused by fatty degeneration of the heart. Dr. Bradd was summoned this morning.

The late Mr. Batten, who was a son of William Batten, was born in Cornwall, Eng., removing to Canada in 1830 at the age of 6 years. After his arrival here, he engaged in farming operations in North Dummer, where he was married to his first wife, Sarah Payne, who died fourteen years ago, Mr. Batten removed from Dummer to Lakefield, where he resided for about fifteen years, and thence to Paisley, where he was married to Mary Rawley, who pre-deceased him by about a year. Mr. Batten removed from Paisley to Peterborough, where he has since resided.

Surviving him are six daughters and two sons,—Mrs. Wm. Harding, Warsaw; Mrs. Herbert Meyers, of Orillia; Mrs. Robert Fowlers, of California; Mrs. Wm. Dunford, of Warsaw; Mrs. John Quinlan, of Orillia; Mrs. Wm. Hewitt, of Rochester, Ald. Jos. Batten, of town and Mr. J. Batten, of Port Carling. One son George, died in Rochester on February last. One sister, Mrs. Ernest Graham, and one brother, Richard, of Dummer, also survive him. The deceased was a Methodist in religion, and was by trade a carpenter.

The funeral will take place tomorrow afternoon at three o'clock from the residence of his son, 351 McDonel street, to Lakefield cemetery, where the remains of deceased's mother were interred.

THIEVES ARE VERY GENEROUS

Visit Mr. George Pratley's Cellar and Take Half of Things in Sight— Burglar Unknown.

Sometime between Saturday evening and Sunday morning, the cellar of Mr. Geo. Pratley, 150 River road, was visited by one or more thieves, who must have gone there for the purpose of enjoying a meal. That conclusion is reached from the fact that bread, cakes, pies, etc., and also some potatoes and apples were taken from the cellar. There is an outside door leading to the cellar and it was through this that the light fingered gentlemen secured entrance. Mr. Pratley stated this morning that about half of the provisions were left, the object being, he thought, to leave enough to keep the family over Sunday. He has no idea who the burglar is, but he is certainly a very generous one. The police have the matter in hand and it is expected that there will be something doing pretty soon.

Was Not Able To Walk For Three Months.

Was Given Up to Die. The Doctor Said So.

Burdock Blood Bitters Saved Her Life.

Read what Mrs. Wm. Castilloux, Newport, Quebec, has to say about Burdock Blood Bitters:—"Last December I fell very sick after confinement. I was not able to walk for three months, and was given up to die by the doctor. My husband read of the many wonderful cures made by Burdock Blood Bitters, so procured me two bottles. After using it for about ten days, I was able to get around, and could mind my baby without help from anyone, and am now well, and able to do my own work. I told a lady friend of mine who was troubled in the same way, and she used it with equal success. I cannot too highly recommend your medicine, for I know just how good it is, and hope and wish that anyone suffering as I did will give it a trial."

T. A. S. TOOK COMMUNION

Members of St. Peter's Society Attend Divine Service.

Mass Celebrated by His Lordship Bishop O'Connor—A Good Turn-out.

Yesterday morning the largest turnout in the history of St. Peter's T.A.S., took place, when the members of that society attended the Cathedral in a body, and took Holy Communion.

There were over 300 members of the society in the procession from the hall to the Cathedral, and, headed by the T.A.S. band, 22 strong, they presented an imposing appearance, and their march to and from the Cathedral was witnessed by a very large number of persons.

The marshalls of the parade were Messrs. J. Duffus and Patrick O'Donnell, and Mr. Jas. Hickey, assistant.

At the Cathedral, the front centre of which was reserved for the members of the Society, His Lordship Bishop O'Connor, celebrated the Mass, after which His Lordship, Rev. Father McColl and Rev. Dr. O'Brien, administered the communion to the members of the Society.

The sermon was preached by Rev. Father McColl, rector of the Cathedral, who took occasion to congratulate the Society on the splendid showing it had made, as well as the progress of the past.

On returning to the hall, the members renewed their pledge, and Rev. Dr. O'Brien addressed a few words to the Society, expressing his pleasure at the splendid turnout of members, and made special reference to the band, which had acquitted itself well.

MR. H. J. LEFEVRE THE EXECUTOR

Of the Will of the Late Kivas Tully.

Claims Gratuity From Ontario Government—Will of Engineer Probated.

The will of the late Kivas Tully, who died recently contains a provision bequeathing $6,250, a retiring gratuity which he claims from the Ontario Government, to his two daughters, Louisa Beresford and Sydney Strickland Tully.

According to the will, it has been the practice of the Government to provide retiring civil servants with grants at the rate of one month's salary for each year of service.

Mr. Tully's period of service is placed at fifty years, dating from 1856, and he calculates his gratuity at the rate of his pay, $125 per month.

The balance of his estate amounts to $1,025, being $800 in household goods, $25 in real estate, and $200 in Thunder Bay real estate.

Henry John Lefevre, of Lakefield, is appointed executor.

APPOINTED TO A COMMISSION

Appointment of E. S. Clarry to Lieutenancy in 3rd Dragoons.

The Militia General Orders just issued, announce the appointment of Mr. E. S. Clarry to a commission as Lieutenant in the 3rd Dragoons. It is understood that Mr. Clarry will be attached to "B," (Millbrook) squadron, which is commanded by Major W. T. Hall, of town.

Mr. Clarry for some years occupied a non-commissioned officers post in the 33rd Dragoons, and has always taken a deep interest in military matters.

Another appointment to the Dragoons is that of Captain Edwin Campbell from the 40th Northumberland Regiment of Infantry.

MR. ROBERT ARMSTRONG PASSES AWAY IN CAVAN

Death Comes After an Illness of Short Duration.

On Saturday Mr. Robert Armstrong, a well known and much respected resident of Cavan, passed passed away after a brief illness, at the homestead, lot 4, in the fourth line of Cavan. Deceased was the eldest son of the late Jos. Armstrong, who was one of the pioneer settlers of the township and was well known for his many excellent qualities as a citizen and a neighbour. He is survived by Mr. William Armstrong, of Weller street, Mr. Jos. Armstrong, now visiting in the Northwest, formerly of Peterborough, John, of Cavan township, and Mrs. T. H. Collins, of Millbrook, brothers and sister of the deceased. The late Mr. Armstrong was a member of the Anglican church, and a great admirer of Rural Dean Allan. Deceased was unmarried, and his sister, Miss Annie, who survives him, was the head of the household. The funeral will take place from the family residence,

OZONE SOLUTION

SPECIAL OFFER!

There is just one way by which you can get a package of "Celery King" free with a bottle of "Ozone." That is ask your druggist for "Solution of Ozone, the coupon kind." Each bottle of this contains a coupon for which we send you a full twenty-five cent package of "Celery King." Never take "Ozone" without "Celery King" if you want the best results. "Ozone" kills the inside germs and "Celery King" is a tonic laxative.

Ask your druggist for "Solution of Ozone, the coupon kind," manufactured by the Public Drug Co., Bridgeburg, Ont., sold by W. B. Warne.

SWITCHBOARDS BEING INSTALLED

Canadian Machine Telephones Will be in Operation Within A Week.

Work of Installation of Switch Boards Will be Completed Expeditiously.

The work of installing the new switch-board of the Canadian Machine Telephone Company, was commences at their offices, Charlotte street, this morning, and it is expected that the system will be in operation within the course of a week.

The switchboar, which was made at the factory of the company, is complete, and nothing remains but the installation, which will require but a short space of time. It is a 500 point board, and will occupy a space of 9 x 12 feet. The work of installation is in charge of Mr. George Fristoe.

In the system is included automatic alarms, which report "short circuits," "grounds," or any difficulty arising from the line being out of order.

All interior and exterior apparatus has been successfully installed by the company, the work in connection with the cables being complete, and all that is now required being to connect the lines with the instruments. The protecting rack in the office has also been placed in position.

MUNIFICENT GIFT PRESENTED T. A. S.

Announcement of $800 Donation Made Yesterday.

At the afternoon meeting at the T.A.S. rooms yesterday, the announcement was made by Rev. Dr. O'Brien of the donation of the sum of $800.00 to T.A.S. by His Lordship the Bishop and a prominent Catholic layman.

A vote of thanks was unanimously passed to the donors for their munificent gift.

OLD PETERBOROUGH BOY'S DEPARTURE

Mr. Edward Tighe Accepts Lucrative Position in Isthmus of Panama.

Mr. Edward Tighe, an old Peterborough boy, who has for some time resided in Hamilton, is in town for a brief visit with his mother, previous to his departure for Colon, Isthmus of Panama.

Mr. Tighe has been connected for the past eighteen months with the Westinghouse Company, in Hamilton, but has severed his connection with that company in order to accept a lucrative position under the United States Government in the engineering department of the Isthmian Canal Commission. He will sail from New York for Colon by the Panama Railway Company's steamer "Finance," on Wednesday, May 31st, to enter upon his new duties, which will include those of steam and air drill workman.

Mr. Tighe successfully passed the examination prescribed by the Government, in Buffalo, on March 13th, and states that it was of a most severe character, the room in which it was conducted being heated to an almost suffocating point.

Mr. Tighe's many old friends around town, unite in wishing him bon voyage, with, however, deep feelings of regret at his departure for the torrid clime.

State of Ohio, City of Toledo, } ss.
Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

APPRECIATION OF THEIR PASTOR

Warsaw Methodists Sorry to Lose Rev. H. McQuade.

After Four Year's Pastorate They Pass Resolution of Appreciation

(Special to the Examiner).

Warsaw, May 13th.—The official quarterly Board of Warsaw Methodist Church at the May meeting presented the following resolution, to their pastor whose term ends with this conference year,

Moved by Isaac Garbutt and seconded by Jacob White, "That now at the close of the fourth year of our pastor the Rev. A. McQuade, we do desire to give expression by resolution to our appreciation of the service he rendered as a man of honour and a minister of the Gospel during his term on this field of labour.

For, by his able and judicious management of temporal matters in building up the charge he has proved successful, and by faithful pastoral visitation as well as sound and eloquent pulpit ministration, which in fervour and spirit, has increased as the time went by; so that he has thereby left a marked impression as well as by his steady even course.

We would desire to mention Mrs. McQuade, who by her godly character and Christian example has left an impression on the lives of all with whom she came in contact; and now that the time has come when we must soon take the parting hand we desire to assure Mr. and Mrs. McQuade that they take with them the most kindly regards as well as earnest prayers of the people of this charge for their future success."

The motion was carried unanimously.

NO SUBSTITUTE

has yet been found for cod liver oil. There are so-called extracts, wines and cordials of cod liver oil that are said to contain the active principles but not the oil itself. This is absurd on its face. You might as well extract the active principles of wheat and make bread with them. The best form of cod liver oil, that can be digested and assimilated most easily, is Scott's Emulsion.

We'll send you a sample free.

Seven Sutherland Sisters' Hair Grower
GREW THIS HAIR

68 Brock Ave., Toronto.

Seven Sutherland Sisters:—
Dear Ladies,—Having used your Hair Grower and Hair and Scalp Cleaner for the last two years with very satisfactory results, I can recommend the same to anyone desirous of growing and preserving a fine growth of hair. I find your Hair Grower stops the hair from falling and makes a rapid growth.

The Scalp Cleaner removes the dandruff and leaves the scalp clean and the hair soft and silken. My hair is now over four feet in length and very heavy as my photo will show. I give you the right to use my letter and photo for advertising in any way you desire.

Yours respectfully,
MAY WALLACE

For sale at all druggists, two sizes, 50c. and $1.00 per bottle.

THE COTTON INDUSTRY.

The Montreal Witness points out that according to a statement made by the Dominion Cotton Company in July last, its financial condition was very good indeed. For the fiscal year ending February 29th, the net profits were $195,166.57, or equal to six and a half per cent on the capital stock of the company. "After allowing for all fixed charges." The statement went on to say that "during the the year we have owing to the large reduction in our stocks of manufactured goods, decreased our live liabilities nearly $300,000, which places the company in a better financial position than for some years past. Our sales for the past year were the largest in the history of the company, being within a few thousand dollars of the four million mark." This is not a bad showing. In the face of it, the appeal for higher duties is not likely to be successful. This company is now a part of the big combine recently formed

THE MAIL'S DISCOVERY.

The Toronto Mail and Empire is again in a state of alarm. The cause of its scare is stated to be "an extraordinary confession" by the Minister of Justice that the educational issue in the new provinces is covered not by clause 16, but by clause 2, of the Autonomy bills. This clause states that the provisions of the British North American Acts, 1867 to 1880, "shall apply to the province of Alberta in the same way, and to a like extent, as they apply to the provinces heretofore comprised in the Dominion, as if the said Province of Alberta had been one of the provinces originally united." Can it be possible, asks the Hamilton Times, that the Mail and its allies have been making all this ruction over a measure which does no more than place the new provinces in the same position as the other members of the Confederation? And will it make the alleged discovery the excuse for backing down or for beginning a new campaign of obstruction?

UNIFORM SCHOOLS.

One would imagine from some of the arguments employed to defend the proposition of uniform schools in the new Northwest provinces that the education of a child in any other than the schools controlled by the majority of the population was a crime against the state. It is hard conceive whence this attitude of idolatry towards majority-controlled schools originated, though our American neighbours, with their extraordinary enthusiasm for everything that is peculiarly American, are doubtless responsible for a great deal of it. Until it was developed as part of the United States educational theory, this doctrine of the supreme claims of the state schools system had no place in educational systems. It has never been accepted in England, where all education of the better kind is either endowed (mainly with sectarian endowments) or carried on as a private business. Scotland has been not infrequently quoted as a fine example of the working of the state school system. In respect that a majority of its schools are under state control and that the general average of excellence is very high, this is true. In respect to the doctrine that all children should attend, and all state aid should be confined to, the schools controlled by the majority of the people it would be hard to find a worse example. The separate and sectarian school system prevails there to a very wide extent, and receives large recognition in the national grants; and with much less reason here than in the Northwest of Canada, because the large part of those denominational schools which receive public support are of the same general creed, that of Presbyterian, as the majority in control of the public schools, differing only on minor details of church government and the like. Thus the Parliamentary blue book shows the following expenditure from the grant for public education in Scotland in 1903:—

	£	s.	d.
On Public Schools	722,540	8	11
On Church of Scotland schools	27,252	15	10
On United Free Church schools	25,595	7	2
On Undenominational schools	23,489	11	9
On Episcopal schools	15,446	5	4
Roman Catholic schools...	70,758	11	8

Thus in Scotland, where the public school has been brought to its highest excellence, and which afforded the pattern largely employed in developing the Canadian school systems, the recognized principle is obviously, not that it is the duty of every child to attend a school of uniform pattern, but that every religious belief which involves conscientious objection to attend such schools, and which has the power to carry on schools of its own, is deserving of state assistance in doing so. It is doubtless fortunate that the absence of such pronounced "odium theologicum" among Canadian Presbyterians makes unnecessary here such an extended array of different Presbyterian schools; but the difference between Roman Catholic and Protestant as to educational practice is to wide to be bridged in any country. It seems strange that Canada should be asked to be less tolerant than Presbyterian Scotland.

Even in the United States the actually existing condition is a flagrant contradiction of the prevailing theory. A recent official report of the Washington Government estimates that at least a million children were being educated by Roman Catholic institutions outside of the public schools. The parents of these children pay their share of the cost of public education generally, from which they derive no benefit—and cannot derive any benefit without violating their conscience. They pay in addition to this the cost of educating their own children in schools over which the state has not even a regulating standardizing control. In a word there are in the United States a million children violating the sacred principle of state-controlled education infinitely more than they could ever do in the separate schools of the North-west, in which they would be as much under state control as to text-books, teaching qualifications and examinations as if they were in the public schools. And still the United States and Scotland are held up as convincing proofs of the doctrine that every one must attend a uniform state school!—Montreal Herald.

EDITORIAL NOTES

Uncle Sam wants to get possession of Canada's Arctic lands. It mustn't be allowed; if he gets his paw on them he will freeze to them.

"We cannot allow the Americans to take possession of our Arctic lands," says Sir Wilfrid Laurier. "We claim them to be British territory, and we *intend to assert* our jurisdiction over them." These, says the Ottawa Journal, are good words. They follow the good deeds of the men who have already asserted Canadian sovereignty in those polar lands and waters to which Canada lays claim.

A query is suggested. Is there any possible relation between the sun spots and suicides? It appears that the former affect the weather and the weather may affect mankind. The old astrologers held and others still hold that the stars influence our mental and physical condition. Why not the weather conditions indicated by sun spots have a similar effect? For the past few days the news from different parts of the country tells of suicides in unusual numbers.

The Conservative leader of Ontario has declared himself opposed to a prohibitory liquor law. Yet he doubtless sanctions the principle of prohibition as contained in Hon. Mr. Hanna's amendment to prohibit the sale of liquor to minors—persons under twenty-one years of age. But why stop at 21 years? Why not make the age limit thirty-one, and if thirty-one, then why not forty-one, and so on up to the Odorization stage? If Mr. Whitney is consistently opposed to prohibition as a whole, why consent to its application in spots? The previous age limit fixed by the license law was a form of prohibition of which the twenty-one year limit is simply an extension.

It seems to be a toss-up between dogs and lawns in Toronto. Controller Shaw is proposing to offer prizes for the best kept lawns. It is, however, felt that well kept lawns and free dogs are incompatible conditions. A citizen points out that men, women, boys, children and cows are fined for trespassing on lawns, but dogs have full liberty. One might as well let an unfenced lawn go to the dogs at once as to try to keep it in order with dogs free to work their will. A St. Bernard or other dog of his size, will, with a few scrapes of his paws, do as much damage to a lawn or flower border as the war horse of "Job which "paweth in the valley and rejoiceth in his strength."

The London Natural History Museum has been presented by Mr. Andrew Carnegie with the plaster cast of the skeleton of a diplodocus. To those who are not familiar with the diplodocus, it may be explained that it is a kind of dinosaur, a species of saurian, a sort of cross between an alligator and a serpent mound, which flourished and floundered amongst the prehistoric forests which formed the basis of our coal beds of the present day. It's a long time ago, quite out of range of the recollection of the oldest inhabitants, and belongs to the upper secondary formation. The original diplodocus is in the Pittsburg Museum of Natural History.

DESTROYING OUR FISH.

To the Editor of the Examiner:

Dear Sir,—I desire to call the attention of the fishery overseers to the wanton destruction of bass and maskinonge, in the waters of the Otonabee, Little Mud Lake, at the back of the island, and at the head of Chemong Lake. It is said that spearing, shooting and netting is being done to an extent never before known in the history of those waters, with the result that, when the open season for legitimate fishing comes, the people will find that the fish have all be caught, out of season and destroyed.

Under the late Government, these matters were kept under reasonable control, but at the present time illegitimate fishing is being carried on to an extent simply disgraceful.

I have been told that one man was seen with 18 bunge in his canoe last week, another man had three, each weighing from 18 to 20 lbs. I am afraid the new administration is not looking after this with that energy which is necessary for the proper protection of our fish. Good men, who have looked after waters have been removed recently by the present Ontario Government, and those who have diligently watched these waters for years, have been displaced by others who are seemingly neglecting the performance of their duty.

Surely there is some way of having our fish protected so that legitimate sport in season, may be had by those who desire it. Protect those who desire to fish in season, punish those who destroy the fish during spawning season.

Yours truly,
A FAITHFUL SPORTSMAN.
Smith, May 12th, 1905.

AN OLD IDEA

Shown to be Absolutely False by Modern Science.

People used to think that baldness was one of those things which are handed down from generation to generation, from father to son—just like a family heirloom.

Science has shown the falseness of this belief by proving that baldness itself is not a constitutional disease, but the result of a germ invasion of which only Herpicide can effectually rid the scalp.

Washing only cleans the scalp of Dandruff, it doesn't kill the germs.

"Destroy the cause you remove the effect."

Newbro's Herpicide will do this in every case. It is also a delightful dressing.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

Flowers and Bedding-out-Plants.

Now is the time to plant your seedlings, and fill your baskets and urns. We have a fine assorted stock in boxes, consisting of Asters, Petunias, Verbenas, Phlox, Pinks, Salvias, Stocks, Zinnias, Scabiosa, Gaillardia, etc. Our variety of hardy vegetables, bedding plants, can't be beaten at 50 cents per dozen, closest prices to everybody. Come and see. J. H. Cobb, Aylmer street greenhouses, Telephone 132. Open evenings.

Fountain Pens to Your Liking.

We have just received another hundred of Waterman's Ideal Fountain Pens. We guarantee to suit every hand, or no sale. The prices for these pens are — $2.50, $3.50, $4.00, $5.00, $6.00 and 8.00. Our "Stratton Special" dollar fountain pen is as good as any $2 pen on the market. Fully guaranteed. Try one; if not suited, return and get your money at the Peterborough Bookstore. ANNIVERSARY OF THE PRESBYTERIAN CHURCHES

St. Andrew's and St. Paul's Yesterday Celebrated the Anniversary of Their Formation—The Proposal to Endow a Scholarship in Memory of the First Pastor, Rev. John M. Roger—Sermons Were Preached Yesterday by Rev. Alfred Gandier, B.D., and Rev. Logan A. Geggie, of Toronto--Financial Results of Services Were Highly Satisfactory.

Yesterday in St. Andrew's and St. Paul's Presbyterian churches, special anniversary services were held, the special preachers for the day being Rev. Alfred Gandier, B.D., and Rev. A. Logan Geggie, both of Toronto.

Both churches were crowded at the morning and evening services, and the financial results of the anniversary were most satisfactory.

The services yesterday had a special significance from the fact that an appeal was made on behalf of Queen's University, by Rev. Alfred Gandier, in his sermon, and the proposal has been made that as a memorial to Rev. John M. Roger, the first pastor of St. Andrew's and St. Paul's, a scholarship in Queen's University should be endowed. The churches of to-day owe a great deal to the faithful work of the pioneer ministers, and it was thought that some recognition should be made of their work, and that this recognition should take the form of an endowed scholarship in the University about to be declared the University of the Presbyterian Church in Canada, was thought to be appropriate. The sermons preached yesterday were delivered by two of the ablest men in the church, and were much enjoyed by the large congregations present at both services.

St. Paul's Church, in Which Anniversary Services Were Held Yesterday.

AT ST. PAUL'S

A large congregation attended the anniversary service at St. Paul's church, yesterday morning. A forceful and eloquent sermon was preached by Rev. Alfred Gandier, of St. James' Square church, Toronto, who was present in a dual capacity, that of sharing in the celebration of the Anniversary, as well as for the purpose of presenting to the congregation the claims of Queen's University, Kingston, which will, in June next, become by formal act, the church's University in Canada. Rev. Mr. Gandier, chose a text appropriate to the occasion in St. Matthew IV, 4: "But He answered and said, It is written that man shall not live by bread alone, but by every word that proceedeth out of the mouth of God." It is doubtful if any statement of Scripture necessitated more re-interating in the present day of pleasure-seeking than those of the context. Man can never come to his own as man through food and raiment alone. The animal is restless till his physical wants are satisfied. There is in man what has been termed a "spirit of Divine unrest," which is constant pursuit of pleasure can never satisfy. There is in him a touch of the infinite. This finds expression in the words of the text.

Ignorance may be the mother of devotion, if by this is meant a blind following of a designing priesthood. The necessity for knowledge is emphasized everywhere throughout the Scriptures. The old principle of keeping the people in ignorance is repudiated in the text.

St. John has told us in the opening portion of his gospel that "In the beginning was the Word, and the Word was with God, and the Word was God." Thus we see that not only the man but the whole universe is an expression of the Divine. There is no distinction between sacred and secular learning, all true learning is sacred. Among all the reformers none had more knowledge of the value of learning than John Knox, the 400th Anniversary of whose birth will be celebrated on Sunday next. The preacher then described the system of education, which included a school in every parish, which was introduced by the great Reformer. In his time one-half the lands of the country were owned by the Church. These Knox proposed to divide into equal portions for the following purposes:—

1.—For the Church.
2.—For the Poor.
3.—For a great national system of education.

The frustration of his desires by the selfishness of his contemporaries was commented upon as was also the determined and self-sacrificing efforts amongst all classes throughout Scotland in the interests of education. In the face of tremendous difficulties a great national system of education was established extending to the humblest home of the land, from whence came in large numbers, University students, engaged in all branches of study.

The results of this, those who have removed to distant parts of the world, have carried with them, and in Canada is still found, that distinctive love of learning amongst the sons of those who removed to find new homes in Canada in early years. They were the founders of Presbyterianism in Canada, and felt very keenly the lack of facilities for education, which they had enjoyed at home.

Two hundred and twenty-five thousand acres of land had been set apart by the Government of Canada for educational purposes. This was handed over to King's College Toronto, which became an Anglican institution with a narrow church test. In 1841 Victoria University was founded by the Methodist body and in 1842 Queen's University, by the 40,000 Presbyterians, of Upper Canada, this being free of church tests other than those to students for the ministry, under a provision in the charter. Repeated difficulty has on many occasions since, threatened her existence. Reference was then made to the noble efforts in her behalf, by Principal Snodgrass, who together with Prof. McKerris had raised the sum of $100,000. The institution was thus saved, but it had cost Prof. McKerris his life.

In 1867 Principal Snodgrass had found the burden of the work too heavy and was compelled to return to Scotland.

The preacher then spoke of the great difficulties which had been surmounted in the past by the students of the University, stating that he never known an institution which had awakened such a passionate loyalty amongst its students, the great occasion for which he believed was because it had been constantly poor.

The speaker then spoke of the great success which had been attained during the regime of the late Principal Grant, who had thrown himself into the work with an almost superhuman energy. The various large subscriptions which had been received, were spoken of. Schools of Mining and of Practical Science were established. A splendid staff had been secured by the Principal, the Arts Faculty being one of the best in America. Principal Grant, previous to his death, which was referred to in touching terms, had felt that expansion was imperative—the constituency to which an appeal could be made was too limited, and he had felt that a separation from the church was necessary.

The matter came before the General Assembly held in Winnipeg, which by a unanimous resolution, deprecated the separation from the church with which it had been connected for sixty years. It was, however, pointed out that an additional revenue of $20,000 must be added. A committee had been appointed to work with the Assembly for the purpose of securing the sum of $500,000. Queen's, he felt, had always been liberal, catholic and national in character, and he believed that a continuance of the historical relationship of the past would not cause its friends outside to give one cent less.

St. Andrew's Church, the Anniversary of Which Was Celebrated Yesterday.

The Peterborough committee have taken the matter up heartily, and he felt that there would be no falling behind in the congregation of St. Paul's. The many donations received were spoken of. A good beginning had been made, and he urged that all should contribute in proportion to their financial ability. Special mention was made of the fact that subscribers of $100 or over, were allowed the privilege of sending one student free of class fees in the Arts course.

The preacher closed by pointing out why all should feel it their privilege and duty to assist:

1—Because Queen's is the oldest institution connected with the church.
2—Its unparalleled growth with small revenue.
3—It was founded upon sacrifice, and supported by sacrifice.

The faculty had always had smaller salaries than were paid elsewhere. Principal Grant had made many donations; on one occasion he subscribed his year's salary for endowment purposes. This had also been done by Principal Gordon.

The pressing needs of the institution were then pointed out, and also its great assistance to the interests of education throughout the province, one great factor being the healthy stimulus it exerts with regard to sister institutions.

The speaker then paid a high tribute to the pioneer work of Rev. J. M. Roger, the first pastor of St. Andrew's and St. Paul's, in whose honour it is proposed to endow a lectureship, to bear his name. We cannot, the preacher remarked, thank God too much for the pioneer ministers, who had by their labour, accomplished so much for the church.

REV. J. GANDIER POTTER,
Pastor of St. Andrew's Church.

It is our duty to pass on to posterity the benefits of our best efforts, and to invest our money in the cause of education and higher life in the community—if we must economize let it be upon material things and luxuries.

At the conclusion of the sermon, Rev. Dr. Torrance added a few brief remarks upon financial matters pertaining to the congregation, speaking of the restoration of St. Paul's twenty years ago, at a cost of $34,000, at which time a mortgage debt of $18,000 remained, which had been reduced year by year. Mrs. Nicholls generous bequests on several occasions were spoken of, one of these having been a cheque for $8,000. The Mission Building has since been erected and furnished at a cost of $5,000. The speaker also referred to the opening services which had been conducted by Revs. D. J. Macdonnell and McLeod.

REV. DR. TORRANCE,
Pastor of St. Paul's Church.

AT ST. ANDREW'S.

Yesterday morning in St. Andrew's church, Rev. A. Logan Geggie, of Dunn avenue Presbyterian church, Toronto, preached an eloquent and forcible sermon on "The Results of a Consecrated Life." His text was, II Chronicles xxix, 27, "And when the burnt offering began, the song of the Lord began." In his introductory remarks, the speaker referred to the symbolism of the sin and burnt offering, pointing out that when it was God coming to man the burnt offering was first, but when man came to God the sin offering was first and the burnt offering second.

The first result of a life of consecration is the possession of a spirit of joyfulness. In Hezekiah's time, the song of the Lord began with the burnt offering. This song of the Lord was an old song, but it is ever new. The joy that comes to men that know that day by day, and hour by hour, they are doing the will of God cannot be realised by those who have not experienced it.

The second result is the possession of a spirit of worship. He asked if the house of God, and the time of worship, was a pleasure to his hearers. If their lives were consecrated, it would be a delight to stay in the house of God.

The third result is the possession of a spirit of liberality. The only justification for the profession of faith in Jesus Christ is a spirit of obedience, and if we are not living a life of obedience to God, we have no rigtht to the claim off Christian. The true and most satisfying indication of a consecrated life is the consecration of our money. The speaker said there were two tests of the spirituality of the church; first, the attendance of the members at the prayer meeting, and the liberality with which they are characterized. It is not what we give that counts, it is what we have left after we have given that constitutes the test.

During the service the choir rendered a most appropriate musical service. The anthem was "Christian, the Morn Breaks Softly O'er Thee," in which solos were taken by Miss King, duets by Miss Bryce and Mr. Lloyd, and Miss Stevenson and Mr. Wilson. A quartette by Misses Bryce and Stevenson, and Messrs. Lloyd and Wilson, was much enjoyed, as was Miss Bryce's solo, "Hosanna," by Granier.

PETERBORO'S WON THEIR FIRST GAME

Manager MacEwan's Bunch Won From Progressives on Saturday by Score of 4-3.

New Men Show Up Well and Whole Team Played a Good Game—Rally in Batting.

Re-organized Peterborough Team Won a Close Victory From Fast Toronto Nine on Saturday Afternoon.

Cadman's hit, coupled with a temporary flight into the atmosphere on the part of the Progressives won the first game of the season for the reorganized Peterborough team on Saturday afternoon. After waiting for a fine day for nearly a month the game between the Progressives and Manager MacEwan's team was pulled off on Saturday in the T. A. S. grounds, and the general opinion of the fans, after having seen the team perform is that they will do.

A number of last year's men are still

"MULL" DOUGLAS,
The Clever Twirler Secured by Manager MacEwan.

figuring on the team, and in addition three outside players have been signed, and the team, as at present constituted, looks pretty good. Douglas, the twirler secured by the local manager, was in the box for the first time on Saturday, and after the first two innings was invincible. Two runs were secured off him in the first and one in the second, and that ended the run getting as far as the visitors were concerned. The new slab artist has good control, unlimited speed, and a good assortment of benders and particularly effective in tight places. He only passed one man up first and struck out seven of the heavy hitters of the Toronto team.

Douglas was pretty handy with the stick himself, too, and out of four times at bat, got three pretty hits, in the first innings driving the first ball pitched to him for a nice single to centre field. He was hit rather freely in the first two innings, but after that he settled down, and his work improved as the game progressed.

Cadman, the new catcher, secured by

DAVE SHEA,
Whose Fielding and Hitting Were Features in the Game on Saturday.

Mr. MacEwan from Toronto, where he caught for the Y.M.C.A team is a "find". He arrived in town Saturday morning, and his work in the first game was of the gilt edge variety. Barring a couple of high throws he plays faultless ball, and should develop into a very valuable man. His hitting was the feature of the game on Saturday, and he practically won the game. In the eighth, with the score three—two against the home team, Cadman drove a hot one to the left garden, scoring Shea from first base, and getting to third himself, on two or three dumb plays by the Progressives. T. Pilling's hit brought Cadman home, and the game was clinch—although the visitors tried hard to pull it out of the fire, in the ninth, when they got two men on bases, but the attempt proved abortive, and the score at the finish was 4-3. Shea, the third new man on the team also showed up well in the game on Saturday. He played short stop, and should make good in that position. His work at the bat was also first class.

The visitors are a well balanced bunch and can give the majority of them all they want to defeat them. O'Hearn, who did the pitching for the team, is a youngster of great promise, and the team as a whole is one which should make good in almost any amateur company.

In the first innings O'Hearn, who batted first, was an easy out, Douglas to first. Hurst hit to left. Nickleson fanned, and Sharpe drove a hot one to left, scoring Hurst. Feurst hit to left for a double, and Sharpe crossed the plate. Walker retired the side on a fly to J. Pilling.

Sheridan, who batted first for the locals, struck out, and Douglas drove the first ball pitched him to deep centre for a single. Shea flew out to Hurst, who made a pretty running catch. Cadman reached first on Walker's error. J. Pilling hit a nice one over third, but Douglas was out off third and the side retired.

The visitors got another in the second which ended their scoring. Neale flew out to Callaghan, and Spencer hit to centre, and stole second. Cadman dropped Curl's third strike and Spencer ambled home. O'Hearn got a double, but Curl was badly coached and was out trying to score. Connors got under Hurst's long fly to centre. J. Pilling was out at first, Callaghan singled and stole second, but died there, Simpson flying out to Hurst and Connors fanned.

Douglas gave Nickleson a pass, but was out stealing second. Sharpe was out on a difficult fly which Cadman got, and Feurst struck out. The first run for the locals was gained in this innings. Sheridan popped up a fly to Spencer, and Douglas drove another of the long hits to centre, but was caught off second, when Shea hit to centre, the latter reaching second on Curl's error. Cadman's corking drive brought in Shea. The little catcher was caught trying to steal.

It was one, two, three for the visitors in the next, Walker flying to Connors, Neale being out by the short stop, first route, and Spencer flew. T. Pilling was out at first, but his brother got to first on a drive over third. Callaghan got four wide ones and Simpson flew out, Connors retiring the side by a liner to shot.

Curl and O'Hearn were out on infield hits and after Hurst had waited for four balls he was caught stealing. The home team scored another in their half. Sheridan drove a here one to centre and Douglas followed with a pretty one, on which he reached second and advanced Sheridan to third. Shea flew out but Cadmon's single brought "Dooley" home. With one out and two men on bases T. Pilling drove a hot fly at Hurst which he got, making a double play unassisted, retiring the side.

Douglas was master of the situation in the last half, fanning Sharpe and Walker, while Feurst flew out to Connors. Short work was made of the locals in this innings too, J. Pilling striking out, Callaghan flying and Simpson was out at first.

Neale singled to right, Spencer was out, hit by batted ball, Curl flew out to Connor and O'Hearn in this innings, to Connors and O'Hearn did the same to T. Pilling. Only three men faced O'Hearn in this innings, Connors and Sheridan both being out trying to reach first and Douglas had three called on him.

The visitors went out in order in the next innings, Hurst and Nickleson fanning and Sharpe was out trying to reach first. The fireworks began, however, in the last half of this innings, and when the smoke had cleared away the score stood 4-3 in favour of the home team and the game was won. Shea started off with a nice hit to left garden, which Cadman duplicated. Some poor throwing on the part of the visitors allowed Shea to cross the plate, and Cadman came home on Pilling's hit. This ended the scoring, however, for J. Pilling struck out, Callaghan was out on a foul fly and Simpson fanned.

In the ninth, the visitors tried hard to pull out winners, and very nearly succeeded after two men were out. Feurst sent a grounder at Shea and was out at first, Walker did likewise, but Neale laid down a nice bunt and beat it to first, and stole second. Spencer walked, and a double steal was pulled off, putting men on second and third bases Curl, however, failed to make a hit, and was an easy out at first, retiring the side and the game was safe.

The score follows:—

MINISTER OF PUBLIC WORKS.

Mr. Hyman Not Yet Sworn In — The Governor Absent.

Ottawa, May 15.—Everybody is looking for the swearing-in of Hon. Chas. S. Hyman as Minister of Public Works, but in the absence of the Governor-General the ceremony could not very well take place. His Excellency returned to the city at 1.40 yesterday afternoon, and if the Government so desired Mr. Hyman could be sworn in to-day. Until the acceptance by him of an office of emolument there cannot be an election. It is believed the date of the bye-elections will not be decided until there is a full meeting of the Cabinet. Sir William Mulock was not present at Saturday's council, having gone to Toronto on Friday night, but he is expected here to-day.

North Oxford Liberals.

Woodstock, May 15.—At the meeting of the executive of the North Oxford Reform Association here yesterday afternoon it was resolved to call a convention to nominate a candidate to represent the Liberal party in the coming bye-election to fill the vacancy occasioned by the death of Hon. James Sutherland on Tuesday, May 30, in the City Hall, in this city. It will be composed of 270 delegates, five from each polling sub-division.

Awaken The Liver

And You Remove the Cause of Indigestion, Biliousness and Constipation.

DR. CHASE'S KIDNEY-LIVER PILLS

The liver, when in health, filters bile from the blood, where it is poison, and pours it into the intestines, where it is necessary to digestion and a proper working of the bowels.

Once the liver becomes torpid and sluggish in action the "bile poison" is left in the blood, where it causes biliousness, jaundice, indigestion and headache.

The tongue is coated.
The breadth bad.
The stomach sour.
The complexion muddy.
The bowels irregular.
The kidneys clogged.

Besides the pains and aches consequent on the poisoned condition of the system, there is the greatest danger from such diseases as Bright's disease and appendicitis.

Dr. Chase's Kidney-Liver Pills thoroughly cleanses the kidneys, liver and bowels, and by their direct action on the liver cause a healthful flow of new bile to aid digestion and ensure the natural and healthful action of the bowels.

There is no means known by which indigestion, biliousness and constipation can be so promptly and thoroughly cured as by Dr. Chase's Kidney-Liver Pills.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

Suffered Intense Pain Around The Heart For Four Years.

Was Very Dizzy.

Four Boxes of

Milburn's Heart and Nerve Pills

Effected a Complete Cure.

They are a specific for all troubles arising from a weak condition of the heart or from the nervous system. For troubling such as Palpitation of the Heart, Shortness of Breath, Fainting or Dizzy Spells, Shortness of Breath, Starting in the Sleep; Cold, Clammy Hands or Feet, Brain Fag, etc., you would do right; advise the early use of Milburn's Heart and Nerve Pills, as this remedy, taken in time, has been the means of saving many a life, and restoring strength to those who were weak, nervous, health-shattered invalids.

Miss E. Milner, Hamberstone, Ont., writes:—"Allow me to tell you of the great results I have derived from Milburn's Heart and Nerve Pills. For four years I suffered intense pain around the heart, and was very dizzy. After using four boxes of Milburn's Heart and Nerve Pills, I was completely cured."

Milburn's Heart and Nerve Pills, 50 cents per box, or 3 for $1.25.

All dealers, or mailed direct on receipt of price.

THE T. MILBURN CO., LIMITED, TORONTO, ONT.

CLEVER BOWLING WON THE GAME

T.C.S. Defeated Colts on Saturday at Port Hope.

Score Was 93-40—A Bowlers' Battle—Work of Weller and Greer.

The T. C. S. II. eleven proved too much for the Colts on Saturday and scored a victory by 53 runs.

The game all through was a bowlers' battle, the fast crease handicapping the batters on both sides. As a result small scores were greatly in evidence; and the few runs made were the outcome of careful, steady, batting.

T. C. S. were at bat first and scored 93; Van Allen and Henderson with eleven apiece dividing the honours.

MR. G. GREER
who bowled for the Colts on Saturday.

Weller bowled superbly throughout the innings; a fast "curve" ball being particularly effective. Greer was also highly successful with a "slow break".

The Colts could only compile 40 in their innings. Lundy with 15 and Main with 10 were the only ones to get into double figures. Christie and Meredith who did the College bowling are an exceptionally good pair and were at all times masters of the situation.

The Colts were royally entertained at College after the game and are loud in their praises of the Collegians, both as cricketers and hosts.

The individual scores were:—

T. C. S.

Spencer bowled Main	1
Copeland bowled Weller	4
Meredith bowled Weller	3
Van Allen bowled Greer	11
Christie bowled Main	1
Fortier bowled Weller	1
Henderson bowled Greer	11
Pearce bowled Greer	5
Greenwood bowled Weller	3
Wyssman caught Cummings, bowled Weller	7
Digby, not out	0

BASEBALL.

Although Lindsay trimmed Peterborough 15—5 the other day they are not satisfied with their team. Burnham their pitcher lacks experience and the management will not be satisfied until he is replaced. Lindsay will have to get a move on if they intend to ring in, as after the 20th of May all players in the Midland League have to be residents 30 days before a game.—Guide.

• • • •

The Peterborough Examiner tears off a bunch of hot matter in a recent issue in reference to the Port Hope management endeavouring to land Douglas, who is at present located in Peterborough and incidently asks why the Guide did not mention this. We might inform the Examiner that a representation of the local club visited Toronto and in a conversation with Douglas was informed that he (Douglas) was going to Peterborough on the evening train, but it was not at all likely he would remain there. He promised to consider Port Hope's offer and we believe yet that Port Hope has as much claim on the clever twirler as Peterborough.—Guide.

• • • •

St. John's Guild team will hold a practice every night now and all the boys are requested to turn out to-night.

• • • •

There promises to be a record attendance at the opening game in the Midland League here on the 24th between Peterborough and Lindsay. The Cereal Works, Canadian General Electric, and a number of other large Peterborough industries will be well represented. A large bunch of rooters will be on hand and a hot game is expected. Turn out to hard practice boys all all next week.—Lindsay Post.

• • • •

The Auburn City League baseball team will hold a practice to-morrow evning at the Oval. All players are requested to be in uniform.

BOWLING-ON-THE-GREEN.

There will be a meeting of the Lawn Bowling Club to-night in the office of Mr. D. H. Moore.

FOOTBALL.

On Wednesday night at 7 o'clock, the O.A.W. team will play a practice game with the Peterborough Rosemont College.

• • • •

Next Saturday the Wanderers will go to Bridgenorth to play that team. The ball will be kicked off at 6.45.

Use Lever's Day Soap (a powder) to wash woolens and flannels,—you'll like it. 52

Sunlight Soap is recommended, by those who have investigated the different kind of soaps, as being the best and purest on the market. Those who have gone still farther and tried the different methods state that the Sunlight way of washing is greatly superior to ordinary methods because it requires much less work and makes the clothes whiter and cleaner. Because Sunlight Soap is quite pure and free from adulteration it will not injure delicate fabrics or the user's hands.

SUNLIGHT SOAP

ASK FOR THE OCTAGON BAR

Sunlight Soap washes the clothes white and won't injure the hands.

APPENDICITIS.

The Most Crowded Disease of Civilization

is the condition known as appendicitis. Once fully established, nothing will remedy but the cold knife. It has once been thought that this inflammation was caused by seeds or foreign bodies entering the appendix, but this theory is long exploded.

The true cause of appendicitis is sluggishness of the bowels, constipation and the gases which are formed in consequence produce germs known to the scientific physician as the Bacilli Colli Commenis. Now to avoid this formation of gas germs, constipation and the resulting inflammation, take Smith's Pineapple and Butternut Pills, which have been tested in all the various diseases of the stomach, bowels and liver, and found to be the greatest and best preventative remedy known.

You may be very sick at night; Smith's Pineapple and Butternut Pills make you well in the morning. They will quickly and permanently cure.

- Constipation in Every Form.
- Biliousness,
- Torpid Liver,
- Enlargement of Liver,
- Foul Breath,
- Bad Taste in Mouth,
- Coated Tongue,
- Sallow Complexion,
- Pains in Abdomen,
- Pains in Stomach,
- Pains in Bowels,
- Soreness in Liver,
- Cutting Pains in Rectum,
- Headache,
- Heavy Eyelids,
- Dull Ache Through Eyes,
- Dizziness,
- Sickness at Stomach,
- Fainting Spells,
- Vertigo,
- Head Swimming,
- Irregular Appetite,
- Irregular Movements,
- Abnormal Movements.

TORONTO JUNCTION GAMBLERS GUILTY

Surrender the Club's Charter to Crown and Plead Guilty.

THE END OF THE POOLROOM

Counsel For the Accused, Mr. E. F. B. Johnston, K. C., Gives Reasons Why the Canadian Fishing and Sporting Association Could Not Fight the Action Against Them — Three Defendants Were Discharged.

Toronto Junction, May 15.—The case against the Canadian Fishing and Sporting Association, Limited, charged with keeping a common gaming house, came before Magistrate Ellis Saturday morning. There was a big crowd present. The only way to get into the court room was by showing a subpoena. That was a sure means of admission, and there were a large number with the credentials.

The 11 accused were present: John Brennan, James Williams, Charles Pirie (secretary), John Hare, Charles Phair, William Smart, William Osborne, William Hare, John Landers, Edward Hopkins, Frank Baby (president). They were represented by E. F. B. Johnston, and the Crown by Mr. Drayton.

Dr. Drayton asked permission to amend the charge to read "did commit an indictable offence by keeping a disorderly house, to wit, a common betting house." This was agreed to.

Prepared to Plead Guilty.

Mr. Johnston said he was prepared to plead guilty on behalf of his clients, with the exception of William Osborne, Charles Phair and William Smart, against whom, he claimed there was no evidence.

Mr. Johnston said the eight men for whom he would enter a plea of guilty were practically without means. Litigation of this kind is expensive, the issue is carried from court to court and the costs are large. The legal question which had been before the courts before was still unsettled, but the Attorney-General had granted a fiat by the cancellation of the charter.

"A different course is being taken by the present Attorney-General," continued Mr. Johnston. "He is fighting from the beginning, 'we will attack you the same as we would anything else we believe to be wrong.' With this position we are content, as we are not being led along under a false impression as to an action. The last time we were prepared to contest the action, but we are not in that position to-day. We therefore take a different attitude from what we assumed before."

After listening to Mr. Johnston's address, the magistrate dismissed these three and adjourned the trial until next Saturday. In the meantime he will consider what fines he will impose.

Agreed to Surrender Charter.

When Mr. Johnston entered his plea of guilty, he also agreed to surrender the charter of the club, and, after court adjourned, he handed in the following resolution, passed by the club, to Mr. Greer:

"At a regularly called meeting of the shareholders of the Canadian Fishing and Sporting Association, Limited, at which all the shareholders were present, it was moved by Mr. Edward Hopkins and seconded by Mr. Frank Baby:

"That the charter of this association and all the rights and privileges hereunder be and the same are hereby surrendered to the Crown.

"Carried unanimously.

"We hereby certify that the above resolution was approved by all the shareholders of the above association at a regular meeting thereof held at Toronto this 12th day of May, 1905.

"Frank Baby, President.
"C. N. Pirie, Secretary."

J. P. Killed at Weston.

Weston, May 13.—Edward C. Pearson, J. P., was thrown from his wagon on Thursday afternoon by the horses taking fright at a passing train, and died about 8 o'clock in the evening. When attended by Dr. Clendennan shortly after the mishap, his injuries were not thought to be fatal, but when deceased reached his home he lost consciousness and never regained it. Deceased was one of the best known of West York farmers. He was chairman of the Weston High School Board and president of the York Township and Weston Agricultural Society.

BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these all are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Honest, unselfish dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few but for the many is evident, for I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Henry Lambrecht, Esq., Alderman in 17th Ward, Buffalo, N. Y., of 1220 Jefferson Street, "I know that Dr. Pierce's Golden Medical Discovery to most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used medicine before that did me so much good. I have known Dr. Pierce for twenty-six years, and do not wonder at his success, for he is a physician and man of sterling qualities, is possessed of extraordinary skill, and has his Invalids' Hotel and Surgical Institute a corps of specialists who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound FREE on receipt of 21 one-cent stamps for mailing only; or cloth-bound for 50 cents. Address the Author, as above.

CHEESE MARKETS.

London, Ont., May 13.—Seven factories offered a total of 945 boxes May cheese at to-day's board, 117 of which were white, balance colored. Sales were made as follows: 275 at 9½c, to Ballantyne; 95 at 9½c, to Muir; 190 at 9½c, to Bristow. Next market May 20.

Belleville, May 13.—At a meeting of the cheese board here to-day, 1020 white and 50 colored were boarded. Sales were: 715 at 9⅝c and 65 at 9 9-16c; 9 9-16c offered for balance, but refused, looking for higher figures.

Cornwall, May 13.—At the Cornwall Cheese Board to-day 764 boxes were boarded—513 white and 201 colored. All sold at 9⅝c. The sales were: Hodgson Bros., 271 boxes; J. A. Alexander, 252 boxes; Willer & Riley, 133 boxes; A. A. Ayer Co., 38 boxes.

Iroquois, May 13.—Cattle—Receipts, 200; steady; lambs 10c higher; unshorn sheep steady.

Cowansville, Que., May 13.—At the weekly meeting of the Eastern Townships' Dairymen's Association here to-day, 29 creameries offered 1051 boxes butter and 19 factories offered 228 boxes cheese. Butter sales: 57 boxes at 18¾c, and 145 at 18⅝c; 135 boxes at 18¼c and 86 at 18⅜c; 25 boxes at 18⅜c; 90 boxes at 18⅝c; 30 boxes at 18¾c; 93 boxes at 18⅝c; 130 boxes at 18¾c. Hugh Allen bought 30 boxes at 18⅝c. Balance unsold. Cheese sales: 92 boxes at 9⅝c and 25 at 9¼c; 85 boxes at 9½c, 27 at 9⅝c and 23 at 9⅝c; balance unsold.

English Cheese Market.

London, May 13.—(C. A. P.)—The demand for old Canadian cheese continues fairly good, but is free from any speculative element, buyers following the policy of buying from hand to mouth. They are expecting the new season's goods very shortly, which will cost less than the old. The old cheese will be required in many cases, bulk of business will be on the new season's. Choicest is 57s to 58s; finest, 59s.

MINISTRY OF MINES.

Premier Whitney Will Put an End to Speculation.

Toronto, May 15.—Premier Whitney said last night that on the opening of the Legislature to-day he would make a statement in regard to the appointmen of a Minister of Lands and Mines that would put an end to all uncertainty. This was in reply to a query Whether Frank Cochrane of Sudbury would be called to the Cabinet.

Will Finish Friday.

The intention of the Government is to get through business on Friday of this week. Last night Premier Whitney could see no reason why the business of the session could not be finished this week.

Licenses in New Ontario.

Hon. Mr. Hanna's reply to a deputation that waited on him last week in regard to the issue of licenses in New Ontario has been understood by some to mean that no new licenses would be issued. Mr. Hanna made the following statement last night, making clear what the Government intends to do:

"The deputation," said Mr. Hanna, waited on me to press on the Government their views that the number of licenses in New Ontario should not be increased, and that the law generally should be properly enforced. I replied that their views were both reasonable and practical and were entirely in accord with the policy of the Government, not only in New Ontario, but in Old Ontario as well. It would be found when this policy is worked out that the issue of new licenses in places where conditions warrant it and public accommodation demands it will be more than compensated by the decrease of licenses in other localities where mere drinking places were allowed to exist, or the conditions are such as to make it inadvisable that licenses should be issued at all.

Croup Absolutely Cured.

"There is no remedy in my opinion that can act more promptly than Dr. Chase's Syrup of Linseed and Turpentine. It cured my son of croup, absolutely, in one night. We gave him in a dose when he was black in the face with choking. It gave him instant relief and cure."—Mr. Wm. McGee, 49 Wright Ave., Toronto, Ont.

Actor Stoddart Drives Out.

Galt, May 15.—Henry Stoddart, the veteran actor, was able to take a drive in a carriage Saturday, the first time he has been out in the open air since the night of April 7, when, coming here with the Bonnie Brier Bush Co., he was sudenly stricken down. He leaves for his seashore home this week to further recuperate. His daughter gives his correct age as 77 years.

Coal Famine Coming.

Detroit, May 15.—According to many Detroit coal men, who are well up in the conditions of the trade, another coal famine, such as the country experienced three years ago last winter, will not be unexpected this coming winter. If it comes it will be due to labor troubles say these prophets of evil.

Damage to the Cuba.

Kingston, May 15.—The steamer Cuba is in port, leaking badly, and will go into dry dock for repairs. She ran on Gul bar, near the Ducks in Lake Ontario, and was two feet out all around. Some 200 tons of freight was lightered.

We Will Buy

A 50c. Bottle of Liquozone and Give it to You to Try.

We want you to know about Liquozone, and the product itself can tell you more than we. So we ask you to let us buy you a bottle—a full-size bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Liquozone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Liquozone.

We Paid $100,000

For the American rights to Liquozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquozone destroys the cause of any germ disease.

Liquozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a Liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you.

Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma	Hay Fever—Influenza
Abscess—Anæmia	Kidney Diseases
Bronchitis	La Grippe
Blood Poison	Leucorrhœa
Bright's Disease	Liver Troubles
Bowel Troubles	Malaria—Neuralgia
Coughs—Colds	Many Heart Troubles
Consumption	Piles—Pneumonia
Colic—Croup	Pleurisy—Quinsy
Constipation	Rheumatism
Catarrh—Cancer	Scrofula—Syphilis
Dysentery—Diarrhœa	Skin Diseases
Dandruff—Dropsy	Stomach Troubles
Dyspepsia	Throat Troubles
Eczema—Erysipelas	Tuberculosis
Fevers—Gall Stones	Tumors—Ulcers
Goitre—Gout	Varicocele
Gonorrhœa—Ghest	Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and $1.

CUT OUT THIS COUPON
for this offer may not appear again. Fill out the blanks and mail it to The Liquozone Company, 358-364 Wabash Ave., Chicago.

My disease is.....
I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

ROBT. HAMILTON HAS DISAPPEARED

Prominent Smith Farmer Left Home on Saturday.

His Coat Found on Bank of Trent Canal—Search for His Body.

On Saturday morning a boy named Kidd, of Lakefield, found a coat at the lock on the Trent Canal just south of that village, and this coat was afterwards identified as having been the property of Mr. Robert Hamilton, a farmer living in Smith township, about a mile and a half from Lakefield.

Further inquiry into the matter led to the belief that Mr. Hamilton had committed suicide by jumping into the river or the canal.

In any event no trace of him can be found, and his only brother, Mr. Alex. Hamilton, of Warren has been sent for, and arrived in town this morning, going on to Lakefield.

Mr. Hamilton has not been in good health for some time, suffering from a mental derangement, and it is feared that in a fit of dispondency he has taken his life.

Mrs. Hamilton has been ill for some time and has been away from home for some weeks, and this fact, it is supposed has added to Mr. Hamilton's depression. He had just returned, however, from a visit with his brother, and was feeling much better and his friends thought that he was recovering.

It is stated by some that the rumour of suicide is unfounded, and that he is only temporarily absent. This statement is lent additional colour by the fact that he is said to have been seen twice on Saturday. The general impression in Lakefield, however, is that he has taken his life.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr. and Mrs. Ivory, Omemee, are in town to-day.

Mr. James McGlennan, Colbourne, is in town on business.

Mr. and Mrs. Bradburn, Omemee, are visiting friends in town.

Mr. P. J. Rouch, Mount Forest, is registered at the National Hotel.

Mrs. Ackerman and the Misses Ackerman will not receive again this season.

Miss Clara Belleghem went to Toronto to-day and will remain there for a week.

Mr. Jas. Cumming left for Western Ontario this morning in the interest of the Peterborough Cement Roofing Company.

Mr. and Mrs. J. T. Emmerson of Port Arthur, are in town for a few days, the guests of Mr. and Mrs. A. Macfarlane, Homewood avenue.

Mr. and Mrs. W. D. Wilgar of Toronto, are spending a few days with the latter's parents, Mr. and Mrs. A. Macfarlane, Homewood avenue.

Mr. and Mrs. Marsh Weir, of Keene, returned home this afternoon after a visit to the city, the guests of Mr. Archibald Weir, Elizabeth street.

Dr. J. Wilbert Warren, graduate of Queen's University, Kingston, is spending a few days with his sisters, Miss Mabel Warren, and Mrs. J. H. Kimberly at 38 Bolivar street.

Miss Jessie K. Campbell, daughter of Mr. John Campbell, Monaghan, returned home on Saturday. For the last three years she has been living with her uncle, Mr. Henry Leslie, Canton, Hope Township.

Dr. J. H. Kidd of Port Arthur, is home for a visit to his parents, Mr. and Mrs. W. E. Kidd, of town. Dr. Kidd was engaged as house surgeon in the Pigeon River Hospital, at Port Arthur.

Mr. Mark Wilson, the popular leader of St. Andrew's choir, has been appointed as local agent of the Sovereign Life Assurance Co, and has opened an office on George street. If Mr. Wilson's success in musical circles may be accepted as a criterion of what is to follow, the success of his new undertaking is already "insured."

EARLY CLOSING AND ITS BENEFITS

It is Pronounced a Humane Movement.

The Hamilton Times is pleased to learn that the Hamilton dry goods merchants have agreed to close their places of business during the summer months at five o'clock every day except Saturday. The move is one that will be good for proprietors and employees alike, while it will inconvenience nobody. We think that just as much business will be done as in a longer day. People from out of town are not likely to come in after five o'clock to do their shopping, and the city people can easily arrange that late shopping be avoided. We would remind our readers generally that they can greatly help towards a shorter day by practising early buying. The Saturday night shopping practise is largely a matter of habit, and every person who breaks away from it and buys early aids towards realising a shorter day for merchant and clerk. It is a humane work which each can carry forward without sacrifice.—Hamilton Times.

AN EXCELLENT CONCERT ARRANGED

The noted bass soloist, Mr. H. Wheelow Bull, London, Eng., sings in Fifth Ward Hall, assisted by others in instrumental music and recitations. Monday, May 15th. Tickets 25c Comments of English papers:—"Excellent," "Sonorous" and "Powerful bass voice," "Manly voice" of "rich tone and power" and "singularly effective." He "merited the hearty and delighted applause received. Mrs. Howat, accompanist. 2eod

A VOCALIST LEAVES TOWN

Mr. R. N. Jolliffe To Go To Toronto To Study.

Will Work With Herr Wilhelmy, the Noted Toronto Teacher.

Mr. R. N. Jolliffe the rising young Peterborough vocalist, who has already won distinction as a singer, has decided to leave town and go to Toronto, where he will study under Herr Wilhelmj, who has been most favourably impressed with the possibilities in Mr. Jolliffe's voice and has made him a splendid offer to go to Toronto and study with him altogether. Mr. Wilhelmj teaches in connection with the Metropolitan School of Music in Toronto, and to receive such recognition from an authority of his standing in the musical world is a distinction of which Mr. Jolliffe may well feel proud. He will leave town about the middle of next week for Toronto, and will probably remain there for a year. His departure will be deeply regretted in musical circles particularly. He has been bass soloist in Charlotte street for some time, and was instrumental in organizing the Harmony Male Quartette, which under his leadership has developed into a first-class organization. In social circles also Mr. Jolliffe will be missed.

THE CLARENDON HOUSE HASTINGS

How its Energetic Proprietor has Made it a Bower of Beauty.

Have you been in the Clarendon House, Hastings, lately, and seen the interior improvements which have been made by Mine Host Spellman? If not, a visit to this commodious and well conducted hotel will give you a good impression of the general "Art's" taste and energy.

It must be quite a number of years now—twelve or fifteen, at least—since the present proprietor leased this now popular house. From time to time he has made changes and improvements, which have been appreciated by the travelling public, and now it is but fair to say that if he is a bit proud of his more recent beautifying, he has a right to be, and no one can blame him. For a number of weeks, painters, paper-hangers, decorators and carpenters, worked under special instructions for improving the

The Clarendon House Hastings.

airy halls, parlours, dining room, and principal bedrooms, with the result taht to-day they look as if some fairy had passed along and touched everything with her magic wand, transforming them into bright, handsome and cosy rooms. The main corridors and large dining room has been decorated with a pleasing shade of ingrain paper, and a well chosen border and ceiling combination to match. The large suites of bedrooms on the second floor, have been newly papered, and rich rugs laid on the floors, and the woodwork freshly painted.

Travellers will also appreciate the improvements made in the lavatory and closets, which are now as sanitary and convenient as those in connection with any first class town hotel. The bar is well conducted, and no profane language is permitted, or drunken men served with liquor. To visitors and the travelling public the Clarendon House will be found a first class hostelry, in the centre of the business portion of Hastings.

CLAIMS DAMAGES BY HIGH WATER

Dickson Company Making Claims on Government—Engineer Investigating

Messrs. C. H. Keefer, C.E., and E. J. Walsh, C.E., of Ottawa, arrived in town to-day, and are investigating some matters in connection with the Department of Railways and Canals.

Mr. Walsh is acting for the Government in the claim of the Dickson Company for damages claimed by that Company on account of raising the water at dam No. 2 and thereby raising the level at their tail race at Lakefield.

Mr. Keefer is representing the Dickson Company in the matter, and the two men are investigating the engineering conditions to-day.

Brantford Refrigerators

Are Reliable

NEXT DOOR TO POST OFFICE.

CITY NEWS OF TO-DAY

—Would it be disrespectful or disparaging to remark that baseball is a "batty" game.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

—Will those sending cakes for the Y.W.C.A. Sponge Cake Tea, Kindly have them at the building at four p.m.?

—St. John's Young Men's Guild team are holding a concert next Friday night. A good time is expected.

—Everybody is invited to the grand opening of the Y.M.C.A. dormitories on Thursday, May 18th, 8 to 10 p.m.

—Full information concerning Canada's highest grade piano, the "Nordheimer," at H. H. Edmison's pharmacy, George street.

—Mr. Geo. Maitland and his men left for Campbellford this morning to carry out a large contract received by the Peterborough Cement Roofing Company.

—For potatoes, parsnips, carrots, beets, turnips, cabbage, hams, pea-meal bacon, eggs and butter, canned tomatoes, peas and corn, cheap; also nice mixed biscuits, call upon James R. Bell, 161 Hunter street. 'Phone 455.

—A closing concert will be held to-morrow evening at the T. A. S. rooms, commencing at 8 o'clock. An excellent programme is anticipated.

—The inquest in the case of Jessie Ethel Winters, who committed suicide on Friday last, will be held by Coroner Gray this evening at eight o'clock.

—A strong effort is being made to open the Y.M.C.A. dormitories free of debt on Thursday evening. Part of the amount needed has been received but $200 is yet needed. Gifts of money towards this will be greatly appreciated.

—A very pleasant evening is in store for those who attend St. John's school room to-night. Good local talent has been engaged and light refreshments will be served. A most enjoyable time is anticipated.

—A serious accident was narrowly averted on Saturday night. While Mr. Michael McMartin was driving in a buggy down Charlotte street, the rear wheel of the vehicle was struck by a passing street car. No damage resulted.

—In spite of the threatening rain, there was a very encouraging attendance at the Y.W.C.A. meeting, yesterday afternoon, thirty-one being present. Rev. Mr. McKay's subject was "The one thing needful," which he interpreted as being the need for a deeper spirit of devotion in our lives in this day and generation, when there is so much to detract from the more serious aspect of life.

—All young women are asked to remember the open meeting at the Y.W.C.A. on Tuesday, May 16th. No admission fee will be charged, as some have supposed, as it is simply to be a social evening, when the young women of the town may meet together to see the building and find out the advantages of belonging to such an institution, and at the same time enjoy a good musical programme, after which light refreshments will be served. The programme, which will consist of solos and duets, piano solos and duets of violin music, will be given by Misses Parnell, Tully, Gumpricht, Campbell, Jolliffe, Dobbin, Hall, E. Best, M. Robertson, M. Burnett, Jean Hill, and the Misses Chasty.

HIGH TEA.

12th Anniversary under auspices of Lady Lansdowne Lodge, No. 22. High Tea and Concert in S. O. E. Hall, on Thursday, May 18th, 1905. Tea served from 5.30 to 8. Concert at 8. Admission 25c. Come one, come all.

THE RE-UNION AT ST. ANDREW'S

Anniversary Services Will Be Continued To-night.

To-night the anniversary services in St. Andrew's church will be continued, when the annual re-union of the congregation will take place. The gathering will be at 6 o'clock, and a good programme will rendered. For this occasion, the choir will be assisted by Miss Dorothy Fowler, of Carleton street Methodist church, Toronto; Miss Bryce, Mr. Markle and Mr. Milner will also assist in the programme.

Addresses will be given, and a free-will offering for the funds of the Ladies' Aid will be taken.

All members of the congregation are invited to be present.

W. Clark Provides Variety.

Clark's Ready cooked, tasty Pork and Beans, Juicy Lunch Tongue, tender, tasty Cornod Beef, etc., etc. All appetising—wholesome.

Regimental Band Concert.

The splendid series of popular concerts given by the 57th Regiment Band will be concluded by one to be given in the Opera House on Friday, May 19th.

In former years considerable interest has always attached to the closing concert and this year it promises to be greater than ever before, by reason of the excellent nature of the concerts throughout the series.

Besides the splendid programme which will be presented by the band, a number of special features are being arranged for, an announcement regarding these will be made later.

BIRTHS.

YELLAND.—In Peterborough, on Sunday, May 14th, 1905, the wife of Mr. J. H. Yelland, Harvey street, of twins, boys.

Still Cheap.

We still have a quantity of fancy bananas at ten and fifteen cents per dozen. These are large, bright fruit and well ripened.

Telephone 18 316 George street

A SUIT CASE FOR MR. DREDGE

Retiring President of Local Typographical Union Honoured.

Mr. Walter Dredge who lately resigned the Presidency of the local Typographical Union, and who leaves to-morrow for Edmonton, Alta., where he has secured a position, was honoured by the members of the local union on Saturday night at the Y.M.C.A., when about 45 of the members gathered to bid him farewell. On behalf of the Union, Mr. J. G. Perry presented Mr. Dredge with a solid leather travelling suit case, and a Foresters' pin.

In acknowledging the gift Mr. Dredge expressed his regret at his departure. He should always remember his associations with the members of the Peterborough Union.

Mr. C. H. Reid, of the Examiner, has been elected to succeed Mr. Dredge in the presidency of the local Union.

Dr. Von Stan's Pineapple Tablets.

Medical science by accident discovered the potency of the pineapple as a panacea for stomach troubles. The immense percentage of vegetable pepsin contained in the fruit makes it an almost indispensable remedy in cases of dyspepsia and indigestion. One tablet after each meal will cure most chronic cases. 60 in a box, 35 cents. —32.

AUTONOMY BILL'S DISPUTED CLAUSES

Hon. Mr. Fitzpatrick, Minister of Justice, Defines Them--The Existing Conditions--Definite Statement as to Minority's Rights--Position of the Government Presented in a Writted Memorandum So That There May Be No Doubt About It--Stands For Discussion.

Ottawa, May 16.—The explanation of the meaning of the school clause of the autonomy bill as orignally drafted and as amended was given to the House yesterday by the Minister of Justice.

Dr. Sproule gave formal notice of the vacancy in the constituency of North Oxford, and desired the Speaker to take note of it in the usual way.

Mr. Borden asked Sir William Mulock, in the absence of the Premier, whether Mr. Hyman had yet been sworn in as Minister of Public Works, and received a reply in the negative. As to when that event would occur, Sir William asked the leader of the Opposition to repeat his question to-day, when the Prime Minister was in his place.

Mr. Fitzpatrick's Interpretation.

The House went into committee on the Alberta autonomy bill, when Mr. Fitzpatrick gave his promised interpretation of clause 16, as originally drafted and amended. He read his observations.

"To repeat what I said a few days ago, there is not a single Province in this Dominion to-day, as their lordships of the Privy Council held in the second Manitoba case, which can exclusively make laws in relation to education," said Mr. Fitzpatrick. "That subject is separately dealt with, and has its own code in section 93 of the British North America Act, by which section the power to make laws in relation to education is expressly limited.

"(1) The right to denominational schools which any class of persons has by law in each Province at the *union, must be preserved.*

"(2) The powers, privileges and duties conferred in Upper Canada upon separate schools and school trustees of the Roman Catholics are extended to the dissentient schools of Protestants and Roman Catholics in Quebec.

"(3) When in any Province a system of separate or dissentient schools exist by law at the union, or is thereafter established, an appeal shall lie to the Governor-General-in-Council, from any act or decision of any Provincial authorities affecting any right or privilege of the minority.

"Manitoba has a special code contained in section 22 of the Manitoba Act. This section 22, which, as Sir John Macdonald drafted the bill and introduced it into this Parliament, declared, was intended to establish a separate school system in Manitoba, and to make section 93 applicable as far as possible to that Province, failed to accomplish the object this Parliament then had in view, as was subsequently determined by the judgment of the Privy Council in the case above cited.

As to Haultain's Bill.

"The territorial draft bill, called Haultain's bill, which contains the provisions of the constitution which the inhabitants of the Northwest Territories asked this Parliament to grant them, by section 2 makes applicable to the new Province all the provisions of the British North America Act applicable to all the Provinces originally embraced in the union, except where inconsistent with the express provisions of that bill. There being in that bill no provisions relating to education, the provisions of section 93 of the B. N. A. Act would have become applicable to the new Province.

"The effect, therefore, of that bill would have been to preserve any right or privilege with respect to denominational schools (not mere separate) which any class of persons had by law in the Province at the union. If the words 'in the Province at the union' mean the time at which the 'territory became into the union as a Province, the word 'law' would include the provisions of section 11 of the Northwest Territory Act of 1875, and ordinances 29 and 30 of 1901.

Effect of Clause 16.

"The effect of section 16 of the autonomy bill would be no greater than the effect of the introduction of section 93 of the British North America Act by section 2 of the territorial bill and clause 16 was only deemed necessary to remove doubt which had been expressed as to the meaning of the words 'Province' and 'at the union,' and to secure to the schools, whether public or separate, of the minority, the Government aid which in practice they have always received, and which is necessary to place those schools 'in a position to play their necessary part in the scheme of national education.' Section 16, as originally drafted, was intended to confirm the minority in the rights they now enjoy and makes:

"First, section 93 of the British North America Act applicable to the new Province, as if it were a regularly organized Province coming into the union at the date of the passing of this act.

"Second, re-enacts section 11 of the Northwest Territories Act of 1875.

"Third, makes provision for the continuation to the schools of the minority of the grant now made in aid of education by or through the Territorial Government.

Effect of the Amendment.

"The effect of the section which is to be proposed to substitute for the original section 16 is to limit the rights and privileges of the minority to those secured by them by chapters 29 and 30 of the ordinances to the exclusion of the rights and privileges guaranteed either by section 11 of the Northwest Territories Act, 1875, or any other legislation in force in the Territories with regard to any class of schools.

"The differences in the rights and privileges under section 11 of the Northwest Territories Act, 1875, and those under the ordinances, chapters 29 and 30, are as follows: '1. Section 11, act, 1875, empowering the majority of the ratepayers of any portion of the Northwest Territories to establish Protestant or Roman Catholic separate schools.' The meaning of this section was expressed in the earlier school ordinances.

Under the Ordinances.

"Under the present ordinances, chapters 29 and 30, the public schools are the schools of all the ratepayers, so that under the present ordinances only three classes of schools are authorized, viz.: (a) Public (undenominational) schools; (b) Protestant separate; (c) Roman Catholic separate; and a separate school district can be established only in an existing public school district.

"Under the ordinances no rights or privileges exist with respect to separate schools, as contrasted with public schools, except the initial right of effecting the separation, which right carries with it resulting advantages hereinafter set out in detail.

"Under the regulations, there is one difference only—'authorized text books, standards I—IV., approved August, 1903; the Dominion (Catholic) readers, first (part I.; part II.) and second; these are optional for Roman Catholic separate schools.'

Preserved To the Minority.

"The rights and privileges which result from the right of effecting the separation, and which the proposed substituted clause 16 preserves to the minority, whether Protestant or Roman Catholic, in a public school district, appear to be these:

"(1) Right of separation—by the ordinance—common to Protestants and Roman Catholics alike.

"(2) Half-hour religious instruction—by ordinance—to Protestants and Roman Catholics alike; common to public and separate schools.

"(3) First and second Catholic readers—by regulation.

"(1) Right to elect trustees who choose teachers—by ordinance—common to all schools."

The Clause Held Over.

At the request of Mr. Borden, further discussion of clause 16 was held over until the statement of Mr. Fitzpatrick could be fully considered.

Control of the Lands.

Clause 20, vesting the land in the Crown, and to be administered by the Government of Canada, was taken up. Mr. Borden favored leaving the lands in the hands of the Provinces, and Mr. Oliver pointed out that the settlement of the country demanded the retention of the lands by the Crown. As there may be an amendment the clause stood over at Mr. Fielding's request. The House adjourned at 11.30 p. m.

The Ottawa and New York Railway bill was read a third time. Dr. Sproule and W. F. Maclean entered protests.

Hon. Sydney Fisher's bill, respecting the packing and sale of certain staple commodities, was read a second time.

Three New Bills.

Ottawa, May 16.—The Minister of Justice has given notice of three new bills to complete the provisional organization of the territory north of the two new Provinces.

One relates to the District of Mackenzie, the other to Keewatin, and the third to the general organization of the territory between the northern boundary of Alberta and Saskatchewan, and the Arctic, and between this boundary of British Columbia and Hudson's.

—A bicycle was taken from No. 559 Aylmer street on Sunday, and the Chief and members of the police force are looking for it.

DEATH BLOW TO TARIFF REFORM

This is Indicated by Decision of British Government.

To Postpone Dissolution to Fall of 1906—The Chronicle's Prediction.

Special to the Examiner

(London, May 16. — The Chronicle this morning claims that it has good authority to assert that the Government has decided to postpone the dissolution of Parliament until the fall of 1906, and that this decision means the death blow to tariff reform.

MR. WHITNEY GETS A NEW JOB

He Will Be President of The Executive Council--Changes in the Cabinet---A Few Ontario Man is to be Taken in---The Goverament to Vote $50,000 for University Residence---Several New Government Measures Introduced--The Day in the Legislature.

Toronto, May 16.—Yesterday in the Legislative Assembly, Premier Whitney introduced a bill to amend the act respecting the executive council. It was somewhat different from the one introduced last week, with the same title.

Mr. Whitney said he desired to make an explanation with regard to a matter of considerable mystery concerning the creation of a department of mines. Hon. gentlemen would recollect that at the Conservative conference last winter he had expressed himself as to the propriety of creating a department of mines. When it was represented to him that the administration of the mining affairs of the province was unsatisfactory, he realised that the people of New Ontario were not familiar with the requirements of the mining districts. Therefore, he placed himself on record as favoring the appointment of a minister of mines from New Ontario. Mr. Whitney then was quite convinced and was yet convinced that this was a proper proposal, and he would carry it out, so far as it was possible to do so. But he had found it impossible to thoroughly divorce and separate the Crown lands and mines, therefore he had decided that the new minister, coming from New Ontario, should also shoulder the burden of lands and mines. If the proposal had been carried out as originally intended, it would have necessitated the creation of another department.

President of the Council.

Since coming into office, Mr. Whitney proceeded, he had been advised by many, and among them some friends of the late Government, to create a new department, to be filled by the first Minister. He had seen the force of this, and the department would be called President of the Council, with the first Minister in charge, who would devote himself to such duties as may arise.

Mr. Ross observed that the bill was a radical change from what people had been led to expect. The mining interests of the province were said to be in a very bad way. No doubt the promise of a department devoted especially to mines had a great deal to do with the result in New Ontario, and he had no doubt that disappointment would be very keen there.

Mr. Whitney: Hear, hear. When they find out that he has done what he promised to do.

Mr. Ross—When they find he has not done what he promised to do.

A Sort of Makeshift.

The appointment of a minister from New Ontario was a sort of makeshift, declared the ex-premier. It might be that the man from New Ontario (and they had been assured it would not be Mr. Gamey), would be able to discharge the duties of the lands and mines department, but there was the feature, that the bill increased the number of the executive. It was not so long since the Conservatives had proposed to abolish the department of public works, and the bill showed a great change of opinion. He would like to see his Hon. friend (Mr. Whitney) in as comfortable position as possible, but he would tell the Government that he (Ross) had been able to attend to the affairs of the executive as well as control the treasury department, where the work was largely done by the accountants, and the Minister's duties exceedingly light.

Mr. Whitney was glad Mr. Ross had at last ventured out into the open, but was sorry he had characterized the new Minister as a "makeshift."

Hon. Mr. Ross—I am always in the open.

The Premier was sorry the hon. gentleman had characterized the new Minister of Mines from New Ontario as a makeshift.

Hon. Mr. Ross said the Premier had given the word "makeshift" a meaning that was not intended or conveyed. It was merely used in relation to the method his hon. friend had taken. The new Minister might be better than any now on the treasury benches, and that would not be a marvellous thing.

Mr. Whitney remarked that the change of opinion in New Ontario, referred to by Mr. Ross, had begun at the time that his Hon. friend (Ross) succeeded to power. His promise had been fulfilled, he claimed, with this distinction; that he had confidence enough in the Minister of mines from New Ontario to ask him to take also the department of lands under his wing. Mr. Whitney had never said that the Minister of mines would have charge of mines alone.

New Loan Floated.

When Col. Matheson's loan bills were under discussion, the Treasurer read the following cablegram:

London, May 15, 1905.

Matheson, Provincial Treasurer, Toronto,—Treasury bills maturing to-day paid off and new bills discounted. Transaction carried through satisfactorily.

Coates.

New Government Measures.

The House waded through a bulky program, and very little discussion took place on any of the Government measures, except the change in the Ministry.

Several Government bills were introduced. Dr. Reazme has a bill to regulate the amount a county may receive from the good roads grant. Hon. J. J. Foy has a bill to amend the Volunteer Land Grants Act. It extends the time for the survey of these lands and protects the veterans from speculating companies.

The late Government gave a charter to a Detroit concern with wide powers to seize lands laid out for veterans. This concession has been canceled. It is also provided that speculators may not evade the law, which requires that lands transferred by veterans become liable to taxes and settlement duty. These speculators, by obtaining the power of attorney of the veteran who transferred the land, were able to escape the taxes and dues.

Hon. Mr. Hanna's bill respecting municipal houses of refuge, extends the time for the erection of these houses.

Premier Whitney also introduced a bill incorporating trustees for Toronto University residences. The Trustees named were E. C. Whitney, (Ottawa), S. H. Blake, J. W. Flavelle, Z. A. Lash and W. T. White. He explained that it was the intention of the Government to vote $50,000 to University residences. The plan was to erect four residences at a cost of between $50,000 and $40,000 each. The Government was to give $50,000 and private individuals the remainder. He understood enough had already been donated for one residence and he was informed by a member of the University that sufficient for another would be subscribed as soon as this bill was introduced.

A large number of private bills were finally passed.

A Snap in Cashmere Hose

39c pair Ladies' fine all wool plain black Cashmere Hose, seamless feet, spliced heel and toe "seconds" regular 25c quality for 15c

Special Line of Lace Curtains
Fine Nottingham Lace Curtains, 3½ yds long, 48 to 60 inches wide, Colbert edge, in 4 different styles, in plain net and floral centers, deep borders, any of these four styles were $1.35 for .. $1.00

A RE-UNION AT ST. ANDREW'S

Enjoyable Evening Spent Last Night in the Church

Ministers of the Town Extend Congratulations to St. Andrew's

Last night the anniversary services of St. Andrew's church were continued, when the annual congregational re-union was held, the evening being one most thoroughly enjoyed. The church was well filled with members of that and other congregations, and a delightful programme of music and addresses was given.

A number of the ministers from other churches in town were present, and gave addresses, which added to the pleasure of the evening. An enjoyable feature of the evening was the singing of Miss Fowler of Toronto, and Miss Margaret Bryce, both of whom gave solos which were highly appreciated.

The chairman of the evening was the pastor, Rev. J. G. Potter, and in his opening address he referred with pleasure to the successful services of the previous day, expressing his gratification at the satisfactory results achieved. The members of the church, which had now been in existence for 70 years, had every reason to be proud of the progress made and he paid a tribute to the work of the pioneer preacher of this Presbytery, Rev. John Roger, to whose untiring energy and devotion, the church of the present day owed a great deal.

The proposal to endow a memorial in the church's university in honour of the late Mr. Roger, was one with which he was in heartiest sympathy, annd he hoped that the suggestion would be carried out.

The other ministers of the town, who were present at the meeting, and who occupied seats on the platform, were Rev. E. A. Langfeldt, Rev. W. M. MacKay, Rev. J. C. Davidson, Rev. F. J. Scott and Rev. A. H. Brace.

These gentlemen each gave an address congratulating the church on having reached the three score years and ten in its history. Rev. Dr. Crothers and Rev. W. J. Jolliffe sent letters of regret, finding it impossible to be present.

The meeting opened with an anthem by the choir, "O, be Joyful," after which the pastor gave the opening address. Miss Dorothy Fowler of Toronto, delighted the audience, after which Mr. Milner gave an organ voluntary.

Rev. E. A. Langfeldt gave a short address, congratulating the church upon having celebrated its 70th anniversary. It was also a pleasing fact that it was also the 16th anniversary of the induction of the present pastor of the church. He was glad to learn that Rev. Mr. Gandier had made a plea for Queen's University. He felt an especial interest in Queen's, because his predecessor, Rev. Dr. Symonds, had received an honourable degree from that institution. He honoured the Presbyterians for helping the university and keeping it for the church. He regretted that Trinity College had become affiliated with Toronto University, and he had always opposed the union. He believed it was a good thing for the church to have its own versity. He referred in complimentary terms to the pastor of the church, Rev. J. G. Potter. He was a good pastor in every way, and the speaker's associations with him had always been very pleasant. This was a good time in the church's history to take a retrospection. The progress of the past should lead them to look to the source of their progress and success for continued help in the future.

A spirit of profound thankfulness and also of humility, should be in evidence. It was a pleasant duty to him to wish the congregation of St. Andrew's and its pastor, God-speed in their work, and he hoped that they would have good success in the future.

A quartette, Misses Bryce and Stevenson and Messrs. Wilson and Lloyd, rendered a selection which the audience fully enjoyed.

Rev. W. M. MacKay, the associate pastor of St. Paul's Church, followed with a short address, in which he remarked that it was the first time he had had the pleasure of speaking in that church, and he was pleased to convey the heartiest greetings of the congregation of St. Paul's congregation to that of St. Andrew's, upon the completion of the three score years and ten of the church's life, while that was the alloted span of man's life, it should not be so with the church, and he believed that St. Andrew's, while it had reached the age of 70 years, would not stop there, but would continue to make progress.

There were a number of different churches in town, and he thought, wisely so, and he believed that the greatest good was done by a diversity of methods, and if we cannot have denominational unity we could at least have Christian unity.

Miss Bryce gave a delightful solo, with violin accompaniment by Mr. Markle.

Rev. A. H. Brace, of Park street church was the next speaker, and he added his congratulations to those already voiced. Mr. Brace's address was enlivened with a number of amusing anecdotes, and were much enjoyed. Another solo given by Miss Fowler was thoroughly appreciated by the audience.

An address by Rev. J. C. Davidson followed. The rector of St. John's was glad to be present and to extend his congratulations to the pastor of St. Andrew's, and to tender greetings from his church. He was glad that Mr. Potter was being encouragd in his work. All clergymen need encouragement to do their best work. St. Andrew's pastor was one of the important citizens of Peterborough and was first and foremost in every good work.

The speaker was pleased to be present since he was interested in the sentiment of Christian unity. He did not believe in the idea of unity which sacrificed principle, but he did believe in a unity which does not sacrifice truth.

A solo, "The March o' the Cameron Men," by Miss Bryce was warmly applauded by the audience.

Rev. F. J. Scott, of the Murray street church was the last speaker, and was glad to be present to add his congratulations to those of his fellow ministers. He was in sympathy with the Calvinistic doctrine represented by the Presbyterian church. He extended the good wishes of the people of Murray street church to St. Andrew's congregation.

After a solo by Miss Fowler and an anthem by the choir, the meeting closed with the National Anthem and the benediction pronounced by Rev. E. A. Langfeldt.

A BLOSSOM RIVER O'ER VALLEY OF BLOOM

How Hamiltonians Enjoy the Panorama of Fruit Tree Bloom.

The Niagara District is regarded as the Garden of Canada and is now a gorgeous mass of square miles of bloom. The Toronto, Hamilton and Buffalo Railway runs along the bluff of Burlington Heights and overlooks the broad valley of the Niagara District with its endless acres of fruit trees now in full bloom. This is how the Hamiltonians enjoy the sight as recorded by the Hamilton Times:

The Blossom ride on the H., G. & B. railway was very largely patronized yesterday in spite of the cool day. Cars were run in groups of three, all crowded with passengers, the majority of whom were to see the blossoms. Peach trees are not out fully, but cherries, plums and pears are in full bloom. It is one of the most beautiful scenes in the world, this ride through the Garden of Canada. The trees on the mountain side, with their varying shades of sea, olive and dark green foliage, make a most effective background for the masses of white blossoms below.

The equipment and management of the road has been greatly improved and the roadbed put in first-class order, so that the cars run very smoothly, and on exact time. Blossom ride parties will be the popular fad this week. Many of them are arranging for special days and cars. Among others, C. K. Green is treating the choir of First Methodist Church to a Blossom ride next Friday, a courtesy the singers greatly appreciate and t owhich they look forward with much pleasure.

WEDEDD IN VANCOUVER, B. C.

Nuptials of Mr. Eustace H. Grubbe and Miss Bertha Roleau.

Groom Was One of Reterboro's Most Popular Young Men—Marriage Was Solemnized at High Noon.

The Vancouver Province, of a recent date contains the annexed reference to the marriage in that city of Mr. Eustace H. Grubbe, son of Mr. and Mrs. R. W. Grubbe, of town. Mr. Grubbe is a former member of the local Bank of Montreal staff, and was one of our most popular young men. The heartiest congratulations, and best wishes for his future happiness will be extended by his host of friends here. The Province says:—

Amid the bright sunshine of a perfect May day Miss Bertha Rouleau and Mr. Eustace H. Grubbe, both well known and popular young residents of this city, plighted their troth this morning in the presence of a large number of relatives and friends. The ceremony was performed at high noon in the vestry of the Church of Our Lady of the Holy Rosary by Rev. Father Le Cheane. Both the church and the vestry were well filled by the numerous friends of the contracting parties assembled to witness the nuptials.

The bride, who was given away by her brother, Mr. H. Rouleau, looked charming in a handsome costume of white silk ornamented with shirring and chiffon. She wore the traditional white tulle veil and a wreath of orange blossoms. Miss Brignall and Miss Ida Cambie, who were prettily attired in white organdie, acted as bridesmaids, while Helen Sherwood made a dainty flower girl. Miss Cambie and Miss Sherwood wore pale blue chiffon hats to match their costumes, while Miss Brignall's hat was of pale pink.

The groom, who is assistant accountant in the local branch of the Bank of Montreal and is deservedly popular in business, social and athletic circles, was attended by Mr. Guy Lafferty and Mr. Harry Cambie as groomsmen.

Miss Farron presided at the organ and rendered the Mendelssohn and Lohengrin wedding marches and in the interval preceding the ceremony "The Voice That Breathed O'er Eden."

At the conclusion of the ceremony the wedding party drove to the residence of the bride's sister, Mrs. H. O. Alexander, 1734 Comox street, where a largely attended reception was held. Mr. and Mrs. Grubbe, who have a host of friends and acquaintances in this city as well as all over the province, were the recipients of a large number of handsome presents, which testified the esteem in which they are held.

After the wedding breakfast and reception at Mrs. Alexander's Mr. and Mrs. Grubbe drove to the depot this afternoon and left on the Atlantic express amid a shower of rice and good wishes. They will spend a lengthy honeymoon tour in visiting Montreal, Quebec and a number of the principal eastern cities before returning to take up their residence in this city. Many of their friends were down at the station to see them off.

The popularity in which the bride and bridegroom are held was testified by the sparkling array of valuable presents which filled an entire room. While there was everything pleasing to the eye, it was pleasant to note that their friends had not forgotten the useful side of gift-making, and a kitchen set presented to the bride at a kitchen "shower" at Mrs. Ferrie's house on the previous day, a steele range presented by the Rowing Club, and a set of weathered oak furniture from the Bank of Montreal staff, were not among the least valued of the presents.

As a Convalescent Food.

Mr. Wyman N. Thomas, Ompah, Addington County, Ont., writes:—"My wife had congestion of the lungs along with other troubles, and became very weak and run down. By the use of Dr. Chase's Nerve Food she was made as strong and well as ever. Of course I had a doctor, but she was weak, and it was Dr. Chase's Nerve Food which built her up."

CANADA LEADS IN BACON TRADE

Rapidly Supplanting United States in English Market

Of Special Interest to Peterborough Since Large Part of Export Bacon is Packed Here.

The fact that Canada is capturing the bulk of the English bacon trade is an item of special interest to Peterborough since one of the largest, if not altogether so, of the Canadian exporting firms has its packing house in Peterborough, viz., The Geo. Matthews Company, and it is well known that the bacon packed by this company has been rapidly gaining an enviable position in England and as a result the trade of the company is growing steadily.

A despatch from Ottawa to-day says in reference to the matter:—

"Mr. Jackson, Canadian Commercial Agent at Leeds, quotes the opinion of a large bacon dealer in that district that apparently United States bacon is losing its hold on the English trade, and Canadian bacon is taking its place. Just the same thing happened in the cheese trade a few years ago. In the Bradford and Leeds districts a great deal of dissatisfaction is caused by the large shipments of stale and overkept bacon from the States, whilst the Canadian bacon is steadily gaining ground. The English trade requires regular weekly shipments of well-cured and well-selected bacon, and the trade prospects for Canadian bacon are very promising."

USEFUL DISCOVERIES

Are Not Always Startling, Neither Do They Create the Most Talk.

It is not always the greatest, most startling discoveries of science that are most useful to the human race.

Comparatively few people were directly interested in Herschel's finding of the new planet Uranus, but many thousands have been benefitted by Prof. Unna's experiments, which proved beyond a question that Dandruff and Baldness are the results of the inroads of a parasitic germ which invades the roots of the hair.

The discovery of the true cause of baldness made Newbro's Herpicide possible. Herpicide effectually kills this germ. Destroy the cause you remove the effect.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich. Ormond & Walsh, special agents.

FELL FROM LOAD OF HAY.

Farmer Fisher May Die From Accident at St. Catharines.

St. Catharines, May 15.—Archibald Fisher, a farmer of St. Anns, was probably fatally injured Saturday morning by falling from a load of hay at the corner of King and James street. Parties who were standing at the corner and witnessed the accident declare that when the front wheel struck a ridge of earth recently dug up it sent the load over and the whole thing crashed down on to the sidewalk. The upset occurred so suddenly and unexpectedly that Fisher was completely off his guard and being unable to save himself landed with great force on the back of his head on the concrete sidewalk. He vomited blood all day and it is feared he cannot recover.

ONE BOX OF DOAN'S KIDNEY PILLS CURED DROPSY.

Dropsy is not a disease in itself, as many people believe, but is an evidence of very severe kidney trouble. Dropsy is caused by watery particles oozing through the walls of the arteries when they are distended by unusual pressure, which can only be caused by obstructions in the kidneys. The symptoms of Dropsy are puffiness under the eyes, swelling of the feet and ankles, urine changed in character and appearance, smothering feeling from exertion or excitement. The only rational method of treating this disease is to reach the kidneys and restore them to a healthy condition.

The most successful remedy for this purpose is Doan's Kidney Pills. Read what Miss Agnes Creelman, Upper Smithville, N.S., says of them:—"I caught a cold, which settled in my kidneys, and turned to dropsy. My face, limbs, and feet became bloated, and if I pressed my finger on them it would make a white impression that would last fully a minute before the flesh regained its natural color. I was advised to try Doan's Kidney Pills, and found by their use that I was cured in a very short time. I have never had any trouble with it since.

Price 50 cents. per box, or 3 for $1.25.

THE DOAN KIDNEY PILL CO., TORONTO, ONT.

MR. P. K. HOLMES ON PHYSICAL CULTURE

At George Street Sunday School Last Night.

Regular Meeting of Epworth League and Good Crowd Attend a Most Interesting Lecture.

A most interesting and practical address was given by Mr. Percy K. Holmes Physical Director of the Y.M.C.A., on "Physical Education" at the meeting of the Epworth League of the George Street Church last evening in the school room of the church.

Mr. O. A. Kidd, the President of the League opened the meeting with the usual devotional exercise.

Mr. Holmes stated in opening that he was rather doubtful about the subject of "Physical Culture" being appropriate in a religious meeting, but after all it was part of the religion of God, and was of vital interest to everybody. Naturally it was more suited to men than women. Formerly the idea of a person who developed or rather helped other people to develop muscles, commonly known as a "trainer", was a person of no brains and just possessed of knowledge pertaining to that particular line. The case was altogether different now, however, athletics and muscular development, having become very popular. The latter had been reduced to a science and was now as much studied as medicine was 50 or 75 years ago.

Muscular development was very valuable to the body and much ill-health could be prevented by having a well-developed body. The schools and colleges had all taken it up and it was proven there to be most valuable. The best student was generally the best athlete and the gymnasiums in the different colleges were most complete.

The origin of athletic development was then discussed by the speaker. It was with the ancient Greeks with their Olympic games, originally at the City of Olympia, where they held feasts and games, trials of strength and skill, which in both women and men brought forth that grace and beauty for which the Grecian people were famous. This fine physical condition of the people naturally brought power to the country. With power came wealth and luxury and through these were lost in the course of time, the power and possessions of the country. Mr. Holmes then spoke of Rome, which in a similar way, was brought to the very summit of her power and glory, and lost it in the very same way, through luxury and indulgence.

He then spoke of our own forefathers, of how, through their strenuous life they built up good constitutions, out in the woods, on the river, and on the farm. This was at a period previous to the advent of 'labour-saving devices, when hand 'labour was necessary. Now that machinery had done away with a lot of this, some system was necessary to keep the body in good condition.

There are two types of physical development,—first, that of large coarse muscles formed from handling very heavy weights; and second, that of smooth fine-grained muscles, formed from light but constant exercise. In the first instance the rest of the body was neglected and the muscles were strained. In the second instance the rest of the body was developed as well, a fine broad chest was developed, the muscles of the stomach and abdomen were strengthened, and the body generally was made strong. The speaker stated the best time of life to develop the body was from the age of 12 to 17 or 18. By that time the body would, if it had been properly taken care of, be in a very good condition to serve a man when he came to the age of maturity. He mentioned in this connection, that many young fellows invest in the correspondence course, advertising so extensively in the papers. That was pure folly as a good course could be obtained for the small sum of ten cents. All essentially necessary was perseverance enthusiasm and a little self-denial and wonders might be wrought.

In connection with a system of exercise for women Mr. Holmes mentioned the Whitely exerciser, as a good means to attain to the development of the body. The Y.W.C.A. throughout the country were doing a good work and all over it was very popular.

The speaker in concluding spoke of a system of exercise, which, with persistent application would assist in building up the body. One might move first the fingers, after this in succession the arms, the head, the trunk and finally the whole body and in this way improve the condition of the whole body.

The meeting closed after a few appropriate remarks by the chairman, with devotional exercises.

TROUBLE IN FOOT GUARDS

Ottawa's Crack Regiment Likely to Break Up.

All Leading Officers Have Resigned—Now Up To Department.

Ottawa, May 15.—Unless the Minister of Militia takes action very soon the Governor-General's Foot Guards regiment will go to pieces. All the officers, or all the leading ones, have resigned; but the commandant, Lieut.-Col. Roper, has neither acknowledged the resignations nor forwarded them to the D. O. C., Lieut.-Col. Hodgins. The officers refuse to withdraw the resignations, and are reported as saying that they have lost all confidence in the commandant. The non-commissioned officers talk in the same way. It is now up to the Militia Department to act if it wishes to keep the Guards Regiment together.

LOCAL BATTERY MEN'S PRIZES

Members of 14th Midland Battery who Have Won Distinction

Gun Laying, Fuse Setting, etc, Competition—Peterborough Men Who Stand High in the List.

The annual report of the Canadian Artillery Association for the year 1904 includes a list of individual prizes won by the different batteries. The men of the 14th Battery who are entitled to prizes are as follows:—

Gun Laying.

1st prize, badge and $5.00, Bombr. Brooks.

2nd prize, badge and $4.00, Bombr. Hetherington.

3rd prize, badge and $3.00, Bombr. Palliser.

4th prize, badge and $2.00, Gunner Desautel.

5th prize, badge and $2.00, Gunner Morton.

6th prize, badge and $2.00, Gunner ——

Fuse Setting.

1st prize, $3.00, Gunner Little.
2nd prize, $2.00, Bombr. Tait.
3rd prize, $1.50, Gunner Shannon.
4th prize, $1.50, Gunner Bays.
5th prize, $1.00, Gunner McBride.
6th prize, $1.00, Gunner Long.

Best Drivers.

1st prize, badge and $5.00, Driver Arkless.

2nd prize, badge and $3.00, Driver F. McGregor.

Best Horses—Riding and Driving.

Draught,—

1st prize, best team, $7.00, Gunner J. Wilson.

2nd prize, best team, $5.00, G. M. S., Thorne.

Riding,—

1st prize, $5.00, Driver Coulter.

2nd prize, $3.00, Bombr. Bassatt.

In the Short Course Competition at the Artillery School, Kingston, Gunner J. Smithson, of the 14th Battery took fourth place, winning $15.00.

From the above list it will be noted that the Peterborough men are well up in the prizes. The badges and money will be distributed by Capt. Ackerman before the battery goes into camp.

AN IMPORTANT DECISION.

Supreme Court Decides Against G. T. R. On a Vital Point.

Ottawa, May 16.—An employe of a company or a corporation cannot contract himself out of his right to sue for or obtain damages for injuries while in the employ of that company, and an agreement to the opposite effect is not, in law, binding.

This was the effect of the most important decision given by the Supreme Court yesterday. Justice Nesbitt was the only dissenting member of the court. The decision was given in regard to certain amendments to the Railway Act of 1903.

By another decision, the court held that the Dominion and not the Provincial Government has alone the jurisdiction to grant international or inter-Provincial ferry licenses.

Protest Against Embargo.

London, May 16.—(C. A. P.)—A public conference was held in Edinburgh under the auspices of the Glasgow District Co-operative Defence Association, to protest against the Canadian cattle embargo, which is described as one of the worst forms of protection that could be introduced into a free trade country. Mr. Henderson, who spoke for the recent deputation, scouted Mr. Fellowes' reply as ridiculous. It was absolutely of no risk. Electors were urged to press the necessity of the removal of the restriction on Parliamentary candidates. A resolution in favor of the removal of the embargo carried unanimously. It is probable that on a vote of the Board of Agriculture the mattr will be raised in Parliament.

Unheard of Since Wreck.

Cleveland, Ohio, May 16.—Mr. and Mrs. James McCauley of Philadelphia who were on the Pennsylvania Railroad train wreck at Harrisburg Thursday night, have not been heard of since the wreck, has been given up for dead.

Gaynor-Greene Case Ends.

Montreal, May 15.—The hearing of the Gaynor-Greene extradition case was concluded on Saturday, and Judge Lafontaine, the extradition commissioner, reserved his decision.

Not Just as Good

When you go to your druggist to buy "Ozone" ask and demand "Solution of Ozone, the coupon kind". This will give you a twenty-five cent package of "Celery King". It will give you the best preparation of "Ozone" in the world and it gives you about twice as much for your money as other brands, sixteen ounces for fifty cents, over twice that much for a dollar and a package of the well known remedy "Celery King" free.

We put "Celery King" coupons in our "Ozone" because the people know "Celery King", because it gives better results with "Celery King" and because no other firm can give "Celery King" with "Ozone". It cures, that's the reason we give you a package free and that's the reason you should never buy any other kind.

Ask for "Solution of Ozone, the coupon kind". Fifty cents and one dollar at your drug store and don't take any other kind, because if you do you won't get a package of "Celery King".

Sold by W. B. WARNE. 2

REASON No 34

WHY YOU SHOULD USE

Red Rose Tea

Because it is tested by skilled tea tasters.

Tea tasting can well be called one of the fine arts. A man who can taste several hundred cups of tea a day, and, by his keen senses, detect the slightest difference between them, and who, blindfolded, can tell where each and every tea was grown, not only the country, but the particular district, and often the very plantation—such a man is the professional tea taster.

The head man in my tea room, Mr. W. R. Miles, is a master in his profession. He learned the business in London, Eng., and is a tea taster by right of birth, as both his Father and Grandfather were tea tasters. It came natural to him and he is recognized as one of the best judges of tea in America.

He and his assistants do nothing but taste the teas, and superintend the blending.

RED ROSE TEA is the result.

T. H. ESTABROOKS, St. John, N.B.

BRANCHES: TORONTO, WINNIPEG.

"MEATS THAT SATISFY"

When the Cook does not come everything goes right if the pantry is stocked with

Laing's Canned Meats

40 different kinds — for breakfast, luncheon, dinner and tea. Substantials and delicacies. A tasty dish to tempt every appetite. No trouble to prepare. Most of them ready to serve when the can is opened.

Put in half a dozen cans of Corned Beef, Cambridge Sausage and Soups. The first test will prove the economy and convenience of Laing's Canned Goods.

Your grocer has all kinds. Ask for Laing's.

You are not forced to buy because you call to see and examine these goods.

Baldness

as all men know disfigures and adds an aged expression to the face. Why remain Bald when Professor Dorenwend can fit you with a **Wig or Toupee**, which will hide all traces of Baldness and take the place of your own hair? Doctors recommend these Toupees as a preventative for colds in head, catarrh and neuralgia. PROFESSOR DORENWEND will fit you on the spot and show you just how you look afterwards.

LADIES—READ THIS:

You will never have a better opportunity to see for yourself the beautiful assortment of **Switches, Bangs, Pompadours, Waves, Wigs, Etc.**, which Professor Dorenwend carries with him.

Remember the Date and don't fail to call at the hotel and see PROFESSOR DORENWEND

R. J. G. SUTHERLAND

Sanitary Plumber

Sealed tenders addressed to the undersigned, and endorsed "Tender for Port Stanley Breakwaters," will be received at this office until Monday, June 5, 1905, inclusively, for the construction of two breakwaters at Port Stanley, Elgin County, Ontario, according to a plan and specifications to be seen on application to the Postmaster at Port Stanley, Ont., at the offices of H. A. Gray, Esq., Resident Engineer, Confederation Life Building, Toronto, J. G. Sing, Esq., Resident Engineer, London, Ont., and at the Department of Public Works, Ottawa.

Tenders will not be considered unless made on the printed form supplied, and signed with the actual signatures of the tenderers.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for twelve thousand dollars ($12,000.00) must accompany each tender. The cheque will be forfeited if the party tendering decline the contract or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,

FRED. GELINAS,
Secretary.

CANADIAN LABOUR INTERESTS

While the report of the Commission that investigated the methods of the Pere Marquette Railway, which were alleged to be intended to discriminate against Canadians in manning the Canadian portion of the road, has not yet been made public, enough is known of the evidence taken to lead the public to believe that the result of it will be to secure protection for the rights of Canadian labour. The Industrial Banner, commenting on the inquiry, says that "it was a most thorough and searching one, and Judge Winchester won golden opinions from the large numbers of railway men, who were interested spectators, for the able manner in which he conducted the examination of the various witnesses at the sessions of the court held in St. Thomas, where the large mass of evidence was taken. Judge Winchester was certainly the right man in the right place, and he left no stone unturned to get at the real facts of the case." As the editor of the Banner is well qualified by his intimate connection with the investigation to offer an opinion, it is gratifying to have this assurance of the efficiency of the court and the thoroughness of its work. That it resulted in disclosures justifying the action taken is evident from the editor's conclusions thus stated:

> The investigation proved most conclusively that the Pere Marquette management were discriminating against Canadians in favour of aliens from the United States. All official positions are filled by importations, who have supplanted Canadians, and numerous contracts were made in the States and transportation given to employees of the Missouri Pacific, Wabash and other roads.

That is an intolerable state of things, and we may be very sure says the Hamilton Times, that if it be so reported by the Commission Government will not fail to seek promptly to apply a remedy. It has never been backward in standing up for the rights of our own workpeople, and the Pere Marquette cannot be allowed to give them the "tarry end of the stick." "Canada for Canadians" is not a motto applicable to goods only; men are to be regarded before merchandise, and Liberals will see that they are given fair treatment.

We are glad to note that Hon. Mr. Hyman's interest in the case is appreciated by his constituents. He has left nothing undone to have the facts disclosed, and to obtain justice for Canadian workmen, and the Banner bears witness to his usefulness in these words:—

> Having been present at all the sessions of the commission, we are satisfied that the investigation was most thorough and ably conducted and that there was an honest endeavour to get at the actual facts.
>
> Hon. C. S. Hyman, acting Minister of Public Works, took a most active interest in the investigation and deserves credit, as it is largely through his efforts on behalf of the Pere Marquette employees that the violations of the alien labour law were brought prominently to the notice of the Department of Labour.

Hon. Mr. Hyman has been most useful as an acting Minister; in a short time we hope to see London approve of his course by making him the holder of the important portfolio of Public Works. And we think the men who live by their labour will not desert one who has proved his capacity and his willingness to defend their rights when defence is necessary.

EDITORIAL NOTES

At a meeting of the Pure Milk League of Montreal, at which Earl Grey was present and spoke, Dr. Dick, the Vice-President, made the startling statement that in the districts where the League had established dispensaries for the sale of pure milk, the infant mortality was 16.8 per cent.; in the rest of the city 37.9 per cent. From this it can be seen how fatal impure milk is to child life.

Russia's budget for last year showed that the ordinary revenue of $1,008,500,000 exceeded the ordinary expenditure by $58,500,000. Extraordinary expenditure of $401,500,000 had to be met. Of this $320,500,000 was for war expense and $81,000,000 for railway construction. To this surplus over ordinary expenditure was added $215,500,000 treasury bonds and imperial rents and $192,000,000 from balances and extraordinary revenues, making a total of $461,000,000, and leaving a balance of $58,500,000. But $215,500,000 is increase of debt. Including the last $100,000,000 loan Russia has therefore $159,500,000 for the war. In eleven months of 1904 the war cost her $320,500,000. Her revenue is declining, and her people are ill able to bear more taxes. War costs money, and Russia must have much of it. To get it she will have to pay dearly.

From the 1st of January up to the end of April, 289,152 immigrants arrived in the United States, 164,424 more than in the same period of last year. Last Sunday the arrivals were over 12,000. The total immigration for 1905 into that country is expected to reach the million mark. Canada is doing well in the immigration business, but it cannot touch these figures. However we prefer quality to quantity. Regarding the quality of the immigration to Canada from the old country, Sir Thomas Shaughnessey, President of the Canadian Pacific Railway, who has just returned from a trip to England, says:

"It is mostly the young folks who are coming over here. The English farmers who have sons and daughters to provide for, look in vain, in their own country, for land whereon these children may settle. There is no more room; the place is already well filled up, and they cannot acquire land there. The result is that they are sending their sons and daughters to Canada."

Another great principle outraged. Hon. Mr. Hanna proposes to amend the liquor license law, so that the whole of the fine imposed for breach of the law shall go to the province, and none to the municipality. It has been a standing charge against the Liberal Government that its liquor license legislation was a robbery of the municipalities, which was not quite the case, but still it sufficed the Conservative party as the foundation of the principle that the municipalities should not be thus robbed. Now, Mr. Hanna is coming to adopt what his party called the Liberal policy of robbing the municipalities by depriving the latter of their share of the license fines. One cannot criticise the Whitney Government too strongly. They are doing very well their first session of power, and, when fully in harness may, and will, it is hoped, do much better. While giving the Whitney Government credit for making a good beginning, it is more than human nature can resist to suggest that a great deal of credit is due to their adopting the policy and practice of their Liberal predecessors upon many important matters of policy and administration. If the Government continues as it has begun, by wisely selecting for adoption the good points of the Liberal policy, the results will be more satisfactory. The Examiner has more than once stated it matters not so much which party was in power so long as the business off the province was economically and capably administered. As said before, the new Government is not doing badly, in some respects, for a beginning, and so long as the supply of good Liberal policy remains for adoption, there is possibility of improvement.

"SEPARATE" SCHOOLS IN THE WEST AND IN THE UNITED STATES.

Newspapers that take opposite sides in the dispute about the schools in Alberta and Saskatchewan may argue until the cows come home, and they will accomplish nothing beyond tiring the patience of their readers. Time alone will prove whether the solution applied by Sir Wilfrid Laurier is a satisfactory one, and it will never prove satisfactory if four daily newspapers in Toronto can keep dissatisfaction alive. They have marked the Premier and his party for defeat. As a matter of fact they had him and his party marked for defeat anyway. The Toronto Telegram insists that its hen-pecked and careworn readers shall believe that The Star is a party organ that supports the Laurier settlement for purely party reasons. This will not explain the censure passed on the Telegram and other equally violent Toronto newspapers by the Montreal Gazette, Star, and Witness, nor will it explain the fact that thirteen Conservative members of Parliament voted for the school clauses. Time will vindicate the course we have taken throughout this dispute, for we have advocated that the State shall have in the new Provinces everything that is essential to State control of the schools, whilst conceding to people of particular creeds a sufficient voice in education to prevent the establishment of parochial schools to rival the Public ones. Time will vindicate this policy, as experience in the West has already approved it. Manitoba set up this system after she had abolished Separate schools. The Territories established this system after abolishing ecclesiastical control of schools in 1892.

How does the system work out? Mr. Talbot, M. P. for Strathcona, after twenty-five years' experience as a Public school teacher in Ontario and the West, says he thinks the system the best in America, in that it ensures the tuition by the State of practically all the children of the people. Where a school is made as separate as it is possible to make it, it is under control of the Public school inspector, it taught by a Public school teacher, uses the same text books, and is in all respects the same except that for half an hour at the close of each day religious instruction is imparted. Those pupils may withdraw whose parents do not desire them to receive this instruction.

Much is said of the national schools of the United States. The Washington Government has just issued a report dealing with parochial schools, which shows that the Roman Catholics of the Republic are resolutely endeavoring to educate their own children apart from the Public schools. It is estimated that over a million Roman Catholic children in the United States now attend parochial schools, over which the State has no control, either as to teachers or text books. The parents pay their Public school taxes and support these parochial schools, because they believe that religion and education should not be dissociated. While these Roman Catholics pay their Public school taxes, and yet educate their million children at no cost to the State, the report estimates that the State thus saves from $20,000,000 to $25,000,000 each year. The Roman Catholics pay for State education, which they do not accept, providing at their own cost a system of their own. It is growing to be quiet efficient. The Boston Transcript says: "They now have their own local school committees and inspectors, and what might be called critic teachers, and their Normal schools for the training of instructors, with certificates of proficiency, as recognized in State Normal schools. They are also establishing model or practice schools. Organized in 1895 in New York city under the auspices of the Paulist Fathers, these 'Sisters' Institutes have spread widely."

These facts will somewhat startle those who talk of the national school system of the United States. The system is national in respect of taxpaying, but one million pupils attend sectarian day schools over which the State has no control of inspection, teaching, or text books. Is this a more desirable order of things than that established in the Canadian West? We do not consider it more desirable. It is better that the State should educate them for all but one-half hour per day than lose altogether the opportunity to educate them.—Toronto Star.

PERSONALLY CONDUCTED TOUR

To California and Lewis and Clarke Exposition, Portland, Oregon.

A personally conducted excursion to the Pacific Coast via The Grand Trunk Railway System and connecting lines, leaves Quebec July 5th, and Montreal and Toronto July 6th. The route will be via Chicago, and thence through Council Bluffs to Omaha, Denver and Cororado Springs. Stops will be made at each of these places, and side trips taken to Manitou, Cripple Creek, Garden of the Gods, etc. From there the party will continue through the famous scenic route of the Denver and Rio Grande, through the Royal Gorge, to Salt Lake City, thence to Los Angeles, San Francisco, Mount Shasta, Portland, Oregon, Seattle Spokane, and home through St. Paul and Minneapolis. The trip will occupy about thirty days, ten days being spent on the Pacific Coast.

The price for the round trip, including railroad fare, Pullman tourist sleeping cars, all meals in the dining car, hotels, side trips, etc., is $165.00 from Quebec, or $160.50 from Montreal, and $150.00 from Toronto. This first trip is designed as a vacation trip for teachers, although many who are not teachers will improve the opportunity of taking the trip at the remarkably low price afforded.

For full particulars, address E. C. Bowler, General Agent and Conductor, Room 308, Union Station, Toronto. 9d

Flowers and Bedding-out-Plants.

PETERBOROUGH MAN KILLED IN FERNIE

Mr. Hiram P. Thrall, Formerly a Resident of This County, Blown to Pieces By Dynamite Explosion at Crow's Nest Pass--A Terrible Accident--Deceased Was for Years Living in This County--Was Employed With Mr. F. Fry Also a Native of Peterborough--Details of the Sad Affair.

A despatch from Fernie, B. C., tells tells of the sudden death, the result of a dynamite explosion, of Mr. Hiram P. Thrall, a former Peterborough county man. The story of the affair is told in the following terms:

"A man named Hiram P. Thrall, was literally blown to pieces near Crow's Nest on Saturday. Thrall was employed at the powder magazine of the Brackenridge & Lund railway construction camp, two miles west off the Summit. A rough cabin was used to store the dynamite and it is supposed that the explosion occurred during the process of thawing some of the sticks. The explosion was very severe. The cabin was blown to atoms, little pieces of board being scattered on all sides for a great distance. No trace, not even the minutest, could be found of the stove. The trunk of the man's body was found 100 feet up the slight incline, where a stump had stopped its progress. The head, arms and legs were blown in other directions. Little pieces of the man's red sweater were found for a great distance on all sides of the scene of the terrible explosion.

"From letters in the deceased's effects it was learned that he came from Marmora, Ont., and that he had a wife and three daughters living.

"Coroner Beaudell went to Crow's Nest on Sunday, and had the body removed to Michel, where on Monday he held an inquest. The employees swore that there was at least half a case of dynamite, in the shack, and probably more. The jurors brought in a verdict of accidental death, exonerating all parties from blame. On the recommendation of the coroner, they put in a rider recommending that the Government investigate the best means for thawing dynamite, after which a law should be passed governing this dangerous work.

"Geo. Walker, another employee, who was passing some distance from the shack, was hurled several yards, and received serious injuries. He was removed to the Michel hospital."

It is learned from Mr. F. Fry, of the firm of Dobson, Jackson & Fry, contractors, for which firm the deceased had worked at Edmonton, Calgary, Regina and Moose Jaw, in the capacity of foreman, that the late Mr. Thrall left for Fernie about two months ago.

Mr. Thrall was 61 years of age, and was born in the city of Belleville, where he spent his boyhood days.

Forty-five years ago he went north to the township of Belmont, and settled on the farm now occupied by Healey Chase, about four miles north east of Havelock. For many years he carried on a lumbering business with the Gilmour and Rathbun companies, and at one time kept an hotel at Blairton, when the iron mines were running there. He also worked in connection with the O. & Q. Railway, and was well known as an "old timer" in East Peterborough. His first wife died some 30 years ago. His two sons, Frank and DeWitt died in early manhood. He again married some 20 years ago to Miss Hottin, and Mrs. Thrall and five daughters now survive him, and are now in Marmora. He was well known for his fine physique, and was of a charitable disposition.

Mr. Fry had known the deceased for nearly 45 years, having been raised on the farm next to his.

The many friends in this county of the late Mr. Thrall will deeply regret to learn of his sad death.

POPULAR YOUNG MAN'S SUCCESS

Dr. Harry King Successfully Passed Final Examination in Medicine

The hosts of friends in town of Mr. Harry King will be pleased to learn that he has successfully passed his final examination in medicine at the Detroit College of Medicine, the commencement exercises of which will take place on Friday, May 19th, in the Detroit opera house.

Dr. King was, before his departure to enter upon his studies, one of our most popular young men in both sporting and social circles, and his old friends in town will unite in extending to him hearty congratulations coupled with best wishes for a successful future in the practice of his profession.

SPLENDID CONCERT LAST EVENING

Mr. H W. Bull Delighted a Large Audience Last Evening.

In Fifth Ward Hall Local Talent Gave Good Assistance.

A large audience was attracted to the Fifth Ward Hall, last evening, to hear the concert by Mr. Whorlow Bull, late of London, Eng., and local talent and those present were highly delighted with the excellence of the programme presented. The event was under the auspices of the Mark Street Church, which body is to be commended upon securing the services of such a first-class vocalist as Mr. Bull last evening proved himself to be. The audience was quite enthusiastic and at all times appreciative and altogether the affair was most enjoyable.

Mr. Bull made his first public appearance in concert last evening since his coming to Canada some months ago. While in London, Eng., he was connected with some of the finest choirs in that city, whence he comes highly recommended. His singing last evening pronounced him a thorough artist. He has a bass-baritone voice of a beautiful quality and good range; throughout its register the voice is smooth and even, possessing a delightful resonance and richness which render it at once pleasing to the ear. Though not remarkably powerful, the tone is sonorous and sympathetic, while his enunciation and phrasing were artistic. Mr. Bull's style of interpretation is characteristic of many English singers which have recently visited the town, and is very effective. His renditions of the numbers sang, combined the dramatic effect, the rollicking spirit of the sea song and the amorous sentiment of the love ballad. His selections were delightfully varied and after he had given twelve numbers, the audience were not in the least contented, but demanded an encore to his last group of songs. His first number was a new patriotic hymn, "Canada" by German; this is a capital song of the fine spirit it suggests and was given a stirring rendering. For his second number he sang three songs, one of England, one of Ireland and one of Scotland, viz. (a) "Song of the Bow" by Aylward (b) "The Sweet Killarneys" by Temple and (c) "Border Ballad" by Cowen. His next group were three love songs, (a) "Love's Coronation" by Aylward, (b) Broome's "God Keep You, Love" and (c) "A Song of Thanksgiving" by Allitsen. On his fourth appearance he sang a group of three splendid sea songs, (a) Lohr's "Out on the Deep" (b) "The Jolly Sailor" and (c) "Three for Jack" by Squire. His last number included two songs, (a) Pinsutis' "Bedouin Love Song" and Riego's "Rest Thee Sad Heart." As an encore he sang Pontiawitski's "Yeoman's Wedding Song." Mr. Bull will receive a hearty welcome should he at any time return to Peterborough.

The portion of the programme furnished by the local talent was quite enjoyable also. Mrs. Mowat contributed a well-executed piano solo, Gottschalk's "Printemps D'Amour," which was heartily received.

Little Miss Annie Christie's recitation was delightful for its childlike grace and simplicity and she responded to an enthusiastic recall.

Master Herbert Mowat sang "Farewell Sweetheart May" in a very creditable manner, revealing a splendid voice and distinctness of enunciation. He was recalled and sang "Be Mi-n-e."

Mr. J. C. Miller's cornet solo "Palace Life" was a popular number, while Miss Sadie Free recited in a most pleasing manner and responded to a pressing recall.

Mrs. Mowat played the many accompaniments with taste and ability and added materially to the success of the programme.

Don't forget the Peterborough Turf Club's Annual Excursion to Toronto, Saturday May 20th. Special train leaves Peterborough 8:10 a. m. Returning, leaves Toronto at 11:15 p. m. Tickets good going only on special train. Returning, any regular train May 20th, 21st and 22nd. 4t114

MEETING AT THE GEORGE STREET CHURCH

Fourth Quarterly Business Meeting Was Held.

The fourth quarterly business meeting of the George street Methodist church was held last night, a large number being in attendance. The chair was occupied by Rev. Dr. Crothers.

The various reports presented were extremely satisfactory, the church membership showing a slight increase. During the year 45 new members have been added, while 34 have removed from town, or are since deceased.

The financial statement was also very gratifying.

Messrs. D. W. Dumble and B. F. Ackerman were appointed as representatives to the District meeting to be held in the Charlotte street Church on Thursday next.

Deafness of 12 Years Standing.

Protracted Catarrh produces deafness in many cases. Capt. Ben. Connor, of Toronto, Canada, was deaf for 12 years from Catarrh. All treatments failed to relieve. Dr. Agnew's Catarrhal Powder gave him relief in one day, and in a very short while the deafness left him entirely. It will do as much for you. 50 cents. 33

CORONER'S JURY RENDERS VERDICT

Finds That Late Mrs. Winters Took Her Own Life.

Inquest Held Last Night Behind Closed Doors—Considerable Evidence Taken.

Last night the inquest to inquire into the death of the late Jennie E. Winters, who committed suicide by taking a dose of carbolic acid on Friday last, was held in the Council Chamber, when the evidence was taken by County Coroner Gray and the Crown Attorney, R. E. Wood, the members of the jury being, C. N. Brown, foreman; Wm. Outram, D. F. Drummond, W. H. Hamilton, Wm. Battisby, J. F. Squires, P. Alexander, J. B. Pentland, H. E. Stinson, Fred Clark, S. A. Oke, T. C. Elliott, John Crane, W. H. Meredith, Robert McWhinnie.

At the request of the relatives of the deceased, the inquest was held behind closed doors, the press being excluded. It is learned, however, that considerable evidence relating to the domestic relations of the deceased was taken, the husband, father and step-mother being examined. A letter which the deceased had received was read, and evidence pointed to the fact that the contents of this letter had influenced her in her decision to take her life.

After hearing the evidence, the jury brought in the following verdict:—

We, the undersigned jurors, sworn to inquire into the death of Jennie E. Winters, find that the deceased came to her death by carbolic acid poison, purchased and administered by her own hand.

PRETTY WEDDING AT CATHEDRAL

Nuptials of Miss Adela Sullivan and Mr. Richard Healey

A pretty wedding was solemnized at 8 o'clock this morning at St. Peter's Cathedral when Miss Adela Sullivan, daughter of Mr. Bartholomew Sullivan, was united in marriage to Mr. Richard Healey, of the Fifth Ward.

The bridesmaid was Miss Mary Sullivan, sister of the bride, the groom being supported by his brother, Mr. Patrick Healey. The ceremony was performed by Rev. Father McColl in the presence of a number of the relatives of the contracting parties.

The large array of beautiful presents received by the happy couple testify to the high esteem in which they are held by their large circle of friends. They will reside in Peterborough.

MR. JOSEPH RICKERBY BREAKS HIS ARM

Suffered Painful Accident Near Auburn Mills Last Evening.

Mr. Joseph Rickerby, of the C.P.R. Hotel, last night suffered a most painful and distressing accident by the overturning of a waggon in which he was driving. While entering a gate about opposite the Auburn Mills the waggon upset upon a pile of stones, Mr. Rickerby being thrown out heavily, falling upon his arm and breaking it a short distance above the wrist. Mr. Rickerby pluckily drove back to town, where the fractured limb was set by Dr. Coughlin. The patient is now doing as well as may be expected and his many friends hope for his speedy recovery.

THE OPENING A GREAT EVENT

The Dormitories at Y.M.C.A. to be Opened on Thursday

Good Programme With Refreshments will Mark Opening Night

The Dormitory Committee met last night at the Y.M.C.A. to complete arrangements for the opening of the Dormitory Department on Thursday evening May 18th.

The early part of the evening will take the form of an informal reception during which opportunity will be given the public of inspecting the newly equipped rooms. During this period ice cream and light refreshments will be served.

The programme will start in Association Hall at 8.30 o'clock and the musicale includes the best talent of the town. Short addresses will be given by representative manufacturers and business men, as well as Y.M.C.A. officials.

The committee wish it distinctly understood that there will be no solicitation of funds at this gathering.

It is to be hoped that the building will be crowded on that evening as it was at the opening of the building eight years ago.

Save Your Eyes

If your eyesight is good take care of it—If it is defective have your eyes carefully examined.

DIFFICULT CASES

We take special interest in what are called "difficult cases". We take pleasure in hunting out complicated defects and solving difficult eye problems. Our successful work (where others have failed), adds to the patients comfort and naturally adds to our reputation. If your case is one in which others have failed, we would like to have you consult us. If you can be helped with glasses we can do it.

EXPRESS COMPANY'S NEW FOREIGN SYSTEM

Many Recent Additions to Foreign System of Dominion Express Co

The Dominion Express Company has recently added several new features to its money-order system, which will undoubtedly be warmly welcomed by the travelling public. The new features of the system are principally in connection with the foreign orders and render it most complete in every detail.

Among other new forms intended for the transmission of money to foreign portions of the world, are what are known as Foreign Cheques, which are payable in the currency of the country where payable. The cheques are also payable at all the larger places throughout the world, the number of cities in which they will be negotiable being increased to fully one hundred times what it previously had been.

Another feature of the system is a form known as a Foreign Postal Remittance which are payable at any place throughout the world for any amount. The new system will undoubtedly prove a great convenience to travellers and others.

WILL CELEBRATE KNOX'S BIRTH

St. Andrew's Church Will Hold Eight Day's Mission

St. Andrew's church will celebrate the 400th anniversary of the birth of John Knox, by an eight days' mission, beginning on Sunday next, May 21st, conducted by Evangelist Walker Russell. Two great facts stand out pre-eminently in the spiritual vision of Knox. First, that no church was safe which did not rest upon the intelligent enthusiasm and experience of the laity, as well as the learning of the ministry; and secondly, that the great duty of the church of Christ was to carry out the voice of God to every age. "This glad tidings of the Kingdom shall be preached throughout the whole world for a witness to all nations."

Mr. Russell will keep these very prominently before the consciences of the people.

A Bible school will be held on the afternoons of Tuesday, Wednesday, Thursday and Friday of next week, to which all Christians are most cordially invited. The subjects of study will be:

"The Holy Spirit in the Son of God."

"The Holy Spirit in the Word of God."

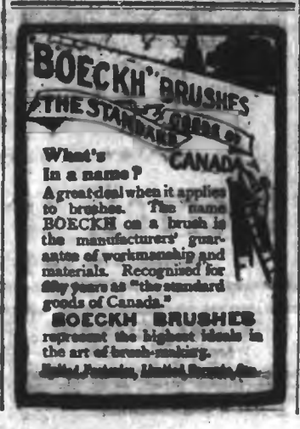
"The Holy Spirit in the Church of God."

"The Holy Spirit in the People of God."

POLICE COURT

Charge Against Joseph Murphy Enlarged Till To-morrow

Joseph Murphy was summoned to be at the Police Court this morning to answer to a charge laid by Mr. Geo. Cochrane for failing to maintain his son properly. He thought that punctuality was not essential and did not show up until 9.30. He will be up to-morrow at 9 o'clock again.



SHELBURNE'S PLAY HERE SATURDAY

Fast Toronto Team Will Meet MacEwan's Nine.

Practice Every Night This Week—Stayne Expected Here in a Few Days.

The Peterborough Baseball Club will next meet the Sherbournes on Saturday, May 20th. The game will be played on the Turf Club grounds. These grounds are an ideal spot for baseball. A first-class diamond has been made in front of the grand stand and the game can be watched from the stands with every comfort. The attendance of the fair sex promises to be in evidence at this game. The Sherbourne team are a fine husky lot of ball tossers and the locals will be made work to win. Bobby Stayne will be here to stay and add strength to the batting as well as in fielding. The following players are requested to turn out every night this week for practice:—Sheridan, Wareham, H. Pilling, J. Pilling, Douglas, Shea, Cadman, Simpson, Connors, Long, Stayne. After practice Thursday evening a meeting of the players will be held. Every player is requested to be on hand at the Oriental at 8.30 as some matters of importance will be transacted.

BOWLERS BUILD NEW CLUB HOUSE

One Will Be Erected This Season at Brookside

Prospects for the Season are Bright—Grounds will be Improved

Last night the Lawn Bowling Club met in the office of the President, Mr. D. H. Moore, when it was decided to erect a new club house for the members on the Brookside bowling green. This building will be erected in the centre of the grounds and will be surrounded by wide verandahs. It will be a handsome structure, and will be fitted up with many conveniences for the members. Work will be commenced on it in the near future. It was also decided to instal a large number of new lights on the grounds and the fence at the east side will be rebuilt and the grounds will be fixed up for the season's work.

The prospects for the season are very rosy, and the game, with a good early start, will, no doubt, prove very popular this year.

ANGLING CLUB'S ANNUAL CAMP

Will Be Held on July 1st at Lovesick

Enthusiastic Meeting Was Held Last Night in T. A. S. Rooms

Last night the Canadian General Angling Club met in the T. A. S. rooms, where an enthusiastic gathering took place. The Commodore, Mr. R. H. Shepherd, occupied the chair, and the first business was the reception of applications for membership. These were voted on and accepted. Rear Commodore Roy was was present and in a speech thanked the members for the honour conferred upon him in electing him to that position at the annual meeting.

Arrangements were made for the annual camp of the club which will be held at Lovesick on July 1st. The annual excursion was also discussed and definite arrangements as to date and destination were left to the Executive.

It is probable that the first fishing trip will take place to Jubilee on June 3rd, and the first outing in the course of a few nights, when street cars will be engaged by the club for the night.

There were about 32 members present last night and from the interest displayed, the season promises to be very successful.

EASY WIN FOR CENTRAL TEAM

Defeated Fifth Ward Yesterday in First Game in School League

The opening game of the Public School League was played on the Murray street grounds yesterday, between Central and 5th Wards, before a crowd of interested spectators. The play was not as brilliant as might be, but as the season advances, the public may expect good ball. The presence of Inspector Walker, Mr. Pringle and the teachers of the different schools represented by the respective teams had a good influence on the young players. For the 5th Ward, Gillespie kept the Centrals guessing where to locate the sphere. Evans behind the bat played a faultless game and Swanston, the might wonder, at 1st did some very clever work. Fred. Davidson was umpire and acted quite impartially. Score, Central 26; 5th Ward 4.

Central.		5th Ward.
Laing	Catcher.	Evans
Belleghem	Pitcher.	Gillespie
Long	Third Base.	Clitheroe
Grange	Second Base.	Dallier
Heaslip	First Base.	Swanston
Crane	Short Stop.	Record
Kirns	Centre Field.	Cross
Fitzpatrick	Left Field.	Stewart
Borradaile	Right Field.	Colquhoun

BASEBALL.

The Auburns will hold a practice to-night at the oval. Everybody come.

The St. John's Young Men's Guild team will hold a practice to-night at Morrow's field. All are cordially invited.

CRICKET.

The Canadian General Electric Cricketers evidently put a lot of electricity into their work. The eleven in Toronto defeated the Upper Canada College team by a score of 155 to 27 with two wickets to spare.

FOOTBALL.

There will be a practice of the Quakers at the Driving Park to-night.

ATHLETICS

To-night at seven o'clock the track athletic team will meet at the Oval.

OFFICERS NAMED FOR THE CAMPS

Lt.-Col. Edwards Will Command 7th Infantry Brigade

Personnel of Commanding Officers for Barrie Field Camp.

Yesterday's despatches from Ottawa give the personnel of the commanding officers of the different military camps which will be held this summer:

Col. W. D. Gordon, officer commanding Eastern Ontario, will command at the Barrie Field Camp, with Lt.-Col. V. A. S. Williams as Chief Staff Officer, and Lt.-Col. Young as D. A. A. G. Lt.-Col. T. C Clyde, 4th Hussars, will command the 2nd Cavalry Brigade, and Lt.-Col. E. B. Edwards, the 7th Infantry Brigade.

The Barrie Field Camp will be held commencing on June 26th, and it is expected that a number of local men will participate in it.

LAST MEETING OF SEASON

Most Enjoyable Social Last Night Given by St. John's Young People.

The Rector and Mr. W.H. Cluxton Make Short Addresses—Greater Interest Next Season Predicted.

A most enjoyable affair took place last night when the last meeting for the season of the Young People's Society of St. John's Church, was held. The entertainment took the form of a social consisting of a most enjoyable musical programme with light refreshments at its conclusion. Special mention may be made of the solo by Miss Marguerite Sawyers, the piano duet by Misses English and Moulholland, who were very heartily encored and the two vocal numbers by Miss M. Nash. Mr. E. A. Roe contributed a comic recitation which provoked much laughter. On account of its being the last meeting the rector Rev. J. C. Davidson, addressed the young people expressing his appreciation of the great success of the meetings during the last year. Mr. W. H. Cluxton also made a few very fitting remarks, expressing his very hearty interest in everything connected with the young people and the work they had accomplished. He suggested some good plans for picnics, etc., to be held during the summer, which will be announced later. Then came one of the most interesting parts of the evening's enjoyment, the refreshments. This department was part of the evening's enjoyment—the refreshments. This department was taken care of by Miss Eileen Fair, Miss M. Best, Miss A. Borrodaile and Miss N. Borrodaile, Miss Marguerite Sawers had charge of the programme. These ladies are to be congratulated on the admirable results obtained. Other features in the shape of games, etc., were then introduced and everyone present thoroughly enjoyed themselves.

There were quite a large number present and the entertainment was in every way a success. The meeting closed with those present joining in a circle and singing Auld Lang Syne.

It is to be hoped from the success of last evening that next season more of the young people will become identified with the Society and take interest in the work.

WHY NOT BUY CERTAINTIES?

THERE'S excitement in games of chance! That's the only excuse for buying shoes of unknown value, when you might buy sure value every time in "The Slater Shoe."

No Retailer, nor Salesman, can know what sort of material and workmanship is put into the hidden parts of a shoe—under the finish.

No one but the Makers are therefore competent to value intelligently the amount of Wear, Comfort, and Shape-retention there is in any pair of shoes they produce.

No Shoe sold in Canada, but "The Slater Shoe" is priced by the Makers, who pledge sure value every time up to that price, which they brand on the lining with a slate-frame viz., $3.50 or $5.00.

Let your next pair be certainties, viz.,—

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, sickness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old fogy" treatment. Beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The [illegible] gradually disappears. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels restored anew for the duties and the pleasures of life. CURED, GUARANTEED OR NO PAY. 25 Years in Detroit. 250,000 Cured.

GIVE QUICK RELIEF AND POSITIVE CURE.

The wonderfully rapid effect of Dr. Pitcher's Backache-Kidney Tablets in curing the severest kidney, bladder and urinary troubles, makes those affected rejoice. Such diseases and disorders as lame or weak back, swelling of the feet, puffiness under the eyes, gravel, brick deposits in the urine, scalding, frequent calls during the day or night, pain in the joints, uric acid in the blood, drowsiness, headache, rapid loss of flesh, habitual constipation, liver torpor, weakness of the urinary organs in children and the aged—are all quickly relieved and permanently cured.

Mr. E. Dawson, Main St., Kincardine, Ont., says: "Hard work and constant stooping, together with exposure to cold, brought on severe backache and Kidney trouble. The secretions were thick and scanty. Nothing relieved me until I got a bottle of Dr. Pitcher's Backache-Kidney Tablets. They soon stopped the pain and soreness. The Kidney action became normal and healthy. I am exceedingly grateful, and glad to add this testimony to the expressions of goodwill I have heard others give utterance to."

It is no wonder Dr. Pitcher's Tablets cure so well They are the prescription of a Kidney specialist and contain ingredients not found in common kidney pills. 50 Tablets in a bottle. Price 50c. or 3 for $1.25, at druggists or by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

THEIR CONSENT WAS WITHELD

Creditors Want Lawyer Lloyd's Finances Probed First.

LIABILITIES ARE $33,750

Criminal Prosecution May Be Abandoned If Restitution Is Made—Representative Committee Appointed to Investigate Barrister's Muddled Money Affairs—In the Meantime He Is Remanded.

Newmarket, May 16.—T. H. Lloyd, barrister and solicitor, who on Thursday evening last was placed under arrest on a charge of neglecting to account for $1,512.25 trust funds, belonging to the Weddell estate, appeared before Magistrates T. J. Woodcock and Col. Lloyd, yesterday afternoon, and asked for a week's adjournment, which was granted. The Crown was not represented. R. J. McLaughlin, K. C., appeared for the accused and T. J. Robertson for the executors of the Weddell estate, Benjamin Fairbairn and Robert Belfry, who are the plaintiffs in the action. Lloyd had been admitted to bail in a surety of $1,000, given by David Lloyd, his father, and $1,000 himself. Yesterday afternoon the plaintiffs asked to have the bail increased by another $1,000 but a compromise was effected by the bail bond being increased $500, the surety being Jesse Walton, banker, Aurora, a cousin of defendant.

Meeting of Creditors.

Immediately after the adjournment of the criminal charge, a meeting of the creditors was held in T. H. Lloyd's office, presided over by H. S. Cane, ex-Mayor. A majority of the creditors were either represented or were personally present, and numbered about 20. The meeting opened by the creditors manifesting a strong feeling against Lloyd. Then it was moved that W. C. Widdifield, Mr. Choppin and T. J. Robertson be delegated to investigate the assets and report to a future meeting. It was moved in amendment that the name of D. Roach take the place of T. J. Robertson; but the committee was finally struck with the following names: W. C. Widdifield, H. S. Cane and T. J. Robertson, which will report at an adjourned meeting on Friday at 2 o'clock.

Not Yet Relieved.

The friends of Lloyd wanted a document signed which would relieve him from the criminal charge and reduce it to a civil action. Mr. Choppin, who represented claims amounting to over $5,000 said that his clients would not consent to this. T. J. Robertson, representing claims of nearly $9,000, would not fall in with the movement either, and it was abandoned. The proposition did not apparently meet with the views of the creditors.

Silas Toole, a gentleman who can count his wealth in the seventy and eighty thousands, felt disposed to lose everything and press for punishment of the defendant rather than be the willing victim of fraud. Benjamin Fairbairn was also anxious about knowing what the terms of settlement would be before he would give his consent to relieve the defendant of his obligations. These two creditors were the only ones who pressed their claims very forcibly and the friends of Lloyd hope to appease their misgivings by the report to be presented on Friday afternoon.

Claims and Assets.

The claims represented at the meeting aggregated $26,150. This does not represent all the liabilities, nor are the figures exact, but approximately Mr. McLaughlin, who appears for Mr. Lloyd, estimates his liabilities at $33,750, and assets at $34,000. Some of the creditors think the assets have been over-estimated.

Mr. Lloyd Is Seriously Ill.

Mr. Lloyd walked to the trial yesterday morning and was present throughout the short proceeding. He returned to his home and very soon afterwards was taken seriously ill. Dr. Webb was called in and found him dangerously ill with heart trouble and complete nervous collapse. He considers his condition serious.

Port Arthur, May 16.—Fred Taylor, watchman at Red Sucker, on the C. P. R., east of here, was badly burned Sunday afternoon. He was putting coal oil in the stove, when it caught fire. The can exploded and the fire burned the man's legs and body. He is in a dangerous condition, and was brought to the hospital.

DON'T BE HYPNOTISED,

Hoodwinked, hoodooed, or over-persuaded into accepting a substitute for Doctor Pierce's Favorite Prescription with its record of nearly 40 years, embracing hundreds of thousands of cures of woman's peculiar ailments. It's the only remedy for woman's ills sold by druggists, that is not full of "booze"—poor whisky, or bad alcohol.

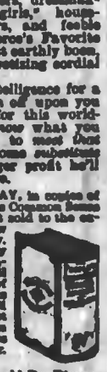
A guarantee of $1000 is offered that "Favorite Prescription" contains no alcohol, opium or other harmful drug. Keeps in any climate.

"Favorite Prescription" is a powerful invigorating tonic, and imparts strength to the whole system and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

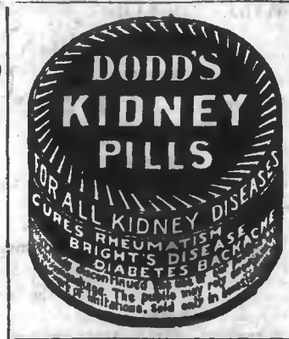
It's an insult to your intelligence for a dealer to attempt to palm off upon you an alcoholic substitute for this well-famed medicine. You know what you want. It's his business to meet that want. When he urges some substitute he's thinking of the larger profit he'll make—not of your welfare.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 680,000 copies a few years ago, at $1.50 per copy. Last year we gave away $50,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

If out of health, write to old Dr. Pierce. He will send you good, fatherly, professional advice without charge.



Pierce's Pellets are the smallest, the easiest to take, and the easiest in the way they act, too. No griping, no violence, no disturbance to the system, diet or occupation. They are the original Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago. They have never made a sick one well since. They're sugar-coated little granules, easy to take as candy. They come in vials, always fresh and reliable; a convenient vest-pocket remedy.



WHEAT GOES UP AND DOWN

Higher at Liverpool and Lower at Chicago.

Latest Live Stock and Other Market Quotations.

Monday Evening, May 15.

Liverpool wheat futures closed to-day ⅝d to ¾d higher than Saturday, and corn futures ⅜d higher.

Eggs—Irregular; receipts, 11,606; state, Pennsylvania and nearby, fancy, selected, white, 20c to 21c; do., choice, 19c to 19½c; do., mixed, extra, 19c; western storage, selections, 18½c to 18½c; do., firsts, 18c; southerns, 13c to 14c.

CATTLE MARKETS.

Cables Much Easier—Hogs Are Weaker on the Chicago Market.

London, May 15.—Cattle are quoted at 11c to 12¼c per lb.; refrigerator beef, 9¼c to 9½c per lb.; sheep, 13½c to 14½c per lb.

TORONTO JUNCTION LIVE STOCK.

Receipts of live stock at the Union Stock Yards were the largest of the season—132 carloads all told, composed of 2642 cattle, 311 hogs, 13 sheep, 25 calves and 2 horses.

Exporters.

Prices ranged at from $5.40 to $5.90, the bulk selling at $5.50 to $5.75 per cwt. Export bulls sold at $3.75 to $4.50 per cwt.

Butchers.

Choice picked lots, 1150 to 1175 lbs. each, of as good quality as the best exporters, sold at $5.60 to $5.65; loads of best butchers' at $5.35 to $5.50; medium at $5 to $5.25; fair to good loads at $4.90 to $5.15; common at $4.50 to $4.80; cows at $3.75 to $4.75 per cwt.

Feeders.

Short-keep feeders sold at from $5.25 to $5.60 per cwt.; medium feeders, $4.75 to $5; stockers, none offered.

Milch Cows.

There were none offered, altho several buyers were on the market looking for a supply.

Veal Calves.

Prices ranged at from $4.50 to $5.50 per cwt.

MONTREAL LIVE STOCK.

Montreal, May 15.—(Special.)—Cables were weak and prices show decline of 1c to 1¼c, while sales of Canadian cattle in Liverpool at 11½c, and Americans at 11¼c to 12c, while in London Canadians sold at 11¾c to 12c and Americans at 12c. The shipments from Montreal for the week were 4951 cattle, 4054 sheep. The receipts were 500 cattle, 300 sheep and lambs, 400 calves and 1500 hogs. The supply of cattle, sheep, lambs and calves was comparatively small, but that of hogs was fairly large, the number being in excess of that of a week ago. The demand for hogs from packers was good on Friday and Saturday of last week, and the market in consequence showed considerable strength, which resulted in sales being made at the highest point yet this season, as sellers realised $7.75 and $7.85 per 100 lbs. for selected lots, weighed off cars, but to-day the market showed some weakness, as the supply was fairly large, for which the demand was not quite so keen, as packers were fairly well stocked, and at present prices they are not disposed to buy much ahead, therefore trade was rather slow and sales of selected lots were made at $7.50 to $7.60, and mixed lots at $7 to $7.25 per 100 lbs., weighed off cars. Another factor of the hog situation which probably had some influence on the market was the easier cable advices from London and Bristol on Canadian bacon, which noted a decline on inside prices, as compared with a week ago, but Liverpool cables on the other hand were firmer in tone, consequently the condition of the market at present is somewhat mixed, but notwithstanding this fact the impression among some of the trade here is that hogs will eventually sell higher, as they claim that supplies thruout the country are small. There was no actual change in the condition of the market for cattle. The supply was small, for which the demand continues fairly good for local consumption, and prices are firm. Sales of prime beeves were made at 5¾c to 6c; choice at 5¼c to 5½c; good at 4¾c to 5c; fairly good at 4¼c to 4½c; fair at 3¾c to 4c; common at 3c to 3¼c per lb. The trade in sheep and lambs was quiet, as the receipts were very small, but the demand was good and prices were maintained. Export sheep sold at 4c and butchers' sold 3¾c to 4¼c per lb. for small lots. Lambs brought from $3 to $5 each, and calves sold fairly well at prices ranging from $2 to $6 each, as to quality.

EAST BUFFALO CATTLE MARKET.

East Buffalo, May 15.—Cattle—Receipts, 3000 head; prime and shipping steady; others fair to 15c higher; prime steers, $6.15 to $6.30; shipping, $5.50 to $6.10; butchers', $4.75 to $5.85; heifers, $4.80 to $5.75; cows, $3.75 to $5.10; bulls $3.25 to $4.50; stockers and feeders, $3.70 to $4.75; stock heifers, $3 to $3.50; fresh cows and springers steady; good to choice, $45 to $55.

ANOTHER TEXAS TORNADO.

One Woman Killed and Many Hurt—Town Escapes.

Mount Pleasant, Texas, May 15.—A terrific tornado passed two and a half miles southeast of here Saturday afternoon. Mrs. Gerald was killed and many persons were injured. The tornado first struck the earth at a point southwest of the city, and for a few moments it looked as if the town would be destroyed, but the twisting funnel turned in an almost easterly direction and after proceeding a mile went northeast. The path of the tornado was half a mile wide, and the country for three miles was cleared of every house, barn and fence.

At Snyder.

Snyder, Okla, May 15.—All the bodies of the victims of Wednesday's tornado have been buried or shipped for burial. The homeless persons have found shelter and the wounded are attended by trained nurses. Daily rains are annoying the injured, who are in an improvised hospital. The homeless people are quartered in the remnants of houses not rendered wholly uninhabitable by the storm. The town is well policed. There are several people still missing.

Paine's Celery Compound Defeats Disease And Death

Paine's Celery Compound has a record of life saving that no other medicine can ever equal. It has rescued rich and poor from the grasp of death when physicians had their most carefully prepared prescriptions failed in the work. It the suffering men and women of to-day could but see the happy faces and hear the kind words spoken by the tens of thousands who have been made well and strong by Paine's Celery Compound, it would soon dispel their existing doubts and fears.

Paine's Celery Compound is the only medicine that reaches the root of suffering; it is the only agency that can remove your terrible fiend of disease. Unsolicited testimonials of cures pour in every day. Young and old constantly bear witness that rheumatism, neuralgia, kidney disease, liver complaint, dyspepsia and blood disease are banished permanently when Paine's Celery Compound is faithfully used for a time. Begin its use to-day poor sufferer. Delays are dangerous.

CHICAGO STRIKERS INCREASE.

35,000 More Union Drivers May Soon Be Involved.

Chicago, May 15.—Unless compromises are offered by all the opposing interests in the teamsters' strike now in progress in Chicago the strike will spread greatly during the next 48 hours.

The refusal of the teamsters joint council, representing 35,000 union drivers, to accede to the demands of the Chicago Team Owners' Association to handle merchandise for all business houses having contracts with the members of the organization without discriminating against the firms involved in the present strike, has brought the controversy to the point where a speedy settlement will have to be made to prevent an extension of the trouble.

Train Wreckers Succeed.

Emporia, Kan., May 15.—An Atchison, Topeka & Santa Fe passenger train was ditched by train wreckers yesterday, just east of Emporia, six passengers were injured and two will probably die.

A BURGLARY AT LAKEFIELD

H. G. Fitzgerald's Hardware Store Robbed

Ten Dollars Taken From Till Early This Morning.

Special to the Examiner

Lakefield, May 16. — About one o'clock this morning burglars entered the hardware store of H. G. Fitzgerald, adjoining the post office, and secured about ten dollars that had been left in the till. They also forced a back window in the tinshop, where their operations awakened the postmaster, who hurriedly lifted his window and saw the figure of a man hastening across his lawn.

CITY NEWS OF TO-DAY

—Town Council will meet to-night.

—The Raffia Club of the Y.W.C.A. will meet from 7 to 8 o'clock to-night before the Sponge Cake Tea.

The Peterborough Golf Club will send a team to play at Rosedale on Victoria Day, May 24.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

—The Olympic Club excursion will be postponed for one week, owing to Lemon Bros. circus showing in town on June 1st.

—Full information concerning Canada's highest grade piano, the "Nordheimer," at H. H. Edmison's pharmacy, George street.

—The members of the Tennyson Club are reminded of the meeting to be held to-morrow evening at the home of Miss Dutton, Aylmer street.

—"The Whole Dam Family" is the latest of a large assortment of sport and den pictures on sale at the "Feamery," two doors west of post office. dtt

—St. John's Y. M. G. Baseball Club invite you to their concert on Friday evening, May 19th, in St. John's school house. Come and encourage the boys.

—The opening of the Y.M.C.A. Dormitory Department on Thursday evening, May 18th, will be one of the great historical events in the association. Every citizen interested in young men, is invited to be present.

—Last night's meeting of the Baptist Young People's Union of Murray street church was one of unusual interest. It was a purely devotional evening, and the service was conducted by a number of young men, who addressed the meeting.

—For potatoes, parsnips, carrots, beets, turnips, cabbage, hams, peameal bacon, eggs and butter, canned tomatoes, peas and corn, cheap; also nice mixed biscuits, call upon James R. Bell, 161 Hunter street. 'Phone 455.

—The Mission Band of St. Luke's Church will hold a Box Sale and entertainment on Friday, May 19th, in Fifth Ward Hall, beginning at 7 o'clock. Two farces will be presented by the members, entitled "The Minister's wife," and "Sister Masons."

—The first dog case of the season will be up for consideration at the police court to-morrow. The Chief states that there are still 300 tagless dogs in town, and unless the owners procure the little metal licenses there will be some more dog cases to report.

—The funeral of the late Archibald Angus, one of Keene's oldest residents, who died in that place on Saturday, took place yesterday. The deceased was 82 years of age, and has for 42 years resided with Mr. William Campbell of Keene. Interment took place in the Little Lake cemetery.

—A new junk-dealer has arrived in town and has his yard, or at least stores his goods on the north-west corner of the market-square. Besides being very unlovely to look upon it is also an inconvenience to persons wishing to tie their horse or team, and now have to use the wheel of a buggy instead of a regular tie-ring.

—When people advertise they look for results. That's what the want ad. column of the Examiner produces. An advertisement for stoves for sale resulted in the sale of the stoves the same night. Last night a diamond pin which had been lost was advertised for and to-day information has been received which will lead to its recovery.

—There are still some people who appreciate things not their own. A farmer and his wife who had been in town on Saturday, shopping, left their horse and buggy in the National Hotel sheds. In the rig were certain articles in the line of dry goods and groceries which the owners had received in return for trade. Of all these they were relieved — when they were not looking — and have not seen or heard of them since.

The Parisian Salvage Sale at Turnbull's will continue all this week. Watch windows for special lines. On Wednesday they will offer 11/4 White Flannelette Blankets and good quality White Cotton Quilts at 99c. 25c Scotch Ginghams and Muslins for 12½c, and 25c White Waistings for 15c, also Tablings, Towels, Towellings, Napkins, etc, at Salvage prices

Still Cheap.

We still have a quantity of fancy bananas at ten and fifteen cents per dozen. These are large, bright fruit and well ripened.

THE SCIENTISTS ARE ON TRIAL

The Goodfellow Case Started at Toronto.

Mr. Du Vernet, Crown Prosecutor Reads Extracts From Mrs. Eddy's Book.

The Toronto Criminal Assize Court was crowded yesterday morning when the case against the Christian Scientists was called before Mr. Justice Magee. The audience was largely composed of ladies who made quite an imposing millinary display, and the proceedings were followed with the keenest interest. A long legal argument took place at the opening between Mr. Hamilton Cassells and Mr. Du Vernet as to the power of the court to proceed with the case on an amended indictment, and His Lordship said he would agree eventually to state a case on both counts.

Sarah Goodfellow, Isabella M. Grant, Elizabeth Lee and William Brundrette, against whom a true bill was returned by the Grand Jury, appeared to answer a charge, "for that they did unlawfully conspire on January 4th to deprive Wallace Goodfellow of the necessaries of life, to wit, proper medical care and nursing, whereby his death was caused, contrary to the Criminal Code." The further charge was that they conspired by improper means to cure Wallace Goodfellow.

Mr. E. E. A. Du Vernet prosecuted, and the three female defendants were defended by Mr. Hamilton Cassels, and Brundrette by Mr. T. C. Robinette, A plea of not guilty was entered.

Mr. Cassels Objects.

Mr. Cassels called attention to the fact that the defendants were originally committed by the Police Magistrate on a charge of manslaughter under section 208 of the Code, and on that the Grand Jury found no bill. Under the new indictment, he urged there was nothing to show that the defendants were under any liability to the deceased, and there was also nothing to show that proper medical care, nursing and the necessaries of life should be provided.

His Lordship did not think any enactment was necessary for that.

Mr. Cassels said it had been especially held that proper care and nursing were not required.

His Lordship held it was a matter of evidence.

Mr. Cassels—"Will your lordship state a case on the first count?"

His Lordship—"Certainly".

Mr. Du Vernet said there were Canadian cases bearing on the second count, and he was ready to give particulars.

His Lordship—The conspiracy is to effect a cure by unlawful means.

Is Conspiracy Lawful?

Mr. Cassels—Conspiracy to cure is not unlawful.

Mr. DuVernet replied that there was another section under the code, section 212, which provided that any person, whether a licensed practitioner or not, who deals with the life or health of any persons was bound to treat it with care and attention, otherwise there would be a charge of manslaughter in the event of death.

Mr. Cassels — But the manslaughter bill was thrown out.

Mr. Du Vernet referred to the point to show that in common law, and apart from the section in the Code, if any person undertook to cure and used improper means, an offence was committed, and a charge of conspiracy followed.

His Lordship said they were conspiring, and it was utterly immaterial just now as the lawful means.

Peculiar Views.

Mr. Du Vernet, in placing the case before the jury, said these Christian Scientists had peculiar views on theology and disease. So far as the religious beliefs were concerned they had nothing to do with the case. This, he continued, was a free country in which the Christian and the infidel, the Turk and the Jew, had a right to their own beliefs. Any man had such right so long as he did not disobey the law, but the moment he did so he became amenable to the law of the land. This case simply rested on the fact that the defendants had acted in such a way as to cause the death of a young man who but for their action might have been well and strong to-day.

Mr. Du Vernet proceeded to quote from Miss. Eddy's book, in order to show the jury what some of the methods of Christian Scientists were. "Blood, heart and lungs are nothing to life." "Shortened limbs have been elongated." "The less we know about hygiene the less we are disposed to sickness." "Man is never sick." "God is more advantageous to man than his lungs." These were a few of the gems, and Mr. Du Vernet said the Christian Scientists simply ignored disease, and that if a man or woman suffered from consumption, cancer, or even typhoid fever, they were told to get up and walk about, eat what they liked, and do what they liked.

People Swept Away.

"We see people swept away who have not been properly treated", said Mr. Du Vernet, "who with a little care and ordinary methods being devised, might have had their lives saved. Is it not time for the Government, the juries and the Crown to say that this thing must stop?" Mr. Du Vernet reviewed the evidence, and urged that even if the deceased had been treated by the rules of common sense he might have been alive to-day.

Dr. Riordon repeated the evidence he gave at the inquest and before the Police Magistrate.—Toronto News.

Drop in and get the latest Butterick's patterns free. A. H. Stratton & Co.

WILL MAYOR BEST RESIGN?

Statement That He Has So Declared Himself Denied

Matter of City Incorporation will be Discussed To-night at Council Meeting

To-night the Town Council will hold a special meeting, when the question which will be considered is that with reference to the elevation of Peterborough to the dignity of cityhood. It is understood that the Mayor is unalterably opposed to the incorporation clause of the Bill, and it is stated that he will ask the Council to stay the third reading of the Bill in the Legislature and give the electors an opportunity of voting on the question of city incorporation.

It was stated on Saturday to the Examiner that the Mayor had said that he would resign his seat in the Council and appeal to the electors on this question, but His Worship denies having made this statement, but added that the last had not been heard of this matter yet, and that some developments might be expected in the near future. There is in some quarters a strong opposition to spending the amount of money decided on by the council for a celebration on the occasion of the elevation of the town, and it is possible that at the meeting to-night, while the decision to stand by the city incorporation will certainly be adhered to, the celebration may not be held.

It is expected that there will be some interesting discussion on the question at to-night's meeting, and no doubt there will be a large number of citizens interested in the question, present at the meeting.

INSANITY CASE AT POLICE COURT

Lakefield Woman Committed to Goal This Afternoon.

The case of a Lakefield woman charged with insanity was heard this afternoon at Police Court. The woman who was under treatment in the Mimico Asylum some years ago, again, it appears, on Saturday morning last displayed symptoms of insanity. Since that time she has become violently inclined wandering from home without proper clothing. She was committed to County Jail, by the Magistrate, pending investigation by the Sheriff or County Judge.

HAVE SAILED NOW TO ENGAGE TOGO

Warships of Russia Under Rojestvensky Off at Last--French Waters Deserted--Expected That Battle in Famous Straits will be Reported in a Few Days--Where the Russian Fleet Was Last Seen--Denies Reported German Occupation of Haichon.

Hue, French Indo-China, May 17.—The Russian Baltic fleet has sailed from this end of the China Sea, and in all probability is on its way to Japan. This news is confirmed by the French commander at Saigon, and by the torpedo boat Dubois in this port, which passed all the days as far north as Touron Monday night. Acting on direct orders from the Admiralty, telegraphed from Paris, the French fleet patrolled the entire coast on Sunday, one-half of the ships going southwest from Hue and one-half northeast from Saigon. There is no doubt whatever that the Baltic squadron has departed from French territorial waters. Not a ship of the fleet has been sighted by the scout boats, which have taken in all the coast line thirty miles off the Province of Annam.

Sailed to Meet Togo.

The opinion is strong that Rojestvensky has finally sailed to meet Togo, and that a battle in the Formosa Straits will be reported within a few days. The China Sea north of the Paracels Islands is steadily patrolled by Japanese cruisers and torpedo boats, and an attack on the Russians may be looked for at any moment. If Rojestvensky is not bound toward the Sea of Japan, and really means to delay a battle, then he may have crossed to the Philippine Islands, in which event he will be heard from by Wednesday. There seems to be no doubt, however, that he has quit French territorial waters.

Known at Tokio.

Tokio, May 17.—It is definitely known here that Rear Admiral Rojestvensky's ships departed from the vicinity of Kamranh Bay on Sunday morning. On Friday and Saturday the battleships and cruisers were supplied by colliers that had come from Saigon. The route of the Russians was north by northeast, which would take them nowhere, except upon the shoals south of Paracels Islands. The last official despatch received by the Imperial Navy Board was on Sunday afternoon, which had the entire Russian fleet under way 35 miles northeast of Three Kings Capes. The Government is not all satisfied that the Russian ships are really on the way to the Sea of Japan.

The Government to-day issued an order prohibiting the exportation of coal to French Indo-China. This embargo is to continue until the Russian fleet is known to be outside of the south China Sea.

Apparent Confirmation.

Singapore, Straits Settlement, May 17.—The Knight Commander, which arrived at 5 o'clock last evening from Hong Kong, reports sighting 21 Russian warships 40 miles northeast of Cape Verella at 6 o'clock on Sunday evening. The ships were making about eight knots an hour and on a course that would take them toward the Straits of Formosa. The steamer Jason, which arrived yesterday morning, reports that she passed 13 Russian warships under full head of steam, 50 miles northeast of Kamranh Bay. This leads to the belief that Rojestvensky's squadron has started to meet the Japanese fleet.

Just a Mistake.

London, May 17.—The correspondent at Tsingtau of The Daily Telegraph denies the reported German occupation of Haichou, and says the truth is that the firm of Diedrichen & Jebson now is running regular steamers from Tsingtau to Haichou, and as these are strange waters German gunboats are taking soundings.

Goes as Chaplain to Japs.

Kingston, May 17.—Rev. J. G. Dunlop, Union street, has left for Japan, to act as chaplain to one of the divisions of the invading army in Manchuria.

Governor-General Shot.

Ufa, Russia, May 17.—Major-General Sokolovsky, Governor-General of the Province of Ufa, was fired at several times and seriously wounded yesterday morning in the public garden, during an entertainment. The assassin disappeared. Gen. Sokolovsky's life is despaired of.

Shot at Socialists.

Warsaw, May 17.—A gathering of Russian and Jewish Socialists on Nalekhi street was dispersed at midnight by a volley from an infantry patrol, wounding a few persons slightly.

Bomb Killed Police.

Riga, European Russia, May 17.—At midnight near Gutsenberg Park a bomb was thrown at a police patrol, wounding a police commissioner and killing a policeman. The bomb throwers shot and killed another policeman who was among their pursuers.

J. Sutcliffe & Sons.

MR. GOODERHAM'S WILL.

Disposes of An Estate of $9,000,000—Province Gets $450,000.

Toronto, May 17.—The estate of the late George Gooderham is valued at $9,000,000, which will give to the Province succession duties amounting to $450,000. The $9,000,000 estate is divided, according to report, very much as follows: To the widow, Mrs. George Gooderham, $100,000 in cash and the interest on $500,000 for life, and the family residence, "Waveney," on the corner of St. George street and Bloor, with all its furniture and contents.

To the sons, William G. and Albert, half the income from the distillery, with power to purchase.

To the other sons and daughters $10,000 per annum, with power to the executors to make advances from the surplus income of the estate.

To George Gooderham Mitchell, son of Mr. Gooderham's daughter Elisabeth, deceased, is bequeathed the interest on $200,000 for ten years, the corpus to be given to him at the expiration of that time.

The estate is to be in the hands of the executors for ten years from the testator's death, at the end of which time it is to be divided equally among Mr. Gooderham's children, with the exception of the specific bequests.

The executors of the estate are: William G. Gooderham, Albert Gooderham, George H. Gooderham, M. Ross Gooderham and Thomas G. Blackstock.

The large amount coming to the Provincial Government is largely due to the fact that nothing is left to charitable or religious objects.

No Delegates From Canada.

Washington, May 17.—The twentieth annual conference of State and Provincial Boards of Health of North America was in session here yesterday. Thirty State Boards of Health are represented. While Canada has membership in the organization, no delegates are present from that country.

WHITE MAN'S BURDEN.

South Africa's New High Commissioner is Heartily Welcomed.

Cape Town, Cape Colony, May 17.—Lord Selborne, former First Lord of the British Admiralty, and the successor of Lord Milner as High Commissioner in South Africa, arrived here yesterday and received an enthusiastic welcome.

The town and shipping were decorated with flags and salutes were fired from the forts and warships.

Replying to the Mayor's address of welcome, Lord Selborne said he desired to help all those who wished for the peace, prosperity and progress of the country.

He would not shrink from taking his share in the common task entrusted to them.

FISCAL NEGOTIATIONS.

Balfour and Chamberlain Have Held an Abortive Conference.

London, May 17.—The fiscal negotiations between Premier Balfour and Joseph Chamberlain were resumed yesterday. The two statesmen had a long interview, but apparently they failed to reach an agreement as another conference was arranged for to-day.

The incident created great excitement in the lobbies of Parliament.

To Search For the Searchers.

London, May 17.—The steamer Terra Nova sailed from London for Tromso, Norway, yesterday, whence she will go to Franz Josef Land, in search of the expedition on board the steamer American, fitted out by William Zeigler of New York, for the purpose of attempting to reach the North Pole by way of Franz Josef Land.

PROPELLED BY ELECTRIC POWER

Important Measure Regarding the Temiskaming Line—Succession Duties Act—Several Amendments to be Made This Session—Government Measure to Prevent Mining Lessees Acquiring Freehold in Forest Reserves—The Main Estimates Passed by the Legislature.

Toronto, May 17.—Two new Government bills were the features of yesterday's session of the Legislature. One of these deals with the Temiskaming Railway, the clause of chief importance providing for the operation of the road by electric power and for the sale of such power. The other bill will prevent mining lessees in forest reserves becoming owners of the land, as is possible under the present law. The main estimates were finally disposed of in Committee of Supply. The Premier will outline the university policy of the Government this afternoon. Rapid progress was made with business. There was no night session.

Temiskaming Railway Bill.

Hon. Col. Matheson introduced a bill to amend the Temiskaming Railway Act. It provides for an additional honorarium of $1,000 a year to one commissioner for professional services. It provides for the extension of the railway to the Grand Trunk Pacific on the consent of the Lieutenant-governor-in-council being obtained, for the building of branch lines to such points as may be deemed advisable; for additional surveys; for operating the railway by electricity, and dispose of electricity; and for the keeping of the accounts of the railway in the treasury department. Still another provision is to the effect that if the loan of seven millions is not sufficient to complete the road the money may be advanced out of the consolidated revenue fund.

Mr. Harcourt suggested changing the name of the railway. He believed that the interests of the road would be advanced if the name Ontario were accentuated, such as the Province of Ontario Northern Railway. Mr. Harcourt agreed that it would be a good thing to keep the accounts in the treasury department. He had always maintained that the railway office should be in the Parliament buildings, so that the Treasurer could be in touch at all times.

Col. Matheson said the change of name had been considered.

Succession Dues Act.

Col. Matheson brought in a bill to amend the Succession Dues Act, deferring his explanation until the bill was printed.

Mr. Harcourt, with a laugh, said he was content so long as the Treasurer did not propose to repeal the act.

The amendment grades the tax and provides for some increases for larger amounts left to one individual. It repeals the section of the old act, which provided that in settling whether estates should be liable to tax, the gross value before debts were deducted should be taken.

Hon. Mr. Foy introduced a bill to amend the Mines Act. The object of the act is to provide that persons having mining claims in the forest reserves may have leases, but not patents. Under the Mines Act a patent may be issued after a certain period.

Lloyd Defalcations Up.

Before the orders of the day were called, Mr. Gamey rose to point out the reports appearing in the papers concerning the Lloyd case at Newmarket, and to call the attention of the Attorney-General to the same. It was stated that efforts were being made to withdraw the prosecution, and that when the case was called the other day the county crown attorney was not present. It looked to Mr. Gamey like the crown attorney was attempting to compound a felony.

The Premier's reply was that he was somewhat surprised that the Hon. gentleman should attempt to prove from the newspapers that the crown attorney was attempting to compound a felony.

When Mr. Whitney's bill to amend the Election Act by doing away with the identification number, was brought up, he said it was not the intention of the Government to do anything with the ballot itself.

Jessop Withdraws Bill.

In moving the second reading of his bill, respecting volunteer fire departments and fire insurance companies, Dr. Jessop made a fine plea for the volunteer firemen who risk their lives and give their time without pay. He proposed to give 2 per cent. of the premiums received by fire companies to the volunteer firemen's fund.

The Premier, however, saw difficulties in the way of what appeared to be a good way of recognizing worthy men. It might interfere with the adjustment of rates by the underwriters, and he did not know but what the fire companies were also entitled to a good deal of sympathy. These, then should be heard before a bill of such a drastic nature was passed, and he asked Dr. Jessop to withdraw the bill for the present.

Dr. Jessop, therefore, withdrew, and promised to revive the question next session.

Hislop's Amendment.

On the motion to go into supply, Mr. Hislop moved an amendment, "that the discontinuance of direct grants to the Cattle Breeders' Association, Sheep Breeders' Association and Poultry Breeders' Association is not in the public interest. The amendment was lost.

A number of private bills were read a first and some a third time.

In the Municipal Committee, Mr. Downey's bill to amend the objectionable features of the Common Act was laid over for a year on the suggestion of Hon. Mr. Hanna, who said the Government would consider. A number of bills were reported.

Wants, For Sale, To Rent

TWO BOYS WANTED AT ONCE. Apply at the Examiner office.

YOUNG GIRL WANTED — TO DO GENeral housework, in family of three. Apply to 441 Reid street. 3d116-6024.

Point St. Charles Mills

OPERA HOUSE NOW PRACTICALLY ASSURED

Mr. R. M. Dennistoun Appeared Before Town Council Last Night Asking for Fixed Assessment--Request Was Granted--Civic Holiday to be Changed to First Monday in August--Warm Discussion on the Question of City Incorporation--Council Refuses Mayor's Request That Matter be Put to Vote of the People--No Celebration Will Now Be Held--Plumbing Bylaw Was Passed.

Outside of the feature of last night's council meeting referred to in another column, in which the question of city incorporation was aired, the meeting was devoid of any special interest. A big batch of bylaws and correspondence was disposed of, Ald. Mason's plumbing bylaw being among those passed.

Mr. R. M. Dennistoun appeared before the council representing the promoters of the new opera house, and informed the city fathers that it was now practically certain that the play house would be erected, and, in fact that the contracts would probably be let in a few days. He applied for a fixed assessment on the land and building at the price paid for the land, $3,600, in accordance with a clause in the town's bill of 1904, by which the council is given power to fix the assessment of an opera house. The land upon which the house will be erected is that immediately north of the warehouse of Messrs. J. J. Turner & Sons. The assessment was fixed as asked for, and the license fee was also set at $10 a year.

The date of the Civic Holiday was changed from the third Thursday in August to the first Monday, in response to a request from the Trades and Labour Council to this effect.

Reports from a number of committees were received and adopted. Those present were.—Mayor Best in the chair, Ald. Johnston, Begley, Hicks, Mason, Hall, Tovey, McIntyre, Scott and Adams.

Mr. R. M. Dennistoun addressed the council with reference to the opera house proposal and asked that the council fix the assessment of the opera house proposed to be erected on land immediately north of the J. J. Turner & Sons' property, for ten years at $3,600, the price of the land The Legislature had given the town council the power to do this by a bill passed in 1904. He also asked that the license fee be fixed at $10. There had been considerable difficulty in securing the necessary capital, but this was practically assured now, and they asked the council to assist them to the extent mentioned.

In accordance with this request Ald. Mason moved the following resolution which was seconded by Ald. Hicks, who made it a suggestion that the plans of the building should be approved by the town engineer as to fire escapes, etc.

Communications.

Communications on the following subjects and from the persons named were read and dealt with in the manners indicated :—

From F. L. Robinson, asking for refund of $4.00 paid for excavation of sewer connection, — Board of Works.

From M. and B. Griffith, notifying the town that if the grade of the sidewalk is lowered at numbers 177, 179 and 183 Antrim street, damages will be asked for them—Board of Works.

From J. Langley, Toronto, applying for the position of plumbing inspector—Committee of Whole.

From Peterborough Light and Power Co., enclosing plan for the position of poles, which the company intends to erect and asking same to be approved—Board of Works.

From S. W. Wainright and W. Parnell, engineer and driver of the fire department, asking for increase in pay—Fire, Water and Light Committee.

From a number of ratepayers asking for the extension of Westcott from Lock street to George street—Board of Works.

From C. S. McClelland stating that he intended to close off the striking part of the clock for repairs—Received.

W. J. Allison wrote asking for a sidewalk crossing at the corner of Dublin and Bethune streets. The same gentleman applied for a granolithic walk on the south side of Dublin street, west of Bethune street. —Board of Works.

From Roger & Bennet, asking that the new walk on Dickson street be laid on the ground occupied by the old walk, and not outside the tree line.—Board of Works.

From R. G. Kingan, asking for a refund of dog taxes. His canine met with a fatal accident.—Received.

From William Ruckins and others, asking that the walk on the south side of King street be extended to George street.—Board of Works.

From Mary M. Dunn, treasurer of the Laura Secord National Monument Fund, asking that the council make a contribution towards the erection of a monument to the memory of Laura Secord, at Queenston, Ont. — Board of Works.

From J. H. Larmouth, for the Radial Railway Company, making application for sewer connection from the car barns.—Board of Works.

Mr. J. H. Larmouth also wrote on behalf of the Peterborough Light and Power Company, replying to an enquiry on behalf of the council, that they were lighting the streets on a moonlight schedule, and that it was unnecessary for them to run the lights for more than 300 nights in the year, although, as a matter of fact they do. On an occassionally cloudy night, when the moon is obscured, the lights are turned on. It may also happen that when this occurs, the lamps were not trimmed, as the company counted on having sufficient carbon in the lamps to run them for the number of hours the moon was not shining, consequently if the lights were turned on early in the evening, some of the lamps might burn out before morning. They considered it more preferable to turn on the lights during the early hours of the evening, when there were more people on the street, than very early in the morning. If the council wished the lamps to burn all night under these circumstances, there would have to be a different arrangement made. The opinion of the company was that at the present time they were giving a better service than the contract calls for.—Fire, Water and Light Committee.

Annie Lush wrote claiming $30 for damage done to her property by the fact that the sewer on Dublin street had been open for some time.—Board of Works.

From ratepayers asking for a granolithic walk on Rubidge street, east side, from Dublin street to Edinburgh.—Board of Works.

From property owners asking for a granolithic walk on the west side of Jackson avenue. — Board of Works

J. G. Perry, secretary of the local Typographical Union, wrote, calling the attention of the council to what it considers an inconsistency, in recommending that F. F. Garden be given a share of the town's printing, in view of the fact that it had been decided to adopt the "union label" on all town printing. Mr. Garden, the letter states, is not allowed to use this label on his work, and, consequently in apportioning him a share of the work, the council is violating its own laws. The request is that the matter be reconsidered, and that the work be done in union shops. —Committee of the Whole.

Mr. C. Robb, chief engineer of the Boiler Inspection and Insurance Co., wrote saying that he had called at the fire hall and found the fire engine ready for use when required, and well looked after.—Received.

The Trades and Labour Council wrote asking the Council to change the date of Civic Holiday from the 3rd Thursday in August to the 1st or 2nd Monday of the same month.—Committee of the Whole.

Ald. Adams moved, seconded by Ald Hall, that the bylaw be amended to change the Civic Holiday from the 3rd Thursday in August to the 1st Monday in that month. The Mayor asked if it was good policy to change the bylaw, and Ald. Mason said that it was the policy of the council. Ald. Hicks moved, seconded by Ald. Johnston, that no change should be made. The amendment was defeated.

Mr. Jas. Drain said he was speaking on behalf of the ladies, and remarked that they found that it was a bad day to prepare provisions for that day in the week.

A copy of a resolution was received for signatures, asking that the Dominion of Canada advance to each settler who locates within twelve miles of the G.T.P. Railway $1,000, and that the Province advance $1,000 to each settler elsewhere in New Ontario.

G. Mulligan applied for refund of dog tax.—License Committee.

From W. G. Green, tax collector, stating that the total amount of taxes received was $105,750.38; banked $105,438.96; paid back $315.42; balance on roll for 1904, $3429.08.—Finance Committee.

From owners of real property, asking that a granolithic walk be constructed on the east side of Rubidge street, from Dalhousie to Wolfe streets.—Board of Works.

From J. C. Shook, for the Dickson Company, calling attention to the neglected state of the east end of Murray and Dickson streets, and asking that something be done toward reducing the grade.—Board of Works.

Ald. Hicks, as chairman of the Celebration Committee asked the Council to discuss the matter of the celebration, and said that he did not intend to take the responsibility of either stopping or helping it, but he wanted to know where he was at. He thought that it was up to the Mayor to express his opinion on the matter, as he would not go ahead with the matter unless the Mayor was in favour of the celebration.

The Mayor said that he had not changed his opinion and that he was still in favour of submitting the plan to the people, and he would be willing to pay the cost of submitting the matter to the people if they did not support him.

Ald. Hicks replied to the effect that he was misunderstood. He was not criticizing the action of the Mayor, but he wanted to know where he was at, so that he would be able to acquaint the committee.

The Mayor replied with warmth that Mr. Bradburn had played him a dirty trick in bringing the deputation into the rooms of the chairmen of the Private Bills Committee the day after the first deputation was in Toronto, and had "worked Carscallen," who was a "damned wobbler."

Drop the Celebration.

Ald. Adams said that he was of the opinion that the celebration matter had better be dropped, since there was no probability of the people becoming united. He was not in favour of spending the people's money in this way at any time.

Ald. Begley also advocated dropping the celebration. He thought that there had been enough of a civic demonstration in the Parliament Buildings in Toronto, and Peterborough had been advertised enough.

The Mayor asked the council if they were willing to submit the proposition to the people, and Ald. Hall, replying, said that personally he was not in favour of doing this. The bylaw had been advertised in the usual way, and no objection had been made until the night before the deputation went to Toronto. Ald Hall said that the council had been treated in a most cowardly manner by the Mayor in the matter of the Bill, by his action in throwing them down in Toronto, to which the Mayor jumped to his feet and said that Ald. Hall was afraid to make that remark outside the building.

The Mayor further explained his position in Toronto and said that he could not have done otherwise than what he had done.

Ald. Adams poured oil on the troubled waters by saying that he thought that the less said about this matter the better. He remarked however that the Mayor had not always been such a stickler upon the council carrying out the views of the people, and instanced the matter of the sidewalk bylaw, upon which the Mayor had voted against the expressed opinion of the people on three different occasions, and turned down the people.

Mayor Best said that the sidewalk bylaw was voted on by the whole body of electors, and not simply by the property owners.

Referred to Arbitration.

Ald. Adams challenged this remark, and the clerk was asked to settle the matter. He looked up the bylaw, and it was found that only the freeholders voted on the bylaw, supporting Ald. Adams contention.

Ald. Hicks, speaking on the question of submitting the matter to the people, said that he was not in favour of submitting it at this late hour.

Ald. Begley followed along the same line. He thought that there was no strong agitation against incorporation, and the people generally were satisfied. There was no danger of a revolution. He resented the insinuation that the aldermen had been lagged on by the Town Solicitor, as he had not used his influence on any alderman.

Considerable discussion followed, but nothing definite was done, and the business was proceeded with.

Committee of the Whole.

Ald. Adams presented the following report of the Committee of the Whole :—

Your Committee of the Whole begs leave to report as follows :—

1.—In accordance with instructions from the Council we appointed the Mayor and Ald. Hall and McIntyre to represent

Continued on Third Page.

Drooping—Tired—Weary

You Feel Depressed, Dragged Out, and Sort of "All Gone" —Shake Off That Tired Feeling, Get Well and Strong, Fortify Your Nerves, Nourish Your Blood.

FERROZONE

You are getting pale and thin. You're dragged down with a "don't care" feeling that makes life most unhappy. Your strength is fleeting away, and weakness is creeping in. Every day your chances for cure becomes smaller.

Trouble is you don't assimilate your food, consequently the body is poorly nourished. The blood is thin, lacks those red corpuscles that denote health.

You can only prevent a total collapse by building up all the powers of the body with Ferrozone, which will surely make you well. Ferrozone creates tremendous appetite, increases the power of digestion, and insures perfect assimilation. Everything you eat is at once converted into nourishment.

FERROZONE makes rich, pure blood, a surplus of energy, new life for the nerves and all over-strained organs. Robust health will glow on the cheeks, jovial spirits, increased weight, and a clear, active brain will evidence a few of the benefits that follow Ferrozone.

The effect of Ferrozone is instant, yet permanent. For upbuilding and invigorating the listless and depressed it has no equal. It's the concentrated nourishment in Ferrozone that makes it so beneficial. We guarantee it contains no opiates, no alcohol, nothing but the most strengthening qualities known in medicine. Won't you use Ferrozone ; it will surely make you well.

GAINED 15 POUNDS.

Mr. H. A. Thurston, of 223 Vermont St. E., Indianapolis, Restored by Ferrozone.

"A year ago I took the grippe. I was as weak as a child. I was no longer able to eat. My blood was thin. My cheeks were white and hollow. Doctors gave me all kinds of medicine, but none of them brought me strength. My friends said I was wasting away with some slow disease, and I bade them good-bye. Then I heard of the wonderful Ferrozone. After three days it gave me an appetite. I gained strength and became cheerful. Under Ferrozone I improved steadily. I am well to-day. I weigh fifteen pounds heavier than ever before, and feel like a new man.
(Signed) "H. A. THURSTON."

BUILD UP WITH FERROZONE!

Ferrozone Makes the Weak Strong—the Sick Well.

CAUTION! Be on your guard against the substitutor who urges something "just as good." Get FERROZONE when you ask for it. Other tonics are not so good as FERROZONE, which is guaranteed to cure. Price 50c per box of 50 chocolate coated tablets. Sold by all reliable dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ontario.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhœa, dizziness, flatuleney, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Mrs. Robert Glenn, of 434 Marie St., Ottawa, Ont., writes:

Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound is so well and widely known that it does not need my recommendation, but I am pleased to add it to the many which you have in its favor. I suffered untold agonies from ovarian troubles for nearly three years, and the doctors told me that I must undergo an operation, but as I was unwilling to do this, I tried your Vegetable Compound and I am only too pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. Pray accept my hearty thanks and best wishes."

Just as surely as Mrs. Glenn was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

Appetite Was Poor.

Dizzey Most of The Time.

Could Not Sleep at Night.

Many people are unaware of having anything wrong with their heart or nerves till some little excitement or overwork makes them feel faint and dizzy, or perhaps simply going up or down stairs causes dizziness and specks to float before the eyes. People troubled in this way should heed the warning, and not fail to take treatment before something more serious occurs.

For all heart and nerve troubles there is nothing to equal

Milburn's Heart and Nerve Pills.

We do not claim that they will cure chronic heart disease, but we do claim that they will strengthen the weak heart, and build up the shaky nerve system.

Here is what Mrs. Sidney Hoffman, Hillside, Ont., says :—

"I was troubled greatly with my heart, and was so very nervous that the least little thing startled me.

"My appetite was very poor; I could not sleep at nights, and was dizzy most of the time. I took three boxes of Milburn's Heart and Nerve Pills, and I am very pleased to say that they did me a wonderful lot of good."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 for $1.25. All druggists, or mailed direct.

CLOSING CONCERT AT T.A.S. ROOMS

Excellent Musical Programme Rendered

Numbers were well Received Throughout—Audience Thoroughly Delighted..

Quite a large audience heard the excellent programme presented last night at the T. A. S. rooms, at the Society's closing concert of the season.

Every number on the programme, which was entirely musical, was well received and heartily encored, and it was only from the view-point of individual taste that a distinction could be made as to which were the more excellent—the vocal or the instrumental numbers. The chair was occupied by Mr. J. Hanrahan.

The opening number was a most intricate and difficult piano duet by the Misses Doris, the performance exhibiting great technical proficiency and a fine power of expression.

The vocal solo which followed, a "Lullaby," by Miss Hackett, was rendered in a manner which evoked an enthusiastic encore.

Another vocal solo was then rendered most pleasingly by Mr. Mackie, the rendition displaying an unusually excellent voice.

A charming vocal duet, "Let us Wander to the Greenwood," was next given by Misses Wilson and Phillips, in which the delicate passages of the selection were beautifully interpreted.

The succeeding number, a vocal solo by Miss Loretta Clancy, captivated the audience and drew a hearty and well-deserved recall.

A piano duet by the Misses Tagney was delightfully rendered and was greeted most enthusiastically.

The melodious passages of "My Sweet Magnolia," was rendered by Mr. Frank Pope and thoroughly delighted the audience.

A vocal solo was next given by Miss Lewis and Miss Coster, with splendid effect, the selection being rendered with pleasing expression.

The concluding number, a "Lullaby," sung by Miss Kathleen O'Brien, was one of the most delightful of the programme, the clever little artist displaying vocal abilities of great promise.

The programme was unfortunately shortened by the unavoidable absence of several artists, who were expected to assist.

The accompaniments of the evening were played with sympathetic taste and expression by Mrs. Morrow, Miss Doris and Miss Doherty.

The concert was concluded by the singing of the National Anthem.

FIRST MEETING OF CHEESE BOARD

1,701 Boxes Boarded To-day and Sold at 9 5-8.

Mr. Publow, Chief Inspector, Addressed the Board—Vote of Thanks to President.

The first meeting of the Peterborough Cheese Board was held this morning in the Ontario Bank Chambers, and was attended by a large number of salesmen and buyers. Mr. Publow, Chief Inspector of Brockville, was present and addressed the meeting briefly. The buyers present were:—Messrs. Squire, Kerr, Fitzgerald, Cook, Whitton, Rollins, Wrighton, Morten.

The number of cheese boarded was 1701, and all but three factories were sold, those remaining unsold being Missing Link, Buckhorn and North Dummer. Mr. Wrighton purchased 705 boxes at 9 5-8 and Mr. Kerr took 700 at the same price. Mr. Squires took Stony Lake also paying 9 5-8.

The factories boarded the following number of boxes:—

Keene	80
Warm'nster	45
Shearer	50
Central Smith	90
North Smith	50
Villiers	41
Warsaw	90
Westwood	120
Oakdale	75
Missing Link	30
Daisy D	30
Melrose Abbey	170
Lakefield	90
Pine Grove	60
Peterborough	90
Maple Leaf	75
Myrtle	80
Ormonde	75
Young's Point	30
Lang	60
Fraserville	30
Indian River	45
North Dummer	40
East Emily	230
Trowern	30
Ballyduff	60
Bensfort	60
Cedardale	30
Stony Lake	30
Cavanville	200
Mount Pleasant	105
Norwood	60
Brinsley	50
Shamrock	60
Fleetwood	75
Oakleaf	60
Dashford	70
Percy	230
Buckhorn	30
South Burleigh	30
Killarney	100

In the absence of the President of the Board, Mr. Young, the Vice-President, occupied the chair and conducted the sale and welcomed the salesmen and buyers back again for the season. He hoped that the business of the Board would be conducted as satisfactorily this season as it had been in the past.

Mr. Publow, of Brockville, addressing the Board expressed his pleasure at meeting the buyers and the Board. He had visited a number of the factories during the last year, and this year he would visit many factories in this section. The factories in this district were grouped better than they ever had been in the history of the Board.

Mr. Publow referred to the matter of the official referee who inspects the cheese at Montreal. The method of inspection in the past was not satisfactory, but in the future the standards had been fixed in such a way that there could be no disputing them. Anything that was being done in the way of changing the standards was done with a view of benefitting the trade.

They were trying to work with a view of having uniformly fine cheese and no second grade. Three men were interested in this,—the man who supplies the milk, the maker and the salesman. He would like to have the salesmen visit the factories and see that the cheese was properly made. Uniformity in weight and appearance would count in the classification of the cheese this year, and it was to the material advantage to have the cheese in good quality.

The fodder cheese this year had been very good, and this week's make would not be as good since the latter were getting both fodder and grass.

He hoped that the Peterborough Board would have a successful season and that it would live up to its reputation of the past.

Mr. Riddell, the secretary, suggested that it would be well for the factories to make application for inspection early since an early application would facilitate the grouping.

Mr. Young, the Vice-President, urged all the factories to secure the services of the inspector. This year all the cheese would be branded Canadian cheese and if any of it were sent back it would be a reflection on Canada.

Mr. Whitton moved a vote of thanks to the retiring President of the Board, Mr. Drummond, for his services for 21 years as head of the Board since its formation. Mr. Caughlan seconded the motion, which was carried unanimously.

The sale of the cheese was then proceeded with, Mr. Fitzgerald starting the bidding at 9 cents. Mr. Kerr raised to 9 1-16, Mr. Wrighton to 9 1-4, Mr. Fitzgerald went to 9 3-8, and Mr. Whitton to 9 7-16. 9 1-2 was bid by Mr. Wrighton and Mr. Kerr went to 9 9-16 and Mr. Wrighton bid 9 5-8 and at this price called Keene, Warminster, Shearer, Bensfort, Central Smith, Warsaw, Westwood, Lakefield, Myrtle, Indian River, and Fleetwood, all of which accepted.

At the same price Mr. Kerr called Norwood, Ormond, Shamrock, Brinsley, Dartford, Oakdale, Villiers, Lang, Daisy D., Buckhorn, (subject to Montreal inspection) Pine Grove, Maple Leaf, Young's Point, Trowern, Peterborough, Fraserville. All accepted except Buckhorn. Mr. Kerr also added North Smith, but the salesman refused, saying that there was $16.80 between Mr. Kerr and his factory for the last ten years, and he could not sell him.

Mr. Wrighton on a second choice took North Smith at 9 5-8.

At 9 9-16 Mr. Kerr called Buckhorn, North Dummer, Missing Link, and Stony Lake, all refusing. Mr. Squire took Stony Lake at 9 5-8.

Some discussion ensued as to when the next meeting would be held, and it was finally decided that it should be held in two weeks.

Croup Absolutely Cured.

"There is no remedy in my opinion that can act more promptly than Dr. Chase's Syrup of Linseed and Turpentine. It saved my son of croup, absolutely, in one night. We gave him in a dose when he was black in the face with choking. It gave him instant relief and cure."—Mr. Wm. McGee, 49 Wright Ave., Toronto, Ont.

VALUE OF "OZONE"

The value of Ozone (it is really liquid oxygen) is well known to medical science. It kills the germs of internal disorders. If taken in concentrated form (and that means "Solution of Ozone (the coupon kind" it insures a speedy cure for asthma, bronchitis, Bright's disease, kidney trouble, malaria and rheumatism. This stringent remedy needs with it a tonic laxative to secure the best results. Your druggist will give you sixteen ounces of "Solution of Ozone" for fifty cents and if you insist on the coupon kind, will guarantee a free package of "Celery King." The Public Drug Co., Bridgeburg, Ont. Sold by W. B. Warne, druggist

OPERA HOUSE NOW ASSURED.

Continued from Second Page.

the council for the deputation to wait upon the Minister of Public Works for Ontario in regard to the transfer of the dams and reservoirs on the Trent Valley waters from the Ontario to the Dominion authorities.

2.—Your committee examined a by-law to regulate plumbing in the town and approved of it as amended and gave instructions to have it re-written.

3.—Your committee appointed Ald. Adams, Mason, Hicks, Scott and Hall and the Town Solicitor to represent the council before the Private Bills Committee of the Legislature when the Town's bill came before it the second time and recommended that their expenses be paid.

4.—We recommend that the Street Commissioner be authorized to pay such wages as are necessary in connection with the construction of granolithic sidewalks and that the Treasurer be authorized to pay them on the certificate of the Town Engineer and the Street Commissioner.

The report was adopted.

Board of Works.

Ald. Adams presented the report of the Board of Works as follows:—

Your Board of Works begs leave to report and recommend as follows:—

1.—That the Peterborough Radial Railway Company be permitted to put five poles on Perry street and remove seven off Lake street, and that they be permitted to renew poles on Crescent and Lock streets.

2.—That the Peterborough Light and Power Company be permitted to place six poles on the north side of Carlisle avenue, on the north side of Aberdeen avenue, four on the west side of Aylmer street, seven on the west side of Driscoll Terrace and so far as the Town can give permission, six on the west side of Wolseley street.

3.—That Mrs. E. Jackson be paid $725 in full settlement of her claim on account of the sidewalk being lowered on the north side of Hunter street, east of George street, Mr. A. P. Poussette, K. C., having agreed on her behalf to accept that sum, Mrs. Jackson to execute a release satisfactory to the Town Solicitor.

4.—That the teamsters employed on Corporation work be paid $2.25 a day, they to draw a minimum load of 11-2 cubic yards, and that those who draw 1 2-4 cubic yards be paid $2.50 per day.

5.—That T. Rutherford be paid $39.60 for gravel in accordance with a certificate of the Town Engineer.

6.—That having examined petitions for the construction of granolithic sidewalks as local improvements on the following parts of streets and found them to be sufficiently signed, that they be granted, namely, on the north side of Townsend street from Rubidge street, west 70 feet; on the west side of Rubidge street, from Wolfe to Rink street; on the south side of Brock street, from Rubidge to Stewart street; on the east side of Rubidge street, from Wolfe to Townsend street and on the east side of Rubidge street from Dalhousie to Wolfe street.

7.—That a petition for the construction of a sewer as a local improvement on Stewart street from McDonel to London street, having been found to be sufficiently signed, be granted.

8.—That the application from Odine Laplante for an extension of a sidewalk on Romaine street be granted, to be laid of old plank.

9.—That the letter from P. McNamara asking that a bill board on Lake street be removed be referred to the Town Engineer to notify the owners to remove it if it is on the street.

10.—That the letter from Edmison & Dixon regarding the claim of J. H. Cobb, be referred to the Legal Committee.

11.—That no action be taken on the letter from James Hogue regarding the grade of the sewer on Dublin street.

12.—That the request of A. F. Lane and C. Seymour for a sidewalk on the east side of Reid street, between Simcoe and Charlotte streets, be granted when a properly signed petition is presented.

13.—That the request of Sing Lung for permission to erect a sign on George street, extending over the sidewalk, be not granted.

14.—That a petition for a sidewalk as a local improvement on the south side of Gilmour street, west from St. Thomas street and being sufficiently signed be not granted.

15.—That a petition for a sewer on Edinburgh and Union streets not being sufficiently signed be not granted.

16.—That in making his report on the diversion of the creek in Ward 5 the Engineer calculate the interest on debentures at four per cent. and a sinking fund on a 3 1-2 per cent. basis.

17.—That the Park street drain be covered with inch plank where necessary between Townsend and Rink streets.

18.—That the Street Commissioner be paid $2.25 per day while engaged in superintending granolithic sidewalk construction on the certificate of the Town Engineer.

19.—That the matter of employing a time-keeper on sidewalk construction be left to the Street Commissioner.

20.—That the sewer on Park street, between Charlotte street and Sherbrooke street, be laid on the west side of the street.

21.—That the plank sidewalk be extended on Stewart street to Edinburgh street of old plank.

The report was adopted.

Property Committee.

Ald. Scott presented the report of the Property Committee. The recommendations of this report were published in the account of the meeting of the Committee.

Fire, Water, and Light

The following report of the Fire, Water and Light Committee was presented by Ald. Johnston:—

Your Fire, Water and Light Committee begs leave to report as follows:—

1.—Your committee authorized the Water Commissioners to place a hydrant on a new main at the corner of Stewart and Perry streets.

2.—We recommend that Richard Parnell be appointed a driver in the fire department at a salary of $456 a year, payable on the 15th and last days of each month.

3.—We recommend that the petition for a hydrant on the corner of Edinburgh and Union streets, be granted, subject to the approval of the Water Commissioners.

4.—We recommend that a hydrant be placed at the corner of Reid and Smith streets, subject to the approval of the Water Commissioners.

The report was adopted.

Down to Business.

A by-law to authorize the extension of the conveyance of the site for an armoury and a collegiate institute passed its several readings.

A bylaw to provide for the closing of barber shops at eight o'clock p.m., and remaining closed until five a.m., the following day, excepting Saturdays and evenings before holidays, passed its several readings. Any one infringing this by-law will be subject to a fine of, not exceeding, $50. This by-law will take effect June 1st.

A bylaw to license plumbers and regulate plumbing and to provide rules and regulations respecting plumbing and drainage, passed its several readings. This bylaw has been published at length in a previous issue, and goes into force this morning.

Bylaws to provide for borrowing money for sewer and sidewalk construction passed their several readings.

A bylaw appointing R. Parnell a driver in the fire hall, passed its several readings.

Resolutions.

The clerk was authorized to have the necessary forms in connection with the plumbing bylaw, printed.

On motion of Ald. Mason, seconded by Ald. Adams the clerk was authorized to have 200 copies of the plumbing bylaw printed in pamphlet form.

On motion of Ald. Adams, seconded by Ald. Hall, the treasurer was authorized to issue a cheque for $30,000 for the balance of purchase money for site for an armoury and College Institute, over the amount given by the Dominion Government.

The Council then adjourned.

All orders left at the Water Works or by phone 325 will be attended to at once.

R. J. G. SUTHERLAND
Sanitary Plumber

Sealed tenders addressed to the undersigned, and endorsed "Tender for Port Stanley Breakwaters," will be received at this office until Monday, June 5, 1905, inclusively, for the construction of two breakwaters at Port Stanley, Elgin County, Ontario, according to a plan and specifications to be seen on application to the Postmaster at Port Stanley, Ont., at the offices of H. A. Gray, Esq., Resident Engineer, Confederation Life Building, Toronto, J. G. Sing, Esq., Resident Engineer, London, Ont., and at the Department of Public Works, Ottawa.

Tenders will not be considered unless made on the printed form supplied, and signed with the actual signatures of the tenderers.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for twelve thousand dollars ($12,000.00) must accompany each tender. The cheque will be forfeited if the party tendering decline the contract or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

EDITORIAL NOTES

The Government of Quebec, has this session doubled the grant to elementary education, but even at that the grant is not excessive. The former appropriation was $30,000, now it is $100,000.

Earl Grey has delivered a speech in Montreal upon the importance of pure milk. Our Governor builded better than he knew — a good many users in Peterborough will be inclined to regard Earl Grey's remarks as a plea, indirectly, for pure water.

The new Governor-General, Earl Grey, has adopted the course this session of Parliament of asking each member of the House of Commons to call him at his office on Parliament Hill. When he ascertains where the member comes from he puts a series of questions to him concerning the locality, the resources and the basis upon which the population depends.

In five years the debt of India has increased by £16,000,000. But during that time £20,000,000 has been expended upon railways, and £2,750,000 upon irrigation works. These more than pay interest upon the amount invested. In five years the revenue from state railways has risen from £76,000 to £255,000. The average annual surplus from the railways is £406,000.

A Rev. A. Marsh, who is described as a Huguenot Minister, was roughly used by Laval students in Montreal, who were incensed by his remark that the Zulus in Africa knew more about religion than French Canadians. While we may not sympathize with mob law, it is not surprising that such an intemperate statement should arouse bitter feelings. It is doubtful if the cause of true religion can be advanced by such methods, but it is very certain that much disturbance and ill-feeling can be aroused with no countervailing advantage.

A Buffalo Judge refused to grant a divorce to a Canadian last week because he had not resided long enough in the States to acquire a legal residence before beginning the action. While we talk about the divorce evil on the other side we should not forget that Canada helps to swell the number of divorces over there. And the more shame to Canadians. It would not be bad if Canadian divorcees took up permanent residence in the United States. They would feel more at home, where public sentiment is in sympathy with a loose marriage tie.

A representative of the Chicago Tribune, who was sent to Glasgow to study municipal ownership, writes to his paper, giving the reasons why Glasgow has been so successful in her municipal undertaking. Here is his testimony:

Here politics does not enter into the municipal life at all. There are no political divisions in the city council. There is no means of finding out the political party to which each of the councillors belongs, except by securing the services of two or three different men acquainted with the individuals, and then they will check them off on their fingers, one by one, with a good deal of doubt and hesitation as to the accuracy of the count.

The city of Montreal is in the grip of the gas "trust." The city council has confirmed an extension of franchise to the Montreal Light, Heat and Power Company which fixes the price of gas at one dollar per thousand feet for the next 20 years, no matter how cheaply gas may be produced in the meantime. If Montreal got its electric light at as low a rate as it can be furnished in Peterborough, there wouldn't be much gas burnt except for cooking purposes. But the company controls both gas and electric light and it isn't the way of monopolistic corporations to voluntarily reduce the price of light or power.

BUILDING UP A TOWN.

The Hon. John Hannon, who was recently a candidate for the Mayoralty of Ogdensburg, and who was elected, too, by the way, puts himself on record thus: "I have given a great deal of thought to the question of manufacturing, and I have reached the conclusion that as a rule, it is safer and better for us, when possible, to encourage our own citizens in enlarging their own manufacturing business or to start in a small way and gradually build up our own establishments."

Mr. Hannon's ideas are quite sound, and if every municipality would refrain from giving cash bonuses, it would be a great boon to all concerned.

Commenting on Hon. Mr. Hannon's remarks, the Brockville Recorder has this to say: "It is certainly better to assist in the building up of industries already with us, which we know are all right, or to aid in the establishment of new ones which promise well, than to pay out large sums in the way of bonuses or other inducements to concerns from outside. The most progressive manufacturing centres in Western Ontario, such as Brantford, Galt, Guelph, Berlin, and others that might be named, have never adopted the bonus system to any extent, some of them not at all. The most that the majority of these places have done is to give free sites and exemption to industries locating in their midst. Local capital has done the rest, when necessary. The Recorder is pleased to notice a growing tendency in this direction in Brockville. It is a move in the right direction. If Brockville is to attain the importance as a manufacturing centre for which by location it is so well adapted, it must be done by the men of means showing faith in their own town by investing their money in such deserving and safe industries as present themselves from time to time. This attracts the attention of outsiders, and when they see such a spirit of enterprise displayed by citizens they naturally look more favourably upon the town as a location for any industry they may think of starting."

QUEBEC AND THE MINORITY

A Peterborough gentleman has addressed the following letter to the Toronto News:—

I have just read letters of "A Friend from Quebec", and "Sample Case". Permit me to say that sample case is a sample case of the view point of too many men in Ontario. He says he covered Ontario from Windsor to Ottawa. He did not need to say that, as the rest of his letter would show that Ontario is all he thinks about, and that he is narrow enough to not consider our broad Dominion and its interests. I can agree with him that commercial travellers are thinking men as a class, but ask him did he read the speeches of Hon. Mr. Fisher and Mr. H. B. Ames, of Montreal, on the Autonomy Bill. Does he know that Mr. Ames, though a strong Conservative, voted against his leader because he knows of the broad, generous treatment accorded the Protestants of Quebec by their fellow-citizens (with horns?)

I lived until manhood in Ontario, but a few years in Quebec opened my eyes. Now I would that I had a trumpet voice that could call aloud in the cities, towns, that could call aloud in the cities, towns, villages and cross-roads of Ontario and cry shame upon the Protestants who will be outdone in liberality by their French and Catholic fellow-citizens. Shame upon the Protestant so narrow-minded, so bigoted or so stubborn as to persist in insisting that Catholics should separate religion from education when all history proves the absurdity thereof. Shame upon all (Independent) papers and all other Conservative Toronto papers. Shame, thrice shame, upon The Globe for neglecting to publish in full the speeches of Hon. Mr. Fisher and Mr. Ames to open the eyes of "Sample Case" and others who only see Ontario.

And now, Mr. Editor, permit me to say to you that I consider your conduct throughout this school controversy has been such as to mark you as "dangerous". Were I empowered to decree eternal punishment upon Canadian national sinners, the stirrer up of strife of race and religion would be allotted the warmest corner. You would never "play hockey". Show your independence Mr. Editor, show your fairness and even at this date print in full the speech of Mr. Ames.

You are not ignorant as "A Friend from Quebec" says you are dangerous, and know that you are playing a part for political reasons. Come and live six months in Montreal and get broad-minded.

TOLERANT TRAVELLER,
Peterborough, May 12, 1905.

SOFT, GLOSSY HAIR

It can Only be Had Where There is No Dandruff.

Any man or woman who wants soft glossy hair must be free of dandruff, which causes falling hair. Since it has become known that dandruff is a germ disease, the old hair preparations that were mostly scalp irritants, have been abandoned and the public, barbers and doctors included, have taken to using Newbro's Herpicide, the only hair preparation that kills the dandruff germ. E. Dodd, Dickinson, N. D., says: "Herpicide not only cleanses the scalp from dandruff and prevents the hair falling out, but promotes a new growth. Herpicide keeps my hair very glossy." Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh special agents.

Flowers and Bedding-out-Plants.

Now is the time to plant your seedlings, and fill your baskets and urns. We have a fine assorted stock in boxes, consisting of Asters, Petunias, Verbenas, Phlox, Pinks, Salvias, Stocks, Zinnias, Scabiosa, Gaillardia, etc. Our variety of hardy vegetables, bedding plants, can't be beaten at 50 cents per dozen. Closest prices to everybody. Come and see. J. H. Cobb, Aylmer street greenhouses, Telephone 132. Open evenings.

WANT HOLIDAY ON SATURDAY

Effort Being Made to Have Dominion Day Celebrated Then.

Mr. E. G. Patterson Sending Circular Letter to Different Manufacturing Establishments.

Mr. E. G. Patterson, General Superintendent of the Canadian General Electric Company, has sent a circular letter to the different manufacturing establishments of town, with reference to the celebration of Dominion Day. The letter is as follows:

By referring to the calendar you will notice that July 1st falls on Saturday, and it is a public holiday. You are probably aware also that the 57th Battalion has arranged to visit Ottawa, leaving here on Friday night and returning Sunday night. When the Battalion leaves town it generally takes about 450 of the artisans of the town, and I presume that when they go it affects your establishment to some extent.

I understand that there is an agitation on foot to hold the holiday on Monday instead of Saturday. This would be very nice from a pleasure point of view for everybody, but I presume that you are busy in your establishment, and want to get out the largest outputs this year, and if the holiday is postponed until Monday, it means that we will be without the labour of all the members of the militia for Saturday, and also be shut down entirely on Monday.

In some of the establishments Saturday afternoon is a holiday anyway, and it will be much more profitable from a manufacturing point of view to celebrate on Saturday, instead of postponing it until Monday.

I would be glad if you would advise me whether you will join us in getting up a counter-petition to present to the council against changing the date of celebration.

Those to whom these letters were sent are:—Peter Hamilton Co., William Hamilton Co., Lock Works, H. F. Ackerman, Peterborough Canoe Co., Auburn Woollen Mills, Canadian Cordage Co., Matthews Packing Co., Canadian Canoe Co., English Canoe Co., American Cereal Co., Parker Dye Works, Peterborough Light and Power Co., Otonabee power Co., Peterborough Street Railway Co., Central Milling Co., Dickson Co., A. McDonald Planing Mill Co., McAllister Milling Co., Examiner, Review, Bell Telephone Co., A. Comstock, Peterborough Fuel and Cartage Co., Colonial Weaving Co., Wm. Langford, Adam Dawson, R. Sheehy Finnie & Gordon, J. J. Hartley, E. H. Mank, W. H. Moldrum, Peterborough Shovel and Tool Co., T. E. Rehill, Scott & Hogg, J. J. Turner & Sons, Peterborough Mattress Co., Housedry & Sons, G. W. Green, Fanning's Laundry, Times Printing Co., Curtis Bros., Colonial Typewriter Co., R. Climscale, H. Calcutt.

POLICE COURT NOTES

Three Cases Received Enlargements

The case of John Sims for erecting a wooden building within the fire limits was enlarged till Monday next.

Alex. Martin also received a similar remand on a charge of keeping a tagless dog. Martin though admitting that the dog "hung around" the place at times, stated that the allegation that he was the owner thereof was untrue. The Magistrate remarked upon its excellence as a mark for the Chief to practise upon. Martin was given till Monday to dispose of the canine.

The case against Joseph Murphy for not providing for his child the necessities of life, also received an enlargement till to-morrow.

Don't forget the Peterborough Turf Club's Annual Excursion to Toronto, Saturday May 20th. Special train leaves Peterborough 8:10 a. m. Returning, leaves Toronto at 11:15 p. m. Tickets good going only on special train. Returning, any regular train May 20th, 21st and 22nd. 4tf14

BIG EXCURSION FROM THORNTON

L.O.L. Will Bring 1000 People Here on June 7th.

Will Take Trip Over the Lift Lock by Calcute's Steamers.

Peterborough is evidently becoming a popular objective point for excursions. Yesterday, Mr. Fred Sisson of Thornton, Ont., was here completing arrangments for a mammoth excursion which will come here on June 7th, under the auspices of L. O. L. No. 16, Thornton and L. O. L. No. 415, Ivy.

Mr. Sisson has made arrangements with the G. T. R. to carry from 700 to 1,000 excursionists to Peterborough. Upon arrival at this town, they will take a trip over the lift lock, contracts having been made with the Calcutt line of steamers to convey the excursionists over the lock.

This is the second excursion that has been arranged to come to Peterborough during June, already, and the probability is that their will be a great many more during the summer.

St. John's Y. M. C.

Hear the best local talent in town, at the concert in St. John's school house, on Friday evening, May 19, in aid of the ball team of St. John's Y.M.C. Tickets 15 cents. 2d

A Good Move.

A move in the right direction has recently been made by E. W. Gillett Co., Limited, Toronto, in placing an order for gasoline business rigs, to be used for them for advertising purposes throughout the Dominion, and for delivering their goods to the grocery trade in Toronto. Motors for business purposes are being largely used in England as well as other European countries. In the large United States cities to-day they are almost as common as wagons drawn by horses. The express companies in most of the American cities have adopted the use of the horseless vehicle to a very large extent. From actual tests it has been found that one business motor wagon will deliver as many goods in a day as can be delivered by twelve teams of horses. It will not be surprising to find that other large concerns will gradually fall into line.

Brantford Refrigerators

WERE WEDDED AT CATHEDRAL

Nuptials of Miss Blanche Almanda de Laplante and Mr. Victor R. T. Hettler

The Ceremony was Performed by Rev. Father Fitzpatrick of Ennismore—Beautiful Array of Costly Gifts.

A pretty wedding was solemnized this morning at St. Peter's Cathedral, when Miss Blanche Almanda de Laplante, daughter of Mr. and Mrs. N. T. Lerigee de Laplante, of town, and Mr. Victor R. B. Hettler, of Toronto, plighted their troth in the presence of a large number of relatives and friends. The ceremony was performed by Rev. Father Fitzpatrick, of Ennismore, at eight o'clock.

The bride, who was one of Peterborough's most popular young ladies, looked charming in a dress of white crepe de Paris, and wore the traditional white veil and wreath of orange blossoms, carrying a bouquet of lily-of-the-valley. Her going-away dress was a brown shirt-waist suit. The bridesmaid was Miss Armine de Laplante, cousin of the bride, who was beautifully attired in white summer silk. Mr. Osias de Laplante, barrister, brother of the bride, acted as groomsman. Mendelssohn's wedding march was played by Miss Doherty.

A beautiful array of presents was received by the popular couple, from relatives and friends, both at home and abroad, testifying to the esteem in which they are held. These included a beautiful gold watch and diamond and pearl ring from the parents of the groom, Paris, France; a clock from Mrs. Legendre; brush and comb set from Prof. and Mrs. Masson of Toronto; a set of wine glasses from the sisters of the bride; a cut-glass water bottle from Mrs. (Hon.) J. R. Stratton, and other beautiful and costly tributes too numerous to particularize. A beautiful gift was that of the bride's mother, a set embroidered linens, which were entirely her own work. The groom's gift to the bride was a diamond and pearl fleur-de-lis pendant, and to the bridesmaid a fleur-de-lis brooch.

At the conclusion of the ceremony the party drove to the residence of the bride's father, where a dainty wedding breakfast was served, after which they departed upon the 11.20 C.P.R. train for a honeymoon trip embracing Montreal and points east.

They will reside, upon their return at 93 St. Joseph street, Toronto. Amongst the out-of-town guests present at the ceremony were Prof. and Mrs. Masson, of Victoria University, Toronto.

Ho For Stony Lake!

On May 23rd, steamer Stony Lake will leave Lakefield on arrival of the noon train, for any part of Stony Lake.

On May 24th, steamer Stony Lake will leave Lakefield on arrival of morning train from town, making a trip around the lakes, returning in time to connect with the last train for town.

On May 25th steamer Stony Lake will leave Stony Lake in time to connect with last train leaving Lakefield for town.—P. P. Young. 3d

A CONDEMNATION OF MAYOR BEST'S COURSE

Aldermen Criticize His Actions in Matter of City Incorporation and Say That He "Threw Down the Council"—Chief Magistrate Defends His Course of Action--Believes Yet That Majority of the People Are Opposed to Incorporation--His Action is Characterized as Cowardly by Aldermen--Ald. Adams Points Out What He Considers Inconsistency in the Mayor's Attitude--Celebration Will Not Be Held.

Last night's meeting of the council was not exactly what might be termed a mutual admiration society, and some adjectives were used which would hardly be considered the correct thing in parlour conversation. It was all over the question of city incorporation, and Mayor Best took occasion, in response to a request for information by Ald. Hicks, to reiterated his opinion on this subject. He repeated his opinion that if the matter were submitted to the people they would support his contention that they were unfavourable to the town being made into a city at the present time, and again offered to pay the cost of submitting it to the people if they did not support his view.

Ald. Hick's Dilemma.

The matter was brought up by Ald. Hicks, who asked the Mayor for his opinion as to the celebration proposed, and for which the council had already voted money to the extent of $1,000. As chairman of the Special Committee, Ald. Hicks asked what position His Worship was going to take on the matter, because, unless he were going to support it, he would not undertake to carry it on. He thought that the celebration could not be a success unless the Chief Magistrate of the town was in sympathy with the scheme, and he simply wanted to know where the Mayor was at so that he could so advise the committee.

His Worship did not answer the question submitted by the chairman, but at once plunged into a defence of his position before the Private Bills Committee in Toronto, on the occasion of the visit of the deputation in connection with the town's bill before the Legislature. He contended that he could take no other course than that adopted by him, without swallowing his own personal feelings in the matter, which he did not propose to do. He took occasion to give his opinion of Mr. T. E. Bradburn, and said that the member had played him a dirty trick when he brought the men from Peterborough in before the chairman of the Private Bills Committee on the second day. Mr. Carscallen came in also for some uncomplimentary remarks. That gentleman, in the opinion of Mayor Best, is a "damned wobbler."

Mayor "Throws Down" Council.

Ald. Hall apparently voiced the sentiments of the majority of the aldermen when he said that the Mayor had "thrown down" that body, and he criticised very strongly the action of His Worship in not stating his position to the council on the night prior to the visit of himself and the Town Solicitor to Toronto. The alderman said that the Mayor's action in allowing the matter to be decided upon by the council, without raising a dissenting voice, and going to Toronto, in response to a motion passed by the council, to support the bill, and his expenses authorized to be paid by the town, and afterwards opposing the bill, was cowardly.

To this statement the Chief Magistrate took strenuous objection, and remarked that Ald. Hall was "afraid to say that outside." These statements by the chairman of the Supervision Committee were greeted with a chorus of "hear, hears" from the other members of the Council.

The People's Opinion.

The Mayor still thought that it was not too late to allow the people to vote on the question, and asked the council to allow this to be done. This did not meet with the approval of the aldermen, none of them supporting the proposal, and all who spoke on it at all expressed determination to support the passing of the bill to the end now. Ald. Hicks stated that at the start he had not been in favour of city incorporation, and until the last night the matter was brought up before the bill was up in the Private Bills Committee, he had not voted in favour of it, but, in view of the fact that the majority of the council was in favour of it he had decided to fall in line, and now having taken that stand, he did not propose to back down.

Not Always a "Stickler".

Ald. Adams thought that the celebration idea had better be abandoned. It was certain that with the opposition to it, shown by the Mayor, it would be unadvisable to proceed with it. He took occasion, however, to inform His Worship, that he had not always been such a "stickler" upon fulfilling the voice of the people. He mentioned the case of the vote on the proposal to pay for the construction of sidewalks by the system of general tax instead of by frontage, and said that although the freeholders, voting on this question, had declared by a large majority their belief that the former was the better system, the Mayor had on three occasions by his own vote, breaking a tie vote in the council, made it impossible to carry out the expressed will of the ratepayers. Replying to this the Mayor said that those who voted on this bylaw were not those who had to pay for the walks, but that it was a vote taken of the whole town, including those elegible to vote at municipal elections. This Ald. Adams denied, and to settle the matter the clerk was appealed to. He referred to the bylaw authorising the vote being taken, and found that Ald. Adams' contention was correct, and that only freeholders were allowed to vote. Mr. James Bogue, who was one of the spectators, here interjected that this was not correct, and that more than freeholders voted on the bylaw.

The Officials Blamed.

The Mayor, in introducing the subject said that the agitation for city incorporation originated with the town officials, and mentioned the town solicitor as being the man who had opposed the submission of the question to the electors, stating that he had made the remark that the people did not know what they wanted. Ald. Begley and Ald. Adams, however, denied this, and said that the town solicitor was only a servant of the council and had simply carried out the instructions given him by that body.

Although no vote was taken on the question, there is little doubt that the celebration will not be held, and that Peterborough will enter cityhood very quietly, and without any demonstration to mark the event. It is certain that Ald. Hicks will not act as chairman of the Celebration Committee with the Mayor taking the position that he does.

ALL INDICATIONS OF DROWNING

Belief is Now General That Mr. Robt. Hamilton Took His Life.

Finding of His Hat Lends Colour to This Supposition.

The hat which was found on Monday evening near No. 2 dam, in the Trent Valley Canal, about one and one-half miles from Lakefield, has been identified as belonging to Mr. Robert Hamilton.

It appears that a young man named Lagotte was driving past No. 2 Dam on the river road, and noticed the hat floating in the river. After some difficulty, he secured it and brought it back to the village. It was afterwards taken to the farm upon which Mr. Hamilton lived and shown to Mr. Deck, nephew of Mr. Hamilton, and with whom the latter lived, who immediately identified it as having belonged to Mr. Hamilton.

His brother, Mr. Alex. Hamilton, who has been here, has come to the conclusion that the only solution of the mystery of Mr. Hamilton's disappearance, is that he has met his death by drowning, and he has left for his home in Warren, leaving instructions as to the disposition of his brother's body, should it be found.

Save Your Eyes

If your eyesight is good take care of it—If it is defective have your eyes carefully examined.

DIFFICULT CASES

We take special interest in what are called "difficult cases". We take pleasure in hunting out complicated defects and solving difficult eye problems. Our successful work (where others have failed), adds to the patients comfort and naturally adds to our reputation. If your case is one in which others have failed, we would like to have you consult us. If you can be helped with glasses we can do it.

DISTRICT MEETING HELD TO-MORROW

Annual Meeting of Peterborough District Methodist Church.

Sessions Will Be Held in Charlotte Street To-morrow.

To-morrow morning the Annual District Meeting of the Peterborough District of the Methodist Church will open in Charlotte street. This meeting will be attended by ministers and laymen throughout this district. The ministers and laymen will attend in equal numbers, one of each being present from each circuit.

The first session, which will be a ministerial session, will open at 9.30 o'clock, and at 1.30 p.m. the general session will open.

Rev. W. J. Jolliffe, B.C.L., is chairman of the District, and Rev. J. G. Lewis, is financial secretary.

ALL ARE GUILTY OF CONSPIRACY

Jury Renders Verdict in Christian Scientists' Case.

Sentence Postponed Until June 30th—Accused Released on Bail.

After an absence of three hours and a quarter the jury engaged in trying the case against the four Christian Scientists — Mrs. Sarah Goodfellow, Mrs. Isabella Grant, Mrs. Elizabeth See and William Brandette—returned into court at twenty-five minutes past ten last night with a verdict of "guilty of conspiracy" against all the defendants. Mr. E. H. Ardagh, in the absence of Mr. E. E. A. DuVernet, who had conducted the case for the crown, at once moved for sentence, but Mr. Cassels, K. C., on behalf of defendants, applied for arrest of judgment until after the stated case has been heard. Justice Magee thereupon postponed judgment until the 30th of June, and agreed to accept the defendants' own recognizances of $500 each to appear on that date. The maximum sentence on such a charge is seven years' imprisonment. Interest in the proceedings appear to be as keen as on the opening day, and a considerable audience listened to the evidence and legal arguments throughout the day. There were a large number of ladies present, and they followed attentively every detail during the whole hearing, which lasted from 9.30 a.m., until 10.40 p. m. The jury's verdict was received without any demonstration in court, and the defendants were apparently unmoved by it.

It was charged against the accused "that they did unlawfully conspire on Jan. 4th and other days to deprive Wellesa Goodfellow of the necessaries of life, to wit, proper medicines and nursing, whereby death was caused."

ANTISEPTIC AND HEALING

There are Scores of Ways in Which Every Family Finds Use for

Dr. Chase's Ointment

Dr. Chase's Ointment is so pure and clean, so remarkably soothing and healing and leaves the skin so soft, smooth and clear that it becomes a pleasure to use it.

Though best known because of its extraordinary control of the most torturing, itching skin diseases, such as eczema, salt rheum, psoriasis and tetter, it should not be forgotten that Dr. Chase's Ointment will not injure the most delicate skin, but is really a skin beautifier of great value.

Dr. Chase's Ointment is used with splendid results as a cure for:
Chilblains and frostbites.
Chapped hands and face.
Sore and inflamed eyelids.
Poisoned skin.
Scald head and baby eczema.
Sore feet and toes.
Pimples and blackheads.
Rough, red skin.
Hives and insect bites.
Barber's itch.
Scalds and burns.
Itching peculiar to women.
Ringworm and pinworms.
Old sores and bed sores.

Especially where there are small children scarcely a week passes in which Dr. Chase's Ointment would not prove useful.

By noting the cures reported from time to time in this paper you will find that Dr. Chase's Ointment is one of the greatest healing preparations known to science, frequently curing eczema and psoriasis when all other means have failed.

Sixty cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

SEPARATES DEFEAT SOUTH CENTRAL

In Game Held on Monday—Score was 16—8.

The Separate School team defeated the South Centrals in a game on Monday evening by a score of 16-8. The Southerners' defeat was largely due to the superior base running and fielding of their opponents. Mr. W. Thornton gave excellent satisfaction as referee.

All games in the Junior Series will henceforth be played on Wednesday night unless different arrangements are made by the different Principals. The teams were:—

South Central.—c., W. Gibson; p., G. Cummings and E. White; 1st b., W. Fortye; 2nd b., Cummings and White; 3rd b., W. Dunford; r. f., C. Waram; c. f., G. Minergan; l. f., S Andersen; s. s., J. Patterson.

Separate School.—c., J. Eano; p., Fred. Conroy; 1 b., J. O'Brien; 2 b., F. Heffernan; 3 b., C. Hayes; s. s., W. Clancy; r. f., H. Hickey; c. f., V Hayes; l f., F. O'Shea.

forwards, McIlmoyle, Todd, Weir, Graham, Shaw.

• • • •

The O.C.W's had a good turn out last night. They play an exhibition game with the P. B. C. kickers to-night.

• • • •

The Quakers had a good practice last night, about a dozen men being out in uniform. All are requested out for to-morrow night as a good work out is requested to get the teams in shape to meet Norwood on Saturday.

FIELD HOCKEY.

A field hockey practice will be held to-night at 7 o'clock at the Oval. A large attendance is requested.

CRICKET.

Clark Earls presented the winners of last Saturday's game with a fine bat.

• • • •

She always darned her hose with silk—
The holes were quite extensive—
The price of silk was very high;
Which made them darned expensive.

BASEBALL.

Yesterday the Orioles defeated Millimbeck's team, the score being 12-4. The batteries were:—Heap and Munro and Millimbeck and Anderson.

• • • •

The B. A. C. Baseball Club has received a challenge from the Ontario Bank team for a game to-morrow night and the challenge has been accepted.

FOOTBALL.

The line-up of the Business College in to-night's game with the Old Country Wanderers will probably be:— Goal, Bellingham; backs, Weir, Kennedy; half-backs, McManus, Clark, Main;

A MARCH-OUT NEXT TUESDAY

57th Regiment Will Turn Out with Both Bands.

Weekly Drill Held Last Night—Men increasing in Efficiency.

Last night the 57th Regiment held their weekly drill, with a good number of the men in uniform. The Regiment is rapidly rounding into shape, and should be ready for inspection next month. Next Tuesday night the regiment with both bands will parade.

The following orders were read after the drill last night:—

Headquarters,
Peterborough, May 16, 1905.

Orders by Lieut.-Col. J. W. Miller, Commanding 57th Regiment, Peterborough Rangers.

No. 1.—Detail of duty for week ending May 23rd, 1905:—Captain for the week,—Captain Mills; next for duty,—Captain Bennett; Subalterns for the week,—Lieutenant Watson; next for duty,—Lieutenant Wilson.

No. 2.—The following are taken on the strength of the regiment:—No. 1 Co., May 9th, 1905,—Pte. W. F. W. Leach. W. MacMillan, A. Turner, E. K. Duffus, L. W. Shaw, C. Butters, G. Valens, C. Bodman, A. Flowers; No. 3 Co., May 8th, 1905,—Pte. A. H. Davern, W. Haggerty, F. Pierce, T. H. Hutchinson, W. F. Huffman, H. A. Vance, T. H. Mowan, J. Friendly; No. 4 Co., May 10th, 1905,—Pte. E. Moore, J. W. Foster, E. M. Shuter; No. 7 Co., May 9th, 1905,—Pte. W. H. Bevoy, A. O. Kidd, J. Somerville; No. 8 Co., May 9th, 1905,—Pte. P. M. Little, B. M. Green.

No. 3.—Leave of absence is hereby granted to Lieutenant Clarke.

No. 5.—The regiment will parade with both bands at the armouries at 8 p. m., on Tuesday, May 23rd, 1905, for a march out.

No. 5.—The Commanding Officer has been pleased to make the following promotions and appointments:—No. 2 Co.—Colour Sergeant F. W. Edwards resigns his company rank and is hereby appointed Regimental Quartermaster Sergeant. No. 4 Co.—To be Corporal (provisionally) Pte. W. H. Mitchell. Bandsman R. Hasch is also hereby appointed a Sergeant for the purpose of giving instruction to the drummers. No. 8 Co.—To be Colour-Sergeant, Sergeant Cavanagh; Vice, Sergeant Bartley resigned; to be Corporals (provisionally) Ptes. R. Loch and R. Sawers.

By order,
D. WALKER,
Captain-Adjutant.

AN ENJOYABLE BIRTHDAY PARTY

At Home of Mr. J. Stuart, Fifth Ward—Miss Eva Stuart the Hostess.

A very pleasing affair took place yesterday at the residence of Mr. and Mrs. J. Stewart, 68 Sophia street, 5th ward, it being the seventh birthday of their youngest daughter, Eva. About twenty of her young friends were invited to spend the afternoon and evening and all thoroughly enjoyed themselves. The tea-table was set out on the lawn, covers being laid for about twenty. Those who sat down to tea are as follows: Misses Viola Palmer, Hazel Whitcroft, Myrtle Bailie, Edith Savigay, May Ritchie, Hazel Crowe, Kathleen Fanning, Greta Graham, Jean Anderson, Wilma Nelson, Myrtle Clitheroe, Violet Cuncannon; Masters Stanley Cuncannon, Lionel Wilson, Roy White, John Giffespie and Willie Crothers.

After tea, games, etc., were played and all the youngsters went in for a good time.

The guests dispersed about nine o'clock, certain that they never had a better time, and wishing their playmate and friend many happy returns.

Miss Stewart was the recipient of many beautiful presents and made a charming hostess.

During the evening, Miss Eva sang "Won't You Come to My Tea Party?" This was given in a good voice and true expression. Her sister, Miss Stewart also contributed several piano solos.

Clark's Delicious Pork and Beans.

Always ready—always tasty— always appreciated. The best food for men who do things. 1c and 10c tins.

PERSONALLY CONDUCTED TOUR

To California and Lewis and Clarke Exposition, Portland, Oregon.

A personally conducted excursion to the Pacific Coast via The Grand Trunk Railway System and connecting lines, leaves Quebec July 5th, and Montreal and Toronto July 6th. The route will be via Chicago, and thence through Council Bluffs to Omaha, Denver and Colorado Springs. Stops will be made at each of these places, and side trips taken to Manitou, Cripple Creek, Garden of the Gods, etc. From there the party will continue through the famous scenic route of the Denver and Rio Grande, through the Royal Gorge, to Salt Lake City, thence to Los Angeles, San Francisco, Mount Shasta, Portland, Oregon, Seattle Spokane, and home through St. Paul and Minneapolis. The trip will occupy about thirty days, ten days being spent on the Pacific Coast.

The price for the round trip, including railroad fare, Pullman tourist sleeping cars, all meals in the dining cars, hotels, side trips, etc., is $165.00 from Quebec, or $160.50 from Montreal, and $150.00 from Toronto. This first trip is designed as a vacation trip for teachers, although many who are not teachers will improve the opportunity of taking the trip at the remarkably low price afforded.

For full particulars, address E. C. Bowler, General Agent and Conductor, Room 368, Union Station, Toronto. 9d

Keep the door open for the concert in St. John's school house, Friday evening (May 19th, in aid of the Hall fund of St. John's Y. M. C. I. Tickets 15 cents. 2d

Seigars Oldest and Are Oldest Ad.

Portage la Prairie, May 17.—On Sunday night three burglars attempted to rob the house of Fred Hunter, nine miles north of here, who some time since was left a fortune by English relatives. The Hunter men were aroused about midnight, and he and Hunter started after them. He opened the door and saw two men, one of whom fired at him, the bullet grazing his stomach. He fired back with a rifle, and a third man mysteriously hard again, dropping dead.

She Gained Fifteen Pounds

A young woman in New York wrote us that she had lost twenty-five pounds in four months and her lungs were seriously affected. She had to give up her position as a stenographer. Someone told her to try Scott's Emulsion. She took three bottles and gained fifteen pounds. Her general health was so improved that she resumed her work. Such cases are not the exception, but the rule. We have shown persons to gain an average of a pound a day by taking an ounce of

Scott's Emulsion

It seems hardly possible, yet we have received thousands of letters telling of almost similar results. It's not so strange when one is familiar with Scott's Emulsion. It sets the digestion right and furnishes rich nourishment that is easily absorbed by the system. Good food does good when it can be digested. Scott's Emulsion is a food itself, but it helps other food do good and so the gains in flesh are made quickly and easily.

SUCCESSFUL AGENT GETS A PROMOTION

Mr. J. A. Williams Promoted to Western Ontario

Mr. J. A. Williams, district manager of the Union Life Assurance Co., has been transferred from this district t ethat of western Ontario, embracing Galt, Guelph, Hespeler and Preston, and left yesterday to take charge of that work.

Mr. Williams has been most successful in his work in this district, and as a recognition of this he has been promoted to a larger district. Those who were under his charge here were Messrs. F. Ashton, C. W. Wright, McFadden and Miller.

Mr. D. J. Scott, supervisor, is in charge of the office here temporarily.

MRS. HUNTER'S STORY

Says she and her Husband Agree Perfectly—Both Quite Well Again

Mrs. I. Hunter, of 111 Raglan Road, Kingston, Ont., has written for publication a statement of her case as follows:

"I have suffered with kidney and liver trouble and chronic constipation for some time. I was subject to dizziness, bilious conditions, nervousness, drowsiness, pains in the back and side, and a tired, weary feeling nearly all the time.

"I tried almost every remedy, was treated by doctors and druggists with little or no benefit.

"Finally a friend advised me to try Dr. Leonhardt's Anti-Pill, and the "M husband has used Anti-Pill for rheumatism and was benefited greatly. We agree that Anti-Pill is a most wonderful medicine and heartily recommend it."

This is a very strong recommendation. Anti-Pill is undoubtedly the greatest of family remedies. All druggists, or the Wilson-Fyfe Co., Limited, Niagara Falls, Ont. 30d

Found Drowned.

Calgary, May 17.—The body of an unknown man has been found in a slough. It is believed it was there all winter. There is no means of identification beyond discharge papers from the South African Constabulary, bearing the name of Edwin Forester.

Strike to End in a Week.

Chicago, May 17.—It is asserted by both members of the Employers' Association and by the conservative element in the ranks of the teamsters that the present strike will be declared off, probably within 48 hours, and certainly by the end of the week.

Seven Sutherland Sisters' Hair Grower

GREW THIS HAIR

94 Blue Island Ave., Chicago, Ill.

Seven Sutherland Sisters:—

Ladies,—I have been greatly benefited by the use of your Hair Grower and Hair and Scalp Cleaner, and I feel it my duty to recommend same.

Eleven years ago my hair in length was just below my waist, and falling. I commenced using your remedies at that time and I have continued the use of same with satisfactory results, and have never used any other preparations. My hair is now seven feet in length, heavy, soft and a beautiful golden brown, as my photograph will show.

I give you permission to use my letter, also my photograph in advertising in any way you desire.

Yours respectfully,

MISS M. TAYLOR

JUDGMENT HAS BEEN RENDERED

Fines Workers in Election At Sault Ste. Marie.

MEN GUILTY OF CORRUPTION

Chancellor Boyd Imposes Fines on William Coyne, Pat Galvin and Lack Kennedy—Ruling in the Case of the "Minnie M."—What Election Law Word "Conveyance" Does Not Mean.

Toronto, May 17.—Chancellor Boyd handed out judgment yesterday in the Soo election cases.

In the cases of William Coyne, formerly manager of the Lake Superior Co., and Pat Galvin, the claim that being American citizens they should be exempt, was disallowed. This, said Chancellor Boyd, was the only matter that could be urged to exempt them. He held, however, that having committed unlawful acts in Ontario they were liable for punishment, though not present at their trials. Coyne and Galvin were aware of the summons against them and could have been present had they wished. Not being so he had to pronounce judgment in their absence.

The Fines Imposed.

Pat Galvin, proven guilty of having furnished refreshment to illegal voters while on the trip to Michipicoten and Helen Mine, aiding and abetting personation of voters and inducing persons to vote illegally, was fined $200.

William Coyne, having been convicted of providing railway transportation from Michipicoten to Wahwah free of charge, is fined $100. For having provided refreshments to illegal voters another fine of $200 is inflicted.

Is Not a Conveyance.

The pronouncement regarding the using of the famous "Minnie M.," the steamer that brought the election pluggers over to the Soo from Michigan, is as follows: "We do not find any fine can be imposed on Coyne for using the steamer 'Minnie M.' The statute contemplates transportation by land and not on water. Railway carriages, cabs, carts or any conveyance,' are the words used, and on this point we do not think the word 'conveyance' can be so enlarged as to take in steamers."

Fines by Process.

In the cases of Coyne and Galvin the costs are attached and the fines can only be obtained by process as in the case of a judgment, the prosecutor having agreed to this.

A similar fine of $300 was levied upon Lack Kennedy, except that if costs are not paid within a week, he goes to jail for six months.

The case of J. R. Lamont rested upon his own evidence. He was accused of illegally paying railway fares, bribery, etc., and his own words partially substantiated the charges, but under the provision he was not held accountable, and is acquitted, as he cannot be convicted upon his own evidence.

$300,000 FOR ONEIDA INDIANS.

United States Recompense a Canadian Tribe For Land Taken.

London, May 17.—After a legal fight which lasted for 12 years, the members of the Oneida reserve, about 800 in number, have been awarded the sum of $300,000 by the United States Court of Claims, in lieu of land which was taken away from them in New York State by the United States Government many years ago.

Since 1893 the case has been in the hands of G. Chisholm, barrister.

Every squaw and papoose will receive about $375. The money will be placed in the hands of the Canadian Government, to see that it is properly administered. The Oneidas are located near Delaware, about 17 miles from this city, and are a very prosperous tribe.

Mr. Lloyd Very Ill.

Newmarket, May 17.—It was reported last night that T. H. Lloyd is in a serious condition from nervous prostration and heart trouble, and Mrs. Lloyd is also prostrated and requires constant medical attention.

Sir Wilfrid Will Go.

Regina, May 17.—Sir Wilfrid Laurier has promised to attend the inaugural celebration attendant on the creation of the new Provinces on July 1, provided the bills have passed by that time.

A NIGHTMARE

Gives point to the fact that excessive or irregular eating disturbs the digestion. Nightmare or night hag has its day time correspondence in the undue fullness after eating, with the belchings and sour or bitter rising so often experienced after too hasty or too hearty eating.

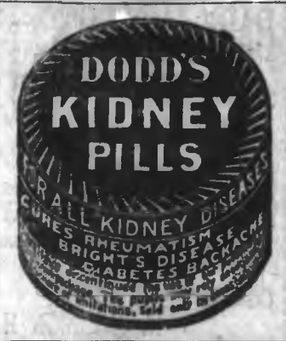
Dr. Pierce's Golden Medical Discovery cures dyspepsia or bad stomach. When the weak stomach is strengthened and invigorated the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.

"I was a victim of sleeplessness and extreme nervousness induced by chronic indigestion and I felt heavy, tired and worn out generally," writes Miss Mary Smith, of 2402 No. Wahsatch Street, Colorado Springs, Colo. "Dr. Pierce's Golden Medical Discovery was the only medicine which relieved me. Within a week after I began using it that heavy oppressed feeling after meals had left me, and I found I was able to sleep better than for months previously. My digestion was gradually restored, general system was toned up, nervousness became a thing of the past and I have now been in splendid health for over nine months."

Sometimes a selfish dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It may be better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

1000-page Doctor Book sent free on receipt of 21 one-cent stamps to cover postage only. 69 stamps for cloth-bound copy. Formerly sold for $1.50 at retail at over 500,000 copies. Every family should possess a copy for reference in case of sickness or accident. It is illustrated with hundreds of wood-cuts and several colored plates. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pellets Cure Constipation.



WHILE CHARGING GAS BUOY.

Two Men Hurt at Port Arthur Similarly to Kingston Explosion.

Port Arthur, May 17.—While Lighthousekeeper Cooper and assistant were putting carbide into one of the buoys to be placed in the harbor, the stuff exploded, injuring two men. The buoy had been leaking and the men not aware of the danger, poured carbide into the tank. The explosion was heard all over town. Cooper's nervous system is impaired and is in bad shape. His face and hands are also cut. His assistant had his hands cut, and an eye injured.

THE SECRET OF HEALTH.

Is Rich, Red Blood—Dr. William's Pink Pills Make New Blood.

Good blood—rich, red blood—is the only cure for such complaints as anaemia, decline, heart palpitation, skin eruptions, rheumatism, kidney troubles and a host of other every day ailments. Good blood makes you less liable to disease of every kind, because it strengthens and stimulates every organ in the body to throw off any ailment that may attack it. Good blood is the secret of life, and the secret of good, rich, red blood is Dr. Williams' Pink Pills for Pale People. These little blood-building pills have saved lives that doctors and nurses have despaired of. They have cured thousands of others—they will cure you too. Mrs. Wm. Boothe, Montrose, Ont., says: "For a couple of years my daughter Meta was in failing health. She complained of headaches and distressing weakness, and seemed to be rapidly going into decline. We consulted several doctors, but they did not help her. She was apparently bloodless, and we were afraid she would not recover. She had no appetite and was greatly reduced in flesh. At this stage a friend advised me to give her Dr. Williams' Pink Pills, and in a few weeks we noticed some improvement in her condition, and that her appetite was improving. We continued the treatment for a couple of months longer, and by that time she was again in the best of health. She had gained thirty-two pounds in weight, had a good colour, and was in the best of spirits. I do not think I am putting it too strongly when I say I think Dr. Williams' Pink Pills saved her life."

Dr. Williams' Pink Pills do only one thing, but they do that well. They do not act upon the bowels; they do not bother with mere symptoms. They actually make the new, rich, red blood that goes right to the root of the disease and drive it from the system. But you must get the genuine with the full name, "Dr. Williams' Pink Pills for Pale People," printed on the wrapper around every box. All medicine dealers keep these pills or you can get them by mail at 50 cents a box or six boxes for $2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

HISTORY OF THE BELL.

How the Canadian Business Was Acquired—Relations of the Bell Co. With Other Companies.

Ottawa, May 17.—President C. F. Sise of the Bell Telephone Co. yesterday morning resumed his evidence before the Parliamentary Telephone Committee. Mr. Chrysler examined Mr. Sise as to the agreement of 1880 between the Canadian Telephone Co. and the Bell Co. of Canada. The Bell Co. was organized by Mr. Sise to operate in Canada the Bell patents which had been acquired by the American Telephone Co. both for the United States and Canada. Mr. Sise had come from Boston to organize the Canadian Bell Co. He had never been in the employment of the American Telephone Co. When the Canadian Bell first came into Canada it took over the business and instruments.

Minute Examination.

Mr. Sise was examined minutely as to all the details of the acquisition of the rights of the Canadian Telephone Co. and others by the Bell. Two shares of Bell stock were issued for each share of Canadian stock. Subsequent issues had been paid for in cash. The Canadian Bell Co. had no agreement with any company as to business or purchase of supplies beyond one by which the Canadian Bell Co. acquired the Canadian rights of any patents obtained by the American Bell Co.

Relationship With Other Companies.

Mr. Sise said the North American Telegraph Co. was organized by the Rathbun Co. of Deseronto. It had wires north of Kingston as far as Port Hope. Last year its capital stock had been increased from one to ten millions. About two hundred thousand dollars of stock had been issued. The Bell Co. owned all this.

Mr. Sise said that the Bell Co. had been refused permission to increase its capital and get money to extend its business. It had decided to leave the Northwest. The North American Co., which has sufficient capital to get money, was going to buy out the property of the Bell Co. in the west and take over its business. They would have done so if there had not been hostile local legislation in the west, which made it inopportune for them to do so. Mr. Sise said he was president of the North American Telephone Co. Mr. Banfield was secretary. Most of the directors were also directors of the Bell.

In the Manufacturing Business.

The Northern Electric Co. and the Wire Cable Co. of Montreal were two manufacturing companies in which the Bell had a majority of the stock. The first company manufactured all sorts of electrical apparatus, and the cable company wire. Both sold to everyone. The Bell did not buy supplies exclusively from these companies. It bought about half the output of each company.

WAR'S LAND SIDE.

Oyama Is Endeavoring to Roll Back Russian Left a la Kuroki At Sha River.

Chanchun, May 16.—Reports from the southwest since Sunday make it appear that the Japanese movement against the Russian right is extensive and they seem to be repeating the tactics that were successful before the battle of Mukden. General Linevitch's advance columns have been attacked on the three military roads leading from Kaiyuan. The Japanese are operating in three columns, and the centre yesterday morning was at Chengtse, 35 miles southwest of this point. The Russian right, which was extended beyond Yushoti, has been drawn in toward Funhwa, where it will be impossible for the Japanese to attack successfully until after they have bridged one of the upper tributaries of the Liao River.

The news from the southwest indicates that Marshal Oyama is endeavoring to roll back the Russian left as Kuroki did at the Sha River in the first three days of his advance. The appearance of the Japanese on the extreme Russian left at Sinhokan has caused General Linevitch to withdraw his columns further northeast on the Kirin-road.

While the engagements begun last week have not yet assumed the general aspect of a battle, it seems clear that a big offensive movement has begun along the entire front.

Ships All Gone.

Saigon, Cochin China, May 16.—The Russian fleet, which reappeared off Honkohe Bay (a short distance north of Kamranh Bay), sailed northward early in the morning of May 14. No warship has since been sighted there.

Sylvania Confiscated.

Nagasaki, May 15.—The naval prize court at Sasebo has confiscated the British steamer Sylvania. The Sylvania was captured on Feb. 20 last bound for Vladivostock, with Cardiff coal on board.

Tokio, May 16.—The Government has prohibited the exportation of coal to Saigon. The embargo is to continue so long as the Russian fleet is in Indo-Chinese waters.

The Nekke Damaged.

London, May 16.—According to The Daily Telegraph's correspondent at Tokio during a great storm several days the Japanese converted cruiser Nekke was damaged by striking on a reef off Fusan.

Heard Cannonading.

A Norwegian steamer, The Daily Telegraph's correspondent says, reports having heard cannonading from 8 to 11 o'clock on the morning of May 11 in 38.55 north longitude and 129.20 east latitude, and that a Japanese torpedo boat was seen.

Fierce Fighting In Philippines.

Manila, May 15.—Fierce fighting the last two weeks on the Island of Jolo, between United States troops, under the personal command of Gen. Leonard Wood and an outlaw Moro chief, Pala, with 600 followers, has resulted in the killing of 300 Moros, and the loss of seven killed and sixteen wounded of Gen. Wood's froce. Pala and his remaining followers are surrounded to a swamp.

Mine Manager Drowns.

Winnipeg, Man., May 16.—A despatch from Rat Portage says that Sidney Pinchin, manager of the Combine Mine, 30 miles from there, was found drowned in seven feet of water a few yards from his own dock. On Thursday last he left the Combine to go to the Regina Mine. The canoe was found afterwards 200 yards away.

An Estate of $500,000.

Woodstock, May 16.—According to an estimate made by the executors of the estate of the late Hon. James Sutherland amounts to between $450,000 and $500,000.

Plague Appears In Scotland.

Ottawa, May 16.—The State Department has received a cable from the Colonial Secretary, stating that there are three cases of plague in Leith, Scotland.

ARNPRIOR HAS A MURDER.

Unknown Italian Killed by Fellow Patriot With a Knife.

Arnprior, May 16.—Last night a murder occurred here, in which an Italian, whose name is unknown, lost his life.

A great number of Italians have been brought into town from Montreal to work at lumbering, and on the water-works construction. They have proved a very boisterous crowd, and Chief of Police Mattson has been kept on the go to keep the peace.

Sunday night a member of the gang was nearly clubbed to death. While Chief Mattson was in Pembroke last night with this offender, two other Italians got into a racket, with the result that one pulled a knife and plunged it into the other fellow's heart, making a very ugly wound, from which he expired in a few minutes.

His slayer made no effort to escape, and Constable Hicks easily placed him in jail. The victim is there also awaiting orders for burial. County Crown Attorney Metcalfe of Pembroke will be here this morning to begin work on the case.

Church Scaffolding Breaks.

Bowmanville, May 16.—While putting a metallic ceiling in Salem Methodist Church yesterday, a two-inch plank in the scaffold on which the workmen were standing broke, precipitating William Bant, Charles F. Tye and Ernest Rundle to the floor among the pews. Mr. Bant's right leg was broken at the ankle and his face terribly disfigured. The other two escaped with bruises and a bad shaking up.

Colds

How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

IMPORTANT DEPARTURE IN THE WORK OF THE Y.M.C.A.

Inauguration of the Dormitory System Which Gives Great Promise of Future Success and Usefulness—Ten Apartments to be Formally Opened To-morrow Night are Bright, Airy and Comfortable--Splendid Prospect for Liberal Patronage--Energetic Work of Committee.

To the average masculine mind, nothing probably, affords more terrors than the annual housecleaning operations, yet a look-in at the Dormitory Section of the Y. M. C. A. last night would have convinced the casual spectator that something still more strenuous was in progress. It may however be stated, that this impression is not at all likely to be widely circulated by reason of the fact that there was no room for any casual observers in the whirlwind of action presented.

MR. ROBT. E. HARDING
Chairman of the Dormitory Committee

The occasion for the uncorking of so much latent energy, was, it is needless to state the preparation of the apartments for the formal opening to-morrow evening. In the strenuous scene presented, there was probably no busier man than the energetic secretary, Mr. G. H. Williamson, who had removed his seat especially for the occasion and assisted by a number of satellites, was performing all kinds of "jiu-jit-su" with the carpets and furniture. Mr. Shea acted as assistant carpet expert. To Mr. Garnet Gulley and his staff of assistants fell the more difficult task of ascending to the dizzy eminence, upon the top of a step-ladder to place in position the picture-moulding.

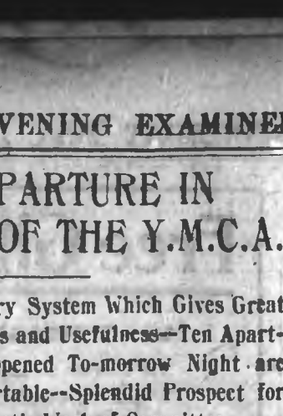
Hammers were being wielded more or less effectively by Messrs. Rolly Merrell, R. Dermer and R. E. Hardbath will be added later. On the floor of this room and of the halls will be placed fine edm. The rooms upon the north and are sub-divisions of the two large rooms previously there, one of these being divided into two and the other into three apartments. The rooms will be electric-lighted and heated by radiators in the corridors.

The cost of the construction of the apartments aggregates about $650, and the furnishing, about an equal sum.

The carpenter work was done by W. J. Johnston, the plastering by Joseph Johnston, the painting by Ralph Carton, and the plumbing by Adam Hall, the work being highly satisfactory in every particular.

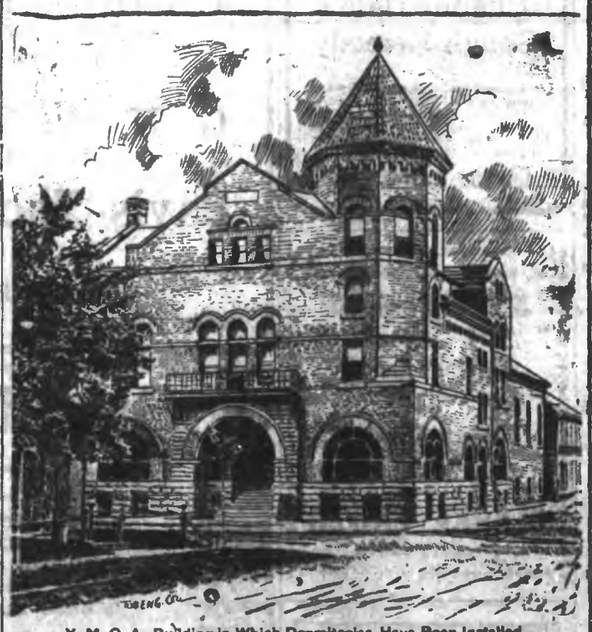
To Mr. R. E. Harding, chairman of the Dormitory Committee, who has always taken such an interest in the project, and who has throughout, worked so energetically in its behalf, is due, to a large extent, the credit for its highly successful issue. Mr. Harding was one of the initial promoters of the scheme, and has throughout lent his assistance most generously in the arduous duties connected with the financing and construction.

Messrs. J. S. Knapman and J. W. Bernet, the other members of the committee, were also most energetic in their efforts, and to both gentlemen great praise is due.



MR. J. S. KNAPMAN
A Member of Dormitory Committee and Energetic in Working For New Department.

The apartments will be increased in number as soon as it becomes practicable. The outlook for roomers promises that the number of applications will be greatly in excess of the accommodation which is available. A large number of prominent young business and professional men have already signified their desire to secure quarters.



Y. M. C. A. Building in Which Dormitories Have Been Installed.

ing. By no means the least important duty fell to Mr. Peter Wallace, who was engaged in placing in position upon the floor, copies of the Examiner, which had previously served their exalted mental purpose, and were now being put to more materialistic uses. Mr. P. K. Holmes, owing to a temporary indisposition, was an interested spectator.

The dormitories which comprise ten rooms, are situated on the top flat. Ascending the stairway and turning to the left, one finds three large rooms with windows facing Central Park, and one at the end of the corridor, with window facing upon George street. These rooms have been constructed with dormer-windows and are beautifully light and airy.

To the right of the landing are also situated two others fronting on Central Park, while straight ahead on the right of the corridor are bath room and lavatory and another sleeping apartment. At the end of the hall are situated the three remaining rooms, with windows overlooking the tennis court.

The rooms are most handsomely furnished and present a beautiful bright, attractive and home-like appearance. The furniture is all of solid oak, the quality being the best purchasable. The beds are of iron, with brass trimmings. The floors will be covered with Japanese matting of handsome design, with additional rugs. The bath-room fixtures are entirely installed, and a

THE SPONGE CAKE TEA A SUCCESS

A Delightful Evening Spent in Y.W.C.A. Building.

New Building Was Inspected by Young Women—A Pleasant Social Event.

Last night the new building of the Y.W.C.A., was crowded, the occasion being the sponge cake tea, given by the young ladies. It was an unqualified success from every standpoint, and a thoroughly enjoyable evening was spent.

The whole building was open for inspection, and the visitors took great delight in visiting the different parts of the well-appointed building, and inspecting the rooms and their furnishings.

Refreshments were served in the dining room, and a delightful programme was given in the gymnasium, Mrs. Dr. Scott, president of the Association, presiding.

The programme, which was of a high order of merit, was as follows:

Instrumental duet ... ...Misses Dobbin and Ball
Vocal solo... ... ...Miss Bessie Sperry
Piano solo... ... ...Miss Jean Hill
Violin solo ... ...Miss Marguerite Burnett
Vocal solo... ... ...Miss B. Parnell
Piano duet... ... Misses Gumpricht and Tully
Vocal duet ... ...The Misses Chasty
Piano duet...Misses Campbell and Jolliffe.

CRAIG HOUSE AGAIN CHANGES

Mr. Isaac Eastwood Sells to Mr. Jas. Allen.

Another Shift in Proprietorship of a Lakefield Hotel—Improvements To Be Made.

The Craig House, Lakefield, has again changed hands. Mr. Isaac Eastwood, who came into possession of the hotel about two weeks ago has sold out to Mr. Jas. Allen, formerly proprietor of the C. P. R. Hotel, Peterborough.

The sale was effected yesterday afternoon, and a deposit made by Mr. Allen to-day.

Mr. Allen and Mr. Alex. Elliott are engaged in taking an inventory of the furniture and stock. It is understood that it is Mr. Allen's intention to proceed with the erection of the $3,000 annex to the hotel projected by Mr. Eastwood.

CITY NEWS OF TO-DAY

—The session of St. Paul's church will meet to-night at nine o'clock.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 223 McDonnel street. 'Phone 199.

—Full information concerning Canada's highest grade piano, the "Nordheimer," at H. H. Edmison's pharmacy, George street.

Messrs. Casement and Squires, the County auditors are to-day in town, completing the work on the County Treasurer's books.

—"The Whole Dam Family" is the latest of a large assortment of sport and dog pictures on sale at the "Framery," two doors west of post office. dtf

—The sad message was received here yesterday of the sudden death of Mr. Wm. Chrow at Vancouver, B. C., on Monday, May 15th, 1905. He was the eldest son of Mrs. Edward Chrow, Smith street, and an old Peterborough boy.

—For potatoes, parsnips, carrots, beets, turnips, cabbage, hams, peameal bacon, eggs and butter, canned tomatoes, peas and corn, cheap; also nice mixed biscuits, call upon James R. Bell, 161 Hunter street. 'Phone 155.

—St. Andrew's prayer service tonight at 8 o'clock, subject:—"The Exquisite of Stewards." Special intercession will be made for the approaching mission under the direction of Evangelist Russell.

—The Harmony Quartette, Messrs. Legg, Wilson, Jolliffe and Shepherd, will sing "Old Folks at Home," with instrumental banjo accompaniment at the Charlotte street school concert next Monday. The programme will be an excellent one. td

—The special numbers for Friday night's band concert will include th recitation "The Ram of Crusader from the 'Thoroughbreds,'" by W. A. Fraser, and a song and dance number by Mr. Joe Guerin, violin concerto by Mr. Gilbert Markle and Humourous Phantasy in costume, "The Village Band."

—Brig. Turner, of Montreal, will duct a thanksgiving meeting in the Salvation Army Barracks on Thursday night. The total amount raised by the corps for the self-denial effort will be announced from the platform, the names of the several brigades and the amount each one raised, will be read out that evening. The band will furnish music for the occasion. All are invited.

—A special train goes to Lakefield to-night and on it will be the Peterborough, Otonabee and Prentypool Lodges of Odd Fellows to attend a meeting there to-night. The Prentypool Lodge was to have attended a meeting here to-morrow (Thursday) night, but later arranged to go to Lakefield with the other gentlemen to-night. They will come down on the half past seven train and take the special to Lakefield, where they will have conferred on them the first, second and third degrees in the I.O.O.F.

Fountain Pens to Your Liking.

We have just received another hundred of Waterman's Ideal Fountain Pens. We guarantee to suit every hand, or no sale. The prices for these pens are — $2.50, $3.50, $4.00, $5.00, $6.00 and 8.00. Our "Stratton Special" dollar fountain pen is as good as any $2 pen on the market. Fully guaranteed. Try one; if not suited, return and get your money at the Peterborough Bookstore. Drop in and get the latest Butterick's patterns free. A. H. Stratton & Co.

Plant Your Garden.

Mr. A. Blade, of the West-end Greenhouses, (at the residence of G. M. Eager,) has ready a very fine collection of hardy seedlings and bedding-out plants. This is the time for planting your gardens and flower-beds; and the West-end Greenhouses can be depended upon for exercising the utmost care to have everything pure and dependable. Parties having baskets, hanging pots and vases to fill will confer a favour by sending their orders in early for filling. Telephone 21h, to A. Blade, manager.

Still Cheap.

We still have a quantity of fancy bananas at ten and fifteen cents per dozen. These are large, bright fruit and well ripened.

BABY TUCKER'S WONDERFUL CURE

Covered from Head to Foot with Humours—Forty Boils on Head at One Time—Could Not Shut Eyes to Sleep—Doctors Did No Good.

CURED BY CUTICURA IN ONE MONTH

Mrs. George H. Tucker, Jr., 335 Greenfield Avenue, Milwaukee, Wis., is a grateful mother. "When six months old," she says, "my little girl weighed a pound and a half less than at birth. When one month old a scab formed on her face, spreading until it completely covered her from head to foot, followed by boils, having forty on her head at one time, and more on her body. Then her skin started to dry up, and it became so bad she could not shut her eyes to sleep. One month's treatment with Cuticura Soap and Ointment made a complete cure, and now my child is as large, strong, and healthy as any child of her age. The doctor's and drug bills amounted to a large sum, and [illegible] time. [illegible] and Ointment and cured her at trifling expense."

CUTICURA A BLESSING To Skin-Tortured Babies.

The suffering which Cuticura Soap and Cuticura Ointment have alleviated among the young, and the comfort they have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless curatives for birth humours, and every form of itching, scaly, pimply skin, and scalp humours, with loss of hair, of infancy and childhood. A warm bath with Cuticura Soap, and a single anointing with Cuticura Ointment, will permit of sleep for baby, and rest for mother, and point to a speedy and permanent cure in the most distressing cases.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney. Potter Drug & Chem. Corp., Boston, Sole Props.

Mailed Free, "How to Cure Baby Humours."

MR. PEARCE'S LOSS BY FIRE

Block Burned in Marmora, the Property of Mr. J. W. Pearce.

Marmora, May 16.—The brick block belonging to J. W. Pearce, M.P., was destroyed by fire this evening. The block was occupied by J. W. Pearce, general merchant; the Marmora Herald, printing office; Chas McWilliams, merchant tailor, Wm Sanderson, harness maker; John Shannon, dwelling. Parts of the stocks were saved, but Mr. Pearce's loss will be heavy.

Sciatica Put Him on Crutches.

Jas. Smith, dairyman, of Grimsby, Ont., writes: "My limbs were almost useless from sciatica and rheumatism, and, notwithstanding my esteem for physicians, I must give the credit where it belongs. I am a cured man to-day, and South American Rheumatic Cure must have all credit. It's a marvel." 34.

WHERE ADMIRAL TOGO AWAITS ROJESTVENSKY

Russian Admiral Who, With Fleet, is Now Sailing North--Getting Closer Together--Rojestvensky Is Believed to Have Cut His Last Communications With Home--Admiral Togo in Touch With All the Russian Admiral's Movements--British and French Steamers Seized.

St. Petersburg, May 18.—With a suspicious stoppage of despatches from Manchuria and a strong possibility that Vice-Admiral Rojestvensky has cut his last communications with home and set forth on the final stage of his journey to his goal, either Togo or Vladivostock, keen interest is manifested in naval and military circles here in the twofold field of war.

In Touch With Russians.

Tokio, May 18.—The Admiralty is silent in respect of the naval operations in the South China Sea and adjacent waters. It is known through semi-official channels that Vice-Admiral Togo is in touch with all the Russian admiral's movements. A report that Rojestvensky was trying to gain the Pacific by way of the Philippines was circulated here last evening, but official confirmation was lacking.

Where Togo Awaits Foe.

Amoy, China, May 18.—It is believed that part of the Japanese fleet is taking up a position below Formosa, and that Admiral Togo has planned to fight the Russians south of Formosa. The Japanese get orders from this vicinity at night time.

Steamers Seized.

Tokio, May 18.—The British steamer Includen was seized by a Japanese warship May 15 south of Corea.

The French steamer Quang Nam was captured by a warship of Japan on the same date near the Pescadore Islands, Straits of Formosa.

To Leave On June 14.

St. Petersburg, May 18.—It is announced from Cronstadt that Vice-Admiral Birileff, commander-in-chief at the Baltic ports, has ordered the commanders of the fourth division of Vice-Admiral Rojestvensky's fleet to hold their ships in readiness to leave for the Far East by June 14 without fail.

Plague at Harbin.

London, May 18.—According to the correspondent at Tokio of The Daily Telegraph, a severe epidemic of plague has broken out at Harbin, and the deaths resulting therefrom average 800

RUSSIAN'S PRAY FOR FLEET'S DEFEAT

Proclamation Issued Asking People to Hope And Pray For Destruction of Rojestvensky's Ships—People Have Unhappily Been Increasing Chances of Russian Victory Which Would Give Renewed Lease of Life to Autocracy ---If Fleet Wins People Must Break Into Open And Relentless Rebellion.

Special to the Examiner

Odessa, May 18.—Tens of thousands of copies of a remarkable proclamation issued by the social democratic revolutionary calling on the people to hope and pray for the destruction of Admiral Rojestvensky's fleet have been scattered broadcast throughout this part of the country. The proclamation warns the people that they have unhappily been increasing the chances of a Russian victory in the war which would give a renewed lease of life to the Autocracy and bureaucracy. Every liberal and patriotic Russian, the proclamation says, must hope and pray for the destruction of the Russian fleet. If that consummation fails then it behoved the people to raise the standard of open and relentless revolution.

CANADIAN SEALERS IN JAIL.

Representations About Their Hardships In Uruguay to Be Made to the British Government.

Ottawa, May 18.—Members of the House yesterday appreciated the change from the monotony of the discussion of the autonomy bill, and entered with zest into the consideration of other matters. Topics of discussion ranged from the story of alleged unjust imprisonment of Canadian seamen in Uruguay to methods adopted at the Central Experimental Farm at Ottawa.

Canadian Sealers Imprisoned.

The case of the crew of the Canadian sealer Agnes Donahoe, as presented to the House, appeared to be one of considerable hardship, and Sir Wilfrid Laurier promised to bring the matter to the notice of the British Government, although impelled to direct the attention of the House to the fact that the unfortunate men had been convicted by the laws of Uruguay after trial.

An interesting debate occurred upon the question of freight rates between Ontario points and points in the Maritime Provinces.

Experimental Extensions.

Hon. Mr. Fisher in Committee of Supply intimated that the Government were considering the advisability of extending the operations of the experimental farms to new regions to the north being opened up by the new railway, and that the House would probably be called on next year to make the necessary financial provision.

Hon. Mr. Fitzpatrick introduced a bill making provision for the administration of the unorganized territories of the Northwest by the Government of the new Provinces which they adjoin.

North Oxford Writ.

In reply to a question by Mr. Borden, when the writ would be issued for North Oxford, Sir Wilfrid asked that the question be renewed within a reasonable time. "What is a reasonable time?" asked Mr. Borden. "Oh, within four or five days," was the response of Sir Wilfrid Laurier.

Supplementary estimates for the current fiscal year, amounting in all to $6,379,347, were tabled last night, bringing the total appropriations for 1904-5 up to $51,346,291. Of the supplementaries $4,839,556 is chargeable to consolidated fund and $1,259,240 to capital. The sum of $280,551 figures under heading "unprovided items."

SINGLE 'PHONE ADVOCATE.

C. M. Hays, General Manager of Grand Trunk, Argues That Dual 'Phone Service is a Nuisance.

Ottawa, May 18.—At the special committee on telephones yesterday Mr. Sise called attention to certain figures in the accounts which were before the committee and which apparently showed that the Bell Co. had been making profits at points which were run at a loss. For instance, in 1902 Toronto was shown to have made $38,600 profits when it ought to have been printed a loss. In 1903 the loss was $1,700, not profit, as shown. In 1901 London was shown to have made $21,000 profits when it was actually $21,000 of a loss. In 1903 London shows $988 profits, it was a loss.

C. M. Hays on Stand.

Mr. C. M. Hays, vice-president and general manager of the Grand Trunk Railway, also appeared. In answer to Mr. Chrysler he said that the company had an exclusive contract with the Bell Co. There was one instance in Quebec in which the company had given access to the Bellechasse Telephone Co., since this contract was entered into.

Sir William Mulock asked why the railway company made an exclusive contract with the Bell.

Mr. Hays said it was mutually advantageous to both companies.

Sir William—And that is why you exclude part of the public?

Mr. Hays—Not necessarily excluding the public.

Sir William—Making the telephone a monopoly.

Mr. Hays—By the nature of the telephone it is a monopoly.

Sir William Mulock—Don't you think that it is in the interest of the public to have the connection of other telephone companies?

Mr. Hays—Only one company can do business with the railway companies successfully.

There was the expense of having men attending three or four 'phones instead of one. There was no other company that could give the railways the same consideration as the Bell Co.

An Incendiary Fire.

Morrisburg, May 18.—The Bradford Block, at the foot of Lock street, which was partly destroyed by fire last fall, was burned to the ground early yesterday morning. The fire was undoubtedly of an incendiary origin.

Burglars At the Soo.

Sault Ste. Marie, May 18.—Burglars entered W. C. Boothe's jewellery store Tuesday night, and carried away 19 watches, a number of rings and some other goods to a total value of more than $700.

The Path of Glory.

London, May 18.—A despatch to a news agency from St. Petersburg says that Ivan Kaliefi, who assassinated Grand Duke Sergius, February 17, at Moscow, was executed yesterday.

Deserter Surrenders.

Windsor, May 18.—John Dolan, a deserter from the Garrison Artillery at Quebec, has surrendered himself to the police here.

TRENT CANAL EXPENDITURES

$38,700 in Supplementary Estimates For Surveys, Dredging, Etc.

$1200 to be Spent in Dredging The Otonabee at Peterborough.

Among the items in the supplementary estimates presented to the House of Commons, Wednesday night, appear the following of local interest:—

To complete survey of Trent Canal, $25,000.

To meet damages by flooding, Trent Canal, $7,000.

For completion of lowering floor, lock at Peterborough, $2,500.

To complete new dam at Peterborough lock, $2,000.

River Otonabee, dredging at Peterborough, $1,200.

The total appropriation for the canal is $38,700, rather a drop in the bucket, especially when one thinks of a dredge bucket.

IT WASN'T HIS CHEQUE.

But It Was In His Name and 'Tis Claimed He Cashed It.

Ottawa, May 18.—F. H. Clergue, the Soo magnate, appeared in police court yesterday morning as plaintiff in a charge against George McEwen, Cumberland street, Ottawa, of forging the name George McEwen to a cheque for $750. McEwen pleaded not guilty, and the case was enlarged, the prisoner being released without bail.

It is said that the Morton Trust Co. of New York sent a cheque in refund of the Consolidated Lake Superior Co. payable to George McEwen of Hemmill, Ont., formerly M. P. for South Huron. It is alleged that when the cheque reached Ottawa in January last it fell into the hands of the man under charge, who is alleged to have endorsed it, and paid it into J. Harty, a local broker, on account.

Potatoes For Mexico.

Ottawa, May 17.—A. W. Donly, Canadian commercial agent in Mexico, reports that the Monetary Reform Act went into effect on the first of this month. This means that the Mexican currency now stands on a gold basis, with the peso at a fixed value of 50 cents. Mr. Donly calls attention to a demand in Mexico for the potato, and sees no reason why Canadians should not enjoy a share of the trade.

SHOCKING TRAGEDY NEAR KEMPTVILLE

Pleasant Valley, in Douglas County, Very Much Stirred Up --Child Killed by Whiskey--The Dead Boy Was Six Years Old and His Brother, Aged Twelve, May Recover But Has Been at Death's Door From the Same Cause--Man Gave the Children Large Doses of Fiery Liquor.

Kemptville, May 18.—Pleasant Valley, in Douglas County, was the scene of a shocking tragedy on Saturday night when the 6-year-old son of James Farrel was killed by an overdose of whiskey. Another son, about 12 years of age, has since been at death's door, but is recovering. At the home of Farrel on Saturday evening were three children, aged respectively 6, 10 and 12 years. To these came John Leisert of Hainsville badly intoxicated and carrying a jug of whisky. He gave the boys whiskey and plenty of it. The first and last became deadly sick, but the 10-year-old, for some unaccountable reason, was not sick at all. An inquest will be held.

Run Over By a Train.

Huntsville, May 18.—George Spedding, 19 years of age, son of Joseph Spedding of 1 McAlpine avenue, Toronto, was killed yesterday near Scotia Junction. He was found by the trainmen on the second section of the G. T. R. express and had evidently been run over by a train.

Another Toronto Crossing Fatality.

Toronto, May 18.—The Queen street east crossing was the scene of another fatality yesterday morning. Ernest McLaughlin undertook the risk of crossing the tracks in front of an approaching train. He did not see the train coming in an opposite direction, and that caused his death. He was taken to Dr. Rowan's surgery, and died in a few minutes. He was a native of Bristol, Eng., and had been in this country only two months.

Both Feet Amputated.

Brockville, May 18.—A young man, John Smith, stealing a ride between the cars of an outgoing freight train, lost his hold and fell across the rails opposite the station. The wheels passed over both feet, crushing them to a pulp. Smith is an Englishman, 25 years of age, and was last employed at Oshawa.

Killed On a Saw.

Callendar, May 18.—D. Sauvie, a young man employed in a mill here, was caught by a slab and thrown on the saw and killed.

Crushed In Wagon Spokes.

Brantford, May 18.—Howard Rattenbury, the 6-year-old son of Fred Rattenburgh of St. George, fell from a moving wagon in among the spokes of one of the wheels and was so severely crushed that he died.

While engaged in moving sympole, J. R. Sovereign, a farmer living near Zion, was fatally injured through one of the stumps falling on him.

Killed In California.

Cornwall, May 18.—Ronald McDougall received a telegram yesterday that his brother Angus was fatally hurt by an explosion in a tunnel at Santa Barbara, Cal., where he had a contract. The deceased was 38 years of age and the remains will be brought to Cornwall.

Allan Huffman Injured.

Belleville, May 18.—A letter received in this city yesterday stated that Allan F. Huffman, at one time's resident of this city, had been struck by an automobile in Columbus, Ohio, and that his life is despaired of. Mr. Huffman at considerably cooler.

Wants, For Sale, To Rent

EXPERIENCED LADY CLERK WANTED at once; references required. Apply Demetrie Bros., corner of George and Charlotte streets. 3d116-6030.

WANTED — AT ONCE — A GOOD GENeral servant; small family; must be a good plain cook. Apply 52 McDonel street. 3d116-1w-6029.

BOY WANTED — TO DRIVE GROCERY wagon. Apply to J. Malane, grocer, Hunter street, 5th Ward. 3d116-6038.

TWO BOYS WANTED AT ONCE. Apply at the Examiner office.

YOUNG GIRL WANTED — TO DO GENeral housework, in family of three. Apply to 441 Reid street. 3d116-6024.

GOOD GENERAL SERVANT WANTED at once. Apply to Dr. Brown, corner of George and Murray streets. 3d114-6015.

TWO DINING-ROOM GIRLS WANTED at once. Good wages paid. Apply to R. J. Munro, Munro House. 3d114-6021.

WANTED — A BRIGHT, ENERGETIC business woman, for position of trust; good pay; permanent situation. Reply to Box 6017, Examiner office. 3d114.

WANTED — BY A RESPECTABLE young English woman, a situation as help in a small family; willing to do all kinds of housework, but not washing. Please apply to Mr. Pritchard, in care of Geo. Needler, Millbrook. 4d114-6011.

GOOD GENERAL SERVANT WANTED, at once. Apply to R. E. Wood, Bank of Commerce Block. d113-6010.

WANTED — SITE FOR SUMMER COTtage; 5 to 10 acres, down the river; above flood line, wooded, near good road. Send description and terms to Box 6020, care of Examiner office. 5d114-1w

MEN WANTED. RELIABLE MEN in every locality throughout Canada to advertise our goods, tacking up show cards on trees, fences, bridges and all conspicuous places; distributing small advertising matter. Commission or salary $900 a year, or $90 a month and expenses $3 per day. Steady employment to good, reliable men. We lay out your work for you. No experience needed. Write for full particulars. SALUS MEDICINAL CO., London, Ontario, Canada.

FOR SALE OR TO RENT.

FOR SALE — TWO HOUSES — 1 NO. 247 George street, suitable for doctor; and No. 22 Crescent street. Modern conveniences. This last one will be rented. Apply to G. H. Duncan, 247 George street. 6d116-6037.

TWO WELL BRED FOX TERRIER Puppies, 9 weeks old, for sale. Apply at 341 Rubidge street. 3d116-6035.

TO LET — THREE UNFURNISHED rooms; central locality; all modern conveniences. Apply (in the evening or between twelve and two o'clock) at 637 George street. 3d114-6014.

TO RENT — NEW MODERN HOUSE. Party leaving town. Will sell window shades, linoleum, electric lights, and any other furniture required. All new. Box 6023, Examiner. 1d115.

TO LET — TWO HOUSES, NOS. 6[illegible] AYLstreet, from July 1st and 548 Aylmer street, from October 1st. Houses have all modern conveniences and are very centrally located. Apply B. Shortley. 3d5993tws.

TO RENT — ONE NICELY FURNISHED front room, with clothes press off; four windows facing George street. All modern conveniences, including bath, electric lights, etc. For further particulars apply to E. W. Argue, Architect, 417 George street, Peterborough. 3d112-6001.

FOR SALE — CHEAP — TWO COAL stoves; parlour heaters. Apply 27 Gilmour street. 6d111-5980.

TO RENT — NO. 651 STEWART STREET —solid brick, six rooms. Apply at 673 Stewart street. 6d5945.

FOR SALE — BICYCLE (GENTS) CARpet Cleaning Machine, Tent, Sail and Pole and Oars. Apply after six p.m. 230 Courtney. 'Phone 465.

FARM TO RENT — WEST HALF OF lot 1, concession 5, Douro, seven miles from Peterborough; 100 acres practically cleared; comfortable dwelling; good well and spring creek running through. Apply to Miss Susan Fitzpatrick, Hastings, P. O. 1d2w17-5826.

OFFICES TO RENT — FOUR SETS OF rooms, centrally situated, over Henry's store, No. 341 George street. Fitted with modern conveniences. Possession about 15th May. Apply to M. L. Henry. d106-5927.

FOR SALE — A FARM IN SOUTH Monaghan, containing 120 acres, or will exchange for town property. Apply to W. G. Howden, 416 George street. d97-5824f.

FOR SALE — AN ORGAN IN FIRSTclass condition, will be sold cheap. Apply, at the Examiner office. d89-5716

FOR SALE — PNEUMATIC TIRE PIANO box basket frame runabout buggy for sale, made by Tuchope Carriage Co'y. Orillia; in use one summer. Particulars on application to Examiner office. dtf88-5721.

TO RENT.—LARGE HALL ON SECOND floor, over stores number 326 and 328 George street. Apply at once to 427 George. dtf48.

FOR SALE OR TO RENT. — THAT DEsirable residence No. 139 Gilmour street; thoroughly equipped with all accommodations required in a first-class dwelling; ample grounds, good orchard, good stabling. Apply to R. E. Wood. dtf45-5665.

FOR SALE OR WILL EXCHANGE FOR town property, a comfortable house with 21-2 acres of land, small orchard, stable and hard and soft water. This property is situated on the West side of River Road and only a few rods from the Nicholls Park. Terms very easy. Apply on the premises or address G. W. Reid, P. O. box 736. dwtf5-5178.

FOR SALE

That commodious and up-to-date residence at present occupied by the undersigned, No. 320 London street, comprising one-quarter of an acre of land, on the corner of London and Rubidge streets. The house contains 12 rooms with all modern improvements, water and sewer connections, brick stable and driving shed and complete outbuildings. Will be sold reasonable. Immediate possession can be given. For particulars, apply to Adam Hall, 497 George street. dtf-5114.

First-class Property for Sale.

J. T. O'Connell & Co. offer for sale that beautiful residence formerly owned by Mr. A. P. Coats, corner Stewart and Reid Streets, town, and will sell it whole or in part. The house is fitted up in the most modern style with all conveniences. Five large bedrooms, bathroom fitted, and attic together with a new conservatory containing some of the choicest flowers.

The purchaser of this property can be accommodated with 1 to 5½ acres of land, and the house and conservatory furnished with choicest furniture. Possession given at once.

We have also a good list of houses, vacant lots and farms for sale on terms and in locality to suit the purchaser.

For further partical ars apply to

FIRST CANADIAN TURBO-GENERATOR

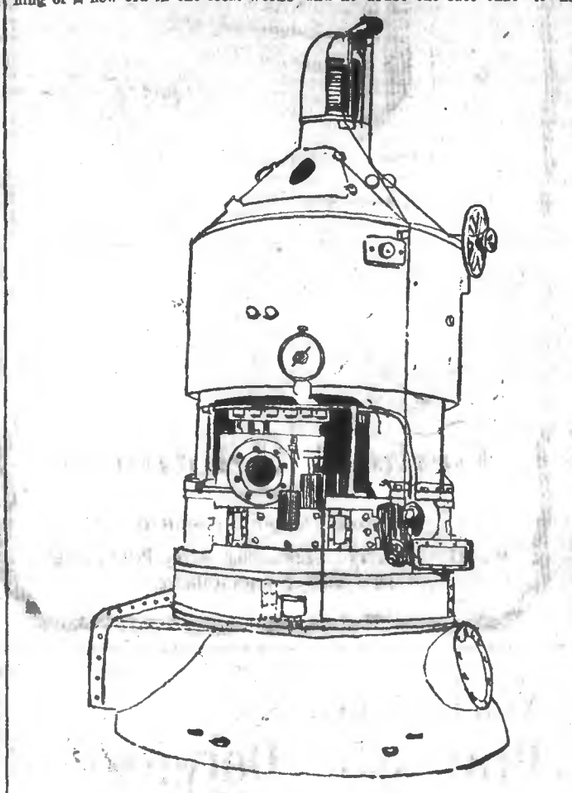
Is That Recently Manufactured by the Canadian General Electric Works Here--Marks a Great Advance in Engineering Practice--The Turbine Engine Destined to Supercede the Reciprocating Engine--First Combined Turbine and Generator Turned out of the Local Works is one of 500 K.W.--A Great Demand for These Machines --Prospects for Extensive Manufacture of Turbines in Future are Promising.

An article appearing in yesterday's Toronto papers chronicled the fact that the first turbo-generator had been manufactured by the Canadian General Electric Company at the Peterborough works, and it is learned upon enquiry here that the first machine of this kind has just been completed, and will, in the course of a few days, after it has been taken down, (having been erected for a test) be shipped to the purchasers, a power company in Montreal.

The announcement made above is one which has a special significance for Peterborough, for it marks what will undoubtedly be the beginning of a new era in the local works of the Canadian General Electric Company. The demand in the United States for machines similar to that just completed here, has been so great that the manufacturers have been unable to supply it, and it is stated that at the present time the General Electric Company, of Schenectady, N. Y., the firm making them in that country has orders for ten million dollars worth of the machines. It can easily be seen, therefore, that if the demand in Canada is in proportion to that of the United States for these generators, it will mean that the works here, for that is the only place in Canada where they are being made, will be kept busy supplying the demand.

The machine to which reference has been made is the Curtis Steam Turbine to which is connected direct an electric generator, and it is the first of its kind to be constructed in this country, which fact gives an added interest to it. The machine has been practically complete for some time, but as is the case in any new machine of a different type, to that manufactured before, great care has been exercised in testing it, and now that it has finally passed the test and is ready for use, it is an assured fact that it is equal in every respect to the specifications, and that it will give satisfaction is now beyond question.

The type of steam engine, known as the turbine engine has recently come into considerable prominence, and no doubt the fact that it has been adopted by the steamship companies as the type of engine best adapted to the requirements of ocean and lake steamers, has aroused general interest in the minds of the public, who have been led to believe that the compound and triple expansion steam engines used in steamers largely represented the best type of engine for that or any other purpose where large quantities of power were required. But, in the light of more recent developments, it has been found that the reciprocating type of engine was not the most economical, when efficiency and space were concerned, and the turbine engine which is now looked upon as the supplanter of the reciprocating type will, it is believed, come into more and more general use for almost all purposes.



500 k. w. Turbo—Generator Manufactured by The Canadian General Electric Company.

In view of this fact it will be with considerable pride that the citizens of Peterborough will learn that in this town, although but little has been said about it, outside of the works in which it was constructed, the first combined steam turbine and electric generator ever turned out of a Canadian shop, has been manufactured.

It is not the province of this article to enter into a minute description of the class of engines known as the turbines, that is a matter which would be interesting to but a very limited number of persons, since the theory of the operation of either a turbine or reciprocating engine is something which the great majority know and care little about. But it should be of interest to everyone to know that a change of such a radical nature as this promises to be, is taking place in engineering practices.

It has been known for some time by mechanical engineers that the reciprocating type of engine was not by any means the ideal engine, and, while improvements have been made from time to time, in this type, with a view of increasing its efficiency, it was recognized that the degree of efficiency attained in engines of that type was not commensurate with the power expenditure, and the result is the turbine engine, which its originators claim, and experience has proven that this claim is valid, is a decided improvement over any other type of steam engine yet constructed.

The principle of the turbine engine is in itself very simple. Instead of the power of steam being transformed into circular motion through the medium of the piston rod, acting in a cylinder, as is the case with the old style of engines, in the turbine the steam is allowed to escape through nozzles against buckets in a revolving wheel, the force of the stream against the buckets causing the wheel which is on a shaft to revolve producing the circular motion, and doing away with the vibration incidental to the operation of a reciprocating engine. Another very decided advantage possessed by the turbine is the fact that for a given horse power it occupies considerably less space than any other engine, and this fact alone, without the additional advantage of increased efficiency would be sufficient to give it a preference over its competitors.

A number of different styles of turbine engines have been constructed during the last few years, since this type first came into use, and the two most common and best styles are the Curtis and the Parsons, the former being manufactured by the General Electric Company, of Schenectady, N.Y., and the Canadian General Electric Company, of Peterborough, and the latter, made by the Westinghouse Company.

The principle of the Curtis Turbine differs from that of any other type in that it permits the use of moderate rotative speeds, and very compact and simple mechanism. The turbine is divided into stages, each of which may contain one, two or more revolving buckets supplied with steam from a set of expansion nozzles. The work is divided between several stages, consequently the nozzle velocity in each stage is reduced, thereby rendering the nozzle action more efficient and perfect than it can be where a higher initial velocity is imparted. Under this arrangement the energy of the moving steam is effectively given up to the revolving part. The division of pressure between the stages is so arranged as to utilize the largest possible proportion of the energy of expansion.

In other types of turbines the steam finds its way either through a great number of successive rows of buckets without being carried through nozzles or is used in giving velocity in a single set of expansion nozzles requiring either a very large number of buckets and involving other serious difficulties and limitations, or necessitating the use of very high velocities of rotation, thereby rendering the turbine impracticable for the direct driving of electric generators or other similar purposes.

Vertical Type.

For turbines of large capacity the General Electric Company has applied these principles to the development of a turbine with a vertical shaft. All imposition of weight on cylindrical bearings and tendency to shaft deflection are avoided, as well as all difficulties due to irregularity of expansion or imperfections of support. The result is a turbine of the most compact form and of the greatest mechanical simplicity.

The Curtis Turbine is governed by changing the number of nozzle sections in flow, and the efficiency of the machine is therefore about the same under one condition of load as another, except that friction, windage, and generator losses tend to slightly reduce the light load efficiency. Consequently, the efficiency of these turbines at light load is superior to that of turbines of any other type, and with high overloads turbines of the Curtis type are operated without by-passing steam and without loss of efficiency.

These qualities give the Curtis turbine a much higher efficiency under average operating conditions than can be obtained from any other type of engine, assuming equal full load efficiency. The generators to be operated with the turbines are designed for large overloads and the units are thus suited to effective operation under a very wide range of conditions.

The speed of these turbines with variable load is controlled by the automatic opening and closing of the original admission nozzle sections, the number of nozzle sections corresponding to the load always being kept in flow. A centrifugal governor attached to the top of the shaft imparts motion to levers which in turn work the valve mechanism.

The steam consumption of turbines of this type is naturally dependant upon speed, size, and other conditions, and varies in different individual designs. Machines of this type, which have been tested, show excellent results as compared with other turbines and engines.

The speed adopted for the Curtis Turbines are such as to give the very best results in the design of the generators; consequently the General Electric generators designed for operation with turbines have the highest efficiency and the best electrical constants, and are so proportioned that they will carry heavy overloads without injurious heating. They have the highest efficiency of any electrical generators that have been produced, with the possible exception of some large high speed generators for use with water turbines. With steam turbines of other types the speed is too high for an advantageous design of generators, and consequently the electrical design has to be sacrificed in order that the mechanical constitution may be practicable.

The Curtis Turbine is especially well adapted for driving electric generators and is also suitable for driving centrifugal pumps, blowers, fans and other similar apparatus.

The turbine engine and generator just manufactured here is one of 500 k.w., or between 600 and 700 horse power, and it is expected that a large number of machines will be constructed, following the successful operation of the first of the type made here.

TOOK A SEVERE COLD.

It Settled in The Kidneys.

Pain in The Back The Result.

Catching cold and having it settle in the back is often the cause of Backache—the primary cause of kidney trouble. When the back aches it is a warning that the kidneys are liable to become affected.

Heed the warning: check the Backache, and dispose of any chance of further trouble.

If you don't, serious complications are very apt to arise. Mrs. E. Williams, Hamilton, Ont., caught cold, and it settled in her kidneys. She used

DOAN'S KIDNEY PILLS,

and is thankful for the immediate relief they gave her. She writes us as follows:

"It is with pleasure that I add my testimony in favor of Doan's Kidney Pills. Some time ago I took a severe cold, which settled in my kidneys. The soreness and pain in the small of my back bothered me greatly. After suffering for some months, and finding numerous remedies fail, I procured a box of Doan's Kidney Pills, and received immediate relief from my sufferings.

Doan's Kidney Pills may be procured at all dealers, or will be sent direct by mail on receipt of price—

50 cents per box, or 3 for $1.25.

THE DOAN KIDNEY PILL CO., TORONTO, ONT.

Croup Absolutely Cured.

"There is no remedy in my opinion that can act more promptly than Dr. Chase's Syrup of Linseed and Turpentine. It cured my son of croup, absolutely, in one night. We gave him in a dose when he was black in the face with choking. It gave him instant relief and cure."—Mr. Wm. McGee, 49 Wright Ave., Toronto, Ont.

Appointment Accepted.

Halifax, N. S., May 18.—In response to a cablegram sent by Principal Forrest, notifying him of his appointment to the chair of physics in Dalhousie University, Dr. Mackenzie yesterday cabled his acceptance. He spent the winter at Cambridge University.

Gen. Lake at Halifax.

Halifax, N. S., May 18.—Gen. Lake, chief staff officer of the Canadian militia, is in the city, the guest of Major-Gen. Sir Charles Parsons, for consultation with Gen. Parsons in reference to taking over the defence by the Canadian troops.

Steamer Sinks in Lake Superior.

Detroit, May 18.—The steamer Thomas W. Palmer was sunk Tuesday in a collision with the steamer Harvard off Stannard Rock, in Lake Superior. No lives were lost.

FIRST STAMP MILL IN CANADA

Of the Improved Type Has Been Made by Local Company.

And Installed at the Craig Gold Mine In Hastings County

The Marmora Herald in its issue of this week gives some interesting facts concerning the Craig gold mine, and in connection with the stamp mill recently installed, says:—

"The stamp mill is 100 by 35 feet erected on the side of a hill, between the two main shafts.

The Company have installed the Merrall's fast running stamp which is the first introduced in Dominion of Canada. These mills are rapidly displacing the old systems and are the most popular mills now being used in the Western States. It was ordered through the Merrall Engineering Co. of Toronto, and was partly manufactured by the Wm. Hamilton Company of Peterborough.

The present mill has a capacity equal to a ten stamp mill and the building is large enough to install the whole system with extra batteries and grinders. The mill started this week on a test. If this gives favourable results, the full system will be installed which will mill 150 tons in 24 hours. The great advantage of these mills is the saving in power as only 25 h. p. is required for a daily output of 150 tons.

The concentrates will be shipped to the States for treatment for a time at least.

When Nerves Play Out

MIND AS WELL AS BODY IS IN DANGER—HELP FOUND IN

Dr. Chases Nerve Food

Suicide, insanity, falling sickness, paralysis. These are some of the results of worn-out nerves.

The vitality of the body cannot stand the strain, and, overcome by worry, failing health, anaemia, menstrual derangements, overwork or exhausting disease, mind and body have been wrecked.

No one would neglect a disease so dreadful in its results as nervous exhaustion if the danger were only realized with the first symptoms.

The time to begin the restoration of the nerves by the use of Dr. Chase's Nerve Food is when you find yourself unable to sleep at nights, suffering from headache or neuralgic pains, indigestion or weak heart action.

Loss of flesh and weight, growing weakness and debility, a tendency to neglect the duties of the day, gloomy forebodings for the future, are other indications of depleted nerves.

You cannot liken Dr. Chase's Nerve Food to any medicine you ever used. It is a nerve vitalizer and tissue-builder of exceptional power.

Naturally and gradually it rekindles life in the nerve cells and forms new red corpuscles in the blood—the only way to thoroughly cure nervous disorders.

Dr. Chase's Nerve Food, 50 cents, at all dealers, or Edmanson, Bates & Co., Toronto. Portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 10

Ladies' Hair Works

Manufacturers of all kinds of Ladies' Hair Goods.

Wigs, Waves, Bangs, Pomps, Switches, Hair Nats, Hair Nets, Etc.

We also sell all kinds of

High-class Hair Dyes and Hair Tonics to nourish the scalp. Face Powders, Cosmetics, Etc.

No need to send your money out of town for Hair Goods when you can buy them 25 Per Cent. cheaper at home.

REV. FATHER BRETHERTON HONOURED BY FLOCK

Parish Priest Presented With Address, Sum of Money and Other Gifts on Eve of Departure From Downeyville for Hastings—A Popular Priest.

(Lindsay Post.)

Rev. Father Bretherton, who has been transferred to Hastings, has been parish priest of St. Luke's Downeyville, for 11 years. The magnificent church property, its comfort and elegance, the beautiful grounds surrounding it, and the unity and co-operation which enabled him to accomplish so much, are the best evidences of his administrative ability and success. During the last week of his stay he was the recipient of several farewell addresses and gifts appreciative of his sterling worth and of the esteem and love of his people, a large number of whom accompanied him to the station on his departure, and welcomed to the parish his successor, the Rev. Father McGuire, of Hastings.

Address From Scholars.

On Friday evening, the 5th inst., a concert was given by the Separate School children, Father Fitzpatrick, of Emiismore, was present and kindly consented to preside. Before the opening numbers, the Rev. Fatherr, in a few well chosen and eloquent words, impressed upon his hearers the advisability and desirability of establishing Separate Schools where practicable. At the close of the entertainment two little tots — Miss Clara N. Mathews and Master Walter Scully — stepped forward, and on behalf of the Separate School children took advantage of the occasion to honour their loved pastor by presenting the following address :—

To Rev. Father Bretherton,—

Dear Father,—When we learned of your approaching departure from amongst us, we were all filled with regret, and take this opportunity of expressing our great sorrow at losing so dear a pastor, father and friend.

We wish you to feel that your efforts in our behalf are valued by us, and we shall never never forget the deep interest you have always taken in us and in our studies. We shall miss your pleasant visits to our school room and assure you you will not be forgotten in our prayers. We, therefore, ask you to accept this travelling bag and pipe as a token of our love for you, our dear pastor.

And now, although we part, we claim a place in your memory. Yes, dear Father, when wafting your morning and evening prayers, like incense to the throne on nigh, then breathe one for us. Signed on behalf of the children of the Separate School, Downeyville.

May 5, 1905.

This touching tribute of affection on the part of the little ones so overcame the kind-hearted priest that for some moments he was unable to voice the feelings of gratitude and appreciation he so deeply felt. He thanked them very sincerely and assured them that their esteemed gift would ever remind him of the happy days spent in their midst.

The Parishioners Act.

The following Monday evening a number of parishioners gathered together in the Parish Hall, where, on the dispatch of a warm invitation, they were soon joined by their reverend pastor. Mr. John C. Leary occupied the chair, and in a few very appropriate and feeling words referred to the noble work done by Rev. Father Bretherton since he came to the parish. On his resuming his seat, Mr. Peter Murtha, accompanied by Mr. Henry Mathews, approaching the platform, and while Mr. Mathews read the following address on behalf of the congregation, Mr. Murtha at the proper moment presented the good priest with a roll of crisp bank notes, as an earnest of the good will and esteem of his parishioners :—

To Rev. C. S. Bretherton, Parish Priest, of Downeyville,—

Dear Father,—Our inclinations, our feelings, our desires, on this, the last occasion on which we presume it will be our proud privilege to address you as our parish priest, fill us with thoughts of mingled disappointment and joy. We rejoice that his Lordship, our devoted and beloved bishop, so appreciates the services you have rendered in the holy priesthood and so esteems that integrity and zeal in your character so inseparably present in the true servant of God, that to is now honouring you with the pastorate of one of the most important parishes in his diocese. We are disappointed, and regret to part with the priest whom we anticipated remaining with us many years, and managed the affairs of our parish so satisfactorily, who took such a deep and abiding interest in our welfare, both spiritual and temporal, and who has achieved so much during the eleven years of your labour and trials amongst us.

Your untiring energy and administrative ability leave our parish practically free from debt, notwithstanding the many desirable improvements you have so successfully accomplished. Our church has been entirely renovated, remodelled and improved; the ground around it beautified; the old sheds rearranged, and additional new ones erected. Everything that could add to the comfort and convenience of your parishioners has been effected. Nor have our spiritual interests been any the less carefully attended to. The practices and ceremonies of our holy religion have been thoroughly explained and carried out; Catholic societies have been established and encouraged; and despite adverse circumstances, misrepresentation, and perverse criticism, your indomitable courage and perseverance have inaugurated and laid the foundation of a Separate School education for our children, thus securing to them that moral and religious training so dear to every practical Catholic heart. Yes, dear Father, you have laboured unceasingly, amid trials untold, but your efforts have been crowned with success on every occasion. The visible results of those efforts are ours, and will remain with us, a living memorial of your devotedness and solicitude. We ask you, therefore, to accept this purse as a token of our love and gratitude.

In conclusion, then, permit us, dear Father, to congratulate you on your appointment to the important parish of Hastings, and to beg your blessing ere we say good-bye.

Signed on behalf of the congregation Peter Murtha, John C. Leary, Wm. Lehane, Eugene Shine, James O'Brien, Michael Clancy, Joseph R. Lucas, Edward Costello, Henry Mathews.

In reply Father Bretherton very feelingly reviewed the years of his sojourn amongst them, and ascribed his success to their hearty co-operation rather than to his own individual efforts. After thanking them most sincerely for the many kind references contained in their beautiful address, and the accompanying substantial proof of their esteem, he gave them his blessing and all retired to their respective homes.

Later in the evening, the choir presented Father Bretherton with a pleasing address, a silver tea service and water pitcher.

LICENSE LAW AT PORT HOPE

Outside Inspector Useless—Council Appoints Special One.

Request of License Commissioners Rendered Necessary by the Fact of the Inspector Living Outside Town

Port Hope, May 16.—Not satisfied with rebuking Premier Whitney for the dismissal of Inspector Powers, who received a flattering testimonial from the East Durham License Commissioners on his retirement a few weeks ago, the board have now gone a step further to appease public indignation at the partisan appointment of a non-resident inspector, whose sympathies are said to be antagonistic to the temperance sentiment. The wide-open regime which has followed in Port Hope since the appointment of the new inspector, J. Kennedy of Pontypool, induced the commissioners to pass the following resolution and present it at last night's meeting of the town Council:—"The Board of License Commissioners, being desirous of securing a strict enforcement of the license law in the town of Port Hope, respectfully invite the active co-operation of the town Council in securing such enforcement, either by specific instructions to the police or in such other way as the Council may deem advisable."

Apparently realizing the gravity of such a humiliating appeal prompt measures were taken at last night's Council meeting. It was deemed necessary to appoint a special man for night duty to enforce the liquor law, and, after considerable discussion as to the imposition, though evident necessity, for heeding the appeal, during which Mayor Chalk is reported to have said that the liquor license act was being laughed at in Port Hope, the following report of the Police Committee was adopted, and to the chagrin of local conservatives Port Hope is now virtually paying for the expensive luxury of an assistant license inspector:—"We think it advisable in the interests of this corporation to appoint a night constable at a salary not to exceed $400 per year; also that instructions be given the chief constable and assistant constables that they are requested to enforce the liquor license act."

Brother Slays Brother.

Sandon, B. C., May 13.—A friend going to visit the cabin of Gus and Chas. Kumlin, found both occupants dead, one lying on the cabin bed with several ugly gashes on the head, evidently done with an axe, the other on the floor with a double-barrelled shotgun near, the top of his head blown off. It appears that one brother killed the other while asleep. Both men were steady workers in the mines around Sandon.

Quebec's Big Gun.

Ottawa, May 13.—The Minister of Militia states the Quebec fortification story is based on one gun. Instead of spending $2,000,000 and making many forts, the Government will spend about $50,000 and mount one gun. This is a big gun, which was ordered about three years ago. It is about to arrive, and is to be mounted somewhere below Quebec.

Charge is Murder.

Toronto, May 13.—A charge of murder has been laid against William Furness and Emma Harvey. They are charged with doing away with a newborn infant. Furness is under arrest and the woman is seriously ill in St. Michael's Hospital. Both of them came from Georgetown. There will be an inquest to-night.

A Problem Solved

Ozone is ozone and in buying it the problem is to get the purest form. "Solution of Ozone (the coupon kind)" is the purest form in which Ozone is put up. In addition each bottle contains a coupon entitling you to a package of "Celery King" free, and it is well known that you should take "Celery King" along with Ozone.

We put "Celery King" coupons in our Ozone bottles because no other firm can give "Celery King" with Ozone. By buying "Solution of Ozone (the coupon kind)" you get the purest and most concentrated form of Ozone, and in addition, you save the expense of buying "Celery King" to use with it.

No other kind of Ozone offers this advantage. Ask your druggist for it, and if he hasn't it, write to the Public Drug Company, Bridgeburg, Ont. Sold by W. B. WARNE, Druggist. 4

OLD EMPLOYEE IS PENSIONED

First Conductor on Midland Railway Remembered.

G. T. R. Grants Him a Pension of $15 per Month—A Generous Act.

The Grand Trunk Railway Company has remembered another of their faithful employes, Mr. Geo. Fisk, who over a year ago was rendered helpless by a stroke of paralysis, after having served fifteen years in the employ of the company. They granted him a pension of $15 a month, beginning with January, 1905. Mr. Fisk retired from the service of the company in June of 1903, and came to Midland to live with his married daughter. About four months after he received a stroke of paralysis, and has been in a helpless condition ever since. Last summer his case was brought to the attention of President Hayes, who laid it before the directors of the company, and a few weeks ago he received his first allowance. Mr. Fisk, although helpless in body, is cheerful in mind, and fully appreciates the sympathy shown him by the company. Mr. Fisk was the first passenger conductor on the Midland Railway. Subsequently he was station agent at Orillia and Lorneville.—Midland Argus.

Paine's Celery Compound Defeats Disease And Death

Paine's Celery Compound has a record of life saving that no other medicine can ever equal. It has rescued rich and poor from the grasp of death when physicians and their most carefully prepared prescriptions failed in the work. If the suffering men and women of to-day could but see the happy faces and hear the kind words spoken by the tens of thousands who have been made well and strong by Paine's Celery Compound, it would soon dispel their existing doubts and fears.

Paine's Celery Compound is the only medicine that reaches the root of suffering; it is the only agency that can remove your terrible load of disease. Unsolicited testimonials of cures pour in every day. Young and old constantly bear witness that rheumatism, neuralgia, kidney disease, liver complaint, dyspepsia and blood disease are banished permanently when Paine's Celery Compound is faithfully used for a time. Begin its use to-day poor sufferer; delays are dangerous.

HON. EDWARD BLAKE, M. P.

Says England Must Bear Bulk of Defence Expenditure.

London, May 17.—(C.A.P.)—In the debate on the finance bill Sir S. Reid said we had an army of 156,000 at home, not for our own protection, but exclusively for the other parts of the empire, who provided very little towards its cost, with the exception of India, and it was so in regard to the navy. In these circumstances the whole burden practically was being placed on the shoulders of the British taxpayer. It might be inevitable if they liked, but he was satisfied that the country would not be content indefinitely to bear the whole of this burden. It would disgust them with their great inheritance.

Edward Blake, referring to the same question, said he might imagine an attack on Canada by the United States, but the conditions of such an attack would be such that no lover of this country would suggest that the defence of the colony so far as it could be conducted from this side of the empire should be other than defence on the ocean. No one would suggest that this country should engage in land war with the United States.

It was absurd to suggest that while they could not have any effective control over that expenditure the colonies should be called upon to pay for a policy which the people of this country controlled. Until they succeeded in the impossible task of co-ordinating the empire so as to give it a common interest it was necessary and just that the great bulk of the naval and military expenditure should fall upon England, but they would assist in every possible way in the adoption of a sane system in such expenditure, believing that such a policy would be for their general, social and industrial welfare.

Had to be Helped With a Cane

A Mount Forest Lady, to Whom Lumbago Proved a Most Distressing Affliction Completely Cured by

DR. PITCHER'S BACKACHE-KIDNEY TABLETS.

Mrs. George Howdrell, whose home is William street, Mount Forest, Ont., is one of the hundreds who have reason to be thankful for Dr. Pitcher's Backache Kidney Tablets. This is what she says about them: "My back was in bad shape as the result of heavy lifting. I had to be helped to get along with a cane. I was told of Dr. Pitcher's Backache Kidney Tablets, and got a bottle and can truthfully say they were a splendid medicine. They stopped the trouble quickly, and I got about now with no trouble at all. I am glad to recommend them."

Dr. Pitcher's Backache Kidney Tablets cure bad backs, kidney, bladder and urinary troubles, quicker than any other medicine, and the cures they make are permanent. Price 50 cents a bottle, at druggists, or by mail. The Dr. Zion Pitcher Co., Toronto, Ont. 54

LICENSE LAW IN PORT HOPE

The situation in Port Hope and the License District of West Durham is peculiar, especially when bracketted with the expressed determination of Hon. Mr. Whitney to rigidly enforce the license laws. The License Department has given the matter of license law considerable attention, especially to the dismissal of inspectors, something quite within its right to do, but not the right thing unless an improvement in these officials is made. The dismissal of Inspector Powers, an excellent official, who received a special certificate of efficiency and zeal from the new Board of License Commissioners appointed by Hon. Mr. Whitney himself, followed as this dismissal was by the appointment of an outside inspector, who is declared to be out of sympathy with temperance sentiment, meets with the disapproval of Port Hope. A despatch printed in another column, states that the License Commissioners who so strongly approved of the former inspector and thus incidentally administered a rebuke to the Conservative Government in Toronto, have again reproved Hon. Mr. Whitney by demanding of the Council the appointment of a special officer to enforce the license law, which, according to the Mayor, is being laughed at in Port Hope, on account of the absence and indifference of the "foreign" license inspector. The Council, apparently more anxious than the Government to enforce the law, have appointed a night constable at a salary of $400 per year. That is the people of Port Hope have to put their hands into their pockets and pay $400 a year for the enforcement of the law which an inspector living in one corner of the district is paid $600 to attend to. How absurd in view of the fact that Port Hope, town and township, contains more licenses than all the rest of the district put together, to have the inspector live in the north-west corner of the district as far as possible from Port Hope, in the south-west corner, where he would have the most work to do. How would those interested in the enforcement of the law be satisfied with an inspector, not much good at the best, for West Peterborough, living in Apsley? Of course the Whitney Government could not help itself very well. They may admit that the inspector should live in either Port Hope or Millbrook, but, of course, there is no person in either of these places capable of filling the position—which is "writ sarkastic."

THE CHEESE TRADE.

The recent resumption of the cheese markets, and the meeting of the meeting of the Cheese Board on Wednesday makes the subject of this growing industry one of particular interest to Peterborough county and the tributary district. The total value of Canadian farm products (and under this term are included butter, cheese, eggs, poultry, bacon, hams, pork, wheat, flour, oats, oatmeal, peas, barley, hay, cattle, sheep and lambs and apples) exported during the year ended June 30, 1904, was $85,606,433, of which cheese bulks by far the largest, being $24,184,566 or twenty-eight per cent. of the whole. The value of the cheese exceeded that of wheat and cattle combined and nearly doulbed that of bacon. The mention of these facts is sufficient to show the importance of this trade, which is generally recognized. The figures, however, only represent the direct cash return to the producer for that portion of the output of the cheese factory which is sent out of the country. The home market is being enlarged and this contributes a large amount towards rewarding the labour of the dairyman. There is an indirect return, too, of great value. The herds, besides consuming grains and grasses grown on the farm, contribute the most valuable of fertilizers, thereby preventing the exhaustion of the land.

Britain is the chief purchaser of our farm products. Of the total of $85,606,433 exported, $78,174,052, or 92 per cent. found its way to Britain. Of cheese exported $24,099,964 of the total $24,184,566 went to the motherland. The gross value of the cheese entering Britain from abroad was $34,330,951, of which, it will be seen, Canada contributed over seventy per cent. Canada has been capturing the British market for cheese by the excellence of its product. But there remains a considerable margin — nearly thirty per cent. to be possessed. There is no reason why Canadian dairymen should not secure the remaining ten million worth of trade, except it be the inability to produce the necessary quantity and quality. Ninety-nine per cent. of what we had to sell abroad went to Britain. It is a fair conclusion that any increased product would naturally be taken on that market.

The season which has opened is one of good prospects to the dairymen. The old stock has been disposed of and present prices are high. Cattle are in good condition, and recent rains and favourable weather have produced a good growth of pasture.

There is at present every promise of an active movement and a profitable season.

There is unusual incentive to the production of the best cheese in the fact that hereafter all cheese exported from Canada will be labelled as Canadian, and it behooves Canadian cheese makers which includes patrons as well as those actually engaged in the manufacture, to do their best work. If cheese of no Canadian, that is of inferior quality, is shipped to the Old Country there is danger of its being "branded," (in the offensive nature of the word,) instead of being "labelled," Canadian Cheese. We have a high reputation in the Old Country markets, and upon the extent to which we maintain the reputation will depend the price and consequently the profits of our cheese.

EDITORIAL NOTES

Isn't it true, asks the London Advertiser, that there would be tremendous howl if Roman Catholic priests were electioneering like some Protestant pastors?

The action of the council in passing a plumbing by-law and failing to appoint an inspector to enforce it is on all fours with an old bachelor who records a vow to behave himself like a Christian and falls to get a wife to make him live up to his resolution.

The Conservatives have been asserting that the Laurier Government was afraid to open London to a bye-election. Mr. Hyman, made Minister of Public Works, will apply in London for re-election. At the general election he was returned by the narrow majority of 23, and his now seeking to contest this seat, in a bye-election, shows that neither he, nor the Government, is lacking in courage—nor the electors in common sense.

Mr. Neely has introduced into the Ontario Legislature a bill amending the High School Act, which, if it becomes law, provides that when the inspector decides that it is advisable, owing to distance, e.c., for county pupils to attend an High School in a town or city, separated from such county, such High School shall be opened to county pupils resident within a certain area, and the county council shall pay for such pupils eighty per cent of the average per capita cost of pupils. The sums payable for the tuition of country pupils shall be levied only on municipalities not included in high school districts.

We have good reason to be grateful to the Supreme Court Judges of New York State, which are, it is said, determined to put a stop to divorces made easy by Canadians who get a doubtful title to residence in the United States to procure judicial annulment of the marriage bond. A divorce can be obtained in Buffalo in a few weeks at a small cost. In Canada divorce is a luxury, which only the rich can enjoy, the expense involved in putting a divorce bill through the Senate, being prohibitory, except to the wealthy. Making divorces difficult to get, is not an unmixed evil. Mismated persons are compelled to exercise the virtue of forbearance, and make the best of a bad bargain. The divine view of the sanctity of the marriage tie, nullable for only one cause, should be the basis of our legislation.

The attitude of the Ontario Conservatives for a long time was that the Liberal Government was not justified in adding to new forms of increasing the revenue, holding to the opinion that with proper economy, the existing sources of revenue were sufficient. They denounced the succession duties, and the taxing of corporations, but they have not—though, in justice it must be said, they have not had much time—made any attempt to remove these duties. Now, Mr. Jessop, of Lincoln, a Government supporter, is after the insurance companies to divide their spoil. He has introduced a bill to provide that in every municipality, where there is a volunteer fire department, every agent of a fire insurance company shall pay the treasurer of the municipality, two dollars upon every hundred dollars of premium he receives during the year. The bill also provides that no fire insurance agent shall do business in any municipality without giving bonds for $500. This may make the underwriters "sit up," or it may not. All sums paid under this act, if it is passed, shall go to the treasurer of the fire companies. However at Hon. Mr. Whitney's request the bill was withdrawn.

COMING TO CANADA

Why Settlers From The United States Migrate to The Canadian West

The St. Paul Farmer, a leading agricultural paper of Minnesota, says in a recent issue:—

"Again this year, as for the last four or five years, hundreds and thousands of farmers from the Middle States are moving into the Canadian West. If anything the movement has opened earlier this spring than usual. During the month of February, 920 tickets were sold from points on the Atchison, Topeka & Santa Fe Railway system to Western Canada via Minneapolis and St. Paul. The little town of Norton, Kansas, which has only 600 people, sent 70 of them into Manitoba and the Canadian Territories last month. These farmers are leaving land that is now worth $50 to $100 an acre and was secured by them for nothing only a few years ago. They are moving to Western Canada not because they are dissatisfied, but because they know that the opportunities there during the next few years will be as good as, or better, than they were in Oklahoma a few years since. Splendid land may be homesteaded in Western Canada or bought for a few dollars an acre, land that will multiply in value in the next five or ten years.

"If you question the thousands of people who are now passing through the St. Paul gateway on their way to their new homes in Western Canada, they will tell you that they are going into Canada simply because they can still get cheap and fertile lands. So great has been the demand for the famous hard wheat lands of Western Canada during the past few years that it is a fact that the Canadian Pacific land department at Winnipeg has sold about five million acres. In addition to these sales it must be remembered that there have been large sales by other companies and that about five million acres of Government land has been homesteaded yearly.

"There is no doubt that these new settlers will do well. Practically all of the farmers in Western Canada who have come from the states are doing well. Many are making their fortunes. With wheat a dollar a bushel and land at from five to ten dollars an acre that will produce 20 to 40 bushels of wheat per acre, it is not difficult to understand how these people make "get rich quick" in the best sense of the phrase."

A SUGGESTION ON INCORPORATION

Correspondent Thinks it Would be Good Idea to Erect Fountain.

A correspondent writes to the Examiner, with a suggestion, which might be worthy of consideration. He says:

"To commemorate the incorporation of Peterborough to city-hood, would not the erection of a well-designed and conveniently-situated drinking fountain, be a more lasting and worthy memorial of incorporation, than a civic "celebration," which, if it were not a fizzle, would be a fleeting memory?"

A DOUBTING THOMAS.

Had His Falling Hair Stopped, and Dandruff Cured, Without Faith.

H. B. Fletcher, Butte, Mont., Oct. 20, 1899, says: "Like many other people I have been troubled for years with dandruff, and within the last few months my hair came out so badly that I was compelled to have what I had left clipped very closely. A friend recommended Newbro's Herpicide. I confess that I doubted his story; but I gave Herpicide a trial; now my hair is as thick as ever, and entirely free from dandruff." "Destroy the cause, you remove the effect." Herpicide is a delightful hair dressing for regular use. Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide Co. Detroit, Mich. Ormond and Walsh, special agents.

The Prices will be very much below what you USUALLY PAY.

Creasman's

THE CELEBRATION IS CALLED OFF

City Incorporation will not be Marked By Civic Festivities

Probable That Political Club Will Arrange Demonstration on July 1st.

It has now been practically decided that there will be no civic celebration in commemoration of the fact that Peterborough is entering upon the dignity of cityhood, and it is probable that Ald. Hicks, as chairman of the Special Committee, will write each member of that committee, setting forth the facts in connection with the matter, and advising, in view of the recent trend of events, in civic circles, and the opposition shown by the Chief Magistrate, that the proposed demonstration be called off, and there is no probability that any member of the committee will feel differently about the matter, the general opinion being that it is better now to become a city without any celebration.

It is not likely, however, that the day will pass without a demonstration of some description, and the Young Conservative Club intends to hold a celebration on that day. Arrangements are now in course of preparation, and it is probable that a programme of addresses and sports will be held at the driving park, and a band concert in the evening at the Brock street rink.

St. Luke's Mission Band, Fifth Ward Hall, Friday Evening, May 19th, at 7 o'clock. Box Social and Entertainment. Two Flags. Admission 10c.

ANOTHER FATTED CALF PARABLE

Two Belmont Men Who, it is Alleged Stole a Calf

One of Two Men Who Had Never Been on Train—Though He Lived Only Seven Miles From Havelock.

High Constable Cochrane returned this morning from Havelock, with two prisoners, whom he arrested yesterday about seven miles north of that village in the township of Belmont.

The prisoners, William Cowa and John Greves, are charged with having stolen and carried away a fat calf, the property of Mr. E. Curtis, who also resides in Belmont.

A preliminary hearing took place this morning before Judge Edmison, the prisoners being remanded for trial at Havelock on Tuesday next.

The arrest of the pair, it appears, was accomplished only by the shrewd detective finesse of Mr. Cochrane, who upon his arrival at their home, discovered that his quarry were in hiding. After announcing his return to Peterborough on the evening train, he went back later, finding them engaged in their evening meal, and promptly placed them under arrest, returning with them to Havelock for the night.

A remarkable feature of the affair is the fact that one of the two, who are 24 and 25 years respectively, had never before travelled by rail.

The prisoners, it is alleged, secured possession of the calf, and after killing it, disposed of the skin, which was identified by the complainant, and led to their arrest.

LAST CONCERT OF THE SERIES

57th Band Will Give Good Programme To-morrow Night.

To-morrow evening the last of the series of popular band concerts by the 57th Band, will be given in the opera house, when a good programme will be presented. The band will give a number of new selections, and other local artists will contribute to the programme. Since this is the last of the season, the public should support the band by attending.

St. John's Y. M. G.

Keep the date open for the concert in St. John's school house, Friday evening, May 19th, in aid of the ball team of St. John's Y. M. G. Tickets 15 cents. 2d

HIGH TEA.

Plant Your Garden.

Mr. A. Blade, of the West-end Greenhouses, (at the residence of G. M. Roger,) has ready a very fine collection of hardy seedlings and bedding-out plants. This is the time for planting your garden and flower-beds; and the West-end Greenhouses can be depended upon for something the utmost care to have everything pure and dependable. Parties having baskets, hanging pots and vases to fill will confer a favour by sending their orders in early for filling. Telephone 21h, to A. Blade, manager.

The Daily Examiner may be obtained each evening at O'Brien's Cigar Store, George Street.

SUDDEN DEATH OF SMITH RESIDENT

Mr. George McKee Almost Life Long Resident Died This Morning

Deceased was Highly Respected—Came to Canada 75 Years Ago.

Another of the sudden deaths, which have recently become of very frequent occurrence, is reported from Smith township this morning, and Mr. George McKee, an almost life-long resident of that township, has been taken off very suddenly.

The deceased had been in fair health, considering the fact that he had reached the advanced age of 81 years, and this morning got up at his usual time, and went out of the house to do a little work, which, even with his weight of years, he took pleasure in, and while going to the barn he dropped dead. His son, Herbert, with whom the old gentleman lived, was at his father's side in a few minutes, but he found that life was extinct, death having been instantaneous. Dr. Caldwell, the family physician, was called, and he pronounced death due to heart failure. The deceased had for the last few days, not been quite as well as usual, but he was not ill, and his condition did not cause himself, or his family, any anxiety.

The late Mr. McKee was one of the oldest and most highly respected residents of Smith Township, having come to that township, when at the age of 6 years, from County Donegal Ireland, where he was born in 1824, and ever since had lived there, winning the respect and esteem of all with whom he was associated. In the year 1851 he was married to Harriet Fitzgerald, who predeceased him 30 years. In religion he was a Methodist, attending Fairview Methodist church. In politics he was a Liberal. Although he never took an active part in public affairs he has always shown a deep interest in anything undertaken for the public benefit, and it always found a warm supporter in him. He was successful in his chosen vocation, that of farming, and evidence of his application to business is found in the well kept farms, of which he was the owner, he having been before his farm property was divided among his sons, the most highly assessed ratepayer in a township noted for its fine farms and wealthy farmers.

His wife died 30 years ago, and he leaves to mourn his loss three sons one daughter, T. S., R. E. and Herbert E. in Smith, and Mrs. Jas. Davidson, also of Smith. He had one brother, John, in Marysville, Kansas, and another, Robert, in S. Cornwall, Manitoba.

The funeral will take place on Saturday afternoon at 2 o'clock, from his late residence, lot 15, concession 5, Smith, to the Little Lake cemetery.

ARE AGAINST THE SATURDAY HOLIDAY

Merchants Want July 1st Celebrated on Monday

A Number of Manufacturers Also Said to Favour Holiday at First of The Week.

Considerable objection is being taken by the business men, and a number of the manufacturers, to the proposal outlined yesterday by Mr. E.G. Patterson, general superintendent of the C. G. E. works, that July 1st be celebrated on Saturday, instead of Monday, as has been suggested.

A large number of the employees of the different manufacturing establishments are strongly in favour of celebrating the holiday on Monday, and the merchants are said to be practically unanimous in their desire to hold it on that day.

A prominent merchant called on the Examiner to-day, and expressed his wish that the holiday be kept on Monday, and said that he had talked with several of the large manufacturers, and they were of the opinion that it was desirable to finish up the week with work on Saturday, and take the holiday on the beginning of the week.

The petition asking for the postponement of the holiday will be largely signed by the business men, according to the information gained from the gentleman referred to above.

NEWBRO'S HERPICIDE
The new hair grower and Dandruff cure. For Sale at Warne's cut rate store, 345 Geo. St.
75 Cents

Flowers and Bedding-out-Plants.

Now is the time to plant your seedlings, and fill your baskets and urns. MAN AND SON IN A COAL SHED

Joseph Murphy Made This His Home For The Winter

A Distressing Tale of Poverty And Neglect Unfolded at The Police Court.

A pitiable case of poverty and distress, was unfolded by the evidence in the case of Joseph Murphy, who was charged at the police court this morning, with failing to supply to his son, Joseph Johnston William Hamilton Murphy, with sufficient nourishment, and that his health, in consequence of this was in danger of being permanently injured.

A number of witnesses were heard in the case, all of whom testified to the distressing conditions surrounding the life of the father and son during the winter. They have resided alone, it appears, in palatial apartments in a coal shed on Charlotte street, the boy, who is 12 years of age, having to a large extent, supplied the funds for the purchase of the provisions from the profits arising from the sale of newspapers. The quarters were described by several of the witnesses as being filthy, squalid, and wholly "unfit for human habitation." The father announces himself as a carpenter by occupation, but the word, as applied in his case, appears to be used largely in a figurative sense, as he, it appears, does not engage to any great extent in the actual work of the profession. One witness testified to having secured his services, but had found him wrapped in slumber upon the floor, the surrounding atmosphere being laden with a distinct alcoholic fragrance.

Mr. William Henry, of the Children's Aid Shelter, in which the boy was placed during a term of two weeks, gave testimony as to his filthy and neglected condition, and stating that he had greatly improved during his residence in the Shelter. The father, however, failed to pay the board of the child, as he had previously agreed to do, and had taken him back to his old habitation.

The Court decided that his removal from his present conditions was imperative, and he was removed this morning to the Shelter. Mr. George Cochrane and Mr. R. M. Dennistoun were present in the interests of the Children's Aid Society.

Leo Primeau, a boy of about 13 years of age, was committed to the county jail on a charge of insanity. He appears unbalanced mentally, and is a victim of hallucinations.

TEN BARRELS OF FLOUR DAILY

Amount Required by Lemon Bros. for Hosting Bills.

Mr. D. S. Ward, advance agent of the Lemon Bros.' World's Best Shows, which appear in Peterborough on Thursday, June 1st, is in town today, with eighteen men, billing the town and country. The extent of this work may be appreciated when it is known that 1800 lbs. of posters have been shipped to Peterborough, for use in this town and vicinity. It takes ten barrels of flour per day for paste for the putting up of this paper.

The Semi-ready frock coat is a masterpiece of sartorial art

The frock coat gives the designer more scope to show his skill and taste than any other garment.

That is why the tailor, who makes about five or six frock coats in a year and gets his ideas from a fashion plate, misses the essential points that mean style.

The lines of the Semi-ready frock coat are carefully thought out by an expert designer.

This year the Semi-ready frock coat differs but slightly from last year's model. The lapels are heavier with a slightly convex crease. The shoulders are a little broader and of natural shape, avoiding the built-up effect.

They are close-fitting at the waist, large-chested, and with considerable bell to the skirt.

A frock coat is like a dress coat—every line must be right or it is noticeably incorrect.

The Semi-ready frock coat is the essence of style—try one on and see. Prices, $20, $25, $30.

PERSONALLY CONDUCTED TOUR

To California and Lewis and Clarke Exposition, Portland, Oregon.

A personally conducted excursion to the Pacific Coast via The Grand Trunk Railway System and connecting lines, leaves Quebec July 5th, and Montreal and Toronto July 6th. The route will be via Chicago, and thence through Council Bluffs to Omaha, Denver and Cororado Springs. Stops will be made at each of these places, and side trips taken to Manitou, Cripple Creek, Garden of the Gods, etc. From there the party will continue through the famous scenic route of the Denver and Rio Grande, through the Royal Gorge, to Salt Lake City, thence to Los Angeles, San Francisco, Mount Shasta, Portland, Oregon, Seattle Spokane, and home through St. Paul and Minneapolis. The trip will occupy about thirty days, ten days being spent on the Pacific Coast.

The price for the round trip, including railroad fare, Pullman tourist sleeping cars, all meals in the dining car, hotels, side trips, etc., is $125.00 from Quebec, or $160.50 from Montreal, and $150.00 from Toronto. This first trip is designed as a vacation trip for teachers, although many who are not teachers will improve the opportunity of taking the trip at the remarkably low price afforded.

For full particulars, address E. C. Bowler, General Agent and Conductor, Room 306, Union Station, Toronto. 9d

Ocean Yachts Start.

New York, May 18.—The eleven ocean yachts started at 12.15 yesterday afternoon on a race of 3,000 miles to the English coast, for a $5,000 cup offered by Emperor William. When last seen they strung out on a line six miles long. A guess has been given that May 29 will see the winner in England.

Carried Local Option.

Winnipeg, May 18.—The old Scotch parish of Kildonan carried local option Tuesday and barred out all licensed hotels. Within the municipality are several growing city suburbs.

As a Convalescent Food.

Mr. Wyman N. Thomas, Ompah, Addington County, Ont., writes:—"My wife had congestion of the lungs along with other troubles, and became very weak and run down. By the use of Dr. Chase's Nerve Food she was made as strong and well as ever. Of course I had a doctor, but she was weak, and it was Dr. Chase's Nerve Food which built her up."

WANDERERS WON THE BUSINESS COLLEGE

Fast Football Game Played Last Night

Last night at the Driving Park the Wanderers and the Business College teams played an exhibition game, the Wanderers winning by 4-2. Play was fast from the start, but in the first half the Wanderers had decidedly the best of it, and scored two goals, Wilson doing the trick. These were the only goals scored scored in this half. The second period was more even, and the Collegians showed up in much better form. The Wanderers however were the first to score in this half and the next two went to the College. The Wanderers got busy and added a fourth, making the final score 4-2 in favour of the Wanderers.

CRICKET.

Lakefield and Peterborough cricketers went to Port Hope yesterday to play a game with Trinity College School men. The team was lined up as follows:—Messrs. Delafosse, Elsdale, Hall, Pullen, LeFevre, Stuart, and Curdew of Lakefield; and Messrs. K. Hardley-Wilmot, J. H. Burnham, E. B. Rogers and George Strickland of Peterborough. The score was 44-54 in favour of Port Hope.

• • • •

BASEBALL.

To-night in the T. A. S. grounds, which have been secured through the kindness of Mr. Sharpe, the Ontario Bank and B. A. C. Baseball teams will play their first game of the season, and this will probably be the last public appearance on the diamond, of the B. A. C. batter, who leaves town in a few days. The game, which, will start at 6.45 will continue until either of the teams scores a victory, the line-up of the two nines being:—

B. A. C.		Ontario Bank.
Golliffe	Pitcher.	Mulhern
Hutchinson	Catcher.	Sawers
Robertson	First Base.	Edwards
Warne	Second Base.	Green
Dobbin	Third Base.	Walkey
Best	Short Stop.	Macfarlane
Moore	Left Field.	Rush
Wood	Right Field.	Strickland
Cochrane	Left Field.	McCullen

Spares,—Merrell, Hetherington and Boomer.

• • • •

To-night a meeting of the officers of the Peterborough baseball club will be held in the Oriental Hotel at 8 o'clock sharp.

All players signed with the Auburns are requested to be at the oval to-night for practice when players will be picked for 24th of May game.

BASKET-BALL.

To-night at 7 o'clock the Junior Intermediates of the Y. M. C. A. will hold outdoor basketball and track athletics in the outdoor gymnasium at the Y. M. C. A. and the Senior Intermediates at 7.45.

FOOTBALL.

To-morrow night at 6.30 at the Oval the P.B.C. team will play the Omemee team. The team will be: Goal, Bell-Chem; backs, Kennedy, Main; halves, O'Brien, Donaldson, Weir; forwards, Todd, Graham, Mellmoyle, Shaw and Morrow.

CANADA FOUNDRY MEN QUIT WORK

Something Between a Strike and a Lockout.

Between Eighty and One Hundred Men not at Work—Men Satisfied With Rate of Wages but Object to Premium System and Individual Contract—They Want Collective Contract.

The following reference to a little difficulty between the Canada Foundry Company and a part of its employees is taken from the Toronto News. The Toronto Star says that Mr. J. W. Harkom, the superintendent of the works, does not consider that the affair would be a serious handicap to the company.

The News report says:—

At eleven o'clock this morning a strike was declared at the works of The Canada Foundry Company at the head of Lansdowne avenue on the outskirts of Toronto Junction. As far as can be ascertained between 80 and 100 men walked out at eleven o'clock. These were members of the International Machinists' Union and of the Amalgamated Society of Engineers, and were classified as machinists, blacksmiths, millwrights, brass workers, tool-makers and fitters. The strike was solely on two grounds of objection to the premium system and the individual contract.

The Conference.

During the early part of the morning the men held a conference with Mr. Harkom, the superintendent. About 11 o'clock this terminated and a minute or two afterwards men began to appear carrying boxes on their shoulders. One by one and two by two, as fast as each man could pack his tools they came out and massed about the door. Four city policemen—Inspector Johnson, Sergt. Mulhall and P. C.'s McMullan and Burns—had been detailed to do special duty. They were not needed. There was no disturbance.

When fifty men had gathered the crowd began to file past the pay wicket—for a notice had been posted by the company stating that all men who did not care to accede to the company's terms might make out their time and get paid in full.

Some Did not Take Pay.

They filed through past the pay wicket. Some men took their money. Others did not. By the time twenty men had reached the street, the strikers were all out. In groups of three and four they began to move homewards.

What They Want.

The men's business agent, in conversation with a reporter of The News, said the men were perfectly willing to join the non-union men in negotiating with the company to get the abolition of the premium system and the individual contract.

"What objection to the premium system?"

"That it's piecework and, therefore against the principle of unionism. It's been abolished in a great many works in both the States and England. I can't mention the names. It's wrong. One man makes himself a horse and beats out a weaker man. After a while even the horse caves in. What the union wants is a fair scale of pay for a fair day's work. We're not wanting to kill ourselves for a little extra pay."

"Are the men satisfied with the wages they are getting?"

"Perfectly, so far as I know."

"What objection to the individual contract?"

On this point the agent was not perfectly concise. He stated that union men would join with non-union men to get a collective contract.

"How many men are out?"

"I don't know."

"About 150," said one striker.

"Are these all union men?"

"I think nearly all."

"Did any union men sign contracts?"

"Certainly not."

"Are all the union men out?"

"Well, we can't tell until we count up."

About the Notice.

Speaking of a certain notice that had been posted, individual strikers declared that it was the result of demands made by the men from the company. The company then posted a notice implying that the men had asked for a closed shop and requesting all who did not care to accede to the company's answer to the committee to receive their pay in full. This notice was afterwards amended by the company at the instigation of the men—so that in its final form it did not imply a request for a closed shop, but simply the company's terms regarding the premium system and individual contracts.

Mr. Harkom, the superintendent, declined to discuss the affair, and referred the reporter to the head office, but Mr. Nichols being out of town, nobody could be found to give the company's version of the affair.

Admire Canadian Marble.

London, May 18.—Charles Allom has just returned from Canada, bringing with him a collection of specimens of rough marble, which range in hue from delicate mouse-grey to blood-red, with all possible shades of green and blue. The supply is from a mine in Hastings County.

Strikebreaker Shoots Boy.

Chicago, May 18.—Two colored strike breakers, James Ballinger and James Jones, and not them is believed to have fired a shot that resulted in the death of an 8-year-old school boy, Enoch Caldwell, were arrested yesterday. Both Ballinger and Jones admitted the firing.

UNIVERSITY GETS HALF MILLION.

Premier Whitney Explains His University Proposals.

SUBSCRIPTIONS PROMISED

Government's Grant to Be Expended on Several New Buildings—A Measure to Provide Annual Expenditure Promised for Next Session—Administration Changes—New Succession Duties.

Toronto, May 18.—For the immediate use of the University of Toronto—$465,000.

Next year a bill will be introduced to take funds from the succession duties revenues or some other Provincial resource to meet the annual requirements of the university.

These are the main features of Premier Whitney's speech in the Legislature yesterday in giving effect to one of his pre-election promises that he would put the finances of the university on a "sound, stable and permanent" footing. The first item embraces a scheme for supplying the immediate needs of the university. Briefly the Government will provide $465,000 by the sale of $30,000 annuities to run for 30 years at 3 1-2 or 4 per cent., producing a fund of approximately half a million dollars. This is the Government contribution towards the sum of $1,600,000 that will be raised in various ways. The scheme embraces:

Physics building .....$	225,000
Museum wing of science building	50,000
Convocation hall	150,000
Botany and forestry building	5,000
Women's residence....	15,000
Four men's residences..	160,000
Hospital	1,000,000

How the balance of the money not to be provided by the Government will be raised was explained by Mr. Whitney in detail.

Deprecated Partizan Spirit.

Hon. R. Harcourt deprecated the treatment of the question in a partisan spirit. He showed that the late Government had not been inattentive to the requirements of the university, and mentioned a number of instances in which the late Government had met the university needs in a liberal spirit. While admitting that the Government had taken a great step, he held that it was an automatic step resulting from the evolutionary policy previously laid down. He thought a better plan than earmarking the succession duties might be adopted.

The Premier's Statement.

Mr. Whitney, in introducing his bill, said he might well be excused if he deemed this a question beyond his power to deal with, having regard to the seriousness of the proposal. He was speaking for a body of 2,400 students, and 15,000 graduates, although there are only 12,000 graduates in the province to-day. Mr. Whitney rejoiced that he represented a majority of the Legislature, and he had the satisfaction of knowing that he represented the opinion of nine-tenths of the people of the Province. And more than that, "he is thrice armed who hath his quarrel just." It was not given to many public men," said Mr. Whitney, "to know that he represented such a large body of public opinion."

After giving a history of the university from its foundation in 1797 and the means adopted to finance it, the Premier gave the estimated receipts for the year as $168,087.39, and expenditures $214,177.83, leaving a deficit of $46,090.44. Besides the deficit there were three departments which the Government paid directly to and the whole amount paid by the Province for the year would be $94,103.67. He quoted the figures of several United States universities, showing the productive funds of Cornell to be over seven millions and Columbia over thirteen millions.

The Principal Laid Down.

The principle had been laid down by Sandfield Macdonald, the Premier went on, that no state aid be given to sectarian universities, and the result had been that the sectarian universities have been dependent upon the beneficence of private individuals, but it had been found to be the proper principle.

Mr. Whitney then arrived at the reasons which had led the Government to adopt this policy with reference to the university. It was the policy advocated by the Government when in opposition, that the finances of the university be put on a sound, stable and permanent footing by providing a stated amount each year for its support.

Speaking of the position of Queen's University, Mr. Whitney said the Government would do to it just what was right to do. The policy announced by the present Government before the election was endorsed by the people, and he proposed to carry out the pledges then made by means of the bill.

Mr. Whitney then outlined his scheme to place the university on a sound basis, showing the necessity for the tabulated expenditures above.

Where Money Will Come From.

It is recommended that, in order to provide the necessary, $465,000, the Government issue annuities payable once annually for the ensuing thirty years, for $30,000 per annum. These, if sold on a basis of 3 1-2 per cent. interest, would yield $551,760, or if sold on a basis of 4 per cent., the yield would be $518,760. This would allow for any difference between the estimated and actual expenditures.

The scheme Mr. Whitney said would put the university finances on a sound and stable basis and make good the promises made before the present party succeeded to power. By the next session the Government would decide what proportion of the revenue from succession dues or any other resource should be appropriated annually for the university.

Time For Change.

In respect to the management of the university there appeared to be considerable room for change. It was time that the little disputes were put an end to. He would not say whether the management were to blame for this or whether it was that the constant irritation born of the financial straits in which they had been kept was calculated to induce despair and trouble and care. As for himself Mr. Whitney declared that if he should be permitted to see the success of this scheme he would be glad to sing his political nunc dimittis and go back into the ranks proud of the opportunity he had had to take some part in this great work. He added that he had assurances that $250,000 would be given in aid of the university as soon as the bill was passed.

Mr. Harcourt's Remarks.

Mr. Harcourt did not propose to criticize the bill until he had read it line by line and even between the lines. Thos who loved the public schools must perforce assist the university because their efficiency depended on the welfare of the university. The same of the high schools and the technical schools. The old Government had been charged with not moving fast enough, and there were seven counts in the indictment. The future of the physics building was assured by the late Government, and $300,000 had been spent on the science building. Also, steps had been taken with regard to convocation hall, botany and forestry, and the women's residence. He believed that in a few years the number of women students would be doubled if they could be assured of home comforts.

Regarding men's residences the Premier had claimed a great deal of party credit, as if it was a question of earth-shaking importance. However, Mr. Harcourt was glad that a successful appeal had been made to private munificence.

Then, touching the hospital scheme, Mr. Harcourt said a deputation approached the Government last year, but had not formulated a plan. He defied anyone to point to a single word uttered by the old Government that was not friendly to the university. He had assumed a friendly attitude towards the university when it was not fashionable to be friendly to it.

Mr. Whitney replied that he had not attempted to take credit from the Opposition. As to the suggestion about the public school system the people knew what he had proposed.

Mr. Harcourt asked what the new annual charge would be.

For Annual Expense.

The Premier replied that next session he would propose to appropriate from some public resource a sum to be paid annually for the maintenance of the university. He had distinctly endeavored to avoid framing an indictment against the old Government, but if the Opposition wanted it he would accept the issue. If they wanted to take steps to place the university on a staple footing why didn't they? He proposed during the recess to take steps to change the administration of the university. It was perfectly unreasonable that the finances could not be conducted in a plain, business way.

The bill was read a first time.

New Succession Duties.

Col. Matheson's Duties Act amendment was discussed. It does not apply to estates under $10,000; to property devised for religious, charitable or educational purposes within the Province; to property willed to family where value does not exceed $50,000.

Over $50,000 and under $75,000, if property passes to family, 1 per cent.; $75,000 to $100,000, 2 per cent.; $100,000 to $150,000, 3 per cent.; $150,000 to $200,000, 4 per cent.; over $200,000, 5 per cent.

Where the property exceeds $100,000 and is bequeathed to members of the family, a further duty shall be paid.

Nothing contained shall render liable for duty any property bona fide transferred for a vlue substantially equivalent to the property transferred.

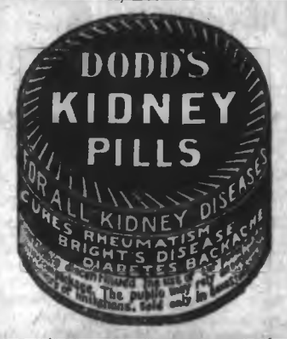
A number of bills were read a third time.

Ahead of the Printers.

Just before the House rose last night Mr. Ross asked if the Government would indicate when prorogation would take place, and what business would be taken up on the morrow, the supplementary estimates for instance. The Premier replied that it was not impossible that the House would get through on Friday, but they were ahead of the printers.

Auto Law Amendments.

The special committee appointed to consider automobile legislation met yesterday and prepared a report. These are the main features of the report: The figures indicating the number of the license shall be six inches deep and shall be placed on the front lamps and on the back of the machine. The license fee is to be increased from $2 to $5 and $10 for machines over ten-horse power. The owner shall be made responsible for violations of the act, whether he is driving or not, and the burden of proof of negligence shall fall on the owner. The speed limit will not be changed. Copies of the regulations, in sheet form, shall be sent to the township clerks and constables, to be posted in convenient places. The proposition in the Lennox bill, giving County Councils the right to regulate automobiles, was not endorsed. Donald Sutherland's idea of compelling auto drivers to stop 100 feet from a horse-drawn vehicle till the driver of the latter signals to go ahead, will be considered later.



WILL IT CURE ME?

That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her?

Is it a complicated case? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"I commenced taking your medicine, 'Favorite Prescription,' nearly a year ago for chronic inflammation of womb, and can truly say it is the only thing that ever did me any good," writes Mrs. L. C. Wagner, of 128 Edwin Street, Toronto, Ontario, Canada. "I could not walk any distance before using it. After taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty and am greatly benefited in general health. Would advise all suffering women to use Dr. Pierce's medicine."

Dr. Pierce's Pellets

These are the Original Little Liver Pills, first put up over 40 years ago, by old Dr. R. V. Pierce. They've been much imitated but never equalled. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. Permanently cured, too. By their mild and natural action, these little Pellets gently lead the system into natural ways again. Their influence lasts.

CATTLE MARKETS.

Cables Unchanged—Cattle Steady—Hogs Firmer at Buffalo.

London, May 17.—Cattle are quoted at 11c to 12½c per lb.; refrigerator beef, 9½c to 9⅝c per lb.; sheep, 13½c to 14½c per lb.

MONTREAL LIVE STOCK.

Montreal, May 17.—(Special.)—The receipts were 700 cattle, 50 milch cows, 300 sheep and lambs, 1000 calves and 1200 hogs. The butchers were out strong and trade was good, with no changes to note in prices. Prime beeves sold at 5¼c to 6c; pretty good, 4c to 5¼c; common stock, 2½c to 3¾c per lb.; milch cows sold at $25 to $55 each. A drover from Huntingdon sold 15 cows in one lot at $42 each. Calves sold at from $2 to $9 each, or 5c to 5½c per lb. Shippers paid 4c per lb. for good large sheep, and the butchers paid 3¼c to 4¼c per lb. for the others. Lambs sold at from $3.00 to $5.25 each. An easier feeling prevailed in the market for hogs, owing to more liberal supplies, and prices declined ¼c, with sales of selected lots at 6c to 7¼c, and mixed lots at 6¾c per lb.

EAST BUFFALO CATTLE MARKET.

East Buffalo, May 17.—Cattle—Receipts, light; active and steady; prices unchanged. Veals—Receipts, 400 head; active; $4.50 to $6.50.

Hogs—Receipts, 4 head; active; steady to 5c higher; heavy, $5.65 to $5.70; mixed, $5.70 to $5.75; yorkers, $5.70; pigs, $5.60; roughs, $4.75 to $5; stags, $3.25 to $3.75; dairies, $5.50 to $5.65, closing strong.

Sheep and Lambs—Receipts, 6000 head; active; sheep strong; lambs 10c higher; lambs, $4.60 to $6.75; a few $6.80; yearlings, $5.50 to $5.75; wethers, $5.25 to $5.40; a few, $5.50; ewes, $4.25 to $4.50; sheep, mixed, $2.50 to $4.75.

AUTONOMY BILL DEFERRED.

Rapid Progress Made With Measure in Committee—Amendments by Opposition May Be Consolidated.

Ottawa, May 17.—The early adjournment of the House last evening was brought about by the rapid progress made with the autonomy bill in committee. The educational and land clauses and sections dealing with distributions of constituencies in the new Provinces are the only portions of the bill upon which the committee have not passed.

An arrangement has been made between the Government and the Opposition to drop further consideration of the bill for the present and proceed with other business, and an intimation was made by the leader of the Opposition that delay now might facilitate progress, and it would perhaps allow a consolidation of the amendments which will be offered to the bill.

The financial clause provoked but little discussion, through Mr. Foster declining to take up the time of the House with them, being convinced the Government would adhere to their plans. Sir Wilfrid Laurier, when the exemption clauses were under discussion, suggested that Parliament would sooner or later have to take action to redress the grievance of the Northwest with reference to the exemption of the C. P. R. from taxation, but insisted that this was not the time to take such action.

Writ For North Oxford.

At the opening yesterday the Speaker announced that he had been notified of the vacancy in North Oxford, and had instructed the Clerk of the Crown in Chancery to issue a writ for the same.

Sir Wilfrid Laurier said he had been officially informed of the vacancy, and would make an early announcement as to the filling of the vacant portfolio. He also brought down the papers asked for by Mr. Borden relating to the contract for a wire fence along the southern boundary of the Northwest.

Mr. Monk inquired as to the Government's intentions respecting land grants asked for by recent deputation of veterans.

Sir Wilfrid Laurier said if the veterans of 1866 and 1870 had a claim against anybody it would be against the Dominion, and not the Provinces. The Government had not had time to give the matter much consideration, but he hoped to give an answer during the present session.

Mr. Borden presented the claims of the veterans of Ontario, which had been urged upon him.

Colds

How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

MORE HONOURS FOR FR. McGUIRE

Scholars of Separate School and Sacred Heart League Present Addresses.

Further Expressions of Regret at Popular Priest's Departure From Hastings.

Rev. Father McGuire, the esteemed pastor of Hastings, was tendered a reception by the teachers and pupils of the Separate School on Wednesday afternoon, the eve of his departure to take charge of the parish of Downeyville.

At the close the following address was read by one of the pupils, Master James McCarthy.

Rev. P. J. McGuire, P. P.
Hastings.

Rev. and Dear Father,—Sadly we assemble in our schoolroom to-day for the purpose of bidding farewell to our dearly beloved pastor.

You have been so closely associated with us throughout our school career that it is indeed hard for us to realize that we are about to lose our true friend and guide.

Any progress we have made during the past seven years we feel we owe, under God, to the unfailing vigilence with which you have guarded our spiritual and temporal welfare.

When we recall the deep interest you have taken in each and every one of us, the kindly words of encouragement you have never failed to give, the fatherly kindness and generosity you have ever shown us, we are tempted to envy the children of Downeyville to whom your care is now to be transferred.

We shall, indeed, be very lonely, dear Father, and fain would we ask you to remain with us, but you have too well instilled into our minds the duty of obedience to the voice of authority, and we must be silent.

We trust, however, dear Father, to still retain a share of your interest and hope that you will find frequent opportunities of cheering us by your visits to our schoolroom.

Be pleased, dear Father, to accept our simple offering, pure as the sentiments of reverence, gratitude and affection with which our hearts are filled.

That God may bless your efforts in the cause of religion and education in the future as in the past, will ever be the fervent prayer of the teachers and pupils of the Hastings Separate School.

Handsome bouquets of roses and lilies containing a number of gold coins were gracefully presented by two tiny tots, Marguerite Collins and Laura Walsh.

In reply Rev. Father McGuire expressed his regret in parting with the children in whom he had always been so deeply interested. He made touching reference to the manner in which they had endeared themselves to him by their cheerful obedience and respectful and affectionate demeanor, in the school, on the street or in the home. He congratulated the teachers on the excellent work being done in the school and exorted the pupils to continue to labour faithfully to lay the foundations of an education, which would make them intelligent and useful members of society.

On Wednesday evening, after the service of Benediction, the ladies of the Sacred Heart League waited upon Rev. Father McGuire and Miss Lizzie McCarthy, the secretary, read the following address:—

To the Rev. P. J. McGuire, Priest of the Parish of Hastings,—

Rev. and Dear Father,—It is with the deepest regret that we, the members of the Sacred Heart League, now come to bid you farewell on this sad occasion of your departure from our midst. Almost without warning you have been called away, to leave behind a vacancy that time cannot efface and in the hearts of your sorrowing people the remembrance of an association that we will always cherish to the end of our days.

For seven years you have laboured earnestly, zealously and indefatigably among us, and your cheerful disposition, great charity, fatherly kindness, and zeal for your church, have not been unnoticed by us. They have no limits to your energy. No pleasures, no society, could seduce it; no obstacles—neither violence of storms, nor inclemency of weather, nor difficulty of roads—overcome it. Our weaknesses, our deficiencies only added greater scope to your unerring efforts.

Can you, Father, around whom so many memories cling, you with whom we have been so truly happy, you who have been so near and dear to us, you who have been our counsellor, our guide, our support, you who have shares so unselfishly in our joys, our trials and our tribulations, can you wonder that at the prospect of your loss our hearts are heavy with sorrow?

Yet even in the extremity of our sorrow, we recognize the voice of authority which calls you away as the voice of God, and bowing submissively at its sound, we pray in recognition the prayer you have by word and example taught us so well to say, "God's will, not ours be done."

But before you go we desire to thank you from the bottom of our hearts for the great zeal you have displayed among us, for the great things that zeal has accomplished among us, for all your patience with us and all your kindness toward us. As a small token of our gratitude we beg you to accept this accompanying purse.

We desire, furthermore, Father, to assure you that you will remain always enshrined in our hearts and that those hearts will be frequently raised in prayer that God may bless you and all your undertakings. In return we beg your priestly blessing and an assurance that occasionally you will remember us in your prayers.

Signed on behalf of the Sacred Heart League,—Mrs. Foley, President; L. McCarthy, Secretary; R. McGrath, Treasurer.

The address was accompanied by a well-filled purse of gold, presented on behalf of the League by Mrs. Foley.

In reply Rev. Father McGuire said he found it difficult to find words to express his deep appreciation of the kindness shown him on all sides. Presentations had been made on behalf of the different societies, but none gave him greater pleasure than the beautiful address just read.

He reviewed at some length the good work done by the Sacred Heart League and spoke of their willingness, at all times, to assist him in church work. He urged upon them the necessity of perseverance and trusted that the League would continue to prosper in the parish of Hastings.

BIRTHS.

DONALDSON. — AT 100 LONDON street, on Tuesday, May 16th, 1905, to Mr. and Mrs. Arthur Donaldson, a daughter.

MARRIED

WATSON — HERKIMER. — At St. Luke's Church, on Wednesday, May 17, 1905, by the Rev. E. A. Langfeldt, M. A., rector, William John Watson, of Lakefield, to Mary Herkimer, of Buckhorn.

THE official tests by the Inland Revenue Department of the Canadian Government show the Royal to be a pure baking powder, superior to all others in leavening strength.

It therefore makes purer, more wholesome and economical food than any other baking powder or leavening agent.

Royal Baking Powder is more convenient for use than cream of tartar and soda and makes finer-flavored food.

ROYAL BAKING POWDER CO., NEW YORK.

THE ODDFELLOWS AT LAKEFIELD

Peterborough Members Assist in Instituting New Lodge

The New Officers—Visiting Brethren Assist in The Degrees.

(From Our Own Correspondent.)

Lakefield, May 18. — Last night a new Oddfellows' Lodge, was instituted here, and it will be known as Lakefield Lodge, No. 358. The institution of the Lodge, and the initiating ceremonies, were participated in by about seventy members of Otonabee and Peterborough Lodges, who came here by special train for the occasion.

The Lodge was organized by Mr. Blackley of Kingston, who has been in the village for some days for this purpose. He has been very successful and 27 new members were initiated, while a number of others will be transferred from other lodges.

The lodge being instituted, the election of officers was proceeded with, resulting as follows:

E. Kelly..... N.G.
Rev. T. W. Leggott..... P.G.
F. Burgess..... V.G.
Geo. Spence..... R.S.N.G.
W. Charlton..... L.S.N.G.
B. Kidd..... R.S.V.G.
A. Young..... L.S.V.G.
T. Z. Webster..... O.G.
F. E. Kline..... I.G.
W. Allen..... War.
O. S. Tanner..... Con.
C. Boyce..... Chap.
R. Chant..... Treas.
Rev. T. W. Leggott, P.G.... R.S.
Thos. Crawford..... R.S.S.
Claude Bravender..... L.S.S.
A. Bissell..... F.S.

The new officers were installed by D. D. G. M. Fry, of Norwood.

The initiatory and select degrees were exemplified by the degree team of Otonabee Lodge, and the first and third by Peterborough Lodge.

Between the first and second degrees refreshments were served by Mr. J. Z. Webster, and a number of short addresses were given by the visiting brethren.

The new Lodge starts out with good prospets and the membership will no doubt be very materially increased in the near future.

BEST YEAR IN CHURCH'S HISTORY

Adjourned Meeting of Park Street Baptist Held Last Night.

Minister Gets More Salary—Good Financial Condition—Other Business.

The adjourned annual business meeting of the Park Street Baptish Church was held last night and the attendance was even larger than the first session and a deep interest was manifested in the proceedings.

The pastor occupied the chair.

In the absence of the church clerk, the minutes were not read.

The first business was the reading of the church's letter to be presented to the association in June, by Deacon Gillespie, which represented a most successful year's work. Baptisms averaged one every alternate Sunday during the year.

The finances are in an excellent condition. The best report ever presented. It was never known in the history of the church for all liabilities to be met at the end of the year and a balance on hand as is the case to-day. A cause for profound gratitude. The pastor is just finishing his second year with over 60 added to the church roll, during his term and commencing the third year with an advance of one hundred dollars in salary and the new organ purchased and clear of debt with a neat balance on hand for the new church.

The resignation of the caretaker was, on motion, accepted.

The selection of a new caretaker was referred to the Trustees, who will report to the church.

A donation was voted to the Mission Board for free distribution of the Missionary Bulletin among the churches.

That the counsel to revise the church roll be the pastor, deacons and church clerk.

A scheme submitted by Deacon Gillespie to pay the debt on the old church building and burn the mortgage on the end of August was heartily endorsed.

Decided on motion that a supply of new Congregational Hymn Books shall be obtained at once for the use of the visitors at the Sunday evening services.

One of the most successful annual meetings closed with the Doxology and Benediction by the pastor.—Com.

CITY NEWS OF TO-DAY

—The Charlotte street choir will practice this evening.

—There will be no choir practice in St. John's this week.

—All Saints' Senior Girls' Guild will hold a lawn social on the rectory lawn during the first week of June.

METHODISTS IN DISTRICT MEETING

Ministerial Session Was Held This Morning.

Reports of the Year's Work Show a Gratifying Progress—Those Present.

This morning the annual meeting of the Peterborough District Methodist Church opened in the Charlotte street church. At 9.30 the Ministerial Session opened with the chairman of the District, Rev. W. J. Jolliffe, B.C.L., presiding. Those present were:—

Rev. Dr. Crothers, George street, town.
Rev. W. J. Jolliffe, B.C.L., Charlotte street, town.
Rev. J. G. Lewis, Mark street, town.
Rev. G. R. Clare, Millbrook.
Rev. H. B. Mountcer, Cavanville.
Rev. D. R. Clare, B.A., Cavan South.
Rev. John E. Robeson, Frazerville.
Rev. Walter T. Leggott, Lakefield.
Rev. Jno. W Bunner, Bridgenorth.
Rev. H. McQuade, Warsaw.
Rev. Dr. Marvin, Bethany.
Rev. N. D. Drew, Secretary of Conference, Pontypool.
Rev. Elwood Bowerman, Selwyn.
Rev. D. E. Johnston, Wesleyan Theological College.

The meeting opened with devotional exercises. Dr. Marvin was appointed secretary, and Mr. E. Bowerman assistant secretary.

Mr. D. E. Johnston, who has been on probation five years is recommended to be received in full connection with the Conference and ordained. He made the high average of 8.4 per cent. in class study and has done the greater part of his B. D. work.

Mr. C. S. Reddick, who has travelled five years is recommended to be continued on trial.

Mr. D. R. Clare, B.D., who has preached two years and who graduated in arts is recommended to be ordained. He made a very creditable showing in his examinations.

Rev. Elwood Bowerman, who has travelled three years is recommended to be continued on trial. He made a creditable showing.

Rev. Dr. Cade is recommended to be continued as superannated minister.

The meeting concluded with an interesting discussion on the work and prospects for the future.

This afternoon's session was a general business session when laymen were present and reports presented. Rev. W. J. Jolliffe, B.C.L., was in the chair.

The following are the names of the laymen in attendance at the afternoon session:

George street, D. W. Dumble, K.C., and R. E. Ackerman.
Charlotte street, J. L. Hughes.
Mark street, Thos. Johnson.
Millbrook, R. W. Clark.
Lakefield, John Hull.
Bridgenorth, W. C. Linster.
Pontypool, Eber Preston.
Cavan South, Fred Brown.
South Monaghan, Walter Fisher.
Warsaw, Paul Payne.
Bethany, Thos. Graham.
Wesley, S. Harrison.
Apsley, R. F. Williamson.
Cavanville, W. H. Staples.

Fit-Rite Clothing

Just a word about "FIT-RITE." It is a brand of Clothing made equal in fit and finish to the best custom-made tailoring. It is not only all the name implies but more—for its perfect fitting qualities, together with a conservative adherence to the season's very best models, assures to the wearer the satisfaction of knowing that his clothes not only "Fit-Rite" but ARE RIGHT in every particular. This brand, together with our already famous "SOVEREIGN BRAND" and the "NORTHWAY CLOTHING" make a combination of makes that enables us to satisfy the tastes and also the shapes of the most particular dressers. The price of these is exceedingly reasonable, quality considered.

A NEW BATTERY FOR PETERBOROUGH

One of Six New Military Organizations Will Be Established With Headquarters Here--24th Battery Will, With the 14th, Form 10th Brigade--Details of Infantry Formation --57th to be Composed of 8 Companies, 32 Officers, 33 Sergeants, 8 Buglers and 264 Rank and File—Important Militia Announcements.

Ottawa, May 19.--New establishments for the Canadian field artillery, heavy artillery and garrison artillery and cavalry were issued yesterday by the Militia Department. Field artillery will be organized in: (a) Batteries comprising two sections, of two subsections each: (b) brigades comprising three batteries and an ammunition column.

The organization of the following additional batteries is authorised, viz.: 18th Battery, in Nova Scotia; 19th, in St. John, N.B.; 20th, in militia district No. 7, Quebec; 21st, in Montreal; 22nd, in Eastern Townships; 23rd, in Ottawa; 24th, in Peterboro', Ont.

Those and the existing batteries will be organized into ten brigades as set forth in the following table:—

Brigade.	Battery.	Location.
1st	11th-16th	Guelph
2nd	4th	Hamilton
2nd	7th	St. Catharines
2nd	9th	Toronto
3rd	17th	Sydney, N.S.
3rd	18th	Nova Scotia
4th	10th	Woodstock, N.B.
4th	12th	Newcastle, N.B.
5th	1st	Quebec
5th	20th	Quebec
6th	3rd	Montreal
6th	21st	Montreal
7th	15th	Granby
7th	22nd	E. Townships
8th	2nd	Ottawa
8th	23rd	Ottawa
9th	5th	Kingston, Ont.
9th	8th	Gananoque
10th	14th	Cobourg
10th	24th	Peterboro'

An ammunition column is attached to each battery. The 6th, 13th and 19th batteries are unbrigaded. Additional batteries will be added as equipment becomes available, until all the brigades comprise three batteries and an ammunition column. The organization of the nucleus of an ammunition park is authorized, with headquarters in Montreal, Que. The ammunition park is a column which follows in the rear of an army with reserve supplies of ammunition. Each brigade of artillery has a column containing ammunition. The column as it gives ammunition to the batteries will be replenished from the park.

Infantry Details.

Details of infantry regiments are as follows:—2nd Regiment, 16 companies, 61 officers, 57 sergeants, 16 buglers, 832 rank and file: 30th Regiment, 16 companies, 38 officers, 39 sergeants, 10 buglers, 330 rank and file; 1st, 10th, 48th and 66th, each 3 companies, 32 officers, 33 sergeants, 8 buglers, 416 rank and file; 13th Regiment, 3 companies, 32 officers, 33 sergeants, 8 buglers, 320 rank and file; G. G. F. G., 3rd, 4th, 6th, 7th, 8th, 9th, 11th, 12th, 14th, 15th, 16th, 17th, 18th, 20th, 21st, 22nd, 23rd, 26th, 27th, 28th, 29th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 42nd, 43rd, 44th, 45th, 46th, 47th, 49th, 55th, 56th, 57th, 58th, 59th, 61st, 62nd, 63rd, 64th, 65th, 67th, 68th, 69th, 71st, 73rd, 74th, 75th, 77th, 82nd, 83rd, 86th, 87th, 89th, 90th, 91st, 93rd and 94th Regiments, 8 companies each, 32 officers, 33 sergeants, 8 buglers, 264 rank and file.

THE JAPANESE TO INVEST THE CITY

Commercial Agents Ordered Out of Vladivostock--Shadow of Coming Events--Similar Measure Was Adopted at Port Arthur Before the Fortress Was Besieged by the Japanese--Reported Firing Heard on Wednesday Attributed to Kamamura's Flying Squadron.

Washington, May 19.—Richard S. Greener, American commercial agent at Vladivostock, has cabled the American State Department that all the foreign commercial agents there have been asked to leave Vladivostock fortress, and are given permission to reside in the cities of the maritime provinces. Mr. Greener himself was just leaving Vladivostock for Haborogsk.

It is recalled here that a similar measure was adopted by the Russian authorities at Port Arthur at the beginning of the investment of that place by the Japanese land and sea forces, and hence it is assumed that Vladivostock is expected to become a centre of the seat of war very soon.

Heard Firing Wednesday.

Hue, Upper Cochin China, May 19.—A small steamer that arrived yesterday morning shortly after midnight, reports having heard heavy firing in the direction of the Paracels Islands Wednesday. The steamer early Wednesday morning sighted a navy squadron standing toward the Paracels from the east coast of Hainan Island. It was unable to determine the nationality of the ships, but it is believed the vessels belonged to Kamamura's flying squadron, and that they were moving against the Russian fleet. It is thought Admiral Rojestvensky's movements have betrayed to the Japanese an intent to advance on Formosa Straits by the inner Parcels passage, and that Vice-Admiral Togo is massing his strength to command the waters between those islands and Hainan. Kamamura's cruisers may have opened fire on Rojestvensky's scout ships.

Hunt Japs With a Camera.

St. Petersburg, May 19.—A recently invented apparatus for photographing panoramas of wide stretches of country by means of a camera suspended from a kite has been acquired by the War Office, and experiments and trials have been conducted in St. Petersburg for several weeks with such success that the general staff expects important results from its new panoramagraph squad in establishing Japanese positions and movements. The apparatus is said to be capable of photographing an area of thirty square miles.

With Oku's Army.

Gen. Oku's Headquarters, May 19.—The railway has been completed and is operating as far as Tieling, temporary bridges replacing those that were destroyed. Work is rapidly pushing north of Tieling, and material for permanent bridges is arriving from Japan. Thousands of junks are carrying supplies on the Liao River, between Newchwang and Tieling.

Provisions For Russ Fleet.

Hong Kong, May 19.—A special correspondent who recently proceeded from here to Kwangecheu Bay (Leichau Peninsula, north of the Island of Hainan), observed at 11 o'clock at night, May 16, 180 deeply laden junks, presumably loaded with provisions for the Russian fleet.

J. Sutcliffe & Sons.

OPINION OF MR. SISE.

Good Telephone Service Impossible If Small Lines Were Connected With Long Distance Lines.

Ottawa, May 19.—Rev. Father Jolleur, of St. Catherines, Quebec, who runs a 17-mile telephone line in Port Neuf County, was examined before the special committee on telephones yesterday. The poles were hauled by the farmers in the winter, free, and for this they got a frank for two years to send messages. There were fourteen subscribers. The line showed a revenue of $150 last year. The expense was $100. The line had interchanging privileges with the Bell Co.

Mr. C. F. Sise was again examined. Asked as to the evidence of Mr. Hoover in regard to his line in the County of York, he replied that he knew nothing about any difficulties that Mr. Hoover might have had with the Canadian Pacific. The superintendent, Mr. McFarlane, no doubt, could explain the matter. In answer to Mr. Chrysler, Mr. Sise said the railway companies got from the Bell unlimited use of their lines. He estimated that this gave the companies about $15,000 a year more than any return received.

Free Transportation.

In this he did not include the crossing of the bridges at Montreal, because they could not get out of Montreal without that. All the employes of the Bell got transportation over the railways when on business. They got no freight free. In regard to establishing farmers' lines, Mr. Sise said that the company had only a limited amount of money and had to place it where it would get the most revenue. In regard to connecting a variety of small lines with their long distance lines, he said that was a waste of time. A good service could not be maintained. He did not object to connecting with lines properly standardized. There were a greater number of places where the Bell gave connection to companies than where they refused.

They offered to give connection with a municipal system when it was proposed to establish one in Edmonton and to give all other assistance they required.

In reference to the Neepawa system, Mr. Sise said that the people of Neepawa were more favored than the Bell's regular subscribers, so there should not be any complaints there. He did not know local conditions there, but his policy would be to allow connection if the system was standardized.

Hon. J. M. Gibson Ill.

Hamilton, Ont., May 19.—Hon. J. M. Gibson has had another attack of nervous prostration, and is confined to his bed. He is said to be in a very weak state.

May Have Been Murdered

Parry Sound, May 18.—The body of Vincenzo Gutosso, an Italian, 16 years of age, one of a gang working on the James Bay Railway construction, was found in the bush near Falding, nine miles from here. Gutosso had been missing for about three weeks, and it was supposed had lost himself in the woods. An examination of the body revealed a bullet hole in the left side near the heart. A discharged gun, which evidently had been tampered with, was found near the body.

Last Honors to Remarkable Man.

New York, May 18.—The body of Hiram Cronk, who lived to be the last survivor of the war of 1812, was brought here yesterday and will be buried to-day, with full military honors. In the meantime the body lies in state in the City Hall. Accompanying the body were Mr. Cronk's three surviving sons and one daughter, Philander Cronk, 81 years old; William, 72 years old; John, 66 years old, and Mrs. Sarah Rawley, 71 years old.

Ontario Cattle For Africa.

Ottawa, May 18.—Thomas Bradshaw, live stock purchase agent for the Dominion Government, has secured from Ontario 50 head of young cows, all under four years old, and two bulls, for shipment to South Africa. The shipment is being made by the Dominion Government in an effort to secure the South African stock trade for Canada. They will be placed on the Government farms in the Orange River Colony, near Bloemfontein.

Cuba Wrecks Two Locks.

Thorold, May 18.—About 3 o'clock yesterday afternoon the steamer Cuba, bound up the new Welland Canal, carried away four gates of lock 21, draining two levels and doing considerable damage by flooding the adjoining farms. The canal officials expect to have repairs completed in two or three days.

To Penitentiary For 15 Years.

Owen Sound, May 18.—Wm. Eward, a farm laborer, was sentenced to 15 years' imprisonment in Kingston Penitentiary on a charge of criminal assault on the daughter of a farmer of Sarawak Township by whom he was employed.

Virginian's Fast Trip.

Montreal, May 18.—The turbiner Virginian has been reported by wireless telegraph off Cape Race, having accomplished the distance between Moville and Cape Race in four days, sixteen hours, establishing a new record.

MEMBERS AT THE STATE BALL

House Adjourns to Accept His Excellency's Invitation.

URGES ACT OF RETALIATION

As An Offset to the Act of Retaliation of New York State in the Exclusion of Canadian Fish—Misisquoi Bay Fishing Trouble Ventilated—The Postmaster at Thessalon.

Ottawa, May 19.—A desire on the part of members of the House to accept the invitation of his Excellency to the State ball at Rideau Hall resulted in the adjournment of the House at 6 o'clock last evening.

Another question of international magnitude in which Canadians are interested was given precedence yesterday. Mr. Demers of St. John and Iberville called the attention of the Government to the act of New York State Legislature forbidding the admission of Canadian-caught fish, which, he asserted, had been passed as a retaliatory measure, and asked that tolls be reimposed on the Chambly Canal against United States craft.

Hon. Mr. Prefontaine quoted instances to show the difficulty of getting along harmoniously with American fishermen but deprecated Mr. Demers' proposal for retaliation, in the hope that an amicable settlement would be arrived at.

The action of the Postmaster-General in reinstating the postmaster at Thessalon after he had been removed from his office formed the topic of discussion until adjournment. Sir Wm. Mulock stated that he had only done his duty, when he found an injustice had been done to an old official, to restore him to office. The question will come up again at a future date.

As a Convalescent Food.

Mr. Wyman N. Thomas, Ompah, Addington County, Ont., writes:—"My wife had congestion of the lungs along with other troubles, and became very weak and run down. By the use of Dr. Chase's Nerve Food she was made as strong and well as ever. Of course I had a doctor, but she was weak, and it was Dr. Chase's Nerve Food which built her up."

DELIGHTFUL TEA AND CONCERT

Under Auspices of the Daughters of England.

Anniversary of Lady Landsdowne Lodge was Celebrated—Good Musical Programme.

The tea and concert under the auspices of Lady Landsdowne Lodge Daughters of England, held in the S. O.E. Hall last evening, to celebrate the anniversary of that lodge, proved to be, as was anticipated, one of the most successful of its kind ever held. Tea was served from 5.30 to 8 o'clock, and after full justice had been done the tempting viands provided through the bounty of the ladies of this flourishing lodge, a delightful programme was rendered, Rev. A. H. Brace acting as chairman for the evening. He made a few appropriate remarks before calling on the first number, and referred to the success of the society and the good work it was doing. Financially it was in good condition. The receipts were for the year, $236.11; the expenditures being $169.50, leaving a balance of $65.51 in the treasury.

The first number on the programme was a piano and violin duet, Bluemen lied (Flower Song), by Lange, Opus. 39, given by Messrs. Ramsey and Butler. Though of some technical difficulty, it was given with excellency of execution and was of good tonal quality, and was much enjoyed by the audience. "Over the Waves" was given as an encore and was also much appreciated. These gentlemen are indeed a most valuable addition to the musical talent of the city.

The next number was a recitation by Miss Edna Boys, "Asleep at the Switch." This was rendered in true, artistic manner and the elocutionist showed great ability.

One of the features of the evening was a song by Miss Long, entitled "Which Way Did the Angels Go?" This youthful soloist showed marked ability, and has an unusually strong, yet sweet voice.

The next number was a comic song by W. Coleman, given in costume and created great amusement especially among the younger portion of the audience.

Next on the programme was a solo by Mrs. W. H. Reid, and was one of the most enjoyable features of the night's entertainment. She responded very gracefully to an encore.

Another instrumental duet by Messrs. Ramsey and Butler, a medley, and was much enjoyed. For the encore a Scottish selection was given on the violin imitating the bagpipes and was much enjoyed.

The next number was a song by Miss Long, who again delighted every body by her singing.

A rainbow drill and tableau by fifteen young ladies was one of the successes of the evening, their beautiful dresses and good acting being thoroughly enjoyed.

The first number of the second part of the programme was another violin and piano duet by Mr. Ramsey and Mr. Butler. The selection was "Killarney," and this beautiful composition was very ably rendered. Miss Edna Boys contributed the next number which was applauded most heartily. A solo by Miss Anderson, "Fishing" was given in excellent voice and with a most pleasing manner. A comic selection by W. Coleman followed and created considerable amusement. He was recalled several times and certainly made a hit with the audience.

The last number was a solo by Mrs. W. H. Reid and was given on a most pleasing manner.

God Save the King brought to a conclusion one of the most enjoyable concerts of the season, and everyone went away thoroughly pleased with the evening's entertainment.

Struck By a Train.

Toronto, May 18.—The body of Hannah Darley, 76 years of age, was found on Tiverton avenue, near the G. T. R. tracks, early yesterday morning. Apparently she had been struck by a train the previous evening, as she had not been at her home, 440 Logan avenue, since 8.15 p. m. Wednesday.

Palpitation of the Heart—Nervous Prostration—Cured by Milburn's Heart and Nerve Pills.

They make weak hearts strong. They make shaky nerves firm.

Mr. Ray V. Cormier had a very trying experience while at College; but, thanks to Milburn's Heart and Nerve Pills, he has been restored to health. He tells his experience in the following letter to us:—

"Wellington Station, P.E.I., Dec. 3rd, 1903.

"Messrs. The T. Milburn Co., Limited,

"Toronto, Ontario.

"Gentlemen,—Having been cured of a very troublesome disease, I feel it my duty to write you a few lines. I was troubled with a very great palpitation of the heart and nervous prostration. I was attacked with it at College, and could not follow up the games of the University without being overcome with fatigue. I could not descend the stairs without resting half-way. I have left College, and am working in a general store, where I found your famous pills. I used three boxes, and am now completely cured; I cannot thank you enough. You may use this letter for the purpose of benefiting anyone who is suffering as I did. My home is in Sackville, N.B., but at present I am on Prince Edward Island.

"I remain, dear sirs, RAY V. CORMIER."

Milburn's Heart and Nerve Pills, 50 cts. per box, or 3 boxes for $1.25. All dealers, or mailed on receipt of price.

THE T. MILBURN CO., LIMITED, TORONTO, ONTARIO.

DENIAL FUND A GREAT SUCCESS

Salvation Army Raised Over $200 More Than Amount Aimed At.

Names of the Collectors and the Amounts Raised by Them.

Last night in the S. A. Barracks, the meeting to receive the reports of the collections in the special Self Denial effort recently conducted was held, and the results announced were most satisfactory.

The Corps made a target of $340, as the sum which they wished to raise, and when it was announced that the total amount raised was $589.40, there was great rejoicing. Three brigades had been formed to do the collecting, the Senior, Junior and Board Brigades, and at the meeting last night, the head of each brigade reported the amount that had been secured by his staff of collectors.

Brigadier Turner of Montreal, was present at the meeting and complimented the corps upon the splendid success of the self denial effort. It was more Xthan $200 larger than any previous Self Denial Fund had totalled.

It was explained that of the amount raised two-thirds goes to foreign and the balance to home missions, the administration of the fund being done by headquarters.

The local officers wish to express their gratitude to the friends of the Army who have kindly contributed to the fund.

The sums raised by the different brigades are as follows:—

Total raised by Senior Brigade	$152 15
Total raised by Junior Brigade	183 75
Total raised by Band Brigade	253 50
Grand total	$589 40

The names of the collectors in the three brigades, with the amounts collected by them are as follows:—

The amounts raised by the Band by playing on the street do not show in a lump sum as it was divided up each night among the Bandsmen present and marked on their collecting cards.

The names of the contributors to the fund of $1.00 and upwards will be published to-morrow.

THE DISCOVERER

Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's Ills.

No other female medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends as has

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, all Ovarian Troubles, Inflammation and Ulceration, Falling and Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Leucorrhœa than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development.

Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yield to it. Womb troubles, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system, and is as harmless as water.

It quickly removes that Bearing-down Feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, Faintness, sleeplessness, flatulency, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures. Kidney Complaints and Backache, of either sex, the Vegetable Compound always cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

ALCOHOL A REAL POISON

So It Is Emphatically Declared by Sir Frederick Treves

Not an Appetizer and Hinders Digestion—Soldiers Who Were Drinkers Fell Out on the March to Ladysmith — Use Diminishing Among Hard Workers.

London, May 17.—The Daily Express publishes the following:—It is useless for alcohol to go to Sir Frederick Treves for a character. He said the following hard things about it at a meeting of the Church of England Temperance Society at the Church House, Westminster: — It is distinctly a poison, and the lamentation of its use should be as strict as that of any other kind of poison. It is, moreover, an insidious poison, producing effects for which the only antidote is alcohol again. It is not an appetizer, and even in small quantities it hinders digestion.

Its stimulating effect only lasts for a moment, and after it has passed the capacity for work falls enormously. It brings up the reserve forces of the body and throws them into action, with the result that when they are used up there is nothing to fall back upon. On the march to Ladysmith the soldiers who were drinkers fell out as though they were labelled. The use of alcohol is inconsistent with work which requires quick, keen, and alert judgment.

Sir Frederick said that the use of alcohol is emphatically diminishing in hospital practice and among professional men who work hard during the day.

THE BRIDE WAS RELATED HERE

Miss Mary E. Powell is Niece of Mr. G. W. Powell

The marriage of Miss Mercy E. Powell, B.A., daughter of Dr. N. A. Powell of College street, to Mr. Edward Allister McCulloch, B.A., was solemnized last evening in the chapel of Victoria College at 8 o'clock. The chapel was very prettily decorated with palms, and Mr. Chase, Orillia, gave some delightful music on the fine organ. The bride was given away by her father, and wore a lovely dress of pearl white silk crepe de chene, with garniture of sequin lace and transparent yoke; a veil of silk tulle was arranged on a small wreath of orange blossoms, and a bouquet of bride's roses was carried. The ornaments worn were a handsome gold locket with a diamond centre, and delicate chain, and a pearl necklet, the gift of her aunt, Mrs. Payne of Colborne. The bridesmaid, Miss Claire Woodworth, wore a pretty dress of pale tan crepe de linen, with embroidery of turquoise blue silk, becoming white lace hat with touch of blue; her flowers were pink roses. Two little flower girls, Miss Marion Powell and Miss Evelyn Deroche, were in picture frocks of white silk and lace, and carried sweet peas. The Rev. Dr. McCulloch, father of the bridegroom, assisted by the Rev. Chancellor Burwash, conducted the ceremony. Dr. P. P. McCulloch was the best man, the ushers being Mr. A. Henderson and Mr. McG. Johnston. After the ceremony a reception was held at the residence of the bride's parents, and later Mr. and Mrs. McCulloch left for the north, the going-away dress being of soft fawn covert cloth, with a becoming toque to correspond.—Globe.

The bride is a niece of Mr. Geo. W. Powell, of town.

MR. S. PROPHET'S FATHER DEAD

Mr. Silas Prophet Passed Away at Atherly.

The Orillia Packet of this week, has the following account of the death of Mr. Silas Prophet, father of Mr. Samuel Prophet of town, who has been at Atherly, attending his father's funeral:—

"After an illness of two years, for the last three months of which he was confined to bed, Mr. Silas Prophet passed away on Sunday. Consumption was responsible for his death. Deceased was born in Cornwall, England, on the 27th of September, 1841, and was the eldest son of William Prophet. He came to Canada about thirty-nine years ago, and settled in Mariposa, where his parents joined him a year later. After a short residence there he removed to Mara, settling first at Brechin, and afterwards (thirty-nine years ago) at Atherley. He was married on the same day as King Edward, March 10th, 1863, to Miss Elizabeth Thomas, who survives him, with a family of seven sons and six daughters. The sons are, Samuel, of Peterborough; William, of Agincourt; John, Fred and Edwin, of Atherley; James and Solomon, who live on the homestead. The daughters are Mrs. E. Brown, of Atherley; Mrs. Richard Eastcott, of Carden; Mrs. Neil McDonald, of Mara; Mrs. Frank Gifford, of Niagara Falls, New York and Misses Julia and Maria, who reside at home. Mr. Prophet was a staunch Conservative. He was a Trustee and faithful member of the Atherley Methodist Church. The funeral was held on Tuesday, the Rev. F. Woodger conducted the services.

Croup Absolutely Cured.

"There is no remedy in my opinion that can act more promptly than Dr. Chase's Syrup of Linseed and Turpentine. It cured my son of croup, absolutely, in one night. We gave him in a dose when he was black in the face with choking. It gave him instant relief and cure."—Mr. Wm. McGee, 49 Wright Ave., Toronto, Ont.

WERE WEDDED IN ST. MICHAEL'S

Miss Kate Healy Married to Mr. J. J Lynch.

In St. Martin's Cathedral, Toronto, on Tuesday, May 16th, the wedding of Miss Kate Healey, formerly of Peterborough, and Norwood, to Mr. J. J. Lynch, of North Dakota. Mr. and Mrs. Lynch after the ceremony, left for North Dakota, where they will in future reside. The bride is well known in town and her many friends here join in wishing her future happiness and success.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

"DEVIL'S ELBOW" TO BE AMPUTATED

Dredge "Trent" will be Taken to Keene at Once.

Will be Dismantled Sufficiently to Allow Her to Pass Under Hunter St. and C. P. R. Bridges.

The dredge "Trent" owned by the Department of Railways and Canals has been loaned to the Department of Public Works for the purpose of doing some dredging in Indian River, near Keene.

It is the intention to have the channel straightened by cutting across what is known as the "Devil's Elbow." The appropriation for this work was placed in the estimates at the last session of Parliament, but the dredges having been engaged in other work, have been unable to proceed with this work before the present date.

The "Trent" was last working above Hunter street Bridge at Peterborough, and she will likely return to that point, sometime during the summer. She is being dismantled sufficiently to permit of her being taken under the Hunter and C.P.R. bridges.

Office Hours—11 to 12.
Children for adoption.
Information requested. The information's always kept strictly private.
GEO. COCHRANE, Agent.

COMMISSIONERS ISSUE LETTER

East Peterborough License Board Gives Rigid Instructions.

Will Cutt off Licenses First of Those Lax in Law Observance.

The Board of License Commissioners of East Peterborough has issued a letter to the Licensed Victuallers of that riding. The letter says:—

"Having been honoured by the Government with the appointment of License Commissioners for East Peterborough, we take this opportunity of addressing you, asking for your co-operation in the enforcement of the Liquor License Act.

It is the policy, as laid down by the Government, that the law shall be enforced, therefore, our duty is clear, and we have instructed the Inspector to see that the will of the Government is carried out. This we consider reasonable, for on several occasions the people have voted for a prohibitory measure and not having received it, are entitled to a strict enforcement of the existing laws. Also to the licensee who observes the law it is but fair that his competitors do likewise. And it is our opinion that a rigid enforcement and observances of the present statutes together with any amendments that may from time to time, be made, would meet to a certain extent the demand for a prohibitory law, thereby leaving you in peaceful possession of your business for time to come.

If for any reason it becomes expedient to reduce the number of licenses in East Peterborough, the men who are the most lax in the observance of the law, shall be the ones cut off. Such offences as supplying liquor to minors, to men already intoxicated, to Indians, and selling during prohibited hours, will be breaches of the law that should disqualify a man for a renewal of his license.

We would also suggest the strict observance of keeping the hotel premises in a good sanitary condition; the providing of sufficient accomodation for the travelling public; keeping the bar room free from seating accomodation, so as to discourage loafing; the adulteration of liquor that is kept for sale by any poisonous drugs; prohibiting loafing and the use of profane or obscene language around the hotel premises.

The License Inspector is instructed to carry out the above. Failure to do so on his part will lead to dismissal.

Trusting that you will do your duty as faithful observers of the act.

Yours faithfully,
(Signed) JOHN ROSE,
JOSEPH KNOX,
JOSHUA SMITHSON,
Commissioners.

State of Ohio, City of Toledo, Lucas County.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.
Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.
(Seal) A. W. GLEASON, Notary Public.

Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

SUCCESS OF A FORMER PASTOR

Rev. D. O. Crossley Leaving Bowmanville Gives Good Report.

At the meeting of the official Board of the Methodist Church Friday night, Rev. D. O. Crossley, who is closing a three years' pastorate here next month having been invited to Whitby, presented his report, from which we take a few figures. Since coming here he has made over 1,800 pastoral visits and held prayer in the homes of his people, attended 61 funerals. He has received into membership, by letter 43, on profession of faith 122, making a total of 174. During the past ecclesiastical year 12 have been admitted by letter and 80 on profession of faith total 92. Died during the year 26, removed by letter 19, without certificate 17—total 62. Increase of members 41. Present membership 410.—Bowmanville Statesman.

YOU NEED THE OTHER

Ozone is a germ killer and a valuable remedy, but to get the best results from it you must have a tonic laxative to take with it. "Solution of Ozone (the coupon kind)" is the purest and best form in which Ozone is sold. Every bottle of this remedy contains a coupon which entitles you to a package of "Celery King" the well known remedy, free.

In buying this solution, you get about twice as much Ozone for your money as by buying other brands, in addition to getting a package of "Celery King" for nothing. You thus save money in two ways besides getting Ozone in its purest and most concentrated form.

Ask your druggist for "Solution of Ozone (the coupon kind)" and if he does not keep it you can get it from the Public Drug Co., Bridgeburg, Ont., by writing for it. Sold by W. B. WARNE, Druggist. 5

REPRESENTATIVES TO CONFERENCE

Were Appointed at District Meeting Yesterday.

The Committees at Methodist Conference—Church Reports Progress.

The annual district meeting of Peterborough district of the Methodist Church, was concluded with a session yesterday afternoon. Rev. W. J. Jolliffe presiding. Rev. H. V. Mounteer, of Cavanville, was elected journal secretary, and Rev. G. R. Clare, of Millbrook, was elected statistical secretary.

The young men recommended to college were Elwood Bowerman and C. S. Reddick.

A number of churches and parsonages reported as to improvements in property. Some showed that considerable advance had been made.

The laymen appointed to go to the annual conference which is to be held in Picton, commencing Tuesday, May 30th, are as follows:—D. W. Dumble, George Street; J. C. Hughes, Charlotte Street; T. Johnston, Mark Street; R. W. Clark, Millbrook; W. H. Staples, Cavanville; R. J. Strong, J. B. Foster, J. Hull, Lakefield; W. C. Linster, Bridgenorth; T. R. Graham, S. Harrison, Bethany; R. T. Williamson, Apsley and R. Meacham, Warsaw.

Rev. Henry McQuade of Warsaw, was elected as representative of the district upon the Stationing Committee and Rev. H. V. Mounteer, of Cavanville, as a reserve for the same office.

The representation on the different committees was:—

Sunday School Committee—Rev. J. G. Lewis B. A., Mark street and R. W. Clarke, Millbrook.

Epworth League—Rev. G. R. Clare, Clare, Millbrook and D. W. Dumble, George Street.

Contingent Funds—Rev. T. W. Leggott and John R. Hull, Lakefield.

Sustentation Fund—Rev. N. D. Drew, Pontypool and W. H. Staples, Cavanville.

Temperance, Prohibition and Moral Reform—Rev. John E. Robeson, Fraserville and J. L. Hughes, Charlotte Street.

Memorials and Miscellaneous Resolutions—Rev. Dr. Marvin, Bethany, and T. R. Graham, Bethany.

Sabbath Observance—Rev. John W. Bunner, Bridgenorth and Thomas Johnston, Mark Street.

Church Property—Rev. John E. Robeson, Fraserville and D. W. Dumble, George Street.

State of Work—Rev. Dr. Crothers and J. B. Foster, Warsaw.

Reports were received from the Circuits, Sunday Schools and Young People's Societies, all of which indicate that the finances of the church are in good condition. The General Mission Fund in particular shows a marked increase, the amount being over $200 in advance of that of last year.

The next annual meeting of the district will be held in Millbrook and the financial meeting will take place in Lakefield early in the fall.

TO IMPROVE CHEESE QUALITY

Additional Rules Adopted by Campbellford Board

May Also be Enforced by Peterboro' Cheese Board.

The Campbellford Cheese Board at its first meeting for the season adopted some additional rules, and it is probable that similar rules will be adopted by the Peterborough Board. They are as follows:—

Every shareholder or patron supplying milk to a cheese factory selling cheese on the Campbellford Board will be governed by the following rules:—

1.—Only milk from cows in good health will be received.

2.—All vessels used in handling milk shall be thoroughly cleaned and scalded after their use.

3.—Tin pails and milk cans in good, bright condition only shall be used.

4.—The milking shall be done in a clean, suitable place where the surrounding air is pure.

5.—The milk shall be thoroughly strained, aerated and cooled immediately after milking, to at least 65 degrees F., in a suitable place where no odors arise, and placed in clean cans free from rust.

6.—The milk shall be kept in a suitable stand protected from sun and rain, and in a convenient place for the approach of the milk wagon. Such stand not to be within fifty feet of any whey barrel, swill tub, or within one hundred feet of any pig pen, manure pile, cheese factory, or anything that will be liable to taint the milk.

7.—The whey tanks at each factory shall be thoroughly cleaned and scalded each day by a regular man supplied by the patrons, and that the cheese makers keep the factory and utensils in a clean, sweet condition, and every door and window of the make room be supplied with screens and allowed free ventilation over night in warm weather.

8.—Every factory shall have proper drainage subject to approval of the instructor of this syndicate.

9.—We hereby authorize the instructor of this syndicate to enforce above rules to the letter, and that every cheese factory selling cheese on this board procure copies of same and present to each patron supplying milk to their factory.

Stricken in Parliament.

London, May 19.—William O'Dougherty, Nationalist member of Parliament for the North Division of Donegal, was suddenly stricken with paralysis in the House of Commons yesterday afternoon and died later in the day. Mr. O'Dougherty was writing at the time, and apparently was in his usual health. He was born in 1854.

THOUSANDS GO ACROSS BORDER

United States Losing Many of Best Citizens to Canada.

Liberal Land Laws the Cause—All Emigrants Have Capital While the Immgrants Arriving in the United States are Practically Penniless.

(Special to the Rochester Post Express.)

Washington, May 15. — The subject of emigration from the United States will probably occupy almost as much attention in Congress next winter as will the subject of immigration to this country.

It has been customary to laugh at the fears expressed by some of the Western statesmen to the effect that there is danger of a large emigration from the farming regions of the West to the fertile virgin plains of Western Canada. And yet the latest statistics issued by the Canadian Minister of the Interior, indicate that the Dominion is drawing practically 40 per cent of its new citizens from the United States.

In 1898 the total number of immigrants arriving in Canada was 31,900. Of these 21,618 came to the Dominion from England, Ireland, Scotland and Wales, while, 9,119 were from the United States. In 1903 the total immigration to Canada was 128,364, and of this number 49,473 went from the United States.

Such men as Senator Kenyon, of North Dakota, Senator Dietrich, of Nebraska, and Senator Nelson, of Minneapolis, have repeatedly pointed out that the Western States are losing thousands of their best citizens, who are attracted to the Canadian Northwestern provinces, especially to Manitoba, British Columbia, Assiniboia, Alberta and Saskatchewan, through the liberal land laws and the tariff concessions which the Dominion authorities have so widely made.

Scarcely an American leaves the United States to make a home for himself in Canada, who is not fairly provided with capital. These emigrants are the bone and sinew of the country in which they locate. They are the men who literally make the wilderness productive, and who create material prosperity not alone for themselves but for the community in which they locate also.

It is safe to say that from a financial standpoint the American emigrant is worth a hundred times as much as the average immigrant now being unloaded upon the shores of the United States at the rate of 2,000 or more a day. Some one has aptly said that the United States is exchanging its best citizens from the Western States for a mob of organ grinders, bootblacks and peanut peddlers, who are flooding the cities of the East, and the latest report of Clifton Sifton, Canadian Minister of the Interior, seems to prove the correctness of the first part of this assertion, at least.

PERSONALLY CONDUCTED TOUR

To California and Lewis and Clarke Exposition, Portland, Oregon.

A personally conducted excursion to the Pacific Coast via The Grand Trunk Railway System and connecting lines, leaves Quebec July 5th, and Montreal and Toronto July 6th. The route will be via Chicago, and thence through Council Bluffs to Omaha, Denver and Cororado Springs. Stops will be made at each of these places, and side trips taken to Manitou, Cripple Creek, Garden of the Gods, etc. From there the party will continue through the famous scenic route of the Denver and Rio Grande, through the Royal Gorge, to Salt Lake City, thence to Los Angeles, San Francisco, Mount Shasta, Portland, Oregon, Seattle Spokane, and home through St. Paul and Minneapolis. The trip will occupy about thirty days, ten days being spent on the Pacific Coast.

The price for the round trip, including railroad fare, Pullman tourist sleeping cars, all meals in the dining car, hotels, side trips, etc., is $165.00 from Quebec, or $160.50 from Montreal, and $150.00 from Toronto. This first trip is designed as a vacation trip for teachers, although many who are not teachers will improve the opportunity of taking the trip at the remarkably low price afforded.

For full particulars, address E. C. Bowler, General Agent and Conductor, Room 398, Union Station, Toronto. 9d

Murder is the Verdict.

Arnprior, May 19.—The jury on the Italian murder case heard evidence Tuesday night and came to the verdict that Lorus Casare came to his death by a knife or some sharp instrument in the hands of D. El Castro. The father of Casare is on the ocean coming to this country.

GROWING UP
